GREAT SAILS. MORE FUN!

Blast reaching, surfing on a run and crossing the finish line ahead of the fleet are just a few of the thrills of Lightning racing. When you're sailing in a competitive class, and racing your best, it's great fun both on and off the race course.

Your overall racing performance depends on a teamwork approach; good boat handling, a well-tuned boat, and great sails. At North Sails, we provide you with the fastest sails on the race course. North Lightning sails are designed by top sailors committed to producing winning designs—look for our new 5A jib this spring!

Congratulations to the winners of 1988. We look forward to another year of Great Sails & Lightning Fast Fun in '89!

Call any of our North Lightning sailors for information on tuning and sails.

From the Editor —

The theme of the 1989 Year Book is the "Celebration of the 50th" and we have attempted to illustrate how the members of the Lightning Class celebrated on the international, national, local and even the private level to make it a memorable anniversary.

We had a record of 453 pictures submitted for publication in the Year Book. However due to budget limitations, we regret we could only publish a small number of representative pictures.

Keep the cameras ready and remember to submit your pictures early for publication in the 1990 Year Book.

DEDICATION

As we begin the next 50 years of the Lightning Class, many of us have reflected on the fun and enjoyment of sailing and competing in the Lightning Class and One-Design Sailing in general.

Fortunately, for those of us who participate, many other dedicated people and organizations go far beyond the ordinary to host and run the many regattas we all attend.

This past year, the 50th Anniversary Regatta and the North American Championships were striking examples of superb efforts by individuals and organizations. Therefore, with extreme gratitude, the 1989 Year Book is dedicated to the Skaneateles Country Club and the Mission Bay Yacht Club, and all the other Clubs and organizations that do so much for our Class and the sport.

Beautiful Skaneateles Country Club welcomes home the Lightnings.

A warm California welcome for the Lightnings at Mission Bay Yacht Club.

PRESIDENT'S MESSAGE

The Year Book arrival is a signal that the sailing season is not far away. As we start our next 50 years thanks to all those who have worked so hard during the year. Our Year Book is well entrenched and an enduring symbol of the strength of the Lightning Class.

The Lightning provides us a splendid combination of competition, relaxation and flat out fun. The Year Book pulls all these aspects together and leaves us with an annual memento of the past year's events.

Special thanks to Editor Judy Walker, who for the second time has produced a memorable book, Donna and her staff, who have set the standards for the administrative function of One Design Organizations and all those individuals who have contributed and helped put this year's book together.

Our 50th year was a memorable one. With the momentum we have going, the future is very bright. See you on the water!

A handwritten signature in black ink that reads "Bob Wardwell". The signature is fluid and cursive, with the first name "Bob" written in a larger, more prominent script than the last name "Wardwell".

Robert C. Wardwell, President
International Lightning Class Association

Officers of the International Lightning Class Association

PRESIDENT — Robert C. Wardwell

Bob first sailed Lightnings as a youngster at Henderson Harbor, New York and started serious racing in 1973 at the Fairhope Yacht Club while living in Daphne, Alabama.

Several career changes have moved the Wardwells to several different Lightning Districts including the Dixie District where they now sail, residing in Richmond, Virginia.

Bob's wife Carol sailed with him for several years before being replaced by daughter Christy who has now been replaced by son Robby. It won't be long before son Charlie is ready.

Bob served as Assistant Measurer for three years and Chief Measurer for two years before becoming President.

When not sailing, Bob is Director of Business Development for James River Paper Corp.

CHIEF MEASURER — Carl Clipp

Carl started racing Lightnings in 1974 at Leatherlips Yacht Club on a skinny little river in Columbus, Ohio. Carl and his wife Charita have since gone thru five Lightnings and two vans travelling around Ohio and the Midwest.

He has served as both Secretary and Fleet Captain for Fleet 27; Secretary and District Commodore of the Ohio District, and Vice President and Year Book Editor for the I.L.C.A. This year he is serving as Co-Chairman for the 1989 North Americans to be held at North Cape Yacht Club.

Carl's current hobbies, aside from sailing, include acting as the Vice President of Henderson Aerial Surveys.

TREASURER — Fisk Hayden

Fisk started sailing the Family Lightning 1906 on Sodus Bay (New York) in 1946 and sailed his first North Americans (International Championship) in 1955 in New Orleans.

After many years of active Lightning sailing in the Central New York District, he moved to Central Florida where he has served as Florida District Commodore and Class Vice-President in addition to serving as Southern Circuit Chairman. He is currently Secretary of Fleet 461, Lake Eustis, Florida. He resides in Fern Park, Florida with wife Jean, and daughter Susan.

His son Steve is an active Lightning sailor and a member of the Florida State University Sailing Team.

Fisk is Administrative Director of Food and Nutrition Services at Orlando Regional Medical Center.

SECRETARY — Jack Tibbs

Jack has been a member of ILCA since 1967 and during that period has sailed ten Lightnings, currently 14301.

He has served Fleet 31 as both Secretary, and Fleet Captain, the Michigan District as Secretary and District Commodore, and as Vice President and Year Book Editor for ILCA. He was Commodore of Devils Lake Yacht Club and is currently the Executive Secretary of that club.

The Tibbs family have all been involved in Lightning activity, Joe, Beth and Jane have all crewed and tried their hand skippering. Chris is involved as the Race Committee at DLYC.

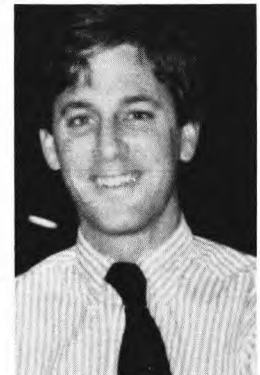

Jack is the owner of Tibbs Bros. Inc., a supermarket at Devils Lake.

THE CHAMPIONS

The first National Championships were held when the first boat was publicly less than eight months old. Nineteen boats participated, John Barnes won with three firsts.

In 1945, the Championship was renamed International; there being thirty some boats in "foreign" countries.

In 1961, the first Lightning World Championship was held and that year the Internationals were renamed once again, this time to the North American Championships.

WORLD YOUTH CHAMPIONSHIP

by Duncan Stewart — Canada

World Youth Champions Jarvis, Stewart and Twigg

Once upon an August 1st, in a land far, far away (that's Finland) 30 young sailors gathered for the 1988 Lightning Youth Worlds. Crews from the United States, Canada, Italy, Greece, Chili and even as far away as Finland took part in the event held in the city of Tampere, Finland. We sailed on Lake Nasijarvi whose waters had just been graced with Lightnings of the European Championships.

Ten crews meant ten borrowed boats and a boat rotation system to match. All ten boats were generally in fine condition and ranged from a nice old rolled foredeck Allen to a new state-of-the-art Nickels which we were lucky enough to draw for the practice race on August 1st. This race had the most consistent breeze we saw all week and with a new boat, we were able to reach the first weather mark with a comfortable lead over the second place Americans. Very broad reaches were not much fun but as we were still in the lead at the second weather mark, we decided to obey that old Canuck superstition about not finishing practice races. In other words, we quit while we were still ahead. The Americans, Finnish and Italians all had shown good speed. The boys from Greece had retired early from the race as well.

August 2nd was the first real day of racing with winds from the west varying up and down from 10-13 to start and down to 2-8 with gusts to 12 knots from various directions. Any way you look at it, our poor brains would take a beating!

The Americans crew (from henceforth the "Heavy Americans" at 500 Plus) were thinking hard and came roaring in from the top left to snatch the lead with the fast Finns and Italians also up there. On the next upwind leg, the Italians slipped into first with us also moving up in the pack. The Heavy Americans had an obvious power failure on board

their boat as they slowly dropped back despite their best efforts. Those slippery guys from Greece beat us up the last buck so we had to be satisfied with a third.

We all went ashore to switch boats and gobble down a snack before the lighter air second race. This was a slower race with some fun at the leeward marks but things finally settled down on the last beat. The wind also settled down leaving a small chop. This was not much fun! The top four on the last leg consisted of the Fast Finns, the Heavy Americans, the Italians and with a small lead, us, the crazy Canucks. The Finns and Americans went hard left with great aspirations while we sailed conservatively going up the middle just ahead of the Italians. It all turned out well with a nice sounding gun for us followed by the Americans, Finns and the Italians in that order. The crew from Greece had a bad race which turned into a PMS anyhow. Unfortunately, we were forced to disqualify our Italian friends due to some rather prolific violations of Rule 54 making us all unhappy.

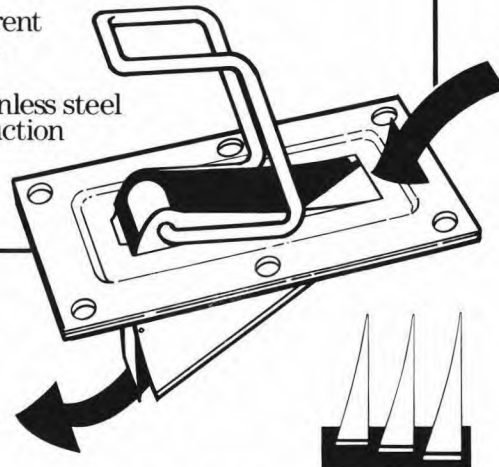

The new day dawned with some very uncertain weather and a new wind direction with rain and clouds passing over. Greece won the start and quickly set up a small lead. We were immediately dropped into last place due to a brief and

unfortunate incident involving us and the Fast Finn (something about a port vs starboard). After two quick spins, we saw a cloud to the left, sailed for it and by some turn of luck were sixth at the weather mark. With this small toe-hold, we continued to work our way past the Italians, Chileans and Heavy Americans to end up second. Some fancy gybes helped as did some solid hiking on the second reach of each triangle. We could not catch the Greeks as they were sailing great. The Italians and the heavy guys were also fast to finish third and fourth consecutively.

The fourth race saw the Heavy Americans maintain a lead over the course including an exhilarating planning reach and some more fancy gybes inside others. A 135 degree shift right made the last beat a run in light winds and the Greeks managed a sixth to third comeback. We pulled off another second to clinch the lead after two days of racing followed by the Greeks, Heavy Americans and Fast Finns.

The fifth race saw more of the same kind of conditions with winds around 8-10 knots. This was a very, very bad race for us. We couldn't get the boat set up how we wanted it and allowed this to cloud our thinking. A terrible first beat put us in eighth with our arch-rivals, the Greeks already building a H.J. sized lead. The Finns were also in top form hanging onto a second around the course followed by Fidler from the U.S.A. Lightning 13436 was also in there but unfortunately ended up a PMS. The Italians finished directly ahead of us after an entire leg of close covering. Kinzel had an even worse race than us to finish seventh. Oh well!

Lunchtime break and results pegged the Greeks winning by one point after our poor showing in the last race, the

Finns third and the Americans in fourth. After a bite to eat and handshakes all around, we stepped into our last boat. It was here that Lady Luck smiled upon us for this boat was a spanking new Allen, one of the two best boats in the fleet. We decided upon a revived strategy for this last race on the way out. No more "pussy-foot conservatism" said my crew! "Attack the Greeks"!

When we finally started in 2-3 knot breezes, we set up a lee-bow on the Greeks and then two quick tacks as soon as we could cross their bow. We sailed very squarely (and nastily) on their face as the wind died. The fleet spread out a lot in the next 20 minutes and when a very solid wind line finally filled in, it was from the right where naturally, the American contingent was hiding out.... It finally reached us and then the Greeks and we rounded sixth and seventh. Unfortunately, we were still behind the Italians in fifth place. Our speed on the first reach (actually a run) was good but the Italians wouldn't let us pass. A douse and then a close reach to the leeward mark followed in the same order. We started to get nervous about this time and frustrated too as the Italians countered our every move upwind. We finally got past them after a tacking duel and also caught Fidler on the run. We were now looking good in fourth with the Greeks seventh up the last beat. Just when we thought we were safe, the Italians and Americans began a tacking duel slowing both of them down immensely. The Greeks were now looking good on the opposite side of the course and we started sweating again, worried that the Greeks would finish right behind us and win with a tie-breaker. Under pressure again, our crew started to perform superbly and managed to pass

the Finns just at the finish line to be third behind Lahteinen and Kinzel. It turned out that all that worry was for nothing because both the Italians and Americans finished ahead of the Greeks.

And so our Regatta came to a close. My crew, Geoff Jarvis and Stewart Twigg and I had managed to win the World Youth Championship for Canada. Greece with skipper Dimon Alexandros was second, Finland with skipper Ville Lahteinen was third, the USA with skipper Philip Kinzel was fourth and Italy with skipper Vito Tripoli was fifth. We all had a celebration that night and we Canadians flew out on Sunday, August 7th with good memories and many new friends.

From World Youth Championship Chairman: Pentti Laitinen

The World Youth Championships were sailed in very demanding conditions. The winds were very shifty and demanded all the skill these young Lightning sailors possessed.

For the very first time, we had an all female crew participating in this Championship. The young ladies are already planning their next season and hope to participate in the North Americans.

We hope that all the contestants had a good time and will have fond memories of their sailing experience in Finland.

WINNING THE NORTH AMERICAN'S IN THE FIFTIETH YEAR

by Karen Park

I can remember when I was a child of five and my father, Paul Militzer brought home our first Lightning. I remember that it looked quite a bit more inviting than the canoe with outriggers! Dad had shared his dream to sail with us for as long as I could remember. Now we finally had our own boat. At the time (23 years ago) his three kids were, Laura-10, Kyle-7 and Karen at 5. Not only the built-in crew, we lived on a small lake in Michigan, Lake Fenton, that was home to some of the best. Over the years the Nickels and the Holmans were to teach us all a lot. What more could a new Lightning owner want?

Being the youngest child, it took me the longest to get involved in the racing part of the Lightning ownership. When I was old enough to start racing, Laura and Kyle were sailing with Dad so I did a lot of my early racing with George Nickels. George and my father played the biggest part in my sailing education and kept my interest alive. I sailed for several years as George's regular middle crew and spent a season sailing with Dave Nickels when George couldn't make the regattas.

I started sailing with Colin Park along with Glenn Hallett in the fall of 1985. Colin made me change from the middle of the boat to the front. I resisted at first but, he was right! We couldn't really put the biggest guy up on deck during a jibe! To ensure our lifetime sailing union, Colin and I got married this past March.

The three of us have spent the last three seasons becoming a well-oiled, fine tuned, fighting machine. We work very well together and want to do well. We sail with a standard crew weight of 425 pounds. This is a limiting factor at many North American sites. We agreed that we were just too light to sail at Kingston or Buffalo. When we found out that San Diego had been chosen as the site for the 1988 North Americans, we all got a gleam in our eyes. Not only was it one of the few places we could go and actually keep the boat down, we felt we had a shot at being competitive. Sometime in the season of 1987 we decided San Diego was our goal. We got very serious about our boat speed and our team work. This summer, we became convinced that our boat was fast. Now the question was if the skipper and crew could rise to the occasion. Neither Glenn nor I had ever sailed a Lightning on an ocean — and we did not know what to expect with the waves. We knew if the wind blew, all our hopes could be crushed.

Before we left for San Diego, we made sure the boat was in perfect shape. We had a suit of brand new sails. Colin changed lines that were showing wear. The week before we left for California, my brother-in-law Matt gave me a new boom for my birthday to match the new mast we had gotten in the spring. So, the boat was ready and I don't think three people could have been more ready.

Upon our arrival in southern California we were greeted with two things, great weather and great friends. We got the boat through measuring as early as possible and were able to spend several relaxing hours catching up with old and new

N.A. Champion and No. 1 Crew, Karen.

friends. We decided to go out sailing Friday afternoon to see what ocean sailing was all about. We were very pleased to see that the wind conditions were what we had hoped for. We went out again on Saturday, a little late for the start of the practice race but we got in some good sailing.

Sunday was going to give us an indication of the week to come. I was so nervous Sunday morning I couldn't believe it! It seemed like I had waited my whole life to be in a competition like this and now it was finally here. We headed out for the qualifiers quite anxiously. We finished the day with a 2 and a 6 to put us in 8th place. The three of us had hoped to finish top half of the top flight in San Diego. After that day, I know Glenn and I raised our ambitions and expectations to "top ten" in the top flight.

Monday morning looked like it was going to be like Sunday. I wasn't nervous this morning though, just ready to go. Monday we got a 7 and a 1 in the qualifiers and it felt great. We ended up qualifying in fourth position. Colin had really gotten some super starts in the first two days. All three of us were very aware that good starts were extremely important and also very hard to attain start after start. With four in a row, we were beginning to feel we couldn't really have that many more in front of us. We also knew that we were not the fastest boat out there. It seemed to us that Tom Allen Jr., Mark Bryant, Matt Fisher and Ric Larson were all going quite a bit faster than us.

Tuesday morning was the start of the real thing and I had butterflies in my stomach again! We got out to the race course with a little bit of time to check out the wind conditions. It looked like the other days. We made our plan, go left in the morning and probably right in the afternoon. One of my primary responsibilities as forward crew was to crack the jib not only in the lulls but on every bad roller. We spent some time before the race practicing this and just generally getting psyched. We managed to get another fine start, but there below and ahead of us was Ric Larson. We thought we were headed to the left but he was really headed left! Ric stuck it out longer and was first to the weather mark by a lot.

Jack Huntsman made a race of it and almost got Ric on the last leg for a very close second. Matt Fisher showed his speed for a third; we were fourth and Michigan's Garry Demarest was fifth.

The afternoon race was sailed the way we had expected. Colin was six for six on his starts. The first weather leg, you needed to go left but you had better not do it the next two weather legs. Jack Huntsman was sure the "Top Gun" that race and was making believers out of us. Eddie Martin was second, Tom Allen, Jr. third, Colin Park fourth, and Jody Lutz fifth. We came in for the day feeling great! We were in second place with 8 points. It was like a dream coming true, and we were not ready to believe it could last. There were too many things we were sure were going to happen. If the wind picked up we were in trouble. Glenn and I were yet to have a bad jibe and we knew that was too good to last! Although we were sure it was not to last, we did think it was fun.

We were ready for more the next morning. With the cloudy conditions came a new wind. We still got a good start and headed left. This was okay once but on the second beat, it was the wrong thing to do. We got back in the pack a bit but luckily, nothing fatal. Larry MacDonald won followed by two other ex-champions; Mark Bryant second, Matt Fisher third. Rob Ruhlman sailed for a fourth with Dick Hallagan in fifth.

We undersood going into the fourth race that we were so far the most consistent. We had a 4-4-6, Matt Fisher had a 3-10-3, Jack Huntsman 2-1-23, Ric Larson 1-20-7 and Mark Bryant a 9-19-2. This fourth race was very important. Colin got an excellent start (again). We made our choice to worry about the fleet that was headed right. A few boats went left, and one of them, Mark Sertl showed it paid. Sertl was around first and very far ahead of the rest of us. Johnny Mac was second and planned on staying there. We were able to eventually roll Johnny on a reach the second time around and maintain the position. Sertl won, we were second, McIntosh was third, Larson was fourth and Bryant fifth.

Wednesday night I was really feeling good. I decided that since we were in first for the day and we may not be there Thursday night I had better enjoy it while I could. Colin agreed with me so we danced our little feet off at the Beach Party (Thanks Garry D., Rob R., and Doug B. — the blisters are off my feet now!). Glenn has always been one for not counting on things before they happen, I think he believes in jinxes. So Glenn was kind of taking this in stride but I could tell he was loving it too!

I experienced something new Thursday morning; butterflies in my stomach! I really was nervous. The wind took a long time to come in and I felt that maybe we wouldn't know what to do with it when it did come in. Again, Colin was right in there with his start, but Matt Fisher really won that start.

We were third around the weather mark behind Matt and Bruce Goldsmith. We maintained our positions until the last leg. The wind went light and spotty. I knew there had been a reason to be nervous. We dropped as low as 15 that leg but got ourselves back into it by the finish line. Matt Fisher won, Huntsman second, Jim Crane third, Allen, Jr., fourth, and Greg Fisher fifth. We recovered to sixth with Goldsmith seventh.

Thursday afternoon some realities started to hit home. Our worst race was a sixth. Our closest competition had each used up their throw-outs!. We could not finish worse

than third. This far out-did our wildest dreams! We were three very happy people. We were in first place counting all five races, by one point. If you counted four of the five races, we were in third, four points behind Matt and Jack. We decided what we needed Thursday night was a great meal and a chance to relax and enjoy ourselves. We ended up with a great group of dining companions for the evening, Greg and Charlotte Fisher, Greg's crew, Matt Fisher and Matt's crew. We had a wonderful meal. I don't think Matt appreciated our teasing him that there was to be no wind and therefore no race on Friday!

Friday morning I was not nervous but very excited. When Colin told Glenn and me, "we'll leave dock in half an hour", we thought those thirty minutes would never pass! Imagine Matt's frustration Friday morning when there was no wind and the race had to be delayed for several hours. The way things stood Friday morning were straightforward. We needed both Matt and Jack to not finish in the top ten or we had to finish at least four boats in front of them. We still had not had a bad race as of yet so we had some options. We knew if we got in bad trouble we could still afford to take a wild flier. We definitely had the enviable position. The wind finally filled in and the race was started. Unfortunately the wind wasn't completely settled. Jack got a bad start so we just looked for Matt. We got our worst start, but Matt was just a bit behind us! We made our decision to sit on him in a hurry! We were pretty even up the weather leg and Matt out-manuevered us near the mark. Matt rounded 15 and we were 19. Again, nothing changed on the spinnaker legs. We started to watch the boats as they rounded the leeward mark. Out of the first ten boats, eight went right and two went left. Out of the next five boats, four went right and one

went left. What's this? Upon closer inspection, one of those boats going right is Matt!!! Matt made our decision for us, we went left. As we got closer to the finish line it was becoming apparent the Matt was not gaining boats but we were. We started counting the finishers, when we got to 9 and did not see Matt in the vicinity, our boat became dead silent! The feeling we had at that time was indescribable. We finished with a 14 and Matt was 19. Claude Biekarck won the race, Greg Fisher second, Jody Lutz third, Ched Proctor fourth and Larry MacDonald fifth. We asked Glenn why he changed from being pessimistic to sure we could do it. His response was that on Thursday night, when he realized that when we had what we felt was a terrible race and it was a sixth, we were unbeatable.

The celebration to follow was an experience of a lifetime. I've certainly never had such a great time at a banquet! We are very proud to be the ones to bring a championship back to Michigan for the first time in 29 years! Colin was not exactly thrilled to discover he is the oldest person to every win the championship (He beats Hermie Nickels by half a year.) but he'll take it. We'd like to thank Anne Allen, the ILCA and Mission Bay Yacht Club for giving us an experience of a lifetime. None of us will ever forget.

Colin, Dave Nickels and I had made plans last fall to go to Greece. We are looking forward to another wonderful experience with David in the middle of the boat.

WANT TO WIN? AND YOU'RE NOT A SAILMAKER? YOU NEED HAARSTICK SAILS.

At this year's Southern Circuit, the top of the score sheet looked like a Who's Who of sailmakers. Except for one.

Dick Hallagan, class veteran sailing in his sixth Circuit, finished 3rd overall (5th Savannah, 5th St. Pete, 11th Miami) and was the top non-professional in the Circuit. This is even more remarkable considering only two boats in the entire field used Haarstick sails and both finished in the top ten. Our other boat skippered by Mark Serfl (who IS a sailmaker!) was 3rd in Savannah and 8th in the Circuit.

Our approach to building Lightning sails is one of careful refinement of proven concepts. New for this year is our "broadhead" jib. Designed with the crew in mind, this sail will net you consistently better speed in every wind and sea condition.

No other spinnaker performs like our computer-cut radialhead. Radial spinnakers have proven faster than crosscuts or shericals in all large racing boats. Why is the Lightning any different?

And our splitweight mains still offer the best strength and lowest weight of any Lightning main.

So this year, you've got two choices if you want to win more Lightning races. Become a sailmaker, or do what Dick Hallagan did... buy Haarstick sails, where service, quality and speed are the only things we sell.

1988 North Americans

by Runner-Up Matt Fisher

Mission Bay Yacht Club hosted the 1988 Lightning North American's this year. Colin Park and his crew of his wife Karen and Glen Hallett sailed an impressive series with no finish less than sixth until the last race. MBYC ran an excellent regatta both on and off the water with good racing and fun parties.

During the week prior to the North American's the wind on the Pacific was stronger than usual with 12-15 knots out of the southwest. The Class crowned three new champions with Ned Roseberry winning the Junior's, Joni Palmer the Women's and Fisk Hayden the Master's.

Eighty-five boats turned out for the North American's. The winds of the previous week slowly died throughout the Championship with 10-15 for the Qualifier and 5-12 for the Championship. We were fortunate enough to win the Qualifying Series with Tom Allen, Jr. second and Jack Huntsman 3rd.

The first race of the Championship started in 5 knots building to about 8-10 by the end of the race. On the first beat we were on the left side along with my brother, Greg, Colin Park, Garry Demarest, Jack Huntsman, and Rick Larson. Two thirds of the way up the beat it looked like the six of us were going to be in the mid-twenties. The wind then went 15 degrees left with more velocity and Rick Larson rounded with a big lead with the rest of us battling for the next spots. Rick went on to win with Jack Huntsman finishing 2nd, our boat 3rd, and Colin 4th.

The next race started later that day around 3:30. Some of the same people were on the left again only this time the right came in big. It was interesting though, because you almost had to be on the right hand lay line to take advantage of the wind on the right. Jack Huntsman passed several boats throughout the race to win by a good margin. We were able

to hit the right very hard to pass about 15 boats on the last beat to finish 10th (we were thrilled). Jack had an excellent day and Colin was consistent: Jack Huntsman 2-1 = 3; Colin Park 4-4 = 8; Matt Fisher 3-10 = 13; Brad Read 8-8 = 16; Greg Fisher 6-12 = 18.

The next day was similar to the first with 6-10 knots out of the southwest. Larry MacDonald, Mark Bryant, Rob Ruhlman, and Dick Hallagan led most of the way around with Jack caught on the wrong side of the first beat. Larry and Mark had 1-2 in a close finish. We avoided the weeds to finish 3rd with Rob 4th, Dick 5th and Colin 6th.

On the first beat of the fourth race several of the lead boats at the start went right since it was getting late in the day and the right seemed to be favored at the end of each day. Mark Sertl was in the middle of the fleet and broke off to the left halfway up the beat and lead by two minutes at the first mark. Colin Park sailed an excellent race to finish second behind Mark. John McIntosh, who showed impressive consistency the entire series, finished third in the race. After four races the standings were as follows:

					After 4	Best 3
Colin Park	4	4	6	2	16	10
Matt Fisher	3	10	3	6	22	12
Jack Huntsman	2	1	23	8	34	11
Rick Larson	1	20	7	4	32	12
Mark Bryant	9	19	2	5	35	16

The series was beginning to take shape. In the fifth race, we were fortunate enough to port tack the fleet at the start and had a good jump on the fleet. Through the first half of the beat there were no shifts and with Jack and Colin on the far left we decided to tack to the left. Luckily the left came in just as we got there. We had a good lead with Bruce Goldsmith just as we got there. We had a good lead with Bruce Goldsmith, Colin, and a host of others battling it out for the top ten. As we approached the leeward mark, the wind began to back to the left and die drastically. We were able to work out to a nice lead but noticed that the next seven boats were quite alone. Colin picked up one very crucial boat the last leg and Jack Huntsman picked up five boats in the last half of the leg. With a throw-out Jack and we were tied for first with 13 points. Colin was amazingly consistent with a 16. Neither Colin or we could finish worse than third in the regatta but Jack had a 23rd which made him vulnerable:

						After 5	Best 4
Colin Park	4	4	6	2	6	22	16
Matt Fisher	3	10	3	6	1	23	13
Jack Huntsman	2	1	23	8	2	36	13
Mark Bryant	9	19	2	5	8	43	24
Rick Larson	1	20	7	4	14	46	26
Greg Fisher	6	12	11	27	5	61	34

For Jack and us it was who beat who. If either of us finished worse than ninth, Colin would win.

On the final day the wind died totally as we got to the starting area. We sat for two hours and for a while it looked like Colin would win without a race. But the wind came up and we started within twenty minutes of the first breeze. We

had a bad start as did Jack and Colin. The wind went right which put Jack deep quick. Colin dipped us by about two boat lengths to go further to the right. We were in about 10th halfway up and as the wind went further right, Colin picked us up by going further right. The two of us went all the way to the port layline, and Colin did a great job of stuffing us back to about 16th. We were able to get by Colin at the weather mark but he had done his damage on us. Claudio Biekarck and my brother Greg were 1-2 across the finish line. Colin ended up 14th to win the North Americans with us 17th and Jack 27th. My brother Greg came on strong in the last two races to finish fourth. Mark Bryant sailed four good races but had a bad second race. After a good Qualifying Series, Rick Larson was going strong for the Championship — he likes those conditions. Colin and his crew of his wife Karen and Glen Hallett put together an impressive series. Colin sailed very patiently, spending a lot of time in the middle of the weather legs. Mission Bay put on a fun regatta — we hope we go back soon!

Waiting to launch at the N.A.'s.

1988 Presidents' Cup

by Lenny Krawcheck

The Qualification Series had been interesting. Someone, somewhere, somebody said, had cut the kelp a week earlier, and it was thick until late in the series. And with the kelp, we had chop — a high, powerful, difficult chop. As the week went by, it subsided with the breeze.

There were a number of very good sailors in the Presidents' Cup. This was due in large measure to a very deep Championship Fleet. Fisk Hayden (third in the Blue Fleet at the Kingston North American's) finished fifth overall this year in the Presidents'. While the work of the Race Committee was consistently excellent, the conditions on the race course were inconsistent. The right side would be successful one race and would be disastrous the next. Hank Hodgson sailed the right side to first place finishes in the third and fourth races and rode it to a twenty-fifth place in the fifth race. At times the lead boats at the first mark would be the boats which shot the left and right corners, while the middle would prove best at other times. There were holes and current — and often the breeze was unpredictable. Given the conditions, good boat speed was all important.

Hank Hodgson seemed to have the best speed in the fleet. He won two of the races, finished second and fifth in two others and would have won the series hands down with another decent finish. Along with Harkrider, Barrett, and Hayden, we depended on our speed to finish consistently.

The breeze lightened progressively as the week went by, and certain boats emerged in the smoother conditions — Harrop, Laidlaw and Moultrie together with the top five.

The regatta was decided in the last race. We had finished consistently in the first five races (5,1,4,5,8) and went into the last race with a total of 23 points. Hank Hodgson, suffering from his 25th in the fifth race had 34 points. Neither of us could do worse than second in the regatta, even if we didn't sail the last race. Even if we won the last race, and Hank threw out his 25th, he would win the series by finishing 7th, or better. We tried the obvious — and it worked. We covered Hank driving him back in the fleet. As a result he finished the last race 24th while we were 21st — not really a happy ending to the series for either of us. Given the unusual circumstances it was the right tactic competitively — (Curtis and Bryant at Cedar Point); and it was difficult, for him and for us. Hank sailed a very good regatta, and no doubt would have won if we hadn't covered him in the last race.

Congratulations are in order to Mission Bay Yacht Club and the Race Committee for a job well done; to my fellow competitors in the Presidents' Cup — it wasn't easy; to my fine young crew of John Cooke and Lyn Loring; and last but most importantly to my friend Hank Hodgson for a fine job out on the race course.

1988 Governors' Cup

by Chuck Ellery

Many stories have been written about Lightning races that would fall in the category of Stranger than Fiction. This one will knock your socks off as it did me when it actually happened. I'm a second generation Lightning sailor, starting as we all did with our Fathers. I remember those years in the 50's and 60's as a wonderful time to leave on the weekends back in Michigan and travel the summer circuit with the Districts as being the highlight each season. One year, back in '62, ole Dad actually qualified to go to this thing called the Nationals. My brother and I as crew packed up the old station wagon and the family headed out for the Buffalo Canoe Club. Well, we finished 16th overall in the Governors' Cup and resigned ourselves that it was the best we were going to do as a family.

In February of 1965 Dad passed away leaving me the Chesterfield stop watch that I so much admired and that we had used three years earlier in the big event. For many years it has been just sitting in a jewelry box of family memorabilia. Two years ago when I formed the Portola Sail Yacht Club of Santa Cruz, California, in memory of my Father and to fill the needs of the small boat enthusiast in our area, I requested and received a donation of Lightning 9433 to use in our junior racing program. When the 23-year-old Clark was finally weighed, the 680 lbs. shocked and impressed us all. I gave it a shot and brought her up to specifications with weights and some decent used sails. After mustering up a crew, I headed out for San Diego for the Districts and qualified, last, to go to the North American's.

Well this was the livin'-end, so we named the boat *My Perfect Moment* from the theme of Spalding Grey's movie, "Swimming to Cambodia". We were registered as the second oldest boat at the August happening. It was a surprise to see some of the old faces from the past like Herm Nickels and Bruce Goldsmith to name a couple.

The old Clark was getting some sympathetic looks and I was wondering just what the heck am I doin here. We get out on the course and all of a sudden it felt like the twenty-plus year lapse never happened. It was like riding a bicycle. The feeling was back, or was it? I can't remember a thing that happened on the course. And the watch, that thirty-year old Chesterfield that my Dad had used and left me. It stopped dead after the last race. It's not under or over wound, it just quit! That was not all. After a closer look at the original papers on the boat, I find that 9433 came out of the mold on February 25, 1965 — the same day my Dad passed away. It really happened and it was indeed "My Perfect Moment" to win the 1988 Governors' Cup. Somehow I feel it was Dad's Perfect Moment though.

Masters' Championship

by Fisk Hayden

This years Masters' Championship Regatta which was sailed in the ocean of San Diego's Mission Bay contained all the ingredients for an "Anyone can win this thing regatta." Conditions were light, lumpy, weedy, shifty, you name it and we had it.

John McIntosh, the old Master from Savannah, Georgia took the first of the three race series followed by Myron Lyon from San Diego and Sandy Huntsman from Red Bank, New Jersey.

We got it together for the second race and were followed by Wendell Harter, who had led all the way 'til the finish and Dick Hallagan, Defending Champ, from Newark, New York. Hallagan won the last race, we were second and Arnie

Schwartz third.

It appeared after the last race that John McIntosh was the new Champ., however after arriving at the dock we found that John had been disqualified for an early start in the last race and that moved us into first overall. A tough break for John who had sailed a good series and who went on to a fine finish in the Blue Fleet a few days later.

Thanks to all sixteen skippers and crews who made this a great Regatta. My crew Jack Tibbs from Devils Lake, Michigan and my son Steve, who put up with me in Buffalo, were willing to do it again in San Diego.

A special thanks to the Race Committee and everyone at the Mission Bay Yacht Club.

1988 Junior North American Championship

by Ned Roseberry

Throughout the year, I had often thought of going to the Junior North American Championship in San Diego. Originally, our family was going to make this a family adventure trip, but as time went on this became impossible.

Through June and July I sailed with a regular crew, but due to their schedules, neither of them could be part of my crew in San Diego. Two great crews, Tom Starck and Josh Murphy, decided to make the trip with me. Tom rode out in the Allen van, piled high with three boats and gear, while Josh and I "agonized" through a long plane flight.

When we arrived in San Diego, we were greeted by much Mission Bay hospitality, especially by our hosts, the Ehlers. On Tuesday morning, Josh and I met up with Tom Allen, Jr. and Tom Starck at the Yacht Club. We spent the morning getting everything measured in, and eyeing up the competition. Finally, at around three o'clock, we decided to sail, but tuning modifications had to be made and we sailed for a very short time.

I must say the competition looked pretty stiff. Sean Fidler and Phil Kinzel looked to be tough, as they were during the 1987 Junior North Americans. Everyone looked **really** fast.

Wednesday morning we were out on the water at nine forty-five a.m. preparing for the twelve o'clock start. We finally got to work together as a crew. We tuned for awhile, got headings, and practiced crew work, such as jibes, and

roll tacks. All of this was quite hectic.

In the first race, the wind was rather light, and all signs pointed left. We got a good start, and we came across on a great heading. We were in first place at the weather mark, with Ross Nemeroff second and George Sipel third. We then just covered the two for the victory, and Sean Fidler moved ahead of George for a third.

In the second race, we had another good start. The pin was slightly favored, so lots of boats fought for position there. Due to the shortness of the line, we started 1/3 down from the pin in clear air. Unfortunately, we let George Sipel get left of us three quarters of the way up the leg, and ended up second at the weather mark. George took his jibe wide and we snuck in to gain the lead, only to get rolled on the next reach by George and Ross. This was how it ended up. On the way in, we were very confident with our upwind speed but downwind we weren't as fast.

That night, the Yacht Club had a great barbeque and beach party which gave us the opportunity to meet up with some very nice people. All the Juniors also learned that none of us could play volleyball.

Tom, Josh and I left early again on Thursday morning. On the way out our goal was to win the first race to build up our confidence. The wind was light again with the left heavily favored. We played the left side and had a considerable

lead at the weather mark. On the second reach, the wind went ahead...right. We covered and stayed right, winning that race. George was second and Ross was third.

Between races, Tom, Josh and I felt that we would be comfortable with a good fourth race. Our start was mediocre because we were heavily boxed in on both sides. We sailed the shifts, and had a good lead at the weather mark. We won race number four; George was second and Ross, third.

On Friday, the three of us were on the water really early again. At the start of the fifth race, we were apprehensive going out to the race course. We needed to win one of the races to totally insure victory. We had a good clear air start in the fifth race, and loosely covered George and Ross. We continued to work the boat to insure victories in the fifth and sixth races, and a victory at the Junior North Americans!

I really have to thank my crew, Tom Starck and Josh Murphy, for their excellent crew work. They always kept the

boat going and I was able to concentrate on steering through the sea/chop. Thanks to their splendid narration of the ongoing on the water. They did an incredible job.

I especially want to thank Tom Allen, Jr. for the use of his boat and for all of his time and help. I'd also like to thank all the people who assisted us during the regatta. This is what helps make the Lightning Class a Family! I appreciate the hospitality of the Mission Bay Yacht Club and the Race Committee, which did an outstanding job in the trying conditions.

To all of the Juniors at the regatta: Thanks for being such a great group of people. The competition was keen and everyone was so much fun to be with. I hope to see many of you at North Cape next year.

I cannot go without saying a special thanks to my parents, especially my Dad, the Buffalo Canoe Club members, and everyone in the Lake Erie District. See you next year!

1988 LIGHTNING WOMEN'S NORTH AMERICANS

by Joni Palmer
Mission Bay Yacht Club

Eight years ago the Lightning North Americans were held at Mission Bay Yacht Club and I traveled cross-country to crew on the winning boat with Mark Bryant. I now live in San Diego with MBYC as my home club, so this year I wanted to get back into the Lightning after nearly eight years and try to win the Women's Championship (work prevented me from further participation). I enjoyed sailing on the boat tremendously and it was a real thrill to win again after all the years.

Though I had crewed on a Lightning years ago, I had never skippered the boat. I was very lucky to have many great friends still in the class who could help me out! I want to thank Bill Shore who loaned me his boat and Brad Read who drove it cross country, tuned it up and spent some time telling me a few tricks. But the biggest thanks goes to my supercrew of Joyce Ferguson (Canton, OH.) and Suzanne Spangler (Newport Beach, CA.) These two gals made a fabulous team on and off the water and were crucial in every decision and move on the boat!

While the field of contestants was small, the competition looked to be very good. For the first race our main focus was to make sure our speed was okay and then we would set our goal for the regatta. The first race was held on Thursday morning and the wind was about 8 knots. The race committee displayed a wind reading of 265 prior to the start and we decided to play the shifts conservatively on the first leg to keep with the fleet and test our boatspeed. We started in the middle of the line and played middle left. Judy Walker went way left and found a great shift but we ended up beating her to the windward mark. The rest of the fleet rounded and we began the parade down the reaching leg. Our off-wind speed left something to be desired but on the next weather leg we opened up our lead considerably. Upwind we continued to play the shifts on the middle left and we went on to decidedly win the race followed by Judy Walker in second and L. Huntley in third.

The second race of the day began around 2:30 and the Race Committee still displayed a wind reading of 265 (get used to that number!) We had noticed that the wind was definitely oscillating right as much as 20 degrees. We were very pleased with our boatspeed so now we were going to be more aggressive on our tactics. We were fast off the start and

about a third of the way up the beat started to work to the right. This definitely paid off as we had a good lead at the weather mark. On the first race we had noticed that as we approached the gybe mark there was a current line that pushed us up considerably so we kept low. We went on to win the race followed by L. Huntley and Judy Walker in third.

The next day the wind started out very light but by the time the race started it had picked up to its usual 8-10 knots. The race committee again displayed the magic number of 265 but we had noticed a five degree push to the right. On the first leg we played middle right and came out great while those looking for the left shift of yesterday morning had a real hard time working back to the right. We again rounded the weather mark in first and worked to increase our boat-speed on the reaches so we would not lose distance. We opened up to the next two weather legs to finish first by a few minutes. Second was L. Huntley followed by L. Parshley.

The fourth race started late in the day at 3:30 and the wind was dying. The magic number had not changed and we worked right looking for the late afternoon California shift. Some of the gals sailed middle left and got some nice shifts and the entire fleet rounded very close. We rounded first and kept the lead on the reaches. On the next weather legs our lead continued and we finished first followed by L. Parshley and L. Huntley.

On the way out to the last race on Friday morning the breeze built up to over 12 knots but unfortunately died down on the first reach. The magic number was still the same by the Race Committee and we noted 5-10 degree oscillations to the right which we played up the beat. Again we rounded the weather mark first but the rest of the fleet was getting more aggressive with boat speed and tactics and made close racing for them. We finished the last race with a first followed by L. Parshley and then L. Huntley.

Joyce, Suzanne and myself really enjoyed sailing the regatta. We started out not knowing anyone and ended up good friends with all the gals. We look forward to defending our title next year at North Cape and hope more gals will attend. It was great to be back in the Lightning again and I hope I have more opportunities to do so.

36th CAMPIONATA EUROPEO LIGHTNING

by Francesco Ferrari
Italian District

Original Italian

Paesaggi meravigliosi, esaltati dal profondo rispetto che gli abitanti dei paesi nordici riservano alla natura, condizioni di vento ottimali, ed una organizzazione eccellente a terra ed in acqua hanno fatto degna corona al 36^o Campionato Europeo Lightning svoltosi a Tampere, Finlandia, dal 25 al 30 Luglio 1988.

Trentotto gli scafi al via, forse non tutti al meglio dell'attrezzatura o della forma ma tutti simpaticamente e sportivamente presenti in ogni condizione meteorologica.

Assente Marcello Attina', due volte vincitore nelle precedenti edizioni, e molti altri equipaggi Italiani di ottimo livello, al via abbiamo visto però equipaggi di ottima levatura tutti pretendenti al titolo; dai Greco' Andreadis, Tsantilis agli Svizzeri Wyler e Schmid, al campione locale Maenpaa agli Italiani Alagna e Tripoli.

Le prime tre prove caratterizzate da vento buono che variava dai 7 ai 12 m/s per giungere talvolta ai 15 m/s sotto raffica, hanno visto protagonista indiscusso lo scafo del Greco Andreadis giungere al traguardo sempre vincente e noi per tre volte secondi cercando di risolvere ancora gli innumerevoli problemi che uno scafo nuovo comporta.

Nella quarta prova con vento che variava da 1 m/s ai 4 m/s riuscimmo a condurre la regata in testa fino all'ultima Bolina quando ben tre scafi superandoci sul traguardo ci relegarono al quarto posto con lo Svizzero Wyler secondo e Andreadis Solo diciottesimo.

Le ultime due prove concentrate nella giornata conclusiva, vento ancora leggero, 2-5 m/s, condizioni solitamente più favorevoli all'equipaggio dello Svizzero Wyler più a suo agio di noi e di Andreadis (con questo vento). In effetti la quinta prova viene vinta da Wyler con noi quinti e Andreadis nono.

Mancava una prova e la classifica ci vedeva primi con 10 punti, secondo e' Wyler con 11 punti, terzo e' Andreadis con 12 punti; cominciamo a credere di poter vincere ma ci rendiamo conto che il campionato iniziava solo in quel momento.

Dopo essere rimasti in acqua per quattro ore perseguitati da un susseguirsi di freddi temporali, l'eccellente giuria Finlandese predispose l'allineamento e dette il via; a questo punto la tensione in barca era al massimo.

Ma, partiti, tesi ma concentrati, siamo riusciti a controllare con discreta facilità i nostri due diretti avversari riuscendo a tagliare il traguardo dell'ultima prova ancora dinnanzi a loro.

Ed e' così che con la regolarità di risultati, siamo riusciti a superare i forti equipaggi Aversari e con un pizzico di fortuna a vincere per la prima volta il Campionato Europeo Lightning.

Non posso commiatarvi senza complimentarvi con il mio equipaggio composto da Fabio Giuliani che con le sue scelte tattiche ci ha fatto trovare sempre al posto giusto al momento giusto e da Claudio Bombana un neofita della vela che ha eseguito tutte le manovre di bordo con la freddezza di un veterano.

Un arrivederci ad Atene dove mi impegnerò a difendere questo titolo e fatemi sognare!!!

English translation:

The beautiful landscapes of the northern towns are a tribute to those who have worked to preserve their nature. The excellent organization both on the shore and in the water and the optimal winds made it all worthy of the 36th European Lightning Championships held in Tampere, Finland 25-30 July 1988.

Thirty-eight Lightnings were on the starting line. Not all had the best and newest equipment but everybody was pleasant and showed good sportsmanship in all weather conditions.

Absent was Marcello Attina, two time champion of the previous editions and other top level Italian crews. At the first start however, we saw many top level skippers and crews; all wanting the European Championship title. From Greece we saw Andreadis and Tsantilis, the Swiss, Wyler and Schmid, local Champion Maenpaa and the Italians Alagna and Tripoli.

The first three trys had good winds varying from 7-12 knots and often gusting to 15 knots. The Greek Lightning of Andreadis was the indisputable winner of the first three trys. We placed second in these first three trys but were overcoming the numerous problems that a new boat creates.

In the fourth try, the wind was very light varying with 1-4 knots. We were able to lead the race until the very last when Bolina and two other boats passed us at the finish line giving us fourth. The Swiss Wyler was second but the Greek Andreadis was 18th.

For the last two trys we again had light winds of 2 to 5 knots. These conditions are usually more favorable to the Swiss and Greek. The Swiss Wyler took first place and we placed fifth and Andreadis ninth in the fifth try.

After the five races and including a drop race, the results showed that we were first with ten points, Wyler second with eleven points and Andreadis third with twelve points. At this point, we started believing that we could win the European Championship.

After being on the water for four hours and being followed by cold thunderstorms, the excellent jury Finlandese set the final starting line and the race was off. Tension on our boat was at the maximum but at the finish line we were ahead of the Swiss and Greeks to win the European Championships.

I cannot enjoy myself without congratulating my crew. Fabio Giuliani's tactics always put us at the right place at the right time. Claudio Bombana, was a novice sailor but with absolute obedience performed his on board maneuvers like a veteran.

Goodbye for now. I will be there at Athens to defend my title and let me dream.....

1988 CANADIAN OPEN

by: Larry MacDonald Jr.

Buffalo Canoe Club/Hamilton Yacht Club/North Sails - Canada

Since the 1988 Canadian Open held at Royal St. Lawrence Yacht Club, Montreal, Quebec, June 24-26, would be the Canadian Qualifiers for the 1989 Worlds to be held in Greece, Trevor Borne, Ian Jones and I knew the competition would be difficult. We were ready for the regatta and hoped there would be good winds. If the winds were very light, we could be in serious trouble challenged by other top Canadian sailors like Peter Hall and Eddy Martin who excell in those light choppy conditions.

A total of twenty-five entries (four from the US) were on hand to help the Royal St. Lawrence Yacht Club celebrate their 100th Anniversary. We were welcomed to the Yacht Club by General Chairman, Russ Scrim, playing a dual role as Regatta and 100th Anniversary Chairman. We didn't have the Royal Patron of the Club, the Duke of Edinburg present, but the Yacht Club made us feel very important with a cookout Friday night and a free 100th Anniversary Dinner on Saturday night.

Presentation of the Molson Trophy to Canadian Open Champions (L to R) Ian Jones, Trevor Borne, Skipper Larry MacDonald, Jr.

We had two good races on Friday, but only one on Saturday morning. When the heavy lightning and thunder came in, the Race Committee wisely decided to cancel the second race. We made it back to the docks just in time getting only a little wet.

Sunday was a different story. It was cool with winds 18-20 knots. Peter Hall was leading the Open with only seven points to our nine, but "this was our weather". In the first race of the day, about one-third of the fleet dumped with the

usual array of broken masts and boat damage. Trevor and Ian did their jobs perfectly and as a team, we racked up three bullets to win the Molson Trophy for the top Canadian and the Toronto Star Trophy for the winner of the Open. The Corby Trophy for the middle-of-the-fleet was awarded to Jacques Boucher.

I thank my crew for their great work, the Canadian Lightning Class and the Royal St. Lawrence Yacht Club for their great hospitality.

Lightning 50th Anniversary

story by Jim Crane

Reprinted with permission from **Sailing World Magazine**

Jim Crane is the Executive Vice-President of North Sails. He grew up in Darien, Conn., where he started sailing Lightnings 28 years ago at age 13. Over the years he has sailed in 25 North American Championships, winning the title twice, and has won the three-regatta Lightning Southern Circuit three times. Jim's wife Brenda won the Lightning Women's North American Championship last year, no doubt putting to work her Lightning family heritage — her father Tom Allen has built Lightnings for many years, and her mother Anne is the class President.

On Saturday the 2nd of July an extraordinary event occurred. Two hundred and twenty-seven Lightnings converged on the Skaneateles Country Club, perched on the northwest edge of Lake Skaneateles, a pristine glacial finger lake in central New York. It isn't all that unusual for a group of one-design sailboats to get together for a regatta, but when over 200 boats gather for a two-day event on a lake only a mile wide, you have to ask? What is going on?

This year marks the 50th Anniversary of the Lightning. Olin Stephens' venerable design. In recognition of a half-century of one-design success, the Class decided to hold an anniversary celebration on Lake Skaneateles, the home of the first Lightning. This celebration was planned as a two-day regatta, and the organizers anticipated that 100 or so boats would show up. Were they in for a surprise! As pre-race entries hit 150 boats, people started to scratch their heads. As the list raced past 180, the organizing committees began to worry. Entries continued to stream in, finally stopping at a whopping 227. The Skaneateles Country Club, which is primarily a golf club, found itself in the unenviable (or enviable — depending on your point of view) position of hosting the largest fleet of Lightnings ever assembled.

To those unfamiliar with the joys of one-design sailing, and the Lightning Class in particular, it must be difficult to comprehend why so many boats and crews would converge at a regatta of relatively minor significance. To those of us who have been active in the Class for any length of time (I've been competing since my 12th or 13th birthday) it really isn't all that surprising. The Lightning and the International Lightning Class epitomize the qualities that make one-design sailing such a special experience. These qualities include high-level competition in a tightly controlled one-design, an emphasis on tactical ability rather than boatspeed, impeccable organization both on a local and national level, the opportunity for travel and the making of friends from around the world and all walks of life, the involvement of the entire family, and lastly, the opportunity, put pure and simple, to have some fun.

What you find is that the special joys that come from sailing and competing in the Lightning become a part of your lifestyle. In fact, it can become a tradition. In my mind the overwhelming turnout for the 50th Anniversary Regatta was nothing other than a celebration of this tradition. It was also a great opportunity for a party of monumental proportions.

Boats and competitors showed up from as far away as California and Florida. Eight former Presidents of the Class were present including 86 year-old Karl Smither who watched the current president, his daughter Anne Allen, oversee the proceedings. There were kids of every shape and size, campers, tents and vans. It looked like, and was, one giant picnic.

Frequently, when more people show up for an event than anticipated, everyone's worst fears are realized. If there was ever an opportunity for disaster, this event appeared to have all the makings. However, the Skaneateles Country Club and its members pulled off a minor miracle. Through excellent organization (and a bit of luck) the regatta was run with a Disney World-like efficiency. It was so extraordinary, it deserves a bit of discussion.

Upon arrival you were given a number to place on your trailer that corresponded to your boat-parking location for the weekend. This was in a large grassy field that had the texture and appearance of a golf fairway. After unpacking, all cars were banished to a deserted airstrip on the club property. A school bus ferried competitors back and forth. A hotdog, hamburger, and beer tent was prominently placed next to the clubhouse to satisfy any hunger pangs. And as a last overwhelming gesture, the club was closed to its normal membership for the weekend.

Boat launching appeared, at first sight, to be a particular problem. My crew (my seven-month pregnant wife and 68-year old father) and I had visions of having to arrive before sun-up each morning to get the boat launched in time for the first race. But, like everything else at the regatta, the locals had this one figured out as well. Two or three tractors and as many pickup trucks with hitches were requisitioned from nearby farms for the purpose of getting us afloat on schedule. A team of two or three people and a tractor trailed you and your boat either to a ramp or one of two hoists for launching. They would then return your trailer to its spot. Upon coming out of the water you would call out your parking number, a tractor would disappear to fetch your trailer, and before you knew it you were back parked on the fairway. This process went on for two hours, twice a day. The lack of confusion and the spirit in which this occurred was an unexpected pleasure, especially to those of us hardened by urban congestion.

This uncanny organization had the added advantage of existing in a setting of great natural beauty. Skaneateles is a summer resort town built in the 1920s and nestled close on the north shore of one of the cleanest lakes you are ever likely to see. The homes that ring the lake adjacent to the town are classic examples of Victorian architecture, and all appear to have been recently refurbished to their original splendor. Every lawn and hedge is tweezed. Outside of town, rolling hills dotted with farms appearing like patchwork quilts extend down to the water's edge. To improve upon this already idyllic setting, a Canadian cold front brought a twinkle and clarity to the air that was breathtaking.

You will notice that to this point I have failed to present a

blow-by-blow description of the racing itself. This is because the essence of the regatta had absolutely nothing to do with who won or lost on the water. It was a renewal of friendships, and a celebration of past experiences and the success of an extraordinary boat and class organization.

However, you can't have a gathering of boats without a race, so race we did. The fleet was divided into three groups. There was a "Vintage" fleet comprised of boats built shortly after Olin Stephens designed the boat in 1938. These relics are for the most part double-planked, soft glued, canvas decked, and heavy. What strikes you as you see these boats is the tremendous change that has come to our sport. While the lines and tolerances of the original boat are identical to those of today, virtually every other facet of the boat has been technologically transformed.

The second fleet was comprised of club racers. This was a self-governing group comprised of sailors who lacked either the experience or confidence to race the hot-shots. The last, or Gold fleet, consisted of your normal serious racing crowd.

The racing was confused. When was the last time you sailed in a 200-plus boat fleet on a lake one mile wide in a shifty northwest wind? For most of us this was a first-time experience, and we measured our success by whether we avoided a serious collision or not.

The starts were particularly perilous, especially when running the line on port tack. The best starting tactic seemed to be to position yourself well above the line and then stall, waiting for the fleet to envelope you before the start. Invariably a good portion of the boats were over the line early, allowing you to be hidden from the committee boat. To attempt to approach the line from well to leeward often left you watching 50 or 60 boats disappear up the weather leg as you struggled to find clear air.

The fleet quickly became very spread out, at times extending over two legs of the course. However, it was fun racing because the shifty northwest breeze allowed you to make extraordinary gains if you hit a few shifts correctly. Probably the most memorable moment for my crew and me was the first run of the last race. We had a terrible start and struggled up the weather leg in a dying, erratic breeze. We rounded the weather mark in 60th or 70th position — so far back, positions were irrelevant. It was bad! However, for some inexplicable reason the whole fleet played follow-the-leader down what appeared to be the wrong side of the run. With no option but the obvious, we headed for the opposite side of the course. Sailing in clear air, we watched the rest of the fleet compress and stop. At the leeward mark, we came in hot and fast with the pole well forward, passing 60 or so boats in the process. To say the least, we were very smug.

All the races were punctuated by bigger-than-life place changes, obstacles, and frustrations. Because of the immensity of each encounter, everyone took the attitude of "this isn't real." You found yourself laughing at situations you normally took very seriously.

When all was said and done, Brad Read was the winner of the Gold fleet, Peter Roulin the champ of the Vintage boats, and Don Barter took the silver among the club racers.

The 50th Anniversary Regatta will be remembered by everyone who took part as an overwhelming success, and certainly sets the tone for the Lightning class to prosper. We can all look back on this event as a celebration of the special joys of one-design sailing, and it should be an inspiration to

other one-design classes as an example of what can be accomplished. To me the spontaneity of this event is the true measure of what the class has done. When you have all the ingredients right, look what happens.

A CANADIAN 50TH ANNIVERSARY REGATTA

by Timothy Harris
Pointe Claire Yacht Club

The lure of sailing at Skaneateles amid a huge fleet of Lightnings caused quite a stir at Fleet 499 Headquarters in Pointe Claire, Quebec. Our current Fleet Champion and President, Tony McBride squeezed crew, wife, box of tricks in to the station wagon and with Lightning 14200 in tow went off to Skaneateles on Friday, 1 July for a 4½ hour drive down there.

On that same Friday evening back in Pointe Claire, a few of us in 13519 were knocking back a few refreshing ales when the concept was aired that "Wouldn't it be fun to go too". Of course, we still had to derig, load-up and go, plus we had to pay an entry fee, find accommodations and excuse ourselves from wife, family and loved ones and race into the horizon.

Like good sailors everywhere, we jettisoned all the extras (including the Lightning), took only the bare essentials and made plans for an early morning get-a-way to boot. The next morning we arrived in Skaneateles as three bright-eyed Lightning sailors without boat, without entry forms and without accommodations, but with a full case of beer and a manic desire to get on the water and "Be in it."

Our first view of the lake at 8:30 AM was from the town dock. Already 20 or so boats were sailing and we were ready to blaze into the country club and go. The big sign saying, "Welcome to the Lightning 50th" just spurred us on and we went only to be stopped by a rather big man in a blue suit with a gun in a holster who stood at a gate and said, "You can't drive in there". "Why not", we asked? "Well, you're not registered", he said. "So where do we park", we said. "Over there a mile away", he answered. "OK", we said, "We'll go", and we did. We walked in the traffic until another man in a blue uniform with a gun in a holster said, "Hey, you can't go there. You haven't got an orange spot on your windshield". "Orange spot, what's that", we asked? "You automatically get an orange spot when you register", he said.

Gloom set in. No registration, no orange spot, no spot, no park, no sail, Awhoo! Brainstorm! How about we take the ferry and watch the races". Consensus OK. We drive like buggery to catch the ferry. We park on a meter and plug it with Canadian quarters. A spring to the dock but too late. All gone. Now it is 9:30 and we're out of luck.

Time for a quick intense thought. We review what we know. Gun in holster won't let us park or let us into the country club. But who is to say we can't smile and ask for "late registration" consideration? We whip back to the C.C. This time gun in holster says "Late registration? Gee, I don't know, but maybe you better try the C.C. Go on in". "Thanks", we chorus and like a terrier down a fox-hole, we're four wheel drifting around the putting greens and fairways up the road to the C.C.

"Uh, we're late registrants", we insist. "We want to sign up and sail". "No problem", says a bloke in a red jacket. "Park in the lot and go in the office, sign-up and pay-up, get your kit and then park the car over in the lot a mile away. But, you

had better hurry, it's getting late". "Thanks mate", we say and do just that.

An angel called Daddie Kelly listened to our pitch, got the drift of the story and immediately got us squared away with free orange spots, T-shirts, posters and an information package. The foredeck crew parked the car while the middleman and skipper walked through the rapidly emptying car lot and sought a ride. No luck!

We watched as Lightning 1 went in the water and sailed south. We feared that would be it for sailing. We were just out of luck.

Brainwave! We rush up to Mrs. Kelly and ask if there's any other late arrivals who might be short of crew. "No", she says, "but I heard Tom Allen Sr. is looking for a crew. We arrive back at the docks just in time to see Tom away with a full crew. No luck there. Back up to the office we ran, polling every sailor we say, "Hey, you need a crew", we bleated. "No, No, and more No's".

Now here come the foredeck crew back from the parking lot, complete with zinc nose, life jacket, gloves, gear and a big grin. "Hey, who are we sailing with", he asks? "Well mate", we apologize, "there is no sailing for us, but we can watch for free from here". No sailing on a perfect upstate New York day with wind sunshine and a freshly zined nose", he grimaced. "Gee, what a waste of time". ...grumble ...moan...etc.

"Hey look, a car with a Lightning in tow is coming up the drive. Let's go". And go we did. "You need a crew", we asked? "Too right I do", said skipper Georges Peter from Barrington, R.I. "Give me a hand and we'll rig quick fast and I'll take one of you". Now, as everyone who knows the Lightning well knows, six people take three times as long to rig a Lightning than two people who know where everything is and where it goes, but we got it rigged right away.

Emissaries were sent to the chief tractor driver who got us in the water in record time. Straws were drawn and one of us luckily got on the water and sailed two races on Saturday. Results don't matter. It was great to look back on the reaches and see two hundred-odd boats skipping down Skaneateles Lake even though the skipper had to yell "trim" often. It was a magnificent day.

Somebody won the races, but everybody had fun. It was a treat just to be there; to be part of a historic event and to visit

the birthplace of the Lightning. It would have been even more magnificent had we sailed our own boat and all of us got to sail, but as it turned out, one of us had a truly remarkable day and two of us got to be in the sun and drink ale and watch probably the biggest one-design fleet racing in North America this year.

The "on the water" activities were well managed including the lunch distribution and race management. The blokes with guns in holsters were a bit much for us timid Canadians, but the warm reception we got inside the country club outweighed all that happened outside.

If you missed it, you missed something very special and unique. There may be other regattas that stand out in our minds for one reason or another, but right now, the 50th Anniversary Regatta at Skaneateles was the best. Don't miss the 75th and oh yes, don't forget the boat.

12,000 PLUS MILES FOR A 50th ANNIVERSARY CIRCUIT

by: Scott Finkboner
Mission Bay Yacht Club

1988! What a wonderful and fantastic year this was! It was a year of traveling across country not once but twice to attend the major Lightning Class Regattas. Was it for the love of the Class or the competition? Could it be the chance to meet Class people? To pick up a couple of new boats? To experience the 50th Anniversary Regatta? To promote the North Americans in San Diego? A rematch at billiards with Dick Hallagan? Or just plain fun? This was a year to experience all of this and more.

It all started with the Southern Circuit. This would be my first. I had heard so many great things about it I could hardly wait. Just imagine, three regattas on one trip! There were a few minor problems in that I had sold my Lightning in October and obviously needed a new boat. Dave Nickels came to the rescue to deliver a new boat to Savannah. I also needed a crew and Judy Walker arranged that.

After a 47 hour trip along the southern route including rainstorms in the southeast, I arrived Friday at the beautiful Savannah Yacht Club and spent the morning watching Bill Shore and his Olympic Gold Medal crew practicing. The boat arrived later that afternoon on schedule. Several of the experienced sailors advised me not to get too disappointed if I couldn't find my way through the tullies and I didn't. Anyway, the regatta was a lot of fun.

It was off to the next leg at St. Petersburg, FL and the Midwinter Championships. The drive there was broken up by the great hospitality and barbecue at Fisk Hayden's home outside Orlando. We didn't have any trouble finding his house as there were 15 cars with Lightnings parked on the street.

The 47 boat fleet at St. Pete's was highly competitive. The

beautiful St. Petersburg Yacht Club was once again, a proud traditional host. The winds blew and the winds didn't blow. The entire regatta experience was bone-chilling. No where else could you top the unbelievable cruise ship style awards banquet dinner.

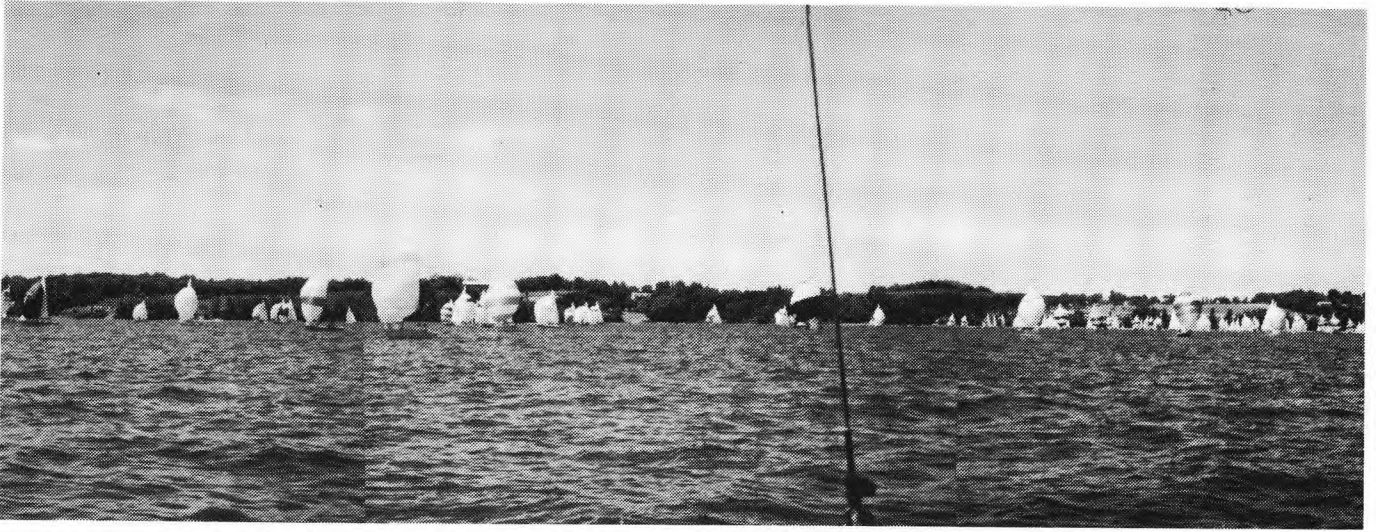

The Miami Championship was equally competitive. The parties, get-togethers and hosts were all fantastic. All the Lightning sailors crashed the SORC Party with plenty of food and music to start off the regatta. We sent those sailors off to Nassau in great style.

The whole Southern Circuit was exciting, fabulous and sensational fun. I would advise all Lightning sailors to experience this at least once if not every year.

I returned to Mission Bay Yacht Club Sunday morning in time to recuperate and begin to tune-up for the California Circuit in San Diego. The Circuit consisted of a five race series on South Bay, San Diego and out of the Coronado Yacht Club. There was a 18 mile race from Coronado Y.C. out to the ocean and back into Mission Bay Yacht Club, followed by a five race Ocean Series off Mission Beach, the site of the North Americans. The California Circuit lived up to its reputation again by sailing in a great variety of wind and wave conditions as well as an incomparable social calendar.

There was one more chance to promote the North American's in San Diego and that was at the 50th Anniversary Regatta at Skaneateles, New York. The excitement of this Regatta had been growing all year. I was in a high after winning the California Districts in June and expecting delivery of my second new boat from Nickels. After stopping at

Nickels Boat works in Fenton, MI, I met Colin and Karen Park at the Canadian border checkpoint at Port Huron. They graciously invited me to stay at Matt Bryant's home in Buffalo after learning of my long drive from San Diego.

Needless to say, the 50th Anniversary Regatta of the Lightning Class was exciting and unforgettable. The feeling of "just being there" was spine tingling. Could anyone have imagined 227 Lightnings would attend? I personally would have traveled 10,000 miles for this one two-day regatta. To see the first Lightning, the designers Stevens, so many past Presidents, to have a crew from Colombia, Rudy Salmang and his son and so many truly dedicated fellow sailors sailing a boat which is truly the best of both worlds was in the least an overwhelming experience.

The culmination of the 50th Year of the Lightning was the North American Championships hosted by my own fleet at Mission Bay Yacht Club in San Diego. At least I didn't have to drive far for this one, but I suppose if it had been in the east I would have been off again. The weather was fantastic, the competition close and the social events enjoyed by all making the entire event one of the best.

The entire year's experience was truly unforgettable. So many great events and so many great people all dedicated to Corinthian sailing in the finest tradition in the greatest Class and One-Design boat in the World.

The Outer Reaches: Lake Sailing

by Brad Read
Shore Sails

Skaneateles, Savannah, Rochester (Newport Yacht Club), Red Bank, Old Hickory, Devils Lake, Buckeye Lake, Lake Bomaseen, Mallets Bay, Spofford Lake What do these places have in common? These and so many other Lightning strongholds, are small lakes. Much of the sailing which we do in this Class is on enclosed (or relatively sheltered) bodies of water. Closed course racing on inland lakes and rivers is by far the most fascinating and fast paced sailing around. The great part about Lake sailing is that the race is never in the bag for anyone. Whether you are way behind or way ahead, don't quit. Positions can change faster than you can say ...

Topographical Influences.

Imagine yourself in the middle of a large city with skyscrapers all around. It is blowing 25 from the west, but while you are walking through the city you get buffeted by wind whipping around buildings from the south, southwest, north and even east. Much of the time there is actually no apparent wind at all. Now imagine a river smack in the middle of that city. Chances are that the buildings will have a large effect on the breeze and your approach to the racing in that particular venue. The same thinking should be applied to any inland lake where breezes come off the land. A knowledge of the way the land will effect a breeze will go a long way in determining how to sail your race course.

Common sense would tell us that wind will travel easiest through low spots and will have a hard time when blocked by a hill. Therefore sailing towards a low spot may help get

you to more breeze than the competition. On reach legs, if the rhumbline will take you to the lee of an island or a hill, it would behoove you to sail a course which brings you away from the lee of the hill. Those who take the high road will tend to get stuck under the lee of the hill, while those who stay low can pick up lots of distance and boats by staying in the most breeze.

While going upwind, the landscape can effect the lanes of wind traveling across the lake to hills and a low spot upwind of your race course can significantly funnel the wind through the slot of the land. By doing most of your sailing in that slot, you can assure yourself of sailing where the most wind lies. One side or the other of that lane could potentially be favored over the other, depending on the angle that the wind is traveling across the hill.

Upwind sailing on inland lakes takes a special type of patience. One can usually count on having the breeze shift back and forth quite frequently. One side of the course can have a completely different wind than the other. In fact, in some cases the guy 20 feet to the right of you can have 15 degrees different wind angle and 5 knots more or less breeze in his/her sails. One thing always to remember here is ... sail with what you've got. If you are stuck in an area of the course which has been getting hammered by the other side, don't lose control and attempt to strangle your crew because your boat missed a shift. You can't beam yourselves into another part of the course. Sometimes you can't even get to the shift with a power boat in time to take advantage of a breeze line that has swept down one side of the course. By reacting to the winds around your boat you will always be able to work your way into the top 1/3 of the fleet even if one side took off in the first part of the beat.

Heading for the mark:

When sailboat racing, we obviously want to get to the windward mark as quickly as possible. One way to accomplish this is by simply sailing on the tack closest to the windward mark. By reacting quickly in the shifting conditions, you can determine if you are heading for the mark. By putting your head on your shoulder and viewing out of the corner of your eye, the windward mark should be plainly in your view. If it isn't there you had better have a very good reason for not tacking on to the closest tack to the mark.

Puffs

How do you determine whether the breeze line you see is going to be a header or a lift to you? Breeze lines, or puffs can arrive in very different ways. Eyesight is crucial in determining what that breeze will do to your heading while going up or downwind. Some will force you to tack as soon as the puff arrives. Others will lift the boat's heading and allow you to continue on that tack throughout the duration of the puff. By examining each puff before they reach the boat, you will be able to find out the best way to get to that breeze, and what it will do when it gets to the boat.

When you approach the puff, try and determine which

way the puff is moving in relation to the horizon. Sometimes you will find that wind lines will miss you even though they are close enough to effect the guy 20 feet away. If the puff is coming towards you from a beam, pinch up if you can get into the puff sooner. By placing yourself to leeward of a puff you can assure yourself of a lift on that tack.

If the puff is approaching from the bow, you can be sure that it probably will be a heading puff. Depending on where the mark is, you will probably want to tack to be on the lifted part of that line. These breeze lines offer the opportunity to tack as the line gets to the boat. Unlike the open water sailing, which forces you to dig into the shift, you can get away with tacking on "edges" because the breeze lines are more definitive, and the puffs more compact. This allows you to bounce off of each cell of wind on your way up the course without getting into a corner.

A "fan", or "cat's paw" is the most common breeze line which we experience on the inland lakes. The fanning puff appears as a gust of wind touches down onto the surface of the water. Many times, the puff will spread out rapidly, so that the different sides of the fan have different angles of breeze. One side can lift you on the tack that you are on, while the other side could make your boat fall off or become headed. If the boat stays in the fan long enough, it can actually experience both sides of the fan. Depending on the way you need to go will determine how to use the puff which comes down the lake. The options are great, and the time to decide, short. A typical conversation up the beat of any of the races at Skaneateles went the following way.

It is thirty seconds or so after the start, and the last boat called over early had finally gotten off our breeze (thanks a lot, Jody)!

Brad: "Where the heck are we?" (heck??)

Bill: "Okay, we're just left of center of the beat, a small puff to our right, and good speed."

Brad: "Should I pinch up to the puff?"

Bill: "No keep driving. It'll get to you."

Will: "The entire right side of the course has a huge right hand breeze. I think Tom Allen is the leader, but he's a little bit over the horizon so it is hard to tell." says Will Jeffers ever so delicately.

Brad: "What?!!" Brad says (screams). "I can't believe you...er...we missed that!"

Bill: "We couldn't get to that breeze by car if we had to. Let's just sail with what we've got."

Brad: (apologetically) "Okay, are we heading for the mark?"

Will: "Yeah"

Brad: "Alright! Puffs Bill?"

Bill: "One coming from the bow."

Brad: "Is it a fan?"

Will: "Yeah, hang on a second. We can tack so that it'll be lifting us on the other tack."

Brad: "Will we be heading towards another shift?"

Will: "Yeah! Looks like this one will carry us towards another puff, but looks like this one could last a while."

Bill: (Mr. Conservative.) "Yup! And this will get us back in the middle and heading for the mark."

Brad: "Tacking."

After the Tack

Brad: "We seem to be up on this board. How does the right look?"

Bill: "They're still up on starboard, but they don't have the

Brad and crew accept First Place at 50th Anniversary Regatta.

breeze that our group is in."

Will: "Yeah, I can even see Tom Allen's numbers now." (Bill finds this amazingly funny.)

Brad: "Who else are the leaders?"

Bill: "Well, we're second, or third in our group. The left looks light and they are coming with us. The right looks best now but with no wind."

Brad: "We're starting to drop into a lull."

Bill: "Yes but we're still on the favored tack to the mark. Some of our group is starting to dig back in to the left, but there isn't any breeze over there."

Will: The folks on the right are getting into a breeze line, but it doesn't look like they are lifted."

Brad: "Are they on the wrong side of something?"

Bill: "Don't get cocky, but you are right. Let's tack on the leeward part of this fan and we'll be lifted on starboard while they have the puff in front of them and are pointing right at us on the same tack. By the way who asked you anyway?"

Will: "I hate when he's right."

Brad: "Call it."

Bill & Will: "Go."

By understanding the puffs and lulls a little better in lake conditions and how to determine their effect on the boat you can improve your position dramatically on those inland lake regattas. If my coach during college sailing drilled anything into our heads, it was to keep you head out of the boat. Get in tune with your environment don't get caught up in looking at a compass, telltales or sail shape for too long. Practice keeping your eyes on the telltales which your surroundings offer you. Other boats, flags on land, a smoke stack, wind on the water, topography and common sense will give you a new perspective on lake sailing. True, lake sailing can be weird, but if you keep in mind that some of the best lake sailors are known to be a little strange themselves, maybe we can all relate a little better to the big picture of lake sailing.

TO FATHEAD OR TO FLATHEAD

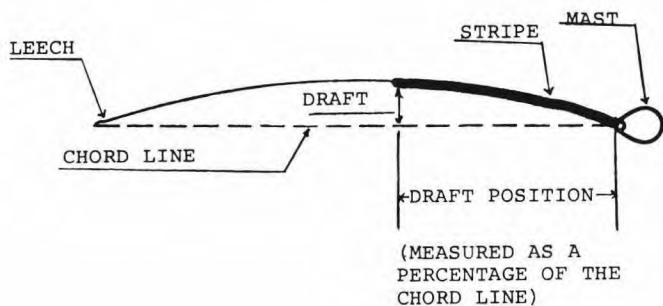

by Ched Proctor
North Sails

While racing the modern Lightning with the newest generation of sails, we can set the mainsail with an infinite variety of shapes through adjustment of mainsail and mast controls. In this article, I will focus on the 8-12 knot wind range where it is not always clear just how one should set the mainsail (not that it ever is)!

There seems to be a definite transition point around 10 knots when one wants to shift from a "Fathead" trim to a "Flathead" trim and back again depending upon the conditions. When the transition point for this trim change comes, there suddenly seems to be a significant disparity of boat speed within the fleet. I find that by correctly knowing when to make this shift, it is possible to make substantial gains. For instance, if the wind is 8-12 knots, either a two knot apparent wind change or a slight change in wave pattern seems to require this shift for the best boat performance. Notice, I say "apparent wind". The difference between getting out of a tack and being up to maximum speed can justify a complete shift from "Fathead" to Flathead" trim due to increased apparent wind.

DEFINE "FATHEAD" AND "FLATHEAD"

The upper picture on the opposite page shows the "Fathead" trim with the lower picture illustrating the "Flathead" trim. To make the pictures easier to use to see the shape to which the sail is set, we have added three stripes. Focus on the upper two stripes. Try placing a straight edge between the front and back of the stripe and notice the distance to the deepest point. This we call the "draft" and how far the deepest point is located from luff and leech we call the "draft position". One can actually measure these two quantities as a percentage of the "chord length" to define the way the sail sets. The diagram below illustrates these terms.

Actually these terms are some of the inputs we use in our computer program to describe a sail shape when we design the sail. There is only one shape to which we design the sail but you as a sailor can set it with an infinite variety of shapes. More of that later!

In the "Fathead" picture, notice the draft is much greater than in the "Flathead" picture. The draft position is also nearer the mast in the "Fathead" trim. The most noticeable characteristic is that the curvature of the middle of the stripe

Ched Proctor at Sail Loft

is greater in the "Fathead" trim than the "Flathead" trim. This describes the difference in the two trims on a horizontal plane but there is also an equally important vertical aspect to the shape description. This vertical aspect is a little harder to see from an "on the boat, under the boom position" as pictured. From directly astern the boat, you would see that the "Flathead" trim is also flatter from head to foot.

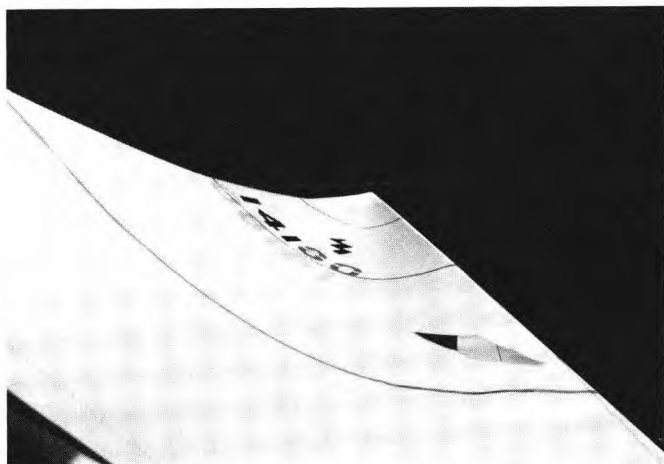

In the under the boom pictures, you can see some differences in the curvature at the leech against the sky. In the lower part of the "Flathead", the leech is curving less and in the area of the upper batten, there is a more severe curvature. Overall, the sail is flatter vertically than in the "Fathead" trim. This is just as important as the horizontal aspect of the shape difference.

Keep in mind that both of these trims are for moderate breezes, there being only a slight change in the power generated by the trim. In the case of heavy air, we would depower the rig by adding some vertical curvature. This lets the upper batten point to leeward enough to let the sail develop less power so we can still keep the boat flat in an overpowering breeze. However, in both the "Fathead" and "Flathead" trim we keep the sail trimmed with the sheet so that the top batten is parallel to the boom. When the sail develops less draft, we need to flatten it vertically in order to keep the top batten parallel to the boom. By using the hard trim as in the "Flathead", we still maximize side forces for medium condi-

tions but allow a closer angle of attack than with full trim. This means we can point higher. The heavy air trim not only has a flat draft but in contrast to the "Flathead" trim, is highly twisted with the top batten pointing well to leeward to reduce heeling. We are talking about a fairly specialized trim in our "Flathead" trim.

HOW THE ADJUSTMENTS ARE DIFFERENT

In order to be able to get these two sail shapes and shift back and forth easily, your controls must work well. I think the mistake most sailors make in rigging controls is to use

too large a line size to run through the blocks and cleats freely. I also like to use a 4:1 on the backstay instead of the more common 8:1 purchase. This gives me an instant response in sail shape with only minimal hand movement. There is also more "feel" due to less friction and purchase. I can feel the pressure on the backstay without looking aloft each time to visually check the shape of the sail. I do look up frequently to check the shape in the critical upper part of the mainsail but with the 4:1 backstay, I have a second sensory input as to where I am in the range of adjustment.

To adjust to a "Fathead" trim

1. Backstay slack or only enough tension to keep the headstay from bouncing around
2. Outhaul slack 1½"
3. Cunningham (Smart Pig) slack or only enough tension to remove wrinkles in upper half of luff
4. Mainsheet eased so top batten in parallel to the boom

To adjust to the "Flathead" trim

1. Pull backstay down 4"
2. Leave outhaul slack 1½"
3. Cunningham (Smart Pig) to keep draft in the middle at the top stripe. At this point, wrinkles will be removed from upper two-thirds of luff. The wrinkles are much less prominent than with the "Fathead" trim
4. Mainsheet trimmed down 3-5" to keep top batten parallel to boom

Thus the adjustments one makes to change from a fat to the flat trim are to pull on the backstay, cunningham and mainsheet. This is the tightest you will ever trim the mainsheet as you pull the boom almost against the bridle block. For these adjustments to work, you must have your mast correctly tuned.

Now that we can see how to set the sail to a "Fathead" or "Flathead" configuration, we can consider the hard part, that is, when do we use each. The "Flathead" can point higher than the "Fathead" since it had less vertical curvature and provided there is sufficient wind relative to the waves. This "Flathead" develops more side force and less forward force and also tends to develop more weather helm for a given angle of heel. This promotes higher pointing if it is used when there is sufficient pressure in the rig (wind on the sails). However, the "Flathead" is more susceptible to stalling. The more curvy "Fathead" can accept a varying angle of attack and can keep working when the boat is being bounced by waves. This gives it a wider steering groove.

"Fathead"

1. Has a wider steering groove
2. Works at a greater angle of heel
3. Sails lower and faster

"Flathead"

1. Points higher as a result of greater weather helm
2. Requires sailing with less heel
3. Requires one crew to weather or on-the-rail with the other in the middle of the boat.

When sailing a race in moderate conditions, how do I know which shape to use? It is one thing to say that you should use "Fathead" up to 9 or 10 knots and at 12 knots go to a "Flathead". I feel that the boat really changes at somewhere about this wind strength but it is not easy to say exactly how hard the wind is blowing. Also, it is considerably different depending upon wave conditions and even air temperature! So you need to learn it the way the top sailors do and that is "TO FEEL IT". How one learns to do this is not an easy thing. A top-rate helmsman once told me that he couldn't steer a boat fast if he was deaf. I think that all the senses are required for sailing fast. Smell? Well, maybe not but certainly the sense of motion, feel and sight. When the noise of water over the hull becomes louder, trim the sheet, sail higher, flatten the angle of heel and adjust the backstay

to keep the top batten parallel to the boom. Simple, eh?

To more fully understand a little of the feel involved, let us look at the technique of sailing through a wave. When the wind is light relative to the waves, the boat needs to be heeled over in order to keep moving through the wave. I think of the shape of the Lightning as being analogous to a box with a flat bottom and corners. By heeling the boat enough so that the corner hits the waves first rather than the flat of the boat's bottom, there is less resistance from the wave. However, the sails and centerboard don't work as efficiently when heeled over. When the wind is a little stronger relative to the waves, you can hit the waves more with the flat of the bottom. You can keep the boat flatter and the greater pressure on the sails and centerboard pushes the boat through the wave effectively overcoming the added resistance of the flat bottom hitting the face of the wave first.

When the waves are coming square on or slightly to the weather side, we can do better pointing a little higher thus getting the waves to it from the leeward side. This is why it is often slow to drive off to much in a wave. When the wave comes from the weather side, it pushes the boat to leeward. The centerboard overloads increasing its angle of attack and causes the flow on the weather side to become separated and turbulent. In other words, the centerboard stalls out. This is slow and low. In a moderate breeze when one crew is just to the weather seat or rail and the other at or just above the middle in order to keep the boat balanced, we can sail a little higher to get the wave to come straight on or even slightly to leeward. This may happen on starboard tack when the wind has shifted right or on port tack when the wind has shifted left. To sail a higher pointing angle with the main set full, it may luff a little. We can then go to the "Flathead" higher pointing shape in order to keep the main working effectively at the higher pointing angle.

When the wind relative to the waves becomes a little stronger, you can point higher by keeping the boat nearly flat going into the waves. The pressure on the top of the main and on the centerboard becomes great enough to reduce the pitching when the bow hits the wave with the flat of the bottom. I feel that the boat actually develops a bulldozer, wave flattening mode and its kinetic energy is great enough to bang through the waves. At this time, there is enough power in the wind that one crew is almost on the weather rail and the other in the middle of the boat. When we go to this point, we retrim to the "Flathead" shape.

On the opposite side of the coin, if you try to keep the boat flat when the waves get too big relative to the wind to slam them with the flat of the bottom of the boat, you may know it by doing it wrong. The boat slows down, goes completely flat and all feel resulting from weather helm disappears. The leeward telltales on the front of the jib go dead and "Oh, is it painful". The Skipper gripes and the crew comments that the fun meter is reading zero. The whole operation comes to a bit of a halt and we have to go to work in order to get moving again. We would have been better off to heel the boat substantially just before hitting the wave. To make this work well, we need sheet and backstay eased off to give us the "Fathead" shape since it accepts the highly variable angle of attack when the boat is pitching going into the wave. Let's take a look at what happens to the angle of attack as the boat pitches going into waves. As the bow goes up when first hitting the wave, the top of the main goes aft. Thus as the apparent wind comes aft, the top of the sail is

sailing on a reach, therefore it must be twisted off to accept the wider angle of attack at the upper part. As the bow comes down the apparent wind comes forward. The tendency will be for the front of the sail to luff in the upper part but this is not really as detrimental as stalling on the backswing. The angle of attack is varying so we want the "Fathead" trim when the boat is pitching. You need to try going through the waves both heeled and flat to see if the relative wind to wave is such that you want to "Fathead" or "Flathead". The "Fathead" trim is used with greater heel than the "Flathead" trim.

In real smooth water, we can go "Flathead" in much lighter wind than in rough water. That's because the hull reaches maximum speed easily in the absence of any waves and by pushing it harder with full twisted sails it can't go any faster. We can trim the sails flatter and this lets the boat go higher at the same speed. Also, in smooth water, the boat's greater speed increases the apparent wind which again lets us go to the flatter sail shape.

We have yet to mention what happens to the jib as we change trim. The load from the backstay is transferred by the mast into the headstay. As we go tighter on the backstay with the "Flathead" trim, the headstay is allowed to sag less and this makes the front of the jib become straighter. The straighter front of the jib makes it easier to sail higher and thus aids the "Flathead" trim in producing the higher pointing mode. When the backstay and mainsheet are eased giving the "Fathead" trim the lighter load allows greater headstay sag. This lets the front of the jib get rounder. Combined with a looser cloth tension, the jib is also fuller and more powerful which keeps the boat moving through the waves. The rounder front also lets you sail lower and thus develop more speed. It can accept a varying angle of attack better as can the "Fathead". So, the same variation of performance characteristics happen with the jib as happened with the main when the boat is properly tuned. This makes the steering groove wider when the boat cannot be steered accurately due to the waves.

To summarize, we should "Fathead" when:

1. The water is rough and the wind light
2. The boat balances with chine-7-10" out of the water
3. Crew needs to be in the middle and to leeward for balanced trim

We should "Flathead" when:

1. The water is smooth and there is significant wind to make the boat reach maximum speed
2. We can point high enough to take waves on the leeward rather than the weather side
3. Chine must be just clear of water to keep the boat balanced

By keeping the boat balanced, I mean that weather helm is only enough to give the proper feel. The boat should be able to head up without pushing the tiller to leeward but be able to be pulled down to course with only two finger pressure on the tiller.

The fascinating thing about the sport of sailing is that every day the conditions tend to be a little different and require a different trim, response or technique in order to get the best result. This is where practice pays off because by practicing, you learn to feel the boat and respond to what this feel tells you it needs to go fast. Also, getting on the race course early before a race in order to psyche out the conditions, you can determine what is needed to go fast.

WHY DO I DO WHAT IT IS THAT I DO?

by David Nickels
Pontiac Yacht Club
Nickels Boat Works

When Olin Stephens designed the Lightning in 1938, I don't think he had any idea that it would affect someones life such as mine. I was born two years after Lightning I was built and didn't see one until I was two. Obviously I didn't know what it was, but by the time I was five my dad (Herman), Bill Furey, and Harvey Foote were building three of them — 840, 1565, 1566. All I really remember about 1565 is when dad had to turn the boat on its side to put it on the front porch to finish it. I still hear stories about the first boats all the time.

Dad started building Lightnings to order in the late forties. In 1950 he and Clarence Holman formed a partnership as Nickels & Holman. Then came my big break! In the summer of 1954 at 13 years of age, I was running short of cash to buy my new Sears J. C. Higgins 3 speed lightweight bicycle. But Dad always had the answer! He set it up with Clarence for me to work at the shop to earn the money. For me it was my big break!

From that day I started to learn to build Lightnings from the ground up. Being lowest on the totem pole I got all the jobs no one else wanted. I kept looking over shoulders and by age 16 could build the whole wooden Lightning hull. I also learned how to block sand them by hand extremely well because no one else wanted to do it.

During that same time span I started crewing. I saw the skipper be the first one in the boat to use the newly invented cam cleat. I crewed my first Internationals with Dad in 1956. In 1957 Dad and I co-skippered his boat on Lake Fenton. In 1958 I got my first Lightning — 6633. Due to my lack of wheels, I did most of my sailing on Lake Fenton.

1959 was a good year for me. I graduated from high school and crewed for my Dad when he won what was the last Internationals. It was the last year of the old format for national competition. The following year the I.L.C.A. went to the 1 boat for 25 paid and the 3 qualifying with five championship races. In September, I started college, which for me would last one year.

In 1961 I was back working at the shop. I also built my new boat — 7877 from scratch while recovering from an appendectomy. By this time I had wheels, so I started attending more regattas. Michigan has a good regatta circuit. From Lake Fenton the closest regatta is about 45 minutes driving time. The farthest regatta only about 3½ hours away. Michigan regattas start about May 1 and run through the first weekend of October.

I qualified for my first North Americans at Bay City Yacht Club in 1961. Naturally, they were right next door in San Diego, California! I was able to put together enough funds to make the trip. The entire trip ended up costing me \$180.00. On the way home I had a very odd thing happen to me. I was driving through Rawlins, Wyoming looking for a Mobil Station because my car was low on oil. I pulled into

Dave at the helm.

one and while I was changing shoes in the doorway of the car a man walked up to me. He said he saw the Michigan license plate on the boat and said his cousin was due through Rawlins anytime. He introduced himself as David Emerson, which is my first and middle names. He was my Dad's cousin who I am named after.

The years of 1964 through 1967 were important years for me and the Lightning Class. The transition from wood to fiberglass sandwich construction presented many problems. Some of these problems haunted the class well through the seventies. Since I was working for Nickels & Holman, all of the changes in construction were challenging for a Lightning builder. It also saw the number of builders decline from as many as ten down to about five. We also saw the number of Class boat numbers issued drop from about 350 per year in the fifties, to 200 per year by the mid seventies and 100 per year in the eighties.

I worked for Nickels & Holman until 1974. Too many differences of opinion caused us to part, but we were still good friends, I then repaired boats of all types and sizes at National Boat Land in Farmington and at home. In 1979 I put up my own pole barn behind my house. I was repairing boats up to 28 feet in length in the barn.

In the summer of 1980, my brother George sold his Islander 30. He and my other brother Louie started sailing Dad's Lightning 12330. By August, the three of us decided

that we would each like to have a new Lightning. Friends of ours, Paul Cavanaugh and Morrie Gushen also wanted new boats. On September 15, 1980 we had a meeting in my barn and formulated the plan to build all the plugs, molds and five Lightnings. We started October 1st, launched the first boat May 2nd and the last one August 21 of 1981. The only unfortunate event while building the boats was that Morrie Gushen was critically injured in an auto accident. He did lose an eye, but fortunately not his life! This project also required the patience of four wives and one girlfriend who later became Louie's wife. After eleven months of hard work, with everyone's extra minute spent in the barn, we celebrated by taking them out for a special dinner!

In my opinion, we had just built the finest Japanese Lightning you could build. I call it Japanese because it is a combination of ideas; Ideas spanning 42 years and a combination of many people's suggestions. What we had done was to put as many good ideas in one place as possible. As many people know, this project evolved into Nickels Boat Works. Customers have made suggestions that we have continued to add to the boat. I felt good because we had provided incentive for people to start and buy new boats again!

This approach is the same approach the Lightning Class uses. When it has a job to do it calls on its members to look for good ideas. Fresh ideas combined with many of the traditional approaches are what keeps this Class going. The 50th Anniversary Regatta explains it best. Lightnings came from all around the country. 227 Lightnings registered, with Lightning 1 attending and Lightning 14300 being raffled off. It seemed more like a reunion as generations of families and friends attended. Four generations of the Allen family were there; unfortunately we were saddened with the loss of Karl

Smither later that month.

The spirit of the 50th Anniversary and the Lightning Class is best exemplified by the fact that participants and spectators came from both coasts, Canada, Finland and Colombia.

And the Lightning tradition continued as three generations of my family headed for the San Diego North Americans less than 30 days after the 50th. By plane and van with double deck trailers, we all gathered for the annual meeting of champions. It makes me realize that the Lightning has been a major factor in the closeness which my Father and I have shared down through the years. I would imagine that many of you share similar memorable events as a result of the Lightning "family".

What does all this mean? As I see it, there is a challenge facing each of us who enjoy and love this boat called a Lightning. The challenge is to take a personal interest in seeing that the Lightning tradition continues for another 50 years. My experience is that the most successful way to bring new people into the Class is with grassroots soft selling. It starts at the fleet level with each of us talking Lightning sailing whenever there is someone who is willing to listen. You can't push someone into a Lightning, but once they've tasted the wine they will come back and want to be a part of the greatest group of sailors I know.

It reminds me a lot of the Bartles & James approach to marketing their products. I have never been more pleased that when the folks at the Red Flannel Regatta presented me with the Bartles & James Award — they understand what I'm trying to say. Maybe someday my brother George will even learn to fly the airplane!

Lightning In Finland

Mr. Ralph Vogt, a young Finnish engineer, saw in the spring of 1947 an article and pictures of a boat in an American journal. He was interested in the boat and mailed a letter to the address given in the article for more information. He received the first reply very soon and a little later, more detailed information with the plans and instructions were in the hands of Mr Vogt.

This was the beginning of Lightnings in Finland — it was imported into Finland in an envelope.

The very first Lightning in Finland was made by Mr. Vogt and his neighbor, Mr. Fjalar Frogius, in the boiler-room in the apartment-house they lived in. The boat got the number L-3226 and was christened *Lorita*. Whenever people saw the new boat they were interested in it because the material, used in the boat, was available in Finland and the construction was just right for a handy man.

Next year, 1948, the first Championship regatta was arranged in Helsinki with five Lightnings but in 1949 as many as 19 Lightnings participated in the Championship.

The Lightning Class Association, Finland District is a registered association. More than 100 people attended the meeting in January 1949 at which the association was founded. When reading the minutes of the meeting, one

decision is interesting; the acceptance of the Finnish made sails of domestic material only and prohibition of a spinaker. The reason for these limits was the rationing of material, especially imported, after World War II.

Three fleets were chartered in 1949, two in 1953 and four more fleets in 1958, all in towns on the shores of the Gulf of Bothnia and Gulf of Finland.

The first fleets on the lakes in the Land of Thousand Lakes, were chartered in 1960 and 1962. The late '60s three more fleets were chartered and mid '70s again three fleets. For some reason or another many of these early fleets are nowadays Sleeping Beauties.

District Championships were arranged every year, about 25-30 Lightnings participating, 40 boats as maximum which is quite well in the District of 350 registered Lightnings during the history of forty years.

Lightnings from Finland have participated in each and every European Championship since the First Championships in Switzerland in 1956.

In 1958 Finland was the first time host country for the Europeans. Mr. C. J. Allan, President of ILCA, report is good reading for those interested in knowing how the Europeans were organized.

Ralph Vogt (1988) was responsible for the introduction of the Lightning into Finland in 1947.

It was very challenging to participate in Europeans as well as Worlds in the '50s and '60s, especially for transportation of boats. The best arrangements might have been in 1966 when the Finnish boat L-9441 was loaded on the deck of an empty tanker on the way to the Black Sea and off-loaded on the sea out of Athens and sailed into Piraeus as a surprise or when Mr. Pentti Puupera worked as a carpenter on a ship transporting him and his boat L-10057 to the Worlds in Buenos Aires 1969. The Worlds were in Finland 1971.

Lightnings in Finland have had ups and downs during the past forty years, a lot of experience.

We have a dream and an optimistic view of the future but to come true it needs assistance from all of us and from you, too.

A Winning One Design

by Betsy Alison

Reprinted from Yacht Racing/Cruising (partial) - Updated

In 1938, who would have imagined that the arrival of the Lightning on the sailing scene would create an international one design Class which now numbers more than 14,000 boats, with over 4,000 active racers. Obviously, Sparkman and Stephens didn't when they gave up the rights to the boat. Now, as the Lightning has reached its 50th anniversary, its popularity among the young and old racers and daysailers alike around the world is stronger than ever.

The continued development of the Lightning design has accounted for growth within the Class, which has a very strong international organization. Any suggested changes in the boat specifications are carefully scrutinized by the Class in an effort to keep all boats equal. This careful control has allowed innovations, that update the boat without outdating its predecessors. The improvement of the original design appeals to the new wave of sailors, as well as the longtime Class supporters. World champions like Bruce Goldsmith, Tom Allen, Dave Curtis and ourselves are seeing the likes of Larry MacDonald and Brad Read, along with second generation sailors Tom Allen, Jr. and Jody Lutz, compete with them on even terms.

Probably the most critical time in Class development occurred in the mid 50's. Having developed a very successful

Star boat by using the Class tolerances to the maximum, Skip Etchells, a naval architect, decided to do the same with the Lightning. The problem with this at the time was the Class did not publish tolerances for the boats. By plotting maximum tolerances using approved designs of the current builders, Etchells came up with an exceptionally fast Lightning. Today's builders all use these same tolerances to produce fast boats.

During its history, the Class has undergone a series of developmental changes. The original double planked wooden hull has been replaced by self rescuing fiberglass boats. Wooden masts with jumpers were made obsolete by stronger, better performing oval aluminum spars that cost less. Stainless steel centerboards replaced the original steel boards that continually rusted. The adjustable backstay and new bridle/traveller system have dramatically improved the performance of the Lightning in heavy air. Perhaps the most interesting innovation was developed by two brothers sailing in San Diego in the 60's. The Barber brothers devised the jib sheet controls which allowed outboard trim without losing leech tension. These "Barber-Hauls" are now widely used on all racing dinghies.

The Boat

The beauty of the modern Lightning is the boat can be sailed competitively right "out of the box", with little or no modifications needing to be made. Most boats come in at the minimum weight of 700 lbs. and occasionally have lead added to get up to minimum. The hull must be of constant construction throughout and the addition of lead is limited to 20 lbs. in the center of the boat. If more lead must be added to the new boats, it is added in the ends. This keeps the older hulls competitive with the new. The masts are controlled by strict tolerances, guaranteeing one design performance and eliminating the need to make modifications.

The new boats have the four major control lines (cunningham, vang, backstay and traveller) located between the skipper and middle crew. Sail adjustments are made quickly and efficiently. The inside of the deck is now rolled in, making hiking far more comfortable and easier than the old flat deck. Hiking assist lines allow the middle crew some upper body support, facilitating maximum power on windy weather legs.

Of course, you can always tinker, and we have made a few modifications that we believe help our performance. Our jib sheet cleats are mounted vertically rather than horizontally, making jib trim easier upwind and improving the crews ability to play the sail on a reach. The outhaul is led through a bullet block which turns the purchase into a 4:1. Our spinnaker halyard runs aft along the centerboard trunk, through a cleat and to a bullet block which allows the skipper to pull the chute up from any angle. Our jib halyard is a ball lock on a track which leads to the top of the centerboard trunk. Our boom vang is a double lever type that is rigid sideways, removing any slop in the system. Our mainsheet bridle system, which came standard with our boat, allows us to center the boom easily in light air.

Crew

Crew weight ranges between 450-500 lbs., with the optimum right around 485. With a boat this heavy, it is important to keep weight very close together in seas for less pitching moment. The skipper should be the first to sit on the rail as the wind increases for better vision. In our boat, the middle crew is next up. This lets the skipper see oncoming waves while the forward crew can fine tune the jib.

Upwind crew responsibilities

Forward crews: trims jib, reads compass, looks for boats, balances boat heel, adjusts outhaul

Middle crew: works on boat trim, watches for and calls puffs, wind changes, discusses positioning of fleet and tactical situations with skipper, finds weather mark

Skipper: works on speed and tactics, steers, adjusts, minsheet, backstay, bridle, cunningham and vang, makes final tactical decisions

Downwind crew responsibilities

Forward crew: handles spinnaker halyard (if halyard is forward), jibes pole, plays twings (if you have them), adjusts outhaul, looks for boats and marks, play weight

Middle man: trims spinnaker (solely)

Skipper: steers (very well, or else), plays mainsheet, cunningham, vang, backstay

Weight placement

The Lightning has substantial fore and aft round to the bottom, which makes weight placement critical. Thwartship hiking straps, which are in the same position on all boats, limit fore and aft movement to about 1'. Upwind in light air weight is forward as much as practical, keeping the transom up. As the wind increases, weight is moved back slightly to keep the bow up in waves.

Downwind in light to moderate wind, the weight must be forward to keep the back end up out of the water for less wetted surface. Weight stays forward until the bow wave gets too big. Weight is then moved aft slightly, just enough to keep from tripping over the bow. When the boat is planing, weight cannot be moved as far aft as in light planing hulls because of the rocker in the bottom. Weight aft makes the bow stick up in the air, and the back end drags too much. Even on reaches, the weight stays right over the thwartship hiking straps. The only time you would consider moving aft is on a reach when the leeward chine digs in and makes the boat round up.

Sail Trim

Sail trim for both the main and jib is very dependent on backstay adjustment. The backstay should be tensioned slightly for light to moderate winds to keep the headstay from bouncing around. This gives both the main and jib the correct fullness. The backstay should not be any tighter than this until two crew are hiking and the third is just beginning. It then becomes critical to put on enough backstay to keep the boat flat in the heavier conditions for drive but not overdoing it and depowering in chop.

Jib

The jib leads should be set 100" from the luff wire. In very heavy or very light conditions the leads can be moved aft or forward one hole, but this position is very close for any condition. In moderate conditions, jib sheet tension is adjusted so the upper leech of the jib (near the top batten) is 2½" inside the spreader. In very light conditions the upper leech should be 0-1" depending on how light the wind gets. In absolute drifting conditions, the leech may be out past the spreader.

Main

The mainsheet should be tight enough to make the top batten parallel to the boom on a vertical plane (sighting from directly under the boom up the sail). The exception here is in very heavy wind conditions when the top should be more open to keep the boat on its feet. The position of the boom should be centerline up to 13 knots of wind. The bridle for the mainsheet should be set so the traveler block is 11⅝" above the deck. In winds above that, the boom should go to leeward approximately 8" for every 3 knot increase in breeze. Vang sheeting, which is very helpful on most dinghies, doesn't work as well in the Lightning. The boom isn't strong enough to take a heavy load upwind, so in heavy air the vang is just snug enough to keep the leech firm.

Other adjustments that you make to the sails deal with cunningham, outhaul and jib cloth. There should be just enough tension in the cunningham to remove about 90% of the horizontal wrinkles coming out of the luff. The cloth

adjustment on the jib is the same. As for the outhaul, the foot of the main should be tight enough to pull the shelf out in all wind conditions. As the wind increases to hard hiking, outhaul tension should be increased until there are horizontal creases along the boom. Offwind, the outhaul should be eased enough to expose all of the shelf. On windy reaches, the outhaul will only be eased to the point of making the main overpowered.

Spinnaker

The Lightning spinnaker is oversized for the boat. Because of this, the chute is flatter than usual, with very open leeches. Good spinnaker trim on reaches is essential to fast offwind speed, and the trimmer must stay on the ball. In light to moderate conditions, the luff should fold over about 10% of the time. This will provide maximum power without overtrimming. As the wind increases to the 12 knot range, the luff will fold over about 40% of the time, meaning that the after leech is open enough to prevent stalling. When the breeze gets to the point of depowering, the luff should be folding over 90% of the time. In very heavy air, if the sail is overtrimmed at all, it can easily flip the boat over.

On a dead run or broad reaching, the rule of thumb is the same as always; keep the clews even. The pole ring has a wide variance, and ours is about 2' above the gooseneck. This is a good height for reaching and generally fits the spinnaker for broad reaching. If you tend to run dead down in lighter airs, the ring may have to be a little lower, but this will hurt on the reaching legs.

Sailing the boat

Tacking

Always roll tack the boat. The weight of the boat will generally carry through the tack, so tacking in flat water

doesn't hurt much. As the seas get choppy, however, the flat forward section of the boat can cause it to stop dead in a tack. Therefore, keep a sharp eye to weather and tack in as flat a spot as possible. Come out of the tack a little heavy and a little overheeled, then rock the boat flat. This accelerates the boat on the new tack. If the water is flat, overtaking the boat is not necessary.

Sailing upwind in light air, a little heel will generate the helm needed to give you bite to weather. As the wind increases, sail the boat as flat as possible. The centerboard is big but is only about 3/8" thick, so it stalls very quickly if the boat is heeled too much. This becomes even more important as chop increases. The only time you want the boat to heel is coming into a steep wave, when this extra heel makes more of a "V" entry and prevents the bow from slamming. As the breeze gets to the point of overpowering with three hiking, the boat must be sailed with absolutely as little heel as possible. This keeps the leeward chine up, dramatically reducing helm, and also keeps the centerboard from stalling.

Offwind, the helm should be as neutral as possible. This is especially important on reaches when the oversized spinnaker can really overpower you. When the helmsman feels the bite in the helm, he depowers as much as possible through mainsheet ease and hiking. The Lightning sails very fast in this mode, with the spinnaker providing all the power necessary.

Racing To Cruising

(Old Lightning Sailors Never Die....They just Cruise)

**by Jack and Liz Grinder
Cape Coral, Florida**

An ardent Lightning racer, member of Silver Lake Yacht Club, Fleet 47 and the Lake Erie District, Jack raced with his son Mark for many years. Retired now but with the love of the Lightning still in his heart, Jack volunteered his services on the committee boat for the 1988 Lake Erie District Championships held at Silver Lake Yacht Club.

The Grinder Lightning tradition continues not only with son Mark captaining the Lightning now, but with Grandson Matt's first regatta experience, at four years old, which found them claiming third place at the 1988 Cuba Lake Regatta.

I'm no longer a purist

A Lightning sailor, accustomed to racing without motor's assistance, I am aware of those two alternate forms of

forward motion, paddling and "ooching". I learned early in my sailing life to coax the most out of winds' whispers and sails' trim. I've experienced the thrill of hiking out flat with crew to bring my boat through 20-knot winds and first over the finish line. Now I am retired and racing sailboats has been exchanged for cruising sailboats.

When first scouting southwest Florida for a cruising sailboat, I asked questions from habit, "How well does she point?" "What about her racing record?" Invariably the replies were, "...we cruisers do more reaching and running down here."

Alas, no longer do I beat my brains out sailing hard on the wind in 20-knots, the rail awash in the sea...for pleasure, only when it is unavoidable. Bruising one's back while braced against the heel of the boat, hauling on sheets drenched with salt spray, shivering in the wind are more

tiring than exhilarating after 30 minutes and 69 years. I'll don foul weather gear and sail in rain and cold, but only to reach the nearest safe harbor...preferably one with hot showers, cool drinks and a good restaurant.

I listen to NOAA weather station regularly, chart my course and plan the distances I hope to cover each day. No need to be caught 15 miles from my destination because the

wind died before the sun set. I no longer sail when small craft warnings are posted, nor am I too proud to sit at a mooring until I have a reasonable reaching or following wind. I'll reef the main to keep control. But I get a kick out of skimming along with just the genoa flying!

Sure, I'll hang on a hook in a quiet cove as did the mariners of old if it can be accomplished with the amenities of the 20th century. On those occasions when the dink floats astern, I relish my wife's tasty onboard meals preceeded by Happy Hour in the cockpit. Reluctantly, I will admit the warm "daisy" shower is refreshing in an isolated cove supervised by the neighborhood osprey or the visiting pelican.

The marine motor was designed to push a boat through water. No waiting for turning tide when the wind dies. Truly, there is a feeling of confidence bordering on affection for my one-lunger that always runs over and thumps on demand. Yet, the most beautiful sounds to a sailor are those of silence or when the shrouds hummmm in rhythm to the bow wake.

I have a compass. One of the best. It works with a minimal deviation. Will I ever need it? It is doubtful that I will ever be out of sight of land, but reassuring to know it is so dependable.

If your wife shared your racing enthusiasm or if she just enjoys sailing, you have the makings of a good cruising crew. No longer must she sit high on the combing, or hike out to flatten the boat. She can roll down the bimini side curtains and not scrunch against flying spray or drizzly rains. The comforts of cruising are quickly discovered.

How does she point? Speed? Her racing record? This old Lightning captain cruises now.

Liz and Jack live a peaceful retirement.

To celebrate our 50 years we concentrated efforts to increase our participation in the South American Championship, had one representative at the 'North Americans' and organized two Nationwide Championships. For the South American Championship in Chile, Brazil sent a record number of five teams, four of which sailed with their own boats, Claudio Biekarck won the Championship.

The District Championship was held in Niteroi-Rio de Janeiro, organized by Fleet 401 and was sailed with light winds but great enthusiasm.

In November we sailed the "Campeonato Centro Sul-Taca Sonnevig", a Championship with the three "G's", Good Show-up, Great Regattas, Grand Party.

Claudio Biekarck sailed in the 'North Americans' with a tough start but good recovery at the end with a first in the last race.

The great expectation now is the next South American Championship which will be held in Ilhabela, a sea resort close to the city of Sao Paulo. Ilhabela is considered one of the best sailing areas in Brazil.

Our boat building is well developed, having already achieved an international standard of quality and demonstrating outstanding speed.

Fleets: Santa Monica Bay (102); Mission Bay (194); San Francisco Bay (372).

The Lightning 50th Anniversary year was a very good one in the California District. As always, we start off the district schedule with the California Circuit in San Diego. Our three regatta, week long circuit always includes some out of state folks to keep the competition hot. Buffalo, New York is about as out of state as one can get, but it was close enough for Tom Allen, Jr. to swing by on his way home from Florida to sweep all the circuit top honors.

The weekend after the circuit came the three day Alamitos Bay YC Olympic Classes Regatta. This was the second year Pan Am Games boats have been invited, and it is a really high powered regatta. This year it was especially so since this event was a qualifier for the U.S. Olympic team heading for Seoul. They give medals at this regatta, and Larry Swearingen from Mission Bay took the Gold one.

Because the Olympic Classes Regatta is scheduled so close to our traditional California Circuits schedule, we are considering the possibility of combining the two for a long week of super fun, sun and sailing for those who tend to like that sort of thing.

Our District Championships were held at Mission Bay Y.C. as much of our attention was focused towards San Diego this year. We had a record high number of boats for the 'Districts', which is encouraging to think participation is generally improving on a district basis. Scott Finkboner won the Championships rather convincingly.

There are several other regattas every year that keep our trailer wheel bearings screaming for mercy. The interfleet bash Spring and Fall at Lake

Cachuma provides a neutral turf venue to do something different than triangles. The Bowen at Mission Bay, Hurricane Gulch at Santa Monica, and the Hard Chine at San Francisco allow each fleet a home field advantage. The Pacific Coast Championships were held in Klamath Falls, Oregon. All of these regattas had their great stories, but the big enchilada was the North American Championships in San Diego.

The Fleet 194 members and Mission Bay Y.C., should be proud of the 50th Anniversary year North American Championships. What a truly great time, every day and every night. The racing was organized and professionally efficient. And every night something different was planned and attended by virtually everyone at the regatta.

One night was a Mexican fiesta with mariachi's strolling the hoist area during haul out, and flamenco dancers during dinner. Another night was a "California Beach Party" complete with all-you-can-eat-hamburgers and jam packed dancing to a rock and roll band which the partyers wouldn't let go home. Every night there were fireworks from Sea World across Mission Bay. All of the participants, well over 100 boats worth of Juniors, Women, Masters, blue and green and yellow fleters, surely agree this North Americans was truly special.

Thanks, Fleet 194. We all think you are pretty special too!

It is interesting, when you are the person who is selected to write an article about your district's activities, so you look back at old year books to see what has been written about the district in years gone by. I say interesting because there have only been two articles in the last seven years, so that must mean nothing has been happening (which is not true), or no one has bothered to write about it.

I guess I'll have to bring you up to date. Now we have had a 'Districts' every year up to and including this year. In the past the District Champ was determined by the best total points from two out of three regattas. In the last couple of years it is now the best total from two regattas. Participation has been from three to nine boats, with the championship going to either Jim Cameron or Ross Bailey. The 1988 Districts were won by Jim Cameron and crew Janice Cameron, and John MacLeod, second place went to William (Willy) Evans and crew Mark Sandburg and Chris Warren, and third place was taken by Jay Booth and crew Blair Sandburg and Don Ellard.

The District races were held at Loon Lake where winds have been described as light, shifty, flukey, dead calm, frustrating and then when you least expect it Force 1, 2, 3, 4, 5, and wow!!! where'd that wind come from!!! You can be half a leg in front on the last windward and finish last. I know, it happened to me. This is still a great place to race!!! And thanks to the Loon Lake Race Committees for all the years of giving up valuable time to run those races, and to the Lou and Audrey Walsh family for hosting all those great parties. The other half of the Districts was held in late July, in conjunction with the Thunder Bay Wind Jamboree, which also hosted the District "3", Laser and Laser 2 Championships. There were nine Lightnings competing with well over 100 participants in other classes.

The two and a half day event started on Friday night with a semi-race event, the "Treasure Hunt", and event in which elapsed times are taken as you sail around collecting clues and answering questions to find the treasure. This event has become extremely popular and fun. Saturday found

our race committee chairman Bill Kruze on the water patiently waiting for the customary sail-past to be completed so he could start the races. They were underway by noon with light to moderate S.E. winds, slowly shifting to S, SW by about 2 o'clock with wind picking up to about 20. At the end of the day's racing Jim Cameron was holding first with eleven points, Willy Evans in second with fifteen points, Porter Bailey third with sixteen points, and Jay Booth fourth with seventeen points. At this point things were still pretty open. After a great barbeque that evening, Sunday seemed to come a tad too early for some. The R.C. was back out there ready to roll for some exciting racing, but the wind didn't co-operate and she was light all day. By the end of the frustrating afternoon Jim Cameron scored two bullets putting him in strong first place with seven points for the regatta. But as you know some are better in light air than others, Jay Booth (female) squeezed in for two third place finishes to capture second spot overall with fifteen points. Willy Evans slipped into third spot with eighteen points and Porter into fourth overall with 24 points.

All in all the event was a great time, thanks to the sponsors of the regatta, Bailey's Sea and Ski, Labbat's Breweries and Bic Sailboards.

The past few years has been a real change, new boat owners, boats changing hands, more interest in racing, it looks like we're building up. We had two boats travel the 1500 miles to the 50th Anniversary, but unfortunately no one could make it to the 'North Americans.'

Our Lightning cruising sailors are still logging up those miles, Don Ellard, Jack Arnold, Frank Hodder and Charlie Bryan sailed over 150 miles up the north shore of Lake Superior in a seven day period, having loads of fun and excitement. A worthy note, both Don and Jack single handed their boats.

There has been little to no communication from the other fleets in our district. I know there are still boats out there, but I can only assume that there is no action happening. There are grumblings from our fleet to host the 'Canadian Opens' here in 1990 so our efforts will be toward that project in the next year. It will be offered the third weekend in July during the Annual Thunder Bay Wind Jamboree. I promise it will be "wild". We do have excellent open water sailing here. So I wish to all those who read this a great winter, Southern Circuit, and Summer '89. Now don't forget to say hello if we meet at some regatta, and I would like to say Hi! (from me, Jim Mikulinski) to all those I have met and miss seeing.

Fleets: Skaneateles Country Club (1); Lake Delta (4); Crescent Yacht Club (9); Newport Yacht Club (77); Willow Bank Yacht Club (164); Henderson Harbor Yacht Club (225); Keuka Yacht Club (252); Galway Lake Yacht Club (338); Ithaca Yacht Club (484); Port Oswego Fleet (485); Selkirk Fleet (498).

Lightning sailing in Central New York received a big boost this past

summer when our class membership put on what has to have been the largest crewed one-design regatta ever held — right here in our backyard. The 50th was more than a regatta. It was an outpouring of loyalty, a chance to give back to the class, a proof of strength, and an emphatic statement to the sailing world; the Lightning is number one among one-designs.

One result was District membership continued its growth trend of recent seasons, increasing by more than 10% to a high of 122 skippers. Our district is now second only to Michigan in overall membership within the class.

The season traditionally begins the first weekend in June with the "Newport Invitational" at Rochester's Newport Yacht Club. The "N.I." offers a double challenge; tricky bay sailing, and open water racing on Lake Ontario all in one weekend. This unique format produced some interesting swings in the standings. For example, Tom Allen Jr. won all three open water races Saturday but finished fourth with 23.25 points after two races in suicide - er, Irondequoit Bay Sunday.

Larry MacDonald Jr. won this regatta, followed by Mark Bryant, Ched Proctor, TA Jr., and Peter Hallagan.

The Cazenovia Invitational was next on the circuit June 18-19. Sailors from our district love the fickle "Caz" winds, which often seem to originate from boats behind you at any given moment during a race. For Saturday's racing the wind reached its zenith of variability, appearing from above, behind, and I swear, underneath.

Caz also puts on a great steak dinner and party on Saturday night. This year was no exception. Sunday's breeze came in fresh and steady from the South, giving the 24 boat fleet two superior races. Kirk Reynolds won the regatta followed by Dick Hallagan, George Sereno, Dick Doherty and Dave Bull.

Next up was the big one we were all waiting for. CNY supplied 55 entries for the 50th regatta. In the Gold fleet, Jed Dodge was fifth, Mark Sertl was sixth, Dick Hallagan 10th, Jean Hallagan 19th and Jim Gocker 22nd.

Don Barter of Cazenovia led the 30 boat CNY Red fleet, winning the regatta overall. He was followed by Leslie Tuttle 15th, Tammy Jamison 17th, Fred Marty 27th and Jerry Bezner 35th.

In the Green fleet, Craig Thayer sailed his restored 736 to second place on the water. Craig also received a trophy for the highest finish by a Skaneateles built boat.

After three weeks to recover from the 50th, the circuit continued July 23-24 with the Districts at Keuka YC. This year 33 boats showed up to help Walter Taylor of Bully Hill vineyards distribute several dozen bottles of Champagne during Saturday's cocktail party.

This weekend's sailing consisted of long periods of ghosting punctuated by three minute blasts as localized weather fronts swept Keuka Lake. The fleet waited five hours for air Saturday, and then the lone race was thrown out when the last beat turned into a run during a squall and the wild finishing melee was too much for the stressed RC. Sunday the fleet did manage two races. Jed Dodge became District Champion. George Sereno was second, Tammi Jamison second, Tom Doran fourth and Rookie White fifth. The Commodore's trophy went to Dan Koretz and the rookie trophy was won by Tammi Jamison.

Oswego's Michelob Lightning Classic was held August 6-7 at Oswego Yacht Club. Organizers and sponsors were amazed when registration topped out at 52 boats, making the Oswego Classic one of the best attended Lightning regattas of 1988. Lake Ontario provided great sailing both days. In the midst of a summer with generally light winds elsewhere, winds were in the 15-20k range and the waves were rolling. Needless to say, with this many crews in town the party was a success as well. This year the entry fee of \$25 included; steak dinner Saturday, breakfast Sunday, Sunday cookout, skipper and crew T-shirts, and plenty of free Michelob on and off the water. Mark Sertl won this regatta for the third time followed by Bill Wilson, Peter Hallagan, Tom Doran and Dick Hallagan.

The final event on the schedule was the Dulles Cup, a new regatta hosted by reactivated Fleet 9 at Chaumont Bay. Mark Sertl topped the fleet again, this time in his new, new boat. He was followed by Bill Wilson, Clay Murphy, Tom Doran and Tad Helmer.

During the summer, Tom Doran of Oswego took over from Dick Hallagan as District Commodore. Tom also became a Class Vice President during the San Diego North Americans. Thanks to Dick for the years of service and congratulations to Tom.

This year eleven skippers made all three triple crown regattas. Dick Hallagan was first, Tom Doran second and Joe McCloskey third. Around the district, George Sereno had a good season, winning some races and finishing regattas well. Bill Wilson, a well known Thistler, sailed Kirk Reynold's boat in several regattas. Star skipper Myron White got on a Lightning and did well quickly. Mark Purcell of TI Park made every regatta and is on an up curve, and Tad Helmer is back after two years ashore. Former District Commodore Rick Klug returned to the circuit after a couple of seasons away to complete his education. C'mon summer!

Fleet: Yacht Club de Chile (317); Algarrobo (318); Capricornia (319); Higuierillas (342); Pichidangui (346); Club de Yates Pucon (482); Aculeo (490).

The activity of the district during the 87-88 season took place intensely on the national and international scenes.

The official regattas of the National Calendar are made up of the Angamos Cup Regatta (winner A. Gonzalez); the South American Championship Regatta (won by M. Gonzalez); Month of the Sea Regatta (won by A. Oxley); Higuierillas Regatta (won by R. Melero) and the Lightning Cup Regatta (won by A. Gonzalez).

These regattas determined the official ranking of the 87-88 season of the Chile District, which is as follows: 1. M. Gonzalez M., R. Zuazola, G. Novion (11040) (Flota 490); 2. J. F. Novion, L. Herman, A. Novion (13282) (Flota 318); 3. R. Melero, P. Middleton (13650) (Flota 318); 4. P. Amunategui, M. Fuentes, G. Arriagada (11099) (Flota 490); 5. F. Perez, A. Valdes, A. Benvenuto (11023) (Flota 318); 6. A. Fantuzzi, P. Larrain, G. Amunategui (11450) (Flota 342); 7. A. Gonzalez, G. Schacht, C. Herman (11011) (Flota 490); 8. C. Corsen, R. Hill, F. Guarello (13045) (Flota 342); 9. A. Oxley, F. Lavanter, R. Achondo (14281) (flota 317); 10. J.C. Ramirez, H. Holch (12679) (Flota 342); 11. J. Opazo, A. Segura, G. Palma (14285) (Flota 317); 12. A. Natho, R. Segura, R. Kompatzki (14287) (Flota 317); 13. G. Tejero, M. Mediavilla, J.C. Marquez (12767) (Flota 342); 14. P. Balaresque, R. Grez, A. Couyoumdjan (14231) (Flota 317); 15. F. del Barrio, A. Achondo, F. Fuentes (14213) (Flota 317); and 16. J. Ruiz, F. Sarabia, P. Sepulveda (13165) (Flota 317).

In international activities, the organization of the South American Championship in April 1988 was undertaken by the District, in which 22 crews participated and which was won by Claudio Bickart of Brazil, followed by Alberto Gonzalez (Chile); Manuel Gonzalez (Chile); Rufino Melero (Chile); Francisco Sola (Ecuador) and Juan Fco. Novion (Chile). Fleet 342 of Higuierillas, Vina del Mar, organized the regatta.

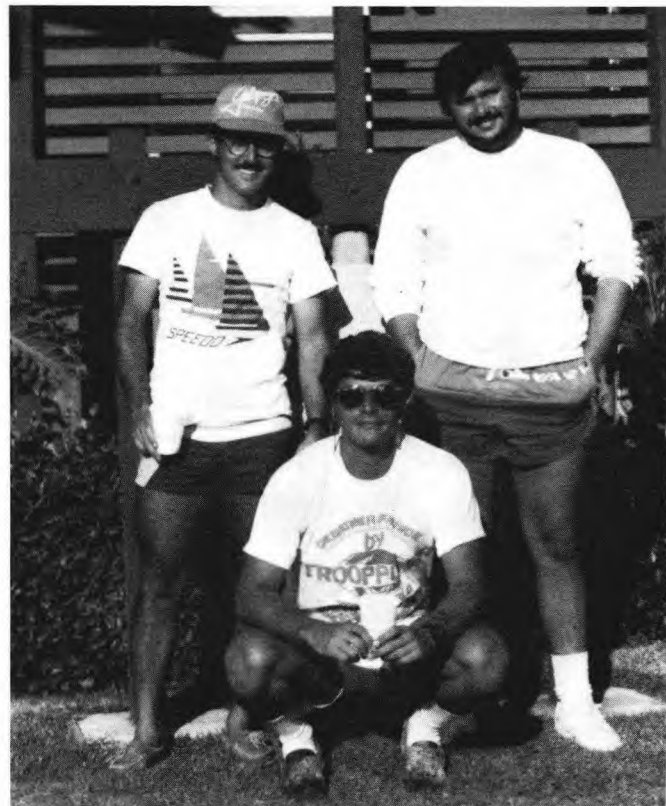

Furthermore, the District was represented in the World Championship of Cartagena, Colombia, by the crew of Manuel Gonzalez M. (Timonel), Rodrigo Zuazola and Alberto Gonzalez, winning first place, and conquering the prized world title for our District.

Finally, the District participated in the World Youth Championship at Tampere, Finland in August 1988, represented by the crew of Juan Carlos Ramirez (Timonel), Pablo Ramirez and Hernan Holch, finishing in ninth place.

 District Champion Juan Santos G.
 District Runner-Up Francisco Sola M.

Fleets: Guayaquil Yacht Club (272); Salinas Yacht Club (405); Club Nautico San Pablo (447).

We have been racing during the year in local regattas at Salinas Yacht Club.

February 13-15 the National Championship of the National Yachting Federation was raced in Salinas. It was also the qualifying trials for the 34th South American Championship. With 15 Lightnings, the top five were: first Juan Santos - S. Romero - C. de Santos; second, Francisco Sola - M. Santos - J. Pazmino; third, Miguel Plaza - F. Lapentti - C. Saman; fourth, Juan C. Plaza - E. Arosemena - G. Vargas; and fifth, Carlos L. Lecaro - O. Viteri - E. Ledesma.

In late April, two crews went to the 34th 'South Americans' and one to the second Navy School South American Championship. Both at Higuierillas, Chile.

Francisco Sola, 1987 Champ, with Juan M. Meira and Jimmy Pazmino were racing first till the fourth race; but strong wind and a broken jib halyard in the fifth and sixth race moved him to final position. Juan Santos was seventh and Vladimir Vargas was third at the 'Navy Schools'.

The District Championship was raced May 21-23 with 20 Lightnings from Quito, Guayaquil and Salinas: first, Juan Santos - S. Romero - C. de Santos; second, Francisco Sola - J. Pazmino - C. Arosemena; third, Miguel Plaza - C. Saman - F. Lapentti; fourth, Juan C. Plaza - E. Arosemena - G. Vargas; fifth, Carlos L. Lecaro - O. Viteri - R. Ledesma; sixth, Cesar Baquerizo - C. Baquerizo - Perik Rodriguez; seventh, Juan M. Meira - A. Mariscal - X. Kronfle; eighth, Lars Dick - Klaus and Wolfgang Dick; ninth, Eduardo Vedani - M. de Vedani - R. Grazzi; and tenth, Francisco Sola Jr. - E. Estrada - F. Manrique.

In August, Carlos L. Lecaro with Oscar Vitery and Gonzalo Vargas, went to the North American Championship in San Diego, qualifying for the President's Cup.

We will keep racing and tuning up for the next 'South Americans' in Brazil.

FINLAND DISTRICT

District Commodore Pentti Laitinen

 District Runner-Up Hannu Hurskainen

Fleets: Helsinki (166), Kotka (298), Oulu (307), Kemi (310), Jyväskylä (328), Tuusulanjärvi (456), Valkeakoski (468).

Summer '88 has been a remarkable year for Finnish Lightning Class. It was 40 years ago when the Lightning made its first appearance in Finland. During the anniversary year many national and international Lightning Class events have taken place here. We may well say that this summer was as busy a sailing season as expected.

The Finnish Championships took place on Lake Nasijärvi in Tampere in the middle of June under very pleasant circumstances. The Champion was, for the fifth time in a row, Kari Maenpaa, the second was Hannu Hurskainen and the third place was taken by Timo Patosuo.

The European Championships were sailed on the same area in the end of July. The wind conditions changed a lot during the competition. Despite a good start, George Andreadis from Greece was not able to remain in the lead. Ferrari from Italy managed to win with a smooth and faultless effort. Urs Wyler from Switzerland was second and Tsantilis from Greece third. Andreadis finally made fourth place. Kari Maenpaa placed sixth, being the best Finn in the race.

Right after the European Championships the juniors took the Nasijärvi scene. The Junior World Championships were sailed there as well. Among the participants were representatives of such countries as Finland, Canada, the USA, Greece, Italy and Chile. It was indeed a wonderful group of participants. The racing itself was both challenging and exciting. Duncan from Canada conquered the number one spot, Dimon from Greece placing second and Lahteinen from Finland finishing up third. This summer is gone and we are looking forward to the next. See you all in Athens.

FLORIDA DISTRICT

District Commodore Eammon DeLisser
 District Secretary Clark Higgs
 District Champion Fisk Hayden
 District Runner-Up Steve Hayden

Fleets: Biscayne Bay (226); Lake Eustis/North Florida (461); Cedar/Ft. Meyers (478); Suncoast (502).

As you read this report, Florida District Lightning sailors will probably be closing out a long "winter" season of racing at the District Championship. This year they will be hosted by the newest fleet in the world, The Suncoast Fleet, at Davis Island Yacht Club in Tampa.

One-Design racing is regaining its popularity in this area in spite of the number of boat builders in Florida. Many sailors are tired of playing the ratings game and have decided to get back into boats in which the skipper and crew determine the order of finish. Both the Lightning and the Snipe have benefitted from these changing attitudes in 1988. It is appropriate that the timelessness of the Olin Stephens design is proven again, in its 50th year, by continued growth and enjoyment throughout the world.

The 1988 racing season started with The Edison Pageant of Light Regatta in Ft. Myers with Fisk Hayden winning the Governor's Cup, a district perpetual trophy. This was followed by the Washington's Day Regatta in Eustis in which Steve Hayden edged out "Old Man" Fisk Hayden for the victory. They were closely followed by Heather McGonagle of Miami.

March in Florida means Southern Circuit, since the details are found elsewhere in the yearbook we'll move right along to the District Championship.

The "Districts" were hosted by the Cedar Fleet and the Platinum Yacht Club in Punta Gorda. The racing proved to be very close. The race committee ordered up a nice sea breeze on Sunday to complete the regatta which was ultimately won by Fisk Hayden. He was followed by his son, Steve, who was also awarded the Competition Trophy, awarded to the highest placing first time skipper. Jim Kinsey of Punta Gorda took third on a tiebreaker with Eamonn DeLisser. Bill Meyer, sailing with wife Gail and son Jason, won our newest perpetual trophy, the Corinthian Trophy, for finishing in the middle of the fleet.

The district was represented by a number of people at the 50th Anniversary in Skaneateles, including Fisk and Steve Hayden, Fay Regan, Stu

Anderson, Jim and Mary Ann Nolan and Clark and Leslie Higgs. We'd all like to thank and congratulate the Skaneateles Country Club for the superb job they did, organizing and running the premier event of the Lightning Class. You'll never know what you missed if you were not there.

Fisk Hayden made the long drive to San Diego and was rewarded with a victory in the Masters Fleet and a fifth place in the President's Fleet.

We are now in the midst of the fall season and that means Triple Crown. Freddy Hutchinson and Eamon DeLisser have taken the lead with a first and second, respectively, in the Fleet 226 Invitational. This three regatta series will be completed with racing at Tampa on Thanksgiving weekend and the Red Lobster Cup in scenic Sanford.

We are proud to report that the Lightning Class is growing and prospering in Florida, with various class members working to convince the Clearwater Yacht Club to start a fleet. We continue to receive inquiries from individuals and pick up members like Jim and Janet Hoffman of Naples and Dave White and Chris Myers of Tampa from "Big Boats". We are always glad to have transplants like Gary and Brooks Marshall, who moved from the Great Lakes by way of Denver. If you're interested in moving South we have plenty of Lightning activities and are always working on more.

In closing, we'd like to thank and congratulate Anne Allen for the great job as Class President in the 50th Anniversary of the class. We also congratulate Bob Wardwell and wish him continued success as the President. Last, but not least, thanks to Donna Foote and her crew at ILCA headquarters. We could not have all this fun without the "Class Organization" that they provide. Good sailing to all!

INDIANA DISTRICT

District Commodore Doug Schmahl
 District Vice Commodore Karl Suter
 District Secretary Judy Schmahl
 District Champion Doug Schmahl
 District Runner-Up Karl Suter

Fleets: Wawasee Yacht Club (154); Indianapolis Sailing Club (270).

Drought induced low water at Geist Reservoir, home of the Indianapolis Sailing Club's Fleet 270, and lack of wind in July and August at both Geist Reservoir and Lake Wawasee, Syracuse, Indiana, home of Wawasee Yacht Club's Fleet 154, hampered racing in Indiana in the ILCA's 50th Anniversary summer. By late August, Geist Reservoir was down by over six feet, and mud, not water, was under the hoist hook.

Better conditions prevailed in the spring, and Fleet 270 and the Indianapolis Sailing Club hosted the 25th annual Indiana Open on April 30 and May 1. About 30 boats were registered, and the results after five races were Mark Kastel - first, John McCree second and George Sipel - third.

The District Championship was hosted by the Wawasee Yacht Club and the results were Doug Schmahl - first, Karl Suter - second and Alan Fox - third. A few weeks later, three Indiana boats were at Skaneateles for the 50th Anniversary Regatta.

Wawasee Yacht Club and Fleet 154 hosted the 29th annual Hoosier Regatta on October 8-9. All the racing was three on Saturday, as Sunday brought rain and very little wind. Results were Colin Park - first, David Nickels - second, Bill Faude - third, Bruce Goldsmith - fourth and Doug Schmahl - fifth.

A new 2,000 lb. hoist was installed at the Wawasee Yacht Club last September, and dedicated during this 50th Anniversary year to honor Paul O. Penn. A plaque affixed to the hoist pedestal states:

Paul O. Penn Memorial Hoist

dedicated on Labor Day Weekend 1988 by Commodore Doug Schmahl as a gift to the Wawasee yacht Club to commemorate the 50th Anniversary of the Lightning Class and named in honor of Paul O. Penn for his many years of dedication to yacht racing on Lake Wawasee.

Please join us at Indianapolis for the "Open" on May 6-7, 1989, and also at Wawasee for the Hoosier on October 7-8, 1989. Hoosier hospitality can't be beat!

ITALIAN DISTRICT

 District Runner-Up Giuseppe Alagna

Fleets: Garda (249); Marsala (449); Trasimeno (453); Flotta Del Conero (466); Flotta Del Savio (476); and Bracciano (479).

The year 1988 was very active for the Italian District. The Italian District Championship was sailed on Trasimeno Lake at Passignano and it was won by *Wanted III* (Attina, Ralo, Di Girolamo) in front of *Lily Bay Tan* (Alagna, Messina, Pulizi) and then *Tika* (Pellizzaro, Falcini, Bacchi.) Twenty-two crews took part in the Italian District Championship. They all were very well prepared and in particular the crews of Marsala, Garda, Falconara, Savio and Trasimeno.

This year three Italian crews sailed in the European Championship in Finland and the boat *White Cloud II* (Ferrari, Giulari, Bombana) finished in first place. Good placings for *Lily Bay Tan* (Alagna), fifth, and for *Wanted III* (Tripoli), eighth.

One Italian team took part in the World Youth Championship in Finland and we are happy to announce the beautiful fifth place of the young Sicilians Tripoli, Parrinello, Spano.

Next year the Italian District Championship will be in Lido del Savio (476). The 1989 District Officers will be Gianferdinando De Amicis, Vice President, Luigi Merola, Commodore, Sergio Rustichelli, Secretary. So we say to our friends: Good Bye.

Fleets: Buffalo Canoe Club (12); Chautauqua Lake Club (19); Silver Lake Yacht Club (47); Niagara Sailing Club (59); Cuba Lake Yacht Club (115); Hamilton Boating Club (118); Toronto Bay (146); Conneaut Bay (180); Chautauqua (198).

The LED suffered a great loss this year with the passing of I.L.C.A. Past President Karl Smither, who died just after the 50th Anniversary Regatta. All the District sailors respected our own "Mr. Lightning" and looked to him for guidance in the running of the District. His opinion and ideas were greatly valued for the great Corinthian he was and he will be missed by us, one and all. Karl leaves behind a sailing legacy for both the Lightning Class and the Lake Erie District.

Again, with each passing year, the sailing in the Lake Erie District gets harder, tougher and more competitive. Our sailors travel throughout North America, always finishing with the best. The juniors especially have made their mark in international competition. Most notably, Tom Allen, IV is carrying the torch to many of the top regattas over North America and is winning within the Lake Erie District. For 1988, Tom finished first in the LED Harvest Regatta, Niagara River Championships, Fall Circuit, LED-CNY Challenge, and the Hurrell-Shaker Regatta. Nationally, he was first in the California Circuit and Combined Annapolis-Borderline Regattas, second in the Early Bird Regatta at Cedar Point, Annapolis Frigid Digit, and Borderline Regattas.

Sue MacDonald Rogers started the season right by first winning the Niagara Frontier Invitational Regatta and then the Lake Erie District Championships. Jody Swanson traveled to Annapolis to take a fifth and then crewed with Brad Read to win the Borderline Regatta. Jody did spend a lot of time campaigning her J-24 so gave other District sailors a chance at some of the top finishes in our local regattas.

Larry MacDonald Jr., 1987 North American Champion, won the Canadian Open held in Montreal, Quebec. He, too, gave the District sailors a chance at the finishes.

Naturally, the LED was well represented at the 50th Anniversary Regatta at Skaneateles with over 25 of our members registered. We didn't win anything but we did do more than our share of the partying to help celebrate the 50th.

Traveling to San Diego for the North Americans was a big trip for District sailors. We were pleased to see Anne Allen crewing for John

MacIntosh in the Masters, Judy Walker finishing fourth in the Women's and Ned Roseberry taking the North American Junior Championship honors. Also sailing the Juniors were two other crews, Kate Ward from the BCC and Amy Beisel from CLYC.

Ned followed the pattern set by the LED juniors in winning the Junior North American Championships. A LED junior has won this for the past four years. It is not surprising that Ned and crew did such a tremendous job following in the footsteps of our other young sailors. Another of our juniors, Geoffrey Jarvis of Toronto traveled to Finland to crew with Duncan Stewart to capture the World Youth Championships. This again says it for the LED juniors.

Of our senior sailors at the North Americans, Tom Allen, IV (7th), Tom Allen, III (25th), Jimmy Allen (27th), Larry MacDonald (13th), Jody Swanson (22nd) and Mark Bryant (5th) sailed in the Blue Fleet whereas Judy Walker sailed in the Governor's Cup (5th). Of the 33 boats in the Blue Fleet, six belonged to the LED. That's good sailing! It was a long way to travel to San Diego but the new friends and experiences made it all worthwhile.

We were able to regain the LED-CNY District Challenge Cup back from the Central New York District due to the efforts of Tom Allen, IV and the other LED participants. It takes more than one Lightning to win the Challenge, but first place sure helps.

Our Fall Circuit consisting of three Regattas, Harvest, Haul-out and Hurrell-Shaker was taken by Tom IV overall with Graham Jones second, Judy Walker third and John Aitchison fourth. To help celebrate the 50th, we awarded framed 50th Anniversary Posters to skipper and crew in places one through four.

The LED is very proud of Anne Allen who served the ILCA as president for its 50th Anniversary Year.

Our 1989 regatta schedule has been formulated and appears in our ad along with some of our District Champions. Colin Park and hopefully Bob Wardwell will be present as guest speakers at our District Spring Meeting, April 8th. We invite all Lightning sailors to join us at sometime during the 1989 season to see just how tough it is to sail in the Lake Erie District.

Fleets: Little Neck Bay Fleet (55), Hewlett Bay (58); Great South Bay Fleet (178); South Hampton Yacht Club (431).

1988 was successful for us in that it was the first year of a structured Long Island District Series. The Long Island Circuit, during the course of the summer attracted over 25 boats total from around the northeast, for four official regattas. The overall championship which was won by Tim Rumph, came down to the last race of the last regatta, with names like Atkinson, Harrington, Hering & Weiss all in close contention.

The first year of the L.I. Circuit ran smoothly and was a success in every way, however we would like to see more participation, particularly from outside districts.

With that in mind, we remind sailors that the south-shore of Long Island features some of the best sailing conditions in the country. If you enjoy sailing in a steady southwesterly of 15 knots, please join us. Accommodations are plentiful and inexpensive, and our hospitality cannot be beat. Watch for our regatta schedule in *Flashes*.

The Metropolitan District had an active year both in the individual fleet races and on the regatta circuit. It is nice to see Nyack, Chelsea, and Lake Wallenpaupack Yacht Clubs all averaging eight to ten boat fleet races through the entire season with more wind than some could handle. Congratulations to Mike Pike, Chelsea Yacht Club; Bill Cook, Nyack Yacht Club; and Franz Schneider, Lake Wallenpaupack Yacht Club for winning their fleet championships.

To amplify fleet participation, the regatta circuit within the district laid the final touches on a great year. We began with the Red Bank Spring Series and the Long John. If you have not heard about the Long John, well, "WHERE WERE YOU?!", forty plus boats attended with the silver going to Brad Read, Greg Fisher, and Jack Huntsman (first, second, and third). At least, you should have heard of those three, if not, look at the top finishes at the 50th Anniversary Regatta, Read, Fisher, and Huntsman. To top the Long John off, Red Bank continued with the Spring Series for a month and a half of fun racing open to everyone.

Next came the "Districts" at Lake Wallenpaupack Yacht Club with winds of eighteen to twenty-five. Whoever said lake sailing was light air surely never sailed at Lake Wallenpaupack...this year. It was still fun for all who sailed even with two locals swimming and Elissa Hall breaking a jib halyard, running aground (and this lake is deep) and breaking a mast. The racing was great, ending with Jack Huntsman first, Frank Mergenthaler second, and Mark Schneider third.

I want to interrupt the sequence of events to congratulate *Top Gun* sailed by Jack Huntsman, Henry O'Hern, and Kevin Corr for sailing such a great season, winning the Districts, Atlantic Coast Championships, and third in both the North American Championships and the 50th Anniversary Regatta.

Now that we are finished tipping our hats, back to the Metropolitan District season. The Hudson River had three regattas drawing boats from the Connecticut District and the Long Island District. Wind, current, and parties, beginning with Nyack's Magnus Pedersen Regatta (fifteen to twenty-five mph wind) won by Tom Naser, Cedar Point; second Joe McCann, Great South Bay; and third Gary Hurban of Nyack. Then, the Chelsea Open with Mike Pike (Chelsea) second and Gary Hurban (Nyack) third. The Last Blast closed the season for those on the Hudson River (twenty to thirty mph winds) with Joe McCann winning the silver followed by Tom Ingram and Gary Hurban.

The New Jersey State Championships were also in our district this year at Awosting Yacht Club on Greenwood Lake. What a challenge it was, with Rich Miner coming out on top.

The game plan in the Metropolitan District regatta circuit is to begin the season with a bang at the Long John (Red Bank on the Shrewsbury) and end it with a bang at the Lake Wallenpaupack Fall Regatta. That is another place you have got to get to know. Why, this year, Coor's Beer sponsored the regatta along with the Pocono Vacation Bureau and the Lake Region

Chamber of Commerce. Talk about five great races, and what a party, just ask Dick Hallagan (Newport Yacht Club), first place; Jack Elfman (Surf City Yacht Club), second place; and Mark Schneider (Lake Wallenpaupack Yacht Club), third place — what a good time it was.

So, to know what this district is all about, remember the fleet racing, the regattas, and the fun we all have sailing on the lakes and rivers that make up our district.

MICHIGAN

District Commodore	William Seaman
District Secretary	Colin Park
District Measurer	Tom Vickers
District Champion	Colin Park
District Runner-Up	John McCree

Fleets: Devils Lake (31); Crescent Sail Club (51); Lake Fenton (53); Pontiac Yacht Club (54); Higgins Lake (110); Gull Lake Yacht Club (137); Saginaw Bay (216); Grand Traverse Yacht Club (326); Pentwater (340); Douglas Lake (374); Lansing Sail Club (387).

Another great year of Lightning sailing in Michigan! Except for a hardy few, the season started at the Devil's Lake "nonregatta" in the middle of May. John McCree had won Indianapolis Open the first week of May. Bruce Goldsmith and Colin Park were 1,2 at Pymatuning the second week of May. The Nonregatta is the inspiration of Bruce and the Devil's Lake group. It features no entry fee, no scoring, no prizes, lots of races and lots of fun. This year notables at the regatta included Tom Allen, Sr., Greg and Matt Fisher, Brad Read, and the usual Michigan group. Brad brought a slide show on sail trim and then conducted a "hand's on" tuning of many of the boats. Whenever you have someone the caliber of Brad with his enthusiasm to go with it, this is a great way to get some of the middle of the fleet people fired up. This year, as with others, we had lots of short races with people trading boats and a race committee (Hank Hodgson) who kept the racing close and interesting by last minute mark changes.

The "spring season" in Michigan consists of racing every weekend in June culminating in the team races at Fenton and followed by the Districts at the end of June. Mike Dow and the Dowettes (Eric Peterson and Rick Northrup) were the big winners early with victories at Lansing and Detroit. These wins along with a victory at Higgins Lake in August led this trio to win the traveling trophy for the best years performance in the District. Hank Hodgson teamed up with Dan Norton and George Sipel, all of Devils Lake, to beat the home town favorites of Nickels/Militzer at the Lake Fenton team races. This is a fun regatta to try some time, either come to Michigan or try your own — you'll like it!

The "Districts" were sailed at Pontiac with a complete spectrum of winds. Colin and Karen Park with Glenn Hallett won the light air races on Friday. A VERY heavy weather race on Saturday was won by John McCree and

SAIL

!WIN A BIG FISH!

was notable for the number of people who opted for combining sailing and swimming in the 100 degree temperature (a dozen boats). They went over upwind, downwind, with spinnakers up and spinnakers down! Sunday morning the temperature was down in the low fifties, and fortunately the wind had abated somewhat. The wind by now was a puffy northerly which added a new dimension to small lake sailing. The regatta ended up with Park first followed by McCree, Dow, Goldsmith and last years District Champion, Garry Demarest.

In July and August, the three "northern" regattas consist of Bay City, Traverse City and Higgins Lake. With the exception of one race at Bay City, which featured the capsizing of a local boatbuilder in a green and white boat, and a breezy Saturday at Higgins, these were predominantly light air regattas. Parks and The Dowettes split the hardware, with honorable mentions going to Joe Dissette, Bill Seaman, Tom Vickers and Mike/Patty Olgaard.

There were thirteen boats from Michigan that made the trek to Skaneateles for the big bash. Joe Dissette placed fourth in his flight. Dave Nickels also finished quite high in his flight.

Eight boats represented the district at the North Americans in San Diego. Of the eight, six ended up in the blue fleet with the other two near the top of the President's flight, a good record for a single district! At the end of the week, Colin Park, Karen and Glenn came away with all the marbles, while Hank Hodgson, his wife, Karen and daughter Lisa came second in the green fleet. Dave Laidlaw sailed with the other two Hodgsons, Wendy and Lisa, and were seventh.

The toughest sailing in the fall is over five consecutive weekends starting after Labor Day at Pontiac and ending up in Wawasee in northern Indiana. John McCree won the overall Fall series with individual regattas won by McCree (Pontiac and Gull Lake) and Parks (Devils Lake and Wawasee). Others in the hardware were Bruce Goldsmith, Dave Nickels with a pair of thirds, Carl Engels, Dave Decker and Doug Schmahl. The highlight of the fall was the Devil's Lake Regatta with 46 entrants, a tribute to the motivation provided by Bruce and the work of many others including Chris Tibbs the Race Committee Chairperson. Other trophy winners at "Devils," were Bruce, Hank Hodgson, Hermie Nickels and John McCree.

All in all it was a good season with continued strong interest and activity. One of the strong points of the class in the area is the interest shown in welcoming new sailors and helping them get up to speed. We're looking forward to many more years of growth and high participation. See you all next year!

MIDWEST DISTRICT

District Commodore Bill Faude
District Secretary Vernal Equinox
District Measurer Robert Smither
District Champion Brian Phelan
District Runner-Up Paul Wurtzebach

Fleets: Chicago Corinthian (5); Milwaukee Yacht Club (69); Green Bay (112); Lake Davenport (167); Sheboygan (187); Lake Geneva (345); Manitowoc (393); Fond Du Lac (442).

As we close the books on the 1988 sailing season, it has been a year of growth and renewal for the Midwest District. Several significant newcomers showed great enthusiasm on the race course and helped support our district nationally. Our district is strong and ready to support the ILCA in its second 50 years!

The '88 season got off to a rousing start June 4 and 5 at the newly reinstituted "new and improved" Lighthouse Regatta held in Fond du Lac, Wisconsin. Mike Elmergreen, Sue Dorscheld and Jeff Johnson deserve credit for helping deliver some of the best sailing of the season. Five Olympic triangles were sailed (yes, Olympics! Sailing Lightnings downwind is the tactical wave of the future. Catch it!) Three mark boats, one stake boat and another boat to fetch more beer insured the races came off without a hitch. Close racing resulted as follows: First, Ric Larson (Sheboygan), Second, Tryg Jacobson (Sheboygan), Third, Kevin Blair (Milwaukee), and Fourth, Mike Huffman (Chicago).

The next stop was the annual Evans Memorial held in Green Bay. For the second year in a row there was "tons of breeze." This year it blew so hard it was impossible to race after noon on either Saturday or Sunday. It was, however, possible to thoroughly enjoy ourselves ashore in the general proximity of the beer trough. Results: first, Paul Wurtzebach (Chicago), more about Paul later, second, Bill Faude (Milwaukee), third, Brian Phelan (Green Bay).

The 1988 P&T regatta introduced a revisionist race format this year. Three races on Saturday rather than the traditional two, saved this year's event. Saturday featured a "backwards macro windshift" which saw the normally dependable sea breeze wait until well in the afternoon before developing. Races one and two were sailed in the void between the sea breeze and a howling shore breeze at the weather mark. Sunday the wind was a no show altogether. Results: first, Huffman, second, Wurtzebach, and third, Hans Graf (Sheboygan).

The Midwest districts were held in Chicago. Good close racing was enjoyed in all parts of the fleet but the highlight of the regatta was Brian Phelan who was just plain blazing. Brian won the regatta and the final race was typical of the whole event. There was nothing tactical about this race. Phelan just punched out in front and covered the fleet — he often sailed right out of his own cover and had to tack back to maintain position. We are not talking slow. Brian was **fast**.

The rest of us were the rest of us. Results: first, Phelan, second, Wurtzebach, third, Andy and John Dillon (Milwaukee), fourth, Huffman, fifth, Faude, and sixth, Jacobson/Larson (tie). Of note were two great parties held during the event orchestrated by two legends in Midwest district party giving. Thanks go to Mike Huffman's roommates, Donald Shannon and Peter Anderson who are also beer pong champions.

About all that can be printed in a family yearbook is that the 1988 Sheboygan Brats Regatta was held. Never have so many suffered so long for so little. 'Nuff said. Results: first, Larson, second, Wurtzebach, and third, Jacobson.

The Chicago Hobelman Regatta, a regatta in need of some out-of-town participation was won by Ed Willse. Let's make this event a priority in 1989.

The Red Flannels failed to live up to their cold weather and big breeze reputation for the second year in a row. This year's event was remarkable on four accounts. 1. We had 31 registered competitors — a recent high water mark. 2. The weather would have done a July weekend proud. 3. Competitors from the Lake Erie, Mississippi Valley and Michigan districts took the top three positions. 4. Steve Thomas jumped into Hank Hodgson's "pre-sailed" boat (which he now owns) and took 3rd place. Results: first, Mark Bryant, second, Jerry Paoli, and third, Steve Thomas.

The Final event of 1988 was the annual Polar Bear, sailed on the Mississippi River in Davenport, Iowa. Good breeze, barges, current and a beer tap recessed in the clubhouse wall...what more could anyone ask? Results: first, Doug Steffenson (Davenport), second, Mr. Wonderful (Lake Geneva), and third, Jeff Johnson (Fond du Lac).

Notable achievement awards outside the district this year go to:

- Paul Wurtzebach — Paul got into an 11,000 series boat and proceeded to take silver in virtually every event in this, his first year in the class! Paul represented the district well at the North Americans, winning the Thermis trophy for the highest finisher in his first North American's. Welcome to the fleet Paul, **now slow down!**
- Ric Larson — Ric had an interesting season. After finishing a disappointing 7th at the "Districts," Ric finished 6th at the North American's, where he won two races and was probably the fastest boat at the regatta. Not bad for a self-described "plough driver from Sheboygan, WI". A cherished moment came in San Diego when Ched Procter and Jim Crane were checking Ric's rig set-up after the first day of the championship. After applying Loos gauge and measuring tape, Procter and Crane were surprised to find Ric's side stay turnbuckles corroded in place. They've not been adjusted in 2½ years! Typical Ric. Congratulations, you made us proud.
- Kevin Blair — For getting married.
- Karen Cady — For getting engaged.

NEW ENGLAND DISTRICT

District Commodore Patrick MacQueen
District Secretary Curtis Felix
District Measurer Don Brush
District Champion Stuart Nickerson
District Runner-Up Brad Read
Junior Champion Michelle Deyette
Junior Runner-Up Chris Island

Fleets: Centerboard Yacht Club (14); Newburyport (121); Spofford Yacht Club (145); Annisquam Yacht Club (151); Marblehead Harbor (189); Bomoseen Lake Y.C. (227); Massabesic Yacht Club (273); Chequesset (280); Lake Champlain (301); Squam Lake (332); Androscoggin Lightning Fleet (450); Bow Lake Lightning Fleet (493).

The New England Lightning District celebrated the '50th' in fine style with New England ace Brad Read taking all the marbles at Skaneateles. Congratulations Brad, and congratulations International Lightning Class!

The season started off with the early June Champlain Mallet's Bay Regatta. This was won also by Brad Read who bested a fleet of fifteen boats in light to medium air. The State of Massachusetts Championship came next won by Robert Cutting of Wellfleet. The Millfoil, I mean the Maple Leaf Classic at Bomoseen rounded out the June sailing with the jug of pure Vermont Maple syrup going to young Kenny Deyette. As will be seen throughout this narrative the Deyette clan has rapidly become a major force to be contended with in New England Lightning sailing. This family sports three very competitive Lightnings and at least four top notch skippers not to mention uncounted numbers of crew. When this family pulls up to a regatta in the Deyette van with Shirley and 'Pappy Goose' at the wheel, you have at least just broken even on your regatta finances and fully rounded out your fleet whether any one else shows up or not. The support of this family to the New England District is phenomenal and we certainly thank them for it.

Speaking of family affairs, next came the good old family affair at Androscoggin. Ray Harrington claimed victory here in two light to medium air races on Saturday. Sunday looked like a drifter and very 'iffy' for racing. However, Mr. Harrington, something of an insecure fellow, couldn't stand the pressure of Kenny Deyette breathing down his neck. So as we were all sitting motionless at the starting line waiting for a breath of air to come up so we could race, Mr. Harrington, in spite of wife Toni's protests, deftly slinked overboard and sabotaged the innocent Deyette boat by grabbing the end of the boom and swamping it. The innocent Deyettes frantically bailed and were pulled around behind one of those classic Androscoggin Chris Crafts to try to de-swamp. All to no avail. The day's races were cancelled for lack of wind.

This year's 'Districts' were hosted by Chequesset Yacht Club at Wellfleet. New District Secretary Curt Felix led a fine group from that club in a first rate job for the championship and a very entertaining weekend. Those people have to have muscles to move all the boats around on the beach. They also serve mussels that are exquisite. The first day of racing was medium while the second two days were quite heavy. Local heavy Stuart

Nickerson demonstrated superiority in every condition by winning every single race. Brad Read came in second.

Bomoseen hosted both the District Juniors' and Masters' events this year. The winds did not cooperate and one race was held for each but everyone had a great time anyway. Michelle Deyette took the Junior trophy back to Massabesic. Brother George next took the honors at Squam Lake.

Race Week at Champlain went from no wind on Saturday to a major blowout on Sunday. Bill Fastiggi of Mallet's Bay bested a 17 boat fleet in conditions where Lightnings were planing rapidly past J-24's. Next came the NH/Vermont Championship at Massabesic. This was a great weekend of sailing held by the Massabesic folk. Saturday was light to medium and Sunday was shifty and puffy and quite heavy in the chute at one end of the Lake. The Deyettes had sweet revenge on Mr. Harrington by walking away with all three races and coming back up the weather leg in the last race to find Ray turtled. Ray says he was trying to play the centerboard while gybing the spinnaker?

A fine season was rounded out at the traditional 'end of season' Spofford Regatta. Stuart Nickerson decided to show off again winning both Saturday races and the regatta over a 23 boat field. We are now girded for winter with fond memories of this year's season and great expectations for next.

*NEW ENGLAND LIGHTNING CIRCUIT CHAMPIONSHIP

The 1988 season began with a spring seminar, once again graciously given by George Fisher. The Fisher family has given generously of their time and knowledge year after year, and our district has been greatly enriched and improved by their instructions. Our sincere thanks once again!

The Governor's Cup series began at Pymatuning Yacht Club with the Spring Classic. The competitors once again enjoyed both the antics and super race committee work of Curly, Moe and Larry (otherwise known as John, Joel and Dave). Their fame spreads — come see them for yourselves! PYC also once again enjoyed fine weather and good competition, as travelers included Bruce Goldsmith, George Fisher and Colin Park. Each year PYC tries to concentrate on sharpening our skills which have lain dormant all winter by running as many races as possible, but with shortened courses. This year the results ended with a very familiar champion, Bruce Goldsmith, in first place, followed by Colin Park (Bay City, MI) Rob Ruhlman (PYC), George Fisher (Buckeye Lake), and John Werley (PYC).

St. Mary's is the next leg of the Governor's Cup, and is situated on one of the larger lakes in Ohio, affording really lovely sailing. This year was no exception, as they had beautiful weather and winds varying from 8 to 20 mph over the course of the weekend. The Thunderbug Regatta was attended not only by sailors from the Ohio District, but from Michigan and Indiana as well. John McCree (Bay City, MI) placed first, with Tom Varley (Leatherlips), Ken Irwin (Cowan Lake) and Phil Cornett (St. Mary's) following.

Leatherlips Yacht Club hosts the Windshift Regatta, which for several years running has kept a vigil for the return of Terry Ottenweller. Terry proclaims LYC to be his favorite place to sail, yet each year some mysterious force keeps him away. Despite his absence, the regatta was held in what can be described as good (yet typically shifty!) air. However, what LYC lacks in consistency it works hard to make up for in hospitality, so that we always leave knowing we will return yet another year. This year left Tom Varley first, John Werley second and Carl Clipp (LYC) third. And, Terry — we'll keep the watchlight burning!

Many sailors from our District made the trip to Skaneateles, and proclaimed it a regatta they will never forget. In addition to the sheer splendor of it all, Bill Young (longtime crazy from Cowan Lake with a newly acquired boat) finished second overall in the Red Fleet! Congratulations, Bill and crew!

Cowan Lake was the site of the 1988 Districts. Although it is a relatively small and shifty lake, the Cowan fleet was anxious to host the event, and their enthusiasm was greatly appreciated by the rest of the District. Then came the drought and record high temperatures! But, even though the temperature was hot (104-105 degrees), the local fleet had plenty of fluids to keep the sailors cool! After a very light air series, Matt Fisher (Hoover/BLYC) was first, with Rob Ruhlman second, George Fisher third, Greg Fisher (Hoover/BLYC) fourth and Tom Varley fifth.

The annual Put-In-Bay extravaganza attracted several of our sailors again this year, although unexpectedly high winds left a few of them a little worse for the wear. Regardless, the Put-In-Bay regatta personnel are very accommodating, and will start a fleet with as few as three class boats. Talk with John Mueller or Jake Rider, and they will tell you it's really worth the trip! Mark your calendar for the first full weekend in August, and experience a truly unique event.

Next on the Governor's Cup circuit was Atwood's Harvest Moon Regatta. This is a multi-class event which takes place on Atwood's curiously shaped lake. Intermingling fleets often make it an exciting regatta (especially around marks), and the legendary cocktail party lives on as well. This year was a particularly light air affair, with Tom Varley first, George Auer (Cleveland) second, Jack Mueller (Cleveland), third, Tim McCain (Atwood) fourth and Dean Caley (Atwood) fifth.

The Buckeye Lake Snowball regatta was for years synonymous with cold, windy weather, but has of late been very "un-Snowball-like" in its mild temperatures and fair winds. This year was no exception, which is particularly welcome to the participants who particularly enjoy the party! Winners this year were Matt Fisher, George Fisher, Tom Allen, Jr. (Buffalo Canoe Club), Karl Erickson (Buckeye Lake), and Tom Varley.

The final event on the Ohio District calendar is the Cowan Lake Fall-In, which continues to grow in participation. Sailors returned to this hospitable club for cooler weather and soothing scenery, and enjoyed moderate breezes with not-too-many shifts for the season finale. Dick Pugh finished first, followed by Carl Suter (Indianapolis), Brad Wagnon (Wauwasee), Tom Varley and Steve Thomas (Devil's Lake).

The District would like to extend a few welcomes: Welcome back to Greg Fisher, gone for a while but never forgotten. It's great to have you back in the Lightning, Greg! Also welcome to familiar crew and new boat owner Karl Erickson. Karl's got a good boat and (so far) a good attitude — watch out for him next season! Jim Martuccio from PYC is back also, and almost

won Cowan Lake but for one unfortunate race. PYC is glad to have him sailing actively again, and so is the District. Last but not least, we're really pleased to see Bill Young from Cowan Lake with his own boat. He's already tearing 'em up, and will surely continue the Young winning way!

We were also proud to have three sailors in the North American fleet as San Diego — Matt Fisher, Greg Fisher and Rob Ruhlman — with Matt finishing second and Greg fourth. Congratulations to all!

Usually this is the time to say goodbye for the winter, and look forward to seeing each other again in the spring. But this is an important winter for our District, as we are shifting into third gear in preparation for our hosting of the 1989 North American Championships at Northcape Yacht Club! We have gathered the troops already, and will continue to do so throughout the winter. For those of you who might not yet have signed up for a specific task, either in the preparation stage or actual execution, please contact Carl Clipp or Bertie Werley for possible assignments.

We must say that we heard some rave reviews of the job San Diego did for the '88 North American's, and hope to continue the same high standard of competition and fun! We look forward to seeing as many of you as possible next year at Northcape!

PACIFIC NORTHWEST DISTRICT

District Commodore Bruce Deitz
District Measurer Dave Hickman
District Champion Alan Hunt
District Runner-Up The Parshleys

Fleets: Maple Bay (64); Lake Washington (132); Chinook (229); Columbia (283); Okanagan (368).

Well, we tried to drum up some enthusiasm for attending the 50th Anniversary Regatta at Skaneateles, but the best we could do is put together a 50th Anniversary cake for dessert at the 'Districts'. A special report from Ken Sissions told the story of a 50th Anniversary party at Maple Bay. Fleet 64 is the oldest fleet in the Northwest, but has been ailing in recent years after Ken moved to Vancouver. The party was attended by many old time Lightning sailors from the Maple Bay area.

Speaking of cake, Alan Hunt made winning the 'Districts' look like a piece of it. Talk about dogged determination: he started at the pin in every race, including the race where the boat was favored by at least 20 degrees more than 2 minutes before the start. Alan's theory: clear air, boat speed, and the left beach (and we do mean BEACH) win out every time.

The Northwest District provides a special "Circuit" Trophy for the skipper (or is it the boat?) that does the best over-all in the seven circuit regattas. Competition was very close this year (as usual) with the top four boats within three points of each other: Parshley boat, six; Bruce Deitz, seven; Eric Lindahl, seven; and Gerry Neuburger, eight.

About three years ago a capsized Lightning mysteriously (?) washed up on the shores of Puget Sound with its mast in seven pieces and some fiberglass that was almost recognizable as a deck. The hulk was destined for the scrap heap until spoken for by some zealots from Oregon. Well, to the previous owners chagrin, the hulk was resurrected, outfitted, and extremely well sailed by Gerry Neuburger this past season. If Gerry had started the season as hot as he finished it, the circuit results could well have been different.

Dave Hickman was "Mr. Inconsistent" this past year, very unlike Dave's performances in past years. He won two circuit regattas and in so doing also won the Pacific Coast Championships for the second time. If our memory serves us correctly, Dave was DFL in the first race at the PCCs, then won four out of the last five races to win the regatta handily.

Just as Dave was "Mr. Inconsistent", Eric Lindahl was "Mr. Consistent" taking a second in Eugene, a third at VLSC, and a fourth at Seattle. Eric sailed each regatta with different crew and still sailed very well.

Ken Dunkelberg did his best sailing at Vancouver Lake this year, taking a fourth at the VLSC regatta and a third a week later in the 'Districts'.

Bruce Deitz fought hard to win the Kitsilano Regatta, wresting the trophy out of the hands of Alan Hunt who had won this regatta the past two years. Bruce was ably assisted by not one, but TWO, other Lightning skippers, Pam Hsu and Tom Anderson. This just goes to show that skippers can really sail on one boat with occasional success.

Maury Craig was hot out of the blocks, taking a third in Eugene (our second circuit regatta, after Kelowna), then experienced some gear problems at the Districts and couldn't quite get it together after that.

John Mahoney, Eugene's fleet captain, and Jim McAlister of Portland, sailed with Verson Pandian in the 'North Americans'. John reports that the Eugene fleet is making a comeback. This is good news for us all — Eugene is a perennial favorite regatta.

John DeBenedetti, our resident historian and District Vice President, finished a little out of character this year. He missed a few regattas and ended up in the middle of the pack for the Circuit Trophy, but finished second at Klamath Falls, which translates to a second at the Pacific Coast Championship also.

ST. LAWRENCE VALLEY DISTRICT

District Commodore.....Russ Scrim
District Secretary Tony McBride
District Champion Eddy Martin
District Runner-Up.....Peter Hall
District Measurer Adrian Niderost

Fleets: The Royal St. Lawrence Yacht Club (215); Pointe Claire Yacht Club (499).

The big event in our district this year was the Canadian Open Championship held at the Royal Saint Lawrence Yacht Club (Fleet 215), June 24-26. A mixture of conditions from light and variable to a steady 25 mph proved an excellent challenge and a true test of champions. Twenty-five boats competed and Larry McDonald bested them all. Second place went to Jody Lutz, while Peter Hall captured third.

The District Championship was also hosted by Fleet 215. It was held the weekend of July 16th with fair winds and under blue skies. The racing was close. After the first day Peter Hall led while Eddy Martin was second. That evening everyone gathered at Cathy and Tony McBride's home for a *bring-your-own-beef* barbecue. There the talk centered around what most of us would have to do to catch the leaders. Sunday was another perfect day for sailing. The leaders continued their battle for top spot. In the end Eddy Martin captured the championship. Second place went to Peter Hall and third went to Tony McBride.

1988 was an exciting year for our district. Participation was up at major events. We're looking forward to an even better year in 1989. Our district will again host the Canadian Open Championship. This time it will be Pointe Claire Yacht Club's turn (Fleet 499). It's expected that this major event will generate additional interest in our class at that club and encourage more sailors to buy a Lightning.

SOUTHEASTERN DISTRICT

District Commodore David Sears
District Secretary Clay Rumble
District Measurer Bill Sloger, Sr.
District Champion Lenny Krawcheck
District Runner-Up Bob Harkrider

Fleets: Savannah (127); Clark Hill (257); Lake Lanier (348); Catawba (365); Lake Hartwell (391); Triad (415); Greater Charleston (429); Palmetto (440); Waccamaw (463); Wake (481); Tennessee Valley (500).

As usual, the 1988 Southeastern District circuit kicked off in late April (all you Yankees eat your heart out!) with the Augusta, GA Lightning Invitational Regatta. 15 boats assembled at Clark Hill (Strom Thurmond?) Lake for what we hoped would be a five race regatta. After a light to moderate air race Saturday, an electrical storm sent us scurrying for the clubhouse. However, a gorgeous Sunday bloomed with light to moderate air and allowed us to complete two more races. Lenny Krawcheck's consistent sailing prevailed and he took top honors.

Two weeks later 18 boats convened at High Rock Lake for what usually is our lightest air regatta. The gods smiled down on us that weekend, though, and produced beautiful weather with moderate air. Aside from the Wildlife Commission rangers writing several of us \$50 tickets for not displaying hull numbers, it was a fun weekend. Andrew Addie, a Georgia Tech college student and former crew of Bob Harkrider, showed us that his mentor had taught him well and ran away with the first place silver.

A week later, a dozen boats appeared at Lake Hartwell in Anderson, SC for the Western Carolina Open Regatta. Bob Harkrider demonstrated his usual light air skill by winning the regatta; however, his protege, Andrew Addie, was not far behind in second place.

The District Championship Regatta was held in Charleston, SC. The regatta was hosted by the Charleston Yacht Club whose Southern hospitality really shined. Friday's two moderate air races were followed by, what else would you expect in Charleston, a shrimp dinner. Saturday's sea breeze filled in with moderate air, which held through the first two races, but after building steadily over the afternoon, the wind was quite strong for the third race of the day. In addition to the heavy air, Saturday's last race was complicated by an

outgoing tide which caused one general recall and on the second start, most boats set up some 30 yards off of the line. A tired group of sailors welcomed the post-race hors d'oeuvres and especially the cocktails. Sunday provided a light air sixth race just to round out all wind conditions for the regatta. It was great to see John McIntosh amongst the 19 competitors and he certainly demonstrated his ingrained sailing skills; but, in the end Lenny Krawcheck's local knowledge and skill prevailed.

Four out-of-town boats assembled with eight local boats in Knoxville, TN for the Concord Yacht Club's first district regatta. The Knoxville fleet joined the Southeastern District a couple of years ago and this year, due to the cancellation of another regatta, we were able to fit them into the circuit schedule. The sailing conditions could best be described as ghosting but the hospitality was top notch. "Light Air Harkrider" again filled the top spot with three bullets.

Twelve boats attended the Beaufort Regatta in Beaufort, SC. The air was generally light for the three races and this, combined with the tidal current in the river where we sail, made for some interesting situations. Lenny Krawcheck with his wife Townie and local Arthur Levin, an unbeatable team, gave all of us a lesson in handling current.

After a two and a half month layoff to attend the North Americans (to which the Southeastern District was proud to send six boats) and lick our wounds from the first part of the season, we assembled at Lake Waccamaw to renew our respective quests for the gold. However, we were only to be frustrated by an abandoned race on Saturday due to time expiration and two light air races on Sunday, one of which was sailed in such a dense fog that often you could see no other boats. Gordon Kellogg showed the other 17 skippers the virtue in having patience and captured the gold.

The following week eleven boats gathered with the Y-Flyers for what turned out to be a wet weekend. The air was wonderful for sailing but unfortunately it brought with it almost continuous rain. The rain caused poor tacking on account of skippers trying to avoid water pouring out of the shelf foot of the mainsail and chased most of us out of our tents. Lenny Krawcheck withstood the inclement conditions, though, and held on to win the regatta.

The Atlanta Cup brought out 20 boats for one final crack at a win. Again, the weather did not cooperate. We sailed three short, light air races on Saturday and then the downpour began, continuing into Sunday morning when we sailed one abandoned race in the rain. This year, an immigrant from Florida won the Atlanta Cup—Fisk Hayden. Fisk gave us all a lesson in light air perseverance.

Twelve boats qualified for the season championship: Lenny Krawcheck, Bob Harkrider, Bennie Moultrie, Gordon Kellogg, Clay Rumble, Tom Hudgens, Carl Muska, Gil Klemann, John Pelosi, the junior boat skippered by Craig Kight and Juda Rubin, Tim Hagen, and Bob Wilkins. This compares to ten qualifiers in 1987. In addition, the average number of boats attending regattas increased from 14 in 1987 to 15 in 1988, so we feel that the district made progress this past year.

This year Bob Harkrider purchased an older Lightning to be used on the circuit by district junior sailors. Several juniors rotated in and out of the boat and they, as well as the other district sailors, very much appreciate Bob's efforts in promoting Lightning sailing.

At the 1988 annual meeting Clay Rumble was elected Commodore and Tim Hagen was elected Secretary/Treasurer for the 1989 season.

We invite all to attend our 1989 regattas, the schedule of which will be published next spring in *Flashes*.

SOUTHERN DISTRICT

District Commodore Cal Herman
District Secretary Roger Evans
District Measurer John "Buck" Ballatin
District Champion Cal Herman

Fleets: Mobile Bay (135); Shreveport Yacht Club (175); New Orleans Yacht Club (209).

This year marked the comeback of Cal Herman as Southern District Champion. He has now won the Districts an unprecedented eight times, besting the previous record of Gene Walet who had won seven times during the 1950's. Cal's dominance of the Districts in the 1980's has only been broken by Larry Frost in 1984 and Roger Evans in 1986 and 1987. New Orleans Yacht Club was the venue for the 1988 Districts held June 10th through 12th. Defending District Champion, Roger Evans, was first and second in the first two races, and at that point he enjoyed a two point lead over his nearest rivals, Cal Herman and Buck Ballatin. On the next day of racing Buck took a first in the morning race with Cal second and Evans third. Going into the last race Buck and Evans were tied at six points while Cal had seven points. The Championship would be decided on the outcome

of the last race. At the start, Cal tacked to the right and the race was effectively over as he sailed into a shore-induced geographic shift that became more pronounced as the wind began to build. Cal had noticed this strategic feature while sailing in a J-24 regatta the week before the Districts, and this lesson did not escape him in the last race. The first five District finishers were: Cal Herman, first; Buck Ballatin, second; Roger Evans, third; Larry Frost, fourth; and Jimmy White, fifth.

This year also saw nation-wide participation in the Sugar Bowl Regatta in New Orleans on December 31, 1988 and January 1, 1989. We were honored to have both Tom Allens, Greg Fisher, and Fisk Hayden, plus a host of other national sailors including: Bill Faude, from Chicago; Hans Graf and Dan Reichelsdorfer from Wisconsin; George Sipel and Hank Hodgson from Michigan; and the Bill Baxters, Roy Robbins and Lynn Jones from Tennessee. The twenty-two boat Sugar Bowl fleet began racing under partly cloudy skies with temperature in the 60's and a moderate southerly breeze. Greg Fisher blasted out to a big lead with two firsts in Races 1 and 2 of a scheduled five race series. Tom Allen, Jr. held down second place after scoring a second and third. In the third race, the winds built to over 20 m.p.h. and the fun began. Several boats capsized including Greg, who remarkably was able to salvage a seventh place finish. Fisk Hayden took first place in this windy race with Bill Faude second and Gerry Paoli third. After Saturday's three races, Greg was in first, with Bill Faude and Tom Allen, Jr. tied for second and Dan Reichelsdorfer in third. New Year's Day on Sunday brought gentler northeast breezes that proved Greg's undoing as he and most of the fleet went right after the start and found themselves lifted by a persistent backing shift to the left. Only Buck Ballatin and Hank Hodgson headed left into the shift. When they tacked over to port, as Buck likes to say, "School was out..." Hank came in first, Tom Allen, Jr. with a great recovery was second, George Sipel was third and Buck was fourth. Greg finished a disappointed tenth. The fifth race was cancelled as the wind died. Tom Allen, Jr. had sailed consistently and well to achieve first place in the regatta, plus claim a case of champagne for traveling the greatest distance to New Orleans. Greg Fisher was second followed by Hank Hodgson in third, George Sipel in fourth and Dan Reichelsdorfer in fifth. The 1989 Sugar Bowl is scheduled for December 30th and 31st. Please try to attend. We guarantee you a good time.

Some great Swiss District sailors.

SWISS DISTRICT

District Commodore Gilbert Despland
District Vice Commodore Jacques Perret
District Secretaries Katy Herzog/Stephan Scharer
District Measurers Urs Wyler, Oscar Weber
District Champion Urs Wyler
District Runner-Up Urs Schar

Fleets: Lac de Neuchatel (169); Zurichsee (219); Sempachersee/Hallwilersee (250); Greifensee (309); Murtensee (358).

After a sunny beginning to the season with our Sicilian friends of Marsala, whose warm welcome is always very much appreciated, it was in the grey of spring that our season really began, first on Lake Hallwil, at Beinwil, then on Lake Sempach, at Nottwil, followed by the Pfauencup on Lake Morat.

After a race with our Italian friends of Brenzone on the Lake of Garda, six boats from our districts went to Tampere in Finland for the European Championship, won by the Italian, Ferrari, followed by our District Cham-

pion Urs Wyler and his crew. This autumn the traditional race in Fallenden was held on the Lake of Freifensee. On October 21-23, we were in Neuchatel on the Lake of the same name, for the District Championship, won by *Meltemi*, skippered by the Urs Wyler crew which was followed by the usual Fondue Regatta organized by our friend Claude Lambelet.

Concerning the Swiss points Championship, the winner was Christoph Luthy, our current Vice-President.

To sum up, two black marks remain: the first, the cancellation of the Gravedona Regatta on the Lake of Como, for this year only, I hope, because we had such immense pleasure in participating; the second, the ever decreasing number of participants in all our District races. Surely, it's not only a problem pertinent to our Class, but extremely important because we are still so few. I invite you all to think about this, with the outlook of a better future for our wonderful Lightning Class, I could not finish my report without thanking my immediate collaborators, as well as those of the other clubs, who devote their time to organizing races in not always easy conditions and finally for all, competitors and friends, for the spirit and the fair play which reigned during this season.

TEXAS DISTRICT

District Commodore John B. Waskom, III
 District Secretary Janelle Garrett
 District Measurer Dr. Sylvan Newman
 District Champion Warren Lewis
 District Runner-Up Clarke Newman

Fleets: Dallas Corinthian (35); Rush Creek Yacht Club (435).

In April Warren Lewis competed in the Holiday in Dixie Regatta in Shreveport, and the winds were light for a change. Warren could handle this. In addition to the winning trophy, he brought home the Tri-States Trophy which has a large half model of a Lightning on it (Note: You sailors in Mississippi will have to get up a challenge on this and get your name back on this trophy).

In May Warren Lewis won the Memphis regatta, Hernando DeSoto, on Arkabutla Lake in what were apparently high wind conditions.

In June we held the Texas District Regatta at Rush Creek Yacht Club, and Clarke Newman and Devry Garrett pushed hard in really fluky winds, but Warren prevailed.

In October the State Fair Regatta on White Rock Lake brought cold rain in the morning and light air in the afternoon. We were pleased to see Gay Means win this one, as she had been an active Fleet 35 supporter. As we had done before, the District obtained four raffle tickets for Lightning 14300 and announced in our general mailing that if our district won, a separate drawing would be held of the 1988 ILCA members in the Texas District. Fleet 35 participated in an Open House and Boat Show, and Larry Williamson brought newly restored Lightning 10275 which was parked under the trees along with other classes. The fleet had two other boats in the water for those interested in sailing. A fleet member tended the boat in the show and had class literature, builder information and a list of used boats for sale in the area. In spite of threatening weather, the attendance was amazing, and the fleet picked up a list of prospective members, added a boat to the fleet, and planted the seeds for more.

The "good news" is that Fleet 435 has started on their junior program, and have restored a Lightning for the exclusive use of junior sailors and hope to add another shortly.

ROSTERS AND REPORTS

SKANEATELES COUNTRY CLUB (1)

Central New York District

Sailing on Skaneateles Lake, Syracuse, NY

Fleet Captain Frank Haas
Fleet Secretary Anne Roth Hueber

What can really be said about the summer of '88 for Lightnings in Skaneateles? We have been trying for three years to rejuvenate our fleet, and this summer all roads truly did lead to Skaneateles. We were pleased that 226 Lightnings participated in the 50th Anniversary celebration and gave us a great reason to keep trying. For that we thank you. The 50th was a tremendous success and many "Lightning sailors to be" were quite impressed.

Special congratulations goes to Anne Roth "Jigger" Hueber who won the Steketee Trophy for Fleet 1 for publicity at the 50th. Her dedication to promoting the Lightning in the area is greatly appreciated by sailors and non-sailors alike.

Although we have yet to start Lightning fleet races, several local regattas and a Sunday series provided excitement throughout the summer. Lightnings were the dominant fleet at the Columbia Cup, with over seven out of a total 24 boats competing. Bill Collins took home the trophy which is made from the bronze of the 1899 America's Cup champion, Columbia. The first Annual Sandbagger Series continued with Kirk Reynolds and Bill Collins consistently finishing in the top three. Geoff Wing had a great race at the All Lake Regatta and placed first. The Series ended with Bill Collins edging out Kirk Reynolds for the new Sandbagger Trophy.

Many of our Lightning sailors also competed in the District regatta and we hope that this trend continues in the future. We look forward to continuing this strong come back with the possible addition of a Skaneateles Invitational Regatta next year.

.....	Robert B. O'Brien, Jr.

Fleet Commodore Robert Adams and Secretary Robert O'Brien hope that the Bay Head Yacht Club Junior Sailing Program will continue to showcase the Lightning sailboat as a model teaching facility for young sailors. The fact that certain important events, such as the Sears Cup are still sailed in Lightnings on Barnegat Bay, are causing a keen interest on the part of some younger sailors in Lightning sailing. The outstanding handling qualities and the excellent learning experience concerning foredeck work with both jib and spinnaker are of great value to any Junior Sailing Program. The Bay Head Yacht Club owned boat is therefore actively used as a training ship and, hopefully will trigger a resurgence of Lightning sailing

at the Bay Head Yacht Club. Fifty years ago, it was not unusual to see 25 or more boats hit the starting line on Barnegat Bay. Hopefully, history will soon repeat itself.

Our season began in Vermont making reservations for the 50th. The Spoaldings were never home. We found out later that they were skiing at the same hill we were!

Jack won the Spring Series and was third in the Long John with Henry and Larry. Jack, Henry and Kevin went on to first in the 'Districts' and the Atlantic Coast Championships (also Volvo Cup, also Larry, not Henry) and a third at the Fiftieth and the North Americans. A super year.

The Top Gun crew started the '50th' with beers open and were in good shape at the weather mark so got serious. We all had a fun time, almost seeing all our old friends there. Also, the photo taking or just spectating was magnificent, thanks to Bob and Carol Seitz who now live there.

Sandy and I went to California doubledecked. Our start was in 103 degrees! On arriving in San Diego we had temperate weather, great hosts — Mal and Dick Devlin, and good sailing. Brad Read sailed with us in the 'Masters', and Will Jeffers and Al Schroeder sailed with Arnold. A great experience! After the North Americans we headed for the Hearst Castle and the Napa Valley where we filled up the van with cases. Sorry folks, if you stop by there isn't any left! We celebrate the 50th too often.

Enjoyed our friends in the fall regattas and are now frostbiting our tubs. Lots of talk about babies, Southern Circuit, more babies? Long John, Districts, Greece, North American's, Masters, Atlantic Coasts, etc.....

In researching the Atlantic Coasts we find that Fleet 11 was a winner in the beginning and now still after 50 years of — if only's, that shift, and to the bar for I'll see you on the course next year. Happy sailing all....

The happy sailors of Fleet 11.

The highlight of the year for our Lightning sailors was the 50th Anniversary Regatta held at Skaneateles Lake over the July 4th weekend. Our own Anne Allen, as ILCA President, presided over the 50th year celebration event.

The major Lightning regatta hosted by the BCC was the NFIR, held June 18 and 19. We had a good turnout for the Eby Invitational in May, won by Larry MacDonald.

Our social agenda included a spring party and a summer party after the last club championship race.

Participation in most of the club races was good, especially the Tom Fallon Club Championship.

Tom Allen, Jr. and Sr., Larry MacDonald and Mark Bryant, fled the frozen north for the Lightning Southern Circuit in March. Tom Allen, Jr. won the Savannah Regatta, with Larry MacDonald finishing second overall in the three regattas which also included stops at St. Petersburg and Miami.

The BCC fielded four crews for the Junior Lake Erie District Championship held at Silver Lake, won by Ned Roseberry with crew Matt Sanders and Frank Ernst. Tom Starck was runner-up.

Mark Bryant's third place finish was our best in the District Championship. Todd Jones was sixth, Jody Swanson eighth and Ned Roseberry ninth.

The BCC sent three Lightning teams to the Junior U.S. Area E Sailing Championships at Cleveland Yachting Club. Ned Roseberry finished third, with crew Frank Ernst and Greg Millar in the three man Interlake Boat in the Sears Cup Division. Tom Starck, with Martha Wilson aboard, finished third in the two man Bemis Division in Flying Juniors and Jim Starck finished third in the Smythe Division in Lasers. Our thanks to Jody Swanson for coaching the BCC team, and to Jack Mathias for organizing the qualifying races at the BCC.

We were happy to have five junior Lightning crews participate both in the Junior Club Championship won by Ned Roseberry and the Tom Franclemont Series won by Tom Starck.

Ned Roseberry, with crew Tom Starck and Josh Murphy won the Junior North American Championship at the Mission Bay Yacht Club with five firsts in the six race series. The BCC juniors have now won the last four Junior North Americans. Katie Ward, with crew Amy Tillou finished eighth. What a wonderful experience for our Juniors!

The BCC contingent included six crews participating in the senior North American Championships at Mission Bay, with Mark Bryant finishing fifth and Tom Allen, Jr. seventh. Larry MacDonald, Tom Allen, Sr., Jody Swanson and Jim Allen also finished well in the Championship Division.

Our thanks to everyone who participated in the various club series which were won by the following skippers; Hussey — Tom Allen, Jr.; Tom Fallon Club Championship — Mark Bryant; Fleet 12 — Jill Swanson; Meyers — Dick Aubrecht.

We were saddened by the death of "Mr. Lightning," Past Commodore, Karl Smither, a past North American Champion and past President of the International Lightning Class Association. Karl was always supportive of Fleet 12 activities and was a committee member for every Lightning Regatta held at our club over the past 50 years.

Fleet 12 is looking forward to hosting the Womens', Junior and Senior Lake Erie Districts in 1989.

A special thanks to Fleet Captain Ed Roseberry, Jr., Treasurer Tom Allen, Jr., and Secretary, Jill Swanson, for promoting Fleet 12 activities.

This was an active year for Fleet 16. George Barr and Joe Shatt joined the fleet bringing our number to an even dozen. Over the 12 weeks of racing six to twelve boats would be on the starting line. There was trouble keeping an active race committee despite the fact that former Commodore Jack Conway donated his pontoon boat to the fleet for the use of the race committee. It's amazing what an eager bunch of racers will do without a race committee. As long as George Madel was Captain of the Fleet you knew he'd get the races started, with or without a race committee. We used rabbit starts at first and then set up two buoys for the starting line and hoped that the windward finish would be without problems. This was the first time that "no problem" turned out to be the truth. There were no contested finishes.

There were three series of eight races with trophies for the top three boats in each series, (two throw-outs per series). The Lake Series in June was captured by Franz Schneider (with his crew of Sheila Schneider and Suzy Schneider) with Bob Baron second and George Madel third. The Miller Series in July was won by Mark Schneider (with his crew of Cindi Schneider and volunteers) with Father Franz taking second and consistent George Madel third. The Club Series in August was also won by Mark Schneider, Franz Schneider in second and Joe Mark third.

The over-all winners for the Fleet Championship were: 1 - Franz Schneider; 2 - Mark Schneider; 3- George Madel; 4- Stan Moldawsky; 5 - Joe Feyder.

Mark Schneider spent a number of weekends on the regatta circuit and brought home many trophies. Mark and Cindi and Franz and Sheila sailed at Skaneateles to celebrate the fiftieth anniversary of the Lightning Class and performed exceptionally well.

Fleet 16 hosted the Metropolitan District Championship this year which was won by Jack Huntsman of the Monmouth Boat Club. Frank Mergenthaler of the MBC was second, Mark Schneider of the local club was third.

Some current and future Fleet 16 sailors.

At the annual Fleet Night dinner trophies were distributed and we were treated to our usual hilarious musings about our crazy behavior on the water by the "Bard" of Lake Wallenpaupack, Joe Mark.

The annual Paupack Invitational Regatta on the third weekend of September was a successful event with 18 boats competing representing 8 fleets. The Pocono Vacation Bureau, The Hawley Chamber of Commerce and Coors Beer jointly sponsored this regatta along with the LWYC. Coors donated trophies and of course their bubbly brew. Dick Hallagan from the Newport Yacht Club won the five race event beating Jack Elfman from the Surf City Yacht Club by one half point. Mark Schneider placed third in that event.

One of the longest rivalries that go on within the middle of the fleet was won this year by Stan Moldawsky although there is no trophy for this one. He and Joe Mark consider the day a success if they beat the other. They sailed pretty much even but Stan appeared on the starting line more often. That will do it.

Chuck Goehringer was elected Fleet Secretary and Stan Moldawsky Captain. Sailing on Lake Wallenpaupack in October is a treat even after the racing season is over. Our Fleet is growing, the competition is good. We welcome sailors to our club. Come join us!

Fleet 17 scheduled 16 races for the 1988 season. The fact that 15 of those races were completed attests to the great season the fleet had. Using the Cox-Sprague system for scoring, only 16 points separated the first, second and third boats.

To illustrate how close things were all season: Jim Nelson, 11874, had six firsts, five seconds and four thirds; Vaughan Lee, 11674, had five firsts, four seconds, and six thirds; Ralph Sperry, 12739, had four firsts, six seconds, and five thirds.

So the final standings were first half: first, Nelson, 185 points; second, Sperry, 179 points; third, Lee, 175 points; and for the second half: first, Nelson, 210 points; second, Lee, 206 points; third, Sperry, 200 points, making Jim Nelson Fleet Champ, Vaughan Lee Runner-Up and Ralph Sperry third.

We're hoping to build our fleet and are on a recruiting campaign.

Fleet 17 had two families (three generations), and two boats — Nelson's 11874 and Lee's 11674 — travel to Skaneateles July 2-3 for the 50th Anniversary Regatta. All considered it a fantastic experience. The Lees ended up 33rd in the Red Fleet — not too shabby. What a wonderful job Fleet 1 did in putting on the extravaganza.

This year Fleet 19 had a dual celebration to commemorate the 25th Annual Cornball and the 50th Anniversary of the Lightning. Mark Bryant was the winner of the Charles Ludwig Memorial Trophy and Jim Neville was second. Todd Jones, last year's winner, was third.

Bill Beisel should be given an award as biggest booster for juniors and women sailors. When daughter Amy sailed in the District Women's Championship and qualified for the North Americans, Bill rearranged his vacation schedule and took his whole family plus two extra crew, plus boat, to San Diego. Although they didn't win, they gained a wealth of experience and brought back a tremendously large bundle of life-long memories.

At the annual awards banquet, Ralph Erickson surprised the fleet by presenting the winners with accurate-to-scale half-hull models of the Lightning which he painstakingly constructed in his home workshop.

Well, here we are at the end of another sailing season and what a great year it has been. I don't know if it was because we were all celebrating the 50th anniversary of the Lightning or what, but it seemed everywhere you went this year there was plenty of enthusiasm, good spirits, and downright fun. So Fleet 27 would like to say congratulations to the Lightning class and all those who sail in it.

Fleet 27 is proud to have Lightning class members such as Ralph (Bucky) Powless, who has been sailing Lightnings for 34 years, Paul Howald, who has enjoyed the Lightning for 20 years, and Carl Clipp, who is active internationally and helps keep the class strong.

We had three of our fleet boats travel to Skaneateles for the 50th Anniversary Regatta. All of the Howalds, Jungjohanns, Varleys, and we were joined by the Fairchilds, as Sam sailed on a boat from New York. We all had a great time, the sight of 226 Lightnings on the water all at the same time was incredible, the scenery was beautiful, and the water was mighty cold (as some of us found out). Also one of our skippers picked up a doll of a fourth crew while there.

Our fleet had several great get togethers and we topped it off with our clam bake in October. Our annual Windshift Regatta was as shifty as ever with Tom Varley and crew coming out on top with first place, John Werley took second place, and Carl Clipp was third. We all had a nice time and got to see Bucky Powless skipper again.

The Varleys and Howalds traveled to several regattas on the Ohio circuit this year, with Tom Varley placing first in two, second in one and fairly well in others. Congratulations go to Tom for receiving the Ohio District Sportsmanship Award for 1988.

The Clipp's traveled way out west for the 1988 North Americans and thoroughly enjoyed themselves.

We're all looking forward to the Ohio District hosting the North Americans next year which we hope is as great as this one has been.

Another successful season for Fleet 31. The weather was hot and dry but the winds were a little slow through July. Our season consisted of 30 races with Danny Norton emerging on top as Fleet Champion. Merrill Bales and Steve Thomas were second and third, respectively.

The Fleet alternated as race committee this year and all did a commendable job. We averaged 12 to 14 boats on the starting line each Sunday.

The Memorial Day Series was won again this year by Dan Norton; 4th of July winner was Hank Hodgson; Stay-at-Home series, Jeff Maludy; Round-the-Lake race, Merrill Bales; Night race, Steve Thomas and sons; and Labor Day winner was Hank Hodgson. Steve Thomas received the most improved skipper award and his wife, Sue Ann Thomas was awarded the First Mate trophy. Best crew trophy was awarded to Randy Sahajdack.

Three members of Fleet 31 traveled to Skaneateles in July to participate in the 50th birthday celebration of the Lightning Class. Jack Tibbs, Bruce Goldsmith and Pete Paullin made the trip and Paullin won the Green flight. Congratulations to the Paullin boat.

Our second Fleet reunion was held the last Sunday in July. This event, organized by Bill Nuoffer, was well attended and the third reunion is scheduled for 1990, which is our 50th anniversary at Devils Lake Yacht Club.

Fleet 31 was saddened by the deaths of two of our lifetime members this year. Walt Swindeman, Past President and North American Champion passed away in the fall and Barney Crittenden, Past President of ILCA and R.C. chairman for many years, died in May. A new trophy case is being constructed and will be dedicated to Barney's memory.

The 45th annual Regatta was held Sept. 17-18 and this was a memorial to Barney. As a coincidence, 45 Lightnings participated. Colin Park, the current N.A. Champion, showed that he could sail inland lakes as well as the ocean and finished #1. Bruce Goldsmith of Devil's Lake was second.

Fleet 31 has been growing steadily and we expect to add several new members and new boats for the 1989 season.

The fleet declined over several years but renewed interest led to a full — 98 race — season, mostly under Portsmouth rules. Opportunities to race against Interlakes showed that the Portsmouth handicappers have done their homework. Next year promises an expanded fleet. We have noted that injury-plagued Thistle sailors seem to be developing a liking for the Lightning.

METEDECONK RIVER FLEET (34)

Central Atlantic District

Based on Metedeconk River at Ocean County, N.J.

14014	Bluestreak	Djoerd Hoekstra
14029	Craig J. Dooren
14080	Exve	James G. Carson
14180	Hot Fuzzy	James G. Carson

Metedeconk's Lightning sailors began their 1988 season in Georgia and Florida on the Southern Circuit. Jim Carson and brothers Paul and Jim Gelenitis took advantage of the ultimate sailor's vacation. Jody Lutz had the most success, gaining a second in Miami as the conclusion for the Larry MacDonald team on the circuit.

On the regatta scene closer to home, Jim Carson edged out Frank Mergenthaler of Monmouth Boat Club to win the Spring Tuneup hosted this year by Bay Head Yacht Club on the Metedeconk River. Jody Lutz just missed winning the Atlantic Coast Championship held at Newport, finishing second. Jody, Alan and Dave Ruiter made the trip to Skaneateles for the 50th Anniversary Regatta along with a couple hundred others. They returned with stories of mark roundings with thirty abreast and a reunion of a lot of old friends. Our sailors also did quite well with both Ruiter in the top twenty and Jody winning the last race.

The Central Atlantic Districts, held this year in Brant Beach, was the qualifier for Metedeconk sailors towards the road to San Diego, site of the North Americans. The series was dominated by fog which eliminated a race and postponed two others. The series was shortened to three races and Jack Elfman of Surf City won, followed by the Metedeconk contingent of Jody Lutz, Jim Carson and Paul Gelenitis. Jody, Jim and Paul continued on to San Diego but had problems solving the calm California winds and chop. Jody and Paul qualified for the Championship Flight, but could not break through to the top echelon. Jody, however, did well enough to qualify for the '89 "Worlds".

The Metedeconk River Yacht Club holds three separate series each year, consisting of two ten race fall and spring series sandwiched around the summer championship series. These races, together with the Barnegat Bay Yacht Racing Association series, allows the talented national competitors continued racing against other club and local sailors.

The winners: Spring Series, Dave Ruiter, carried by young daughter Stephanie; Fall Series, Jim Carson, showing he still remembers how to sail his river; BBYRA Series, Paul Gelenitis and Dale Dunston, who triumphed in the last race as mass confusion took place when the fleet searched for a missing mark; Championship Series; Keith Toboada, winning his second consecutive championship and going on to win the Club Championship. Paul Gelenitis, Richard Thomas, Dave Ruiter, and Craig Dooren followed.

The future of our fleet are our young sailors which is kept alive via advanced sailing classes taught by Jim Carson and Dave Ruiter. This forum allows our young sailors to learn from two experts in Lightning sailing. 1988 was another year where our young sailors showed position results. Craig Dooren won two trophy races in the BBYRA Series and Greg Kinzel won the Club's Junior Championship. Phil Kinzel topped this banner year with a third in the Junior "Worlds" held in Finland. As these and the other juniors before them achieve success, Jim and Dave should credit themselves with a part in their triumphs.

Some of the Fleet at our awards banquet.

Fleet 35 again had the good fortune of enjoying a growth year. Even with the retirement of three former members, the fleet welcomed four new skippers and crew during the 1988 season.

With only a few short weekends to practice during the spring, Fleet 35 once again migrated to Shreveport for the Holiday in Dixie Regatta. With four boats from the fleet attending this event Richard and Gay Means were again more than gracious in providing housing and hosting a marvelous crawfish boil for our fleet members. This year we even brought home some silver as Ralph Bilnoski finished in second place.

The championship series was comprised of 28 races that spanned a period of four months. With very close competition being exhibited throughout the fleet, places were swapping week to week. Joel Good eventually prevailed in capturing the championship title with Rodney Wallace close at his heels.

This year Fleet 35 mustered three boats for the District Championship which was marked by extremely light air. The light air must be the only possible reason that no one from the fleet finished in qualifying position for the North Americans. Perhaps next year we will have a larger showing, more air, and higher finishes.

In celebration of the 50th anniversary year of the Lightning, Fleet 35 hosted a 4th of July celebration for the entire club. The success of this event can be measured from the fact that late arrivals Joel and Ardis Good (returning from the Skaneateles celebration) found nearly 100 club members on the dock and a total depletion of the food supplies. Fortunately, the liquid refreshments held up for the entirety of the event. The fun races and attendant prizes were enjoyed by all, with the celebration doing much to increase the exposure of the Lightning within our club.

Averaging seven boats per start over a long summer season qualified Fleet 35 to three boats sailing in our Club Championship series. This was

the highest number of Lightning sailors to participate in the current decade, and speaks well of the growth and recognition of our fleet within the club. Larry Williams finished first in the semifinal competition and represented the fleet well in the championship finals.

The highlight of our fall sailing was the State Fair Regatta. This event is perpetually hosted by the local Rebel fleet and sailed on White Rock Lake. This year there were 11 Lightnings in attendance for the Regatta, the most in recent history. Although the races were sailed during and between heavy rain showers, the competition remained hot and heavy. The top three finishers Means, Bilnoski, and Waskom respectively were separated by only 1 1/4 points. Fleet 35 hosted a picnic on the dock following the final race to afford some socializing time for the local sailors and those Lightnings traveling to the regatta. We hope to see many more of our Lightning friends at the regatta next year.

The fall series is nearing completion at the time of this writing and some of the newer fleet members are doing extremely well. To date, Joel Good and John Waskom IV are in close contention for the top finish, but they are going to have to watch out for our newcomers in the future.

Fleet 36 hosted the Spring Classic Regatta in 1988 to open the sailing season with our Corinthians from out of town. Colin Park sailed away with the honors.

At the winter fleet meeting, it was decided to use a team scoring system. Several boats took advantage of sharing the tiller. It was a great experience for those boats who designated themselves a team.

While Pymatuning Lake had deep water, the Spring Series got under way with Jack Borland repeating his first from last year. Second place was won by the team of John Swartz and Tom Sankey. Third place was mastered by Lenny Ciccone.

No one sat on the centerboard as the drought of '88 took its toll at PYC. The big boaters hauled their deep keels out of the water and jealously watched the Lightnings slug out the Championship Series. Dave and Jonette Werley became the proud owners of 10024 and went on to win the Saturday Series followed by Tim Borland/Nedra Lewis and Rob and Abby Ruhlman/Greg Maras who finished third. Rob and team triumphed to win the Sunday Series while Dave and Jonette Werley switched to second. Yes,

your majesty, there is a second. After the spray cleared, Jack Borland was third.

The Fourth of July Regatta was won by Don Courtsal, who, after doing such a great job of updating the Perpetual Trophy decided he wanted it again. Three times and it's yours, Don. Second place went to Frank Thompson and third to Lenny Ciccone.

Rob Ruhlman with crew Abby Ruhlman and Greg Maras, did a non-stop drive to San Diego where Rob, in his brand new Lightning sailed in the Championship Fleet of the North Americans. The crew was superb; the skipper gave the sailor's blessing — a lot. The Stay-at-Home Series was dominated by Dave and Jonette Werley. Jack Borland, with son, captured second, Tim Borland close at his transom for third.

The hotly contested Fall Series was won by Rob and Abby Ruhlman/Greg Maras. Second place went to John and Bertie Werley. Third place was a three way tie that ended up with Dave and Jonette Werley, Robert Thompson and Jack Borland in that order.

Eleven boats sailed at least 50% of the races to qualify for the Championship Series. For the first time ever, a team was Fleet Champion. Fulfilling a legacy of champions, Rob Ruhlman, with wife Abby, and Greg Maras, won the laurels. With three-quarters of a season in their new boat (Rob's old), David and Jonette Werley finished second. John and Bertie Werley finished third, Jack Borland was fourth with John Swartz and Tom Sankey prevailing for a fifth. Four out of five trophy winners were teams. "That's the way to go, Crews!"

The year 1988 has come and gone, but not without its memories. John and Bertie with Greg Fisher held a one day seminar. Jerry painted his boat, twice; Ed painted his once. Jimmy Martuccio returned to PYC with vengeance and Mark Snelson, *Hot Canary IX* was back on the water. Charley Courtsal got married. Herb sailed with a "Smile." Vic capsized his boat to see if it was a sinker. He wasn't sure so he repeated the performance on the next weekend. Are there wind shears on Pymatuning?

Fleet 39 had a very good year — good wind, enough to combat the fearsome Hudson tides, for all our home events and lots of fun and action around the pins. Several Chelsea sailors attended away regattas. The brothers McCann and Michael Pike sailed at the Magnus Pederson Regatta at Nyack. Paul and brothers took second in both races. Observing the conditions of wind and waves, Michael decided not to go swimming. Michael Pike, Paul McCann, his brothers and Bill Muth teamed up at the District Championships held at Lake Wallenpaupack and took sixth overall.

Frank Newman and Dave Petelinz traveled to Skaneateles for the 50th Anniversary Regatta. Paul McCann, Bill Muth and Michael Pike traveled outside of the District to sail the Cedar Point Fall Classic. They won't tell us how they did except to admit to eating too many raw clams—on shore we hope!

Michael Pike, Frank Newman, Richard Owen, and Paul McCann went to the Last Blast Regatta at Nyack to complete the Mid-Hudson Circuit, which is comprised of the Magnus Pederson, the Chelsea Open, and the Last Blast. This time Michael, in a puff of the moment, went swimming. Frank and Richard decided to stay dry and the brothers McCann went on to win the regatta and the Mid-Hudson Circuit Trophy. Paul and brothers won the Long Island District Championship. Paul crewed to win the Mariner North American Championship and, as a result, was invited to sail in the Champion of Champions Regatta held at Annapolis, Maryland.

Last year we wrote that Richard Owen intended to purchase a Lightning and join Fleet 39. Well, he did both and more! Richard, with help from his sons Ricky and David, gave Michael Pike and crew a real run for the Fleet Championship. Not until the conclusion of the last two races of the season on 23 October was the first place trophy winner decided when Michael took two firsts, managing to outscore Richard for the season by only two points overall! Congratulations to Michael and to Richard.

Michael Pike won the Spring Series, Don Williams was second. Bill Muth won the early Summer Series, Don was second again. Richard Owen won the Late Summer and the Fall Series and Dave Petelinz was second.

Dave Petelinz had a good year. Dave had an eager gleam in his eyes and was on the line for all of the season's races. Frank Newman continued his friendly and helpful ways by sailing in races with new Chelsea sailors in their Lightnings, giving information on the tides to sailors who lost or forgot to bring their tide tables, loaning rudders to sailors whose pintels snapped before the last race of the season and being the great guy that he is.

Fleet 47 — Peter, John and Bud Humphrey and 9119.

Silver Lake Yacht Club was very active this 50th year of the Lightning Class. We were the host to the Lake Erie District Championships, held six weekend mini-regattas, but the highlight of the season was the Anniversary Regatta at Skaneateles.

All of our skippers sailed the 50th! Gold Fleet: Peter Bone, 16th; Dave Matteson, 17th; Bill Neal, 35th; Peter Humphrey, 45th. Red Fleet: Mark Dadd, 12th; Mark Grinder, 34th; Jay Hackemer, 82nd; Roger Slade, 87th. Green Fleet: Scott DeGolyer, 3rd. Off the water most of our fleet stayed with Hoss Bone. Hoss, an old time Silver Laker, now lives overlooking Skaneateles Lake. Hoss and Carina were fine hosts — great cook out and fun for all the Junior sailors. Thanks Hoss!

Following are the results of our mini-regattas. These regattas included good racing, cook outs, and activities for the whole family. As you can see the racing was very close.

Jane Van Arsdale Memorial: 1st 13948 — Mark Dadd — 1-2-1 — 4 pts.; 2nd 9119 — Peter Humphrey — 4-1-3 — 8 pts.; 3rd 13628 — John Adrian — 2-3-7 — 12 pts.

Ed Neal Memorial: 1st 9739 — Mark Grinder — 2-4-2 — 8 pts.; 2nd 9845 — Peter Bone — 7-1-1 — 9 pts.; 3rd 6983 — Bill Neal — 1-5-4 — 10 pts.

Bill Humphrey Memorial: 1st 6983 — Bill Neal — 3-1-1 — 5 pts.; 2nd 13628 — John Adrian — 1-2-2 — 5 pts; 3rd 9119 — Peter Humphrey — 2-3-4 — 9 pts.

Benedict Memorial: (The 40th year we have sailed for this trophy.) 1st 13628 — John Adrian 2-2-1 — 5 pts.; 2nd 6983 — Bill Neal — 1-1-4 — 6 pts.; 3rd 7398 — Jay Hackemer — 4-3-3 — 10 pts.

William - Stay at Home: 1st 13628 — John Adrian — 4-2-3-2-1 — 12 pts.; 2nd 13948 — Mark Dadd — 1-1-3-1-DSN — 16 pts.; 3rd 6983 — Bill Neal — 2-2-1-5-DNS — 20 pts.

Club Championship: (17 races w/5 throw-outs) 1st 9739 — Mark Grinder — 40 pts.; 2nd 9119 — Peter Humphrey — 40 pts.; 3rd 7949 — Scott DeGolyer — 44th.

Our Most Improved Skipper — John Adrian; Mid Neal Memorial Trophy for Best Away — Scott De Golyer; Charles Van Arsale Trophy for Best in Harvest Regatta — Peter Humphrey and Jakob Hafstad Trophy for Best Crew — Mark Humphrey.

Another year on the River and many more miles logged by Fleet 50. This was a year of remarkable stability: Ogle took over as Fleet Captain, Swanson stayed on as Secretary-Treasurer, and Gallagher stayed in the same boat all season. But this was also a year that saw membership continue to grow — more than twenty-five skippers — and more boats participating in club races — seventeen were scored in the Fleet Championships.

The Potomac Cup, Fleet 50's major Spring Regatta, drew sailors from all over the region. The winner was Simeon Coxie from Annapolis; second place went to Tom Hudgens from Raleigh, NC; and third went to Jim Richards from Richmond. Other highlights of the season are the Collier Cup which went to Frank Gallagher with Bob Astrove and Jim Gilbert in hot pursuit, and the President's Cup, also won by Gallagher followed by Astrove followed this time by Jim Dillard. Win, place and show in the Spring Series went to Gallagher, Ogle, and Reed Barrett in his hot new boat. The Fall series went to Ogle, Gallagher, and Tim Rinaman sailing Frank Gentile's ever fast Fleet Flicker. When the last points were totaled and the last throw out thrown, Frank was once again Fleet Champion with

Ogle in the Runner-Up slot and Jim Dillard down but not out in third place.

There was lots of other action. The Lightning-Thistle Challenge was won this year by the Thistles, so we will stop revising the Portsmouth ratings for next year and sharpen our team-racing tactics. Not to go unmentioned were Maureen Gallagher and crew who sailed fast and won top honors as the best-dressed crew in the Coat and Tie regatta. Fleet 50 was also proud to have four boats sailing in the 50th Anniversary Regatta at Skaneateles.

The Lightning Fleet had another summer of good sailing, although a few complaints were heard about Lake St. Clair's typical mid-summer light air and a record number of races were called off or abandoned due to high winds. However, no Lightning sailors went swimming, unlike a number of Crescent's Snipe and Thistle sailors who spent a good part of the summer sailing wrong side up.

Tom Vickers continued his winning ways, placing first in the Season Championship as well as in the Sunday A, Sunday B and Wednesday Night Series. Jack Schulte took second overall for the season while Craig Hupp finished third. Jack and Craig also traded second and third places in the Sunday A, Sunday B and Wednesday night series. In 1987 the Fleet instituted a trophy for participation to recognize the boat which most strongly supported fleet racing. Tom Vickers received the initial participation award.

Crescent sent two representatives to Skaneateles, Tom Vickers and Mike Williams. They took along as crew Lightning alumni Bob and Sally Werenski and John Oram and long time Lightning sailor Tracey Sommers. Mike reported that the starts at Skaneateles weren't any different than at Crescent. However, fleet members observed a number of new "racing stripes" down Mike's hull after his return.

Racing on a course shared with Great Lakes' freighters adds a little extra excitement. The photograph shows Craig Hupp (13388) and Dick Drew (13121) under a spinnaker attempting to catch a freighter with a half a boat length lead before the leeward mark.

Fleet 54 ("The World's Largest") has completed another successful season of Lightning racing. It was not unusual to see 27 to 28 boats lined up on the starting line for a regular fleet race. Almost all of the 79 scheduled races were run as wind conditions were unusually favorable this year. Trophies were presented in each of six series plus the annual fleet match racing weekend and a special weekend series where a crew member must helm and the usual skipper must crew. Our annual White Cap Regatta (invitational) was won by John McCree of Bay City while PYC sailors Louie Nickels and Sean Fidler finished second and third. In addition, Fleet 54 sent seven boats to the 50th Anniversary Regatta in Skaneateles, New York.

The highlight of this golden anniversary year was that the Michigan District Championship Regatta was held at our club for the first time in 36 years. In the past, the regatta has usually been held on larger bodies of water but intense lobbying brought it back to a smaller lake. One of the concerns had been the ability to provide a challenging course with lots of wind. Because of this, the planners chose the last weekend in June for the regatta since past experience showed this to be a generally windy weekend. As it turned out, they were correct. While Friday found the winds to be in the 12 to 14 MPH range, Saturday was another story. In spite of the 105°F temperature, the day's first race was held in winds gusting to 30 MPH. The rescue boats were kept busy as ten of the 34 boats capsized at one time or another. After a lunch break, the day's second race was postponed until Sunday because the winds had picked up to 40 MPH. It wasn't a total loss though because skippers and crew waited out the postponements swimming and playing water volleyball. On Sunday, the hot, sunny weather left us and the races were run in winds up to 20 MPH with crews wearing several layers of clothes under their foul weather gear. In spite of all this madness, current National Champion Colin Park finished as the District Champion (again) with Gary Demarest second and Dave Nickels third.

Lightning junior sailor Sean Fidler represented the United States in Finland at the Lightning Junior Worlds after qualifying by finishing second at last year's Junior North Americans. This year he finished fourth at the Junior North Americans. In addition, he again won the Michigan Junior Districts. Also, as previously mentioned, finished third at our Invitational Regatta.

In women's sailing, two all PYC crews tied for first at the Michigan District Women's Championship Regatta. Bonnie Nickels with her crew Diana Fernando and sister Ruth Troy shared the honor (but won on the tie breaker) with her mother, Esther Callahan and her crew Joyce Von Drehle and daughter Phyllis Callahan. There's nothing like keeping it in the family.

Our number of active Lightning sailors remained the same during 1988. We didn't gain or lose any boats but it seemed even harder to get our few Lightnings at the club starting line at the same time on the same day. Part of the reason for this is that the majority of our few sailors all traveled within the Lake Erie District to the District regattas and to the national regattas, wherever they happened to be. Another reason can be contributed to the growing numbers of power boats on the Niagara River who have little respect for sailboat rights. We hear rumors (to make matters worse) that two new marinas, capacity 400 and 500 boats each, are planned for an upstream area less than one mile from the entrance to the N.S.C. Basin.

Judy Walker was the only one at the Southern Circuit but Cal Schmiede, Gordon Compson and Judy were at the 50th Anniversary Regatta at Skaneateles. Kathy Taylor didn't take her boat but crewed for Craig Thayer (not even in the L.E.D.) whereas Mike and Jeff Wiedl took pictures during their one day attendance. They couldn't make the weekend with their Lightning but they were there for the after sailing activities.

What are the chances that two Niagara Sailing Club boats would have an accidental collision in the 226 boat fleet at Skaneateles? Well, it happened even before the first race when Judy hit Cal and broke his rudder. At least Judy had a spare rudder for Cal to use and he only started a few minutes late to finish 18th in the first race.

The Niagara River Lightning Championships raced in late July in front of the Club had heavy winds on Saturday for two races and light winds on Sunday for the final race. Tom Allen IV of the B.C.C. emerged champion followed by his father, Tom Allen III and Ned Roseberry in third.

Judy Walker again won the Women's District Championships at Silver Lake Yacht Club just beating closest rival, Susie MacDonald Rogers. Brian Starck with sister Ellie and Cal's daughter Larissa sailed in the Juniors, run consecutively with the Women's, but turned over in the first race at the first gybe. As a result, the N.S.C. juniors finished fourth overall, but they are young and we expect a greater performance in 1989. After all, they were always the first junior Lightning to the weather mark. It is the spinnaker practice they need and you can be sure our fleet will see that they get it before the 1989 Districts and North Americans.

Calvin, Kathy and Judy all stayed to sail in the Districts but Calvin took the best finish overall.

Only Judy Walker represented the N.S.C. at the North Americans in San Diego sailing in both the Women's and the Governor's Cup. After a fourth in Women's with two boats and four different crew for the series, she went on to take a fifth in the Governor's Cup.

Our fleet may be small but we are all true-blue Lightning sailors at N.S.C. and are working to get our Fleet up in numbers. If we could get a few more boats on the starting line, probably the rest wouldn't travel quite so much. Competition begins at home!

Fleet 64 remains active despite the minimum number of association members. Several new families have recently brought Lightnings into the Club so that we were able to compete for our usual trophies. These include the Roome Cup Series; Burial Island Race and the Labour Day Regatta. Hopefully the fleet is rebuilding.

To celebrate the anniversary year we held a reunion dinner on October 15th, inviting as many of the former Lightning sailors as we could locate. Forty-five turned up and enjoyed a great dinner at the Maple Bay Yacht Club. Three of the charter members (1946?) attended and along with other guests related some of the highlights of the Fleet's past history. Bill and Dick Vogel told how their father, (Hunter was unable to attend but had sent

along his best wishes) had corresponded with Olin Stephens regarding his newly designed centerboard day sailor, and determined it was just the right boat to race and cruise in our Gulf Island waters. Number 626 was the first of the Vogel boats. Dennis Ashby, 1372, recounted the building of the next three hulls and how they were double-planked bottoms of red cedar. Dr. Gerald Coleman spoke of his enjoyment of family racing in 2615. It was generally conceded that this was the best of the early wooden hulls. Bob Sherman, 8435, gave his account of one of the more interesting races around Saltspring Island. It was an overnight race in the early days and this often led to exciting moments. John King, 7258, Jack Davie and Ivan Graham, 7754, all entertained us with great sailing stories. George Blumel, 13289, concluded with his account of sailing in the nationals at San Diego. We missed such skippers as Bucky Kennett, John Coleman, Charlie Bruce, Grant Butt, Ian Bentum, Eric Qualley, and above all Hunter Vogel.

The dinner was chaired by M.B.Y.C. Honorary Commodore Alan Stewart, the former skipper of *Dsonqua*, 3582.

1988 proved to be another excellent year of sailing with good Lake Michigan breezes that allowed 25 races to be sailed out of 28 scheduled Season Series races. Our fleet averaged six out of 13 boats on the line in each race with several boats actively racing regattas out of town.

Racing begins with the Lightning fleet arranging and orchestrating the Commissioning Ceremony, a gala affair of flags flying and cannons firing, of recognition of our latest 25 year members, and of thanks from our new Milwaukee Mayor Norquist and our new County Executive, Dave Schulz, for MYC's contribution to the quality of life in Milwaukee.

Our first two regattas are the Marine Handicap and the Little Mackinac. Both are sailed under the Portsmouth Handicap Rule that allows us to race against 420, 470, Lasers, Flying Scots, etc. while the club's keel boats do the same. The Marine Handicap finishers were Karen Cady in first, Bill Faude was second, and Byron Roe was third while in the Little Mackinac it was Walter Nickerson in first, Byron Roe in second, and Bill Faude was third.

The P&T Regatta which counts toward the Midwest District Lake Michigan Championship was held July 9-10 with 25 boats registered. We had our traditional SE to S winds at 14-18 mph. and the out-of-towners did the local talent in. Michael Huffman of Chicago was first, Wurtzebach was second, and Reichelsdorfer was third.

The Midwest District Championships were held in Chicago with Esser, Cady, Dillon, Roe, Faude, Blair, and Nickerson in attendance. In the top five were Andrew Dillon in second and Bill Faude in fifth. Incidentally, Bill Faude, District Commodore, was our only Milwaukee boat to enter the North Americans this year in San Diego.

The Commodore Regatta was light of wind with Karen Cady finishing first, Byron Roe was second, and John Esser was third. The Labor Day Regatta was cut short with only two races sailed due to severe storms and tornado warnings on Sunday. Yes, we saw a repeat with Karen Cady in first, Andrew and John Dillon in second, while Byron Roe and Walter Nickerson tied for third.

It was a real battle for the Season Series and when the smoke cleared it was Karen Cady, daughter of the now crewing Dean Cady, as our Fleet Champion. This is the second year in a row for Karen and we can only hope this doesn't become a habit. She and her crew had twelve firsts and were in

the top three positions in twenty out of twenty-two season series races — a truly outstanding performance.

We would like to wish our close friend and fellow competitor, Kevin Blair and Melanie, all the best in their future life together. No wonder he missed so many races this season.

As we end 1988 with memories of the great times racing, our thoughts drift to the approaching ski season and fireside relaxing while we plan new secret weapons to foil our friends. See you on Lake Michigan.

There's always competition in Fleet 70.

Fleet 70 started with the Long John, RC Bob Hutchinson, (thank you Hutch) and then the Spring Series. Jack won the Spring Series with John Parker second. Our club racing was mainly Portsmouth — to the bridge and back. The Lightning finally won a couple of these. Jack, Pam, and Johnny won the first week of the year and Rob Held won the last. All of us who sailed had a good time whether our crew was two, six or a case.

The 'Districts' at Wallenpaupack were won by Jack, with Frank Mergenthaler not far behind. Sandy and Ralph were fourth and fifth, a strong fleet we are. Frank almost won the Metedeconk Open. His crew Larry wins the Top of the Mast award for his performance.

Most of us were there for the 50th, Jack, Pam, Johnny, Jon, Holly, Rebecca, Ethel, Arnold, Sandy, Mary, Patrick, Pat, Les, Judy, Tim, Denis, Rob, Jeanne, Michael, Kevin, Henry, Liz and Will. Sandy and Rob now know the meaning of a black flag. We tried to see everyone we knew and Jack brought home third.

Some of us went to the Volvo Cup, Atlantic Coast Championships in Newport. Jack, Kevin and Larry won and we all got wet, a different fun as there were hundreds of boats and tent parties. Rum.....

California was a treat—see Fleet 11—Thanx to Mission Bay Yacht Club. We will miss Harold Beck who passed away last summer, his smile was always there for us all for so many years — One of the “Firsts” of our fleet as he’d been here forty years or more.

The fall regattas were fun for all.

Next year we will be hosting the ‘Long John, The ‘Mets’ and the ‘Atlantic Coats’. Mark your calendars now! 51 years and still counting.....

The Rocky River Lightning Fleet 71 was reactivated in 1987 on the Fortieth Anniversary of its initial affiliation with the Lightning Class Association. Although reduced in numbers from our old fleet of twenty-four boats, our present “flotilla” of seven boats did provide enjoyable and stimulating sailing this summer on our tempermental Lake Erie under the excellent auspices of the Cleveland Yacht Club.

Point total at the end of the season showed May Urso, sailing *Maybe*, and Don Friswold, sailing *Earthly Delight*, tied for third place. *Grandpa and Me*, sailed by Poppa John Mueller, was second and Wally Sellars (with the help of his new boat, *Newfie*) was first.

Lake Erie was definitely the place to be during the drought in these parts this summer. We were fortunate in having a summer devoid of “drifters” and fortunate it was with temperatures frequently in excess of 100 degrees. Fried kippers, yes! Fried skippers, no!

Regrettably we were unable to participate in the great 50th celebration at Skaneateles. Those of us who did try could find “no room in the inn”. It was disappointing indeed with fond memories persisting of the 40th Lightning Anniversary in Skaneateles.

In retrospect, the big experience of the summer became the lot of John Mueller and Jan and Don Friswold. During the Steeplechase Race, Sandusky to Put-in-Bay, they were hit by a double-whammy line squall. The race had started in light air with high temperatures, and to make the boat as light as possible, any and all seemingly unneeded equipment was left at the dock. The squall hit while they were at the mid-way point during the return trip, engulfing them in darkness, howling wind and horizontally driving icy rain. You guessed it! Foul weather gear had been left back at the dock. Driven off course they were able to fetch Kelley’s Island as the wind abated. Then they started back to Sandusky; at the entrance to the Bay the storm hit again with even greater ferocity and total darkness. Badly shaken and numb with cold, they made Sandusky Yacht Club as the storm terminated. Jan plans to assess and meditate at length on her experience before starting to hike out again.

The high point of the season was attending the Harvest Moon Regatta at Atwood Lake. Nestled among rolling Ohio hills it is indeed a charming place. We were again impressed by the affable welcome at the Yacht Club, as well as the hospitality at the beautiful Atwood Lodge.

The wind! Now there’s the rub! This year it descended from the hills to Atwood Lake to give us a one-race series. And as is often the case, it came from multiple directions at one and the same time. Jackie Mueller with crew consisting of his tow-headed, eleven-year-old twin daughters, coached by their Momma Nancy, finished in the trophy section, as did George Auer sailing *Bump and Grind*. Pat Bennett and Suzanne Gula, crewing on *Newfie*, are planning to bring home a trophy next time.

With the curtain falling on 1988 sailing season it is time to shine up the “old barrel staves” and “Think Snow”.

The first Lightning in Colombia was *Tramuntana* (900), owned by Jose Carulla and built in mahogany by carpenter Victor Urrego, according to blueprints mailed by the Lightning Class Association in April, 1942. Seven more Lightnings had been built in Colombia by 1945, when our Fleet 73 was officially registered, being the first in Latin America and turning Colombia into the second country, after Canada, to establish a Lightning fleet outside the USA.

National Championships have taken place annually, since 1949. Rafael Obregon, Jose Carulla, Carlos Castillo, Maurice Jacob, Vicente Hernandez, Antonio Pacini, Fernando De La Concha and Andres Lisocki, all from our fleet, have distinguished themselves as National Champions.

Our sailors have participated in 28 of the 33 South American Championships that have taken place since 1955, including the five hosted by our fleet (1959, 1967, 1973, 1980 and 1986). Three of our members have been South American Champions: Rafael Obregon (three times), Fernando De La Concha and Andres Lisocki.

All Lightnings built in our shipyard during the past 46 years have been made of wood by carpenters Victor Urrego or Norberto Cruz, under the supervision of designers Guillermo Aldana, Vicente Hernandez, Manuel Isaza or Rudi Salmang. Chilean Manuel Gonzalez won the 1987 World Championship sailing one of these wood boats. *Candelaria* (11750), designed by Vicente Hernandez and built by Norberto Cruz.

Our fleet celebrated the 50th anniversary of the class with a sparkling two-day regatta that took place on October 1-2, with the participation of 23 boats that competed for the “Jose Carulla” Trophy, created by our club to honor the memory of one of our founders and first Lightning owner in Colombia. Juan Carlos Uzategui, a young sailor from our club, won the regatta, that was observed by a large group of veteran Colombian sailors, including five of our founders.

In November the Copa San Pablo-Muna Regatta took place in Tomine with six Ecuadorian crews and nine Colombian. Wind conditions were at our advantage permitting seven very competitive races.

The tight competition finished with the following results:

Andres Lisocki/Lisocki/Tamayo, 17 pts., first; Santiago Uzategui/Higuera/Isaza, 20 pts., second; Philippe Jacob/Contreras/Bermudez, 20 pts., third; Mauricio Martinez/Londono/Martinez, 25 pts., fourth; and Jorge Uzategui/Uzategui/Fernandez, 35 pts., fifth.

Fleet 75 kicked off the season promptly on May 1st, with just enough boats for the race to count. By the end of the year we had an average of 12 boats on the line each Sunday for our record number of 33 races at Nyack. Bill Cook won the Fleet Championship, but not without a fight from Kathy and Paul Connell, who were Fleet Runner-Up. Dick Weitzman captured third overall, followed by Joan and Gary Hurban in fourth.

Kathy and Paul Connell sailed more consistently than most and captured a trophy in each of our three series. Bill, "I was sailing so fast" Cook won the Spring Series, Kathy and Paul Connell were second, and Elissa Hall was third. The Summer Series was won by Kathy and Paul Connell followed by Dick Weitzman and Howie Rinehart, second and third respectively. Joan and Gary Hurban sailed away with the Fall Series, Bill, "I was sailing so fast", Cook was second, and Kathy and Paul Connell were third.

Once again, several boats travelled to various district regattas with three and one-half boats and eight skippers hauling out to Skaneateles for the 50th Anniversary Regatta. Needless to say, a great time was had by all!

The Magnus Pederson Regatta was held in early June with 22 boats from

Sunday racing at Nyack.

numerous districts attending. Tim Nasar of Westport mastered the wind and currents of Nyack to win, followed by Paul "Bros" McCann of Chelsea-/Long Island in second, and Gary Hurban of Nyack third. Our Last Blast Regatta in October was less forgiving than the Magnus Pederson. The 13 boats had a "brief" four hour delay waiting for the winds to calm down to steady 20 knots, and the air to warm up to 32 degrees. Once started, the Race Committee was kind by running three short races, knowing that the Last Blast was not just for racing. Several boats received the "Rubber Shark" Award just for showing up. Joe McCann of Narrasketuck won, following by Tom Ingram of Cedar Point, and Bill Cook of Nyack in third.

Fleet 75 also hosted a Lobster Dinner for 200 for the club's Labor Day Regatta. The next time someone comes up with that idea, this writer will make sure she is not the Regatta Chairman. (HOW LONG? WHICH POT? WHAT GRILL?)

Five of our fleet's lady skippers participated in the club's Ladies' Day Regatta, using the club's 420s; if for no other reason than to reassure ourselves why we sail Lightnings! Elissa Hall and Susanna Carman were second with Joan Hurban and Becky Woehrle third.

We had our share of blown-out sails, dented rubrails, broken noses, crushed hands, and neck operations. Yet the Broken Rudder Award for the most failed equipment during the season unanimously goes to Elissa "The only thing left to break is my mast" Hall. After running aground tearing the transom apart, breaking the halyards, pulling the centerboard cleat out....., the only thing left to break was the mast. She accomplished even that feat by the end of the District Championship weekend.

On the shore side, Kathy Dalmas and Paul Connell were married in April. Mike Springsteen and Heidi Mannick were married in October. Welcome aboard new fleet members Diane and Bill Moe sailing *In the Pink*. Our fleet officers all were unanimously reelected for a second term. On a sad note, Fleet 75 lost a lifetime member, Mons Grinager. Mons was our Fleet Captain for several years and always an active member of the fleet. He will be missed.

O'D's will be sponsoring the 1st Annual Half-Way to St. Patrick's Day Regatta now that Kevin O'D owns a Lightning. But don't wait until September to visit us. The sailing is plentiful and the company grand. Join us in the spring!

The Newport Invitational Regatta was held with three races Saturday on Lake Ontario. The two wild races on Sunday were held on Irondequoit Bay. The races on the lake were sailed in cool weather with 10-15 mph winds.

Sunday the wind had kicked up to 15-30 mph out of the west. It proved to be wild with several boats tipping over (including Pete and Dick Hallagan). The regatta was won by MacDonald, with Bryant second, and Proctor third. A special thanks goes to Landy Atkinson for the effort of coordinating everything for the regatta again this year.

This was the third year (I think) that Irondequoit Bay was open to Lake Ontario. The power boat traffic was increased tremendously. This has taken its toll on the attendance of the club racers for our Sunday summer races. While we were getting five-seven boats on the line for the spring and fall series, the summer series was poorly attended. Of course, some of the reason for the low attendance in the summer can be attributed to our good representation at many of the Central New York district regattas that were held this year. Besides our regatta, there were regattas held at Cazenovia, Skaneateles, on Keuka Lake (our District Regatta), the "Centrals", at Geneva, Oswego, Chaumont Bay, and the Harvest Regatta on Silver Lake. Of those regattas, three were in July and two were in August. That can make for a busy summer by itself.

As a club we were well represented at the 50th Anniversary Regatta that was held in Skaneateles on July 2-3. We had 18 boats from our club registered. I must say that this sailor was overwhelmed by sight of over 225 beautiful Lightnings on that relatively narrow lake at one time. What a regatta! I think that the Skaneateles Country Club should be congratulated on doing a fine job with this smoothly run event.

At the "Districts", we were represented by at least half a dozen boats of the 32 or 33 that were there. George Sereno was our top finisher at second place. Tammie Jamison was the rookie of the year placing third in their first Districts as skipper. Dick Hallagan was in sixth. Other attendees were Landy Atkinson, Jim Gocker, Dan Koretz, and Alan McReynolds. Of these Jim Gocker, Landy Atkinson, Dick Hallagan, and Mark Sertl attended the North American Championships in San Diego. Dick Hallagan did well by placing third in the Masters and tenth in the Championship fleet. Mark Sertl placed 14th in the Championships and Landy Atkinson placed second in the Governors Cup.

At home we had Dick Hallagan as overall winner with George Sereno second and Bob Jamison third. Also, I would like to thank Howard Stickney, Dick Doherty, Neil Smith, and Allen R. Hamilton (is he really 73?) for being among the most consistent club race participants. Next year will probably prove to be a pivotal year for the club, but I think that there are enough concerned club members that the 1989 season will prove successful for Lightning sailing at Newport Yacht Club.

Our season began with the first jewel in our holiday series "Triple Crown", our Memorial Day weekend series. Chris Vann emerged victorious with Gary Davis second, and former "Triple Crown" contender, John Oldham third. After besting the fleet over Fourth of July weekend finishing ahead of Don Barrett and Gary Davis for second and third respectively, Chris Vann began to wonder if he would be the first in many years to capture much more wind and more challenging conditions than we had seen in Niantic Bay all season. After a hard-fought battle and some very tough breaks, Chris had come up short. Honors went to John "I-WANT-heavy-air!" Oldham, first; Franz "... is-the-season-over-already-I-feel-like-I'm-just-getting-started" Edson, second; and Gary "we-can't-seem-to-shake-this-guy" Davis, third.

When the dust finally settled and the points were totaled for the season series championship, Gary Davis came out on top followed by Dave Dickerson, Franz Edson, and Peter Fanta (after his first season in a Lightning). Peter and his wife/crew Diane are a great addition to our fleet, whom we know we'll have to deal with on the race course as they sort out their boat and boat handling.

For several years now, the skippers of Lightning Fleet 85 have made their boats available to the younger racing enthusiasts at our club for the annual Junior Lightning Race in an effort to provide an opportunity for them to experience the feel of the Lightning with the hope that they might graduate from their Blue Jays, 420's, etc. to a Lightning as the boat they race as adults. This race was hotly contested during Labor Day weekend in the ideal conditions with Heidi Dickerson coming through with a bullet (sailing with crew Tim Healy and owner/crew Gary Davis), followed by Dave Sampson and Andy Hall.

Heidi's victory in this year's Junior race came as no surprise to those of us who know what an excellent skipper she is. Heidi skippered the only boat from our fleet to attend the 50th Anniversary Regatta at Skaneateles with mom and dad as crew and finished *fifth* in the 101-boat Red Fleet, with a first place in the second race to earn the special award for the best finish by a woman skipper. Among her other accomplishments this season, she placed second in the Blue Jay Nationals at Madison Beach Club in a beautiful, lovingly-crafted wooden Blue Jay built by her father Dave which he completed the morning of the first race!

Niantic Bay was well represented away from home with several crews travelling to regattas in our area and beyond. We brought six boats to the Volvo Newport Regatta. This was the first year the Lightning Class was invited to attend this grandiose affair, thanks to the efforts of Brad Read. Hopefully, Lightnings will be asked to compete again in 1989. For those of you who have never been to a regatta with a cocktail party for 1,200 sailors each night, you won't want to miss this one.

We sent seven boats to the Madison Beach Club for the CT/Rhode Island District championships, coming away with fifth, sixth and eighth place finishes amongst the top ten, with the first four places going to the heavy hitters from Cedar Point Yacht Club: Ched Proctor, Edson White, Jim Crane, and Phil Lotz.

Two crews attended the 1988 North American Championships in San Diego. Last year's Women's North Americans champs Donna Barrett and Barbra Vann teamed up once again and hit the road a week in advance to make the long journey west with the boat, and Don Barrett flew in the day before the qualifiers. For the first year in many, Don missed qualifying for the Blue Fleet by one point, finding the big kelp, big water, and little wind off Mission Beach "challenging", prompting him to display a bumper sticker he had been saving for just such an occasion that went something

like, "It's been lovely, but I have to scream now!". However, Don sailed well in the Green Fleet, finishing fourth. Chris Vann with crew Lenny Vann and Gary Davis sailed a solid qualifying series (in his dad's boat which calls Mission Bay Yacht Club it's home), making the cut high in the Green Fleet.

John Oldham was the sole Niantic Bay boat to travel to Southampton, Long Island for their regatta and placed second. We sent three boats to Cedar Point's Fall Classic; always a fine regatta, this year's was no exception.

The final Lightning event on Niantic Bay is the Connecticut Governor's Cup. This year's regatta was sailed under sunny skies in 12-16 knots of breeze both days. Once again, Phil Lotz emerged victorious followed by Don Barrett, John Oldham, Heidi Dickerson, and David Peck, sailing Ched Proctor's boat. With good drysailing facilities (two hoists), a great race committee, good sailing waters, and solid local competition, we have all the necessary attributes for hosting a fine regatta. When you consider all this, in addition to a fantastic cocktail party and steak dinner followed by dancing with a top-notch D.J. on Saturday, and hot dogs and refreshments before the trophy presentation on Sunday (along with things like T-shirts, and videos of the weekend's action), it's no wonder this regatta has the reputation of being one of the best in the area. Don't miss the 1989 Connecticut Governor's Cup! Watch *Flashes* for details.

Finally, it is with great regret that Fleet 85 will be missing a stalwart team of competitors next season, with the departure of Nelson and Helen Hoffman. Nelson and Helen, along with Dave Peterson, John Vann, and a mere handful of others, built up Fleet 85 with their dedication and enthusiasm to the 20+ boats that we have today. We wish them the best of luck in their new Florida home, (hope that it's not too permanent), and that they'll be back soon sailing with us on Niantic Bay.

The 1988 season marked the second year of competition for our reinstated Fleet 91. All skippers and crews made marked improvement over the first year.

Our plans for the 1989 season are to combine our racing schedule with Brant Beach Yacht Club. This should make for a larger fleet on the water and give the race committees from each club a weekend off every other week.

Season results: Ken Corsig, first; Pete Langborgh, second; Jeff Herrick, third; John Teigland, fourth; Brian Boulden, fifth, and John Izmirlian, sixth.

Every race season differs from the previous and this year's was extremely uplifting, enjoyable and, of course, exciting.

First, there were no cancellations due to weather. The wind gods did provide enough to convince the race committee that there was a "Go", but some races did develop into drifters.

The fleet was represented in Florida at the Masters this past winter with Ron Wulff at the helm. Later on these stalwarts went north to New York State for "The Big 50." Needless to say, the "War Stories" were great and the pictures they brought back brought out many statements of "I should have made the time." Also brought back was their description of "a novel approach to lunch."

Wednesday night races were started on an experimental basis and the fleet did participate.

The June Invitational Regatta run by the Awosting Yacht Squadron was won by Ron Wulff with John Sengstacken second and Lou Van Hoff third.

Two of the four series normally run had their winners determined in the standard manner but the last two, a Saturday and a Sunday series, both ended in a tie for first place with no open dates available.

The outcome of the Labor Day Long Distance Race was used to determine the winner of both series and, due to the point scores, the fleet championship.

The race was sailed in drenching rain, overpowering gusts, and near impossible wind shifts, with the outcome only determined in the final seconds when Bob Sengstacken received the gun. Such was the contest that members of other fleets chose not to sail and watched the race instead.

The following week the fleet hosted the New Jersey State Lightning Championship with boats from various corners of the state competing under bright, sunny skies and winds excellent for driving Lightnings to their fullest. First place and the trophy went to Rich Minor of Lake Mohawk; second place to Ron Wulff; and third place to Bob Sengstacken of Awosting. Sandy Huntsman of the Monmouth Boat Club took fourth and Lou Van Hoff of Awosting was fifth.

The fleet welcomed the addition of a fine wood boat skippered by Pat Toomey.

The year 1988 came in with a vengeance! The result was that two of our more active boats were destroyed. A storm in January pushed very high waves over our breakwater and spilled two feet of water across the boat storage yard and parking lot of King Harbor Yacht Club at Redondo Beach, crushing many small boats against the clubhouse and washing some of them into the harbor. Mike Boswell's *Seafever* (13191) and Quintin Foster's *Blue Wooze* (11568) were damaged beyond repair. Mike's second boat, 11373, sustained severe damage, but was repairable. The clubhouse and facilities were also damaged.

Wendell Harter and Bert Winther had kept their boats at their homes, and as a result, their boats were unharmed. Hence, they were the only skippers available to represent the fleet in most of the year's races. Wendell sailed in the California Circuit in San Diego, the May Lake Cachuma Regatta, California District Championships, the Masters' and President's Cup Regattas, and Bowen Memorial Regatta in San Diego.

The good news is that Bruce Yeager, who is new to sailing, purchased boat 14206 and joined our fleet. We're looking forward to his racing with us before long.

Mike borrowed Bruce Yeager's boat, and he and Wendell both sailed in the Billie Boswell Memorial Regatta at Lake Cachuma in late August. Bert Winther, Wendell and Mike represented the fleet in the Hurricane Gulch Regatta in October, the only Lightning Regatta hosted by King Harbor Yacht Club this year. Quintin Foster, now boatless, crewed with Bert Winther in this regatta, and our new skipper, Bruce Yeager, let Mike skipper his boat while he crewed. John Lyon, Fleet 194, won the regatta, Wendell Harter was second, followed by Kirk Johnson and Mike Boswell.

Fred Chandler was chosen to be an AFS exchange student and sent to Chile for a year, thus taking him out of our fleet activities. Hopefully, Fleet 102 will have more boats in sailing condition in 1989 and be able to put more boats on the starting line.

Getting back to our local series, the cumulative standing among the top five boats was very close with a different boat winning the first four races. Bob Morrow, sailing "Men at Work" was the first to win two races and with appropriate momentum, went on to take the series championship. He was ably assisted by brother Matt who also skippers his own Lightning on other occasions and Meredith Schreyer, a top sailor in her own right, having won the 1988 club Blue Jay title for 1988.

Barbara and Dave Mann sailing "At Last" were called on occasion due to business commitments and were fortunate to have Michael Plosica, one of our more talented young sailors, available to skipper the boat when they were not there. Michael (who has his sights set on a Lightning when he finishes college) recruited Dave Farinetta and Karen Smit and assisted the Manns to a second place finish.

As an indication of how close and competitive our fleet is becoming, the race for third place was neck and neck to the wire between Bob Hoffman, the 1986 champion, and Tony Ventimiglia, the 1987 champ. In the last and crucial race, Tony beat Bob out by one position and thereby gained third place by .05 points. Crewing for Tony was brother Gene and nephew Paul. Sons Larry, Tom and Skipper crewed with Bob Hoffman.

Rounding our final standing were: Bill Dacosta, Walter Krueger and Joan Young, fifth; Chris Larsen, Roberta and George Schreyer, sixth; Don Cooper, son David and Jack Nile, seventh; Bill Scott, Peter Scott and Charlie Heuschkel, eighth; Karen, Ron, and Ronnie, Jr. Totams, ninth; Mike and Art Farren and daughters, tenth; and Don Drescher and sons, eleventh.

We had a pleasant fall series, traditionally, our fleet hosted a very enjoyable picnic for all to wind up the season. Now, the weather grows cooler, days shorter, leaves are turning colors and it comes time to put the boat and gear away until the spring. Adios until then.

(Bob Hoffman)

At Lavallette, we started our season in June, with three weekends of sailing symposiums and racing in order to help the newer sailors in the fleet. Subjects covered were racing rules, tactics, sailing maneuvers and regatta management. The sessions were chaired by our Vice Commodore Del Kusma, who also provided interesting race courses during the summer. Our regular series started on June 26th and there were wide extremes in wind and weather conditions that resulted in all kinds of unique situations ranging from the frustrations of "no wind" pockets to sailing in heavy rains, gusting winds to 35 knots and plenty of white caps.

Picture if you will, boat 10988 (Barbara Mann) in first place with less than 100 yards to finish. What little wind there was disappears, at which point 13710 (Bob Hoffman) passes the lead boat to windward and figures to hve the race won. Fifty feet away 12957 (Bill Dacosta) catches a small puff and passes both of the others to win by a boat length. The Mann boat finished a frustrating fifth on that occasion.

Three of our skippers spent the July fourth weekend at Skaneateles sailing in the Red Fleet. It was an experience never to be forgotten. The ILCA can be proud of the event and the Skaneateles Country Club can certainly take the honors for a superb execution of the very enjoyable holiday.

This year started off with the renaming of our summer and fall series, the Hayseed Series and Vandersteen Series.

Our spring series ended up a one race series with Jim Knorr taking the honors in the one race blowout.

The year started with apprehension as to bay water levels and fleet participation, as it turned out water levels and fleet participation both were up and down.

The results of our Fleet Championship are as follows: first, Charlie Nitka/Brian Phelan, 13818; second, James Knorr, 10969; third, Doug Olson, 10680; fourth, Vern Heyrman, 13225; and fifth, Mike Kulkjoski, 11888.

Fleet 112 hosted our district's second regatta, the Evans Regatta. For the second year in a row we had a gear busting blowout. Saturday started out with a perfect 15 knots breeze at the 10 minute gun edging with 25 knots+ at the finish. The remainder of the day was spent checking out the new boats in the district and talking over old times. Sunday racing was started early to beat out the expected blast later in the day. We weren't disappointed. The first race started out in ideal conditions of 12-15 knots and ending up being blown off the bay at the end of the second race with drought driven winds over 25 knots.

The five survivors were: first, Paul Wurtzebach, Chicago; second, Bill Faude, Milwaukee; third, Brian Phelan, Green Bay; fourth, Ric Larsen, Sheboygan; and fifth, John Esser, Milwaukee.

The fleet was put on notice for the remainder of the summer when Brian Phelan returned from the 'Districts' in Chicago, with the first place trophy. He didn't stop there. Brian won every race he skippered in the remainder of the season.

The season ended with the Walter Masse Memorial Race. Bill Hayes came out of retirement to sail this race. He used a scratch boat, a second row start and unbeatable "seat of the pants sailing" to take all. Bill won first to finish and handicap honors. This year taking a new traveling trophy, "The 600 Grit Club," was Doug Olson. Doug earned this honor by not only tipping his own boat over, but by being instrumental in Jim Knorr's capsiz at the 'Districts'.

A special thanks goes to the people that make it all possible — our very competent race committee, co-chairman Doug Olson and Charlie Nitka with the able crew of Tom Phelan, Bill Hayes, and Jane Stounard.

Just imagine doing five or six triangle, windward, leeward races in just two hours. Think of the crew work. There are 24 marks to round, 12 spinnaker hoists, six jibe mark roundings and seven boats in contention.

That's how the Hamilton Boating Club (Flying Beavers) races every Tuesday night. It's fast, fun and it's excellent training. In 1988, the training paid off. The season started off with Larry MacDonald second overall at the Southern Circuit. The N.F.I.R. Regatta was held at the Buffalo Canoe Club with Susan Rogers placing first and Keith MacDonald finishing third. This year was the qualifying year for the World Championship in Greece. Larry MacDonald took top honors by winning the Canadian Open, qualifying first to represent Canada at the next 'Worlds'.

Our club was well represented at the 50th Anniversary Regatta with six of the seven boats attending. This regatta was the highlight of the season.

The Lake Erie 'Districts' were sailed at Silver Lake Yacht Club. Susan Rogers placed first and Trevor Born was tenth. At the 1988 North American Larry MacDonald finished in the top 15.

Our racing season concluded with Dave Wood finishing second in the Lake Erie District Fall Circuit.

Our club's winter agenda consists of a variety of parties and outings. As well, the membership gets together weekly for our hockey pool. Our club is growing every year. We look forward to a great 1989 sailing season.

Starting in May, finishing in September, the Mud Flat sailors of Fleet 121 had a busy schedule in '88. Eleven boats were in the yard this summer, many sailing in all three series — spring, summer and fall.

Al Martin started the year off right taking a close Spring Series from the Lavender/Fram team. The Summer Series saw Al Lavender and Steve Fram come back to win the series on a tie breaker. Winn Snow was second, Russ Crawford third. The Fall Series continued the close level of competition in the fleet this year, Lavender and Fram over Martin by two points with John Hughes not far behind. The Fleet Championship was won by the steady season-long sailing of Al Lavender and Steve Fram, continuing their streak of many years. Al Martin was runner-up with Winn Snow third.

The Cedar Point "family".

Fleet 126 began its '88 season in the snow, with a February gathering at the home of Fleet Captain Fergus, and First Lady Sara, Henderson. We planned for the season to come, and welcomed new members Tom Hagan, Dave Liebman, and Bruce and Ellen Atkinson. The Atkinson's drove all the way from Longmeadow, Mass. for the evening. (We must be doing something right!)

While the majority of the fleet stayed home to work on their boats Ched Proctor, Phil Lotz, Tim Ingram, and Wiley Crockett headed South to work on their tactics. It was a successful Southern Circuit, as both Phil and Ched finished in the top ten.

The Early Bird Regatta, held every May is the official opening of our sailing season. This year's regatta, chaired by Tim Naeser, saw 28 boats from up and down the East coast converge on Cedar Point for a great weekend of sailing. A huge thank you to "Mr. Race Committee", Ted Fontileau, for yet another superbly run regatta.

The Memorial Day weekend marked the first race of our club series. The weekend regatta was won by Phil Lotz. Second was Wiley Crockett, and new member Bruce Atkinson, finished third.

As the season progressed, it became apparent that the wind god was not smiling on Long Island Sound. We spent many hours drifting around, or waiting for a tow home. More time was spent at the club playing frisbee, volleyball, or just trying to keep cool in the record heat. The highlight of the season was the 50th Anniversary Regatta at Skaneateles. It was a beautiful weekend, and the wind showed up as requested. Fleet 126 was well represented by Kjell Heitman, Phil and Wendy Lotz, Tom Hagan, Ched and Judy Proctor, Brian Hayes, Nina Cuccio, Martha Gallo, and Tom Ingram made the trip north for the July 4th weekend. As you all know, the class did a supert job running this historic regatta. We thank everyone who helped to make the 50th an event to remember.

For those who couldn't make the trek north, Cedar Point held its own Independence Day Regatta. Wiley Crockett finished first, Bruce Atkinson was second, and Gianni Cuccio was third.

The month of August tortured us with still more windless days. Fleet members looked elsewhere: Tim Naeser and crew Brian Hayes won the Magnus Pederson Regatta in Nyack, N.Y.; Phil Lotz placed fourth in the area Mallory Cup Races; Brian Hayes, crewing with Jody Lutz at the Canadian Open, finished third overall.

Fleet members were also successful at the "Districts", which were held at Madison Beach this year. Cedar Point sailors took three of the top four spots. Results were as follows; Ched Proctor, CPYC, Edson White, CPYC, Jim Crane, (never heard of him...just kidding, Jim!), and Phil Lotz, CPYC. Nice work guys!!

Labor Day weekend finally brought WIND. Hiking was a new sensation after a season of the "Leeward Crouch". When we returned to the clubhouse, Phil Lotz was once again the winner. Tom "Mr. Consistency" Ingram was second, and Neil Hayes (we thought that boat only went in light air?) was third.

The Fall Classic and Lobster Bake was the climax to Summer '88. Thirty boats sailed four races in beautiful breezes. Dick Thackaberry did a great job as RC., and the lobster, shrimp, and clam dinner was a feast to remember. We thank Tom Ingram, Regatta Chairman, and all those who assisted him. A special thank you to club manager Roger Faucett who procured the seafood for us. Ken Read took home top silver for the weekend. Cedar Point sailors Ched Proctor, Gianna Cuccio, and Edson White were also in the top five.

We are proud to list the fleet results for 1988: Wiley and Barbara Crockett, sailing with the able assistance of Toby Lambert, were Fleet Champions. Tim Naeser, who returned to the fleet after a short recess, was runner up. Neil Hayes and "Woody" were third. Bruce Atkinson, a great new addition to our fleet, finished fourth. Gianni Cuccio, who has been sailing in the fleet since he was a teenager, was fifth. We congratulate the winners and all those who sailed the summer of '88.

Fleet 126 thanks Fergus, our wonderfully organized Fleet Captain and all fleet members, wives, and crews for making '88 a wonderful year — despite the wind. We thank you for your hours tuning and tinkering, for the help you gave to one another on the water and off, for the time spent cooking fleet feasts and working on regattas, and finally, for the beer always being there when we hit the dock.

A special thank you to John Cuccio who continues to act as fleet "Godfather", finding sailors — we know not where — and steering them to Lightnings at Cedar Point. The fleet owes its success in no small part to John's care and enthusiasm.

We look forward to 1989. The fleet continues to attract new members. Our "old sailors" are getting smarter and faster. The "new kids" are giving us a push forward. Competition is keen, camaraderie is high, and Fleet 126 continued to be one of the strongest in the class.

1988 was another good year for Fleet sailors on the road. Alan Hunt won the District Championship on Vancouver Lake, the home waters of such Northwest luminaries as the Parshleys, Dave Hickman, and John DeBenedetti, all former champions. Ten years of trying finally paid off. Ken Dunkelberg sailed just as well except for hitting Alan at the last leeward mark of the last race. Finishing ahead of Alan would have given him his first District Championship. Bruce Dietz got his latest new boat moving in the right direction and fast this year as he won at Vancouver, B.C., and at the Seattle PIYA Invitational. He may have won the PIYA Circuit as well.

Phil Wong got tougher this year and so did the fleet — we elected him Fleet Captain. Pam and Bruce came head-to-head at a local regatta with Bruce taking the honors, but only because Pam was nipped at the line by Hunt. Lindahl got a job and his racing performance took a header but he won the hearts and minds of all those who beat him this year. I'm sure we'll pay the price next year, though. It seems like the local racing scene has become a little more competitive with several different skippers getting upity and winning races.

A newcomer, Tom Foulds, has proved himself formidable at screwing up your race if you're trying to pass him or even get the best start. Bill Sims sheepishly put a motor mount on his boat and moored it, saying he was just taking a year off from competition. I'm sure we'll see him on the line in 1989 and it never rains in Seattle. I sure hope he comes back and teaches us a thing or two. Tom Anderson got new sails. When he calms down about being in front all of a sudden, he'll win some regattas. In the meantime, he is in line to be Fleet Captain in 1990.

The North American's were the season's highlight for Lindahl and Hunt, who defied logic and went down there to feed the monsters from the East. They both report that it was more fun than expected to be on the bottom of the food chain and wish it could have lasted for a couple of weeks longer. Of course, their crews may feel otherwise. See you next year.

The season on beautiful Gull Lake began in late May with a number of tune-up races. The official racing season began Memorial Day weekend and concluded Labor Day weekend. Generally speaking the season was marked with warm and dry sailing days.

Although our fleet has dwindled in numbers over the last few years, the competition was keen and the participation was consistent. Six boats raced frequently, with an occasional jump to eight. Competition for the championship was evident from the beginning of the season. Tim Vandermeulen led the fleet throughout most of the season, with Carl Engels and David Decker close behind. The season finished with strong showings by Engels and Decker, at the conclusion of the final race they tied for first place. Tie breaker rules were invoked and the Fleet Champion Carl Engels was crowned.

The annual, 'sail to breakfast' was hosted by David and Karen Watt at their new home in Kalamazoo. In addition to the good food and comradery, the breakfast was highlighted by the presentation of the Great White "Gull Lake" inflatable shark. David Fergemann was the recipient of the trophy, and barring tragedy or puncture the shark should appear at next year's breakfast.

The year concluded the first weekend in October with the annual Gull Lake Lightning Regatta. Twenty boats participated in brisk air on Saturday, with five different boats over at one time or another. Sunday featured very light air and cold rain. Only one race was completed on Sunday. The regatta championship went to John McCree following in order by Carl Engels. David Nickels, David Decker, and Tim Vandermeulen. Congratulations to the three Gull Lake sailors finishing in the top five.

Another season gone by already — hard to believe! Congratulations Lightning Class for 50 years of class sailing and racing. Spofford Fleet 145 salutes you.

This summer on Spofford was plenty hot, but not windless providing many good racing and sailing weekends. The Fleet Championship is decided by series racing over the 4th of July weekend and Labor Day weekend. The Fitch Family Fortune Four Hundred cleaned up again in weather conditions that ranged from light to quite heavy. Tom Fitch did most of the skippering, but when you have three of the four Fitches on the same boat on Spofford Lake, you have a very consistent operation going know matter who is skippering. Congratulations Tom, Laura, Dot and Dave for another season of fine competition.

This season saw the unexpected passing of long time Lightning supporter and friend, Sophie Hamblet. Fleet 145 and Spofford Yacht Club were deeply saddened by this loss of one of our family members. In her memory a new Fleet trophy is being established.

Traveling this year was somewhat limited. Kip Hamblet, one of our big travelers, bought into a marina in Maine and as a result didn't sail much at all this year. Hopefully that will correct itself next year. Alex Gemmell saw less road action this year as well, traveling with his Dad Jack to the Master's at Bomoseen and going with son Michael to Cedar Point. Alex broke in some new crew from the area this summer which should bode very well for him in future seasons. Pat MacQueen and now fairly steady crew, son Aaron and Jeremy Marssette, traveled to Androscoggin where they managed a second. At Massabesic with the help of crew Alex and Mike Gemmell, Pat managed a fifth, and at Cedar Point — well, we won't say.

Pat also attended the "Districts" at Wellfleet along with the Fitch Family from Spofford. Fred Hamblet also came just to provide support to his fellow Spofford sailors. The fact that they serve a lot of beer and mussels there had nothing to do with it. Dave and Pat responded appropriately to this support by showing everyone what Spofford sailors are made of. At the award ceremony, Dave Fitch walked off with the Wounded Whale Award for the best attempt at facial reconfiguration — his own. MacQueen walked off with the award for the most expert effort at sailing a Lightning off its intended lines — the Prettiest Capsize Award. Bud Hamblet was so taken by all of this, he fainted.

The high point of the year at Spofford was the activity and involvement of Randy and Heather Locke. They bought the Fitch's prior boat and were out this year showing an unnerving competence on the race course. Move over next year! Last year's rookie Fleet Champ Terry Pindell couldn't muster the consistency of crew this year, but he'll be back in there next year as will "Mr. Spofford", Fred Turner. Another exciting development has been the recent interest of Spofford Snipe and Sunfish sailor Peter Abell in Lightning racing. Peter borrowed Chuck Prigge's boat for the Spofford Regatta and without even using a spinnaker was at the front end of that twenty-three boat fleet much of the time. Any one out there got a Lightning to sell to this guy?

Speaking of the Spofford Regatta, that is always the finale, with this year being no different. Some things never change. One great day of wind and racing and one cancellation for lack of air — same as last year. The winner — Stuart Nickerson — same as last year. Nevertheless, this, our year-end regatta, improves with age, just like the Lightning.

On the water was a great place to be this hot, dry summer. We enjoyed many excellent races. Our Memorial Day series started with Keith Swihart finishing first, Brad Wagnon second, and George Buckingham third. The Independence Day competition found Keith Swihart first, Brad Wagnon second, and Ryan Miller third. Ending our races was the Labor Day series with Doug Schmahl first, George Buckingham second, and John Nixon third. Skipper Doug Schmahl, with David Schmahl and Greg Miller, took first in the Indiana District races.

David Schmahl, 16 years old, skippered Dad's "Brandywine" for the first season, capturing the Commodore's Cup (top boat in bottom half of the fleet).

Photo credit: Virgil Snyder

At the season's award ceremonies, George Buckingham won the season's Championship, John Nixon was second, and Brad Wagnon was third. The Cynthia Cup was won by John Nixon and Merry Snyder received the Women's award for the season. Craig Cobbin received the Youth award. David Schmahl captured the Commodore's Cup.

The Hoosier Regatta was held on October 8 and 9, with twenty boats competing. Colin Park captured first, with David Nickels second and Bill Faude finishing third, Bruce Goldsmith fourth, and Doug Schmahl fifth. A great time was had by all, with the visiting sailors from Michigan, Indiana, Illinois, and Wisconsin enjoying the hot cider and fireplace atmosphere at the Wawasee Yacht Club.

Doug Schmahl did an outstanding job as Commodore. Many thanks to everyone helping with the carry-in dinners and work days at the Club.

Alan Fox will be Commodore in 1989, with John Call as Vice Commodore, Virgil Snyder will be Secretary and Bob Troutman Treasurer.

A very warm welcome to new members Charles Medlock, George Simpson, and Mark Beesley.

We are looking forward to great sailing with good friends next season.

We celebrated the 50th Anniversary with a champagne toast before the first race of the season and another toast at the last race of the season.

It has been said that there are two seasons in Cazenovia — Winter and the Fourth-of-July. A slight exaggeration but the frenetic pace of summer seems a distant memory when the snows come in October and May is light-years away.

This summer saw more Willow Bankers attend regattas than in recent memory but the byproduct was reduced fleet activity. Don Barter made us proud by winning the Red Fleet at the 50th on Lake Skaneateles and Craig Thayer was runner-up in the vintage fleet—after winning the trophy for the best restored "Skaneateles" boat hands down. Tadd Helmer returned to racing after a three year dry-dock honeymoon and made the top five for the Dulles Cup at Chaumont Bay. Dick Tuttle managed to complete the last three races at Oswego despite: 1) Pulling out the mainsheet block; 2) Tearing a lower out of the spar. Some people never do things the easy way. David Grogono took most of the summer off from Lightnings to compete in the Board Boat Olympic trials. David didn't make the team but was the only non-member of the U.S. Boardsailing Team to crack the top twenty (16th).

On Lake Cazenovia, our Cazenovia Invitational attracted 24 boats with co-skippers Kirk Reynolds and Bill Wilson winning followed by Dick Hallagan — second, George Sereno — third, and "Irish" Dick Doherty — fourth. Best local, Dave Bull, nosed out Jed Dodge for fifth after starting with a 1-2 and then jumping the gun in the third race. Dave Bull, through persistence, nosed out co-skippers Don Barter and Alister Thomson for the Fleet Championship with fast improving John Rudd taking third place — and with it the Tuttle Trophy. Dick Tuttle snuck in for the Charter Member Cup Trophy when Chip Sinn let his cover get too loose. Dick Tuttle also won the Rubenstein Trophy for the WBYC Memorial Day weekend handicap series and the Preston Cup for the handicap long lake race. On the distaff side, Leslie Tuttle popped in from Boston to edge Holly Thomson and Sondra Hellmer and win the silver tea service as the best "crewette". Leslie can now have a proper Boston Tea Party.

Late in the season Nat Dane and Mark Jenner each bought in-active Lightnings and Tom Boehm showed up with a fresh boat so we're already looking past our interminable winter to an even better year in '89. And for you folks who haven't yet sampled the most enjoyable regatta in the North East (ask anyone who's been here), we invite your participation at our Cazenovia Invitational on June 17th and 18th. We're only a few hours from everywhere.

HELSINKI LIGHTING FLEET (166)

14274	Hartti Nisonen

The season '88 was very active due to the 50th anniversary year and due to International Championships held in Finland. Even though the total number of active boats in the District Championships and in the ranking series decreased, our fleet managed to keep most of the boats racing. Kari Maenpaa with his boat *Vahine II* won the District Championship, Jussi Karkkainen was fourth and Terho Aromaa fifth. In the final District ranking list Terho was second and Kari third.

The beginning of this season was scheduled very tight, and we had three of our ranking regattas before Districts, which were sailed in June. Our season began with the traditional On the Rocks Regatta, which was sailed in the middle of May at Lake Tuusulanjarvi. Traditionally the winds were tricky and this time the winner was Terho Aromaa. Next ranking regatta was sailed a week later in Helsinki and it was arranged by the club HSK. The wind was very light and most of the time we were just drifting around the committee boats and waiting for something to happen. Only two races were sailed, and the winner was Hannu Hurskainen. Hartti Nisonen was second and Sam Hartikainen third. The Helsinki Regatta was our last chance to test our boats before the District Championships. On Saturday the wind was heavy, but still possible to sail. Jussi Karkkainen made one of his famous comments shortly after the starting gun in the first race, "Finally a good start", and then he took a swim, when his hiking strap broke. On Sunday there was first a nice wind, which soon changed to a real strong SW wind and a choppy sea. Most of the boats returned to shore after the first race, because we weren't so excited to get repair jobs just a week before the 'Districts'. The winner was Hartti Nisonen, Jussi Karkkainen was second and Terho Aromaa third.

This year our 'Districts' were sailed at Lake Nasijarvi and they were organized by TaPS, which is located at the southernmost end of the lake. The race area was almost the same as was to be used in the Europeans. The 'Districts' were sailed in the middle of June, and this caused difficulties for many boats. Due to the quite cold and rainy spring many of the boats were simply not ready. With extreme efforts we managed to get the minimum number of boats, twenty, which the Finnish Yacht Racing Union requires. Again, the winner was Kari Maenpaa with his crew Erkki Maenpaa and Kimmo Aromaa.

After the 'Districts' we had one ranking regatta at Valkeakoski and there the winner was Terho Aromaa with *Masi IV*. On Saturday we had a chance to sail in a warm summer weather, but on Sunday the weather was back to normal, which meant rain, cold and heavy wind. Anyway, it was a good practice and test for boats before the Europeans.

The high point of our season was in July and August, when the European Championships and Junior World Championships were sailed at Tampere. This time the organizing club was Nasijarven Purjehtijat. The weather varied from total calmness to real storms, especially, the third race and the end of the last race required a lot of skill to handle the boat. The winner was Ferrari from Italy, Runner-Up Wyler from Switzerland and third, Tsantilis from Greece. The Europeans were not very successful for our Fleet. *Vahine* was seventh, thus being the only Finnish boat among the top ten boats.

In the Junior Worlds, which were sailed immediately after the Europeans, there were ten boats and four of them were from Finland. However, none of them was from our Fleet. Best Finnish Sailor was from Tuusulanjarvi Fleet, Ville Lahtinen, who finished third. Our fleet's activity during the Junior Worlds was limited to the work of Kimmo and Jari Aromaa,

who worked as boat guards and part time repair men. Thanks to everyone who lent a boat and hope you got it back in good condition.

After the International Regattas our sailors seemed to be totally exhausted from the active racing season and so the sailing season was practically finished. Some boats still sailed smaller regattas, and we finished our active year at Tuusulanjarvi in September. This year has been a magnificent sailing year and we hope to have even more fun next year, especially in Athens. See you there!

Our two year old clubhouse welcomed sailors to the 1988 sailing season as we began our fifty-second year of sailing on the Mississippi River. In a very windy Memorial Day series, Mike Steffenson took the trophy and we were underway. Numerous Lightning skippers took part in the Summer and Commodore Series during the months which followed. Mike Steffenson continued his winning ways by capturing the Commodore Series while Bill Quaintance took second and Ken Jensen was third. Mike was unable to qualify for the Summer Series and Ken Jensen took first with Bill second and Ron Taber making his first appearance as a place winner for third. The Fourth of July Series was also won by Mike and his able crew of Jean and Doug Steffenson. They also followed this up with victory in the Labor Day Series. These races signaled the beginning of the Fall Series which again was won by Mike Steffenson followed by Ken Jensen and Ron Taber. Although the winning names are the same, there were still many other Lightning skippers and crews providing competition if they made a mistake.

The Polar Bear Regatta was held on October 1 and 2, and the Mississippi River once again served as the final test for skippers ending another great season of regatta sailing. This Polar Bear brought together not only Lightnings but also C-scows and MCs. With fifty-seven boats sailing in three fleets and with the Lightnings contributing fourteen boats from home and away, the staggered starts were spectacular. After two days of sailing in good conditions and a marathon third race, Mike Steffenson and crew sailed away with four bullets and the WOC Trophy as the champion. Gene Matthews from Lake Geneva was second, and Jeff Johnson from Lake Winnebago was third. Ken Jensen from Lake Davenport took fourth and Doug Olsen from Green Bay took fifth. Bill Quaintance from LDSC took the Mayor's Trophy for the next highest place from the local fleet while not placing in the top five. Everyone had a great time and we are looking forward to next year.

Now, with the clubhouse prepared for winter and the boats disappearing to their winter storage areas we can look back at this sailing season as one of the finest in recent memory and hope that next year will be the same, or even better.

Another way of hiking. Jussi Karkkainen and Crew.

Keeping the roster of our fleet the same must not satisfy us, but it seems very, very difficult to keep things going as it was sometime ago.

During the summer, the Cercle de la Voile de Neuchâtel did organize the Memorial Dr. Reymond, raced each Wednesday night and open to all series. It is a very good training as we had 12 races. Claude Lambelet was first and Jacques Perret third. In between went former European champ J.C. DuPasquier with his J24.

Three crews of our fleet went to Finland for the European Championships. It was a beautiful trip driving through Sweden, crossing the sea in a ferry through hundreds of islands, and driving again along lakes in Finland.

Claude Lambelet with Jean-Pierre Monnier and Martin Lambelet on *Garoupa* finished 10th. Perret-Gigandet-Monnier and Despland-Graff-Brugger were 17th and 18th.

Our fleet did organize the Swiss District Championship October 21-23. Friday two races were sailed in very nice wind, Saturday three other races were sailed and Sunday we finished the Championship with one tricky race.

Here are the results: 1. 13790, Wyler, Stauffer, Durr, 3.2 points. 2. 13161, Schar, Schar, Huber, 7.4 points. 3. 13692, Schmid, Hofer, Taschler, 16.4 points. 4. 12860, Lambelet, Monnier, Lambelet, 17.6 points. 5. 13840, Despland, Graff, Brugger, 22.5 points. 6. 13099, Luthy, Merz, 24.9 points. 7. 13066, DuPasquier, DuPasquier, Fluckiger, 27.0 points. 8. 12951, Perret, Gigandet, Monnier, 29.0 points. We also organize the traditional "Regate Fondue". Here are the results:

1. 13790, Wyler, Stauffer, Durr, 6.6 points. 2. 13161, Schar, Schar, Huber, 8.6 points. 3. 13099, Luthy, Merz, 16.9 points. 4. 13840, Despland, Graff, Brugger, 17.5 points. 5. 13692, Schmid, Hofer, Taschler, 17.8 points. 6. 12860, Lambelet, Monnier, Lambelet, 20.6 points. 7. 13066, DuPasquier, DuPasquier, Fluckiger, 22 points. 8. 12951, Perret, Gigandet, Monnier, 27 points.

Saturday night, we all met together to eat the "Fondue" and we had a very nice evening with one motor boat burning just in front of the clubhouse. The work of a pyromaniac. Not a Lightning sailor. Maybe for the 50th anniversary.

Fleet 173 was chartered in 1948. As we close out our 40th season it is interesting to note the few changes that have taken place in the space of time since our inception. Fact is, most of those changes have taken place in the boats themselves. Wood construction has given way to fiberglass and aluminum. But the sailors themselves haven't changed much. Granted, a few of our number have retired or appear less frequently on the starting line, but their names and most of their faces are still among us. The boys and girls of twenty plus years ago are now men and women. I hope this current generation can do as fine a job at perpetuating Fleet 173 as those before us have done.

This past year our Lightning fleet made a pact with out Mariner fleet that resulted in two terrific weekends of racing at Brant Beach Yacht Club. Our Lightning fleet agreed to conduct the Mariner Nationals and, in exchange, our Mariner fleet organized and ran our Central Atlantic District Championship Regatta. Though an unusual combination of high winds and fog made for tough going (including one mid-race cancellation), we were able to complete a three race series and in the process generate a few more war stories to get us through the long winter months. We are grateful to B.B.Y.C. and our Mariner sailors for a job well done.

Our club championship competition was again a hotly contested series with the return of Glen, Carl and Beth Reitingner following a one year absence. However, in spite of all of our efforts we were unable to unseat our current champions for the third year in a row, Dave Coward, Ed and Barbara Serrill.

By the end of the season the order of finish had been resolved with a couple of races remaining. As is our usual practice at this time of the year, we change places with our crew members and put the skipper's to work. Most of us can handle the transition with little more than a slight, almost imperceptible, tremor. However, Glen and Carl Reitingner demonstrated their inability to handle the situation when Glen decided in mid-race to leave his wife, brother and spinnaker and walk home. It's a technique we hope to see more of next season.

GREAT SOUTH BAY FLEET (178)

Fleet 178 had a resurgent year, owing in large measure to the interest and energy of Bruce Atkinson and the McCann family. Working with the other fleets in the Long Island District, we initiated the Long Island Lightning Circuit and our fleet hosted the Circuit opener. The Clan McCann (Joe, Paul, Dennis and Tim) won their share of races and far more than their share of parties. They executed both the horizon job of the year and the capsizing of the year. They broke more pieces than Carter has pills....even a few pieces that weren't theirs to break. They sailed harder, bailed harder, taught more and bought more than one could count. Our Lightning Racing Clinic was their brainchild and their triumph. We got out six boats with prospective crews, prospective owners and others and did a half-day lecture (without wind) and a half-day practical on short courses that quickened a lot of pulses and drew praise all around.

Bill Orchard traded up to synthetic sails and acquired a new competitive edge along with them. Gary Sortino rebuilt 8780 and actually made it to the starting line before the season was over. Robin Ertl was on the line more than ever before. Sue Tuff's threatening to find a boat and join the fleet, too.

Tom Carr bought 12525 late in the year and will reactivate it next year. Tom Powell, recently relocated from the midwest, has joined the fleet as a non-racer.

Long Island District Champs in action.....Joe, Paul and Dennis McCann.

The inaugural event of the Circuit was superbly run by the Gargiulos, Marinaccios, Pearlman, Tom MacDonald and Gary Sortino. Our fleet strongly supported the Circuit throughout the season and placed second, third, fourth and sixth. Bruce Atkinson won our inaugural regatta, sailing out of Bayshore, Y.C., by a point over Thom Hering of Hewlett Point Y.C., Betsy Brewer took the biggest dive, trading the Fleet Championship for the Transom Trophy. Joe McCann skippered his way to both the Fleet Championship and the District Championship this year, bracketed by broken rudder, capsize, broken tiller, broken hoist (not to mention the over-sleeping). Bill Weiss won the Babylon Invitational by two points over Tom Hering. The competition was good and the scores close throughout the season.

Al Pearlman got our socials rolling by hosting the opening pasta repast. The "Gentleman's Quarterly" award went to Bill Weiss for plaids, stripes and paisleys at the fleet's annual business meeting on July 2 ... a regular fireworks display without the sulphur smoke. The "Gold Flash with Crossed Spoons" went to Fleet 58's Ed Reckdenwald, Sr., for strawberries with White Chocolate Mousse at the Babylon Regatta Barbeque.

All of us in the fleet and the Long Island District hope that more of you will join us next year for the Circuit. We are always sailing in 10-15 knots of sea breeze. Not a single championship event was cancelled, or even shortened, for lack of wind. Look for the details in *Flashes*.

Along with being the 50th Anniversary of the Lightning Class, 1988 marked the 40th Anniversary of the Conneaut Lake Yacht Club. Fleet 180 was chartered in 1948. The Club had several events to recognize the dual anniversaries. At the Spring Banquet a history of the Lightning and the club was given by Fleet Captain Ed Benevent.

The 4th of July Anniversary Regatta, for the skippers who did not go to Skaneateles, was won by Skip Ragghianti, Chad Waldschmidt second, and Chuck Good third. The 4th of July picnic was also a success.

The Overall Summer Championship consisted of 29 races. Once again Skip Ragghianti took the honors followed by Mark Prather. Chad Waldschmidt placed third overall followed by Ed Benevent in fourth place and Chuck Good in fifth.

The Summer Series was won by Skip Ragghianti, Mark Prather second, Ed Benevent third, Chad Waldschmidt fourth, and Mike Mercatoris fifth. The racing was very competitive and as a whole Fleet 180 has become very proficient at racing.

1988 also was the year in which the fleet finally purchased a new Committee Boat. Through the hard work of Chuck Waldschmidt and Commodore Art Lace a 22' Riviera Cruiser was bought for barge duties. The old barge and motor looked like it was originally bought in 1948.

The Club welcomed Gary Worthington who purchased a previously owned Lightning this past summer and joined the fleet.

At the Labor Day picnic one of the charter members, Paul Knapp, was honored as well as Duane Good, Chuck Waldschmidt, Chuck Good, Dr. Stan Gurney, and Art and Pat Lace for all their good efforts on behalf of the club.

1989 looks like it will be as good as the last 40 years. Stan Gurney will be Fleet Captain, Ed Benevent Commodore, and Doug Sparks Vice-Commodore. Skippers Ken Pote, Stu Horner, and Tom McFate have been looking for tuning tips and more speed and figure to move up in next year's standings.

Sheboygan's Fleet 187 had another great year of sailing on Lake Michigan with several new boats and boat owners taking part in the usual highly competitive racing program. Our skippers continued to be very successful in sailing throughout the Midwest District and beyond, with the intrepid Ric Larson finishing third in the North American Championship Qualifying Series and sixth overall in the Championship Fleet. With many new sailors sharing in the experience of our "old hands", Fleet 187 continues to be an integral and exciting part of the total sail racing program at the Sheboygan Yacht Club and the Sheboygan community as a whole.

In 1988 we had one of the more successful Brotz Regattas in the last several years, with over 20 boats participating. We invite one and all to come again for a great July weekend of sailing on Lake Michigan in 1989!

Fleet 194 at Mission Bay Yacht Club had a banner year in 1988. Most important among our activities was hosting the North American Championship Regatta in conjunction with the 50th Anniversary of the Lightning Class. The fleet and club had a wonderful time hosting Lightning sailors from North and South America for this exciting event. Social activities during the week included a 50th birthday celebration that was enjoyed by all. Congratulations to Colin Park, the 1988 North American Champion, and special thanks to Myron Lyon for organizing the North Americans. Earlier in this year, the California Circuit was a big success. Sailed at Coronado Yacht Club and Mission Bay Yacht Club, the event offered several days of competitive sailing and enjoyable socializing. Tom Allen, Jr., handily won the Circuit with ten firsts out of eleven races. Other highlights of this year's racing schedule included two regattas at Lake Cachuma (in May and August) and the District Championship at Mission Bay, which was won by MBYC's Scott Finkboner. Kirk and Edna Johnson won the Billie Boswell Memorial Regatta this year, and Larry Swearingen finished first in the Bowen Memorial sailed at Mission Bay. Mike Brewer traveled to San Francisco recently and won the annual Hard Chine Regatta.

The MBYC club championship was sailed in Lightnings this year and was appropriately won by Scott Finkboner. In September our fleet once again demonstrated the superiority of Lightnings by defeating the hapless MBYC Thistle fleet in the annual Lightning/Thistle Challenge.

It has been a great year for Fleet 194. We welcomed Jim and Irene Milstead to the fleet after the North Americans and all of us are looking forward to fun sailing in 1989.

Decorated cakes were served to the '88 N.A. participants by members of Fleet 194.

Light air dominated the multi-fleet one-design racing at the Atwood Yacht Club's annual Harvest Moon Regatta. Lightning class winners were Tom Varley, Leatherlips Yacht Club, first; George Auer, Cleveland, second; J. Mueller, Cleveland, third; Tim McCain, Atwood, fourth; and Dean Caley, Atwood, fifth.

The Atwood Yacht Club and the Explorer Scouts sponsored a basic sailing program for youth ages 13-19 in July. It covered all aspects of sailing one-design sailboats with classroom and on-the-water instruction.

Winners in the fleet sailing series were as follows: Spring Series: David Gall, first; Bob Neading, second; Dean Caley, third; Summer Series: Dean Caley, first; Tim McCain, second; Jim Stone, third; Fall Series: Dean Caley, first; David Gall, second; Bob Neading, third; Championship Series: Dean Caley, first; Bob Neading, second; and David Gall, third. David also was first in the Commodore Series.

For Lightning Fleet 215 1988 was another spectacular year. Lots of enthusiasm, participation and increased number of Lightning owners. We have a number of super fast sailors in our group and the competition between them was fantastic. The Fleet Champion is Jay Mann/Perry Owen with their new Lightning 14175. Peter Hall in Lightning 13968 gave them a hard tussle but was pipped out at the end by an eyelash.

Two boats from the fleet, Peter Hall and Eddy Martin, participated in the North American Championship in San Diego. They both did very well and made the Blue Fleet. However, it was not their day and they missed the top money group by a small margin. Incidentally, in this adventure, they were joined by our up-the-lake neighbor, Tony McBride from Fleet 499.

The highlight of our sailing season was the Canadian Open which was held in June. We had 25 boats participating and it was won by Larry MacDonald, Jr. There were all kinds of different conditions during the three day event and it turned out to be a very successful regatta.

The Lightning Fleet is the pride and joy of the Royal St. Lawrence Yacht Club and it continues to attract interest and enthusiasm from all of our members. We are looking forward to adding to our fleet next season. We are also planning on making a strong effort to developing junior sailors. We expect to participate in the North American Junior Championship in 1989. The fun and attraction of the Lightning as a race sailboat has finally caught the eye of a number of our junior sailors and they are keen to get involved.

Fleet 216 sailing on Saginaw Bay had another great year. Our season started May 25 and ended September 14. The Wednesday Nite Championship Series has under gone a name change. It is now called "The Joe Dissette Championship Series."

The Fleet thought it proper to honor Joe in this manner for all he's done for our fleet and Lightning sailing in Michigan. A plaque was presented to Joe at our spring meetings. This plaque will have the season champions's name and crew names engraved for that season. It was good timing for this award, Joe won the 1987 championship, and he will be the first person on the plaque. The plaque will be on display at the Bay City Yacht Club.

On the way out to the race course for our first race I told my crew, Kim Eickel and John Wachter, "I want to have our names of that plaque." Dreams do come true! Yours truly and crew are 1988 Season Champions.

The following skippers finished in order: Joe Dissette, Mike and Patti Olgaard, John and Robin McCree, and Dr. Bob Hafford. Mike and Patti received the Most Improved Award.

The competition we have to sail against at our club is outstanding. Two of our sailors finished first and second at our Districts at Pontiac Yacht Club this year, Colin Park and John McCree. Colin went on to even greater success by winning the North American Championship at San Diego. John also continued winning many races on our circuit.

Four of our fleet members traveled to Skaneateles for the celebration. What a great experience. Out of the four of us, Terry Hart, Jim Schofield, Bob Hafford, and Joe Dissette Joe did the best — fourth place in the Red Fleet.

Our regatta held in July, was not well attended but the sailors who did come had a good time. John and Robin McCree did not sail this weekend, but filled the most important task — race committee chairman. Robin was chairperson of the dinner Saturday evening, and both did a fine job of regatta management.

The top five finishers are as follows: Colin Park, Joe Dissette, John Johnson, Mike and Patti Olgaard, and Don Rau.

Yes, it's true! This is the year it happened. As we all had hoped, Jack Jones bought his own Lightning, a tried and true vessel from Charles Stone who migrated to Wisconsin to tackle racing scows. Congratulations and welcome to the fleet of Lightning owners and racers, Jack.

We extend best wishes to Robert Wardwell, the new President of ILCA, a former resident of this area, a member of Henderson Harbor Yacht Club, and a vacation competitor of members of Fleet 225. He is a staunch and long-time promoter of the Lightning Class. He is an enthusiastic competitor with a keen awareness of the value of the one design Lightning Class to sailing. We are proud to be associated with him and wish him every success.

Steve Duflo joined the fleet after purchasing Dick Grissinger's boat. We are looking forward to having him on the course more often next season.

Dick Grissinger made his move to a new boat with an eye to making competition keener and to getting the other half of the Dulles mid-position plate. (See below on next page).

Skippers' meeting — Fleet 225. Hey, look! Jones has started already!

Photo credit: John Treadwell

Fleet 225 was represented at the 50th Anniversary of the Lightning Class at Skaneateles in July by Jerry Bezner and Irwin Stone. We agreed it was a terrific weekend and marveled at how smoothly the logistics were handled involving 226 boats and crews.

Course racing started June 17 with two skippers, Jack Jones and John Treadwell, sharing silver-snaring honors. Four series were sailed with the following results: Spring-(1) Treadwell; (2) Jones; (3) Parker. Sunday-(1) Jones; (2) Treadwell; (3) Bezner. Thursday-(1) Jones; (2) Grissinger; (3) Stone. Fall-(1) Treadwell; (2) Jones; (3) Bezner.

Specific trophy races duplicated the silver awards above. Apple Blossom-(1) Treadwell; (2) Jones; (3) Bezner. Barnes Trophy (commemorating the initial builder of the Lightning, a member of Henderson Harbor Yacht Club, Skipper John Barnes)-(1) Jones; (2) Parker; (3) Treadwell.

Commodore's Cup-(1) Treadwell; (2) Jones; (3) Bezner. Pickslay Ramble-(1) Jones (2) Treadwell; (3) Bezner. Stoney Island Race-(1) Treadwell; (2) Bezner (3) Jones. Frostbite Race-(1) Treadwell (Super-Ghost) out-drifting; (2) Stone and (3) Jones.

The Eastern Lightning Yachting Circuit Regatta was hosted July 17, bringing together boats from five of the fleets on Eastern Lake Ontario. The most memorable aspect of the day was the 3½ hour torrential downpour before racing could start. When the rain subsided, so did the wind, for the most part. Top placer from this fleet was John Treadwell, following Hallagan and McCloskey.

Four boats from Fleet 225 competed in the Dulles Cup Regatta hosted by Fleet 9, Crescent Yacht Club. The Mid-Fleet Trophy (half of a pewter plate) was awarded to Jack Jones who has assured all he is returning for the remainder next year. (See Grissinger challenge above). Treadwell, who placed fifth, was one of two boats that capsized, earning the sobriquet, 'Turtle'.

Jack Jones raced in the Sackets Harbor LOLO II, placing fourth with a crew who had never sailed in a Lightning, Charles and Melissa Elve. There was consistent improvement in the five races, garnering a first in one of them. This highlights one of the advantages of the Lightning, in that novices can participate and still give a good accounting of themselves plus have a good time.

Changes were made in the officer roster at the fall meeting at the Bezner's. Dick Grissinger was elected Fleet Captain to carry on the noble tradition maintained by Jerry Bezner. Despite careful planning on his part to forestall such an event, Irwin Stone was elected Secretary, much to the apparent relief of the previous Secretary, John (Turtle) Treadwell.

We conclude the season full of anticipation for more racing next season and look forward to more boats joining us.

Increase membership was Fleet 226's motto for the 1988 racing season. In honor of the Lightning's 50th Anniversary, fleet members set out to get more Lightnings and Lightning sailors on Biscayne Bay. This year five new boats joined the fleet. Randy Ramsauer with *Lizzy Borden* (13592), Ed Cabassa and Enrique Tornella with *Top Gun* (14182), Frank Urban with 13010 and Alix and Jeff Shaw with the still unnamed 14212. The fleet lost three bachelors and three bachelorettes to marriage. Bill and Kathy Caterham and Eamonn and Heidi de Lisser were both married on April 16 at separate services. Alix and Jeff Shaw were married on September fourth. So far the Shaws and the de Lissers are still sailing with their respective mates.

Heather McGonagle, as social chairman, organized three tremendous Lightning events to get sailors and non-sailors out into the boats. The first was a birthday celebration for Heather's *Slippery When Wet* (10815) who turned 20 this year. More than fifty people attended, ranging in age from 14 to 50, they included Canadians, Russians, Jamaicans, Cubans and Americans who work as architects, printers, nurses, students, teachers, pilots, electricians and have sailed everything from IODs to 12 meters. The Le Man's start and finish proved hysterical entertainment for the evening and has become one of the most popular video tapes in the Fleet's videotape library.

To get into the Olympic Spirit, Lightnings and sailors took part in a "Bay's Ball" tournament. Three crew members from each boat took the field as catcher, batter and pitcher. The pitcher pitched to the batter who was supposed to belt the ball out of the park (or moorings). The crew then ran to their boat to "field" the ball and head out to run the bases. On the way to first base the numbered ball is deposited in a garbage pail set out in a dinghy. After "running" the bases the skipper or fielder and his or her catcher run to the pail which has been brought ashore to find their numbered ball. The skipper throws the ball to the catcher at home plate to stop the clock.

The fifty little and not so little kids who attended all had a wonderful time. The third event was a golf tournament that followed the same idea as baseball but appealed to the golfers in the fleet.

Back on the race course there were 18 boats registered for the annual series. After 25 races Heather McGonagle in *Slippery When Wet* took fifth, Alix and Jeff Shaw fourth, Fay Regan in *Booby Trap* third, Carol Stout and Knute Young in *Olivia* second and Eamonn de Lisser, defending champion in *Main Squeeze* first.

The fleet is looking forward to the "Midwinters" and annual steak dinner. You bring the boats, we'll bring the steaks!

BOMOSEEN YACHT CLUB FLEET (227)**New England District****Sailing on Lake Bomoseen, Vermont**

It was a great year of racing on Lake Bomoseen. The winds were brisk during May and June and eight, nine, or ten boats lined up for each race out of our fleet of twelve boats. Ray Harrington and able crew took an early lead in the standings and never looked back, winning the fleet Championship once again. Jeff Wright, sharing helm with brother Chris was runner up.

Bomoseen welcomed Chris Howe to the fleet, who had purchased the Massabesic "speedster" previously owned and operated by Norm Deyett.

Fleet Captain Karl Fjeld never missed a beat in setting courses and organizing races and invitationals.

Bomoseen hosted the annual Maple Leaf classic in June. Fifteen boats participated in the five race series. In moderate breezes Ken Deyett took home the gold (Maple Syrup) with Bruce Atkinson second and Ray Harrington third.

In July a combination Junior-Master Regatta was held. The wind was light but the weather was beautiful. Among the Barbecue, Parties, and other land activities, one race was held in each division. Shelly Deyett won the Junior Championship while the perpetual "Bill Hole" Trophy was awarded to Vern Emerson. Interestingly, the Emerson boat had not sailed in several years and the combined crew age exceeded 180 years. They were due for a win!

With generally good winds throughout the season, frequent parties and a very tight fleet organization, what more can be said ... Just this ... late in the season two more boats joined the fleet, bringing our total to 14 ... all active and making Bomoseen one of the strongest fleets in the district.

The perpetual "Bill Hole" Trophy being awarded to the first annual New England District Master Champion, Vern Emerson, and crew by Norm Deyette of the Massabesic Fleet.

This year had plenty of water in the reservoir and plenty of Lightning sailing on Fern Ridge. Our growing fleet held its annual picnic at the Eugene Yacht Club, where a new trophy was dedicated. The Bachelor Trophy, named to honor the long time Lightning sailing family, was awarded to the Webers for their victory in the annual "Gran Prix" style race. Congratulations to Morrie Craig, the Fleet Champion, and Bill Macomber, who won the New Skipper trophy. Congratulations also go to Wally for finishing his Lightning and racing it this summer.

We were proud to have Verson Pandian represent our fleet at the North Americans. Verson also placed sixth in the Pacific Northwest Championships and third in the Pacific Coast Championships. 'Way to go,' Verson!

As usual the sailing season of the Swiss district began in Beinwil on the lake of Hallwil. As usual there was almost no wind and Wyler (358) won, beating the team Luthy/Fuchs/Brugger, and again all sailors were kindly invited by the Herzog family for a great barbecue dinner Saturday evening. Many thanks to Greti, Ruedi, Kathi and Barbara!

At the Fleet Championship one week later on the lake of Sempach Wyler again finished ahead of Luthy as the year before. The ladies boat Herzog/Her-

zog/Gallagher finished fifth in both races and our new fleet member Heinrich Leimgrubler got sixth in Beinwil. At least Anton Fuchs and Peter Taschler were sailing the night races in August on the lake of Sempach. Besides, Peter Taschler was crewing for H.P. Schmid (358) the whole year and finished sixth in the midwinter Europeans in Marsala and seventh in Europeans in Finland. Further, we congratulate Peter on his marriage in May with his charming wife Tina Sprecher. We hope that Peter does not sail all the time on the 5.5m IC in the future! The Kami-Kaze-Cup, the annual trophy of the Swiss district, was won by Luthy, and the Herzog ladies finished sixth overall.

So our fleet still seems to be one of the most active in the Switzerland District. But it will become more difficult in the future to attract all the new and old Lightning sailors again and again for active racing in the fleet.

In a way times have changed as it seems to be a problem of all dinghy classes. Though we are looking with enthusiasm to the 35th sailing season of Fleet 250, which was founded in spring 1954 by our life member Hans A. Luthy and a few other enthusiasts of the lake of Sempach at that time.

Beautiful Keuka Lake, home of Fleet 252, provided the perfect setting for celebration of our Class's 50th Anniversary.

Our 1988 season started out with the arrival of three new boats to the fleet — 12711, 12832, and 13816. This brought our roster up to eleven active boats sailing. The competition improved with the addition of more boats at the line every Sunday morning. Two boats represented our fleet at the 50th Anniversary Regatta at Skaneateles. They reported a fantastic experience and noted that the anniversary was well celebrated. Our fleet increased by one more with the arrival of Mike Pallischeck with 12764.

The "Districts" and our famous Bully Hill Champagne Regatta were hosted together by Fleet 252 this season. On that Saturday the wind gods of Keuka Lake provided no winds except in the late afternoon. The only attempt at a race ended with a line squall at the finish with the 32 boat fleet finishing at a dead run and the race committee unable to determine the order of finish. Saturday night provided our fleet with the opportunity to host our guests at our famous dinner and party. This was a huge success marked with the consumption of large amounts of Walter Taylor's Bully Hill champagne, a great meal, and finished with reggae dancing until the wee hours of the morning. On Sunday we awoke to very light and variable winds. We managed to complete two races and the "Districts" were saved.

The season trophy was won by Tom Buechner with his wife, Barbara, on the jib, and Doug Loescher as his intrepid and talented spinnaker man. They proved the point that good sailing requires good teamwork and helped raise the level of competition in our fleet. We would invite any Lightning sailor who finds himself in our neck of the woods next season to stop in and meet our fleet and sail on beautiful Keuka Lake. We hope 1989 proves as good a year as 1988. It looks like Mike Kalinich will increase our fleet by one with the purchase of his new boat.

This year has been a year of fleet growth for the Clark's Hill Lightning Fleet, sailing out of the Augusta Sailing Club, on recently renamed Lake Strom Thurmond [ex Clark's Hill Lake]. We had five boats on the circuit qualify, with three boats going to San Diego. The enthusiasm afforded by addition of several new boats to the club fleet is somewhat offset by reduced activity by some of the long standing members of the fleet. We would like to rekindle their interest. We are also at a loss on how to generate interest among the several owners of older boats that are parked in the club lot. Any ideas out there?

The most exciting happening at ASC this year has been the junior training program undertaken by some of the Lightning fleet members under the direction of Bob Harkrider. The result has been a cadre of enthusiastic young people, and a boat and junior crew on the circuit this year. This is the type of program needed to insure strong Lightning activity in the future. "THANKS BOB."

A fall training session is planned to help new fleet members and juniors get up to speed and develop skills. This kind of practice session has helped get people like Benny Moultrie, and Carl Muska up to circuit speed this year.

We are looking forward to a great year in 1989.

1988 was a growth year for Fleet 273, adding two very active and able Lightning sailors, Steve Gregory and Mo L'Heureux. It was great having six or more competitive boats and skippers on the line every Sunday. While Norm in his new boat was narrowly beaten out by Drew in the Spring Series, he came back in the Fall to decisively beat Steve, Drew and Walt in that order.

Many fleet members spent the summer traveling to other regattas in the NE district. Six boats went to Wayne, Maine, for the wonderful hospitality of Fleet 450. Three of us also went to Bomoseen, Vermont, for the Maple Leaf Regatta. Ken and George Deyette seemed to win all the regattas, including Massabesic's 50/50 Regatta, despite some very weird wind conditions. Ken also took the initiative to develop and train some excellent new crew.

The only negative in 1988 was the untimely death of Bill Hole, a very energetic and active fleet and class member. Bill will be missed by his many Lightning friends. A master's trophy in Bill's name has been established for the New England District.

One of Fleet 274's strong points is that we race every Saturday and Sunday from early May through late October. Thus, in order to win either of the two series, or be fleet champion, you have to show up regularly as well as sail well. The winner of the Spring Series and Fleet Champion for 1988 was Dan Daniel. Dan has been near the top of our fleet for a while, but this is the first year that he and regular crew Jacques Kregting, put it all together. Winner of our fall series was Frank Bermel, who got back on the lake again this year after building a new home. Congratulations to both.

Twenty boats entered our May 21-22 Hernando DeSoto Regatta, hosted

by 274 and Delta Sailing Association. Warren Lewis of Dallas put a quick lock on first with five bullets while Don Sherburne and Brad Currie of Nashville came in second and third. Dan Daniel, giving an indication of the season ahead, did the best of the Fleet 274 sailors with sixth place. A fifteen boat fleet sailed in our Cotton Pickin' Regatta, September 24-25, and again, the boys from Nashville did well. Brad Currie came in first and Don Sherburne second. Crit Currie of Fleet 274 took third. Lee Breazeale and Bob Shedd continued their tradition of fine race management at both these special events.

Travel to out of town regattas and its exposure to strong competition continued to be a growing trend in the fleet. 1988 marks the third year of participation in the Sugar Bowl Regatta in New Orleans by Bill Baxter III. This year he convinced several other boats to drive south with him. Participation in Fleet 486's Muddy Rudder Regatta is also fast becoming a tradition. Bill Baxter Jr. registered a close second this year. Several sailors also participated in the Thanksgiving Regatta in Texas. There is always good participation by our fleet in the big Blue Nose Regatta in Nashville and half a dozen boats made the trip this year. The festivities in St. Pete saw participation by Crit Currie and Max Shelton. The fleet was represented by the Skaneateles 50th Anniversary Regatta by ILCA Vice President Crit Currie sailing in the latest reincarnation of the boat name "Raffle Ticket."

Fleet 274 welcomed one new owner, Sergio Acchiardo (14230) and one new co-owner, Harmon Dunathan (12397 with Max Shelton). The fleet helped host two "open house" events on July 4 and Labor Day. These informal events help spread the Lightning word locally.

Your company considering sending you to the growing Memphis area? — Great! — But don't forget to bring your Lightning! We're here, we're active, and we sail, sail, sail!

Final standings: Spring Series — first, Dan Daniel; second, Bill Baxter, Jr.; third, Broadus Sharpe. Fall Series — first, Frank Bermel; second, Dan Daniel; third, Bill Baxter, Jr.

Club racing is a Saturday and Sunday event on Arkabutla Lake.

We keen Lightning sailors up here in Canada were so anxious to get the season started that we were breaking up chunks of ice to launch our boats. The summer went by quickly, as always, but was full of good sailing and good times.

We had two Lightnings presenting our fleet at the 50th Lightning anniversary in Skaneateles. Ross and Nancy Bailey raced in the Gold Fleet, finishing 37th, and William Evans made a showing in the Red Fleet, placing 24th.

At last Thursday night racing started up again. It was good to see nine Lightnings out, going for the new un-named trophy. Ross and Nancy Bailey were the champions of the "Bailey's Cup". Thanks goes out to Goeff Hall and the Lock/Candy Ski Area for their efforts in revitalizing an exciting season of sailing.

Our regattas began in mid-May with the Slush Cup, which was won by the ever keen Baileys. The Wind Jamboree, one of our district races, was an exciting regatta, though the winds were not blowing. Jim Cameron placed first and a newcomer Jay Booth, finished second. Other regattas included Loon Lake, another district race that was won by Jim Cameron, and the nostalgic Amethyst Harbor Race. Nine Lightnings left for this 17 mile point to point race with only two finishing. The strong head winds were gusting to 40 mph, and mechanical breakdowns were in abundance. Our closing regatta, the Snowbowl, was just held. We spent the day match racing with two boats and fourteen skippers and crew. It gave us time to exchange thoughts and ideas for the coming season, and to warm ourselves with chili and beer.

But winter has all but come and Lake Superior's temperature is dropping to 35°F. So it's time to make that list of repairs for the next season.....get working on those boats.

The racing in Wellfleet continues to be very competitive and 1988 was a strong year in terms of participation and enthusiasm. Several weekends saw seven or eight boats on the line, which is essentially the entire fleet.

Stu Nickerson took home top honors, winning the season series. In addition, Stu captured the Tea Cup, Coffee Cup, and Frazier Trophy as well as the July Series and Saturday Series. Curt Felix finished second overall, winning the Fox Cup and Sunday and August Series. Dave Jones won the July Fourth Commodore's Cup and co-skipped (with sister Christy) a victory in the Labor Day weekend Cutting Cup. Despite the apparent sweep by Nickerson and Felix, several other sailors had their moments, winning individual races.

Our 1988 season was highlighted by the New England Districts which was hosted by Wellfleet. Twenty boats participated in the three day event and Stu Nickerson bested a tough fleet in a variety of conditions. Congratulations Stu! Dave Jones was also in the money, finishing fifth.

We have big plans for 1989! Curt Felix led the drive to make our new boat house a reality. We expect construction to be completed before next summer. Curt deserves a great deal of thanks for his effort on this project and we are anxiously looking forward to christening the new facility. Finally, the junior sailing program continued to rebound with a high level of interest and enthusiasm. We are working diligently to upgrade the junior fleet and to encourage more junior participation in the Lightning races.

Thanks to Barbara Nickerson who has served as Fleet Secretary for the past several years.

We expect 1989 to be very eventful.

Brisk mornings, longer nights, bare trees, more water than boats in the bay, and high winds; the end of a sailing season. Where was all this wind when we needed it?

We opened the season with a great warm-up regatta in June. Sunny skies, fair winds, and twenty boats on the line. The air was filled with excitement and expectations of a fresh season. Vermont was soon hit with the longest heat wave in its history. We had 11 + races cancelled because of the looking glass that had replaced our bay. The other races generally challenged us with light shifty winds. However, my mom reminded me of the day she crewed for me in 40 knot gusts. 1988 in a nutshell? Unpredictable and Challenging! I can't wait to start again!

The 1988 top finishers are as follows: first, Bill Fastiggi; second, Belinda Emerson; third, Dick Fastiggi; fourth, Ed Ziemer; fifth, Don Brush; sixth, Curt Kling; seventh, Janice Lange, eighth, Todd Cox; ninth, Ted Barker; and tenth, Stan White.

It was also a great year for advancements. We had better coverage by the local newspaper; tried a new modified high scoring system to encourage participation in the end of the season races; and best of all gained new fleet members. Next year we will have at least three new boats on the starting line.

Several of our members had accomplishments this year that we are proud to recognize. Along with taking over the position of Fleet Captain, Bill Fastiggi had a tremendous sailing season. Bill was a crew member on the winning boat at Skaneateles and second place in the New England Districts. He was also our 1988 Fleet 301 Champion. The New England Masters Regatta was won by Vern Emerson and his crew, Barbara Emerson and Ken Wolvington. This same crew tore up Lake Champlain winning 11 of 13 fleet championships between 1965 and 1978.

What made 1988 memorable was the enthusiasm, dedication, and camaraderie by a group of people with one common love, their Lightning, and a goal to share it with others.

It is time now to share memories of yet another season. And no matter how fast we can already make her go we will start the search for that elusive one second per mile faster for the next season. Hope to see you at our June warm-up.

Cowan Lake Sailing Association, Fleet 303, had a very active 1988, after all, this is the home of "Dock-a-mania." This year we hosted the Ohio Districts in early July, with one of the largest turnouts in the past few years. With the dry hot weather at this time of year, the wind wasn't exactly howling, but a good time was had by all who attended, all boats were weighed and all sails measured.

We had one boat attend the 50th Anniversary Regatta at Skaneateles, N.Y. Boat 13719 skippered by Bill Young and crewed by the "Blews Brothers", Dick & Bob Pugh. Members of our fleet are very familiar with the sailing expertise of these three, and now many people around the country are aware. This traveling trio finished second in the Red Fleet, thanks to their knowledge of sailing and the old saying "it'll be all right."

The fleet also had two boats take part in Steeplechase, that peaceful, pleasant ride from Sandusky to Put-in-Bay and back? Boat 14216 skippered by Ken Irwin and crewed by Susan Ross and Carol Galtier and boat 13904 skippered by Jake Rider and crewed by Jeff Ross and Mike Rider. These folks had an unforgettable time off Ohio's north coast. They all have a new affection for land, know the words to the song "Wreak of the Edmund Fitzgerald" along with knowing why the lake is called "Erie". Jake's son Mike, who sells line to fleet members to raft their boats, has now added a new item, some sort of plastic, unsinkable statuary which fits to the bow of the boat for such situations.

Our Fall-in-Regatta, where "Dock-a-mania" runs at a frenzied pitch, was a huge success. Unlike July, the wind was howling in October, or at least howling for Cowan. We had 16 boats attend, nine from different fleets. We had sailors from far and wide, near and close, the news of "Dock-a-mania" is now unstoppable. Over the years we have tried to keep a lid on what a great event this is, the last regatta of the Ohio District, but we found out this year that now almost the whole country knows. Sometimes you keep the best for last, and this is a good time. Why, this year I heard that some sailors had such a good time on Saturday night, that instead of moving up in the standings on Sunday they went the other way. So next year if you're looking for a good time remember Fall-in-Regatta, Cowan Lake, home of the now world famous "Dock-a-mania."

The fleet also enjoyed many fun filled events throughout the year. Our moonlight sail, family picnic, tennis match and water ski competition.

KEMI FLEET (310)

12995	Pohjan-akka	Aulis Naykki
13134	Viivi	Heikki Ulen

We had good sailing conditions this summer here in Finland. Though we had enough wind and sun, there were only four active skippers in our fleet. Only one of our boats participated in the Finnish Championship, which was held on Lake Nasijarvi in Tampere. Aulis Naykki, with crew Kari Anttila and Reijo Ilmasti, was sixth.

The European Championship also was held in Tampere, where we had two boats. Aulis Naykki was 15th and Heikki Ulen, with crew Erkki Puupera and Petteri Haggstrom, was 23rd.

In our home town, Kemi, there was some competition. Surprisingly, young Mauri Jestila took first place in our Fleet Championship beating our loudest skipper Aulis Naykki. Also, Seppo Posti took part in many races. In autumn we had a new Lightning sailor join us. Jouni Miilumaki bought a boat from Carl Hansen and made a comeback. Twenty years ago he had crewed for many of our old skippers.

In 1990 our sailing club is celebrating its 85th anniversary in a brand new club house which is near the sailboat harbour in the town of Kemi.

SASSAFRAS RIVER FLEET (314)

Dixie District

Based on Sassafas River, Maryland

Fleet Captain	Al Mast
Fleet Secretary	Bob Horne
Fleet Champion	Al Mast
Runner-Up	Ted & Jim Ganley

Boat No.	Boat Name	Skipper
9391	Doc's Boat	Robert B. Horne
10246	Glass Slipper III	John Paul Myers
12379	Donald B. McKenzie & Vernon Robinson
12453	Leigh Hopkins
12710	Bald Bullet	Alfred Mast
12964	John D. Farquhar, M.D.
13043	Howard S. Edson
13740	Grapevine	A. John Gregg
13926	F. Thomas Hopkins, M.D.
14265	Dr. James V. & Ted Ganley

This summer's super-hot weather didn't interfere at all with a super sailing season. Our Vice Commodore, John Myers, got off to a flying start

with an exciting come-from-behind win in the shakedown race. He narrowly edged out Bob Horne, who had (finally) replaced the last wood spars left in the fleet.

Al Mast took the Early Series, with Commodore Jim Ganley and Jack Gregg close behind. Ted Ganley won an interesting Summer Bay Race, with Howard Edson and Doug Hopkins completing a sweep for the "new generation".

We paused in mid-summer to host another Sassafras Olympic Year Invitational Regatta, which featured some great sailing and lots of fun and camaraderie. Frank Gallagher was the overall winner, with Ron Grotheer second and Ted Ganley third. Dieter Grotheer took the "Perseverance Award" for sailing an entire race in the opposite direction from the rest of the fleet. See you all again in four years!

Ted and Jim Ganley, sailing as co-skippers, won the Late Series, with Al Mast second and Tom Hopkins third. Jack Gregg closed out the season with a win in the Fall Bay Race, with Al Mast and Howard Edson close behind in an exciting race which, after 10 miles, saw the entire fleet finishing within 400 yards!

Individual race trophies were won by the following: Walbert Cup and Skippers Cup — Tom Hopkins, Buss Neff Cup — Al Mast, and the Commodore's Trophy to the Commodore, Jim Ganley. The Matlack Cup Race saw a one-family sweep, with Grandpa Tom Hopkins first, Papa Jim Hopkins second, and Brother Doug Hopkins third! The Butt Award was "won" by John and Emily Williamson who, for the third straight year, sailed to the wrong finish line in the Matlack Race.

Oh well, next season's not too far away — is it?

CLUB DE DEPORTES NAUTICOS (317)

Chile District

Sailing on Lake Recreo at Valparaiso, Chile

Fleet Captain	Juan Hernandez
---------------------	----------------

Boat No.	Boat Name	Skipper
14213	Prometeo	Francisco del Barrio Geiger
14231	Atlante	Paul Balaesque
14232	Argos	Arturo Oxlez Lizana
14235	Orion II	Jorge Opazo Valdes
14236	Urano	Juan Hernandez
14237	Brontes	Alejandro Natho

Fleet 317 will be actively participating in all scheduled regattas in the Chilean District. Skippers from our fleet sailing in the National Championship were Arturo Oxley, who finished in ninth place, Jorge Opazo, 11th place, and Alejandro Natho, who was 12th.

In the South American Championship of 1988 in Higerillas, Chile, Alejandro Natho came in 14th. At the same time as this championship, the South American Navy Schools Championship took place, in which Arturo Oxley won first place.

The fleet has been strengthened and rejuvenated by the addition of six new boats, sailed exclusively by young crew members, making good future sailors.

ALGARROBO YACHT CLUB (318)

Chile District

Sailing at Algarrobo

Fleet Captain	Juan Fco. Novion
---------------------	------------------

Boat No.	Boat Name	Skipper

13650	Lucas	Rufino Melero U.
14293	Francisco Perez Yoma
14312	Boomerang	Juan Francisco Novion V.

The fleet participated in the National Championship Regatta in which Juan Fco. Novion placed second, Rufino Melero was third and Francisco Perez finished fifth.

The fleet had outstanding results at the 1988 South American Championship in Higerillas, Chile. Rufino Melero was fourth and Juan Fco. Novion was sixth.

In the current season, the fleet plans to participate in the major regattas, hoping to do as well as last year and to include new crews.

REHOBOTH BAY SAILING ASSOCIATION (325)

Dixie District Sailing on Rehoboth Bay at Rehoboth Bay, Delaware

Fleet Captain Drew Woodall, Sr.
Fleet Secretary Drew Woodall, Jr.
Fleet Champion Fred Mertes

The season got underway in early June with the 22nd running of the Delaware Governor's Cup. Four fleet boats took part in this fleet of 20 boats, and RBSA didn't take any back seat in the finishing, with Dave Racine taking sixth, Chris Raubacher fifth and Fred Mertes and crew of Dennis Farley and Carol Mertes taking first for the second time in two years. Second place went to Jody Lutz, third to Jack Elfman and fourth to Frank Gallagher.

The next event for the RBSA Lightning Fleet was the hosting of the 40th Dixie District Championship in late June. This two day, five race series brought 20 outside boats to challenge some of RBSA's best. Fred Mertes and crew of Carol Mertes and Bill Ljungquist took first place for RBSA while Barry Pierce moved from the front of the boat to the back and finished with a very respectable seventh. In second place was Steve Bachman third was Don Delorme, fourth was Class President Bob Wardwell and fifth was (someday he's going to be trouble) Ted Ganley.

The next event was the hosting of the "Yachting" portion of the First State Games. This event was sailed in Lightnings with RBSA sailors taking all three medals. Bernie Hedges took the bronze, Dave Racine the silver and Fred Mertes the gold.

This year Lightning Fleet 325 held a one day fleet series to honor the 25th Anniversary of RBSA. This event will be held each year to celebrate the Club's birthday and its involvement with Lightning Class sailing. Next year this might be an open event and if so then we hope to see many of our friends from out of town. Fifth place was won by Pal Littleton, fourth was Drew Woodall, Sr., third was Bernie Hedges, second was Dave Racine and first was Fred Mertes. Drew even picked up the much coveted Bucket Trophy for his first capsized.

In between some of the special events the fleet held the Fleet Championship over two different weekends. This proved to be a good format with eight boats competing with some very good competition. Drew Woodall took top honors in the green fleet while in the gold fleet it was Dave Racine in third, Chris Raubacher in second and Fred Mertes in first.

The Rehoboth Fleet returns from another day.

The final event for Lightning Fleet 325 was the hosting of the Robert Purnell Memorial Regatta. This regatta was named for former fleet member and winner of the first two Dixie District Championships in 1949 and 1950. Fourteen boats competed with RBSA sailors Bernie Hedges taking eighth, Dave Racine fifth, and Fred Mertes first. Second place went to Phil Grotheer and third to Steve Bachman. This event also marked the changing of the guard, with Drew Woodall, Sr. taking over the duties of Fleet Captain from Fred Mertes. Drew has really gotten involved over the last two summers and we look forward to him turning it on.

Now if you can find what the common thread was with all the 1988 Fleet 325 events then I hope you too, zero in on him and don't let him do it to us again in 1989.

Special thanks goes to Mary Katherine Mertes for arranging all of the 325 dinners and social events and for giving Fred that added luck. Also, thanks to the race committees — Kitty Racine, Rob Davis, Molly Murray, Tucker Thompson, Seith Frankle and any and all others.

See you on the water in '89.

Once again, the season produced a variety of conditions, from thrills and spills to drifters, and lots in between. Something for everyone.

NO GAS: 20 boats. Four races were sailed in the first day of racing in 10-18 knots providing a great beginning for the Fleet 329 season, but on Sunday, alas, it pooped out on us. Most boats were at anchor within sight of the weather mark when the "abandon" was signalled. Results: Brad Read first; Ched Proctor, second; Fred Mertes, third; Moose McClintockj, fourth and Mark Schneider, fifth.

SSA ANNUAL SPRING: Eight boats. A stagnant weather system produced August conditions in the usually breezy month of May and no racing was achieved on Saturday. Sunday, after considerable delay and debate, two light-air races were staged with Phil Grothier emerging the winner, Joe Friebele second and Pam Marks third.

WOMEN'S DISTRICTS: Four boats. Although only four boats raced, this regatta was very tightly sailed with the lead changing hands several times each race and the boats bunched up at many marks. Breeze ranged from 5 to 15 for the three-race series seeing Mary Anna Elliot winning, Robin Turner second and Julie Winters third, once again, a Fleet 329 sweep.

DIXIE DISTRICTS: 23 boats. Held this year in Rehoboth, the first day produced crisp breezes off the Atlantic and a typical number of general recalls before everyone settled down. The second day produced an untypical dying breeze with huge shifts. The pattern emerged early on with Fred Mertes the eventual winner and 329's Steve Bachman and Don Delorme tied for second with Steve taking the tie-breaker.

SSA ANNUAL SUMMER: 13 boats. A tightly contested regatta in light air and hot, summer conditions resulted in a win for Bob Wardwell. Phil Grothier won the last two races to lock up second place while Steve Bachman edged out John Richardson by one point for third.

SSA ANNUAL FALL: 10 boats. The first day saw 15-17 knots, perfect Lightning conditions (in August?) with almost every boat getting a chance to lead the pack at some point or another. The second day was even better with steady wind at 17-20 knots and lots of big rollers to plane on. At the end it was Joe Friebele first, Mike Denning second and Allen Crew coming down from Pennsylvania to take third. With good race committee work, this was probably the best regatta of the season.

MARYLAND GOVERNOR'S CUP: Nine boats. There being dire forecasts of bad weather on Sunday, the race committee elected to sail all three scheduled races on Saturday. Breeze was 6-10 knots with some slop-right up Joe Friebele's alley, as he posted a bullet in every race. Real battles took place down the line, however, with Mike Denning securing a hold on second and Simeon Coxie beating Steve Bachman in a tie-breaker for third.

FRIGID DIGIT: 37 boats. Matt Fisher came down from Columbus, turned on the afterburners and was gone! He won all three races in 10-20 knots with the usual Chesapeake Bay chop that confounds so many sailors, locals and visitors alike. Tom Allen, Jr. was second, and with his second at the Borderline, captured the combined regatta title. Third was Ched Proctor, and Brad Read took fourth in a tie-breaker with Jody Swanson. This regatta always reads like a "Who's Who" of Lightning sailing, and 329's Joe Friebele and Steve Bachman sailed tough to break into the top 10 with a seventh and tenth respectively.

The post-race socializing was its usual informal self with kegs and cook-outs being the rule. Several of our members sailed in the 50th Anniversary bash at Skaneateles as well as numerous other out-of-town regattas. We're an active bunch. Come join us!

The authentic 1939 banner is examined by Fleet 332 research team. Carbon 14 dating is a possibility if funds can be raised.

Isolated in the White Mountains of New Hampshire, Fleet 332 was hard pressed to come up with an appropriate celebration of the 50th Anniversary of the Lightning. Where ingenuity failed, however, guilt triumphed! Early in the season, the fleet leadership was approached by Richardson Blair, former Philadelphia lawyer, current delegate to the New Hampshire House of Representatives and frequent race committee chairman on Squam Lake. Dick had a ticklish diplomatic mission. He was acting as an intermediary for an anonymous former Lightning sailor.

This sailor it seems, had sailed Lightnings since 1939. Furthermore, he had competed in the first Lightning Nationals that summer in New Jersey. He did pretty well actually, finishing fourth. But the last night of the regatta, he committed an act of youthful indiscretion by misappropriating the great WELCOME LIGHTNINGS banner which hung from the Bay Head Yacht Club.

For 49 years, he led an otherwise respectable life but always remained haunted by this dark secret. Finally, he had approached the local representatives of the Lightning class to return his ill gotten banner and request a pardon. The officers of Fleet 332 were magnanimous in their outlook and granted an unconditional pardon in return for the purloined banner. As a result, Fleet 332 now possesses one of the oldest relics of the Lightning Class and the anonymous Howdy Wood sleeps better every night in his retirement on the West Coast.

Our season was highlighted by good turnouts and good racing. Dwight Gertz won the Fleet Championship and the new Bob Custance Trophy for the Around the Lake Race. Dave Clossen won the Clossen Bowl in the last races of the year. George Deyett from Massabesic dominated the annual regatta with straight firsts.

The season ended with our annual dinner party. We elected Wally Ackley and Peter Adams as new fleet officers. Wally immediately established his credentials by giving his acceptance speech in song with lyrics stolen from HMS PINAFOR. Everything looks good for 1989.

It seemed like two summers this year or at least two seasons. In fact, given the amount of sailing we were able to accomplish it did seem like two seasons — one with no sailing and the other with poor sailing. The good times seemed to be the away events and regattas, primarily the Long Beach Island Championships at Little Egg and the Districts, with some of us venturing north to Skaneateles for the 50th. The bad times seemed to be standing at the dock completely enshrouded by fog that normally would burn off by noon but this year took until sunset. When we finally got on the course the tides seemed to be against us with such low water that occasionally (this happened to yours truly) rudders dragged to the point of losing steerability. Notwithstanding these tales of woe, it is always fun to be on the water enjoying good fellowship. Next year the winds will be right, the tide will be up and we can't wait for spring — already!

While our numbers were low, those who were able to race enjoyed nice moderate breezes that made the heat seem a little less uncomfortable, still, when the race was finished, a dip in the lake and restoration of fluids was mandatory.

Jim Millard, with wife Nell and brother Doug, spurred on by the waiting G & T's at dockside, were again able to take the first place trophy. They were followed by the Walt Nial/Dale Brown combo and Jim Dickson. Rumor has it that the second and third place boats carried refreshment on board and so were not as eager as Jim, Nell and Doug to cross the finish line and put the chute up for home. Hopefully, next year Maury Gardner, Ken Buhrmaster and Cornell Cawley will be able to join us on the pond.

The 1988 sailing season was rather uneventful for the fleet in general. In addition to our Tuesday night racing series, a fun race was introduced in an attempt to attract some of the less serious sailors. This event has been appropriately labeled the "PUB RUN" and it involves a five mile race up the lake — using any means of propulsion except motors — to a lakeside pub. Here the weary and thirsty sailors are met with suitable refreshments and nibbles. This event proved to be very well received and will likely grow in coming years.

On the more serious side, two of our fleet members attended the North Americans in San Diego. Bob Bazett along with his crew of Don Wilson and Mike Gillett made the trip as did Neil MacGibbons who was crewing for Alan Hunt of Seattle. Although the conditions encountered on the race course proved to be frustrating, the onshore activities made up for it with a great time being had by all.

We look forward to the 1989 sailing season, with hopes for fair winds and an increase in fleet activity.

The year for Fleet 372 was not one of the best, but at least survivable. General participation at local regattas was down, but our hard core four made most of the distance events at the 'California Circuit' and 'Districts' in San Diego, the 'Olympic Classes' in Long Beach, the 'Pacific Coasts' in Oregon and the two Cachuma regattas near Santa Barbara. Of course, the North Americans in San Diego were also a hot ticket.

We fielded our first Women's North American Championship crew: Lynn Huntley, Sue Arnold and Arlene Molina. They really made us proud by taking second in the championships. Bruce Arnold, Chuck Ellery and Mark Patty each put boats up for the big show, but missed the blue fleet cut.

Mark finished obscurely in the green fleet, Bruce did about the same in the yellow. However, Chuck Ellery won the Governor's Cup! So, our August in San Diego was pretty neat. We all had a terrific time, thanks to the super job by our Mission Bay friends.

Of the good things from North Americans, another is Mike and Arlene Molina's new boat. Arlene crewed for Tom Allen (whoa!) and talked him out of a replacement craft for Genie II. This resulted in a bad thing; Mike is now the Fleet Champion largely thanks to the late season heat from the new boat.

For 1989, we have our work cut out for us. We need some local fleet growth. It looks like we can spot a Lightning into the San Francisco International Boat Show again in early 89. We have also talked about leaning more heavily on the family aspects of the Lightning to attract new owners.

The 1988 sailing season marked the 25th anniversary of the Lansing Sailing Club. The 25th anniversary Annual Spring Tune-Up Lightning Regatta was won by Mike Dow, Jr., who is the son of a charter member of the Lansing Sailing Club and former Lightning sailor.

The Lightning Fleet remains the largest and most active fleet at the Lansing Sailing Club and during the 1988 sailing season Fleet 387 gained 3 new members — Chris Thomas, Terry Kleiman, and Tom Rasmussen.

The midwest drought made an already shallow lake seem like a shore to shore sandbar. More than one sailor lost a lead when the boat abruptly stopped in a good wind.

The three holiday picnics at the Lansing Sailing Club included "fun" races which found crew at the tiller and the captain taking orders. The fun races included extra maneuvers; a 720 in the middle of a leg, gates between marks, and passing a ball that had to be signed by every crew before the end of the race.

On one race day, following the races, several boats went back out on the water and an impromptu "sponge fight" ensued. Wet sponges were tossed from boat to boat and most crew members were thoroughly drenched in a very short time. It was a terrific exercise in tacking, jibing, and sponge throwing, and rather exhausting. The fleet and club plan more such "dog fights" in the next sailing season.

Club racing at St. Marys Boat Club was cut a little short during the 1988 season by a dredging program in our channel, and an unusually dry summer. We were able to get in a good series and host our annual Thundermug Regatta. John McCree of Bay City, Michigan came away with "all honors".

If you have never sailed on our large lake, we invite you to join us at our "Thundermug" to be held June 3-4 in 1989. Our strategic location in the northwest corner of the state makes it a potential classic for Lightning sailors from Indiana, Michigan and Ohio to compete for "bragging rights". Come and join us!

Fleet 429 celebrated the 50th Anniversary by hosting the always dramatic and enduring Southeastern District Championships. The Charleston Yacht Club was exemplary in their work and kindness in helping host and run this regatta.

Both Krawcheck and Walters were in top form when Fleet 429 held their championship on a rather warm and beautiful Carolina Sunday afternoon. As one of the most hotly contested races of the century, it was clear that Krawcheck would not get away so easily in 1988. The final leg was worthy of this historical 50th year as Walters narrowly edged Krawcheck at the finish for the ceremonial gun. Later, in the Yacht Club, as Krawcheck was consoled by family and friends, Walters admitted to paying off his crew for various forms of sabotage to his speed and performance. Townie Krawcheck will have a new Christmas wardrobe and will be spending the holidays in the Greek Isles.

The most easterly Lightning fleet on Long Island (Fleet 431) sails out of Southampton Yacht Club, located off of Little Neck Road, Southampton. The clean and deep waters of Shinnecock Bay, located immediately adjacent to the Atlantic Ocean, provide excellent Lightning races throughout much of the year. Steady southwesterlies off the Atlantic provide close and competitive racing, such as that seen during the 1988 season at the Southampton Yacht Club.

Fleet 431 started the sailing season with the annual flag raising ceremony on June 18th, with the first race of the Championship Series starting that afternoon. Throughout much of the season, 8-12 boats made it to the starting line for the Saturday races, making this year's racing exciting and competitive. The Wednesday Night racing series started on June 22nd, with the usual enthusiastic group of younger members of the Southampton Yacht Club. A pot-luck supper usually followed the Wednesday Night races, a nice way to break up the week for many of the members of the club.

Kent Rydberg sailing *Quantum Leap* (12123) demonstrated his sailing skills throughout the season, taking first place for the season for both the Saturday Series and the Wednesday Night Series. Rich Warren (14138) took the runner-up spot for the Championship Series, while John Halsey sailing *Windy Too* (11071) was runner-up for the Wednesday Night Series. The Early Season trophy was won by Hugh Halsey, II, M.D., and the Late Season Trophy being taken by Gary Glanz sailing *Fulmen* (14157). The Time Allowance Trophy was won by skipper Randy Cardo, who has shown a dramatic improvement in his sailing skills over the 1988 year. Look out for Cardo next year — he'll be in the running!

First-year skipper Michael Steele and his crew Jim Ledogar demonstrated their skills in sailing the *Dreadnaught* (7822), the oldest active boat in the Fleet. Sailing with wooden spars, Steele and Ledogar were able to compete during many of the races, and kept their woodie moving fast. Watch out for Steele if he gets new sails and a spinnaker! (Rumors have it that Jim Ledogar was bitten by the sailing bug, and will be skipping his own boat next year at Southampton, increasing our fleet!)

At the dock on Shinnecock Bay.

The Independence Day Cup races were held on July 2 and July 4th, with Hugh Halsey, II, M.D. with 5½ points edging out Kent Rydberg with 8 points for first place to take home the Cup. The Labor Day Series regatta at SYC also provided for some competitive sailing. Only two races were completed this year, as the third race was called off with winds in excess of 25 knots (and two boats being disabled — one with a snapped mast and the other a broken boom). Timothy Rumph showed his heavy air sailing skills, taking first place.

The Southampton Yacht Club hosted two other regattas during the 1988 season: the Long Island District Championships, and the Annual Southampton Fall Classic. The strong southwesterly winds during the "Districts" provided for an exciting four races for the sixteen boats competing on July 9 and 10. Equipment breakdowns and a finish line collision occurred during the first day of this fast and furious racing. When all the races were completed, Paul, Joe and Dennis McCann of Great South Bay Yacht Club won the final tally with 6½ points, edging out Bruce Atkinson also of Great South Bay with 7½ points for second place, with Tim Rumph of Southampton taking third.

The final racing for the year at Southampton Yacht Club ended with the Annual Fall Classic on October 1-2. The four races provided for exciting sailing and extremely competitive racing with strong southwesterly breezes (18-25 knots). Boats from Long Island, Connecticut, Rhode Island and New Jersey came to Southampton to enjoy the excellent racing conditions on Shinnecock Bay. After the two days of racing, Jack Elfman of Surf City Yacht Club, NJ took first place, with John Oldham III of Niantic Yacht Club, CT taking a close second. Third place went to Tim Rumph of Southampton, who edged out Joe, Paul and Dennis McCann in a tie-breaker. We hope to see others at SYC next year at our Fall Annual Classic Regatta, to experience Shinnecock Bay's excellent sailing conditions!

The Southampton Yacht Club junior sailing program expanded tremendously during the 1988 season, with much credit going to Erich Glanz, Chairman of the Junior Sailing Program Committee. Also to be commended for their fine work are Jeanne-Marie Lynch (Instructor) and Chris Weicks (Club Steward) who taught the 12-16 youngsters learning to sail in our fleet of Optimists. Following some competitive sailing at other local yacht clubs, the Eastern Long Island Yachting Association (ELIYA) named Dillon Scott, of the Southampton Yacht Club Junior Sailing Program, the 1988 Midget Sailor of the Year. We look forward to seeing our younger sailors move up into Bluejays and Lightnings.

We hope to have another exciting and successful Lightning series during 1989. Come and join us!

In the National Championship three of our fleet skippers had outstanding results. Cristian Corsen came in eighth place, Juan Carlos Ramirez came in tenth, and Gonzalo Tejero finished 13th.

Skipper Juan Carlos Ramirez and crew Pablo Ramirez and Hernan Holch were second in the District Junior Championship and went to the Youth World Championships at Tampere, Finland, in August 1988 where they finished ninth.

Our fleet has oriented its activities toward young crews and have had good results in a short period of time. Soon we hope to organize international youth events.

Fleet 432 was in charge of organizing last season's regatta schedule and carried out an important official role by hosting the South American Championships. Unfortunately we did not have any significant place finishes in the championship races.

Our season runs through November, so we report the season champion and runner-up for 1987.

Our Spring Series started the second week of March with good fleet participation and exciting conditions. The winds averaged 20 to 25 knots resulting in three boats being put out of commission. The series was very close with Warren Lewis taking first and Devry Garrett taking second.

The Texas Districts started with moderate winds in the morning allowing a close first race. The afternoon turned into a drifter which was finally called. The winds held the following morning allowing two quick races to be completed to call it a regatta. The results were Warren Lewis taking first, Clarke Newman in second and Devry Garrett holding third.

The Summer Series fell victim to the usual north Texas weather pattern, very hot days and light air. The series consisted of six races which went to Clarke Newman with Warren Lewis taking second.

The fleet held its own this year with Roger Parks joining in 11425. For the first time in years we have a junior boat on the lake and Greg Hatfield and Richard Guinan are back. Warren covered a few miles this year taking the Hernando DeSoto in Memphis and also he and Richard Guinan made it to San Diego.

Fleet 440 made some changes in the Fleet Championship series to encourage new Lightning owners, offering an opportunity to learn under less pressure. This also provided more opportunities for non-Lightning sailors to experience the boat under racing conditions. The Fleet Championship was decided in the sailing club's Open Regatta in September. The fleet races throughout the year gave the new sailors the experience they needed. As a result the competition between Bob Moore and Ed Colie for second in the Fleet Championship was finally decided when Bob tired with the "light air blues" and Ed stepped in with his classic persistence. A boat tuning, sail trim, and spinnaker handling seminar with on-the-water practice got the season off to a good start. Ed Colie's enthusiasm and recruitment have resulted in additions to the fleet. These additions are a real boost to the fleet and they will soon be prepared to join us on the race course. Fleet participation was not strong enough to support a Lightning regatta this year for the first time since the fleet was chartered, but there's hope for the future as 440 begins rebuilding.

Fleet 442 had another great year with excellent weather and good competition. The year started with the Lighthouse Regatta in early June. With Bill Faude as the expert Race Committee chairman and the weather gods cooperating, we were able to get in five perfect races. Ric Larson captured top honors with Tryg Jacobson in second. After these two Sheboygan boats were Kevin Blair, Mike Huffman, and Geary Gaspord.

The Tuesday night summer series went very well for Lightnings. With eight classes racing under the Portsmouth handicap system, Lightnings took the top three places. Mike Elmergreen was first, followed by Jeff Johnson. Third was taken by the rapidly improving and enthusiastic Tom Drews.

A new series was tested this year on Sunday afternoons. Three of the six scheduled races were completed. Mike Elmergreen took first in his new Laser. The top Lightning finisher was Jeff Johnson in third place just behind Don Cayen's 470.

Fleet 442 did some traveling this year. Pete Chisholm took his boat (359) to the 50th Anniversary Regatta at Skaneateles for a tenth place finish. Mike Elmergreen and his wife, Sue Dorscheid, crewed for Rick Larsen in the North American's to an exciting sixth place finish in San Diego. Also, Jeff Johnson skippered his first out-of-town regatta in Sheboygan and then went on to a third place finish at Davenport.

With the good showing by Lightnings we are hoping to convert sailors from our other classes. We are still hoping to grow and are looking forward to another fun season.

Fleet 450 had fallen on hard times. The water is still in the lake and the winds still blow, but it is difficult to get any silors to utilize the facilities on a regular basis. It is so sad to see four or five Lightnings moored without crews on race days.

There is some good news. The State of Maine Championships were a moderate success in view of the fact the 50th Regatta was held the week before the State. Ray Harrington from Fleet 227 nosed out Pat MacQueen for first. Third place went to Norm Deyett. We were lucky to have Dave White as our Race Committee Chairman. He just got back from the 50th Anniversary shin-dig and gave us a fine report of what took place. I think that Dave was the only Mainiac that sailed in the "50th".

Even though our fleet has fallen in size we all still have to eat so we will be ready again in '89 for the State Championships on July 8-9.

One of the bright spots of the season was Sarah Booney and her crew of Chris Ireland and Chris McKee, who took home the second place trophy in the District Junior Championship held on Lake Bomoseen, Vermont.

Of course, I feel good to know that Curtis Turner has resurrected my old 7896 and is in the process of cleaning four years of neglect off since I sold the boat five or six years ago.

Hopefully 1989 will be the best year for everyone.

Fleet 456 at the '88 World Youth Championship — the Bumble-Bee team ready to take off.

On the Rocks Regatta opened our sailing season '88 as traditionally in early May, just a couple of weeks after ice was melted away on our Lake. Eleven Lightnings sailed in light winds and eagerly waited for District, European and Youth Worlds Championships among many other exciting races this year in Finland.

Three boats from our Fleet participated in the Finland District Championship. Miimu Matilainen was best with her Bumble-Bee team: Outi Haila and Maija Pyy. These juniors sailed extremely well placing eighth. Hartti Nisonen was ninth and Pentti Laitinen 13th.

The big happening of the year was the Europeans in Tampere. We got seven boats on the road. Nobody was in the top ten, but everyone had fun. Heavy winds and big waves on this great lake compared to our small one caused a lot of problems and breakdowns to our crews. We could see and only admire Italian and Grecian speed on windward legs and also Swiss flying spinnakers downwind. Our best was Leo Korhonen with his daughter Anne-Marie and son Rainer, finishing 14th. Hartti Nisonen was 16th and Pentti Laitinen 25th. The Bumble-Bee team, helmed by Miimu Matilainen, capsized and finished at 28th, but won the best starter award. Antero Punttila was 30th and Pertti Pyy 34th. A beginner team of Matti Torkkeli struggled in heavy conditions and took 37th place.

The World Youth Championship '88 was sailed the next week on the same lake and two crews from our Fleet participated. The regatta was really demanding, internationally flavored and enjoyable. Our juniors Ville Lahteinen, Juha Ruskeepaa and Antti Lahteinen did a superb job and gained the bronze. The Bumble-Bee team was seventh.

The Fleet was also present at the ILCA 50th Anniversary regatta in Skaneateles, N.Y., where Pentti Laitinen was 94th in the Gold Fleet. He also won the Fleet 456 Champs this year. The Laitinen's family business has time everywhere and sails good, too.

The year was busy and good to the Fleet, although we lost some active members overseas: Maija Pyy moved to Canada as an exchange student, Ari Koskinen transferred with this Lightning to Australia and Chris Winter went to train the American 470 Olympic team. We all wish them good times and believe that some day they will come back again. We also got new senior sailors, when Veijo Meisalo and Timo Hongisto joined us. Welcome! As we are now ready for the skiing season, we are already looking forward to a new successful sailing year and starting to prepare for Athens.

1988 was a very active year for our fleet clearly demonstrating our celebration of the 50 years.

In a combined effort with Fleet 147 we sent five crews to the South American Championship, four of which were their boats. Claudio Biekarck (Fleet 147) won the Championship in a great duel with Paco Sola and the Gonzalez brothers.

The next South American Championship will be held in Brazil and will be organized by Fleet 147 and 462.

Our 'National's' were raced in Rio de Janeiro, with Claudio Biekarck winning and Mario Buckup in second.

In October, we had an excellent turn-out for our State Championship with our Fleet coming in second and third with Mario Buckup and Per Olov Hornell — respectively.

In November we organized our 50th celebration, racing our traditional "Torneio Centro Sul - Taca Sonnervig", with good attendance and a lot of fun in our social activities.

During 1988 Wake Fleet 481 has continued to show its dynamic character by maintaining steady growth, supporting the ILCA, and providing leadership in the Carolina Sailing Club. The year has been marked by new highs in achievement and enthusiasm in those areas.

Membership has reached an all time high of 23 fully-paid owners with perhaps 16 being quite active in racing. The fleet averaged about 10-12 boats participating in the monthly CSC races. While most members reside in the Raleigh-Durham-Chapel Hill area, the fleet has attracted top skippers in the state from High Point, Greensboro, Cary, Wake Forest, Burlington, and Sanford. Indeed, the fleet may have been considered regional with members in Fishkill, N.Y. (until the Viteks moved back to Raleigh in the late summer).

In addition, twelve people have joined as crew-members, demonstrating their desire to sail with the fleet by actually contributing dues. Skippers supported this group by calling on them first when crew was needed.

The year began with the fleet paying tribute to the ILCA during the annual Spring Banquet. The theme was the 50th BIRTHDAY PARTY for the LIGHTNING. Honored guests were President Anne Allen along with husband Tom and son, Tom Jr. A beautiful cake decorated with a surprisingly accurate drawing of the Lightning was devoured during a lively discussion of the history of the Class.

A good-sized contingent of five boats represented the fleet at the 50th Anniversary Regatta at Skaneateles Lake. They returned with glowing reports of a very well-run event; a fitting credit to a strong and well-

organized ILCA. Bob Lamb sailed a fine series finishing 7th out of 101 in the Red (Club Racer) Fleet.

Southeastern District participation was good with at least some Fleet 481 boats in almost every event. Tom Hudgens had the best fleet showing with a sixth place in the district races for the year. Fleet 481 hopes to host the District Championship for 1989 at Oriental, N.C., on Pamlico Sound.

Locally, Fleet 481 plays an active role as a prominent member of the Carolina Sailing Club racing off Henderson Point on Kerr Reservoir, N.C. Rear Commodore John Pelosi, Commodore Bob Lamb, Secretary Aubrey Blanchard, and Official Scorer Ed Michels come from Fleet 481. This year a Lightning skipper was the Senior Race Officer managing four out of six club race weekends.

The Borderline Regatta is the final and biggest event of the year. Since its inception in 1982 the Borderline has steadily gained in popularity throughout the East. In 1988 a total of 40 boats participated. It was very windy on Saturday and merely breezy on Sunday. Five good races were sailed. On Saturday night there was the usual great party with a shrimp gumbo dinner and an excellent Blue Grass band for entertainment.

The entire Fleet 481 has enjoyed this year. If you are a sailor and you move into the area, please come join us. Everybody is invited to come sail with us in the Borderline Regatta the 4th weekend in October.

1988 was a great season. We had a good turnout of fleet members at several big events in the area (the 50th Anniversary and the District Regatta at Keuka). We had a similar good turnout of fleet members for races at home on Cayuga. The only conspicuous absence was the wind (for both the fleet series and the Districts). As always, we had a good time, but it would be even more fun if we could do some sailing. Does anybody know an effective wind dance?

Undaunted, we carry on with ever more ambitious plans for next season. We are working hard to build more local interest in one-design (read *Lightning*) racing. If all goes well we will make fleet history next year by hosting the Districts. We hope to see you there.

For the travellers in Fleet 485, heaven was living within the Central New York District during the summer of 1988.

There were regattas galore. Most within one hour's driving time of Oswego, and many others in the two or three hour category. In addition to the five regatta district schedule, many of our nomads sailed one day "invitationals" at Selkirk, Henderson Harbor, and Sackett's Harbor.

There were also three local regattas in which Lightnings were sailed; the Mayor's Cup, Michelob Open, and Apple Regatta. And of course, there was the big 50th Anniversary shindig at Skaneateles, a scant 45 minute run for our members. The weather was hot and dry with many blue-skied days and light breezes; the kind of days that make you want to hitch up the boat and go. And go they did.

Our season got off to a good start on Memorial weekend with the Mayor's Cup regatta. Several guests from Selkirk, along with the team of Bram Palm, Jean Hallagan and Peter Hallagan, co-skippering Peter's boat, combined with our guys to make up a 13 boat fleet. The Mayor's Cup is reserved for a Fleet 485 member and this year it was won by Art Tirrell. Art finished 2nd on the water behind the yellow boat of Peter Hallagan. With this regatta the fleet welcomed Bill Pirillo to the tanks. Rudely. Bill is always ready with a friendly smile and is a great addition. Pull it all together Bill!

The Michelob Open on June 25th was won by Tom Doran. After only one race the fleet was chased off the lake by a weird electrical storm that approached from the northeast instead of the normal northwesterly quadrant. Our fleet can put 10 boats on the line but only four entered this one — Doran, Tirrell, Taverni, and Jeff Germain/ Joe McCloskey. Jeff is an eager new sailor and was sailing his Lightning for the first time in this regatta. He made the sports page of the Pall Times, photo and all, after a little accident at the windy jibe mark. Way to go Jeffie!

After the 50th weekend, we had two straight weeks of fleet racing. The experimental starting time of 2 PM Saturday apparently didn't meet the approval of some members and our fleets were small. In fact the turnout for our fleet racing was below average all summer.

This was in direct contrast to what we had expected. We had new members; Jim Finn had rejoined the fleet and had a fast new Lightning, Bob Finn had a good boat and was back after a season off the water, and Jeff Germain and Bill Pirillo had become members. Yet somehow we couldn't put it all together this year.

Next up was the Apple Regatta. Sponsored by Apple Computer, Inc., this first ever event went over quite well, drawing more than 40 boats overall in several divisions. In the Lightning division, Art Tirrell won a tiebreaker over Tom Doran and Joe McCloskey.

The following weekend, Oswego's Michelob Lightning Classic broke all records for us when 52 boats came to town to sail our regatta. We were fairly well organized, and things went smoothly — if you consider things like having only 40 sets of sailing instructions smooth.

Our whole fleet got behind Captain Fran Watts and pitched in to help. Most notably, Bob Finn was his usual productive self. In addition to designing the camera ready front and back T-shirt logos, Bob built the professional looking trophies by hand, and did most of the publicity writing for the event. Bob also managed to take time from his Lightning activities to hold a job and to finish the construction of his new home. Need something to do after midnight, Bob?

Recognition is also due to Jim Finn, who organized all the food functions and assembled a team that fed everyone well and on time, to Oswego Yacht Club Commodore Eileen Goldych and husband Mike, to Terry and Martha Hammill, Chris and Jean Rotunno, and to Joe McCloskey and Bram Palm who took care of the on water work. Bram once again did a great job as RC.

We've been watching *Flashes* carefully, and now that the season is over we formally lay claim to the title "Best Attended Regularly Scheduled Regatta of 1988". What will '89 bring?

After our summer series stumbled to a close and Art Tirrell ended Tom Doran's five year reign as Fleet Champion (mostly by default — a.t.) our Fall series got under way. We changed to Tuesday evenings to encourage more participation for this series. This formula shows promise for the future. Jim Finn showed us what his new boat can do, making an early run by winning three of the first five races. That got Doran's attention! Then the weather got extreme and after some blowouts Tom got in the groove, taking the series going away.

Our "fun" races this year were the Old Salts regatta and the "Great Pumpkin Race". Both were lots of fun.

This summer, Tom Doran became District Commodore and also was named a class Vice President. We in Fleet 485 offer our sincere congratulations to Tom. For years he's been a leader within our fleet. He'll contribute in both capacities.

We are bullish on the future.

1988 was not only a great year for Lightnings, but also a great year for sailing at Alton Lake on the Mississippi River. With the otherwise unfortunate drought conditions the Corps of Engineers didn't have to fluctuate the water levels on the river. With steady water levels, there was no current, thus making great sailing conditions for the entire season.

We welcomed Ken and Carol Token to the fleet with some pretty exciting finishes in this year's Muddy Rudder Regatta. We look forward to some hot competition again in 1989.

Speaking of hot, Rick Conaway captured the fleet championship for the third consecutive year. Rick harnessed his nephews Dave and Dan to handle his crew work while he handled the competition. With Jerry and Norma Wnorowski hot on his heels throughout the season, Rick had his hands full, but clearly came out on top. Congratulations from all of us.

This year's highlight certainly was the 5th Annual Muddy Rudder Regatta. Rick Conaway's T-shirt design for this year's regatta proved to be not only popular, but an immediate sell-out. After all the skippers received their free T-shirt, brisk sales exhausted the 50 shirt supply.

Congratulations to Jack Golterman (11473) on winning the Muddy Rudder Regatta and skippering his first regatta victory with finishes of 3, 6, 1, 2, 2. Many thanks to our Memphis friends, Fleet 274, for making the regatta another success. Bill and Barbara Baxter (11387) along with Lynn Jones gave Jack a run for the money. After being tied for 1st after 4 races, the fifth race determined their 2nd place finish. Larry Jenkins brought the master Joe Kelly with him to crew on 13805 and help secure a third place. Thanks to Janette Conaway, we were able to view some excellent footage of the regatta not only at the banquet, but also after the awards ceremony.

From the Indiana Open to the Bluenose, this 1988 season brought many new experiences and friends. Let's continue a great class act in the 51st year.

The 1988 season at Selkirk was our first year with our new breakwater providing safe passage to Lake Ontario. We don't need motors anymore to go out or to come in from the lake.

There was a change in the ownership of one of the boats. Bob Perrine traded a Catalina 22 to Gary Phillips for 11355.

We seemed to be more on the road to other races this year, with the 50th at Skaneateles being the high point of road trips. We also invited Oswego's Lightning fleet over in July for a one day race and party. There were nine boats in all, the most Selkirk has seen at home, with the help of a ringer from Oswego, a Selkirk boat won.

The racing heated up on the eastern end of Lake Ontario this summer. We went to races at Oswego, Henderson Harbor, Chaumont, and Sackett's Harbor; and we are looking forward to more of the same next year.

Some of us are still chuckling about our experiences at the Michelob Classic at Oswego, where we sent four of our Lightnings. One boat threw in the towel during the middle of the first race of the second day. One boat had its centerboard hanging by a thread, but managed to finish all the races anyway. Another boat lost its jib halyard just before a race, but because of several recalls they were able to use the spinnaker halyard in its place. Things went well until time to raise the spinnaker; in the commotion of trying to switch the halyard from the jib to the spinnaker, the spinnaker pole fell overboard and "committed suicide." The crew kept their senses of humor and finished the race, laughing all the way!

Our Fleet Champion, Herb Clark, remains the man to beat from Selkirk. He continues to dominate our fleet, and his foredeck crew has her job down "Pat."

During the 50th Anniversary year, we enjoyed our Lightnings more than ever. And the more Lightning people we meet, the more we know why!

No new growth but promises continue to mount from our aging Fireballers that they'll step up to a real boat sometime soon.

Canadian National Championships were hosted by neighboring club, Royal St. Lawrence, and Larry MacDonald came up from Hamilton and blitzed us. Great to have Jody Lutz and Brad Read and the Allen family come up north and show us around our lake. Russ Scrim was elected as Canadian Overlord and there wasn't a dry eye in the house.

Tony McBride won no little acclaim in Burlington, VT with a second and another in San Diego in the "Yellow Fleet". It was a case of never McBride only the McBridesmaid but wait 'til next year.

The year 1988 was a difficult year for Fleet 501 as well as the sister Fleet 73. Lake Tomine experienced a severe drought that limited our sailing from February throughout July. The fleet, however, managed to have the Colombian District Championship during the 450th birthday celebration of Bogota, the capital city of Colombia and the hometown of the sailors from Lake Tomine. Most importantly, we are delighted that 20 boats participated in the Colombia Championship last October 15 in celebration of the 50 years of the Lightning Class.

Fleet 501 is doing very well. Two skippers, Richard Deeb and Hernando Salcedo, have been taking the top places in the regattas. The ability level of our sailors has improved greatly overall. I'd like to point out especially the progress of our only female skipper, Marcela Recaman, 17 years old, who, along with her father, Jorge, and her brother, Juan Carlos, has been giving an excellent example of what sailing is to our younger as well as the most veteran skippers and crews.

The water was low, the wind was low, but the morale and the interest of Fleet 501 is high. The lake is slowly but surely recovering its level and we are planning to celebrate the Colombian Championship in January 1989, for sure with strong winds.

Fleet 501, now celebrating two years, wants to join in the celebration of the 50th Anniversary of the Lightning Class.

1988 proved to be a fun first year for the newest fleet of the Lightning Class. Fleet racing was conducted in conjunction with the Thursday night summer series. On any Thursday you can expect up to 150 boats from Cats and Boards to IOR yachts on a triangular course in North Tampa Bay. The highlight of the season was a tight reach in winds clocking across the deck at 47 knots. At least one of us perfected the capsize and recovery routine.

We gained three new boats this year as Gary Marshall moved to the Sunshine State from Colorado; Steve Alexander learned the error of his ways and got out of J-24's; and finally Dave White made the transition from IOR Foredeck to Lightning skipper. He's having to learn all about triangles, rules and starting sequences.

This is going to be a traveling group, with at least three to five boats traveling to regattas in Miami, Fort Myers, Eustis and Sarasota. We also host the Lightning Class at the annual Thanksgiving weekend regatta, a multi-class event. This regatta is also the second leg of the Florida Triple Crown Series. We are starting the winter season now (October) and plan to have fleet races on Saturdays or Sundays. The winter season will end as we host the 1989 Florida District Championships in late April.

We are looking forward to another good year in '89, concentrating our efforts on increasing the number of active Lightning sailors in the Tampa Bay area. Good sailing to all you Lightning diehards throughout the world!

I.L.C.A. ADDRESSING SERVICE

Most of the Fleet and District Officers listed in this Year Book held office during the calendar year 1988. Names and addresses of current officers may be obtained from I.L.C.A. Headquarters.

Some of the Members listed in the Registry of Lightning OWNERS have moved since the Registry was prepared. Current addresses may be obtained from I.L.C.A. Headquarters.

We offer addressing service to Fleets, Districts, and Yacht Clubs. We will address labels at 10¢ per name for any District. Additional charge is made for the amount of postage required to mail them to you. Names available are those of Lightning owners who are in good standing for 1988 and 1989.

This service is also available to Lightning builders and sailmakers at 15¢ per name and to others at 20¢ per name.

Registry of Lightning Boats

(Corrected to December 19, 1988)

You will note that the address of the owner is omitted. This you will find under the alphabetical listing if the owner was an I.L.C.A. member in good standing last year. Fleet affiliation is denoted by the figure in parenthesis following the owner's name. If the name is followed by (U), this signifies the owner is unaffiliated. "Lost Boat" denotes present owner is unknown. Where boat number is followed by an asterisk, it means that there is an approved Measurement Certificate on file for this boat. All boats not so marked do not have Measurement Certificates on file.
