Two sunny days with temps in the mid 70's, we completed eight competitive races. Bill Fastiggi, Suzy Coburn and Lauren Flarherty topped the fleet of 13 boats from Vermont, New Hampshire, Massachusetts and Rhode Island.

Saturdays fifth race featured puffs near 30! Two capsizes and one broken mast followed by "Kika Juice" and a Bove's Lasagna dinner back at the club.

Sunday featured 30-degree wind shifts and a number of come from behind and first to last stories.

The fleet was reminded of the Leaf Peeper Regatta October 1-2. We expect Kika will be there with a bag of limes brewing up more "Kika Juice". Heck, we may even get in a few races! We believe we are the premier place to sail in New England and after you've been *"witness"* to several glasses of "Kika Juice" you will understand that brass statement and make Malletts Bay one of your *"Don't Miss"* stops.
