PRESIDENT'S MESSAGE

For many years the Lightning Class Yearbook has been outstanding—perhaps the greatest single factor in maintaining the steady growth of our fine class. Lightning owners everywhere should be grateful to Editor Al Bernel for the long and painstaking efforts that have gone into the publication of this Yearbook.

This year Lightning registrations will very likely pass 8,000. It has been a remarkable growth. Our boat is seaworthy, rugged, roomy, relatively easy to sail, fast, and maneuverable. It is exciting to sail especially in a blow with the spinnaker. It is a safe boat—yet sporty enough.

We have a splendid class organization and are making rapid strides in Europe and South America. In 1960 we received official recognition by the International Yacht Racing Union—the first step towards Olympic selection. For the first time we have a Defending Champion on the West Coast and the North American Championship in California next year will tend to rapidly accelerate Lightning activity in California, Washington, Oregon, and British Columbia.

We have fine people who sail Lightnings—people who sail and race for fun—people who get along well together—and sincerely enjoy not only the racing but all the collateral benefits of this tremendous sport. We have much for which we can be thankful.

Okay—enough of this self praise. Things are good—but complacency will ruin us. The Lightning Class has passed its period of greatest growth which took place in 1946 through 1950. Since then we have been losing per cent of industry at an alarming rate.

The molded hot rods are taking the play away from us. These boats are not as seaworthy as ours—not as *safe*—and a considerable degree of expertness is necessary to obtain enjoyment and relaxation in them. But, they are selling because of inherent advantages in construction, ease of maintenance, and transportation.

Lightning sailors everywhere are urged to promote the basic benefits of the Lightning and the Class Organization. Let's count *all* our blessings and tell everyone about them. Let's sell more Lightnings!

The best way is through strong Fleet and District organization. Make sure you select the best Fleet and District Officers—not necessarily on the basis of popularity but more so on the basis of the ones who can—and will do the best job for you—and the Lightning Class Association.

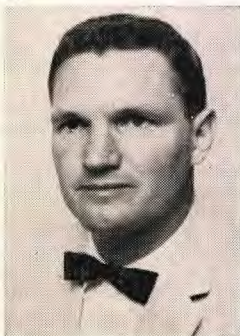

Thomas D. Fallon

President, Lightning Class Association

Officers of Lightning Class Association

CHIEF MEASURER—James G. Carson
5344 Magnolia St., Philadelphia, Pa.

Jim started "day sailing" on Barnegat Bay at the age of six and graduated from Intercollegiate racing (Kings Point) to Lightnings in the late 1940's. An ardent Lightning racer ever since, he has been District, Fleet, State of New Jersey, and Barnegat Bay Champion several times, and a competitor in the Internationals five out of the last seven years. Also a Penguin sailor, Jim won the Penguin National Championship in 1957. Unable to stay away from the administrative side of sailing, he has served in many Fleet, District, and Yacht Club capacities over the past ten years. Off the water Jim is an Engineer with the duPont Company.

ASST. MEASURER & VICE-PRESIDENT—Herman Henschen
1816 Hillenwood Rd., Baltimore 14, Md.

Herm began sailing in 1948 in his homebuilt "Kibitzer", #3140. He has served as fleet captain of Fleet 128, and secretary, vice-commodore and commodore of the Dixie District. In between these jobs, he has been chairman of two Dixie District Championship Regattas and Chairman of the Atlantic Coast Championship Regatta. He was fleet Champion of Fleet 128 for 5 years and Chesapeake Bay Champ for 3 years. He currently owns #7015, "Sugar 'n Spice", named after his five daughters.

Herm is a Chemical Engineer for the Bethlehem Steel Co. at Sparrows Point, Md.

TREASURER—Hamilton Gates Ford
Indian Point Lane, Riverside, Conn.

Ham first stepped into a sailboat nine years ago and has been spending all of his free time since sailing dinghies and Lightnings. For the last four years, he has been co-owner and crew of ENCORE II #6654, which, skippered by his son, Carter, placed 3rd, 9th, and 14th in the 1957, 1958 and 1960 Internationals, and won the President's Cup in 1959.

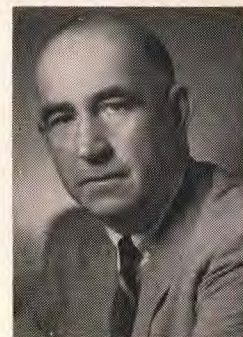

He is a member of the New York and Riverside Yacht Clubs. Previously Ham served as Treasurer at Riverside, and as Commodore of the Western Long Island District. Currently he is a member of the Board of Governors at Riverside, Captain of Fleet 7 since 1957, and a member of the Executive Committee for 1960-1961.

Between regattas he can be found at the New York City real estate office of Charles F. Noyes Company, Inc., of which he is a Director and Executive Vice-President.

PRESIDENT Thomas D. Fallon
325 Delaware, Buffalo, N. Y.

Tom has been sailing for about 25 years in many classes, from eights to snipes. He has owned boats in Corpus Christi, Tex., Wilmington, Del., Philadelphia, Detroit and Buffalo. He has been sailing Lightnings for the past 13 years, first in "Puff" #523, and since 1952, in "Flare" #5100. He likes "Flare" very much and thinks it's a very fast boat if he sails it right. He is past Commodore of the Lake Erie District and Past Fleet Captain of Buffalo Canoe Club Fleet #12. He has sailed in seven International Championship Regattas and seven Mid-Winter Championships. He apparently sails better in winter, or maybe the competition is different. He is Director of Sales Training at National Gypsum Co., Buffalo, N. Y.

SECRETARY—Martin O'Meara, Jr.
653 Connecticut Blvd., E. Hartford, Conn.

Marty has been a member of the L.C.A. since 1943, his first Lightning being BABY I, #2248, then #6500, BABY II. He now owns #7170 BABY MAKES III. He has served as Captain of the Niantic Bay Fleet 85 from 1950 to the present, has served as Connecticut District Secretary and is currently that District's Commodore. He served as L.C.A. Treasurer last year.

To pay the yard bills, Marty manages automobile dealerships handling Ford, Triumph and Studebaker products in the Hartford area.

VICE-PRESIDENT IN CHARGE OF LEGAL AFFAIRS—George V. Fisher
3211 Fishinger Road, Columbus, Ohio

George has been sailing Lightnings since his discharge from the Navy in 1946. He owned #721 prior to #4865, four times Ohio-Indiana District Champion. George has served as Secretary and Commodore of the District and as Commodore of the Buckeye Lake Yacht Club, Buckeye Lake, Ohio. He is a general partner in the law firm of Robins, Metcalf & Fisher in Columbus.

CHAPLAIN—Rev. John F. Steve
633 Main St., West Seneca 24, N.Y.

Rev. Steve belongs to the Niagara Sailing Club Fleet #59. Sailing has been his No. 1 hobby for the past 14 years. He is pastor of Ebenezer United Church of Christ in West Seneca, N.Y., a suburb of Buffalo. He readily acknowledges the Lightning sloop as the best day sailer in the world and enjoys the fellowship and cherishes the friendship of Lightning sailors.

HONORARY COMMODORE—Burrows Morley
#1 Center Woods, Saginaw, Mich.

Buzz skippers #6400, the successor to #4686 and #2939. Has served as Secretary of the LCA in '54, Treasurer in '55, Advertising Manager of the Year Book in '56, Assistant Measurer and Vice-President in '57, Chief Measurer in '58, and President in '59. Past Commodore and Secretary of the Michigan District. Past Commodore of the Higgins Lake Boat Club and served as Captain of Fleet 110. Hobbies include skiing, knot tying, scotch guzzling and beating skins in the famed Michigan District Barefooted Philharmonic.

Keeps wolf from the door at Morley Brothers, Hardware Distributors.

VICE-PRESIDENT—Raimo-R. Nordstrom
Loviisa, Finland

Raimo started to race in Lightnings in 1949 with PINOCCIO, #4334. In 1958, he acquired his present boat, KATRINA, #6838. With KATRINA he has sailed in three European Championships and twice won the District Championship in Finland. He is a past Commodore of the Finland District and has been active in trying to get the Lightning to those more than 60,000 lakes in Finland. His wife Lila has been crewing for him for nine years.

Raimo is a director of Messrs. Ab. R. Nordstrom & Co Oy., shipowners.

VICE-PRESIDENT—Jose Barreda Moller
Camana 615-602, Lima, Peru

Jose is one of the most active skippers in the Lightning Class, which is by far the most active in Peru. He is the founder of the South American Confederation of Lightning Class Associations under whose auspices the South American Championship is held every year, with an average participation of seven countries. He is a lawyer, listed in the best known American and British Law lists. He is also a member of the Peruvian Congress.

VICE-PRESIDENT—Hans A. Luthy
Juraweg, Schottland, Switzerland

Hans started sailing in 1932 on "22 m² Renn-Jolle" and changed to Lightnings in 1951. In 1953, he acquired his present boat QUAND-MEME #5281. With Peter Ehret, he organized Fleet 250 in 1954 and then later the same year he helped to organize the Switzerland District with the aid of Oscar Weber and de Bosset of Fleet #169. He has served as District Secretary and President of the Sempachersee Yacht Club.

Besides his sailing activities, Hans is sales-manager in the Bally's shoe factory at Schoenenwerd.

VICE-PRESIDENT IN CHARGE OF FOREIGN AFFAIRS
—Jay Limbaugh

Edgecliff Drive, Worthington, Ohio

Jay's hobbies over the years all seem to have followed a pattern of trailing something or other around the country in competition. Show horses, game cocks, registered Polled Hereford show cattle and now Lightnings. While attending the Internationals four years ago as a curious spectator, he purchased SPIRIT II and returned home to sail a boat for the first time at Buckeye Lake Yacht Club. That same winter, after bouncing off boats at Savannah and St. Pete, he finally learned starboard from port at the Mardi Gras Regatta.

Jay has served as a Governor of BLYC, Captain of Fleet #43, Secretary and now Commodore of the Ohio-Indiana District, and Editor of the 1958 Lightning Class Year Book. He is Plant Manager of Janitrol Aircraft Division, Columbus, Ohio, a division of Midland-Ross Corp.

VICE-PRESIDENT—Philip Joannides

5 Herodou Atticou, Athens, Greece

Philip took his first boat trip across the Aegean Sea at the age of one month. He's been sailing ever since. Primarily a blue water sailor, he started racing in 1938 and raced his first Lightning in 1952 taking second place in the Greek National Championship. A flag officer of the Royal Yacht Club of Greece since 1952, he is responsible for all racing activities of the club. He is a member of the appeals committee of the Hellenic YRA (National Authority: organized practically single-handed Fleet #286, the Greek District and the 3rd European Championship Regatta held in Phaleron Bay in 1957. Phil has a wonderful family—a "seasick" wife, three daughters and a 17 year old son who is already winning cups. He is a graduate of Northwestern University Dental School.

VICE-PRESIDENT—Cesare Ratti

19 Angiporto Galleria, Naples, Italy

Cesare has served as Captain of the Sorrento Fleet since its organization. Skipper of his own Lightning "SAR-ACO" #4965, he has participated in all Italian and European Championships always finishing well up in the first division. He has competed also in RORC Class regattas held in the Mediterranean Sea and has been a member of "Unione Crocieristi Italiani" since its origin. From 1948 to 1950, he served as President of the U.S.V.I. (Italian Sail Societies Union) Sport Committee. Along with all his sailing activities, Cesare finds time to practice law, for his living.

VICE-PRESIDENT IN CHARGE OF PUBLICITY—

John M. McIntosh

2 Pinewood Ave., Parkersburg, Savannah, Ga.

John has been sailing since 1930, formerly sailing Scows before switching to Lightnings in 1950. He is a member and former Secretary and Captain of Savannah Fleet 127. He has also served as Commodore of the South Atlantic Y.R.A., Treasurer of L. C. A. in 1958-59 and is a member of the Executive Committee for 1959-1960-1961.

He has had several Lightnings and is now sailing "Rabbit", #4872. His wife Barbara crews for him and with his six children, he isn't apt to run out of crewmen for quite a while. He is General Manager of a wholesale building materials firm.

VICE-PRESIDENT—Gaines Houston

42 Edgehill, Little Rock, Ark.

Gaines is an Engineer-Lawyer, limiting his practice to Labor Law. He began sailing at Port Arthur, Texas in 1932. Interested in the early development of the Lightning Class he took delivery on his first Lightning #95 at Port Arthur in 1939. He sailed on Galveston Bay (HYC) until returning to Arkansas in 1950 bringing #95 along with him. With this boat he developed interest in central Arkansas in racing Lightnings. He organized Ouachita Lightning Fleet #824 at Hot Springs, Arkansas and has served continuously as its Fleet Captain. Gaines is also a past Central States District Commodore and now skippers LITTLE DEARIE II #7655, successor to the original LITTLE DEARIE #5855.

VICE-PRESIDENT—John W. Swanson

761 W. Delavan Ave., Buffalo, N.Y.

Jack is a brand new bridegroom of 1960 who ten years ago gave up the frustrations of playing golf for the "relaxation" of a sailboat. He is now the most frustrated ex-golfing sailor in existence! Jack and John Palmer sail the THREE WINDS #749 which they acquired as a total insurance loss and rejuvenated with confident hopes of overthrowing Allen, Fallon and Smither. They claim they are still trying to catch this threesome and with such grim determination, they will. When he isn't chasing Allen, Fallon and Smither, he earns a living running his own business as a manufacturer's agent covering Heating, ventilating and air conditioning equipment as well as component parts for original equipment manufacturers.

VICE-PRESIDENT—J. R. G. Bleasby

33 Standish Ave., Toronto, Ont.

Bob's addiction to sailing began at the tender age of 3 when he fell into the local yacht pond in Scotland. However, it took the sailing bug 30 years to incubate when he started construction of his Lightning #5234. His understanding wife has pronounced him incurable as she once again spends her evenings listening to those "construction sounds".

Interruptions to this project are in the form of meetings of the Canadian Yachting Association of which he is a Director and visits to the British Trade Centre to occupy the office of the Ontario Manager.

VICE-PRESIDENT—William V. Pirie

2609 Arnott St., San Diego 10, Calif.

Bill was born in Ontario, Canada but has lived in California since 1924 and in San Diego since 1941. He is office manager for a construction corporation, is married with three boys and two girls, all of whom sail. He has been a member of the Lightning Class since 1947, was a charter member of Fleets 114 and 194. Bill was Commodore of Mission Bay Y. C. in 1950, has served the Association as Commodore of the California District and as a Vice-President in 1956 and 1957. He attended the Internationals as a Contestant at Detroit in 1954 and as an Officer in Buffalo in 1956. Bill has a big job before him for this year—he has been appointed General Chairman of the 1961 North American Championships to be held in San Diego.

VICE-PRESIDENT—Charles W. Buck

2214 E. Hammond Lake Dr., Pontiac, Mich.

Chuck first began sailing Lightnings in 1944 and has been actively racing in them since that time. He owned #839 prior to his present BUCCANER, #7439. He was editor of the 1959 Lightning Year Book and has also served on several International and Michigan District race committees.

A member of Fleet #54 and a past Commodore of Pontiac Yacht Club, his off season is spent toiling at Buck Sales Promotion Co.

VICE-PRESIDENT—William Hole

44-470 Aumoana Way, Kaneohe, Hawaii

Bill "Puka" was born in Honolulu and has sailed in Kaneohe Bay since 1932, with the exception of three years at Georgia Tech acquiring a B.S. degree in mechanical engineering, and three years in U.S.N.R. as electronic maintenance officer.

He took a wife and a Lightning named "Genie", which he built himself, to represent Hawaii at the 1953 Internationals at the Buffalo Canoe Club, where he was joined by Cy Gillette and Phil Fisk for crew.

He is a past Commodore of the Kaneohe Yacht Club and sails with the Hawaii Lightning Fleet.

Pineapples, because they are so perishable, take up most of his time during the summer.

INTERNATIONAL AFFAIRS

By Jim Limbaugh

A report on the International Affairs of the Lightning Class Association should start off with the status of such affairs as they stood at the beginning of the reporting year; should relate the activities during the year; and should then set forth projected plans for same. At this writing I find myself in the middle—no beginning—no end. By the time this Year Book reaches you the picture may be clearer and we will report the details in Flashes. In the meantime I will attempt to tell you of the present conditions.

Shortly after I was honored by being elected Vice President in Charge of International Affairs, I received a letter from Tom Fallon, LCA President, to the effect that the objectives of my office were briefly:

1. To get official recognition by the IYRU of the Lightning Class.
2. To eventually gain Olympic Recognition for the Lightning.
3. To build the Lightning Class abroad.

The Committee working with me consists of Karl Smither, J.R.G. Bleasby, Eugene Walet III, Bob Lippincott, Tom Allen, and Al Berg. We have received much assistance from our vice Presidents and District Officers overseas.

The first objective, that of obtaining recognition of the Lightning Class by the International Yacht Racing Union, has apparently been in the mill for several years. In the January 1959 issue of *Yachting* a report on an IYRU meeting says, "Feelers for recognition were put forth by the Lightning Class . . .". Our Vice Presidents and others from South America, Italy, Greece, Switzerland and Finland had all been urging their IYRU delegates to support Lightning Class recognition. Mr. Henry S. Morgan and Mr. Robert N. Bavier, Jr. of the North American Yacht Racing Union had advised as to the steps to be taken to assure the recognition and at the November 1960 meeting of the IYRU the NAYRU made the submission on behalf of the Lightning Class. This was seconded by Switzerland and I understand supported by Peru, Argentina, Italy, Greece, the Scandinavian countries and others. As reported by Bavier in the December 1960 issue of *Yachting*, ". . . the Lightning Class was formally adopted as an IYRU Class. This was proposed by the NAYRU. Now that the Lightning is admitted, however, they have inherited the responsibility to conform with IYRU regulations. For example the Small Boat Committee specified that the tolerances were considered too broad, and will require that the Class tighten these tolerances to embrace the most successful boats built in recent years. No existing Lightnings will be barred by this tightening but new ones to be built will have to conform to closer tolerances. There were a few other minor regulations the class will have to adhere to, but upon completion of same and the tightening of the tolerances, the Lightnings will become an active IYRU class".

Bavier, in his letter to the LCA concerning this, pointed out that there were three points to be cleared before the recognition would actually go into effect. The first was about the previously allowed use of grooved spars in some areas. By memorandum of May 13, 1960, the LCA Measurement Committee had terminated all waivers not

specifically referred to on the Plans or in the Specifications, effective January 1, 1961. Thus the first point has been resolved.

The second point concerned the racing rules specified in the LCA By-Laws. The suggested change reads that "the races shall be sailed under the IYRU rules as adopted by the NAYRU". This was no real problem because the NAYRU has adopted the IYRU rules.

The third point was in connection with the tolerances, as mentioned above. I have presented to the IYRU documents prepared by Jim Carson, Chief Measurer LCA, designed to bring them up to date on the LCA Measurement program. In brief they were told that the LCA has been administering a fast moving measurement program designed to assure fair one-design competition within the Lightning Class throughout the World. That there are so many combinations of changes that could be made and no definite evidence to indicate that any particular change makes a faster boat that we feel redesign (which is what IYRU is asking for) would be unsatisfactory. Evidence the fact that in the 1960 International Championships the first seven boats were all built by different boat builders. We feel that present tolerances are as tight as can reasonably be expected for a boat as large as the Lightning . . . of wooden framed construction . . . Tolerances on points which the Measurement Committee felt did not affect boat speed and performance were purposely left not as tight as those which are of importance. We do not believe in a policy of permitting old boats to sail with one set of tolerances and new boats with another.

IYRU now has all the necessary facts at hand for their consideration on the three points in question. It is hoped that they will now put into effect their recognition of the Lightning Class.

At this point it would be in order to explain what the International Yacht Racing Union is and what its recognition of the Lightning Class means. The IYRU, with headquarters in London, was founded in 1907. Its aims are to promote international yacht racing and to establish for all nations uniform sailing, racing and measurement rules. Its members are the National Associations in thirty-six countries. Its members meet in General Assembly every three years. The Permanent Committee, meeting in London annually, is composed of two delegates each from five areas and one delegate each from six other areas. Among the Committees are the Small Boat Committee, the Technical Committee, a Class Policy Committee, and the Rules Committee. The IYRU Rules Committee is the body which brought about the changes in the NAYRU and other Yacht Union Racing Rules back in January of 1949 and now again, effective January 1, 1961.

The IYRU objective of having the same racing rules applicable throughout the world comes closer home with the plans for the LCA first World's Championship in final stages. Our overseas skippers, who have been racing under IYRU rules even though sailing under Lightning Class jurisdiction, and those of us who have raced under NAYRU rules, will have little difficulty in racing together under the new rules.

The IYRU is recognized by the International Olympic Committee and recommends the Classes for participation

in the Olympic Games. It sets up the ground rules for the Olympic Yacht Races. IYRU also advises and directs their Classes in the matter of changes in specifications, plans, equipment, rules, measuring procedures, etc.

IYRU recognition of the Lightning Class is a vital factor in the development of the Lightning in areas other than the States. Jose Barreda Moller, LCA Vice President from Peru puts it this way, "Recognition of the Lightning Class by the IYRU means to us two things: a) International recognition of the Class as being popular and worthwhile; and b) Chance to be considered as an Olympic boat. Of course the second consideration is the one that really counts and every effort should be made to have the Lightning admitted by the International Olympic Committee, if possible for the Tokyo games of 1964". Mr. Moller's statement points up one of the motivating forces for IYRU recognition—the goal of participating in the Olympics. Mario Cavallo, LCA District Secretary, Italy, says, "Certainly IYRU recognition means more diffusion and more recognition to the Lightning Class in Europe where few countries are sailing Lightnings".

Letters from other friends include such statements as: "It is in the opinion of many of our supporters that if the LCA doesn't try to enter the 1964 Olympics, she will lose any opportunity to develop the Lightning over Europe and worse might lose the present European boats or Fleets", "Would it not be fine to see our dear Lightning in the Olympic Games some day?", "Let's hope we will be able to work it up so big and important that it will have the Olympic status in 1964". Almost all have expressed the urgency for International recognition by IYRU and have done their utmost to obtain it.

As you see, I have slipped on to the second goal set

forth by Tom Fallon—to obtain Olympic participation for the Lightning Class. As pointed out above, the IYRU is the initial step—they recommend the Classes to the Olympic Committee and would hardly recommend a Class they did not recognize. At their last meeting they selected the Classes for the 1964 Olympics, excluding the Lightning. It would appear that this is the final decision. I have been informed that the International Olympic Committee accepts the recommendations of the IYRU in this matter.

The Classes IYRU decided upon were the same as those used in the 1960 Olympics. They seem to be presently thinking along the lines of encouraging the newer Classes, or rather as Bob Bavier reported in Yachting, "... a boat with the 'forward look' ...". It would appear that Olympic status for the Lightning by the time of the 1964 Olympics is just about impossible. From a member of the Olympic Committee I understand that they feel the need to curtail the size of the Games because of the fact that they have grown so large and so many sports have been included in recent years. This would indicate that we would not have a chance of even being added as another, or the sixth Class, in the Yachting events. We will, nevertheless, request consideration of our boat by the International Olympic Committee.

The third goal outlined by Tom Fallon, that of building the Lightning Class abroad will be greatly assisted by the initiation of a truly World's Championship by the Class. In the past our Internationals have been open to our sailors from abroad and a number have participated, but not often at the same time, and definitely not as heavily as we would like. Now with the revised program of having a North American Championship in place of our "Internationals" and a World's Championship too, we hope to see increased competition between the areas in which the Lightning is popular. As a member of the committee planning for the first World's Championship I know that all efforts are being made to insure the success of the Championship. Much understanding has come about just through the process of working on the details for this affair, quite an exchange of ideas has been going on between the host, United States, and all other areas. We are eagerly awaiting this big event.

Our overseas Fleets have problems we in the States are not confronted with. LCA publications are in English and even though most of the members read and speak English, there are those who don't and the value of the publications is thus lessened for some. The sailing season of our South American Fleets in the Southern Hemisphere, is from December to March, and while I view this with envy as I sit here in Ohio with ten inches of snow on my door step, it makes the reporting of the Fleet, District and South American Championships an awkward matter. The necessary deadline for receiving material results in the reporting on activities of a sailing season already past—while in the midst of another sailing season—which is then over by the time they receive the Year Book. (If there is a report in this Year Book on the 1961 South American Championships you will know that Vice President Moller, Editor Bernel and I succeeded in our plan to alleviate part of this difficulty.)

In the States we have a continuous exchange of ideas about sailing tactics, rigging, and other details, spreading from one District to another, as some of us travel with our boats to distant regattas. This exchange of ideas and

the exposure to wide competition is limited in most other areas primarily because of the geographical barriers. Many highways are mountainous, two-way roads, making trailing a boat difficult.

In past Year Books we read of other problems. In an Argentina District Report, "To send crews to other countries, Uruguay and Peru as well as in the near future Ecuador, in order to represent home fleets, represented a fabulous amount of clerical work and tape"; and in telling of plans to participate in Championships to be held in Ecuador, "... but considering the expenses and the problems of such a far trip ..." and this was with boats furnished.

In an Italian District Report in talking of going to Greece, "It was a difficult job organizing the crews to enter the Championship because the trip was very expensive" this also with facilities and accommodations furnished. Another Italian District Report told of the long trip to Finland. Some boats were trailed over Italy, Switzerland with its mountains and through Germany to Keil. There the boats were embarked on a steamer which took them to Helsinki. Other boats were trailed on through Denmark to Stockholm, Sweden, there they took a boat to Turku (Abo) from whence they trailed the last 300 miles to Loviisa. The trip took eleven days.

Previous LCA Year Books show a map of the Lightning Districts in the United States only. This is indicative of the compactness of these U.S. Districts (even though many at Tawas were shook-up with the idea of trailing to San Diego!) A study of a map of Europe shows that within Italy the distance from one Fleet to the most remote is about 450 miles with the Apennine Mountains extending the entire length of the country.

Adjoining Italy to the North-West is Switzerland, truly a land of mountains, where the Swiss Fleets are distance-wise not too far apart but considering the narrow, twisty highways and the mountain passes, trailing a boat might be slow going.

Around the map via land to the South and East, the District of Greece, from Naples, Italy is better than 1000 miles; via water the trip is about the same over to Athens. Within Greece the distance from one fleet to another is from 150 to 200 miles or about 350 miles overall—with more mountains.

When we think of the European Championships covering the Districts of Greece, Italy, Switzerland and then up to Finland the expanse seems overpowering. The Finland Fleets cover around 1000 miles. The present Fleets are located along the South-Western shore line of Finland; on the Gulfs of Bothnia and Finland. There are thousands of lakes in Finland, where little sailing has been done—areas where the Lightning Class may expect future activity. Could we but have some of those lakes here in the States!

A study of a map of South America points up the difficulties of traveling with a boat, as mentioned above. The Districts spread from the Southern Hemisphere, well into the Northern, and we find Fleets racing in Colombia in July and August and in Uruguay during February. 4000 miles is conservative in estimating the distance from one Fleet to the furthest, with the Andes Mountains running through part of the area.

(Perhaps I should mention that the maps I used for most of the mileages mentioned were from Harpers School Geography published in 1876.—This is a gentle hint to my overseas friends that I would like current maps of their countries.)

We in the States (Hawaii, the notable exception) have plenty of competition within easy trailing distance of most of us what with the Turnpikes, Throughways and Expressways. Comparing this with the distances involved and the difficulties of trailing a boat between the overseas Districts it is readily understood that the scopes of competition would be different. Overseas our Lightning sailors sail in large Yachting Regattas (for example, South America holds an International Regatta every year in a different country), temporarily going into other Classes to participate in the Olympics, and are much aware of the overall yachting situation.

As you see the three objectives held out by Tom Fallon are all one ball of wax. Building the Lightning Class abroad will be strengthened by Olympic status of the Lightning and that awaits 100% recognition of the Class by the IYRU.

We who own and race Lightnings cannot understand the delay.

ODE TO THE SKIPPER

By Alan Michael Drake

He sits there in the back of boat,
The tiller in his hand,
And strikes such fear into his crew
They obey his least command.

When things go right he's known to smile,
And even say things nice,
But when he goofs he blames the crew
Of every sort of vice.

Now when he brings his boat about,
His crew just dare not muff,
However well they handle sail
It's never fast enough.

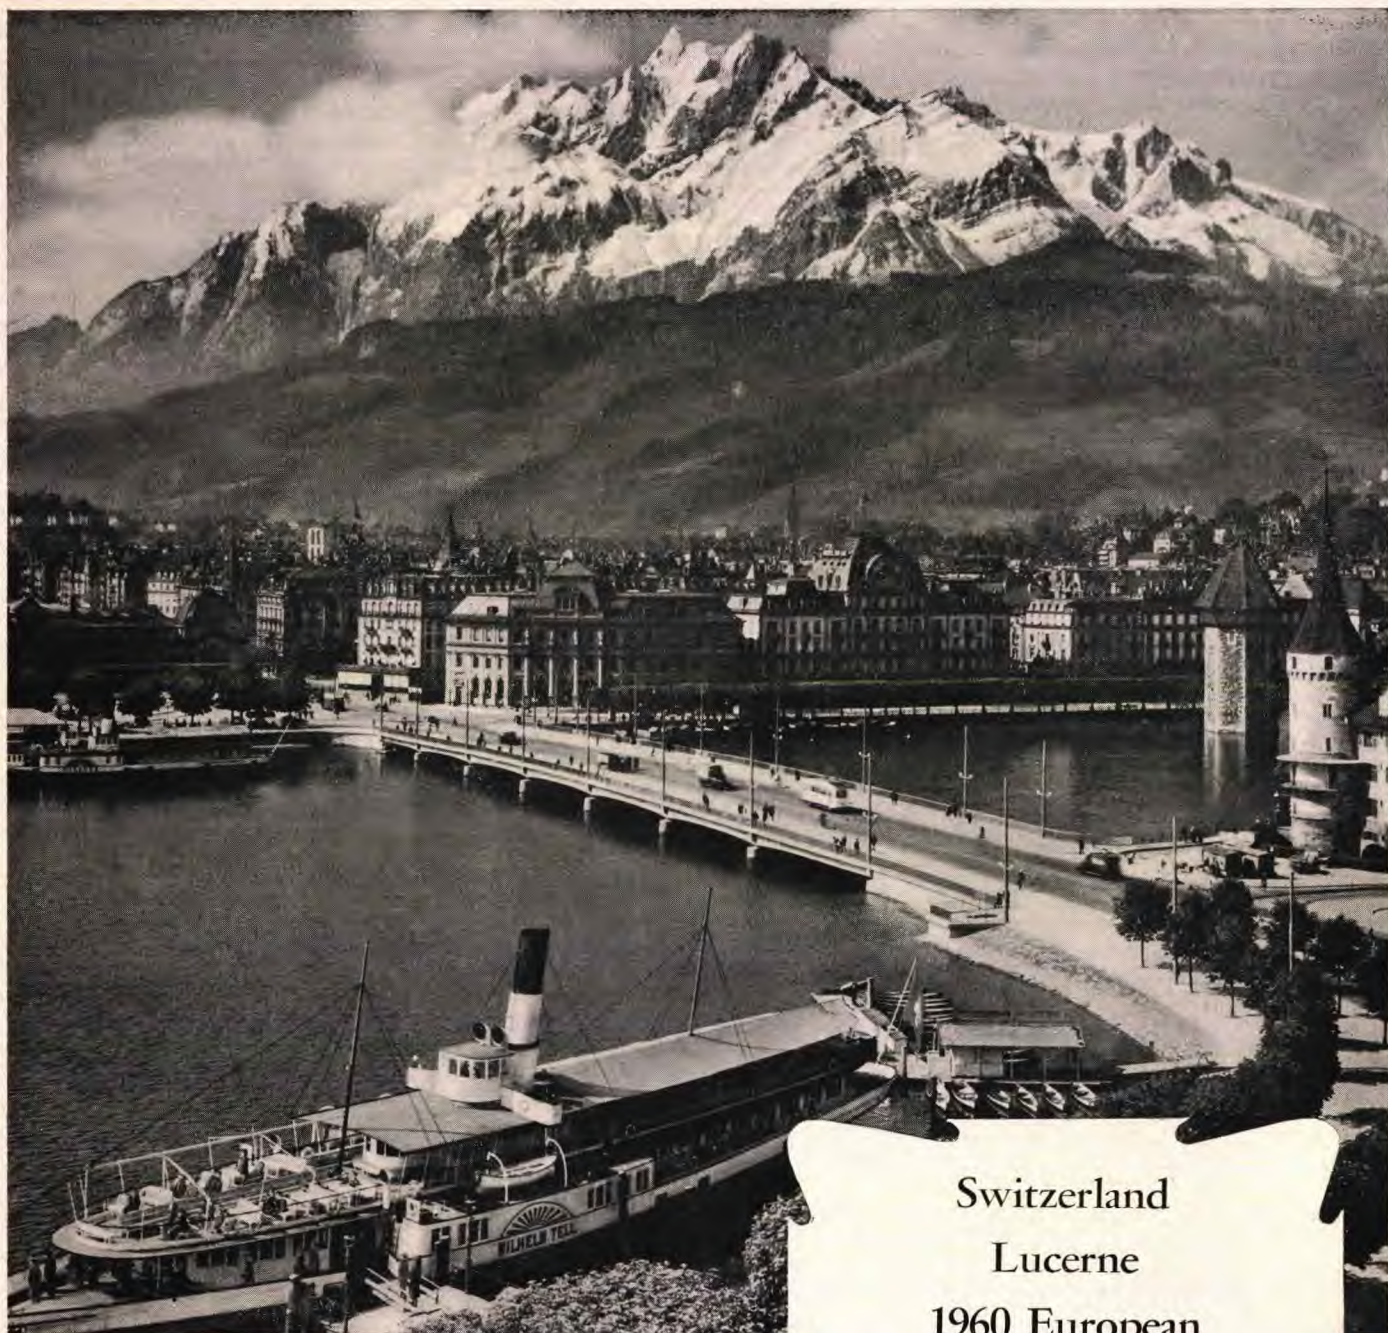

He makes his jib man hike right out,
When spray begins to fly,
Then crouches down beneath his lee
And thus keeps nice and dry.

The spinnaker is his meanest trick,
And he has quite a few,
He knows that it will never fly—
But blames it on the crew.

Now when by chance he wins a race,
And that makes quite a story,
He's just content to settle back
And soak up all the glory.

But crews are born a thick-skinned lot,
And strange to say are loyal,
They know that someone in the boat
Must do the honest toil.

The European Championships were held in Switzerland at Lucerne, June 26th—July 1st, 1960. For the first time in its history, the Yacht Club of Lucerne had to organize an European Championship. At the head of the Committee were Mr. Otto Durrer, President of the Yacht Club of Lucerne and Mr. Richard Peter, Captain of the Fleet Vierwaldstattersee, Lightning Fleet #281. Also the direction of the races was excellent but there were some difficulties concerning the number of miles to be sailed. According to the rules of the LCA, six miles have to be sailed but our foreign guests insisted on seven miles. A pity! In this way, it wasn't possible to finish all races in due time.

A special compliment to all participants whose discipline and orderliness gave no occasion for a complaint. No protests were entered!

Switzerland Lucerne 1960 European Championships

Unfortunately, we weren't very lucky as to winds. Unstable weather conditions prevented the coming of the usual mountain winds. Nevertheless, this European Championship made good publicity for the Lightning Class and was an attraction for all the tourists who stayed at Lucerne during this period.

We were very glad to welcome Mr. J. Ott, President of the Union Suisse du Yachting and also Dr. Casani, Vice-President.

A special thanks to the authorities of the town and country of Lucerne who assisted us in many ways.

During the first race we had a light north-easterly wind,

unfortunately not strong enough to finish in due time. By the second and third race, the wind reached the velocity of 2 and 3. The fourth race had to be cancelled. The fifth and sixth races could at last be sailed with a normal wind, while the seventh race had to be cancelled again.

The 1960 European Championships were won by #7212 FANDANGO, helmsman Franco Cavallo with crew Mario Cavallo and Franco Valentino.

Here they come! "Miaoulis" (Meyer) is ready to round, followed by #7586 and #6204.

LIGHTNING SAILORS AT NAPLES

By Mario Cavallo

(Editor's Note: When I asked Jay Limbaugh to secure an article on the 1960 Olympics he took advantage of the opportunity and asked Mario Cavallo "How's come Gene Walet didn't do better in the Olympic Games"? As you will see below, Mario was too much of a gentleman to answer Jay's question! (Jay says that every time he read a story of the activities at Naples and Rome, he could see Gene's shadow in the background.) Mario Cavallo sails regularly on Fandango 2nd, Lightning #7212, at Naples with Fleet 223 C.R.V. Italia Sorrento and has been the Italian District Secretary for at least eight years.)

I am answering your letter November 4, concerning the Olympic Games, during which I served as Class Officer for the Dragon Class. I met Mr. Eugene Walet, skipper of US Dragon Spirit VI.

I know that Mr. Walet is a good yachtman, a good skipper, and that he has been sailing in the Lightnings too. I had no opportunity to follow the races on the sea, nor to have long conversations with Mr. Walet, so I don't know why he did not get better results in the Games.

As Class Officer my job was ashore and began early in the morning. When the crews were going on board to prepare the boats for the race, the office was ready to give any information. During the races there were many little jobs for the Class Officer, in connection with race information service, which was transmitted by tele-typewriter; medical service information; press; sailmakers, carpenters and painters; measurement committee; protests; declarations and so on. Every thing had been prepared and organized in that way to give the best assistance to the competitors.

As I have said above I had not too much time to have long conversations with Mr. Walet; any way as good friends and Lightning sailors we had once a drink together on the Italia Club terrace (Sorrento Lightning Fleet home club). I asked him and his crew their impression about the race organization and hospitality. The answer was "Everything O.K. We feel at home". This

was very kind of them and a satisfaction for our work. Sitting at the terrace of the Club we spoke of Lightnings and I talked about the opinion of the European Lightning sailors to have an International status of the Class—necessary and as soon as possible—and to work on the problem of trying to get the Lightning accepted for Olympic competitions. Without this we might forsee, at least in Europe, losing a lot of our crews who would prefer to sail Olympic boats.

More than one Dragon crew entering the Games was from Lightning Class boat crews. H.R.H. the Prince Constantine of Greece, Duke of Sparta, who finished first for the Dragon Class, has been a Lightning Sailor too. Last year he entered with success the Lightning European Championship at Anzio. Successively he sailed in the Dragon Class at Genoa, Kiel and then in the Olympics.

Between the competitors, Antonio Ciciliano and Giulio De Stefano, crewmen of the Italian Dragon boat Venilia, third classified in the Games, have been Lightning sailors too and this is a demonstration that the Lightning is a very good boat to train crews for larger boats.

The Class Officer Service began on August 8 until September 8. A month during which there was great friendship with crews coming from the world over. I hope they have carried back a good souvenir (memory) of the Games and of Naples, such as that we keep of all our guests.

I still have on my eyes the vision of Santa Lucia harbour with hundreds of yachts and yachtmen. This was not new for this harbour which has been host, among many and many races, also of a Star Class World Championship.

My wish is that we might be once host of so many Lightnings, and more, that Lightnings should be accepted once as Olympic boats. That would be a big day, but we must work hard on this problem if we don't want to see the Lightning on a decline in Europe.

The Design of the "LIGHTNING"

(Sparkman & Stephens Design No. 265)

Early in 1938, Mr. John Barnes, Head of Skaneateles Boats discussed the design of a class of small sloops for day sailing and racing with Olin and Rod Stephens, Jr. Mr. Barnes visualized a design that would be simple and practical for professional boat builders or amateurs to construct. Safety and comfort were to be prime considerations. The result—Sparkman & Stephens' Design No. 265 became the LIGHTNING Class which now numbers over 7,500 owners and continues to grow in popularity year by year, in all parts of the sailing world.

It was understood from the outset that the rights to the design furnished Skaneateles Boats were to be non-exclusive. The boats attained instant success and a Class Organization was formed early in 1939 at which time Sparkman & Stephens sold all rights and interest in the plans and specifications to the newly formed LIGHTNING Class Association.

In the late '50's, the Association created a Measurement Committee to project revised plans and specifications in order to assure a uniformity of design within reasonable tolerances. The services of Sparkman & Stephens were re-engaged for this purpose. They reviewed construction practices and measurement data and recommended acceptable tolerances calculated to preserve the advantages of the one design class principle.

The "pilot" model was first sailed at Skaneateles by Rod Stephens, Jr. in the early winter of 1938—the first day in very light weather, the next day in half a gale. She performed beautifully under all conditions and no changes were made in any feature of the design.

LIGHTNING #5 was the first to be publically exhibited. She was displayed at New York's Motor Boat Show in the winter of '39 and was purchased by Mr. Drake Sparkman and named RUMBLE. His son Drake, Jr. sailed her at Larchmont in Race Week, winning the series. This marked LIGHTNING'S first important racing class competition.

It is interesting to note that in the early days of the Class Association, Rod Stephens, Jr. accepted the Chairmanship of the Association Committee on Rules and Regulations and that Ernest Ratsey of Ratsey & Lapthorn, Inc. acted as a consultant on sails and sail measurements. Under the vigorous leadership of the officers of the association, a rapid expansion took place. At the annual meeting of the Association in 1944, 146 chartered fleets were reported by the Executive Committee—133 in U.S., 8 in Cuba, 2 in Brazil and one each in Columbia, Switzerland and Hawaiian Islands.

Throughout the years, Olin Stephens and Rod Stephens, Jr., have maintained an individual interest in the well being of the Class and have always been available for consultation on technical matters and questions of policy. Sparkman & Stephens, Inc. remain as Design Consultants to the LIGHTNING CLASS ASSOCIATION.

1959 PAN-AMERICAN GAMES GOLD MEDAL TO ERIK SCHMIDT, BRAZIL

Editor's notation: This article should have been published in the 1960 Yearbook. Our sincere apologies for this oversight and our heartiest congratulations to Erik and his crew.

Consistent over-all sailing combined with excellent work off the wind won in the tightly contested Lightnings for Erik Schmidt, Brazil in the 1959 Pan-American Games in Chicago, Illinois. Erik and crew, Tony Barbosa and Axel Schmidt, picked up places on the off the wind legs in almost all races with a beautiful demonstration of co-ordination and hard work. Ernesto Plaza — skipper, Ecuador, took the silver medal for second place and Herm Nickels—skipper, United States, took the bronze medal for third place. Alberto Migone—skipper, Argentina; Carlos Navarro, Jr.—skipper, Peru, and Dr. Julio Goldie—skipper, Uruguay, completed the standings in that order.

The closeness of the competition in the series is pointed up by the fact that going into the last race with Brazil in the lead, four of the entires had a chance of winning the series. With the Olympic scoring system used, it took some figuring to determine all the possibilities. The last race did, in fact, trade second and fourth places.

The series of seven races encountered a wide variety of conditions from extremely light to heavy air and drastic wind shifts up to 150°. Seven boats with sails were used for the series and rotated so that each crew sailed each boat one race. All races were 10 miles total length, consisting of three laps, once around a triangle, a windward-leeward lap and again around the triangle. Courses were set well off shore in Lake Michigan.

First Race—Wind 6 Miles SW

A close start in a light shifty breeze. Nickels, U.S., foots out on the fleet after start, but Migone, Argentina, sails the shifts and is first at first mark. Wind swings around changing windward leg to a very close reach. On the third leg, now a run, Nickels tacks downwind to go into lead. Little change of position after the first round with only reaches and runs. Nickels wins, Migone second, but protest on Nickels is allowed. Final standings — Migone first; Schmidt, Brazil — second; Navarro, Jr., Peru — third; Plaza, Ecuador — fourth and Dr. Goldie, Uruguay—fifth.

Second Race—Wind 6 Miles SE

Navarro, Jr., Peru, takes the lead with an excellent start. Other positions shuffle in shifting wind, but Navarro opens up a good lead on fleet—with Plaza, Ecuador, second. Near the end of the first time around a new breeze comes in from the North with a big hole between the two winds, which closes the fleet up and scrambles all positions. Every boat is in front at least once in the ten minute chaos between the two winds. Plaza comes out in front to lead the rest of the race and win with Nickels second. Goldie and Migone come into the finish with spinnakers, go above the line, jibe chutes and reach back with Dr. Goldie, Uruguay, taking third,

Migone fourth. Navarro crossed finish line overlapped and driving through Schmidt, Brazil, but misses fifth place by four inches. Race Committee limp, crews more so. Next race everybody hopes for steadier wind. This race was a tough break for Navarro, Jr., after the good lead he had worked out.

Third Race—Wind 10 Miles N Dying At Finish

Schmidt comes in with full way on and drives through a hole at windward end of line on the start for the lead and stayed in front for the race. At the first mark Plaza is second and Nickels third. Some debate about spinnakers on a close reach and Nickels goes into second with spinnaker, but not before Migone, Argentina, almost goes through him. The position holds until wind dies on the last two legs leaving a nasty chop and Plaza comes back up to second by dropping his spinnaker first. Nickels catches Plaza on the beat and at the finish it's Schmidt, Brazil—first, Nickels—second and Plaza—third, followed by Dr. Goldie, Navarro, Jr., and Migone but a protest is filed. US-Ecuador in port-starboard collision on first beat and Ecuador is disqualified.

Fourth Race—Wind 10-15 N, 3 to 5 Foot Seas

Schmidt, Brazil, again comes in with perfect timing and a brilliant start—Nickels backwinded—tacks for free wind. Dr. Goldie, Uruguay, takes long tack and a moderate wind shift gives him a 10 boat length lead at first mark—Nickels second, closes on spinnaker leg when the topping lift on Uruguay's boat breaks. Brazil fifth at mark after wind shift recovers to third on excellent spinnaker work. Nickels goes into the lead on second beat to stay. At the finish it's U.S., Uruguay, Brazil, Ecuador, Peru, Argentina.

Fifth Race—Wind 12-15 Miles SW Freshening to 22 to 28

At the first mark Nickels is in the lead, Migone, Argentina, second followed by Peru, Uruguay, Brazil and Ecuador. Uruguay withdraws after a collision. On the third leg Migone, Argentina, goes into the lead with their spinnaker, but has trouble getting it down when the wind freshens and goes forward and drops to last. Schmidt and Plaza go through the fleet with excellent reaching and are first and second at the leeward mark. Migone comes up through the fleet on the beats as the puffy and shifty wind freshens and takes the lead on the last weather leg to win. Brazil is second, Ecuador third followed by Peru and U.S.

Sixth Race—Wind 15 Miles SW, Puffs 25 to 30

This was the heaviest race of the series and also the closest finish for the over-all fleet. Navarro, Jr., has a good start and leads at the first mark followed by Ecuador, Uruguay, Brazil, Argentina and the U.S. Uruguay and Brazil catch Ecuador on the spinnaker legs. At the second weather mark it's Uruguay first followed by Brazil and Peru. With the wind increasing to 25 to 30 (standard shifty SW off-shore breeze for Chicago) Peru and Brazil plane by each other with Brazil second at first leeward mark on last round. Uruguay loses some of their lead trying to fly their spinnaker and Brazil and Peru plane by on the last reach. At the last leeward mark

it's Brazil first, Peru, Uruguay, Ecuador, U.S. and Argentina. A hectic beat to the finish line with the first four boats finishing in 31 seconds. Peru takes first with Brazil second, Ecuador lays the finish line perfectly to beat Uruguay for third. Argentina takes fifth as Nickels, U.S., loses his tiller 15 yards from finish and goes into irons.

After six races, Schmidt, Brazil, leads with Migone, Argentina, second, Nickels, U.S., third, followed by Plaza, Ecuador, Navarro, Jr., Peru and Dr. Goldie, Uruguay. The point standings are so close that the final race can change any position.

Seventh Race—Wind 3-6 SW Shifting to 6-10 SE

Race is postponed 35 minutes waiting for wind which drops again as the boats cross the starting line. Five minutes after start the boats have gone 5-6 boatlengths, then wind is shifting. Brazil has spinnaker up first, but wind comes from the other side of fleet in a 120° shift. Fleet spreads out across leg hunting breeze with spinners, but near first mark they cross a wind line and end up beating and reaching around mark. Ecuador leads Argentina and the U.S. around the mark with the

next three boats becalmed short of the mark. Finally Peru and Uruguay round with Brazil several minutes back of them. If Argentina can win and Brazil stays last, as seem likely, Argentina wins series. Argentina, U.S. and Ecuador trade the lead back and forth as Schmidt slowly catches the fleet in a tremendous effort. At the last weather mark Plaza, Ecuador, has the lead for good with the U.S. second and Argentina third. Schmidt, Brazil, takes first over-all and wins the Gold Medal and Plaza, Ecuador, by winning the last race takes second and the Silver Medal. Nickels, U.S. finishes third for the Bronze Medal.

Final standings based on the Olympic scoring system with the best six out of seven races counted are listed below.

	Points
Erik Schmidt, Brazil	3195
Ernesto Plaza, Ecuador	3116
Herman Nickels, United States	2894

6th South American Lightning Class Championship— Algarrobo, Chile — February 27th — March 7th, 1960

Albert Migone, of Argentina, on the "Swan" winning the first race.

This event, sponsored and organized by the Federacion Chilena de Yachting Amateur and the Algarrobo Yacht Club (Fleet 318) took place in the beautiful seaside resort called Algarrobo 80 miles west of Santiago.

A moving inauguration ceremony was held in welcome of the crews and authorities. Miguel Lleras Pizarro, secretary of the South American Confederation welcomed the group. The Congress of the class held several reunions, all these presided by Marcelino Fernandez, Director of the Algarrobo Yacht Club.

Rio de Janeiro was chosen as the next meeting place for 7th South American Championship to take place in February 1961. Ernesto Jara D., was elected Secretary of the Confederation during the assembly.

A fleet of new and similar boats was built specially for the occasion and the representatives of eight countries consisting in 16 crews were present; every boat was of Southamerican manufacture. Argentina: Alberto Migone in his own boat the "Swan" and Carlos Collet in "Marianela" (drawn by lot). Brasil: Eric Schmidt in "Margarita" (lended) and Oscar Matoso in "Playboy" (drawn by lot). Bolivia: Bernardo Elsner in "Sucu Sucu" (DBL). Colombia: Mauricio Jacob in "Sinbad" (DBL) and Guillermo Ballesteros in "Huaso" (DBL). Ecuador: Francisco Sola in "Guayaquil" (DBL). Paru: Jose Barrera Moller in his boat "Celia Maria" and Pablo Rossello in "Festejo". Uruguay: Eugenio Lanz in "Pinocho" (DBL) and Felix Sienrra in "Sayonara" (DBL). Chile: Isidoro Melero in his boat "Bambi III", Pablo Gallegos in his boat "Avante" and Javier Echeverria in his boat "Barlovento".

The race course was laid out in an unobstructed area, two miles NW of the harbour, in plain sight of the Club House and the shore line. 8 marks were arranged in a circle, three to be chosen by the R.C., totalling seven miles in three laps.

The races were radio-transmitted from one of the many boats following the races and the public in Algarrobo were able to listen through the loud-speakers specially installed so everybody was participating in the regattas in Algarrobo.

After two tune-up races, on March 1st at the 15:00 hrs. P.M., with a very light SW wind blowing and a heavy sea to be "normal and nerve-racking" up to the fifth race, the FIRST RACE started off. After two and a half hours and shortened to two laps a refreshing breeze came over and shifted to S. Migone who had been holding the fourth place took advantage of the situation and near the finishing line was leading off by more than half a leg, but was almost caught up by the time-limit.

1st Migone in "Swan"—2nd J. Barreda with "Celia Maria" and 3rd Jacobs in "Sinbad".

Second Race, March 2nd—11:30 hrs. The R.C. had to wait for almost an hour for the fog to raise. Winds were very light after the second mark "Bambi III" was leading. Shortened to two laps and no change in positions at the line.

1st Melero in "Bambi"—2nd Jacobs in "Sinbad"—3rd Lanz in "Pinocho"—4th Barreda. Jacobs leading the series by one point. Barreda second.

March 2nd—1600 hrs. After three postponements the race is called off.

Third Race: March 3rd—1040 hrs. No change in weather, also to be shortened in two laps. At firstmark Lanz in the lead to hold it till termination of race. Melero and Migone working hard for second place, in the last reach Migone slightly ahead kept his skipmaker,

but Melero took it down, it was a very close reach and thus the second place was determined. Migone almost in the line lost out his third place to Matoso and Barreda.

1st Lanz—2nd Melero—3rd Matoso—4th Barreda—5th Migone. Lanz first in the series—Barreda 2nd.

Fourth Race—March 3rd at 1630 hrs., the gun goes off, but the wind blowing before was gone and later the race was shortened to only one lap.

Leading again Migone, Melero and Gallegos near the line only yards apart, but due to prevailing poor wind conditions arrival time for the three boats had some minutes of difference between one another. 1st Melero—2nd Migone—3rd Gallegos.

Fifth Race—Saturday 5th—11 hrs.—Much better conditions of wind and sea. At the second mark Bambi III leads a close pack of six boats. Melero and Migone kept changing the lead, close behind, Collet, Barreda, Isola and Schmidt in the same order till the last mark with only half a leg to go due to an air channel not seen by the leaders, the final position changed to 1st Barreda—2nd Schmidt—3rd Migone—4th Isola—5th Collet—6th Melero. Later Barreda got disqualified.

Melero in the series, one race to be dropped, was at this time one point ahead of Migone, with no boats close enough to endanger their positions.

Sixth Race—March 5th—1630 hrs. A very good wind increasing all the time. All the boats very close at the second mark, the order was Melero, Jacobs, Collet, Gallegos.

At the line—1st Jacobs—2nd Schmidt—3rd Melero—4th Collet. FINAL SCORE.

RESPONSIBILITIES AND OBLIGATIONS OF THE CHIEF MEASURER

By James Carson

As a Chief Measurer begins his term of office shortly after the annual meeting he immediately becomes aware of the tremendous volume and variety of assignments to which he and his Measurement Committee have fallen heir. His duties as Chief Measurer and as Chairman of the Measurement Committee seem simple and straight forward as outlined in the Constitution. But underneath these well written words lies a complex maze of responsibilities and obligations which from September to September will keep him out of mischief and embroiled in some of the most interesting and complex problems imaginable.

Charged with certain responsibilities as enumerated in Articles IX and XIV of the Constitution, the Chief Measurer must first organize a Measurement Committee to assist him in effectively and efficiently carrying out these responsibilities. The selection of a reliable, capable committee is of the utmost importance. No one person could hope to handle the duties of the Chief Measurer without such a committee and without then setting up procedures for the smooth functioning of this committee. Together the Chief Measurer and the Measurement Committee will guide the measurement policies of the Association and effect whatever steps are required to continue the Lightning as the finest one-design Class in the World.

With the Chief Measurer rests the responsibility of final approval or rejection of Measurement Certificates. With the tolerances published this has become a fairly routine, yet time consuming operation. Those certificates which are properly executed and which check out 100% are no problem. It is the follow-up of rejected certificates which takes time and effort. We have in the past year developed short cuts in the form of standard letters which remove the necessity of an individual letter with each rejection. Since the Table of Dimensional Limitations is available to all builders, owners and measurers one would think the incidence of rejection would be low. However, we have found that nearly 75% of all certificates received must be returned to the Official Measurer for correction.

From time to time the Chief Measurer is asked to appoint Official Measurers in various parts of the World. This duty must be undertaken with care since the entire foundation upon which our one-design Class is built is honest and accurate measurement when a boat is new. These men are only appointed after inquiry into their suitability for and willingness to accept this responsibility. We often call upon Vice Presidents, Fleet and District Officers, or Lightning owners themselves for assistance in judging these men. Whether they measure one boat or fifty boats a year, these men have the most important and least publicized job in the Association.

One of the most important functions of the Chief Measurer and the Measurement Committee is to answer the many questions which filter to us. These are roughly

divided into two categories. There are those which involve interpretation of the Plans and/or Specifications and those which are of a technical nature involving the construction or rigging of the Lightning. We have tried to make this chore easier by maintaining two files entitled "Rulings" and "Technical Assistance" from which we may draw replies. Unfortunately these files are only a year old and therefore still sketchy and incomplete. As the years go by they will become more valuable. In many cases replies are "original" in the sense that they have not previously been recorded. For "Rulings" the Measurement Committee will attempt to answer by direct reference to the Plans or Specifications or to some previous ruling. In arriving at a ruling or interpretation the Chief Measurer must always see that such a ruling is consistent with the spirit of the Lightning Class and conforms to Article I, Paragraph 9 of the Specifications. The Chief Measurer sometimes answers these questions himself or delegates them to the Assistant Measurer, or often will originate an "IN TURN" letter to canvas the entire Measurement Committee for their views. For "Technical Advice" he will draw upon previous files, his own knowledge of yacht construction, or consult with reputable builders. Replies in both cases require and demand careful research and consideration and may even involve layouts, sketches and calculations.

In the Lightning Class the Chief Measurer is charged with instituting such controls as are necessary to assure fair, one-design competition in the Lightning throughout the World. Currently this is accomplished through articles in FLASHES designed to acquaint owners with their measurement responsibilities, suggesting to Fleets and Districts what steps they should take to assure fair competition at the local level, and working with local measurement officials at certain large regattas to institute a series of checks to assure one-design competition at these events. This is a fast moving program which requires careful preplanning for smooth, effective operation.

These are the normal routine functions of the Chief Measurer and his Committee. Lest the job appear dull we should point out that there are always "one-shot" jobs such as revisions to the Plans, Specifications, and various Instructions. Our current job concerns the booklet "Building the Lightning", written in the 1940's and woefully timeworn. There is never a dull moment and never one lacking in some detail which needs attention whenever the Chief Measurer can find time to tackle it. Were there thirty hours in the day, they would not be enough. While the duties are rigorous, the results can be rewarding. Our efforts are consistently directed toward maintaining the Lightning as a one-design Class with no partiality toward any builder, owner, or skipper. If in the discharge of our duties we can maintain this effort we will have been glad to serve the Class in this capacity.

INSTRUCTIONS FOR SANCTIONED LIGHTNING REGATTAS

1. ORGANIZATION—

The Race Committee Chairman should organize his Committee at least 8 weeks in advance of the Regatta—obtaining firm commitments as to which persons can serve at which times. It is best to have the same men work throughout the Regatta, but if this is not possible, a definite replacement schedule should be established.

*It requires about 20 men to conduct a major Lightning Regatta, distributed as follows:

A. Six men on the Race Committee Boat, no more, no less.

1. The Chairman, who should direct all operations both on the Race Committee Boat and over the entire race course. He should have no specific duties on the Race Committee Boat.
2. Gunner
3. Signal Hoister
4. Signal Handler
5. Line Observer
6. Boat Operator (Assistant Line Observer)

B. Three or four men on each stake boat, line boat, and patrol boat.

The duties of each Committee member should be outlined well in advance of the regatta.

2. BOATS—

There must be five boats, as follows:

1. Race Committee Boat
2. Line Boat for Starting Line
3. Stake Boat Number 1
4. Stake Boat Number 2
5. Patrol Boat

*This applies to Internationals, District Regattas, Mid-Winter Championships and regattas of similar importance. This number may be reduced somewhat for regattas of lesser importance, but it is a great mistake to try to conduct any regatta with insufficient personnel.

2. BOATS CONTINUED—

Boats should be carefully selected for size and other characteristics, as follows:

The Race Committee Boat can be either a power cruiser or auxiliary 25-35' OA, with ample power to maintain 10 mph in heavy head seas.

The Line Boat and two Stake Boats must be masted vessels 25-35' OA and should be able to maintain 8 mph in heavy head seas.

The Patrol Boat should be a power boat 18-25' OA, able to maintain its position in normal stormy weather, and capable of 16 mph.

All boats should have large cockpits and/or deck space. The Race Committee Boat should have a mast with yard-arm at least 15 feet and preferably 20 feet above the water, and suitable halliards for starting signals.

Consideration should be given for the substitution of one of the other boats as Race Committee Boat, in case of engine or other failure on the Race Committee Boat. This substitute boat must have proper hoisting halliards, etc.

3. EQUIPMENT—

All boats should have suitable ground tackle, including at least two heavy anchors and sufficient line.

The Race Committee Boat should have two cannons.

The Starting Signals should be shapes, not flags.

It is desirable, but not necessary, to have radio communication between boats. If this is not available, simple signals should be established for the Race Committee to signal to Line Boat or Patrol Boat regarding moving marks.

Both the Race Committee Boat and the Line Boat must have a loud horn and power megaphone.

The marks should be light in weight and easily handled, with good but not excessively heavy anchors and ample line. Their flags need not be large since the contestants sight on the stake boats, not the marks.

Stake Boats should fly a yellow signal from the spreaders or main truck.

4. TRIAL RUNS—

At least one, and preferably more, trial runs must be made. This is especially important in the 1960 Internationals where a new method will be used and there will be no practice races. Formerly, the practice races provided excellent trial runs. The trial runs must include the full working committee with all boats and other equipment. The trial run should be made on a race with as large a racing fleet as possible to more closely approximate actual regatta conditions.

5. SKIPPERS MEETING—

If Instructions are complete as they should be, there is no reason to hold Skippers meetings. It is the opinion of this Committee that one of the prime causes of poor regattas is the substitution of skippers meetings for proper written instructions. However, for the purpose of answering questions only, it is in order to hold skippers meeting the evening preceding the first race. Subsequent skippers meetings should be held only in case of extreme emergency, and any instructions given at such meetings which are contradictory to the Instructions must be immediately posted on the Bulletin Board.

6. LENGTH OF RACE COURSE—

The Race Committee should establish the length of each race course carefully, taking into consideration weather and other conditions. Deviations from the standard, 1 1/4 statute mile per leg, should be made only because of:

- a. Very light air, particularly when the race is started late in the afternoon.
- b. Very heavy seas.

7. REGATTA TIME SCHEDULE—

The Race Committee should budget the total time allotted for the regatta with the purpose of sailing the required number of races in the best weather conditions existing during the regatta period. Thus, the Race Committee must (1) make the best use of good weather when it occurs, and (2) obtain as good forecasts as are available.

It should be stated in the Program and the Instructions that the published starting times are tentative, that actual starting times will be posted on the Bulletin Board, and that the actual starting time for the first race on any day will be posted prior to 8:00 P.M. the preceding evening, and the actual starting time for succeeding races on that day will be posted as soon as the Race Committee returns

ANNOUNCES

A NEW STANDARD IN PERFORMANCE AND QUALITY

In 1961 only a few of our newly designed boats will be racing. If you see one, look at it closely, watch it carefully, for if you are a Skipper who appreciates top quality and top performance, your next Lightning will be a Gerber too.

The Race Committee should not be reluctant to wait for favorable winds particularly the first day of a regatta. A common failure of Race Committees is, after waiting some time for wind, to signal a start as soon as a few catspaws appear on the water. The Race Committee should wait until it is reasonably sure a continuing breeze of some consistency has set in.

8. HANDLING TWO OR THREE FLEETS SAILING ON THE SAME COURSE—

The starting interval between the Fleets must be carefully considered by the Race Committee. For two Fleets, with 1¼ mile legs, and a moderate breeze, a 20 minute interval is suitable. With three Fleets, this interval may be about 10 minutes but should be varied according to conditions.

9. RULES—

The conduct and management of the Regatta should be governed by the current NAYRU Racing Rules except as modified by the Lightning Class Association. Local interpretation of racing rules must not be used. When in doubt as to interpretation of Racing Rules, NAYRU appeals will govern interpretation.

10. INSTRUCTIONS—

The content of the Instructions is the most important single item of the Regatta. The attached Instructions for the 1959 Internationals represent many years of development and the latest thinking of the Lightning Class Association. It is this Committee's opinion that they should be followed exactly with no deviations whatsoever.

11. CONDUCT OF RACES—

A. Race Committee Time Schedule:

It is most important that an exact time schedule for Race Committee operations be established well in

advance, and all personnel briefed accordingly. Many regattas are spoiled because of the lateness of the Race Committee on the course. A sample schedule is given below (reverse time).

10:00 A.M.—Start

9:55 A.M.—Preparatory Signal

9:50 A.M.—Warning Signal

9:40 A.M.—Race Committee recheck wind bearing and line bearing and make correction by patrol boat or line boat moving port mark.

9:30 A.M.—Stake boats receive instructions and leave starting area to proceed to marks.

9:20 A.M.—Race Committee check wind bearing and line bearing and make correction by moving port mark.

9:00 A.M.—Race Committee establishes approximate starting area.

8:30 A.M.—Race Committee and all Committee Boats leave for course.

8:00 A.M.—Race Committee personnel assemble and make equipment check.

B. Race Committee Boat locates middle of starting line at extreme leeward side of course circle and directs line boat to drop port starting buoy 270' to left of center of starting line. Race Committee Boat anchors 270' to right of center of starting line. (This footage is based upon a 34 boat fleet. Distance, for larger or smaller fleets, should be based upon 16 feet of starting line for each boat.)

The starting line should be at an 80-85 degree angle with the average true wind (also 80-85 degrees with first leg). The port end will thus be favored by 5-10 degrees. When sighting from Committee Boat

at weather end when boat is directly in the wind, leeward mark should bear 85 degrees off the port bow or 5 degrees forward of port beam. (NOTE: While it is always the intention of the Instructions that the first leg be dead to windward and that the Race Committee should change the first stake boat until such conditions exist, if due to a minor wind shift shortly before the warning gun, the line has to be adjusted slightly, the line should be 85 degrees to the wind, not the course.) If major shift occurs, race should be postponed and new course set up. It is very important that starting marks be easily moved so that a proper starting line may be set up. In very large Fleets where it is difficult for the contestants to sight along the line, masted vessels with masts in line with the starting line may be helpful.

- C. The mast or pole (with white flag) on the Race Committee Boat, which establishes the starboard end of the starting line, should be **near the stern of the Race Committee Boat**. This is important as it reduces interference by the Race Committee Boat. In theory, races should be started between two buoys, but to facilitate adjustments of the line, we are currently recommending a buoy on the port end and Race Committee Boat on starboard end.

D. The Course:

The standard Lightning Course is twice around an equilateral triangle with an extra weather leg—seven legs. With favorable breezes, legs should be approximately $1\frac{3}{4}$ statute miles—or a total of $8\frac{1}{4}$ to 9 miles.

However, two races in a five race series, and one race in a three race series, may be scheduled for a right triangular course of approximately the same mileage as the standard equilateral course. The right triangular course must also be scheduled for seven legs. The first windward leg should be $1\frac{1}{4}$ to $1\frac{1}{2}$ miles. The second reaching leg should be $\frac{3}{4}$ to 1 mile. The third free leg returning to the starting mark will then be about $1\frac{1}{2}$ to $1\frac{3}{4}$ miles. This course should be sailed twice around with an extra weather leg. Total distance should then be between 8 and 10 miles.

Gold Cup Courses and windward-leeward courses are discouraged. The reason is that windward-leeward courses force boats to sail directly at one another from opposite directions.

- E. **Fixed marks should never be used** because they restrict the ability of the Race Committee to lay out the proper course.
- F. The course should always be sailed counter-clockwise—**buoys to port**. Thus, no "direction of course" signal is necessary. The reason is that buoys to starboard make it necessary to tack from starboard tack to port tack in order to round the mark. This encourages confusion, fouls, and subsequent protests. Buoys to port permit approaching and rounding mark on starboard tack, thus clarifying what is frequently a tense situation and reducing confusion and fouls.

G. Laying Out The Course:

The weather (first) stake boat should motor directly up wind from the center of the starting line a distance of $1\frac{1}{4}$ statute miles. The wind direction should be frequently back-checked during the run. The weather mark should be dropped and the stake

boat anchored 100 feet directly to windward of the mark. If the wind shifts at any time prior to the start, the first stake boat should, without instructions from the Race Committee Boat, move the weather mark until the center of the starting line is dead to leeward of this mark.

- H. For the standard equilateral course, the second stake boat should run for $1\frac{1}{4}$ miles at 120 degrees to the left of the weather leg and drop the second mark. This position may be checked by a bearing on the first stake boat. Any changes by the first stake boat or starting area should be compensated for by the proper changes in the second stake boat.

For the right triangular course, the weather stake boat should lay out the weather mark exactly as described in "G" above, except that the weather leg may be slightly longer. The second reaching leg should be 90 degrees to the left. If the weather mark is moved, the second mark should also be moved to maintain the proper relationship.

I. Starting and Finishing:

The first part of the hull over the line determines the time of starting and finishing.

J. The Start:

In addition to the compass bearings taken to determine the starting line angle, the Race Committee should observe the contestants carefully as they cross the line closehauled during their practice runs as an additional check on the line angle. With the line at 80-85 degrees with the wind, boats crossing on port and starboard tacks will appear to cross at the same angle.

The line boat should anchor 50 feet beyond the port starting mark with the extension of the line intersecting the windward (usually forward) portion of the boat so as to minimize interference by the bow and anchor line.

In addition to the two observers (one on the Race Committee Boat and one on the Line Boat) who sight directly down the line, there should be an additional observer on each boat stationed at the extreme windward end of the boat to sight on the other end of the line. Any boats sighted over by these observers are obviously over the line. The purpose of having these observers is to catch boats over the center of the line that are screened by boats at the ends of the line. Another method of doing this is to have an observer high up on a mast and sighting down the line.

The line observers at each end should, immediately after the start, call distinctly the numbers of boats over and these should be written down as called by the gunner and signal handler. The signal hoister upon hearing one or more numbers called should blow the horn indicating that one or more boats were over—one blast for each boat over.

The extra observers stationed at the extreme windward end of the Race Committee Boat and Line Boat should also call the numbers of any boats over but should be careful not to confuse those writing down the numbers by repeating any numbers called by the line observers.

The Race Committee should carefully rehearse the exact procedure to be followed in case boats are over the line (just who is to call the numbers, who is to write them down, how the man on the horn knows when to blow it, etc.) The common mistake here is to try to rush things—the important thing is to first get an accurate record of the numbers over the line; as soon as it has been established that some boats are over, a blast of the horn should be sounded for each boat over. There is no hurry to make a decision as to a general recall and restart; this should be carefully considered. A general recall must be made (1) if there is doubt as to the starting status of any boat, (2) if there is a major wind shift within two minutes after the starting signal, and (3) if the timing, colors, etc., of the signals are incorrect.

The group on the Race Committee Boat must practice firing the gun and hoisting the signal simultaneously. Remember, however, that the visual signal governs.

Both cannons should be loaded and cocked but only one should be fired—the second one may be fired quickly if the first fails. If both are fired simultaneously, there may be a slight interval and contestants may interpret it as two guns.

One of the frequent mistakes made by gunners is to fire a gun when the signal is dropped 30 seconds before the next signal is hoisted. The entire group should become so accustomed to the firing and hoisting procedure that the mistake will never occur; however, if the guns are not cocked until after the 30 second drop, this danger will be eliminated.

- K. The following should be printed in the Instructions:
"Responsibility for starting correctly rests with the contestants. Responsibility for determining whether

you are over rests with the Committee. There will be no general recalls and restarts because too many boats are over the line."

Comment: The practice of general recalls has gotten far out of hand and has led to many abuses by the contestants. It must be stopped. This does not mean that the Committee in the event of an extremely unusual condition cannot order a general recall. Most recalls are made necessary by poor starting lines, too eager contestants, or both. When the practice of general recalls first started, it was due to poor starting lines. In many major regattas, however, most of the trouble has been caused by opportunistic sailors who on the basis that they will not be seen, or that a general recall would be likely, try to beat the gun.

- L. A paragraph approximately as follows should be read aloud to all the contestants at the skippers meeting:

"In the past several years an undesirable practice has been noted where some contestants have been observed cruising to windward of the starting line—and over the line—seconds before the starting gun. They are looking for a spot to duck in. All judges have been instructed to be alert for this situation and when there is any doubt of a boat in this position forcing an entrance by illegal means, the suspects and nearby witnesses will be called in for a hearing.

When a member of the Race Committee sees what he suspects is a foul, he must report it to the Chairman of the Protest Committee, who must call the

suspect or suspects—and nearby witnesses—in for a hearing. The penalty for a foul is no less than disqualification—after a hearing. It is the duty of all committee members and contestants to file a protest if they see what they think is a foul.

12. FINISH LINE—

The Finish Line must always be at right angles to the direction of the last leg of the course. The Finish Line, in general, should be about half the length of the starting line. It should be between the last mark and the Committee Boat—not two marks.

The Finish Line Judge must maintain his station so that he gets an unobstructed view of the line. He should devote his entire attention to judging the finish. Timing and recording should be delegated to others.

13. POSTING RESULTS—PROTESTS AND SCORING—

The order of finish of each race must be posted on the Bulletin Board immediately after each race. Any pending protests should be so indicated on the Sheet. Protests must be decided promptly preferably after each race. But, posting of race results should never be delayed because of protests.

The Scoring of a major Lightning Regatta involves much exacting detail. A special scoring committee must be established for this purpose. Many Clubs have delegated this responsibility to the ladies with excellent results.

BEACHCOMBING TO THE CHAMPIONSHIP OR 31,600 MILES TO VICTORY

By Carl Eichenlaub

In the spring of 1955 I decided to build a Lightning for my father. The boat's name was "Billie" after my mother, it's number was 6028. Little did I think at the time that this boat would lead my crew and me to four adventurous trips from coast to coast. This boat was built very light and similar in many respects to the Stars that we were building at the shop, however, since I was an International 14 dinghy sailor and had limited Lightning experience (crewed for Bill Pirie at Detroit in '54) I rigged the boat somewhat like my 14 with certain Star boat variations. After sailing the boat for 2 months in various California regattas both my dad and I figured we had a pretty good boat so the next step was the sail in the Districts and try for bigger things. For the Districts I had as a crew my wife, Dimi, (the best International 14 crew at the time, probably anywhere) and Carl Hultgren, another member of our local 14 fleet. The crew worked together splendidly and we won the Districts so we decided to bundle "Billie" up and head for New Orleans.

Before starting the trip across country I decided to consult with my old friend, Don Adams. Don was an expert on long distance travelling having towed a Penguin across country many times behind an old 1933 Plymouth with a top speed of 40 miles per hour. Don also knew how

to economize as he usually bought a loaf of bread and a jar of jam to last him the trip for food and financed the gas for the return trip by selling his sails at the regatta. Don, however, knew how to tie down a boat for a long trip and was very helpful. He showed me how blocks and all loose gear must be secured and the boat must be completely covered for the haul across desert regions. Don also showed me how he tied a rope to the windshield wipers and through both side windows and back again to the wipers. When he ran into rain the crew could work the wipers by pulling the rope back and forth. I did not need this bit of info., however, since our wipers worked by themselves.

At New Orleans we hoped to find out how California ranked with the really top Lightnings; and this is the subject we discussed all across the desert and the long stretches in Texas.

During the series at New Orleans we found that our windward work was very good in general as we usually were among the top boats at the first weather mark but did very poorly off wind. Our bad off-wind performance to a great part was due to an outmoded spinnaker and partly our own fault at not being experienced Lightning sailors. At any rate, our best race was the third race (1st.) and I can remember promising Hultgren on the run that if he kept the shute full and nobody passed us that I would sing at his wedding. Since this time I have promised him during various series including the Mallory that I would sing, dance and do various other stunts at his wedding if he would only keep up ahead on the runs. He has sworn to this day that he will hold me to my promises, in which case his wedding will be quite a spectacle.

After the third race we were 2nd. in the series; 2 points out of 1st. The fourth race for us was a bad one since my wife fell overboard on a reach and we could not recover her. The last race we led all the way around by several minutes only to fall into a hole at the last mark and finish about 7th.

On the way home we decided that this cross-country travel was a snap and that we would keep trying to win this elusive regatta so that the home folks would have an opportunity to race in the "Big Casino."

The following year I did a little Lightning sailing but not as much as I should have so that by regatta time in '56 we were not too well prepared and my ace crew, Hultgren, was in the Army so I had to ring in a very fine Starboat sailor, Paul Murrill, as a sub. This time since my wife was teaching we decided that Paul and I would tow the boat to Buffalo behind my new '56 Ford truck and Dimi would fly. This added expense forced us to really beachcomb to save more.

We arrived in Buffalo somewhat haggard after sleeping in our truck during the long haul but nevertheless we were hot to compete and were full of hope that this would be the year. The "Billie" was really cooking during the tune up races and it looked good for us. However, once the series started we began to slip and wound up a very

poor 16th in the standings. I might say, however, that even though we were disappointed we had a ball at the series and enjoyed renewing the friendships that we had made the previous year. We also enjoyed our trip to the regatta by truck and even decided to go back the Northern Route (Hwy. 30) for the scenery.

The following year we were unable to go to the "Big Series" as we were building Stars and Ocean Racers at the shop and were too busy but we missed making the trip so much that I decided never to let business interfere with my sailing again.

The next Internationals for us was at Spray Beach. I was very rusty for this one, having raced my Star, "Flimsy," all the previous year but I decided to go anyway and see what could be done. For this regatta I had for the first time as crew, Douglas Collins, and my father. Doug and I drove the truck to Spray Beach and my father flew. During this trip I came to find out why someone as young as Doug could be so big; he ate like a horse. We would stop at a restaurant and eat a large dinner, only to have Doug, after dessert, order a hamburger to settle his stomach.

On our way to this regatta we again took the Northern Route and stopped in Las Vegas and various other points of interest along the way and sleeping in the bed of the truck at night. We arrived at Little Egg during a storm at about midnight and were able to talk the caretaker into letting us sleep in his sail storage barn.

During the series at Little Egg we had several flashes of brilliancy (a 3rd. in the tune-up and a 3rd. in the middle race) but most of our races were mediocre. This was not the fault of the crew but the fault of the operator. I just didn't have the old bomb going.

Next year I foolishly continued to race the Star and forget Lightnings, this, of course, was a mistake as the two boats are entirely different and sailing one sure doesn't help the performance of the other. At any rate, the next year for a crew I had the great Hultgren as well as Douglas Collins. A tremendous group, full of vim, vigor and devilment. This was the first time that we were faced with the problem of carrying three men in our little truck but we decided to solve this detail under way so we shoved off for Detroit.

En route, everything went smoothly until Douglas began to stretch out a bit in the cab. This made it rather congested so we held a vote and moved Douglas back aft. We then carefully observed him all through the desert to see if he would survive so that in case he did we could also enjoy the freedom of lounging in the back. After our observation proved that survival was possible, the rest of our trip was comfortable because if we wanted fresh air all we did was take our cigars and retire to the rear. We did, however, receive some strange stares once we got to civilization from various cars on the turnpikes who seemed to notice a member of the crew riding with bare feet hanging over the tail gate while smoking a cigar and watching the scenery roll by.

At Detroit we did so poorly that it would not even be worth while writing down the results but we did learn a lot and made up our minds to go home, peddle the boat and start fresh with the idea of coming back next year substantially improved.

When I arrived home the first thing I did was sell "Billie" to Glen McPherrren of our club and write Margaret Teske for measurement certificates. Then I assembled the greatest bunch of yachting brains that I could dig up and we went to work to dream up a fantastic

Lightning that would give the fickle crew and operator incentive to win a big one. After much haggling and designing we finally took out the transit and shot in Lightning #7420; the date was late October, 1959. By November we had a varnished beauty ready for launching except for one thing, the name. My wife, at this point, took over and demanded the boat be named "Bull" for all of the bull sessions that had preceded the boat's construction. The features that we dreamed up were too numerous to reiterate in this article but they included such things as 100 lbs. of heavy wood laminated into the center section of the hull, yet the rest of the boat is so well engineered that she is minimum weight, a very light, flexible spar with a minimum of windage; a ten to one boom vang; a beautifully faired hull, to our design, within LCA tolerances; various pumps at different points in the bilge; very sharp chines; very sharp skeg and a real good varnish finish. A lot of the above, of course, is controversial among many sailors. However, difference in opinions is what makes boating interesting and we believed in this monster that we had created and that was the important thing. Sailing the boat against my old boat proved to us that we were on the right track so we decided to take "Bull" on the Southern Circuit.

For this trip I took as my crew, Malcolm Whitt (the Univac) and Randy McLaren, both 200 lb. men and both very good sailors. We again wrapped up the boat (this time in our brand new trailing cover) and headed east. Being Southern California fair-weather boys we were not

equipped for what was to come. Up in the mountains, outside of San Diego about 80 miles, we ran into snow. I insisted that this was a detail and that we would soon be in the desert and any fool knew that it never snowed in the desert. This hypothesis proved correct until we got to Wilcox, Arizona, where it began to snow in dead earnest and things began to get a bit chilly in our truck (no heater).

The rest of the trip was a little hectic as the farther east we got the harder it snowed until it was impossible to see out of the windshield because it would freeze. This problem was partially solved by taking a lantern out of the boat (we use the lantern in light air as a tell-tale), and, taking turns, we commenced to blow the heat from the lantern onto the windshield. After a while the combination of smoke from the lantern and smoke from the cigars began to get to us so we opened the windows. This naturally caused us to freeze so we wrapped up in blankets like Indians and were able to proceed. Crossing the Mississippi River bridge was quite an experience for us sunny Californians as it was frozen solid from one guard rail to the other.

After reaching the other side of the river we drove a few miles to a little town called Jackson, Miss., where we spent a day and a night snowed in, reading the weather report of the previous night which proclaimed that all was well.

The next day we were able to proceed with the aid of chains but gradually as we got farther toward Savannah

the weather improved.

We were fortunate enough to win the regatta at Savannah which whetted our appetite for St. Pete. At St. Pete we managed to eke out a 5th in the series and reestablish our own faith that perhaps with practice the crew and I could make "Bull" really go.

After arriving back in California I decided to practically live in the boat and really learn to sail her; so all winter long we tuned, caressed and groomed "Bull" in many races and practice sessions for the coming series at Tawas. We felt that to windward the boat was going equal or better than the best and especially good with moderate air and high seas (ocean ground swell). For these conditions we were using a beautiful, deep draft suit of North sails and all our practice was done with this suit. When the time drew near to leave for Tawas we became aware that a change in sails would probably be necessary as we would be sailing in more wind than Southern California and the seas would be smoother (a chop but probably not a ground swell), therefore we elected to use Murphy and Nye sails for several reasons: 1) they were smaller and flatter enabling us to feather higher in smooth seas with wind; 2) M & N sails have a beautiful leach runoff on both main and jib; 3) these sails like North's were cut for flexing spars, the only sensible way to cut a sail.

My crew of John Shine and Malcolm Whitt, on arriving at Tawas, after a very pleasant cross-country hop decided to attack the problem of winning the Internationals in this manner: All pre-race tune-ups would be only with boats that we rated as hot (boat speed). This list included 1) Cawthra, 2) Nickles, 3) Carter Ford, 4) Bill Uhle, 5) Tom Allen. I might say that after sailing the regatta we would unquestionably add others to this list but these are the fellows that we felt had the greatest boat speed.

We decided that John Shine, since he weighs 140 lbs. would sit in the middle and be used to run all over the boat like a rabbit untangling lines and hiking in light air while Malcolm got down in the boat to reduce windage. We would not use a compass but rather would sail the series boat for boat and try always to rely on our ability to point higher. We would be very cautious in the qualifying series and just try to place. It was apparent to the three of us after the tune-up series that the "Bull" was doing exactly as she was supposed to do and that if we aimed her right we had a very good chance.

After the first 3 races of the "Big Series" we enjoyed a 10 point lead and I was very proud of the crew as they had arisen to this great challenge and things were working out well. The 4th race started out in a terrible blow and we were worried after the start to tack to a port tack for fear of losing momentary control or of hiking very hard for fear of turning over to windward. Instead we voted to rely on her off-wind performance and make the best out of the beat. We rounded the first weather mark 23rd but with no panic and very well under control. We cinched down on the vang (10-1) and let her role on the hump line to the next mark. On this first reach we picked off a few boats so that by the time we started the 2nd weather leg we were back in the boat race; arriving at the 2nd weather mark in fair shape but very determined to make her go on the reach. This reach was the greatest thrill I have ever experienced in sailing. About half way down this leeward leg we shook "Bull" over her bow wave and started on a fantastic plane which carried us all the way from about 12th up to Bud Olsen's transom (he was 4th). Around the leeward mark we actually held onto 4th for a while, at any rate, we wound up 7th at the line but were thankful to have salvaged the race and maintain our 4 point lead.

The last race we voted not to try to sit on Cawthra at the start but rather to stay near him and always remain on the same tack but slightly to weather. This way with any break we could get by him but at worst he probably couldn't put 3 boats between us. On the second weather leg we got our break and staying slightly to weather payed off as we lifted on a favorable slant of air way out abeam of Hank so that at the mark which we just layed he had to fetch sailing across on a header. This, in effect, was the series and we had nothing to do the rest of the race but chase Carter Ford and think about the awesome task of shaving our 2 week old beards.

My various crews and I would like to take this opportunity to thank all of the host clubs that we have visited in our travels and the LCA for putting up with us Southern California "slobs".

I would also like to urge everybody in the Association this summer to break out a box of cigars, a jar of jam, a loaf of bread, buy a truck and head west. Cross-country travel with a boat is a ball that every Lightning owner should experience.

A VISIT TO MISSION BAY YACHT CLUB

By Henry & James Burke

I suppose many club members are wondering what Lightning sailing is like at the Mission Bay Yacht Club at San Diego. So — here is what we saw when we had the pleasure of visiting the club as guests of Mr. Carl Eichenlaub, Jr. on Sunday, November 13.

The modern club house is situated on Mission Bay. It's a neat, well maintained club where food and refreshments may be obtained. All races are run from the "control tower" on the club house roof. The permanent starting line is at the club house. You can see the boats start and finish from the club house deck, which makes for ideal arm chair skippering.

Here is the club house—note the "control tower" on the roof. The starting line is to the right, boat storage to the left, and the pier to the electric crane at the photographer's back.

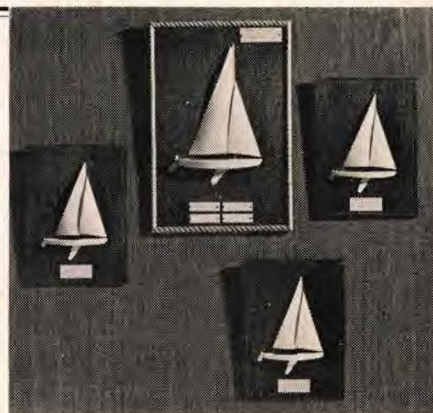

The storage yard is a busy place when there is sailing to be done.

This fine pier leads from the storage yard to the launching cranes.

The club's two electric cranes are putting two Lightnings into the water. International contestants will use these facilities for launching.

This Lightning is launched and ready to go. Who is the handsome skipper? I don't know, he didn't Shay!

A club member, (some are slob), ties up before putting on sails.

This is an enthusiastic sailing club where races start and finish every few minutes on a sailing day. All is controlled by this busy tower on the club roof.

The five white and one red light face the starting line. All are lit at 5 minutes before a start. At intervals of one minute the white lights go out. This picture taken at 4 minutes before a start shows one white light out. The red light signals 30 seconds, and a horn signals the start.

The speaker on the pole back of the lights turns on a swivel so that announcements may be made in any direction.

This fine control tower will not be used at the Internationals, since these races will be sailed in the open ocean.

This shot of the start of the Lightning class was taken from the club house roof.

So—that's what we saw. It was a beautiful day. We got a nice sunburn at this friendly, very active, all-year sailing club.

All who attend the Internationals will find this a wonderful place to sail, and the clubs facilities are out of this world. Imagine—electric cranes?

Well it's tough to see how others live—but back to ice, mud, and rust in Virginia.

Oh—who won the race? The Bull, natch!

Congratulations to Dave Shay...

DOUBLE DECKING TO CALIFORNIA FOR THE NORTH AMERICAN CHAMPIONSHIP

By Bob Lippincott

The prospect of trailing to the west coast next August is frightening indeed, however, the many problems of time, money, roadability of trailers and cars for such a long trip can be cut in half by "double decking."

The feasibility of this system is proven by the 4400 miles the Lippincotts have traveled double decked this past year, also the delivery of two new boats to Colorado in this manner.

These are a few basic precautions that must be taken to insure a trouble free trip.

1. The trailer selected must be sturdy.
2. The tires must be in good shape, a spare is a must with a jack that will work.
3. The tread of the wheels, i.e., distance between the tires must be at least 6'6", wider if possible.
4. It is important that the trailer be low. Many of the popular metal trailers are low slung, that is the boat sets low inside the wheels. This gives you a good start to maintain a low center of gravity.
5. Wheel bearings must be inspected and packed with the proper grease, especially on the small wheel type of trailer. An extra set of bearings is not expensive and a good precaution to have along on the trip.
6. The trailer hitch should be well fastened to the frame of the car because it will be subjected to strains not normally encountered with only one boat.
7. Safety chains from each side of the car bumper should be fastened to each side of the trailer to do a good job of keeping the trailer straight in case of hitch failure.
8. As much weight as possible should be eliminated from the top boat. All gear from the top boat should be securely packed in the bottom boat.
9. Bailers in both boats should be left open to permit water to drain.
10. Chafing and damage to the hulls can be entirely eliminated by intelligent and conscientious packing.
11. Racking boat beds for the top boat demands special attention. Make shift will not do. Care must be taken to maintain enough height for the keel to clear the spray shields intersection of the bottom boat, likewise skeg and back deck.
12. A third boat bed under the bow of the bottom boat takes the spring out of the trailer tongue and prevents the bobbing that tends to fatigue welds.
13. Hitch weight should be about 75 to 90 pounds.
14. Hold down bars for the top boat are standard and carry both masts securely padded and lashed together. Tie masts to gudgeons and bow fitting in addition to the regular mast racks on the hold down bars.

"Marcy Lippincott shows how to stack them."

LIGHT AN' BAFFLING

By Karl Smither

Karl Smither taking time out for tea!"

When ye Yearbook Editor asked me to write a page article on racing in subject airs, my first reaction was that the whole yearbook did not contain enough pages to cover the problem adequately. These are some notes on the most vital points. I give you my own best ideas freely, because I believe that the strength of the Lightning Class lies in the willingness of its members to tell each other what they have discovered to make their boat go faster.

We are dealing with the wind—that invisible, ever-changing breath of the skies. The most fickle breezes seem to be associated with a high barometer, and vary generally between north and west, back and forth, in greater and lesser swings and puffs. I privately suspect that this is caused by the descending tendency of the air in a barometric high. More and more air is being poured down onto the surface. It just does not know where to go. So, it goes wandering, at constantly varying velocities. Our problem is to use this to our advantage, particularly in working to windward.

First, we must have SENSITIVE MEANS of telling what the instant wind is. I prefer a home made masthead fly. I make my own, using a 12" piece of 1/16" aluminum tubing, with a 9" piece of nylon seam binding taped to the tip thereof. Such tubing is available in hobby shops, and the seam binding at department store notion counters. The gadget is delicate and therefore expendable, but the cost is modest. You should always have a spare on hand. I do not mean shroud tell-tales should be discarded, because the more indicators you have the better, within reason. Every so often you race on a day when the water is flatter than a platter, but there is a zephyr stirring aloft. Then the masthead fly tells you its direction, and lets you take the tack which is most advantageous.

Other good light air indicators are:

1. Cigarette smoke, either from hand held or clipped to

a shroud. A pack of cigarettes and matches, in a waterproof container can readily be stowed aboard.

2. A stub of candle set on deck. The flame gives a good indication in extremely light airs.

3. Carl Eichenlaub's barnyard lantern with the wick turned up high, so that it will smoke profusely. This is one gadget that really makes you able to "smell the wind."

All these indicators help you tack promptly on a wind-shift if headed, especially if the header is a trifle stronger.

OBSERVATION is the key to many situations. In addition to being alert to any changes shown by your wind indicators, don't despise a distant catspaw, or change in the behavior of smoke from a far away chimney. When racing within sight of the club flagpole keep a weather eye on that, too. Taking note of the sequence of wind changes on other days often gives you a tip on what to expect. I have sneaked in toward a northerly shore in a southerly drifter, and made out like a bandit when the new wind came off shore, as I had seen it do on other days.

The ANGLE OF HEEL of your boat can be very important. Up wind I believe that if you keep a Lightning heeled just enough to keep the leeward half of the bottom horizontal you will go best. This somewhat reduces wetted area and more important, makes the sails "sleep". Then sails do not flap around as much and assume a fair curve which drives the boat better. When sailing downwind with the spinnaker in very light airs, it helps to heel the boat to weather. This makes the spinnaker spread out to weather and fill better. Of course you will need to lash the main boom to the leeward shroud to keep it from flopping back into the boat.

An extreme example of heeling has been dubbed "Schnitzeling". This consists of hauling the centerboard all the way up, and having the crew sit way out to leeward so the rubrail touches the water. The leeward chine then serves as the lateral resistance. The sheets should be well eased for this caper, which is particularly effective for reaching in light airs. Norm Schaller, sailing "Schnitzel" in the 1950 Internationals at the Buffalo Canoe Club made this famous by outdistancing the fleet in one race. Fortunately the water was clear, so the competition could see his board was all the way up. They soon caught on and next race held him even.

SHEETS should be eased slightly in light air because forward drive is essential. The lateral resistance of the centerboard at slow speeds is not adequate to hold, if sails are laced in tight. Light nylon cord for temporary sheets on either jib or spinnaker should be used when the going is soft.

MENTAL ATTITUDE should be mentioned in conclusion. Patience is truly a priceless virtue in the above outlined exasperating conditions. The crew and skipper should move about as little as possible, and then on "velvet paws". Cramped legs and tired fannies are the order of the day. This is the kind of going that tries men's souls (and women's too). ETERNAL VIGILANCE is the price of success.

1960 SOUTH AMERICAN CHAMPIONSHIP REGATTA

By Canadian participant Bob Bleasby

Argentine Lightning sailors and the Club Nautico Olivos may not have taken top honors in the final race results but at the Campeonato del Atlantico Regatta at Buenos Aires in December they showed that they were second to none in organization and hospitality and their contribution to Pan-American Lightning Class activities was an outstanding one.

On December 2nd, the U.S.A. (Tom Allen) and Canadian (Bob Bleasby) entries arrived by Aerolineas Argentinas Jet from New York to find their boats, which were shipped earlier by sea, already at the Club without a mark on them after the seven thousand mile journey. By mid-day Tuesday, December 5th, skippers and crews from Brazil (da Matta), Chile (Melero), Colombia (Obregon) and Uruguay (Sienra) had arrived, measured sails, briefly acquainted themselves with the boats which they were borrowing and were ready with the others for the practice race that afternoon. The weather was perfect, the wind light and Tom Allen did his usual efficient job of leading the fleet around the course. We all got to rely on him to find the marks as the regatta progressed!

Wednesday afternoon saw the first race start in a steady 5 m.p.h. breeze. A windward bunch on the starting line, including Obregon, Migone and Bleasby all went over before the gun. The first two came out of this particularly badly and were never able to fully recover

from it. Horacio Campi (Argentine) sailed a very sound race, only losing second position by a very slim margin a few yards short of the finish line. Sienra (Uruguay) was close behind. Oh yes . . . Tom Allen won.

Thursday morning, the sun was blazing, wind 10-12 m.p.h. and the skippers and crews well rested after nearly four hours sleep! The leeward end of the starting line was slightly favoured and, with the fleet running down the line, Allen slipped in for a perfect leeward start. Nobody threatened his lead at any time, although with the wind dropping fast on the last weather leg, the fleet closed up on the leaders who tacked further offshore.

By the start of the afternoon race the wind was down to 3-5 m.p.h. and with only 6½ ft. of water over the course, there was a fair "chop" left over from the morning breeze. The race was a tighter one all round. Carlos Collet (Argentine) worked up to second behind Allen, but when the spinnaker failed to co-operate when jibing at the mark a great opportunity was provided for the visitors to learn a few very explicit Spanish phrases! On the next weather leg a slight wind shift spread out the fleet and Allen lengthened his lead to win handily.

No races were scheduled for Friday, and with the wind howling and the water really churned up, everyone agreed that this was just one more example of excellent organization and pre-arrangement . . . possibly by hard-working

Skippers and crews of the competing yachts.

District Secretary, Juan Kaiser, who seemed to have thought of everything.

So, a most interesting day was spent under excellent arrangements made by District Commodore Alberto Migone. In the morning the San Isidro and Argentine Yacht Clubs were visited, with lunch being provided at the latter. In the afternoon, a boat trip was made through the lush Parana River delta area.

Those that visited the Club Nautico Olivos in the evening found that the S.E. gale had banked up the water in the estuary and that it had risen some 11 ft. to the level of the Club lawn and threatening the Club itself. Some hours were spent wheeling boats on to the Club verandah and moving sails and equipment to safer places.

Unfortunately, we were to find out the next day that the electric crane, used each day to launch the boats, was put out of commission by the water. However, since the storm continued on Saturday, no racing was possible and the Club had a chance to get the damage repaired. Sailors caught up with some sleep on the Club chesterfields in the morning and later spent some unsuccessful hours trying to find the motor in Allen's boat. They all finally gave up, deciding there was more to this milk-drinking than they had realized. In fact, one skipper was heard in an unguarded moment to suggest that he was in future going to switch from the excellent Argentine wine to "Allen's Ambrosia"!

So the two races scheduled for Saturday were lost and it now seemed probably that instead of counting the best five out of six races, that only five could be sailed (two of these on Sunday) and that all five would have to count. Nevertheless, the day was well spent in examining boats and fittings and exchanging ideas. The new and light Argentine Lightnings, now being built under the direction of Alberto Migone, appeared to be very good and the locally made stainless fittings very well designed and made.

Sunday was moderately cloudy and the wind quite light when the morning race started. Allen took Bleasby just before the first weather mark and went on to win with Collet (Argentine) moving up to take second place as the wind dropped even lower. However, an hour-and-a-half later, when the 5th and last race started, it was blowing 12-15 m.p.h. and it rapidly increased to 25 m.p.h. Da Matta (Brazil) using his spinnaker, moved up to second on the fifth leg and held that position to the end, behind Allen. Obregon (Colombia), his boat already partially full of water, but anxious to gain a point or two on Sienna (Uruguay) and Campi (Argentine), sailed right under with his spinnaker proudly flying.

So, Allen, by superb and consistent sailing won all five races and crossed the line at the end of the last race to receive the well-earned applause of those on the Committee and spectator boats.

Sunday evening, and with the racing behind them, all the participants relaxed (and I mean RELAXED!) at a cocktail and presentation party given by the Club. Exceptionally well chosen prizes were awarded along with Argentine emblems and momentos. Then, da Matta and his crew, with the help only of a plate, spoon and the back of a chair produced Brazilian songs and rhythm the atmosphere of which captivated all, and lasted well into the night. Truly a memorable conclusion to a regatta which was in all respects "FANTASTICO"!

From the Skipper's Cockpit

By Wayne Brockett

The cold November rain drums against the windows and outside the landscape is drab with the bleak look that comes to New England in the late Autumn. My thoughts however are not bleak or unhappy. I am dreaming of Tawas Bay gleaming in the bright sunlight of early September.

We started for Tawas and the Internationals early in the pre-dawn hours on September 3rd. In tow was my prized possession, the lightning "KEEWAYDIN". In case you are wondering what that name means, it is taken from the poem "Hiawatha". It means "Northwest Wind". Anyhow to get back to the story we picked up my crew Henry Ludlow in New Haven and proceeded on toward Tawas with high hopes.

Henry was anxious to get there and get going and so was I but it is 930 miles one way from Branford to Tawas Bay and that takes a bit of doing. We crossed into Canada in the early afternoon and passed just a few miles from Buffalo Canoe Club where we have had so many wonderful regattas.

Stayed the night in Canada and crossed the Blue Water bridge at Port Huron in the rain. After a bit of fussing around we got squared away for Flint. Passing Flint we headed for Bay City. We sure did open our eyes when we reached there as Bay City was a mess. A tornado had passed through there a short time before and literally tore the place apart. Great trees were uprooted and we saw a very large radio tower laying across some cars which were utterly demolished. We finally got through and on the road again. Soon we were at Martin's Motel where we were to stay. It was dark and cloudy and the wind howled and I hoped this would not be a forerunner of what was in store for us in the way of weather. It certainly was not as the weather was absolutely perfect during the races except for the howling wind on a few of the days.

We were very pleased with Martin's Motel as our picture window looked out on the bay itself. The bay is beautiful and the air is absolutely full of energy. This may sound a bit far-fetched but it is actually so. There is more oxygen in it I believe. We sure did feel wonderful while up there, that I know.

We left the motel and headed for the Yacht Club, a drive of about ten minutes. Immediately upon arrival we were greeted by Ladd McKay, Jr., the Race Committee Chairman and Rear Commodore of Tawas Bay Yacht Club. The boat was parked and I went right over to register.

Then back to the boat and we started to rig her when along came President Buzz, an old friend of mine and one whom I am proud to know. Immediately Doris and I had to come aboard his beautiful 42' motor-sailor for cocktails. Dr. Arnold the Editor of our last Yearbook was aboard and we had a wonderful time shooting the breeze. Back to the boat and finish rigging. By this time my other crewman had arrived and he was none other than Marty O'Meara the Conn. District Commodore and LCA Treasurer. Marty washed KEEWAYDIN and with the mud off she looked like herself again. About this time along came our Champion, Herm Nichols. It always seems good to meet these old friends again. This is half the fun in going. Soon along came Karl Smither, ole

Mister Lightning himself. About this time we dropped KEEWAYDIN back in her natural element. She was very well protected from the waves on the Lake and I did not feel anxious about her safety.

Back home to bed and dream of the coming fun. Up bright and early next morning and down to the sail measuring building. I had a mainsail that had to be altered and thanks to Howard Boston and his family it was soon done.

Back at the club we took KEEWAYDIN into the shallow water rolled her on the side and smoothed the bottom. It got pretty well on toward afternoon and Marty had not shown up as he got hold of some bad ice at the cocktail party. All the boats had gone out in the lake for the tune up race when Marty appeared. We arrived at the line three minutes late and set out after the fleet. 66 boats started and when it was over we had worked up to about 23rd I believe and that meant that the boat was really moving against these hot wind wagons. We sailed back to the Club highly pleased. It was quite a trick to get the boats back into their berths. We came in a very narrow channel close to the club and then made a right angle turn up a causeway or channel and it was always crowded with boats. It was however wonderful protection and worth every bit of the trouble involved in getting in. The Tawas YC also had something else that was very pleasing to the skippers, and that was, that each boat stall was numbered and they had a corresponding number in the parking lot for the skipper's car so that one never had to worry about the parking problem. It was a beautifully run regatta without any confusion. If it is possible to relax at a regatta of this importance I would say that we definitely relaxed at this one. There was no rush and hurry and at lunch we all sat around and took it easy and everyone just had a good time.

That evening we had a fine dinner with Bud Olsen and his wife Alice. We then attended the Annual Meeting which, believe me, was a very tame affair for the LCA. It was extremely pleasing to have such an orderly meeting and to get the business over with so that we could get down to the real fun, which is racing.

Next morning, Tuesday, the Elimination Races began. The method of doing this is described in other stories so it need not be told here. There was some tension as everyone wanted to make the International and this was it. The wind was from the West about 10 miles and shifty. We had a pretty good start and got her going. Everyone else had the same idea and we finished about tenth out of 28. Back to the club for a good lunch and out again for the second race. This one was a dilly, at least to us. We had in our group, Eichenlaub, Cawthra and other hot shots so it was definitely going to be a tough one. Wind about 10 to 12 miles and a bit shifty. We got a very good start and held starboard tack but most of the fleet split. After a time I asked Marty where we were in the fleet and he said we looked like we were in the lead. Sure enough at the first mark we were, but only by a few boat lengths, with the fleet snapping at our heels, especially Eichenlaub and Cawthra. Barney Crittenden was in a boat at the mark roaring in that small voice of his for me to go faster. Boy, we had that

baby going for all she was worth and then some, and the spinnaker went on with a bang. Now I expected Eichenlaub and Cawthra to close in but to my surprise they did not. We held our lead to the second mark jibed the spinnaker and my crew did a beautiful job, and away to the third mark. Nobody closed and we went back on the wind. Eichenlaub and Cawthra rounded close astern and split. I thought "here It Comes". I hate to have either one of those boys get away on the opposite tack but we covered Eichenlaub as he was closest. Slowly we began to draw away from him and I thought to myself, "I have really got a boat here boys". When we came together with Cawthra we had opened a lead on him also. "Keewaydin" was really sizzling. We held this lead to the weather mark and then banged on the spinnaker. Still stayed in front for two more legs and then started the final leg to weather. The breeze lightened and Carl and Hank started to close in. We held them though right to the finish and it was a thrill to get the finish gun and to hear Barney whoop. We sailed back and put "KEEWAYDIN" to bed and decided that we had a good chance of making the big one.

Wednesday dawned bright and clear and we were all eager to go and finish the last elimination race. The wind was about 14 miles Westerly and away we went. Our start was not too good and we found it very hard to gain positions. We had a good duel with Marcy Lippincott and brother Bob, each sailing a different boat and trying hard to beat each other's ears off. We finished 11th I believe and we knew then that we were in the big one. It was a grand feeling and lunch really tasted wonderful.

At five o'clock we had a cocktail party at the Club. Manhattans and Martinis "flowed like water," as the saying goes. A lot of races were resailed. However I noticed a bit of caution on the part of many as tomorrow was IT. Early to bed.

Thursday morning up bright and early and breakfast with Henry and Marty. Those early morning breakfasts always hit the spot as the restaurant was right on the Bay and we sat in the window and looked right out on the race course. About now I began to feel the tension begin to build up. We got aboard and checked everything. The one hour gun sounded and we cast off and started for the Lake. Off the backstay flew the blue pennant denoting the fact that we were in the International. A great cloud of sail came out behind us. Wind was almost Southwest from twelve to 15 miles. Good medium air. Occasionally we had to hike a bit. The Committee boat passed us on the way to its station up the bay. There was slight chop and with the blue sky and the sails it was indeed a good day to be alive. The boats in the President's and the Governor's Cup came out with us, as they started a short time later. There were no course signals. We were to go twice around an equilateral triangle, and then one more leg to weather. This was an extremely good deal as one did not have to worry about course changes. I will say that I have found in practically all racing around equilateral triangles that the spinnaker legs are a bit too close, that is, the wind is a shade too far forward. In heavy air it is decidedly dangerous to carry the spinnaker in this manner. Of course the reason for the equilateral triangle is to give two spinnaker legs and in this it succeeds. I still maintain that it is rough going in heavy weather. The Committee at Tawas set superb courses and ran extremely good races. It was a professional job if I may say so. Lets get back on the starting line. I sailed the boat in all

the races so of course it was impossible for me to see the entire race in its overall picture. Charlie Schreck, the Head Chairman of the International very kindly supplied me with the positions of the boats rounding the markers, etc.

We checked carefully to see that everything was buttoned on and at the five minute gun the old tension really crept up. We ran down the line for the leeward end which was favored. Al Bernel from Buffalo was a bit ahead of us. The gun goes and we are off. We stay for some time on starboard tack but go over to port and here is where we make a mistake. The wind shifts and we lose some positions. At the first mark it is Al Bernel in FOAMY. He is followed by Bob Lippincott in BLUE SKY. Next is Jim Schudel in ITCH. Then Eichenlaub in BULL. On his tail is Karl Smither in THERMIS 7. The fleet is rounding in a bunch really and we are 13th. Two spinnaker legs and again at the weather mark positions are changed. Bernel still holds his lead but Schudel has moved to second. Eichenlaub is third. Two more spinnaker legs with the wind increasing and we are hiking. Then the beat to the finish and Al Bernel has the thrill of getting the gun. Jim Schudel is second and Eichenlaub third. Back we go to the club satisfied with our 12th in this competition.

Close quarters right after the start of the second International race.

A nice lunch and out again. We hike on the way to the line as the wind has freshened to about 18 miles. We come down the line first toward the leeward end. Almost gunfire and a hungry pack snapping at our heels. Wow! We are in trouble. Early and have run out of line. We do not panic however and jibe around and come back on a port reach and find a hole and stand off on port tack. Back on starboard for a while and then come in on the mark on port. All the books say to come in on the marker on starboard tack and believe me when I say that the books are right. We really got mousetrapped. We were in about seventh place when we arrived at the marker. However the starboard boats were coming across in a solid line and we kept bearing off trying to find a hole. It was impossible to flop on starboard tack and round that mark. We were just smothered by the sails to windward and could not, without fouling, go round. When we finally did round we were about 27th. The boy who was in the lead was Earl Ross of Chicago. Second was Eichenlaub and next Karl Smither who sailed a very fine series throughout. Two spinnaker legs

and back to weather. Eichenlaub has grabbed the lead from Earl Ross and Tommy Allen is third. Two more spinnaker legs and the final beat. It ends with Eichenlaub 1st, Ross 2nd, Tom Allen 3rd, Cawthra 4th, Tom Fallon, Our New President, 5th and Karl Smither 6th.

We sail back to the Club good and hungry after all that exertion. Jim Allen from our District gave the Conn. sailors a very fine cocktail party and we all went out to an excellent dinner. Then to bed and happy dreams.

Friday morning was another beautiful day. Out to the line early and the wind is Northwest and of course very shifty. Velocity about 16 miles or more. Felt like more to me. We came down the line just before gunfire at the leeward end. Got a good start and played the shifts to arrive at the weather mark fifth. In the meantime Bud Olsen got a clear air start and played the shifts to arrive in the lead followed very closely by Bill Uhl from Long Island Sound. Third was Eichenlaub and fourth Al Bernel. About now it was blowing fairly heavy and we did not set spinnaker and here is where we lost our shirt. Bud set and Eichenlaub and Bernel. For a time we held with them and Bud got a terrific knockdown and almost went over and doused. Bud told me afterwards that he thought that he was down. I sure thought he was. It lightened a bit and everyone set but we dropped from 5th to 13th through being chicken. Uhl caught Bud on this spinnaker reach and so did Eichenlaub. Cawthra came up to fourth and Weidrick fifth. Another spinnaker leg and positions remain the same at the weather mark. Two more legs and the final beat to weather. At the finish its, Uhl, Olsen, Eichenlaub, Cawthra, Bernel, Smither, Connell and Stu Anderson. We are all very hungry and the ladies at Tawas YC sure

served up a wonderful lunch.

While eating lunch I looked out on the bay and it was surely getting very choppy and the velocity of the wind kept increasing. I realized that the afternoon race would be a dilly. Later events proved that I was right. We had quite a time getting out of the channel into the lake. It was really screaming. At least 30. We hiked all the way to the line and came down to the leeward end just before gunfire with one boat ahead. Just at gunfire he flopped over on port tack directly in front of us and we almost collided. I was forced to bear off and go astern. When I rounded up we were buried. It was certainly an inexcusable thing for the other boat to do and it ruined a perfect start for us and put us in a bad hole. We actually never did get out. Well, we started up the weather leg and I tell you it was heavy going. We just hung out on the hiking straps for all we were worth and still we could not keep her up. I tried to feather her but at times it felt as if a gigantic hand grabbed hold of the top of the mast and dragged her over. We actually staggered. No question but that the main was too full for this going. Bud Olsen had a flat main and a 230 pound crew and Bud said afterwards that this big boy was worth a dollar a pound. All I know is that when Big Jim hung out Bud's boat stayed upright. Eichenlaub was way back after the start and things looked bad for him. He kept creeping toward the front however and it was remarkable because he certainly did not have a heavy weather crew. I sure admired his boat handling. After the first mark we set spinnaker and I for one wished we hadn't. The old baby went right over on the beam ends and I bore off and we let go the sheet to get her back on her feet. She then really got up and started to move. Finally it got so bad that we took the thing off and

planed with just jib and main. The instant the heavy puffs let up we were passed by boats that still had the kites up. Tom Fallon went by and got a hot puff and had to bear off almost before it. He almost went out of control and just missed hitting a power boat. I held my breath hoping he was going to be alright and he was. Just ahead I saw a boat down and it was Barney Mead. We somehow jibed around the mark and got her on a plane and set sail for the third mark. As the hot puffs hit we would bear off slightly hike out and trim carefully and away we would go on a beautiful plane. It was very thrilling. Anyone who says that a Lightning won't plane should have been with us on that ride. There were also pronounced shifts. It seemed to me that the spinnaker boats definitely gained as long as they stayed upright and they did for the most part. To my knowledge only Barney went swimming. The second time around very few spinnakers were carried as the wind velocity had increased and one went as fast under main and jib due to the planing. We all reached maximum hull speed I believe. I wouldn't have missed it for anything. There were a couple of collisions almost on the finish line. I didn't see them but there must have been something in that air. Cawthra won the race with Jim Carson second. We all hurried back to the club to attend the "Beer Bust".

After a good nights sleep we were in the mood for the last race. It was a dilly, too. At the start the wind was almost non-existent. We drifted slowly down the line toward the leeward end. Just before gunfire the wind shifted from the Northwest to the West and we were headed and could not fetch the line. Quite a few boats were in this position. The wind was so light that it was impossible to come about onto the port tack and gain headway without fouling the starboard tack boats. We actually had to wait until the starboard tackers sailed

over the top of us before we flopped onto port tack and started. We sailed for a short distance on port and then came back to starboard. The shifts were coming fast and it was very hard to know which way to go. We kept tacking on the headers and trying to maintain the shortest course to the mark. One minute we were in a good position and then a shift would put us behind. I thought of Bill Cox's story in the Yearbook wherein he timed the shifts. In his story it seemed that the shifts came at a predetermined time and were major shifts. These shifts came at indiscriminate times and were of short duration. I could not figure them out although it seemed as if some of the boys did. Carter Ford must have as he held the lead and Eichenlaub kept gaining on boats ahead. I was very worried about my close friend Bud Olsen as he was upholding the honor, so to speak, of Connecticut, and at the start it seemed to me that he was in a bad way. But he was working his way through boats and after a while he got up to where I ceased worrying about him because I knew that he was okay. On the second beat to weather the wind shifted counter-clockwise from the Northwest to the Southwest. To say that it freshened would be putting it lightly. It howled and we hiked for all we were worth. We were about in the middle of the course so did not either lose or gain as much as those out on the sides. Tom Fallon just got clobbered. I believe he was down with the President's Cup boats. He was far out on the starboard side of the course so was on the wrong side of the shift which is a very unfortunate place to be. We have all been there at one time or another. At the finish it was Carter Ford, Eichenlaub, John McIntosh and Cawthra. To give you an idea of how freakish were the conditions, shortly after we finished a gun banged for the winner of the President's and some of the International boats finished behind him.

"THEY MAKE REAL FINE BOATS"

That statement
sums up the way
informed Lightning
owners regard
Nickels & Holman

There are sound reasons for this opinion.

- ★ Both Herm Nickels and Clarence Holman have been sailors all their lives and have been building and racing Lightnings exclusively for over 12 years.
- ★ All their Lightnings are lofted to Championship lines.
- ★ They personally select only the finest materials for their boats.
- ★ Frames are cut from templates to insure exactness.
- ★ Boats are assembled over a carefully engineered jig to insure that they retain the lofting lines.
- ★ Each hull is built with the usual number of marine fastenings — and in addition they are hard glued with fabulous epoxy resin for maximum strength and rigidity.
- ★ Each boat is carefully painted with only the finest marine paints and varnishes for a sparkling finish to please the most discriminating sailor.

Measuring Lightning Sails

The rules covering the size of sails are included in Article XVII of the Specifications and should be read carefully by the sail measuring committee. The purpose of this article is to clarify misunderstandings as to the correct method of measuring sails and to provide a procedure which can be uniformly followed by all Measurement Committees. This procedure is approved by the L.C.A. Measurement Committee.

The Plans and Specifications of the Lightning Class are its most valuable assets and strict adherence to them are its life blood.

General Instructions

As set forth in Article XI of the By-Laws only three suits of sails may be measured at one regatta and only two approved. When a sail has been measured and found to be outside the specifications it shall not be remeasured for the same regatta until proof of actual reworking has been submitted.

If at all possible, sail measuring should be done on a wooden floor. It will be found that ice picks, small awls, or nails driven into the floor will be a big help in holding the sails in the proper position, under pressure, while being measured.

A steel tape is the only satisfactory gauge for laying out measurements. Where floor space is limited and it is necessary to superimpose mainsail, jib, and spinnaker measurements on each other, it will be found desirable to use marks of different colors for each sail.

Note: All measurements except as otherwise specified are taken at the point of intersection of the extended lines of the extreme edges of the sail, including bolt ropes or tapes but not including hoisting pendants, external cringles, etc. All sail measurements are taken in a straight line, not around any curves.

Procedure for Measuring the Mainsail

Reproduce the mainsail measurement points as shown on the attached sketch.

1. Measure the width of the headboard between the luff line and "HB Max." Measurement is of the headboard itself and does not include the bolt rope on either side.

2. Place the head of the mainsail as shown on detail sketch M-1. Pull the luff down to check the luff length. Release the luff and with a 5 pound pull on the leech, check the leech length.

3. Now move the head up to position shown on detail sketch M-2. Pull luff down and clew out with any desired tension but only within distance "D" of "Luff Max." and "Leech Max." Holding the luff at point "A" on the luff line, gently pull all looseness out of cloth and measure the upper roach.

4. Move the tack down to "Luff Max." as shown on sketch M-3. Pull out the foot and check its measurement. Pull up on the luff with any desired tension but not further than "Head" arrow. Pull out on the foot with any desired tension but not further than "Foot Max." Holding luff at point "B" on the luff line, gently pull all looseness out of cloth and measure the lower roach.

Procedure For Measuring the Jib

Reproduce the jib measurement points on the floor as shown on the attached sketch.

1. Place the head of the jib as shown on detail sketch J1 or J1A. Check the luff length by pulling the tack

down with a 5 pound pull. Release the tack and with a 5 pound pull on the clew, check the leech length. Release the clew. Holding the luff at point "A" on the luff line, gently pull all looseness out of the cloth and measure the roach. **Note:** All three of the above measurements must be taken with the head in the same one of the two alternate positions.

2. Move tack down to "Luff Max." as shown on sketch M-3. With a 5 pound pull check the foot measurement.

Procedure for Measuring the Spinnaker

Reproduce the spinnaker measurement points on the floor as shown on the attached sketch. The procedure described below takes all spinnaker measurements with the sail folded. When the foot of the spinnaker is close to the measurement limits, the length of the foot should be rechecked with sail unfolded. Measure in a straight line and not around the curve of the foot.

Procedure for measuring the folded spinnaker:

1. Fold the sail in half, making sure that each half is evenly spread without wrinkles. Place the head of the spinnaker on the floor so that the intersection of the extended lines of the extreme edges of the sail is opposite the "Head" arrow. Apply 5 pounds tension to the luff of the sail and 5 pounds tension to the leech. Measure the luff and leech lengths.

2. Release the head of the folded spinnaker and hold the clew and tack opposite "Luff Max." Pull out the foot of the sail in the direction of the foot arcs with a 10 pound total pull. Check the foot length. Recheck length with unfolded spinnaker and a 5 pound pull if foot measurement is close to limits.

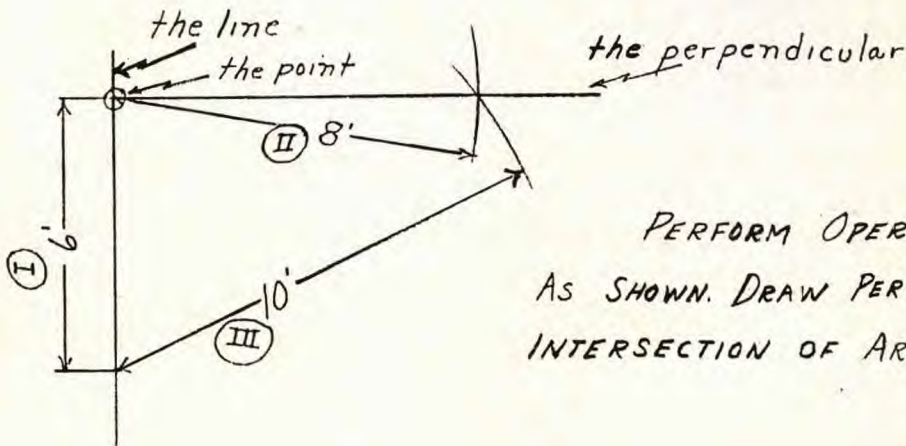

3. Return the head of the spinnaker to its position opposite the "Head" arrow. Hold sail at points A and A' and measure upper girth "A". Hold sail at points B and B' and measure lower girth "B". When measuring girths, it is important that the cloth between the head of the sail and points of measurement, and immediately below, be spread out smoothly on the floor. Sail should be pulled parallel to the girth measurement only enough to smooth out vertical wrinkles but not enough to produce transverse wrinkles. When a girth measurement is taken there should be no tension on the lower corners, nor at the girth points not being measured.

"From A Sea Scout Master To Third Place In The Internationals"

By Bud Olsen

In September 1943 the big decision was made. We were going to build a Lightning. As Skipper of a Sea Scout Ship, we decided to build a second Lightning for the Ship at the same time. We purchased plans from the Lightning Class Association and started. We all felt the Lightnings should be stronger than the plans showed, so-o-o-o we used plenty of oak and mahogany and fir—oversized, too. After many, many hours of the Scouts' and my labor, we had two wonderful 1,000 pound Lightnings which we felt could sail over any ocean.

The next step was to join the Housatonic Boat Club and Fleet #6 in June, 1943 and learn how to sail. Many lessons and thrills and races were enjoyed during our first summer under sail. We found some Company named Skaneateles was making fast (no doubt illegal) Lightnings which left us in the tank every race! We finished an easy last in our Fleet but planned to do better next season. Well, anyway we had the strongest and heaviest boat. We knew those other 850 pound lightweights would never stand up.

One of our first season thrills was sailing home from Port Jefferson, Long Island, where our Fleet had an overnight cruise. We had slept on our Lightning bunks? and were so happy when daybreak finally came. The breeze was southwest at 20 m.p.h. and getting stronger, so off we go sailing for home on a broad reach. We felt very safe in our half-ton Lightning as we slid over the waves to arrive home in 1 3/4 hours for the 12 mile run! We never did learn how to stop our boat in this kind of air, so after several futile passes at our berth with full sail and the Boat Club "rocking chair fleet" watching, we ended up smack on the main float! (Oh well, one more lesson!)

Some lad came along and purchased our Lightning right out from under us, so we spent the next winter building our second Lightning, "Padalin II". We sailed and raced this boat for two seasons getting nearer to the middle of the fleet standings all the time.

"Padalin III" was launched in 1946, and we found ourselves getting some third and fourth places. This wet our racing spirit with a desire we haven't been able to quench yet.

"Padalin IV and V" were launched in succeeding years with refinements and below 800 pounds, too. Also these were rigged for a newfangled idea called spinnakers. Our first experience with this new kite ended up with all sails full and drawing with our bow up on the mud bank at the side of the river. (How embarrassing!)

About this time (being in the marine business) I've decided to act as agent for Lightning builders, so we started with a beautiful Lightning by Hoerneke in Milwaukee—"Padalin VI". What a thrill to own a factory-built boat. By now we were able to get an occasional second and third for the season in our Fleet, which was hot for those days in our Connecticut District.

We then purchased a beautiful Lightning from Seaman (Padalin VII) on Long Island, which was one of three Lightnings we raced of theirs in succeeding years. We were very fortunate in our racing with the Seaman Lightnings getting more than our share of firsts at home and in visiting Connecticut District regattas.

"Padalin X" from Lars Olsen was so beautiful (700 pounds) we hated to put it in the water. We picked it up May 30 in the morning and raced and won in the afternoon. We really enjoyed our season with our "#10" and hated to see it go in the Fall.

1960's "Padalin" came from Saybrook Yacht Yard and was a black and white and mahogany beauty. We took her to Savannah and St. Pete and Miami. We hit a mark in Savannah, almost dumped in St. Pete and lost a man overboard in Miami but still enjoyed every minute of the Southern Circuit.

In our Fleet and other regattas we finished in the top four boats consistently. In our Districts we made a seventh place in drifting races, but we qualified for "the big one"!

Oh Happy Day! Now that we qualified for the Internationals plans get underway immediately. Can we go? Yes! Who will crew? Our son, Dave, and nephew, Jim. O.K. We checked finances and by being frugal we can make it. September 3, 1960 we're on the way with "Padalin" in tow, loaded with sails and gear, headed for Tawas Bay, Michigan. We arrived in Tawas Sunday afternoon, checked in at the Motel, then to the Yacht Club to rig "Padalin", get checked O.K., and launch her.

The Race Committee fired the gun at 1:30 P.M. Monday for an informal tune-up race with 66 boats hitting the starting line together with all skippers wondering, "How do you find free air?" The wind was 5-8 m.p.h. easterly and shifty. We all enjoyed our first test on Tawas Bay with Carl Eichenlaub's "Bull" coming in first. Many skippers were now wondering if all the winds would be light and shifting up to 45 degrees. We'll soon know!

Tuesday morning the first of the three qualifying races was held at 9:30 (Blue Group) with one more group starting five minutes later (Green Group) and a third group (Yellow Group) starting five minutes after the second. The breeze was westerly 10-15 m.p.h. and shifty. There were seven legs for each flight. There was a 2:00 P.M. start for the second set of races with the flights shuffled by pre-arranged schedule. The air was the same with plenty of place shifting and real fine sailing.

Wednesday, 9:30 A.M. all boats out and ready for the final third qualifying race. The wind westerly 10-14 m.p.h. It is so much easier and fairer to the sailors to start in these 24 boat flights as each has a very good opportunity to make a good start or recoup fast after a poor one.

Qualifying scores tallied up show Hank Cawthra (1,1,3) and ourselves (1,2,2) tied for first place, with 28 skippers close astern to make up the International flight. The next twenty boats were set in the Presidentials and the following twenty in the Governors Series.

Thursday, 9:00 A.M. out to the course with our Blue pennant proudly waving from the back stay (designating International contestant). The first gun was at 9:30 and it looked like the leeward end was best but jammed, so we elected the weather end in clear air on the gun. The wind was southwest 12-15 m.p.h. and shifting every 60 seconds as we split tacks on the starboard side of the triangle; then a starboard tack to the lay line and port tack to the flag. What do you know—we're in eighth

position! Hope we can hold it! Then two close-reach spinnaker legs with all hands hiking as the breeze seems to be picking up. What a thrill to finish the seventh leg still in eighth place in this competition. Al Bernel from Buffalo Canoe Club sailed to a beautiful first. Into the Club for some of those special "sloppy joes", relax, and then Bang! from the Committee Boat. Let's go. All out and ready for No. 2.

The same conditions prevailed for the start of the second race as in the morning with wind 15-18 m.p.h. Clear air at the windward end seemed attractive, so we started there climbing those shifts to round the weather mark 10th. The positions change like crazy, but we finished 11th so we're still hopeful as most of the morning leaders are down the tank. Carl Eichenlaub from California is nicely in first, and with his third in the morning race, sits in an enviable spot.

Friday morning, 9:30 start, the wind southwest 15-16 m.p.h. The leeward end of the line was jammed so we started near the Committee Boat in free air and really moving and chopping up the waves and shifts to be first at the weather mark. Then hike and fly that shute on the next two legs—too close, but we had to. Somewhere we lost one boat, Bill Uhl, who made a good first. The wind was going crazy with shifts as we approached the finish mark in apparent fourth place, but we starboard tacked behind Eichenlaub and Cawthra. Then my crew executed their best as we tacked to port and a fast thirty yard leg to shoot into the wind at the flag end and beat Eichenlaub by four inches the Race Committee said!! Cawthra had bad air between us but made a nice fourth.

We feel better now as we are tied for 6th. What a shuffle in the leaders in our favor. Salmon, tunafish and egg salad sandwiches prepared by the ladies of T.B.Y.C. with hot coffee and soup satisfied the ravenous appetites that we all had developed.

Back on the course at 1:30 P.M. with the wind southwest 20-22 m.p.h. and freshening. The gun was on time and away we go on the weather end again, hiking, luffing, shooting for that red flag weather mark which we rounded about 6th. We tried to set the spinnaker and fought it every minute until we took a puff which put us out of control. As water came in over the cockpit we managed to uncum the spinnaker and main sheets and the Good Lord pulled our mast upright. Down with the shute, up jib and away we go! on an easy course to mark #2 after losing several boats. We honestly thought we had had it. Jibed at the mark and reached fast for the third mark about 10th position. A rugged beat again with the wind freshening to 25 m.p.h. and puffs over that as we whittled our way to the weather mark still 10th. We rounded the mark, fell off and reached up playing the puffs and waves to plane almost the whole leg, jibbing crazily in 4th position to ride the fastest plane to the next mark. Tom Allen had reached out and set his spinnaker and crossed our bow looking like "Echo" flying low, bearing off with his two crew with him on the stern deck hiking beautifully all the way. We rounded 6th and then beat like veterans (which we all were by now!) to finish a clean 5th. This moved us into 3rd for the series, 12 points behind Eichenlaub who was first—4 points ahead of Cawthra.

Saturday morning we're first at the Club again. Weather report calls for northwest winds 22 m.p.h. (Oh Joy!!!) Our air. We selected the same sails used all week, bent them on and checked everything again. 10:00 A.M.

out on the course waiting for the breeze to come and settle in a direction. The Race Committee had trouble setting a line, but at last a 5 mile westerly wind came and Bang! We're off. Carter Ford on the leeward end has air and makes good use of it going up the port side of the weather leg for a first at the mark, and never headed to finish first. Most of us were scattered here and there, breeze hunting and looking for favorable shifts. We were 21st at the first mark, 2nd and 3rd marks also, then on the beat we worked to port some. Then a port tack lifted us right to the mark for a 10th. We noticed Tom Fallon, who had rounded with others $\frac{1}{4}$ mile ahead of us, at the leeward mark over by Martin's Motel (perhaps for a swim!) when the wind shifted to southwest, and they had to beat back to the mark and the fifth leg also. We then set the spinnaker for the 6th leg, and a reach and spinnaker for the last leg. We finished 16th for our worst race, but happy because as we see it we held our 3rd for this tough series. Carter Ford wins this race, Eichenlaub second, John MacIntosh 3rd and Cawthra 4th.

Final scores were: Eichenlaub 1st, well deserved as he sailed the finest set of all; Cawthra, always hard to beat, a nice second and then our own third—a welcome surprise to us! Bill Uhl was next for fourth and Father Lightning Carl Smithers' fifth sailing a real good series.

Comparing boats, notes and excuses later, it was the consensus that we all had finished one of the finest Lightning Regattas ever held, and we will be forever grateful to Hermy Nichols and Tawas Bay Yacht Club for their hospitality, efficiency in handling all the chores of this undertaking, and best of all for the blue skies, air and fine sailing. Our hats off to the ladies and gents of Tawas Bay Yacht Club.

This epistle written riding home with "Padalin" in tow in the pouring rain with the hurricane "Donna" waiting for us at home with breezes over 100 m.p.h. (Shall we put up the spinnaker???)

"SAILING THE LIGHTNING IN STRONG WINDS"

By Hank Cawthra, Past President & LCA Champion

Describing how to sail a Lightning in strong winds is a little like describing how to drive on an expressway—it is admittedly a little different than driving on ordinary highways, yet, when you try to explain those differences, it is not easy because all you find yourself doing is enumerating a lot of principles that should apply to all driving. So it is with sailing in heavy weather; what is required is not so much different technique, as experience and more attention to correct operation in every detail.

Sailing the Lightning, or any small sailboat, in strong breezes seems to depend more on strong and workable gear, an experienced crew, and lots of practice under severe conditions, than on any special technique.

First, I cannot overemphasize the importance of an adequate rig and fittings. The tendency to reduce the size of many essential parts of the boat to save weight can only lead to breakdowns and the loss of many valuable points. Also, there is an adverse psychological effect when a skipper is, perhaps even subconsciously, favoring his boat and rig by not driving it hard in heavy weather. In my opinion, the first prerequisite of winning races in strong breezes is to have an outfit that you know is impervious to all the usual breakdowns.

In regard to saving weight, I am not at all certain that the present practice to reduce weight throughout the hull and put it in teak floorboards, is beneficial. Besides being contrary to Lightning rules (some teak floorboards weigh as much as 70 lbs.), the concentration of weight in the bottom may give the boat a jerky motion. It is interesting to note that it was common practice in fast square-riggers carrying nitrate or other concentrated cargo to raise the entire cargo by building a false floor some distance above the ship's bottom, in order to raise the center of gravity. Many of the fittings and gear used on racing boats are adequate under moderate conditions but fails to serve its purpose in heavy weather. Cleats slip, blocks do not run freely with wet and partially fouled lines such as are usually encountered in the confusion of heavy weather racing, fittings pull loose or break, lines are too small and/or too slippery to hold in the hands, etc. A particular point to observe here is the layout of the gear so that the boat can be operated from the extreme hiking position; It is unfortunate but true that the necessity for handling gear with the utmost speed and precision always occurs when all three members of the crew should be hiking out as far as possible.

As time passes and some of us look back on 30 or more years of racing it is very amusing to recall some of the theories that have been disproved. One of these is the correct amount to heel the boat. I remember the owner of a cruising-racing type boat explaining in all seriousness that his boat sailed best to windward with the water over the deck and up to the edge of the cabin. I remember several classes of small centerboarders which were invariably sailed to windward with the gunwales awash. We know now how wrong these things are but why didn't we know it 20 years ago? I am a great believer in sailing nearly all boats, large and small, round and chine, in an

upright position. The fact that there are a few types such as the Scows, and a few weather and sea conditions, which call for some heeling, only confuse the issue. In case of doubt sail your boat nearly upright. If it doesn't seem to be sailing well, make every effort to straighten her up.

In moderate and strong variable air it is not enough to just hike; the hiking must be coordinated to keep the boat at a small and constant angle of heel. Many crews are always a little out of phase with the wind; a puff strikes—the boat heels—the crew hikes a fraction of a second too late—the skipper has already had to luff slightly, just about this time the puff subsides and as a combined result of the crew hiking, the skipper luffing, and the puff letting up, the boat straightens up sharply and may even heel to windward. Then about the time the crew reduces their hiking effort and the skipper bears off slightly another puff strikes and the process is repeated. A boat sailed in this fashion loses an unbelievable distance to windward as compared to one whose crew hikes at the exact moment the puff strikes, and stops hiking just as the puff subsides.

It is questionable as to how much a rig should be changed for heavy weather. In recent years I incline more to the theory that it should be left the same for all conditions. If, when starting the race, one could be sure that there would be a very strong and steady breeze, then some rig adjustments might be in order, but the wind may become variable or drop completely. Also, from a practical standpoint, a Lightning mast can only be bent appreciably below the jibstay, that is, with the lower spreaders as an approximate center, which probably does not flatten the average good mainsail in such a way as to make it faster in strong airs. Like everything else in sailboat racing, there are no doubt exceptions to this, but the point I am trying to make is that it is a mistake to assume that you should always tighten the backstay or jibstay in strong airs, as many times it will do you more harm than good.

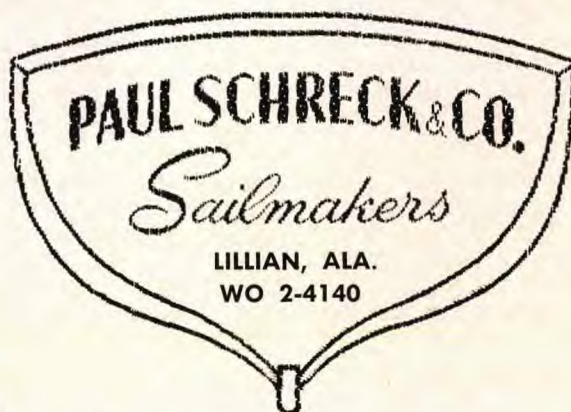

Winning races in very strong air against the best outfits involves a certain amount of gambling, or perhaps more correctly, speculation. The potential gain with the large Lightning spinnaker, particularly when it provides the extra thrust to induce planing, makes its use very attractive, yet it can easily cause a capsize with a loss of many points. Here is just another one of those situations where the skipper must carefully weigh the possible gains and losses in points. If his boat is outstanding to windward, if his point situation is good, if there are few boats immediately ahead and behind, then caution is called for. If his boat is somewhat inferior to windward in strong breezes, if he must pick up points, if there are several boats immediately ahead, then he must use his spinnaker more frequently. When all is said and done, there is a considerable amount of plain ordinary luck involved in the wild spinnaker planing we sometimes encounter, and one must have a little bit of fatalism regarding this. We have all seen good boats with good crews knocked down,

VERY FEW PEOPLE *If Any*

WE KNOW WHAT A GOOD SAIL IS AND YOU ONLY HAVE

particularly when setting or lowering the spinnaker, while inferior boats with less experienced crews have ridden out the same puff just because it hit at a slightly different angle, or their boat was balanced a little differently, or it had a slightly smoother patch of water to sail through at the critical moment.

I believe that many good outfits capsize because the skipper is overconfident and a little haphazard in his steering. A Lightning or any small boat planing at high speed with spinnaker set must be steered with the utmost care and precision, and it is better to be a little apprehensive than to be careless. It is very important to keep the boat exactly level at all times as it is often the first small angle of heel that starts a capsize due to the tremendously increased resistance of the chine when planing.

On steering the boat to windward I can only suggest that each wave condition be studied separately. In the short steep seas such as are found in shallow waters a Lightning requires a lot of rudder action while in smooth water or very long regular seas it will almost sail itself. In this connection, I would prefer to have a boat balanced up so that it carries a fair amount of weather helm in very strong breezes, rather than one with a very soft helm that will not work itself up sharply in heavy puffs.

Inexperienced sailors tend to get careless about water inside the boat until it gets so deep that it can be felt in the boat's sailing action. This is a mistake; every effort should be made to keep the water inside the boat to an absolute minimum by using an automatic bailer or

pump. A little care in sailing the boat before the start will help to keep it dry. High speed reaching with the wind abeam tends to throw a lot of water into the boat and it is better before the start to jog along partially close hauled, and then run down on a broad reach. However, despite the importance of keeping the boat dry, one should put the boat hard on the wind for a short time, on each tack, to get the feel of the wind and sea before the start of the race.

Finally, it is essential to race at every opportunity in very strong breezes, since these conditions are not frequent, and must be capitalized on.

MURPHY HALYARDS

Whether your boat is old or new, you need the fool-proof Murphy Halyards for your boat. They are made of flexible stainless steel wire 1/16 covered to 3/32 with Prime Nylon (Not plastic). Perfect for Lightnings.

1. No more chipped or darkened masts.
2. No more injured fingers. Easily handled.
3. No more coiling.
4. Set your sails and they stay set.
5. Made up, ready for installation on your boat with all accessories in stainless steel \$21.00 for both main and jib.

Sample sent on request together with literature.

MURPHY HIKING STRAPS

Nothing on the market like MURPHY HIKING STRAPS. They are foam rubber padded, covered with water resistant canvas in colors of your choice. Takes all the strain out of hiking.

1. Non-stretch webbing padded with prime foam rubber.
2. Sewed with Orlon thread. Made to last forever.
3. Covered with water-resistant heavy canvas in colors of your choice. Bright red, Kelly Green, Royal blue, canary yellow, and Khaki.
4. Easily snapped on or off in fraction of second. Strong and test out at 1000 pounds. Fits all Lightnings.
5. Complete, ready to install with stainless steel fittings at \$21.00 for a set of 3.

New! New! New!

MURPHY OUTHAUL ASSEMBLY

In trying to improve our sailing ability we have come up with a mainsail outhaul assembly that solves the problem of moving the sail while under way (on reaches and runs). The outhaul assembly is controlled by the middle man in your boat. The assembly consists of a Wilcox-Crittenden clew outhaul and cheek block together with an Asti improved Winchaul. Nylon covered 1/16 wire is used between the Winchaul and Outhaul. This is all chromed and is a deluxe item. Comes complete ready for installation. Post-paid for \$25.75.

Satisfaction guaranteed on all Murphy Products or money refunded. (WIVES) Makes excellent gifts for the Sailing man. Made by a Sailor . . . for sailors. Ole Doc Murphy.

PRESIDENT'S TROPHY RACE

By George Fisher

First Race: At the start there were southerly winds at six to eight mph, with the leeward end of the line slightly favored. Within five minutes after the start 7275 had worked out a 50 yard lead over the other 18 boats, and at the first weather mark it was 7275, followed closely by 7499, 6600 and 4932.

Number 7275 continued to lengthen out his lead on every leg of the race and was more than two minutes ahead at the finish.

Number 5932 was second at the finish, followed by 6600 and 7499.

Second Race: The winds were still out of the south at 10 to 12 mph. 7275 started again at the leeward, worked out a very nice lead and was first at the weather mark, which position he held again throughout the race. Second at the first weather mark was 4865, closely followed by 7388 and 5932.

At the finish it was 7275, 7388, 4932 and 4865.

Third Race: The winds had shifted to the northwest and were at 10 to 12 mph. There was a near perfect starting line and most of the boats had a good start. Throughout all the weather legs in this race there were severe shifts of from 10 to 20 degrees and a boat soon learned that what appeared to be a very good position could in a short while turn out to be very poor and at the first weather mark 7388 was first, closely followed by 4932, 6530 and 2706.

The second reach was a very beautiful spinnaker run and allowed many to dog fight and others to work through to leeward.

There were many treacherous shifts on the third beat to the finish line and no one in the race was sure of the position he was going to be in until he crossed the line. 7275 was followed by 7388, 4865, 7296 and 5082.

Fourth Race: The wind had piped up to 18 to 22 mph and at the finish there must have been gusts from between 25 to 30 mph. This fresh wind then brought on a short and very wet chop and made one appreciate the use of bailers on the leeward leg. The leeward end of the starting line was slightly favored, however, as in the race in the morning there were many severe shifts on these weather legs and the crew had to be on their toes every minute.

Number 7608 worked out a beautiful lead on the first weather leg and in all probability would have won the race but hit the weather mark as he rounded. 6600, 7296, 6932 and 7046 were bunched going around the first mark. 6932 and 7046 worked up well to weather on the first reach and then put up their spinnaker and from the view of the author appeared to plane faster than any other Lightning he had ever seen. Several of the boats put up their spinnakers on this leg, however, except for a few they seemed to have their problems and didn't keep them up very long.

The spinnakers were flown on the second leeward leg and since the wind was a bit off the quarter, the boats didn't seem to have the trouble they were having on the first reach. The wind continued to increase in velocity throughout the race and by the start of the third weather leg it was necessary for boats to dump their main and in some cases the jib.

Number 6600 did a beautiful job of sailing and finished first, followed by 7296, 6932 and 7046.

Fifth Race: The winds were still out of the northwest at 10 to 12 mph. There was a very good line and for 15 minutes after the start it was difficult to tell which part of the fleet was in the lead since there were so many oscillations.

Number 4865 led at the first mark which he carried throughout the remainder of the race. 4911 was second, closely followed by 2706 and 6600. On the first reach the wind began shifting to the south and turned out to be a very close reach at the end of the lake. By the time the boats got around to the second lap this particular leg turned out to be another weather leg, with winds at 12 to 15 mph.

Number 4065 was followed across the line by 6600 and 4911. 7275 finished fourth, giving him three points over 6600. 6600 in turn had two points over 4865.

The race committee should be congratulated for the errorless manner in which these flights were handled and the series continued. Our hats are off to them.

In summary, this series provided all types of air, conditions and weather. It will without question go down as one of the finest President's Cup Regattas.

THE 1960 GOVERNOR'S CUP

By Chuck Maltbie

Tawas Bay Yacht Club, the weather man and the smoothly operating race and regatta committees combined to make the first Governor's Cup one of the most enjoyable series we have ever taken part in. There was a range of wind velocity to suit every taste and, on more than one occasion, all in one race.

The first race Thursday morning started fifteen minutes after the President's Cup fleet off the East Tawas pier in a steady ten m.p.h. southwest breeze. We managed a favored leeward end start and shortly afterwards, could have tacked over all but Edgar Perry in Princess. The starboard tack seemed to favor us and the Hot Canary rounded the weather mark first, followed closely by Perry, Pete Hedblom in Rogue III, and Clytie, with Bob Birmingham at the helm. Hedblom moved very well on the spinnaker reaches and finished the seven legs a close second behind Maltbie, with Birmingham, third, and Paul Knapp in Kidnap, fourth.

The second race in the afternoon saw a softening of the breezes from the same direction, but somewhat shifty, especially at the start. Hedblom and Bob Mann in Little Audrey, worked out a big lead over the rest of the fleet and finished in that order, followed by Birmingham third, and Knapp, fourth. Maltbie took a beating on the first leg, but managed a sixth by the favors of a long port tack along the shore on the last weather leg.

The eighteen m.p.h. westerly for the third race Friday morning was more to the liking of the Hot Canary's 600 pound crew. Holding the long starboard off the leeward end of the line paid off as the header we met approaching the west shore lifted us right up to the mark on the port tack and into a nice lead. Bob Woolman in Trop Chere

worked up to second, and J. R. McWhorter, third. Bob Jamison in White Cap started moving in the fresher winds and finished fourth, with Birmingham fifth. Hedblom with an eighth, dropped into a tie for second place in the standings with Birmingham, three points behind Maltbie.

The afternoon provided increasing winds with puffs to thirty, for the fourth race. Sam Stowell in Yankee Dandy, sailing free and really churning, grabbed the gun in the last fifty feet from Jamison, in a see-saw battle. Maltbie was third and Birmingham fourth. We were awed by a spectacle on the fifth leg. Pete Hedblom in fourth place, was right on our transom when he popped his spinnaker, just as we caught a real spanker on the beam. Why they didn't go over I'll never know. The sheet, guy and halyard all went out to the limit and their kite was flying high, thirty-five feet away from the Rogue. They circled completely around the monster, jibed then tacked and finally pulled it in over the transom. We counted them out at least three times, and must have been a half-mile away, still planning on main and jib, by the time they got straightened around.

Saturday morning the fifth race started with very light air, from west to northwest (sometimes!). We were four points up on Birmingham, and at the first weather mark, he was in second place with eight boats and a half-mile between us. On the third leg, the lead boats hit a vacuum and the fleet gradually bunched before the wind picked up to fifteen from the south. The fifth leg turned into a good beat, and Birmingham took the lead with Jamison second and Maltbie third. We finished in that order, all overlapped, to end a series that included as much good sailing and fun as I have enjoyed in any regatta.

THE DEEP SOUTH REGATTA

Savannah, Georgia

February 12-13

By James McIntosh

The 1961 Deep South showed another increase in entries with 43 boats showing up for the first race Sunday afternoon. Carl Eichenlaub repeated as first place winner, Bob Crane was second, Doc Murphy won a race as did Bob Lippincott and John McIntosh, but the best performance was by—THE WEATHER—It kept getting better and better and all 43 winter-weary crews were happy, win or lose.

Enough people got in Friday and early Saturday to build up a fleet of 30 for the first practice race Saturday afternoon. It was a little chilly but things were looking up with a nice Southwester blowing about 10-12, with cloudless skies. Bob Lippincott showed he was ready by winning it. Stu Anderson and crew were reminded it was still February when their spinnaker treated them to a swim in the Wilmington River. While the fleet was enjoying the first race of the year more entries were arriving.

Saturday night everybody was on hand for the first get-together at a cocktail party with dinner and dance later. There was much resailing of former regattas and talk about the weather, the ice and snow left behind and the good weather predicted for Sunday.

Sunday morning dawned clear and warmer with the good S.W. breeze still holding for a one lap practice spin. Stu Anderson won it—no more of that cold water for him.

Sunday afternoon it was time to start playing for keeps and racing conditions were ideal. Temperature was climbing and flood tide and strong breeze made for a fast track. Doc Murphy jumped out in front of 42 other beautiful Lightnings at the start and led at first mark, followed by Eichenlaub and Schreck. It was Murphy all the way Sunday afternoon with Eichenlaub holding on to second with Bob Crane, Bob Lippincott and Schreck keeping the pressure on as they fought it out around the first lap. On the second lap Murphy was clear and moving away. Marcy Lippincott moved up into the battle for second but Eichenlaub held on and at the finish it was Murphy, Eichenlaub, Bob Lippincott, Crane and Marcy Lippincott.

Saturday night the real contest started: the Dixie District Oyster Derby with Gilbert and Fox watching Henschen pull away rapidly after the first four dozen. Gilbert was handicapped by a couple of dozen he slipped in before lunch. These boys must know something because they bring their special Chesapeake Bay oyster knives every year to the now traditional Deep South Oyster Roast. The rest of the fleet finished up the few oysters that were left and retired to the club house for a buffet with lobster and roast beef and the Simmons Gospel Singers, back by request after their hit of last year.

Spinnakers on the Skidway . . . Deep South 1961.

Monday was a beautiful morning except that with the increasingly warm weather the breeze was very light and variable. The start was delayed an hour until a light Southeaster came in, then got underway in front of the club house with the windward leg to the east down the Wilmington River. John McIntosh dropped low and got clear on a port tack to lead around the first buoy with Al Bernel and Bob Lippincott on his heels. On the spinnaker run Prexy Fallon, outraged at the oyster situation the night before, took advantage of the low tide to go ashore and lay in a private supply.

Eichenlaub took advantage of the light going to move out, going up the Skidaway and lead back to the club house mark. Even the best can make mistakes and McIntosh took the lead back when Carl had to re-round the buoy. It was McIntosh and Eichenlaub all the way on the second lap with Jack Swanson getting really hooked up to take third with Fallon and Smither moving up to take 4th and 5th.

After a quick lunch it was back to the boats for the final race with Eichenlaub holding a substantial point

lead. The breeze was now coming in strong and steady from the Southeast, and with high tide and hot sun, conditions were perfect.

It was all Bob Lippincott that afternoon. He got clear and led all the way around with plenty of time to try out some new spinnaker tactics. Bob Crane was second soon after the start and hung on, although threatened by McIntosh, Eichenlaub and Anderson. On the second lap Eichenlaub moved into third but dropped a couple of boats when he succumbed to the universal interest in Savannah seafood, stopping to pull up a mullet with his spinnaker. Bud Olsen moved up to finish third, followed by McIntosh and Eichenlaub.

Carl Eichenlaub's consistency paid off with a 7 point lead over Bob Crane, who also did not win a race. Bob Lippincott took third over John McIntosh who tied him on points, and the value of consistency was also demonstrated in Tom Fallon's fine fifth.

Hauling and packing went off smoothly, and with the presentation the fifth and most successful Deep South became history and a very pleasant memory.

14th ANNUAL MID-WINTER CHAMPIONSHIP

St. Petersburg Yacht Club

February 17, 18, 19, 1961

By John McIntosh

The 14th Annual Midwinter Championship proved to be a hot one . . . not only was the weather warm, with lots of Florida sunshine, but the competition was plenty warm, providing a really close battle all the way through.

After 5 races with 55 boats in the fleet, and the winds varying from zero to 20 knots, the first five finishers were within a 10 point spread, and the first ten finishers within 20 $\frac{3}{4}$ points.

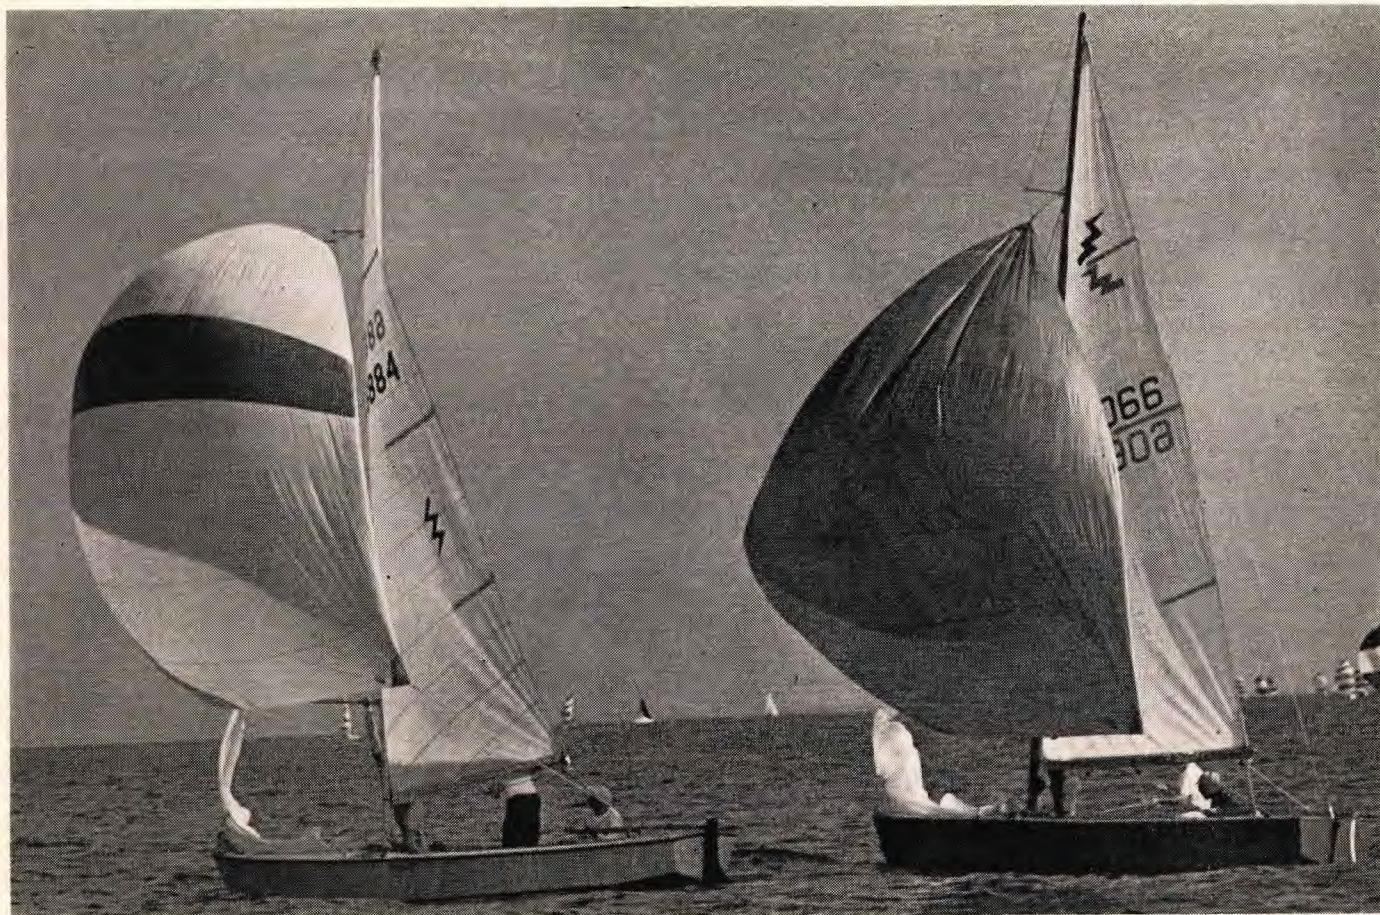

Hank Cawthra, in XL-#6066, twice International Champion from Detroit, sailed consistently near the front all the way to earn a narrow margin for first place. He gathered in the coveted Wally Bishop Trophy after a 'head to head' fight in the finale with Jim Carson, in Trident #6884. Carson had a small point lead going into the last race, but Cawthra kept cool in a hot drifter and scored a 7th place to Carson's 10th. That gave him a 1 $\frac{3}{4}$ point edge and the Championship.

Things got under way on Thursday, February 16th, with a short practice race sailed in very light air . . . all but about a half dozen of the entries participated. A strong tide plus a general eagerness on everybodys part caused a real fiasco on the start with at least half the

fleet over the line at the gun. In view of the dying breeze, the Committee let it go and at the finish Bob Crane of Darien, Connecticut succeeded in squeezing in first in front of Jack Swanson, Al Bernel, Stu Anderson and Carter Ford. At the meeting that night, Magnus Pederson of the Race Committee issued a stern warning about improper starts during the actual series.

Thursday Night's Annual Midwinter Meeting was preceded by a showing of the 1960 International film, 'Winning Winds' which everybody enjoyed. President Tom Fallon conducted the meeting itself with his usual humorous efficiency. Reports of good progress on the North American and World's Championship regattas, plus all the usual business kept everybody up, and regatta nerves down, until about 11:00 P.M.

Friday Morning dawned bright and clear with a moderate east wind of about 5 to 8 knots. All hands were on deck early and the fleet moved out to the starting area promptly. The start was uneventful . . . a good line, and nobody over. (Pederson's warning plus the fact that this one counted had settled things.)

The boats that tacked north holding a long starboard tack from the starting area found more breeze and more favorable tide. At the first mark Carter Ford, Marbury Fox, Karl Smither, Jack Swanson and Bob Crane led in that order. Two light spinnaker reaches tended to spread the fleet and the wind began to drop. After one complete lap, Ford and Smither rounded 1st and 2nd and Crane had moved up to third. After rounding, Smither held an extremely long starboard tack to the north, then when he tacked to port he cleared the fleet to take a commanding lead which he held to the finish.

The Race Committee wisely decided to shorten course

to six legs as time and air were running out. Smither finished with just under seven minutes of the time limit remaining. Hank Cawthra had needled his way into second place and was followed by Ford, Carson and Crane . . . then came Olsen, Eichenlaub, Lippincott and Bennett.

The wind continued to die out and the afternoon race was cancelled. Many sailors took advantage of St. Pete's recreation facilities. Several were spotted on a near-by golf course playing havoc with par!

The weatherman dealt a better hand on Saturday with a moderate south east wind and stronger south, southwest winds promised for later in the day. The first race got started promptly but was just as promptly recalled by the Committee because so many boats were over the line. The second start was all right with a few individual recalls. Shortly after clearing the line several boats tacked to the south on port. This group fared best with John McIntosh rounding the weather mark first. Eichenlaub rounded second after tacking to the east of the center line. The other leaders were Fox, Crane, Carson and Cawthra. Positions remained unchanged on the 2 spinnaker results.

The wind freshened and McIntosh and Eichenlaub dueled up the second weather leg, Eichenlaub taking a very close decision at the windward mark. McIntosh worked to weather on the reach and was in front again at the 5th mark. Fox moved up to make a tight 3-way contest for 1st place. On the final reach the wind continued to freshen and swing to the west. Fox moved past Eichenlaub and spinnakers had to be doused as the fleet was headed.

Going into the last beat it was very close among the

leaders. Jim Carson rounded in 10th and while the lead boats fought it out Carson held a long port tack up the beach. He was eventually headed and tacked to starboard and the finish line. His long tack paid off as he sailed around the rest of the leaders and drove across to get the gun. He was followed by McIntosh, Eichenlaub, Fox, Anderson, Cawthra, Crane, Bob, Lippincott, Bernel and Ford.

After a quick lunch it was back to the Bay for the 3rd race. The wind was from the south at a piping 20 knots. The leeward end of the line was favored. Bob Lippincott started low and began pulling away from the pack. After a short starboard tack, he tacked to port and cleared the fleet. At the first mark it was Lippincott followed by Cawthra, Stueland, Nelson and brother Marcy Lippincott. A beautiful broad spinnaker reach and a tight reach to the 3rd mark kept the boats planing. After the

1st complete round it was still Lippincott and Cawthra with Anderson rounding third. The leaders opened up all the way as the wind remained strong. Bob Lippincott, Cawthra, and Anderson put more space between themselves and the fleet and finished in that order. Joe Stueland, Carson, Oscar Nelson, Eichenlaub, Smither, Nickels, and McIntosh rounded out the first ten places.

As soon as all boats crossed the line the Race Committee boat moved back to the north to set a new starting line. This was to be the third race of the day. (This is fun?)

The wind had eased off a couple of knots to about 18, still from the South. The start got off at 4:35 PM. Carl Eichenlaub who had put together a fantastic string of top finishes over a two year period hit the Committee boat and withdrew. It was a tough break for a really

great sailor.

Bob Tunnel, in Challenger #7585 of Baltimore, broke away from the pack and held a long starboard tack toward the middle of the Bay. He was really flying and when he tacked back toward the weather mark, he was out in front. Although he was pushed all the way by Herm Nickels in a real two-boat battle, he never relinquished the lead. While Tunnel and Nickels fought for first, Marbury Fox and Allen Bernel were scrapping for third.

The spinnaker reaches were fast and exciting as the wind still had some punch left. As the lead boats rounded onto the last weather leg (9th of the day) the air softened a bit as the sun moved down to the horizon. The last beat was a little easier because of the lighter air. After 3 long races this was most welcome.

Tunnel held his first place to the finish, closely followed by Nickels and Al Bernel. Then came Fox, Smither, McIntosh, Swanson, Olsen, Bob Lippincott and Fallon.

It had been a long, long day with 3 exciting races and everyone was ready for a little rest and relaxation!

With only one race left to go, Jim Carson was in front with a 1¼ point lead over Hank Cawthra. Karl Smither was only 4 points back in 3rd place.

Saturday Night was the St. Petersburg Yacht Club's big Mardi Gras Ball. It was a truly gala affair with delightful entertainment. It is amazing the way these people put on a big regatta, taking care of all the sailing

aspect, and on top of that find time and energy to produce a really big show. Most of the sailors faded fast after the entertainment. Exhaustion had set in with a vengeance.

The final race on Sunday morning was a real 'fishey' drifter. The fleet floated around the starting area during an hour and a half postponement while the Race Committee tried to whistle up a little breeze. Finally a very light East wind of 2 to 3 m.p.h. set in and at 11:45 the race got under way.

About half the fleet held a starboard into the shore while the other half followed Gene Wallet and Bob Lippincott out into the Bay on a long port tack. Tom Fallon, Stu Anderson, McIntosh and Bob Crane led the inshore contingent and it was soon obvious that this was the right side. Fallon worked ahead then tacked out on port . . . apparently he knew what he was doing because he came back into the mark still ahead and rounded first. McIntosh rounded next, then Anderson, Crane and Fox.

The wind had died to almost nothing and the reach to the second mark was a real ulcer run. Some tried spinnakers without success but Carter Ford managed his beautifully and passed a good many boats. Bob Crane got into a determined fight with Anderson, Cawthra and several others out to weather. He finally proved he was 'Chief' but sailed almost to Tampa before doing so.

The leaders drifted around the second mark with Fallon still first and Anderson, McIntosh, Nickels and

Earl Engler with wife and perpetual crew "a coming." Eight children and 200 pounds of books still did not keep Earl and two daughters from sailing the complete circuit.

Ford following. The Race Committee signalled a shortened course when the boats rounded the 3rd mark and started back upwind.

Fallon grimly drifted along in first place fighting the 2½ hour time limit. He was never threatened and succeeded in winning and saving the race with about six minutes to spare. Behind him there was quite a shuffle going on which finally settled with Ford taking second and McIntosh third. Then came Nickels, Anderson, Crane, Cawthra, Smither, Fox and Carson. About this

time a steady fresh south wind came in and the rest of the fleet breezed home with spinnakers flying.

When the final race scores were entered the winner was Hank Cawthra. Jim Carson was 2nd, Karl Smithers 3rd, Marbury Fox 4th and Herm Nickels 5th. They had all sailed well in widely varying conditions in one of the toughest, closest Midwinter Championships ever held.

The St. Petersburg Yacht Club did its usual magnificent job to make the whole event thoroughly successful for everybody . . . win, lose, or draw.

LIGHTNING MID-WINTER REGATTA—

MIAMI SERIES Coral Reef YC, Feb. 22-23, 1961

By Jim Vensel

This year's Regatta was a howling success in more ways than one. Everyone was geared up for a fast, tough series after the big weekend at St. Pete. The skippers' ability seemed to sharpen more with every race during the Midwinter Series and they needed every bit of stamina and ability they could muster to cope with the weather conditions of these races.

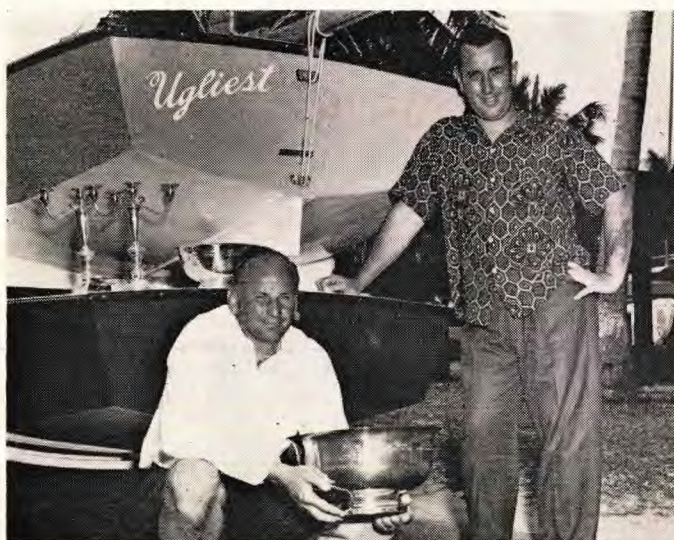

Everyone arrived early Tuesday and all the boats were assembled well in advance of Wednesday morning's First Race so there was no big rush on the four hoists available for launching. The winds were quite high and sustained 18 miles per hour with gusts to 22 miles per hour. The start of the First Race was nearly perfect. The race committee had set up a beautiful course but the sea was fairly rough with a little more favorable slant on starboard than on port. Few spinnakers were flown and at the end of the seven leg course it was Bob Lippincott first, John McIntosh 2nd and Allen Bernel 3rd.

There was a fabulous buffet lunch available at the Club and by the time for the afternoon race the winds had slacked off to a perfect 14 to 16 miles per hour.

Spinnakers really blossomed in the Second Race and at the finish it was Allen Bernel 1st, Bob Lippincott 2nd and Alex Carlin 3rd.

The Third Race saw a change in the top running boats and Tom Fallon came through with the winning combination. Gerald Murphy was second and Carl Eichenlaub was third. Bob Lippincott dropped to a fifth and Allen Bernel to an eighth.

There was a fine cocktail party thrown by Coral Reef Yacht Club that night and it's a good thing because the next morning would require all the fortification available. By 9:00 Thursday morning the wind at the end of the rock was a sustained 20 miles per hour with surges to 26 miles per hour but out on the starting line it was 24 to 26 with occasional gusts to 32 miles per hour, real wild. Even with the high wind there were two spinnakers flown but the boats were moving so well that the chutes seemed to provide little advantage. At the finish it was Bob Lippincott again with Marcy Lippincott 2nd and Allen Bernel 3rd. During the 5th and final race the winds calmed down to 16 to 18 miles per hour and the leaders were Hank Cawthra 1st, Bob Lippincott 2nd and John McIntosh 3rd. There were surprisingly few instances of equipment failure or capsized boats, a real credit to the outstanding ability of the group. Not a single race had to be shortened and during the entire series there were but three protests. Forrest Lee, Chairman of the Race Committee at Coral Reef conducted a superb series and deserves a great deal of credit. Our aim this year was to have a bigger and better series and we feel that it has been a far more enjoyable event than ever before. Don't miss next year's series.

Pres. Fallon extracts the "Flare" from 2 feet of snow at Quantico before heading further south.

1961 SOUTHERN CIRCUIT CHAMPIONSHIP

Bob Lippincott certainly proved the truth of that old southern saying, "the big possum walks late". The River-ton, N. J. skipper, sailing 'WASP #7845' bided his time through the DEEP SOUTH in Savannah and the Mid-winter Championship in St. Petersburg, then came on with a roar in the Miami series to pile up an overwhelming lead to capture the Southern Circuit Championship. He accumulated 523 points while Tom Fallon, last year's champ, managed 489½ for second place and Carl Eichen-laub, reigning International Champion, finished third with 483 points.

The Circuit was sailed with widely varying but excellent conditions. The DEEP SOUTH had two fairly breezy races and one light to moderate one to start things rolling. The races were won by Doc Murphy, John McIntosh and (you guessed it) Bob Lippincott. After the Sunday and Monday racing, and after eating all the oysters in Savan-nah, the fleet moved South.

St. Petersburg's five races were in order very light . . . moderate, heavy, fairly heavy, and next to nothing. The weather was warm and sunny and the entertainment was spicy and delightful. The five first places went to Karl Smither, Jim Carson, Bob Lippincott, Bob Tunnell and Tom Fallon. When the fleet left St. Pete the Southern Circuit was very close among the top boats. Smither was on top with 346¼, then McIntosh, 344¼; Fallon, 341¼; Lippincott, 338½; and Cawthra, 322. It is interesting to note that the genial Mr. L had won both of his races in the heaviest air at Savannah and St. Petersburg.

The weather in Miami was excellent. Plenty warm, in the 80's, plenty of sun, and plenty of wind, ranging from 18 to 32 m.p.h. in the various races. Lippincott started by winning the first race, then he was 2nd, 5th, 1st, and 2nd in the rest. It was a truly remarkable per-formance against a group of really tough competitors. He literally ran away with the Miami Regatta and the Southern Circuit Championship.

Hank Cawthra who won the last race received the Carlin Trophy by virtue of his low point score in St. Pete-Miami (1 and 5—total 6) while Lippincott was second in this side show (1 and 6—total 7). The other individual races were won by Tom Fallon and Al Bernel.

The Coral Reef Yacht Club did a fine job in handling the races and entertained with a great cocktail party.

This third and most successful circuit saw 43 boats compete at Savannah, 55 at St. Pete and 38 in Miami. Twenty-seven (27) boats took part in all three regattas, and thirty-eight (38) competed in two out of three. The races were held Sunday-Monday in Savannah; Friday-Saturday-Sunday in St. Petersburg, and the following Wednesday-Thursday in Miami, allowing ample travel time in the two week period.

The fleet was pulled and packed on Thursday after-noon, the trophies presented, and farewells said. The 1961 Southern Circuit was history, but it will be long remembered for the marvelous weather, the wonderful hospitality, the excellent (and tough) competition, and the magnificent heavy weather sailing of Bob Lippincott!

FIRST WORLD'S CHAMPIONSHIP REGATTA

by Thomas D. Fallon—President, L.C.A.

Most major discussions have now been made. They are as follows:

1. **Location**—Milford Yacht Club, Milford, Connecticut. Milford, is on Long Island Sound—the best known sailing water in the U. S. A. Milford conducted an excellent LCA Championship Regatta in 1957—won by Bill Cox. They also were the splendid hosts for the 1960 North American Star Class Championship Regatta plus many other regattas of major importance. Milford is approximately 75 miles east of New York City over super highways.

2. **Date**—Week beginning Monday, Sept. 11, 1961.

3. **Racing Conditions**—Six races over the standard LCA triangle—twice around plus an extra weather leg—will be scheduled, but one race can be thrown out—as in Olympic competition. Scouvy will be the standard LCA system—not the Olympic system. It is possible that all six races will be scheduled on three days, Thursday, Friday and Saturday, September 14th, 15th and 16th.

Eligibility—Each major Lightning area will be allowed to enter 4% of its registered boats with a maximum entry per area of 15 boats. Under this program entries for each one will be approximately as follows:

South America	15 boats
Europe	12 boats
North America	15 boats
Hawaii	1 or 2 boats
Canada	1 or 2 boats

Determination of Entries—Each major area will control its own entries. North American entries—except Canada—will be based upon the results of the North American Championship Regatta to be sailed the week beginning August 21, 1961 in the Pacific ocean off San Diego, California.

Crews—Crews will be provided for all entries from outside North America if the request for crews is received sufficiently in advance. North American

entries including Canada must provide all their own equipment including crews.

Equipment—Good competitive boats will be provided for all entries from outside North America if the request for a boat is received sufficiently in advance. ALL entries must, however, provide their own sails.

Housing and Meals—Free housing and meals will be provided for all entries—shippers and crews—from outside North America—for the period of the Regatta.

Subsidy—The LCA is hopeful of providing some travel subsidy for all entries from outside North America. The amount is uncertain as of March 1, 1961. It will depend upon the generous support of the Regatta by loyal LCA members. Mr. Gaines Houston, LCA Vice President from Little Rock, Arkansas, USA., has accepted the task of raising extra revenue for this purpose.

Prizes—Prizes will be in the European tradition of awards for each race plus new awards.

General—This will be the first LCA World's Championship. To make it a truly World's Championship entries from Europe and South America are a vital necessity. All LCA officers are dedicated to give their full cooperation. The complete support and enthusiasm of all International officers and members is urgently requested.

Baltimore's Marbury Fox Beats Large Lightning Fleet

By Bob Chambers

BULLETIN: On November 4, 5, and 6, 1960 a company of Lightning sailors invaded the Quantico Marine Base. Their target, fun, a little bit of sailor talk, and three races on the Potomac River. The capable Marines handled the invasion in typical Marine style. Every detail was looked after, and all agreed the invasion was a complete success.

Pres Fallon stirs up some wind at Quantico.

As President Tom Fallon stated in his own quite Fallonism, "This is the greatest gathering of the clan in many a moon." And indeed it was, with the exception of the Internationals and the Mid Winter Championship in St. Pete. This year's Quantico Regatta lured sixty-nine boats from the eastern sea board, to western Ohio.

Saturday morning was overcast and windless. The first race was postponed until noon. The Marines, who supplied everything else, finally came up with a light breeze. The starting gun reported and the Potomac River was a mass of white sails. The wind turned out to be spotty with the peculiar sensation that very often the river was smooth as glass even though the wind velocity was 8-10 MPH. The boats going over to the port tack immediately after the start seemed to get more wind and the dozen or so boats that went in that direction rounded the mark within a whisper of each other. Halfway down the spinnaker leg the race committee shortened the course to once around. After a close reach to the next mark, there were not appreciable position changes. However, the drive for the finish line saw many changes in the leading group. Jim Carson emerged the victor, as he sailed in what seemed to be a private shaft of air. Marbury Fox was second followed by Stu Anderson, Howard Lippincott and Al Bernel in fifth place. Bernel was later disqualified by a protest moving Bob Tunnell into fifth place.

The second race started soon after the first race was completed. The wind had settled down to a steady 10 MPH. Al Bernel starting at the leeward end of the line shot out in front on a close reach to the first mark, and

was never headed. A cold, driving rain, which had threatened during the first race, finally caught up with the frost bitten sailors. However, the wind held fairly steady and there were not too many position changes after the first mark. Al Bernel finished the triangular course ahead of June Method, the only girl skipper sailing with a girl crew. Third was Howard Mullin followed by Roy Knapp and John Sullivan rounded out the first five.

Sunday morning was a sparkling crisp day; the air was shifty and spotty. The shifts were so violent it was practically impossible to protect a position. The lead changed several times with Bob Lippincott, Wally Crump, Bob Crane among the many who, at one time shared the lead. Al Bernel rounded the second last mark in twelfth place. Sailing to leeward of the leading pack, keeping his spinnaker full, he was able to circumvent the fleet and go into first place. He held his position, finishing ahead of Bob Tunnell. Third was Marbury Fox followed by Tom Fallon and Bob Crane.

Marbury Fox by finishing third rapped up the regatta as Jim Carson, who had been leading going into the last race fell into the tank. Had Al Bernel not been disqualified he would have easily taken the first place silver. Howard Mullin was second, followed by last years winner Bob Crane. Jim Carson and Bob Tunnell rounded out the first five.

All agreed it was a wonderful regatta and everyone appreciated the chance to sail in the stiff competition that represented the sixty-nine entries.

The Lightning Class is most appreciative of the hospitality extended to it by the United States Marine Corps. Heading the committee this year was Major Bill Rump, under the command of Lt. General E. W. Snedeker. Washington's Walter Collier was a most competent Race Committee Chairman.

Our heartiest thanks to all.

First place winner, Marbury Fox and crew with Major Bill Rump doing the honors.

WIND LINES AND THE COMPASS

By Howard J. Mullin

Several years ago I was able, with the help of several beers, solicitously offered to one of the local "hot skippers", to get from him a rather guarded explanation of those black lines he had painted on his deck and how they work. Ever since then I have been squinting up and down these lines which I call wind lines that I painted on my boat and realizing that there is more to using them than meets the uninformed eye.

Let me explain just what these lines are and how they are placed on the deck. From the center line of the boat, construct 45° angles off the centerline to both port and starboard and also both forward and aft as the drawing indicates:

I only use these lines in beating to windward and they are helpful to me in several ways, including:

1. Determining the direction of the true wind.
2. Determining whether you are ahead of, even with, or behind competitive boats on the same opposite tack.
3. Determining whether you are gaining on competition, losing, or holding your own.
4. Determining very accurately whether you can or cannot pass in front of a boat converging on the other tack.

Before starting any explanations or theories, let's assume that the wind is constant in direction on all boats, and, that all boats can and do make a course exactly 45° off the true wind. We shall make the true wind come out of due East; therefore, our starboard tack will be on a compass heading of 45° (NE) and our port tack will be on 135° (SE). If we are on the starboard tack making a course of 45° (NE), and referring to the above diagram, it is readily seen that the wind lines on the starboard bow and the port quarter are pointing directly into and away from the eye of the wind; that is at 90° (E) and 270° (West). The other pair of lines, one on the port bow and the other on the starboard quarter are pointing due North and South respectively, or 0° to 180° and are perpendicular to the wind.

Now, looking down the lines to the North and South, any boat that is on the windward side of the line extended either to port or starboard is ahead of us and any boat to leeward of this line is behind us. This is true regardless of which tack they may be on, or how far away down the extended line they may be.

The use of the wind lines also enables us to compare relative speeds of boats. For example, if your competitor was on the wind line 5 minutes ago and now is somewhat to leeward of it, you have been going faster than he, assuming the wind direction has not changed.

Aha! Now we bring in the compass. Never, no never, look down a wind line without looking at the compass, too! Let's go back to the above example. You look down the wind line over the port bow and see that your competitor has fallen behind, or to leeward of the line. Next look at your compass. If you are still making 45° you are making on him. But if your compass heading has changed since 5 minutes ago and you are now making, say, 55° , then he has not fallen behind but your wind line has swung away from him and your improvement in relative position is a result of a favorable wind shift and not of relative hull speed.

Now let's suppose that the second look down the windline over the port bow reveals that your competitor has moved ahead of, or to windward of the line. Check the compass. If your heading is still the same, then he has been going faster than you. If your compass heading has fallen off to, say, 35° then your loss of relative position was caused by being headed and not because he has been moving faster than your boat. The same analysis of your other competitor down the extension of the South bearing line over the starboard quarter can be made. If he has drawn ahead of the line since the last time you looked, either he has moved faster or you have been lifted and only your compass can tell you which has happened.

The fourth use I listed above, that of determining whether you can safely port tack the other oncoming boat is readily apparent. If he is safely behind your wind line, you can make it. If he is on or nearly on it you cannot safely pass in front of him.

I would like to add here one after thought which, I warn you, will rather complicate matters a little. In the above examples where I have said that in various instances your opponent has "made" on your wind line, it was because his hull speed was higher than yours. It is also a possibility that he got a favorable lift which put him out in front rather than an increase in hull velocity. So a third analysis should be made if you wish to determine accurately the reason for the change in relative position on the wind line. You must try to determine whether his boat is still making 45° (or 135° if he is on the port tack). This is very difficult when he is any distance from you.

The sum up, then, remember these basic fundamentals:

1. One pair of windlines is always parallel to the true wind direction and the other pair is always perpendicular to the true wind.
2. All boats on the perpendicular wind line are even with you regardless of which tack they are on, or how far away they are, or which side of you they are.
3. A change in position relative to the windline of your opponent can mean one of three things, relative velocity, a wind shift on you or wind shift on him.
4. You must use your compass in conjunction with the windlines to help you determine which of the three possibilities has occurred. I might suggest here a pencil behind the ear and a white deck on which you can jot down compass headings, as necessary equipment. My deck looks like a bookie scratch pad after a race is over.

If the reader is still with me, I would like to warn him of a pitfall—encountered by me in several instances, the last of which was not too long past. Let's put me on the starboard tack bearing 45° beating in to an East wind as in the example above. I look out the windline over the starboard quarter and note that my opponent is on the windline some one hundred yards distant. We are even, right? Five minutes pass. I look at him again and he has fallen behind my windline. I check my compass—35° it says, and I have been headed. I should tack, but look at the lead I've opened up on him! Guess I'll stay on this tack and really get a good lead. Then, bango, the wind shifts back to put me on 45° again and I've lost my lead and then some and it is too late to tack now, for if I do, I'll pass under his stern. So by all means, sailor, do not forget the cardinal rule of upwind sailing: TACK ON HEADERS. Do not be misled through incorrectly interpreting the information given you by these wind lines.

Remember, too, that your boat doesn't always track 45° off the eye of the wind. In light air she will do about 50° and in heavier than moderate air, somewhat less than 45°. After using the lines for awhile you will be able to make these compensations automatically.

One other use I have put the wind lines to is in checking the starting line for the favored or upwind end. Cross the line on the starboard tack hard on the wind. A look down both the port bow and the starboard quarter lines towards both ends of the line will readily tell you which end is ahead of the wind line. That end would, of course, be the favored one. A double check on port tack should also be taken to confirm the lay of the starting line.

LOCATION OF TRUE CENTERLINE

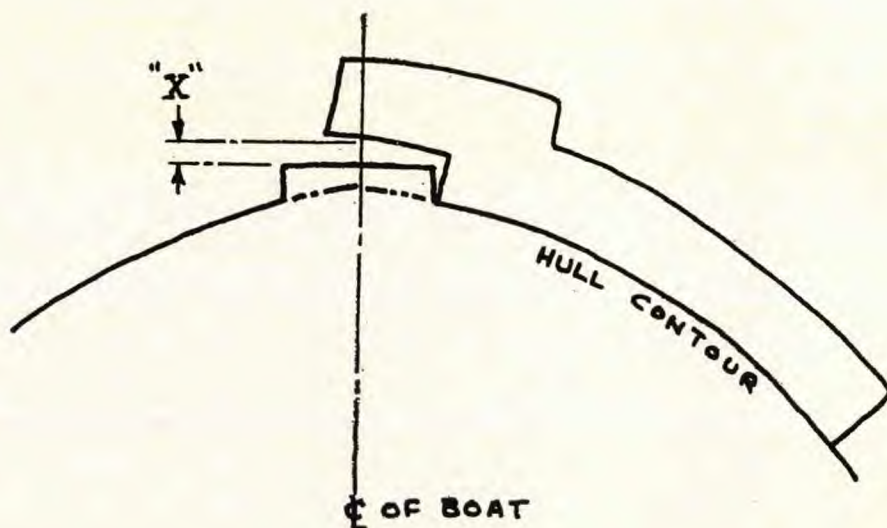

A very accurate location of the centerline of the Lightning at each Station may be made by use of a thin batten similar to that illustrated below.

BATTEN

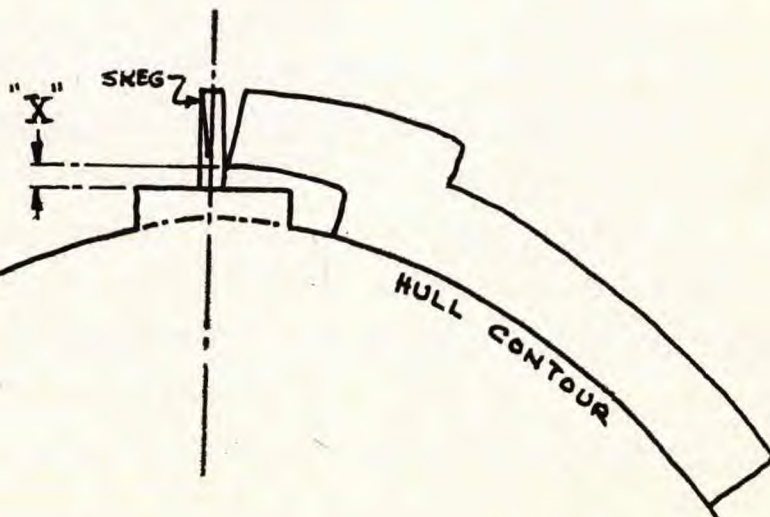

USE OF THE BATTEN AT ALL STATIONS EXCEPT STATION 9

1. Hold batten perpendicular to the centerline and baseline.
2. Measure distance "X" at centerline of boat.
3. 1" minus "X" equals keel height above centerline for entry on Line 2 of the Worksheet.

USE OF THE BATTEN AT STATION 9

1. Same as above except that measurement is taken along-side keel.

THE LIGHTNING SLOOP

A PICNIC BOAT or a RACING SAILER

President's Comment:

The author of this article won the first race of the 1960 Internationals by a substantial margin. This was no fluke. His boat goes very fast. He won at least fifteen races in 1960 by even greater margins. It is a standard boat with standard sails.

This article is not the type thing one would read and look at Gunsmoke at the same time. But it tells exactly what Al has done to make his boat go faster than other similar boats with similar equipment.

Al may indicate that to do all the things he recommends is easy. It is easy for a person who is determined to win. But a considerable amount of dedication to this purpose is necessary.

The comment attributed to me: "You are too old to take up racing a Lightning" is almost correct but not quite that blunt. Frankly, Al's performance in 1960 amazed everyone. Al's 1960 record proved conclusively to me that continuous and diligent working on the boat—tuning, sails, etc., pays off in increased speed beyond what I had realized. I used to think "Oh, just get the boat rigged up about right and race it as best you can". But "about right" is not good enough.

Al indicates in this article that Allen, Fallon, Smither, Anderson, et al helped him. Allen, Fallon, Smither, Anderson, et al are looking to Al in the future to help them.

By Allen Bernel

Many summers had passed me by before the intriguing sport of sailing came to be my hobby. After two years of picnic sailing and watching fleets #59 and #78 race on Niagara River, I was determined to join in the fun and try racing a Lightning.

Now if you are ill, you consult a doctor. Being an independent businessman, I approached the art of sailing the same way. Tom Fallon appeared to me, in 1957, to be a genial, talkative sailor so I had a neighbor of mine, who works for the same Company as Tom, introduce me. After one hour of introducing myself and explaining to Tom my desire to learn to race, he studied me intently and after pausing a moment he said, "You are too old to take up racing a Lightning". I am sure that I was at a loss for words but he had not changed my conviction to be a good sailor. This was the beginning of the "young" coach, Tom Fallon and his elderly student, Allen Bernel.

This article is directed to the average sailor, like myself, who desires to improve but does not feel confident that the changes he might make would be the correct ones.

Various post-race discussions between your competition can bring out points of tuning or equipment that is excellent for his boat, and the way it is tuned, but be entirely wrong for your own craft. In this article, I have tried to establish the chronological steps I believe can be followed to condition your Lightning for the race program of the season. It is a starting point from which recorded adjustments can be made and then determine if such adjustments improved your performance.

Before proceeding further with this article, I would like to give credit to all of the fine Lightning skippers and crews that have listened to my questions and have given me unqualified answers as to the information they have gained, the hard way, through the years. In particular, I would like to thank Tom Fallon, my coach and tactician; Karl Smither, my light weather instructor; Tom Allen, my reticent hull and sail analyst; Stu Anderson, my "hell for leather" sailing friend. How could anyone keep from improving with sailing ability such as this for friends and competition?

To ruggedly race your Lightning, you must consider the hull as a racing platform. Every part of the hull must be completely familiar to the skipper and he must know in his mind that it is in such a condition that he can put it to the test of each race, regardless of whether the wind is blowing five or twenty five miles per hour. Because a hull is of early vintage does not mean that it can't be a top competitive boat. Look at the record of the Internationals held over the last three years and you will see such numbers as 749, 1903, 4040, 4811, 4872, 5100, and 6336 up in the thick of the fight for top honors. All it takes is sufficient desire and interest to get the maximum speed from the equipment that you own. Tabulated below are the steps that I sincerely believe will improve the performance of any Lightning sailor.

THE HULL:

The first consideration the skipper should give to the hull is that it is thoroughly sanded to the smoothest finish that can be obtained. This should be performed in steps, with the first sandings with wet #240 paper and finished with #600 wet paper to give the surface a burnished finish. This sanding applies to fiberglass as well because the surface that you want is one that will wet out when in contact with water. An easy way to check the condition of your bottom is when you put your Lightning in the water for the first time. Drop the boat into the water so that it is floating on its natural lines and then raise it back out of the water. If the water is spread over a large surface and it does not try to run back into a puddle, you have prepared the surface properly. If it puddles, the next move should be to the beach for a good sanding. The statements apply double for the centerboard and rudder because they have two sides and their total wetted area is a sizable percentage of the total boat. Sand it and keep it sanded for the entire season and particularly before the important races. The psychology of knowing that you have prepared the boat properly will permit your mind to concentrate on the race at hand.

The weight of the total boat should be kept as close to the 700 pounds minimum as possible. Remove all the junk that you accumulate when picnic sailing. Also, if a certain fitting is outdated and heavy, replace with light weight replacements, but don't sacrifice weight for strength or durability as you will want to be able to push the equipment to the limit when it blows and there are no points given for equipment breakdown.

The running rigging and the fittings for assisting the crew to sail the boat efficiently should be in top condition. Try crewing for another skipper in a well rigged Lightning and you will soon appreciate the necessity of having this portion of your craft in top condition. If the blocks run hard, lubricate them. A used hypo needle from the family doctor will get the oil down in the block where it will do some good, rather than put oil all over the block. If the sheets are worn or frayed, replace them now rather than after they part in a race.

Every craft should have the following devices to do a top job of sailing: Jib downhaul. This device can be either on the halyard or an extension of the tack of the jib and led through the deck and back to a location that

the jib man can easily reach at all times from his normal position. This device should be in the form of a throw lever with a mechanical advantage of four to one and sturdy enough to withstand a strain of 500 pounds. A three thirty-seconds flexible wire halyard should be used with this arrangement on the jib as any form of line would just stretch and still permit the luff of the jib to fall off to leeward. Metal beads are used on the wire halyard and these beads slipped into a slotted clip which is fastened to the side of the mast about two feet above the deck. The jib halyard is fastened on one side and the main on the other side of the mast. It is best to have the jib on the port side as your jib man will be on the port side of the boat on a normal spinnaker third leg of the course and he can easily hoist the jib at the last moment before preparing to take down the spinnaker. One other small item we have found helpful in this same situation is to leave a sufficient amount of the jib halyard tail above the deck so that when it comes time to drop the jib, all you need to do is to unclip the bead and toss the halyard tail in the air and the jib will come down quickly. If you pull the tail down under the deck, then you must bring it back through the deck opening and many times it fouls. The purpose of the jib downhaul is to be able to put sufficient tension on the jib luff so that it does not fall off to leeward and ruin the shape that the sailmaker built into the sail. It is an advantage to have a screw type adjustment on the throw lever so that the tension can be regulated.

The second device to help you do the best job of sailing is an adjustable topping lift for the spinnaker pole. The purpose of this device is to permit you to raise and lower the pole from inside the boat. The best device to date is a length of one-sixteenth flexible cable that starts with a snap at the end where you attach the topping lift to the spinnaker pole and goes up and through a piece of tubing located completely through the mast coming out aft through the sail track, from there the cable proceeds down the groove of the track through the mast deck opening and aft through a cheek block on the mast step. A cotton or pimm sheet tail is attached and this is led through a cam cleat located on the port side of the lower centerboard trunk at about station six. This location will permit either the skipper or the jib man to regulate the height of the pole while the main man is flying the spinnaker. The tube through the mast is normally located just below the spreaders. The cable must be held in the center of the sail track while the sail slides of the mainsail are being put on the track so that the cable does not foul the hoisting of the main.

The third device needed is a strong rugged boomvang. This is sometimes referred to as a kicking strap. The basic design used throughout the class is a one-eighth flexible cable attached securely to the boom by means of a thoroughly bolted boom bail or running the cable up through the boom and sail track and then back through the track and securely anchored underneath the track. From the point of anchoring on the boom approximately 36 inches aft from the mast, the cable is then led forward through a ring (detailed description to follow) and then down through a deck opening just aft of the mast deck opening to a form of tension device below the deck level. The tensioning device can either be a six to one block and tackle or a drum winch. Regardless which type is used, it should be rugged and capable of exerting close to five hundred pound pull. The ring mentioned above through which the cable is led has a one quarter inch

shock cord attached to it and the shock cord is led through a cheek block mounted on the most forward part of the boom on the port side. The shock cord is then led aft and anchored about four feet aft on the boom. The shock cord is stretched enough so that the tension is sufficient to hold the ring and cable up close to the bottom of the boom so that it will be out of the way when not in use. A plastic covered cable is preferred as bare flexible cable tends to catch the hair of the jib man while moving about his area of the Lightning. This device is a must on a racing Lightning.

The fourth device needed is an adjustable outhaul for the main sail. Bellows manufactures an excellent rig for the Star sailboat that can be adapted to the Lightning boom. However, any handy person can rig such a device. The only thing you are trying to accomplish is to be able to adjust the clew of the mainsail from the jib man's position. A simple device to accomplish this movement is to take a length of three-sixteenth line and dead end it at the aft port side of the boom. Lead this line forward around the mainsail outhaul fitting and then aft over a cheek block mounted on the aft starboard side of the boom and then forward through a small cam cleat mounted about eighteen inches aft from the mast on the starboard side of the boom. The purpose of this fitting is to adjust the tightness of the leech and draft of the mainsail.

The final suggestion is to place marks on various parts of the boat or rigging. These marks are no more than "hallmarks" to be used by the crew as guidance or comparative positions in the setting of the sails. Start from the mainsheet block that is located on the boom directly over the block on the centerboard trunk and mark both sides of the boom every four inches. These marks can be different color in order to identify them or numbers stamped on the boom. Next, put one mark on the mainsheet about one foot aft of the block on the boom. This will have to be marked with the boom in the normal position for windward work. Mark one jib sheet at the jib sheet cam cleat or at the last block before where the jib man is sheeting the line. The mark should be clearly visible to the jib man. Then stretch the two jib sheets out evenly and mark the second jib sheet the same distance from the dead end. In theory, if the rigging is centered, the jib sheets should sheet to the same point on either tack. Again, it is repeated that these marks are to be used as guide points and the jib man should be constantly easing the sheet to see if it is the ideal position.

LOCATION OF MAST IN HULL:

The position of the mast in the hull will vary from boat to boat. Always bear in mind that the centerboard and rudder are in a fixed position and that the center of lateral resistance is already established for your boat. The problem that confronts you is to locate the mast and the sails hoisted thereon in the proper relationship to this center of lateral resistance. Always think of the mast and sails as a unit or team. It is the motor in your boat and the problem is to get the greatest horse power out of the unit. If you accomplish this and the sails you own are of good design, your boat speed should be competitive. A good place to start is to place the fore face of the mast twenty inches forward of the center board pin. Then rake the mast aft so that a plumb bob attached to the main halyard will show an eighteen inch rake at the boom surface. It will be necessary for you to stand in the boat while taking this measurement. Be sure and stand with one foot on either side of the centerboard and at the

center of the boat fore and aft. The rake of the mast will be controlled by the length of the head and back stay. The shrouds should be adjusted so that the mast is centered in the boat port to starboard. Leave some slack in the shrouds, particularly the lowers. The main concern is that the mast head is centered in the boat and the mast is straight, side to side. It is always better to have the top of the mast fall slightly off to leeward than have the balance of the mast sag to leeward. The final adjustment of these shrouds can only be made while sailing hard on the wind. Initially, set up the jumpers so that the mast is straight, fore and aft. Suggest you refer to Sports Illustrated books of Small Boat Sailing.

SHAPING OF SAILS MAINSAIL

Sails are like people, very seldom are two of them identical. Therefore, each sail must be considered individually. Very seldom can two different mainsails by the same sailmaker be carried on the same shaped mast and obtain the greatest efficiency from both sails. The most important statement in this article is the next sentence. The fore to aft shape of the mast should be that which will place the desired shape into the mainsail. Bending of the mast from the spreaders down removes draft from the mainsail or changes the location of the draft. Bending of the mast from the spreaders up, loosen the leech of the sail. Shaping of your sail can only be determined by observation and trial and error. Since our eyes are located horizontal, it is very difficult to see fine details of vertical curvature such as on a hoisted sail. Therefore, the preliminary shaping of a sail can best be obtained when it is in a horizontal position. Choose a still day or late afternoon without wind and put both the jib and mainsail on the boat and sheet them in a normal position for weather work. Beach your boat and haul it over on its side by the spinnaker halyard. Secure the halyard so that it holds the boat on its side with the mast parallel with the beach. Trim the sails as if you were on a weather leg. Now set your downhaul and outhaul on the mainsail to a point where there are no tension lines showing in the mainsail. The condition you want with mainsail set in this position is for the greatest depth or draft of the sail to be approximately 35% of the distance from the mast to the leech when taken parallel to the boom and that the middle batten of the sail is parallel with the center line of the boat. Usually you will find that this batten is pointing towards a point on an imaginary extension of the center line of the boat. This is a condition of a tight leech and must be avoided at all costs as it is creating a force just opposite to the direction you want to sail. You will find that the only way to loosen this tight leech is to pull down on the tack of the sail but if this causes the draft to move forward, then go to the jumpers and loosen the jumpers and tighten the back stay until the middle batten lays flat or parallel with the center line of the boat. Do not be afraid to loosen the jumpers to relieve the tightness of the leech of the sail. You will find that each turn on the jumpers will require at least 5 turns on the back stay, in order to keep the same tautness on the headstay. Once you have eased the jumpers and tightened the back stay so that the sail has the draft in the proper place and the center batten lays flat, mark the positions of the outhaul and the downhaul. An easy way to check the draft of the mainsail is to tie a light string to one of the sail slides and stretch it aft so that it just touches the leech of the sail. Stand at the head of the mast and you can easily see the

shape and draft of the sail at this chord. This adjusting of the mainsail is time consuming, but it pays off against your competitor. These adjustments have been made in a static condition with no wind in the sail. You will find that you will have to move the downhaul down about an inch and the outhaul out about one half inch to reproduce the same shape in a moderate breeze. Remember that tightening the luff of the main moves the draft forward and eases the leech, moving the outhaul out eases the leech. It might be necessary to force the mast at deck level fore or aft to obtain the desired location of the draft. Be sure and block the mast in this position once you have the desired shape. While you have been adjusting the jumpers and back stay, you will have caused the upper and lower shrouds to be improperly adjusted. Adjust the shrouds so that the mast is straight up to the V strut and falls off very slightly to leeward above the V strut. You can easily see this by sighting down the mast. You will have to turn the boat over on the other side to adjust the other two shrouds which were on the down side of the boat. Now we are ready to go to the jib.

JIB:

There is very little that one can do to shape a jib. It is the writer's opinion that a jib should be sent back to the sail maker at least once every year to be checked or replaced. A jib with a tight leech is of no value except in a very light wind. A jib with a loose leech is of no value. Think of a jib as a helper sail to the mainsail. If it does not help, it is of no value on the windward leg of a race. Your main concern on shaping the jib is to be sure the jib sheet is led properly so that the entire luff of the jib breaks at one time when you bring your boat up into the wind and that the jib sheet is led at the proper angle to the center line of the boat so that the wind collected by the jib when coming off just brushes the lee side of the mainsail. I would suggest that you consider single lead jib sheets. Except in a blow, any youngster can sheet the sail and even in a blow the main man can help strap it down. Cam cleats will have to be used to hold it but this is not a disadvantage if you have found the correct point to sheet the sail. By using single lead jib sheets, it is twice as easy to find the one point to locate the jib sheet block on the deck when compared to the two or combination positions of a double lead jib sheet. The position to locate the single or double jib sheet lead is easy athwartship. Measure five feet aft from the bow on the center line of the boat. Measure out $13\frac{3}{4}$ inches at right angles to the center line. Now draw a line from the bow of the boat through this point. Extend the line aft as far as the deck will permit. Your jib sheet block or the combinations of the two points of the double lead sheet should be on this line. Movement of possibly one inch in for very light air or two inches out in heavy air will improve your performance of the jib. With the boat still on its side, yank on the jib sheet lead. If the luff of the jib shows tightness at the lower portion of the luff, move the lead forward, likewise if it is tight at the top of the luff, move the lead aft. The final location of the lead for and aft can only be determined by actually sailing and watching to see if the entire luff of the jib breaks at once. Remember, each time that you adjust the fore and aft position of the mast or the rake of the mast, you must again relocate the jib sheet lead fore and aft. The slot between the jib and mainsail should form a triangle with the apex of the triangle at the head of the jib. The jib leech should form almost a straight line from clew to head. Now let's go check the helm of the boat.

Editors comment: This article is getting so dry, I decided to liven it up.

HELM OF BOAT:

Choose a day when the wind is blowing about eight miles per hour and the water is relatively calm. Place your crew close together with the boat trimmed flat, fore and aft and have a slight heel of about five degrees but no more than five degrees. With the center board all the way down and the sails trimmed as you had them when the boat was on its side, the boat should sail hard on the wind with just a few ounces of pressure on the tiller in the form of a weather helm. Be sure that your rudder works very freely in its fittings. If necessary, use Vaseline to free the fitting so that even the slightest pressure can be felt in the tiller. This is very important in order to work out to windward. If you experience a lee helm, ease the jib or tighten the main slightly. Likewise, if you have a weather helm, ease the main and tighten the jib. If you have an excessive lee or weather helm the mast will have to be moved in the boat to correct such a condition. The movement of the mast can be made in two ways. The mast can be moved fore or aft, maintaining the same rake or the rake can be reduced or increased. The most important thing to remember is, not to change the shape of the mast fore and aft which suited your mainsail. Moving the mast forward will reduce weather helm, whereas, raking the mast aft will increase weather helm. By raking the mast aft and moving the butt forward, you can keep the same center of sail effort and at the same time increase the venturi action of the jib on the mainsail due to an increase of the overlapped sail area. The correct location of the mast and sails can only be accomplished by trial and error. Strive for a slight windward helm at winds of eight miles per hour. The windward helm will increase as the winds increase so that it becomes necessary to sail the boat straight up under these conditions, below eight, it will be necessary to put one of the crew to leeward to keep from developing a leeward helm. Remember that the sails are the motor in your boat and the only way that you can be competitive or excel is to develop more horse power out of your only source of power than your competitor develops.

POSITION OF CREW:

It would seem that the location of the crew would be unimportant, however, bear in mind that the average

crew will weigh five hundred pounds when most racing Lightnings weigh close to the seven hundred pound minimum. Therefore, the placement of the crew fore and aft is just as important as keeping the boat flat. Always keep the crew of three closely bunched in the center of the boat. When there is a slight chop, move forward. When the wind and seas increase, move aft so that the bow is just out of the water. When you can get her on a plane, move aft enough to raise the bow but as soon as she breaks over her bow wave, move forward so that you are not dragging the transom. A small spirit level mounted on either side of the centerboard trunk will indicate to you the fore and aft trim of the boat.

THE USE OF THE ABOVE DEVICES ON VARIOUS POINTS OF SAIL:

WINDWARD LEG:

1. Make sure the jib luff wire is as taut or slightly more taut than the head stay. (Use the jib downhaul lever).
2. Adjust downhaul and outhaul of the mainsail so that the leech and draft of the sail are ideal.
3. Set main and jib sheets in relation to marks so that greatest drive is developed.
4. Only use boomvang in a blow so that when the mainsail is luffed, it doesn't raise the boom.

REACHING:

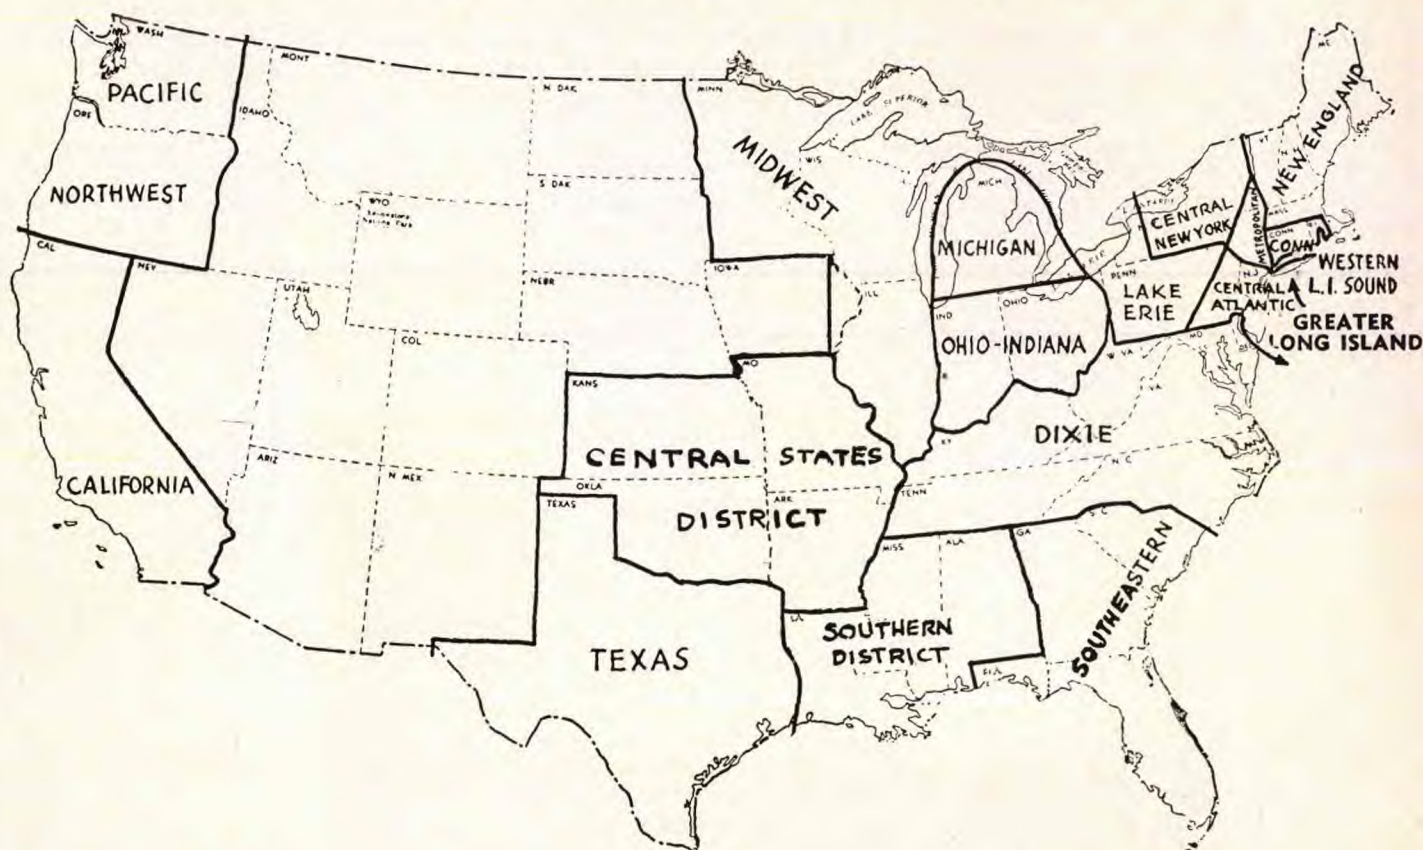

1. Ease jib downhaul, mainsail downhaul, and outhaul so that maximum draft in the sails is obtained for this off-wind leg.
2. Apply sufficient tension on boomvang so that boom does not raise up, however, don't put it on so hard that you don't have a slight twist or fall-off to the leech of the main.

RUNNING:

1. Adjust height of spinnaker so that the pole is at least horizontal in winds of eight miles per hour or more. Refer to Hank Cawthra's excellent article on flying the spinnaker in 1960 Lightning Year Book. The only comment that I would care to make is, to fly the sail "High, Wide, and Handsome". Too many sailors make the mistake of flying the spinnaker too close to the head stay and mainsail. Any time the foot of the spinnaker is closer than three feet of the head stay, it is being improperly flown. Ease out on both sheet and guy and get it up and out.
2. The mainsail downhaul and outhaul should be eased at least 5 and 2 inches respectively. A good indication of the amount to be eased will be fullness of sail on the luff and foot bolt rope.
3. Tighten the boomvang down hard so that the boom is parallel with the deck and the leech of the main is tight.
4. Do not oversheet the mainsail. It is better to have the wind spilling off the luff into the spinnaker than off the leech of the main.

After reading the article, you will realize that I have directed it to the average, beginning skipper and crew who desire information on improving their performance. Diligent effort and desire will enable these skippers to be up close to the transoms of sailors such as Allen, Fallon, Smither and Anderson at the finish line rather than using a pair of binoculars to see who won the race. Do not be afraid to change the tune of your boat, just record the changes and if they do not help, change back or try another shape to the mast or sails. This is the only way a skipper will know if he has her going wide open.

Editor's Note: In addition to the above United States Districts and the District of HAWAII, there are those very active and growing Districts of ARGENTINE, BRAZIL, CANADA, FINLAND, GREECE, ITALY, PERU and SWITZERLAND.

METROPOLITAN DISTRICT REPORT

District Commodore: John D. Folwell

District Secretary: Nellie P. Folwell

Fleets: Paupack Sailing Fleet (16); Lake Mohawk Yacht Club (25); Chelsea Yacht Club (39); High Tor Fleet (41); Red Bank-on-the-Shrewsbury (70); Nyack Fleet (75); Raritan Bay Fleet (185); Richmond County Yacht Club (295).

District Report: The Metropolitan District sailors set a record in 1960 by competing in the largest championship regatta in their history. Thirty-three top district boats were on hand at the brand new Lake Wallenpaupack Yacht Club on July 23rd and 24th to enjoy the record breaking regatta.

The first race started at high noon on Saturday with light to medium airs out of the northwest. First boat over the finish line was George Garrecht of Nyack in #7545, followed by Tom DeStasio of Nyack in #5959. Third place was taken by Hank Fretz of Paupack in #7247.

The second race started in very light airs directly out of the west at 3:00 p.m. The airs became so light the race had to be shortened to one lap and the race turned out to be a real drifter. First to finish was Graham Hamilton of Paupack in #4148. Second place was taken by Oliver Filippi of Nyack in #6898 followed by Tom DeStasio also of Nyack in #5959.

The skippers, crews, guests and members then enjoyed a cocktail party on the lower deck of the Yacht Club, followed by a buffet dinner served on the main and promenade decks. The district meeting followed, being conducted by Commodore Folwell on the club patio. After a roll call of the fleets, members of Mohawk Fleet 25 proposed that the 1961 regatta be held at the

Lake Mohawk Yacht Club. The proposal was unanimously accepted. Officers for 1961 were elected, David C. Wellar was elected Commodore and Karl W. Jernstrom was elected Secretary-Treasurer.

At the close of the meeting everyone adjourned to the main deck of the club where a dance was in progress.

Sunday broke bright and clear with a fair breeze directly out of the north. After free coffee and doughnuts for skippers and crews, the third race started at 11:00 a.m. Joe Hoffee (3716) of Nyack completed the six mile course first in one hour and 27 minutes, followed by Phil Schumacher (5931) of Paupack, one minute and eleven seconds later. Ed Dean (6003) was third.

After a light lunch at the beach pavilion, the trophies were presented by two of the originators of Fleet 16, Hub Axford and W. G. Lindsay, on the club patio.

Final results and standings of the first ten boats in the regatta follows:

Boat No.	Boat Name	Skipper	Fleet	Points	Final Pos.
5959	Pan	Tom DeStasio	75	92	1
5380	Chantey	June Methot	70	88	2

MICHIGAN DISTRICT REPORT

District Commodore: James Harrison

District Secretary: Chuck Ellery

Fleets: Devils Lake Y. C. (31); Crescent Sail Y. C. (51); Lake Fenton Y. C. (53); Pontiac Y. C. (54); Grosse Isle (68); Bayview Y. C. (83); Higgins Lake Y. C. (110); Gull Lake Y. C. (137); Tawas Bay Y. C. (152); Watkins Lake Y. C. (155); Omena-Traverse Y. C. (174); Leland Y. C. (184); Northport Point Y. C. (202); Saginaw Bay Y. C. (216); Ford Y. C. (233); Burt Lake Y. C. (254); Saugatuck Y. C. (294); Muskegon Lake Y. C. (316).

District Report: Once more the Mid-Winter meeting of the Michigan District was held at Bayview Yacht Club in Detroit with Fleet 83 as hosts. As in the past, the high point of the District meeting was the selection of the site for next season's District Championship. This year Higgins Lake was unanimously selected with the H.L.B.C. and President, Buzz Morley, doing the honors. Several other clubs announced their invitational dates and a record number of regattas, all of them offering excellent sailing and the best of competition, were established as advertised in the Year Book.

The District Championships began with the night of July 21, at the Higgins Lake Boat Club. The annual election showed Jim Harrison of Gull Lake as the new District Commodore and Chuck Ellery of Crescent Sail Yacht Club the new secretary. Higgins Lake is world renowned as the 6th or 8th most beautiful in the world and certainly lived up to its reputation. While the wind didn't completely cooperate with the 49 entries, all five races were sailed, though a couple had to be shortened. With the lack of steerage on some of the lines (all perfect), some of the District's better known boats got into trouble and did not qualify this year. International Champ, Herm Nickels, sailed a fine regatta, but the old stand-by Hank Cawthra, came through again and won the close ones to wind up first.

The Michigan District qualified nine boats for the Internationals and with Champ, Nickels, we were allowed ten. The first ten and how they scored are as follows:

C.S.Y.C.	Hank Cawthra	235	Points—	1st.
L.F.Y.C.	Herm Nickels	224	"	2nd.
B.Y.C.	Wes Weidrick	223	"	3rd.
G.L.Y.C.	Al Coggan	189	"	4th.
C.S.Y.C.	John Lesesne	179	"	5th.
H.L.B.C.	Al Carlin	174	"	6th.
T.Y.C.	Herb Cox	171	"	7th.
C.S.Y.C.	Bob Knopp	169	"	8th.
B.Y.C.	Jim Schudel	167	"	9th.
C.S.Y.C.	Chuck Grant	163	"	10th.
P.Y.C.	Claude Bennet	162	"	11th.

(Alternate for Dr. Lesesne at Internationals)

We're proud of the way all these men sailed and especially in the Internationals. They made a good showing and coming from one of the hottest districts in the country, they have to be good. Twice Champion, Hank Cawthra, did the District justice by coming in a close second in the Big One.

The District Regatta Committee of Buzz Morley, Dr. Floyd Arnold and Howard Phillips, did an excellent job. One of the finest efforts by a race committee this writer can remember, was turned in by men from the local club, ably assisted by officers of the Detroit River Yachting Association. To the following, our deepest gratitude: C. W. McKinley, Bob Benkert, T. H. Davenport Jr., Claire Ballard, Bob Brand, Rolli Burrows, Pat Oppermann, M. M. Perrett Jr. and Herb Poehle.

As usual the ladies of the local club assisted beautifully too, and an unanimous vote of thanks goes out to them.

A good five months of the best competition was enjoyed by all, beginning with the Kendall series through a record turn out of 43 boats at Pontiac (just seven short of the districts and almost the same boats) and winding up at Bayview's great Halloween Regatta. Results of all are covered in Fleet reports and there are some pretty exciting ones.

As usual at this time we are looking forward to even a bigger and better year if possible next season, so sand 'em down and paint 'em up and plan to sail with the Michigan District. We'll be looking for you and wish luck and fair winds to all next summer.

GREATER LONG ISLAND SOUND DISTRICT REPORT

District Commodore: Bill Uhl

District Secretary: Mary Jo Bailey

Fleets: Sheephead Bay (38); Hewlett Bay (58); Gardiner and Peconic Bays (116); Mattituck Y. C. (141); Great South Bay (178); Woodmere Bay Y. C. (300).

District Report: The District races were held early this year, July 9 and 10, to allow the winners time to organize for the long trip to Michigan.

The first two races were sailed in a moderate to fresh northwest wind, making them very interesting races. The first race was won by Bill Uhl with Mike Zwerling second. The second race was very close with Mike Zwerling in the lead most of the way, however, a wind shift right near the finish allowed Uhl to win by less than a foot.

A banquet was held at the Harbor Inn in New Suffolk that night and all the participants were present. Everyone had a good time and many laughs.

Sunday morning also saw a northwest breeze and a course was set accordingly. However, just before the race started the wind shifted and the course had to be changed. A long windward leeward course was chosen and we all had a fine three miles beat in a brisk breeze. During the first half of this leg first place changed hands several times. This was won by Bill Uhl followed by Toni Dill.

It was decided that Mike Zwerling would be District Commodore next year and the districts would be back at the west end of the Island. All and all it was a very fine weekend. We were lucky to have such nice weather.

Both Ray Harrington and Bill Uhl went to the Internationals in Towas, Michigan. Both Ray and Bill brought home hardware, Ray placing fourth in the President's Cup Regatta and Bill a fourth in the Internationals. This shows that competition in our District is good and getting better all the time.

CENTRAL STATES DISTRICT REPORT

District Commodore: James S. Cambron

District Secretary: Gordon Reabe

Fleets: Jawhawk (60); Tulsa Sailing Club (205); Lake Ouachita Yacht Club (284); Fort Gibson Sailing Club (293); Odd Winds (296).

District Report: As set by the 1959 District Meeting, the 1960 Annual District Meeting and Championships were held at Lake Ouachita on June 17, 18 and 19.

At the District Meeting Friday evening, June 17, James S. Cambron of Kansas City, Fleet #296 was elected District Commodore for 1961. Gordon Reabe who also hails from Kansas City was elected District Secretary. Kansas City will hold the District Regatta next year under the direction of these two capable men, both of whom have contributed much to the development of the Lightning Class in our District.

A record turnout of 27 Lightnings from Oklahoma, Missouri, Kansas and Arkansas competed for the Central States District Championship. Fair skies and sunshine prevailed, but the winds were mostly light and variable.

As in the 1959 Championships, Bill Schwartz and Gaines Houston slugged it out for first place, with Schwartz overcoming a long lead to take the final race and the championship from Houston.

The first ten places were as follows:

7001	Bill Schwartz	Fleet 60	1
5855	Gaines Houston	284	2
6514	Fred Dierks	284	3
4545	Hugh Greer	60	4
180	Lee Bently	293	5
6766	Charles Withrow	284	6
7551	Gordon Reabe	296	7
6604	Russell Lambert	284	8
3427	Rod Hall	205	9
1063	Bob Jones	60	10

The host fleet and their ladies are to be congratulated for the fine arrangements. The accommodations at Brady Mountain Lodge were quite good, and the food and entertainment at the Ouachita Yacht Club excellent. A gala time was had by all.

We are all looking forward to the Kansas City Regatta and meeting in 1961.

MIDWEST DISTRICT REPORT

District Commodore: Harry Spitz

District Secretary: Marion Spitz

Fleets: Chicago Corinthian (5); Burnham Park (56); Milwaukee Y. C. (69); Decatur (74); Green Bay (112); St. Joe Harbor (113); Valley S.A. (266); Clearwater Bay (277); Thunder Bay (279); Michigan City (20); Crab Orchard (330); Nashville (262).

District Report: The 1960 season began with a well attended luncheon meeting at the Conrad Hilton Hotel in Chicago on February 6. Ten of the district fleets were present at this meeting. Chicago Corinthina Y. C. at this time extended the invitation

to sail the District Races at Montrose Harbor. Harry Spitz introduced guests Bill Gerkin and Bud Nelson, who spoke briefly on their fiberglass Lightning, and answered many questions. Movies of the 1959 Internationals also were shown at the close of the meeting.

As usual, the 1960 Sailing season was opened with the Governor's Cup Regatta held at Kentucky Lake on May 28-29.

Some of the other regattas which the Midwest sailors participated in were the P & T Regatta at Milwaukee Y. C., Shake-down Regatta at St. Joe Y. C., Annual Hoosier Regatta at Lake Wawasee, Small Boat Regatta at Burnham Park Y. C., Sand Dunes Regatta at Michigan City Y.C., Gim Hobelman Regatta at Chicago Corinthian Y.C., and at the close of the season the Red Flannel Regatta at Burnham Park Y.C. Details of these races can be reviewed under individual fleet reports.

The Midwest District Championship was held at Chicago Corinthian Y. C., on July 30-31. The host club did an excellent job of getting all the boats weighed in, and sailed measured, as the sailors began arriving on Friday.

The first race on Saturday began with winds approximately 12 to 18 mph., and by the end of the race, winds up to 30 mph. Fifty boats entered this race, but 17 did not finish, due to damaged equipment and strong winds. Joe Stueland, from St. Joe, Michigan, due to excellent spinnaker work on the tight reaches, finished way out in front of the other boats. J. E. Taylor came in second, William Wingard, third, Ronnie Blair, fourth and Jay Doty, fifth.

Saturday evening the sailors enjoyed a wonderful steak dinner followed by an evening of dancing.

Sunday morning's race began in quite light and fluky wind. Some used their spinnakers on the first three legs of the course. Finally, as the lead boats reached the fifth leg, a breeze came and the race was finished in good wind. Wm. Wingard finished first, Cully Cobb, second, Jay Doty third, Dean DeVried, fourth, and Al Berg, fifth.

The third race began with winds 15-20 mph. Harry Spitz was in the lead for the first two legs, but Wm. Wingard took the lead at the beginning of the third leg. Wm. Wingard stayed in the lead until the end of the race finishing first with Al Berg, second; Harry Spitz, third; Garry Sisson fourth, and Joe Stueland, fifth.

Final standings were as follows: Wm. Wingard, first; Al Berg, Second; Cully Cobb, third; Jay Doty, fourth; and Harry Spitz, fifth.

Those above sailors qualified for the International Championship Races held at Tawas Bay, Michigan. Wm. Wingard was unable to attend, and Earl Ross replaced him and made an admirable showing finishing 10th in the Internationals. Jay Doty took first in the President's Cup with the Spitz boys finishing fourth.

The Midwest District is happy to welcome into the district Crab Orchard Fleet #330, sailing on Crab Orchard Lake at Carbondale, Ill. and Fleet 167 at Davenport, Iowa.

1960 has been a good season with keen competition, many new boats, fine sportsmanship, excellent regattas, and now we are all looking forward with anticipation for the 1961 sailing season.

Swiss Districts with plenty of wind.

SWISS DISTRICT REPORT

District Commodore: Claude Lambelet

District Secretary: Claude de Bosset

District Champion: Garoupa, skipper Claude Lambelet

Runner-up: Fiamma, skipper Jack Beck

Fleets: des lacs de Neuchatel et Morat (169); Zurichsee Lightning (219); Sempachersee Lightning (250); Lightning de la Bor-dee de Tribord (268); Vierwaldstrattersee (281); Greifensee (309).

The Swiss district was in charge this year of the organization of the European Championship. Fleet 281 and the Yacht Club de Lucerne acted as hosts, but unfortunately forgot to order some wind that could have been useful to the yachtsmen.

Some of our foreign guests were very disappointed but as already mentioned in Lucerne, if we want the greatest participation at the European Championship, everyone has to accept as a rule, any weather condition.

Fandango II and Posillipo, who are not accustomed to the very bad conditions, rain, cold, weak and altering winds, made a demonstration of their ability. It has been a useful lesson for each of us who would like to have this wonderful science of the regatta.

European Championship Results:

1. Fandango II	F. Cavallo	Italie	83
2. Garoupa	C. Lambelet	Suisse	71
3. Posillipo	G. Pesce	Italie	66
4. Fiamma	J. Beck	Suisse	64

The Swiss crews were at the same time running the Swiss District Championship, the result of which is as follows:

1. Garoupa	C. Lambelet
2. Fiamma	J. Beck
3. Quand-Meme	H. A. Luthy
4. Sagitta	F. Engelberger

The development of the Lightning Class does carry on as well in Switzerland as in other parts of the world, thanks to the famous qualities of this boat, which is besides an exciting racer, an excellent weekend partner.

The organization of the class is each year more active and serious. This contributes to the success of our Lightning. After years of attempts and researches, we have now in our district the opportunity to find on the market new Lightnings which can compete with the best ones.

Just before sending these lines for the Year Book, we heard that it is now set for our friends from the Greifensee to organize the District Championship 1961. We all would be particularly happy to race on a new lake and hope that we'll meet about twenty Lightnings on the Greifensee.

PACIFIC NORTHWEST DISTRICT REPORT

District Commodore: George Britton

District Secretary: Floyd Dickson

Fleets: Maple Bay #64; Royal Victoria #66; Vancouver #90; Lake Washington #132; Bellingham #158; Chinook #229; Columbia River #283.

District Report: The Northwest District and its members wish to extend our warmest congratulations to Carl Eichenlaub, Jr., on his triumphant win at the Internationals. Bringing the Internationals to the Pacific Coast will be a great boon to all the Lightning fleets on this side of the country. It is the desire of

every fleet in this District to give all the help and support that may be needed to make this a successful event in 1961.

The 1960 annual District meeting was attended by members of the following fleets: Lake Washington #132; Chinook #229; and Columbia River #283. The subject of measurement dominated the meeting. Some very realistic views were discussed. It was generally felt that fleets on this coast, being largely constructed by home builders, were having considerable trouble meeting new requirements. A comparatively small number of boats have certificates. It was generally agreed that progress will continue with the District working with the fleets and members toward 100% measurement and still maintain a high degree of enthusiasm. A motion was passed that minutes from District meetings be mailed to each fleet.

The District Championship was hosted by Columbia River Fleet 283 with the cooperation of Rose City Yacht Club, Portland, Oregon. Results were as follows:

1. Jack Gainer	Fleet 283	#6584
2. Ty Campbell	229	5041
3. Fredi Tauscher	283	6061
4. Harry Brault	283	6999
5. John DeBenedetti	283	5481
6. Dunc McLauchlan	283	5457
7. John Tysell	229	4815
8. George Britton	229	5451
9. Harry McAllister	283	6592
10. Ron Hite	283	7111
11. Lloyd Dohrman	132	2274

Other regattas participated in by Northwest District members were the PIYA, Eugene Yacht Club's annual Memorial Day Regatta, and a Labor Day Regatta put on by Coos Bay Yacht Club, Coos Bay, Oregon. And, of course, Pacific Coast Lightning Championships, held in conjunction with the districts.

One other item of interest, the "One-of-a-Kind" race, sponsored by the Oregon Corinthian Sailing Association, was won by a Lightning! Jack Gainer won out over a Highlander, Star, Flattie, O'Day and other assorted day-sailors.

7468 Playboy IV, of our Sec, Oscar Mattese Maia, Brazilian District runner-up.

NEW ENGLAND DISTRICT REPORT

District Commodore: Leonard C. Pratt

District Secretary: Derwin H. Stevens

Fleets: Fleet #14, Centerboard Yacht Club; #94, Prout's Neck Y. C.; #101, Taylor Pond; #145, Spofford Lake; #151, Annisquam Y. C.; #227, Lake Bomoseen Sailing Club; #189, Marblehead Harbor; #243, Lake Dunmore; #244, Harraseeket Y. C.; #246, Winnepesaukee Y. C.; #248, Sandy Bay Y. C.; #273, Massabesic Y. C.; #280, Chequesset; #301, Lake Champlain; #332, Squam Lake.

District Report: The 1960 sailing season in New England was a good one. On weekends when most of the sailing is done we had fair weather and good winds. Eight major regattas were held with fair to good turnouts from around the district. Most of the details of the individual regattas will be in the Fleet Reports and have been in Flashes, however, some interesting sidelights should be mentioned.

Families accompanied Lightning skippers and sailors to Spofford and Winnepesaukees to swim in water at its best. Don't forget your swim suits next year! Others headed north from the State of Maine at Portland where cruising at its best really starts. Day sailing can really be enjoyed in a Lightning in these waters where you find excellent wind and good water. And it is amazing how many people even in New England would never have seen places like Marblehead and Rockport with their interesting sights, tradition and scenery were it not for Lightning competition.

And next year, a new experience for most—our first major regatta on Lake Champlain. Put this on your racing calendar for next summer.

We were more than pleased with the representation of our District at the Internationals and for the showing of Duncan McInnes made in the Championship series finishing fourth in one race.

The mid-winter meeting was held at Concord, N. H., on December 4, with a good turnout and representation of fleets. The 1961 schedule was drawn up and should be an interesting one. A suggestion was made to have the two first races of each regatta on the first afternoon allowing the morning to travel. This will make better use of the good afternoon winds and save on

CALIFORNIA DISTRICT REPORT

District Commodore: Fred J. Knauer

District Secretary: Mabel Coho

Fleets: Santa Monica Bay (102); Newport-Balboa Fleet (107); San Diego Bay (114); Southwestern Yacht Club (161); Mission Bay (194).

District Report: California District had a long, arduous and glorious sailing year. A dozen regattas kept trailers on the move. Friendship between the skippers and all our fleets continue to ripen.

First, we must express our pride in the fact that our District Representative, Carl Eichenlaub, of Mission Bay Yacht Club (194), came back with the coveted championship, having won it by brilliant sailing in five strenuous races at East Tawas, Michigan. And, we are happy at the thought that next year for the first time the National Championships will be held here on the West Coast. There is wonderful sailing here on the Pacific Ocean at beautiful San Diego, so strive to qualify in your districts and then make your motto "California, Here We Come". You will have the time of your life.

Never any need here in sunny California to wait til summer for sailing. The first event of 1960 was on January 17, at the Salton Sea in the desert. Carl Eichenlaub and Fred Knauer took the trophies.

The SYCA Midwinter held at Los Angeles in February brought out 13 boats. It was won by G. Noll, followed by Al Coho, Wendell Harte and Glen MacPheen.

Beautiful sailing weather attended the Easter Regatta at Balboa Yacht Club in April. Dave Shay, well known in Eastern Lightning circles, sailed his new "One Hoss Shay" in his first regatta since moving to California and joining Mission Bay Yacht Club, (194) and took all three races. Fred Knauer followed with three seconds.

The annual Ken Reynard Regatta at Coronado June 11-12 was featured by a spectacular duel between Carl Eichenlaub and Al Coho. After each had a first and second, Al won the final race and captured the series with Carl second, Dave Shay third and Warren Gross of Coronado fourth.

Carl reversed the tables a week later in the Small Boat Regatta at Coronado when the results were Eichenlaub, Coho and Shay.

On July 16-17, our District Championships were held in the ocean off Point Loma in fine weather with a good turnout of 21 boats. The Mission Bay Yacht Club (194) showed its ever increasing power by taking the first five places. Coho and Eichenlaub continued their friendly rivalry with Coho again winding up first, Carl second, Dave Shay third, Dave Wright (back in competition with his new 7600) fourth and Trever Lewis fifth. Only Carl went back east to the Internationals, with the very happy results already mentioned.

Real close competition featured the SCYA Midsummer Regatta at Balboa, won by Dave Shay with John Guinther second.

Al Coho and Wendell Harter trailered to Portland, Oregon for the Pacific Coast Championships and returned with second and third places respectively.

August 13-14, a turnout of 20 boats featured the John Bates Regatta, sponsored by Southwest Yacht Club in San Diego Bay. Mission Bay again showed dominance when Eichenlaub, Wright, Shay and Coho took the hardware followed by Dick Benner of Fleet 102.

There was a record turnout of 25 boats, the biggest west coast regatta in three years for Mission Bay's Stanley Andrews Regatta on August 27-28. The Baber twins, new members of Fleet 194, won the first race but unfortunately had to get back to army duty after that. The series results were: 1) Coho; 2) Shay; 3) Benner; 4) Noll and 5) Staniec.

October 1-2, Cabrillo Beach Yacht Club sponsored its first "Hurricane Gulch" Regatta, as the outer Los Angeles harbor is termed. However, the nearest approach to a hurricane was the four boats from Mission Bay, which breezed around the corner, followed by the 12 boats from Fleet 102; Eichenlaub, Coho, Wright and Shay were then dubbed the "Fearsome Foursome".

At the Bob Hermann Regatta at Coronado October 29-30, again the leader was Eichenlaub followed by Coho and Wright. Monotonous isn't it?

The wind-up for the year was at the annual Thanksgiving Regatta at Coronado. Carl Eichenlaub finished 1st; Al Coho came in second and Warren Gross CYC had a third.

The year also featured a fine sail to Catalina Island by 11 Lightnings. Al Coho won the sail back.

We are happy to report that Fleets 102, 161 and 194 are building up substantially both in quality and quantity. Carl Eichenlaub is turning out fast Lightnings "like sausages", as Mr. K. would say: "Wright's 7600 and McKin's 7606 have already shown their speed; Knauer's 7787 "Now-or-Never" got its champagne bath November 6; Carson's 7788 a week later, and Brady's is almost ready for launching. Lowell North World Star Champion is getting one too."

Truly, the competition will be real fierce here next year. See you here at the National Championships!

SOUTHEASTERN DISTRICT REPORT

District Commodore: Jim Vensel

Fleets: St. Petersburg, Fla. (109); Savannah, Ga. (12); Tampa, Fla. (168); Miami, Fla. (226); Augusta, Ga. (257).

District Report: The District Championship was held this year at the Florida Yacht Club on the St. Johns River in Jacksonville, Fla. Twelve Lightnings participated, three from Miami and nine from Savannah. All the boats were out and ready to go for the first race Saturday morning, June 17, but the wind just wasn't there. It wasn't there for the second race either, but the third that afternoon was fine. John McIntosh dominated the series with a 1, 1, 2, 1, 2 for the five races. Second place went to Oscar Nelson of Miami and third to Jack Price, also of Miami.

Commodore Ed Gay of the Florida put at our disposal the entire facilities of their wonderful club. At the District meeting Jim Vensel was elected Commodore and the responsibility of conducting the 1961 districts was given to the Miami Fleet.

The complete results are as follows:

District Runner-up: Tom Fallon, BCC

Fleets: Buffalo Canoe Club (12); Chautauqua Jacket Club (19); Erie Yacht Club (24); Novice Yacht Club (Inactive) (28); Silver Lake Yacht Club (47); Niagara Sailing Club (59); Sandy Beach Yacht Club (78); Buffalo Yacht Club (81); Cuba Lake Fleet (115); Royal Hamilton Yacht Club (118); Toronto Bay Lightning Fleet (146); Conneaut Bay Lightning Fleet (180); Tower Yacht Club Fleet (198); LaSalle Yacht Club (221); Buffalo Sailing Club (Inactive) (258); Dunkirk Harbor Fleet (311); Burlington Yacht Club (315).

District Report: Our season started with the Buffalo Canoe Club Invitational Regatta. Heavy winds on Saturday forced postponement of the Saturday races. To keep the day from being wasted, everyone who was interested in a real wild sail was taken for a ride in a Tiger cat catamaran owned by Karl Smither and Al Bernel but skippered by such hot rods as Tom Allen, Harry Jerge and Stu Anderson. Finally on Sunday the winds decreased and three races were sailed. The first two races were sailed back to back. At the end of these two races Bill Hughes was in first place, Tom Allen in second, and Herm Nichols in third. The fleet of 37 boats started the third race in moderate winds and when the finish cannon was sounded, Tom Allen had won the race and the regatta with Bill Hughes second and Herm Nichols third. We hope Herm had a good time and passes the word along to other skippers that here is a regatta to really sharpen your sailing skill early in the sailing season.

The next district regatta was held at Niagara River Sailing Club. Winds were moderate to fresh for the first two races and light to very light in the third and final race. Allen Bernel, a new contender in the district, sailed well in the first two races and had two firsts but was closely challenged by Tom Fallon who had two seconds. Al Bernel acknowledges Tom Fallon as his coach and instructor. In the third and final race, Tom strived to teach Al a new trick by waiting at the windward mark for him in order to attempt to place boats between the coach and the student. Light winds and considerable discussion between the two boats finally resulted in Bernel finishing second and Fallon

finishing fifth resulting in the student defeating the old master by luck. Fallon finished second overall and Jack Swanson finished third. Swanson had hopes of picking up all the chips by sailing the last leg out in the river but the wind also got to the leaders in time to permit them to finish with Jack.

Buffalo Yacht Club celebrated its 100th anniversary in the year 1960 and as part of its extended sailing program, hosted the Lake Erie Lightning District Regatta. The Point Abino station of the Yacht Club was the scene of the five race series held on August 12, 13, and 14. All races held in near perfect weather were sailed around a 10¼-mile triangular course with the weather mark set by a course boat which went directly to windward of the starting line at the five-minute gun.

The starting gun was answered by a fleet of 37 contenders. Tom Allen, our perennial winner, showed the fleet the way by rounding the weather mark first and never was headed. He was followed by Tom Fallon, then Allen Bernel. The second race was perhaps the most critical race of the series for both Tom's, Allen and Fallon. Fallon had worked out a lead of 100 yards over Bernel, his closest competitor. The leg was a broad reach and Fallon headed Flare for a marker that was upwind from the actual buoy and doused his spinnaker. By the time the crew noted it was the wrong mark, and the spinnaker went back up again, Bernel's Foamy had moved into the lead. Tom Allen in the meantime had a poor start and had worked his way up from 13th spot. On the last weather leg, all boats but Bob Bleasby's went into shore on a port tack. Bleasby's long starboard tack out into the lake paid off and he finished first two boat lengths ahead of Bernel closely followed by Fallon and Allen. Allen's recovery in this race from 13th to 4th was desperately needed as the following races will show.

The third race was sailed in easy ten-mile wind and Al Bernel and his crew worked out a good lead in the first weather mark and never were contested finishing with a good 300-yard lead over Tom Allen. Tom Allen again worked up from 11th spot to finish 2nd followed by Butch Walker and then Tom Fallon. Prior to the fourth race, Bernel enjoyed a short lived first place overall position but a see-saw battle between Allen and Fallon with Fallon finally crossing the line just ahead of Allen and Bernel finishing 5th made the score stand Allen 9, Fallon 10, and Bernel 11. The other top finishers in this race were Bill Hughes 3rd and Karl Fahrner 4th.

The fifth and final race was sailed in puffy winds up to 18 miles. At the first weather mark, it was Bleasby followed by Allen, Bernel and Fallon. Tom Allen's skillful sailing technique then came into play and he finished first and again for the eighth time this twice National Lightning Champion had won the Lake Erie Districts. Yet, this time he was closely challenged by his club mate, Tom Fallon. The final standings were Allen 10, Fallon 12, Bernel 18, Walker 26, Bleasby 27. The balance of the top ten were Smither 6th, Stu Anderson 7th, Karl Fahrner 8th, Bob Birmingham 9th, Bill Hughes 10th.

Our district was elated over the fact that of the eight boats from our district that sailed in the elimination at Tawas, six qualified for the International fleet and the seventh boat would have also been in the top fleet if Bill Hughes had not broken his rudder in the second qualifying race.

Silver Lake Yacht Club held their annual regatta in the middle of September and high winds interfered with the normal races of the day. When the three races were completed, Rand Dilliot in Stu Anderson's Glockenspiel accumulated sufficient points to win the regatta. This regatta is gaining in popularity and Bill Van Arsdale is starting to worry whether they will be able to handle the crowd. Don't worry Bill, just continue to show them the good time you do and don't worry about the rest of the sailing.

Our district regattas came to a close in late September at the Sandy Beach Haul Out meet. Our districts are to be held at this club so we looked forward to the experience we would gain at this meet. The lines were set-up fairly but the lack of wind at the up-river mark made this mark a real hassle when the mark was rounded by a group of boats. Hope they have a fan blowing at this mark next year. The first two races were won by Al Bernel but his effort to round the up-river mark in first place in the final race resulted in a DSQ and lost the regatta for him. Stu Anderson by consistent sailing won the regatta with Tom Fallon second and Skinner Reynolds third.

Lake Erie District is advertising the various regattas of our district to be held during 1961. We extend a cordial invitation to all sailors to come and join us in fine sailing waters.

District Champion George Fisher with crew, Chris Mykrantz and Don Wilson.

OHIO-INDIANA DISTRICT REPORT

District Commodore: Jay Limbaugh

District Secretary: Ralph D. Powless

Fleets: Indian Lake (23); Leatherlips (27); Turkey Foot (33); Pymatuning (36); Mentor Harbor (37); Toledo (42); Buckeye Lake (43); Rocky River (71); Port Clinton (136); Mansfield (150); Wawasee (154); Northeast (207); Atwood (212); Berlin (236); Indianapolis (270); Cowan Lake (303); Jolly Roger (313).

District Report: It seems that the Ohio-Indiana District sailors start their sailing season early as possible by leaving the ice locked northern waters and heading south. Our district is always well represented throughout the Southern Circuit. Mark Auer #6503, Bud Nelson #7480, The Davis Boys #6530, Jon Ruhlman #7320, The Limbaughs #5082, and Pinky Allen #5432 were the fortunate ones to enjoy the southern breeze last year.

Hitting the regatta trail in the Ohio-Indiana District can keep your trailer well used by attending the Great Lakes Invitational, Ohio Interclub, Hoosierland, Pymatuning, Pow-Wow, District, Cleveland Yacht Club, Interlake, Harvest Moon, Snow Flurries and Snow Ball Regattas. For results of these regattas you can check individual fleet reports.

The two most noticeable things in the Ohio-Indiana District was the over-all lack of wind and the addition of a goodly number of new Lightnings.

The only breezes to be found the past season was four of the five races at the districts and three beautiful, howling, screaming airs at Pymatuning. The rest of the season tested the patience of all the skippers.

Some of the new boat skippers making their presence known were #7645, Mark Auer; 7688, Dave France; 7517, Bob Mann; 7649, Bob Williams and two former Brand X sailors John Ranft, 7515 and Sam Hayes 6503.

The nine boats making their way to the beautiful waters of Tawas Bay were our District Champion George Fisher, 4865; Runner-up Mark Auer, 7645; Chuck Maltbie, 6033; Bob Mann, 7517; Roy Knapp, 5048; Frank Hornby, 2706; John Ranft, 7515; Jim Davis, 6530; Jay Limbaugh, 5082.

George Fisher brought back the third place hardware in the President's Cup. Chuck Maltbie played the part of the sleeper and managed to capsize (to windward) in the qualifying races, thus bringing home the first place trophy in the Governor's Cup.

As a passing note I would like to give a vote of confidence from the Ohio-Indiana District to the new qualifying system for the Internationals. All of our members who were in attendance at Tawas commented very favorably to the qualifying series and to the fine way the regatta was handled. The latter reflects on the wonderful facilities and beautiful water of Tawas Bay Yacht Club.

One final fling by the die-hards from our district was the fabulous Quantic Regatta. John Schneider, a new sailor from Buckeye Lake Yacht Club and Jay Limbaugh trailed their boats to the Marine Base and from the same club Lightning skippers Sam Hays and George Fisher ended up on board crewing. This regatta was climaxed by all BLYC skippers being snow-bound on the return trip.

Our District Champion George Fisher was again elected a Vice President of the LCA. District Commodore Jay Limbaugh was given the job of Vice President of International Affairs. Jay was also presented with a life membership in the LCA for being editor of the 1958 Year Book.

1960 Snowball Regatta winner with crew. L. to r.: Dick Quinn, Genna Hamister, and skipper Mark Auer.

ITALIAN DISTRICT REPORT

District Commodore: Enzo Di Lorenzo

District Secretary: Mario Cavallo

Honorary District Commodore: Lorenzo Daretto Adm.

Honorary Vice Commodores: Riccardo De Sangro Fondi and Franco Acton di Leporano

Fleets: Naples Fleet (191), Sorrento Fleet (223), Marivela Fleet (235), Castellammare Fleet (237), Anzio Fleet (278), Lega Navale Italiana Fleet (312), La Spezia Fleet (321), Roma Fleet.

District Report: The District has been active during this year although the Olympic games, which of course have directed the attention more on the Olympic boats.

Races have been held among the fleets, and more active have been the fleets Spezia and Anzio, organizing inter fleet races. For the first time at Anzio has been held the "Coppa Giovannetti" for young boys. The challenge has been given by Mr. Massimo Giovannetti, an old Yachtman.

The race has been held at Anzio and eight boats of Roma Fleet, Anzio Fleet, La Spezia Fleet entered the event.

Final standing:

- Caramba—Anzio Fleet
- Satanasso—Anzio Fleet
- Milky Way—La Spezia Fleet
- Ballerina—Anzio Fleet
- Mascherina—Lega Navale Italiana Fleet
- Micaela—Lega Navale Italiana Fleet
- Tevere—Roma Fleet
- Zenith—La Spezia Fleet

La Spezia Fleet organized many races. The season closed at Portovenere, delightful bay, near La Spezia, with the races for the challenge "San Venerio".

With strong wind from NW in the three races the final standings were as follows:

- Fandango—Sorrento Fleet
- Baleno—Marivela Fleet
- Azimuth—La Spezia Fleet
- Zenith—La Spezia Fleet
- Sakr el Bahr—La Spezia Fleet
- Milky Way—La Spezia Fleet

The District championship wasn't held in this season, but Italian boats entered the European Championship at Lucerne, Switzerland, and was won from the Italian boat Fandango skippered by Franco Cavallo with crew Franco Valentino and Mario Cavallo. Runner-up was the Swiss boat Garoupa skippered by C. Lambelet. Third was the Italian boat Posillipo skippered by Gaetano Pesce.

DIXIE DISTRICT

District Commodore: Dr. James Gilbert

District Secretary: Mary Wilkinson

Fleets: Washington (50), Indian River (72), Sue Island (87), Northeast River (192), Susquehanna (253), Rehoboth (325), Severn River (329).

District Report: The Dixie District has had one of its most successful seasons. The annual meeting was held in March at the Sparrows Point Yacht Club, where plans for the year were made. It was decided to have the Championship races at Baltimore Yacht Club, the home of fleet #87.

Fifteen regattas were scheduled for the season, with most of them under the sponsorship of the Chesapeake Bay Yacht Racing Association. The CBYRA championship was won by Barney Mead, with Carl Burreas as runner-up.

A good number of boats turned out on the circuit this year, making for close competition.

Twelve boats were at the Spring Regatta at Annapolis, and by the time of the Presidents Cup at Washington, 40 boats were on the starting line. This was the largest class represented in the event which had a total of 176 entrees.

At our annual Quantico Regatta in November, there were 69 Lightnings with boats from as far away as Buffalo, New York and Ohio. We think this was the largest turnout of any one-design boat for any race except an International event. Tom Fallon was there and told us a little of the plans for next year. It goes without saying that the hospitality of the Marine Corps is beyond description. Our own Marbury Fox took home the first place trophy.

The Championship races were held the last of July in perfect weather. The breezes for the first three races were light but steady. For the last race, however, the breeze played all kinds of tricks—light but never from the same direction for any length of time.

Robert Tunnell, of Indian River, took first place; Marbury Fox, second; Barney Mead, third; Herm Henschen, fourth; and Carl Burreas was fifth. Dick Heald was winner of the Novice Trophy. Only .07 of a point separated Bob and Marbury, so you can see the closeness of the competition.

With two new fleets, the Rehoboth and the Severn River, added to our number, and with quite a few new boats and sailors, we are expecting even better things for the next year.

CONNECTICUT—RHODE ISLAND DISTRICT REPORT

District Commodore: Martin J. O'Meara, Jr.

District Secretary: David M. Peterson

Fleets: Housatonic (6); Black Rock (17); Columbia Lake (49); Branford (63); Candlewood Lake (82); Niantic Bay (85); Groton Long Point (105); Western Narragansett Bay (119); Cedar Point (126); Madison Beach (129); Noroton (134); Pequot (153); Wadawanuck (183); Norwalk (230); Milford (238); Darien (255); Sachem's Head (269); Sheffield Island (302).

District Report: The Saint Pete regatta attracted three of our able sailors, Bud Olsen, Marty O'Meara and Walter Crump. However, Bud Olsen was the only one to compete in the newly created Southern Circuit. Upon their return to cold Connecticut (with their sun tans), they all stressed what the rest of us had missed by not going.

Our season got started early in May for the second year with Fleet 238, Milford Yacht Club, once again holding a tune up series. Bill Healy of Niantic proved to be the best in tune. This series stimulates the paint brush for those anxious to get their boats ready in time for the regatta.

Next among the activities of the District was the Early Bird Regatta at Niantic Bay, held June 25-26, Steve Bachman of the Pequot Yacht Club led the way at Niantic with Bud Olsen and Marty O'Meara following in that order.

The Pequot Invitational regatta was held July 9-10. Wally Lineburgh came out on top in his famous Zig Zaggar. Ricky Sharp was second with Wayne Brockett third.

Our District races were held on August 6-7 at the Housatonic Boat Club. A four race series was scheduled. However, the air was lazy, permitting only three races, and allowing five hours of boat hopping and swimming activities while skippers and crews awaited the wind on Long Island Sound. Our new champion, Wally Lineburgh, won a closely contested battle. Wally was down in the tank in the last race but came back nicely to fifth place to win the series by 4½ points over Wayne Brockett. The top ten in the Connecticut-Rhode Island District Championship Races were:

Position	Boat No.	Name	Club	Points
1	5841	Wally Lineburgh	Pequot	92¼
2	7249	Wayne Brockett	Branford	88
3	6849	Bill Healy	Niantic Bay	83¼
4	7639	Ricky Sharp	Pequot	83
5	7019	Jimmy Crane	Noroton	79¼
6	5985	Tom Munnell	Pequot	79
7	7520	Bud Olsen	Housatonic	74
8	6348	Steve Bachman	Pequot	72
9	7050	Jim Allen	Cedar Point	67
10	6346	Wally Crump	Noroton	66

It was our pleasure to have the Atlantic Coast Championship Regatta held within our District this year. Fleet 238, at Milford Yacht Club, served as excellent hosts for this big event which took place August 13-14. The wind played a few tricks on us by dying out in the first race causing a few boats to anchor. The Long Island Sound current proved more powerful than the wind at this point. The race was completed, however, and the race committee revealed their stamina by starting another race later in the afternoon. It looked like another drifter, but shortly after the start a dark cloud packed with wind came upon the fleet providing a brisk wind for a fast race. The top ten positions were:

Position	Boat No.	Name	Points
1	6819	Dick Sykes	88
2	5988	Bizzie Monte-Santo	84¼
3	5985	Tom Munnell	84
4	6348	Steve Bachman	82¼
5	6927	Mike Grinnell	80
6	6567	Dave Peterson	77¼
7	7128	Andy Connell	73
8	7520	Bud Olsen	71
9	6648	Lucy Sheldon	68
10	5841	Wally Lineburgh	66

No rest for the weary, as the Long Island Sound Championship regatta was held the following weekend, August 20-21, with fleet 134, Noroton, as host. Once again the air was light, but keen competition provided a good series. Freddie Hibberd of Rye, New York, came out on top of the 31 boat fleet. Standings were:

Position	Boat No.	Name	Points
1	6777	Freddie Hibberd	85 1/4
2	5841	Wally Lineburgh	82 1/4
3	6819	Dick Sykes	81 1/4
4	7019	Bob Crane	78
5	6654	Carter Ford	70
6	7125	Walter Scott	62
7	6348	Steve Bachman	61
8	7337	Don McNair	60
9	6445	John Barton	59
10	7616	Skip Guilliard	59

Twenty-one boats appeared at the Branford Yacht Club the following weekend, August 27-28, for participation in the Connecticut Governor's Cup regatta. This was the fourth straight weekend of regatta racing for a few of the boats, skippers, and crews—ambitious souls! Sleeping mornings, racing afternoons with the home fleet was one of those memories at this point in our 1960 season. Winds were medium to light and relatively steady. Wally Lineburgh tied on total points with Bill Healy, each having 59 1/4 points. However, Wally had beaten Bill in two of the three races, and was declared the winner. Wayne Brockett, Commodore of the Branford Yacht Club, our hosts, was third. Only 4 1/4 points separated the first four boats.

By this time some of our boats were in high gear and ready for the Internationals! At the end of the big battle at Tawas Bay, we were very happy to learn that Bud Olsen was third in the Internationals.

Fleet 238, Milford Yacht Club, held the Last Chance Regatta on September 24-25. Two races, one each day, gave plenty of time for participants to celebrate their victories or drown their sorrows. Bud Olsen held on to his Tawas Bay technique, winning the final race with a six-minute lead in heavy air to cop the series. Bill Healy was second followed by Henry Ludlow. Henry is one of Wayne Brockett's crewmen. Wayne had quite a time at this regatta hopping over the centerboard trunk.

Thus the season ended as one of the finest yet. A common feature of almost all the regattas throughout the summer was an exchange of places at different points of each race. The choice of possible winners was much greater this year revealing keen competition and lots of fun.

The Connecticut-Rhode Island District has created a new position known as District Historian. Duties consist of keeping records of past events and submitting news articles to various boating magazines.

We are looking forward to the coming season.

FINLAND DISTRICT REPORT

District Commodore: Jukka Koskimies

District Secretary: Raimo Aromaa

Fleets: Helsinki (166); Kokkola (297); Kotka (298); Loviisa (299); Pori (306); Oulu (307); Raahe (308); Kemi (310); Jyväskylä (328).

District Report: The 11th year of activity of Finland District started on October 28, 1959, when the annual meeting was held in Helsinki. The previous commodore Raimo-R. Nordstrom was succeeded by Jukka Koskimies, whereas the secretary-treasurer Raimo Aromaa was re-elected. Erik Suni, Stig Wikman and Esko Linstrom were elected to hold other places of the district's administration. The annual meeting was followed by an informal session with films and a report by Raimo-R. Nordstrom and Raimo Aromaa about the participation in the European Championships at Anzio, Italy, on September 13 and 18.

During the sailing season the Lightning Class has shown great activity in many areas in Finland. Most fleets report of many races organized during the summer in their localities. Our District has also got one new fleet, No. 328, Jyväskylä Fleet, which sails at Paijanne lake. We have about 60,000 lakes in Finland; big and small, but this is the first Lightning fleet which has been established on the lake area. However, we believe, that the enthusiasm will spread quickly now that the start has been made.

The District Championship races were organized this year by yacht club ONS and Loviisa Fleet (299) on August 3 and 7. Nineteen Lightnings from four fleets entered the races, which were perfectly organized, like always in Loviisa. During the series of five starts the weather was fine, light to moderate winds and cloudless skies. The District Championship was captured by previous champ, Raimo-Ragnar Nordstrom, sailing his fine boat, Katrina, with wife Lila and Ilmari Elo crewing. Nordstrom's victory was really overwhelming, he was first over the finish line in all the five races and thus collected 76 points. Runner-up was Raimo's brother, Veli-Ragnar Nordstrom, with "Sill-da-Capo," also with fine series of three seconds and two fourth positions and 70 points. Third was Veikko Larmia with his "Pepita," 69

pts.; all these three are from Loviisa Fleet. Fourth became the best visiting boat, "Kesaheila," Raimo Aromaa skippering, from Helsinki Fleet, with 67 pts.; fifth Pentti Helpio (Cinderella) from Loviisa fleet and sixth was Markku Paloma, young skipper from Oulu Fleet with his fine "Kikka," who had made the longest trip to the races from almost the northern end of Gulf of Bothnia. Then followed: Stig Haglund (Hurricane); Urho Liimatta (Diwa); Urpo Kurki (Suit-Sait); Aimo Hanninen (Marina); Erik Suni (Piraya); Paavo Manninen (Evy-Ann); Jukka Koskimies (Tuttemuj); A. Hyrsky (Dinorah); K. Blomster (Riitta); E. Gustavson (Sea-Hawk); E. Lindstrom (Susanna); H. Wasenius (Pinocchio); and W. Mosaleff (Vesijehu).

Several interfleet events within the District included the great Helsinki Regatta on July 2 and 10. Raimo Aromaa, with "Kesaheila," won all the regatta's five open races, but B.O. Owren with his "Speed VI" took regattas Rautavaara-Kacklund Trophy. Lightnings from Loviisa and Kotka Fleets participated in Eastern Finland Regatta where Veikko Larmias "Pepita" won the points prize.

Raimo-R. Nordstrom from Loviisa Fleet and Stig Wikman from Helsinki Fleet participated in the Lightning Class European Championships in Lucerne, Switzerland. Nordstrom trailed his boat "Katrina" all the way to Lucerne and finished the races in the fifth place, despite the very unsteady and strange, at least for him, weather conditions. Our other representative, Stig Wikman, who participated with a borrowed boat, wasn't so lucky; he finished the races 15th.

Finland District organized Lightning departments in the Boat Shows at Helsinki and other yachting centers during the last winter and spring. The shows were greatly successful for our fine class and gave much information about the Lightning to the people.

We are going to get at least 15-20 new Lightnings in our District for next season, and it seems that our fine yacht will be quite a popular sight in the races throughout the country after a few years.

Left to right: Thad Anderson, Millard Irion, and Francis Favaloro.

SOUTHERN DISTRICT REPORT

District Commodore: John "Buck" Ballatin

District Secretary: Gil Whitworth, Jr.

Fleets: Lake Pontchartrain (62); Mobile Bay Lightning Class (135); Shreveport Lightning Fleet (175); Pass Christian Lightning Fleet (179); New Orleans Lightning Fleet (209); Bay Waveland Lightning Fleet (211); Gulfport Yacht Club (235); Biloxi Lightning Fleet (239); Pensacola Lightning Fleet (324).

District Report: Amidst fog, protests, wholesale disqualifications and 20-25 mph. northerly winds, our sailing year began with the Sugar Bowl Regatta, January 2 & 3, 1960.

The story of the first race on Saturday, January 2, the race which didn't count, reads like a comedy. The Lightnings, one of 14 classes participating in the Sugar Bowl Regatta, sailed on New Orleans Yacht Club race course. The wind at the start was NE about eight mph. and visibility was less than a mile. Shortly after the start the fog closed in and visibility was less than 100 feet for the remainder of the race. All Lightnings overtook the first windward mark and spinnakers were hurriedly set for a run back towards the mark. All boats finally navigated (followed the preceding boat) around the first lap and began the second windward leg. This is where the real trouble began.

Tommy Allen in Ticonderoga navigated excellently and finished the round first, but he could not locate the committee boat at what should have been the finish line. Therefore, he anchored and set up a line and took the numbers and times of those Lightnings following him past the home buoy.

In the meantime, Lightnings were scattered for several miles in every direction. Some ended up near the Causeway (a 23 mile bridge across Lake Pontchartrain) which is west of NOYC's course; others ended up on Southern Yacht Club's race course which is east of the NOYC course.

The climax, however, was the predicament of the committee boat. It seems that after the first round the race committee weighed anchor in order to move from one side of the home buoy to the other in order to set up a finish line. In so doing the committee lost the buoy in the fog, never to find it again that day. Finally, they cancelled the race. Fog continued the remainder of Saturday so all afternoon races were cancelled.

Sunday morning, January 3, dawned clear and windy. As a result of the high wind and rough water a number of protests arose. Most occurred at the starting line with many skippers attempting to get windward at the gun. The first round spinnaker leg really provided a wild ride. However, the wind decreased during the second round to 15 mph. This resulted in excellent sailing conditions for the afternoon race. Bob Banck in Hi Yala, Francis Favaloro in Annie and Buck Ballatin in Shirley B, finished in three of the first four places but all were disqualified.

The entries and order of finish follows:

Ticonderoga	Tommy Allen	Annie	Francis Favaloro
Dutch	Gil Whitworth	Shirley B	Buck Ballatin
Black Jack	Kelly Kane	Stars & Bars	Horace Jacob
Pink Lady	Ronald Ripple	Shu Shu	Francis Manion
Nike	Erston Reich	Elda	Joe Young
Hi Yala	Bob Banck		

The Mardi Gras Regatta was sailed at the New Orleans Yacht Club on February 27 and 28. Throughout the series winds were light and the weather was warm; excellent weather for Lightning racing and Mardi Gras parades. For the first time Fleet 209 of NOYC swept the prizes with Buck Ballatin in Shirley B, Francis Favaloro in Annie and Gil Whitworth in Dutch finishing in that order.

The Gulf Yachting Association Lightning Championship was held at Pass Christian Yacht Club, June 18 and 19. The Eugene Taylor Perpetual Trophy is awarded at this regatta. The widow of the donor, Mrs. Eugene Taylor, attended the races in her yacht from Pensacola, Fla. In addition to presenting the trophies she provided the several cases of iced champagne required to fill the trophy. Needless to say all skippers and crews enjoyed themselves immensely. The contest in the regatta was for second place and on down the line. Ed Overton won all three races to win first prize easily. The order of finish follows:

Mauvillian	Ed Overton
Annie	Francis Favaloro
Black Jack	Jack Dane
Hi Yala	Bob Banck
Aeolus	Ralph Pringle

The district championship was sailed July 15, 16, & 17 at Fairhope Yacht Club. Light wind prevailed in four of the five races. The lead changed hands many times in most of the races but Ed Overton in Mauvillian was at the top of the fleet at the finish line. This is where the points are won and Mr. Ed easily led the fleet throughout the series. This is surely one of Mr. Ed's finest efforts in Lightning sailing against a fleet which included all the best skippers in the District.

The social events of the regatta included a cocktail party at Colonial Inn Saturday afternoon and a buffet and dance at the yacht club that night.

The entries and results of each race follows:

No.	Name	Skipper	1	2	3	4	5	Pos.
7399	Mauvillian	Ed Overton	1	1	2	1	2	1
2363	Annie	F. Favaloro	4	2	7	3	4	2

In New Orleans the racing Lightnings are dry-sailed from Eager Beaver Landing. This is an association formed jointly by members of Fleets 62 and 209, and its avowed purpose is to promote Lightnings and Lightning races. Each year the association sponsors two series. Eager Beaver Warm Up, sailed prior to race week on the Gulfport and Eager Beaver Championship, sailed prior to the respective fleet Championship. This year both the Warm-Up and the Championship series were sailed at SYC.

The Eager Beaver Championship was sailed in moderate air except for two legs of the final race when a wind squall hit with gusts approaching 40-50 mph. This resulted in quite a wild ride for all boats, even those few that dropped sails. You know the competition is heated when only a few boats douse sail in 40-50 mph. gusts. The ability of the skippers and the condition of their boats cannot be praised too highly since no damage or difficulty resulted from this brief but severe wind squall. There were 18 entries in the Eager Beaver Championship series with Tommy Allen in Ticonderoga finishing first followed by Buck Ballatin in Shirley B, Francis Favaloro in Annie, Gil Whitworth in Dutch and Jack Dane in Black Jack.

The final regatta of our sailing year is the Frost-Bit sponsored by Pass Christian Yacht Club. It was sailed December 3 and 4. In addition to the usual trophies presented at this Regatta, a perpetual trophy in memory of John Curren was awarded. This trophy was purchased through contributions by the sailors of the entire Southern District.

Ten boats participated in 50° temperature on Saturday and 65° temperature on Sunday. The winds were ESE from 12-20 mph, Bob Banck of SYC in Hi Yala won first prize by his consistent sailing. He was followed by Erston Reich in Nike who sailed an excellent regatta. Third was Ed Overton who won two races and finished first in the third but he hit the home buoy and dropped out of the race. Francis Favaloro was fourth and Buck Ballatin fifth.

Gordon Bishop of PCYC handled the race committee and he did an excellent job. As usual the hospitality of PCYC cannot be praised too highly. It is always a pleasure to sail at their club.

Unfortunately this report must close on a sad note.

Ethan Allen of SYC, an avid Lightning sailor, died November 30, 1960. The Southern Lightning District, and the LCA lost a most enthusiastic member; a sailor who participated in Lightning activities with all the fervor of the rawest recruit, but who possessed the experience and ability to make a Lightning go that very few of us ever attain.

Ethan, together with his wife, Lydia, crewed for his son, Tommy, in Ticonderoga. He was President of Eager Beaver Landing, the home of racing Lightnings in New Orleans, for several years.

Ethan Allen was a fiery competitor. On difficult problems confronting the Lightning members his position was always presented clearly and fairly. He stood up and was counted on all issues, dry land problems of administration or racing protests.

The Lightning Class has gone ahead in our District through the years and Ethan Allen has played a most prominent part. We have lost a dedicated sailor.

We recommend Ethan to St. Peter as a spinnaker man of the finest quality.

One of the most consistent sailors in the Southern District is pictured together with his crew. Francis Favaloro is an electrical engineer employed by New Orleans Public Service and his crewmen, Thad Anderson and Millard Irion, are students at Louisiana State University.

For some years now Francis has been the Chief Measurer here in the New Orleans area for the Lightning Class. He built his boat, Annie 2363, more than a few years ago. So in addition to being an excellent sailor he is one of the few consistent winners that sail an old boat.

Francis Favaloro has some interesting ideas about the construction, tuning and rigging of Lightnings. Being Chief Measurer, he is adamant on the idea that all Lightnings are built so closely alike that boats, new or old, present much the same contour to the water. Hence, upkeep and maintenance, not age determine the boat's maximum hull speed. His thoughts on tuning seem quite different from many others. He believes that mast should be almost plumb; if the mast is raked it should be only so slight and it should be aft. The most important factor in boat speed is the setting of the sails. Francis has one suit of sails which he adjusts on the spars almost continuously by use of the out-haul and down-haul. His boat is rigged simply but soundly. Fittings are up-to-date but he does not experiment with any and all gadgets which appear on the market. He is sound in his sailing strategy, a hard competitor, and he is, above all, a fine yachtsman in the true sense of the word.

Our Fleet had a very active and successful racing season.

The regular club races consisted of two Saturday Series and two Sunday Series with the Fleet Championship awarded to the overall Saturday winner.

Long Distance races were sailed on the Fourth of July and Labor Day, and the Annual All Lake Regatta was held August 13, with over six classes competing on a handicap basis.

Skaneateles was host to the 26th Annual Regatta of the Central New York Yacht Racing Association on the 29, 30 and 31st of July.

170 sailboats in nine different classes competed in three days of competition.

The Lightnings were the largest class with 33 boats.

Final Standings: 1. Stu Anderson, Niagara Sailing Club; 2. Karl Fahnener, Cuba Y. C.; 3. W. H. Finn, Skaneateles Country Club.

Our season began on the Memorial Day weekend with a 14 race series which did nothing to modify last year's results for the first three places. Bill Wingard is again Fleet Champion with Jay Doty runner-up; (it was closely contested) and Johnny Burke third.

This was an unusual season in that after the first race was postponed in favor of installing the race course marks, not another point score race was postponed for any reason. This may have been a case of poor judgment, as witness Al Berg's photographic spill in the thirteenth race of the series which effectively removed him from contingent in the series.

Al Berg had a wonderful time enjoying the Milwaukee Club hospitality at the P. & T. series, taking two first and a second. He said he wants to go back.

Wingard, Doty, Ross, and Brandon took three boats down to the Hoosierland Regatta at Lake Wawasec, Indiana. Wingard and Doty took first and second. This seems to be a favorite out-of-town spot for the Corinthian Lightning skippers.

The Burham Park Small Boat Regatta held over the Fourth of July weekend was well attended by Corinthian skippers. Winds registering to 35 mph on the first day to 10 to 12 mph on the second, gave everybody an interesting and closely contested series. At the final gun, Doty was first, Spitz was second and Wingard third, but with a single point separating each boat.

The major event of the season was the Midwest Regatta. Fifty boats weighed in, the record to date, taxing the facilities of our new clubhouse. Strong northwest winds dominated the first race. The winds increased to a point where high waves caused cancellation of the afternoon race. This gave the skippers time to rest up for the evening steak fry. The next day the winds were light and fluke for the morning race, but by afternoon the winds freshened up and held for the third race. The final standing were: Wingard first, Al Berg second, Cully Cobb of Nashville third on Racehorse, Joy Doty fourth, Harry Spitz fifth, Taylor seventh, Ronnie Blair of BTYC seventh, and DeVries of St. Joe eighth. Corinthian did well to take three out of the four places.

The Gim Hobelman Sunlight Regatta provided more than enough wind for all skippers. The first race was called after four legs, and the third was called after once around. Quite a few of the top boats fouled out in this series. Bill Wingard, Ronnie Blair and Al Berg were the winners in that order.

The Corinthians went all out in the one race LMYA Small Boat Regatta taking the first five places at Chicago Yacht Club. In flukey airs it was Jay Doty leading Earl Ross, Al Berg, Bill Wingard, and Johnny Burke.

The George Orr Regatta found so little wind near the starting line that many skippers had no time to pick up their crews at the dock as planned. The sequence was: Wingard, Dave Dowrie sailing Doty's boat, Weninger of BPYC, Johnny Burke, and Al Berg fifth.

The Daily News Regatta was a ten-mile duster with the three leaders finishing five minutes before the pack. It was Al Berg, Bill Wingard and Ronnie Blair.

Many of the top boats were missing for the Labor Day Series, thus permitting new names to appear in the winning column. Wayne Brandon, Johnny Burke and George Carlson finished the series in that order.

Jay Doty's performance at Tawas Bay in the President's Cup Series was outstanding. He took first place in three straight races and finished first in the series. Al Berg and Earl Ross qualified for the Internationals. Earl Ross took a second in the second race and a tenth in the series. Al Berg finished 17.

The Red Flannel Regatta was held at Burham Park this year. The weather was heavy in the morning and picked up for a cancellation in the afternoon. Two races were held back to back on Sunday in more reasonable airs. The order finish was: Bill Wingard, first; Herm Nichols, second; and Johnny Burke third.

Fleet #6 carried on a very ambitious 1960 summer program with 31 scheduled races plus the juniors and the handicap series. Honors were well divided with 14 skippers receiving racing awards at the Annual Trophy Dinner held in November. In between, members of the club participated in various interclub and area regattas, and were well represented in the Internationals by Edward R. "Bud" Olsen. Dave Olsen and Jim McMellon helped Bud bring home the third place trophy.

The Housatonic Boat Club played host to the Connecticut-Rhode Island "Districts" during the weekend of August 6 and 7. Fleet #6, Captain Rudy Smith and his most co-operative crew did a fine job on arrangements and overlooked only one small detail. No one thought to provide a sailing breeze for the Sunday morning race. The Fleet #17 Race Committee from Black Rock teamed up with Henry Van Gilson and his Fleet #6 Committee to provide topnotch supervision of the events.

The Housatonic Boat Club races are classified as being either "Outside" or "Inside."

Outside races are held in Long Island Sound, off the mouth of the Housatonic River. The starting and finishing lines are laid out approximately four miles from the club moorings. With adverse winds and tides, the Lightnings are often required to sail longer and harder before and after the races than they do during the races. It is to the credit of the skippers and their crews that only once during the season did the fleet accept a tow either way. A combination of outgoing tide, dying wind and a Saturday night club supper and dance broke the record.

The "Inside" or river races are sailed on what is probably one of the sportiest courses in the east. The heavy river traffic includes everything from little outboards to barges under tow, and barges under tow do not grant the right of way to sail. There is normally a four-knot tidal current either coming in or going out. Boats are moored along both sides of the narrow winding channel. The successful river racing skippers in addition to normal skills must be adept at dodging, sailing through mudflats and playing the current.

Over-all these racing conditions help to develop good sailors, and are a challenge to the skills of the best.

This summer Fleet 7 gained several new members due to increased interest in our area which includes the Belle Haven, and Indian Harbor Yacht Clubs, the Greenwich Cove group and Riverside Yacht Club.

Of 21 local races scheduled only 16 were held due to inclement weather. Carter Ford successfully defended his crown for the fourth successive year, Kevin Keogh again being the runner-up.

As usual, our members participated in a number of outside regattas, the outstanding results being as follows:

Larchmonth Race week, even No. div.....	Carter Ford, 2nd
	Lucie Sheldon, 3rd
L.I.S. Instructors Championship.....	Doug Bruce, 1st
District Championship.....	Carter Ford, 2nd
District Commodores Cup.....	Doug Bruce, 1st

This year Fleet #10 launched two brand new Emmons Lightnings, both of which proved to have plenty of zip.

Gordon Stillman's new boat with Bruce skippering regained the fleet championship trophy with a 1st, 2nd, and 3rd in the Afternoon, Labor Day and Morning Series, closely followed by Bob Leichter with a 1st, 2nd, and 3rd in the Labor Day, Morning, and Afternoon Series. Dave White took the cup for the Morning Series and a second place flag in the afternoon races.

Dick Jensen, sailing his shiny new Cathy climaxed his first year of sailing with a third place flag in the Labor Day Series.

Onandaga's Lightnings were represented at the Central New York Regatta, Skaneateles, Central New York District Eliminations at Sodus, and the Sodus Invitational.

For the first time Fleet #10 was represented at the Internationals with Dave White and Carl Cheney learning a lot in the "Ladies Rest Room."

For the Canoe Club, the 1960 "Northern Circuit" season began May 7, when the last icebergs left Abino Bay, and ended November 30, the day of Buffalo's first crippling blizzard—and the beginning of the first southern sailing trip.

Tom Allen, District champ for the eighth consecutive year, and crew of Karl Smither and Bob Chambers represented the United States well in the Western Hemisphere Lightning Championships at Buenos Aires by winning all five races.

During the season, Canoe Clubbers either won or were in contention in every regatta entered. Tom Fallon, with a win, place and show in the three cities, lifted the Southern Circuit Championship from defending champ Karl Smither to keep the Southern Trophies on Abino Bay for the second year in a row. Tom Allen won the Niagara Frontier Invitational, with Bill Hughes, Smither and Fallon enabling the host club to take four out of the top five places. Allen just edged out Fallon in both the Fleet and District Championships, and Smither's fifth was the best of the six Fleet 12 boats at Tawas. Al Bernel and Fallon were first and second in the Niagara River Championships, Bernel had a second at the LYRA Regatta in Toronto, and Fallon won the Sandy Beach Haul-Out Trophy.

Perfectionist Al Bernel, a new Fleet 12 member, has definitely upset the "Terrible Trio" at the Canoe Club, and has become a regatta sensation. Al won the first race of the Internationals, and except for a few unfortunate circumstances, could have won the Quantico, LYRA, and Sandy Beach hardware. Bill Hughes came close several times in major regattas, and if #7548 ever gets moving, these three traveling boats could help bolster the "Trio" in 1961.

On Abino Bay, the Fleet is experiencing the first real revival and growth since the days of Graf and Grainge. The new boats of Bob Montgomery, John Hylant and Al Dewey will be augmented next year by those of Ed Roseberry and Bill Heausler, both experienced and competent sailors. With Bob Adams, Russ Crawford, Jack Sloan, Pete Paullin, George McDougall and Don Ferguson also sailing regularly, Fleet 12 could have as many as 17 boats at the starting line next summer.

Following are the 1960 Fleet 12 series results:

Series	Winners
Eby	Smither, Bernel, Hughes
Coleman	Smither, Hughes, Fallon
Viking	Allen, Fallon, Smither
Roseberry Franclemont (A. Div.)	Hughes, Ed Roseberry, Adams
Roseberry Franclemont (B. Div.)	N. Stievater, Montgomery, W. Potter

Myers Memorial
Fleet 12
Fleet 12 Championship
Thermis C & D
Maccubbin
Change-Boat
Clambake (Lightning Div.)
Iffenpoof (single-handed)

T. Ward, Stievater, Montgomery
Bernel, Adams, Montgomery
Allen, Fallon, Smither
Stievater, J. Bernel, Montgomery
Crawford, R. Smither, Adams
Adams, Stievater, Smither
Fallon, Smither, Bernel
Allen, Bernel, R. Chambers

Perhaps more important than any of the above results is the fact that 14 skippers and crews participated in the three Junior series, with Ed Roseberry just edging Jeff Bernel in the Junior Championship, Cricket Hammond nosing out Curt Montgomery in the Scorekeeper Series, and Bernel beating Tom Ward by a point in the Tommy Franclemont Memorial. Special congratulations are in order for Curt Montgomery who was awarded the Philip S. Savage Trophy for showing the most improvement in the Junior ranks.

Fleet 13 enjoyed a highly successful season. Gerry Young in his new boat collected all the trophies in sight, winning the July, August and Season Series. Ed Kruszona, last year's Fleet Champion, was runner-up in all three. Twelve races were sailed with six different boats sharing first place honors and seven second-place honors. Ray Kruszona did the committee boat honors and contributed much to the success of our season.

A team race series was held in mid-season and a round robin exchange series was held again this year in September. To wind up the season, the Freiburghouse's challenged the Fleet to a race for martinis a "Le Mans" start at the club dock to first crew member ashore on Fishhouse Shoal. We hear a certain female crew member complains about being pushed overboard and told to swim ashore for the win.

Interest and activity continue high. Sixteen boats raced actively during the season, with 15 starting on several occasions. Bellamy and Nelson took their boats to Marblehead Race Week, Abbey and Kruszona competed at the Winnepesaukee regatta, and Gerry Young went to the Districts at Sodus Bay.

Jack Cronin bought John Swanker's 1201 and was competing actively by mid-season, as was Will Merritt, who purchased Bob Fehr's 394 at the end of last season. Ed Freiburghouse bought Ben Wellborn's boat and was active all season. Bob Coble and Steve Mitoff brought 1187 up from the coast and were active by August. John Pannenberg is getting a larger boat and sold Emeraude to Tom Kiser at the end of the season. Bill Thompson and Frank Kittredge have purchased 3806 from Connecticut. We're looking forward to seeing both boats active next year. Offsetting these two additions, Jack Lubahn left in late July and Clyde Deavers moved away this fall. We'll miss them both and wish them good sailing at their new location.

Winter meetings with tactics and rule discussions, movies and slides were held last year and will be continued. Jim Nelson has been elected Fleet Captain and Jack Mangan re-elected Fleet Secretary for the coming year.

The 1960 season was one of the best enjoyed by Fleet #14 for several years. Three new skippers joined the Fleet during the year and will soon be competing with the other oldtimers. Eight regular races were held during the summer as well as two Inter-club Races and the State of Maine Regatta.

In the regular race series, Al Moore in Tym-N-Tide took six firsts and two seconds to win the series easily with 65½ points. Second was Chuck Emerson in White Cap, a newcomer to the Fleet, with 52¼ points. Third was Gran Dyer in Ginger II. The other boats finished in close order. The Com. O'Brien Trophy was won for the third consecutive year by Al Moore.

The highlight of the season was the State of Maine Regatta which is the oldest State Regatta in the Lightning Association. Twenty-seven boats from all over the District and representing

ten Fleets as well as two unattached clubs competed in one race Saturday and two races Sunday. Near perfect weather and winds that were made to order for the races. Duncan McIness, a former local who now sails at Marblehead, Mass., in Creeper #7333 took a second and two firsts to capture first place for the Regatta. Len Pratt of Fleet #145 with two thirds and a second took second and Gard Brown, Fleet #101 took third.

We are looking forward to 1961 and expect several new boats to join us, and with some of the older boats getting new sails and more experience, much keener races are expected.

The big event of our season was playing host for the Metropolitan District Championships. Our John Folwell, District Commodore, got much praise from the other fleets for his able handling of this year's well organized regatta.

Our own fleet sailing season produced the following results for 17 races:

First place	Hank Fretz
Second place	David Ludlow
Third place	Phil Schumacher
Fourth place	Sheldon Evans
Fifth place	John Giles

Achievement Award for outstanding improvement: Bill Sitterly. Bill Robins Handicap Race: Doc Porter.

In addition to easily winning the Bissell Cup for the season's best record, Hank Fretz took first place in the following four short race series: Fireworks, Hub Axford, George Miller and Ericsson Trophy Series.

Graham Hamilton won the Labor Day Series.

A healthy and active fleet results from first place changing hands frequently during the season. This year a third of our skippers, including Fretz, Giles, Schumacher, Evans, Hamilton and Ludlow got "firsts."

"Family sailing gets you close to your kids," says our District Commodore, John Folwell. It is true that the thrills, heartaches and stress of a tough race can create strong family bonds. Fleet 16 is largely a family fleet. Bob and Alice Katz race together and some day, young Bobby will join them. Meg and Beth Sitterley crew abroad "Little Women" for their father. Another father-daughter combination is Pat Gilligan, racing with daughters, Kathleen, Chrissie and Eileen. Before long, two more daughters may crowd Pat out of the boat.

The Schumacher's family boat was skippered by Phil with Jim and Bill, Jr., occasionally at the tiller. Notable in this boat is petite and versatile mother, Dot Schumacher, who can, equally well, handle a hot spinnaker or baby sit with her grandchildren. Then there is aging skipper Ludlow, who sails with his sons. The secret weapon of this combination is that sons, Jim and Dave, wiggle a wicked tiller in their own right. "What's the matter, Pop, can't you hike out further than that?"

Fleet 17 swung into action with a busy race schedule the week after Memorial Day. The schedule included a Saturday series and

two series of Sunday races. Black Rock's Saturday afternoon Junior Series was won by Lee Demarest in Ketchup II, with the second place prize going to Gary Roper in Coot. In the first Sunday series, Lee Demarest came in first with John Barton and Gary Roper taking second and third places, respectively. The second of Fleet 17's two Sunday series was also won by Lee Demarest with John Barton again taking second place and Keen Edenfield in third. The Labor Day Series was won by John Barton with Lee Demarest in second place and Keen Edenfield in third position. In the Fourth of July series, Lee Demarest gained first place and John Barton captured second.

With the exception of one boat changing hands within the club, Fleet 17 did not change at all over the previous year. The same boats are there but there seems to be a change in the amount of interest given to Lightnings, especially by the younger people. Black Rock is waiting for the time, coming very soon, when a large percentage of the younger members will graduate out of Blue-Jays into Lightnings.

At the close of the season, the members of Fleet 17 gathered and elected officers for the coming year. John W. Boynton was chosen to be next year's Fleet Captain and David H. Hutchinson elected Fleet Secretary. Black Rock had a great season in 1960, for which a large share of thanks is due to the efforts and interest of the men of the Race Committee, who did an outstanding job.

More thanks to Jay Vincent, champion of the Blue-Jay Fleet, who volunteered to write the above in the absence of the secretary.

Fleet No. 19 at the Chautaugua Lake Yacht Club was formed about 1939 with charter members Dick Gifford, Don Trantum, Mel Bourne and Glenn Waite. This fleet was very active until the end of 1947, when it suddenly broke up. During the past summer it has been re-activated through the efforts of Frank Shearman, Peck Anderson, Bob Walkerman and Charles Ludwig with much assistance from Lightning skippers Robert Clark of Chautaugua Fleet No. 198 and Karl Fahrner of Cuba Lake Fleet No. 115.

Two unofficial races were held with Fleet No. 198 with Bob Walkerman of our club showing everyone what an old boat could do and Curt Clark of Fleet No. 198 proving the ability of young skippers. To create some inter-club activity, Chuck Ludwig traveled twice to Cuba Lake and to Silver Lakes Harvest Regatta.

We are hoping that 1961 will be the beginning of a real tough and active fleet.

A very successful season was enjoyed by Fleet 20 as our perennial problem—the Race Committee—was solved under the able direction of Glenn Miller and his assistants—always a boat, committee and many races.

We opened the season with the Memorial Day Weekend series won by John Primich, followed by Jim Halley and Doc Remich in their new boats.

The fourth of July Regatta finished with Jim Murphy, first, Woods Halley, second and Primich, third.

Between these events we trailered to the St. Joe Shakedown Regatta with Harry Spitz bringing back the cup. Then at the Sand Dunes at Michigan City, July 23-24, Dean DeVries from St. Joe applied the pressure and took first with Al Berg and Ronnie Blair from Chicago taking the next two places. Real good Hosts!

The Shakedown and Sand Dunes have become highlights of the sailing season and Doc Remich presented a Sand Bowl Trophy, an ingenious device made and patented by himself. This is a perpetual trophy to be used for each of these regattas.

The Fleet Championship series sailed Sunday afternoon for best seven of nine races was won by Barry Spitz, Jim Murphy second and Jack Horton, third.

The Saturday series, a new program started late and finished early with secret qualifying rules was won by Wilson Halley and Jack Orr, second. This program in 1961 will be of equal importance with our Holiday Regattas and second only to the Fleet Championship Series.

The District Championships were well attended with the Spitz family qualifying for the Internationals with a fifth place, and then went on to Tawas Bay taking fourth place in the Presidents Cup Series.

During August we were hosts for both the Eastern Shore Elimination and the Semi-Finals of the Sears Cup.

The four race Labor Day Series was won by Jim Murphy, Doc Remich and Jack Horton, second place tie and Art Hettema, third.

Our traveling members represented us well at St. Joe, Burnham Park, Wawasee Hoosierland, and Devils Lake Regattas returning with places in each by Murphy, Horton, Bob Spitz and Harry Spitz.

However, at the season end highlight, the Red Flannels in Chicago the Red Hope failed. He says the buoy drifted into him. The Green Shamrock looked good but not good enough.

At the Annual Winners Dinner the Jug was presented to Jack Horton winner of the Beer Regatta and in the absence of Doc Remich, the winner of the V-O Regatta, our able race Committee drank the trophy.

The officers for 1961 were duly elected and sworn in—George Murphy, Captain, Jack Horton, Treasurer, and Chuck Mershon, Secretary. We are looking forward to the spring thaw and a big 1961. We invite you to the Hoosierland Regatta July 15-16 and the Sand Dunes August 26-27.

Just before the race.

Our 1960 season opened with our weekly point score races starting on June 26, and grew to be one of the most active seasons we have ever had. Two new Lightnings joining our fleet made the competition very keen. Roland Anderson, although being without a boat until August when his new boat was delivered, made such a good showing that he took fifth place in the fleet. Walter Scott came very close to winning the second place in the fleet, and literally "ran away" with our most important Labor Day Commodores Cup regatta against a field of over 30 yachts. Bob Crane took an easy first in the point score races.

One of our new members is Lee Chioverou. If fortitude and desire were all that was needed to win races, he surely would have come out first. We are expecting a lot from him next season.

Lightnings won first place in two of our three open regattas. Bob Crane easily won the Marine Base Trophy and Walter Scott the Commodores Cup. We are proud that our Lightnings won these two important races and fully expect that next season we will win all three.

Our Fleet will be host to the Metropolitan District Races next season and we are soliciting the support of all district members to attend and participate. The date has not yet been set, but we guarantee to uphold the tradition of LMYC in making this a spectacular event.

Len Pikaard was elected Captain of our Lightning Fleet at our annual Fall meeting. With our plans for facilities improvement and ever increasing fleet we expect this to be a most significant season.

Sailing this year was off to a tremendous start. Our Commodore Don Cameron and his wife, Jane, were the perfect host and hostess at the Annual Commodore's Reception. This is the third year in succession that a Lightning skipper has been chosen to act as Commodore of L.Y.C. Last year this important position was held by Bucky Powless and the year before by Joe Ritter.

Russ Bartholomew establishes an inside overlap at the cove mark.

Racing commenced with good winds in the Memorial Day Series. Bucky Powless was first, Bruce Cameron second, and Russ Bartholomew third. The Sunday class series continued until Labor Day with five boats qualifying. Bruce Cameron was first, Russ Bartholomew second, and Ernie Hirschfeld third. Bruce is the son of Don Cameron and he and his father, who crewed for him, did an outstanding job of sailing this year to obtain the rank of Fleet Champion. In the Fourth of July Series, Dave France was first, Bruce Cameron, second, and Charles Hood, third. On the Labor Day Series Bruce Cameron was first, Ernie Hirschfeld, second, and Russ Bartholomew third. The Fall Series was marked by lighter than usual air this year and by more boats participating. Bucky Powless was first, Bruce Cameron second and Dave France third.

For the first time a Powder Puff Series, with the gals taking over the helm, was inaugurated. Quite a few entered and the competition was keen. Marge Powless was first, Rusty Cameron second and Cynthia Holmes third.

The Fourth Annual Pow Wow regatta was held on July 9, and 10 with Doug Peters as general chairman and the Highlander Fleet serving as co-hosts. Twenty-one Lightnings entered the competition along with 16 Highlanders. Bob Mann was first, John Ranft second, and George Fisher third.

Bucky Powless was fifth at Pymatuning Yacht Club in some very close and good competition. Dave France sailed to a third at the Harvest Moon Regatta at Atwood Yacht Club. Dave along with Russ Saxby have just bought a new fiberglass Lightning.

Dave France was elected Fleet Captain this year and did a fine job in organizing and conducting all fleet activities.

Fleet 31 consisted of 22 registered Lightnings this year, with races being held every Sunday after Memorial Day, with special races on Memorial Day, Fourth of July, and Labor Day. An average of 17 boats participated in each race. New boats were added to the Fleet by new members John Goldsmith and Jim Sayre. Also sporting new boats were Bill Girkins and Bob Laidlaw.

The first place trophy for the season, the Carl Crittenden, went to Bill Girkins. Ken Kennedy won the Jack Gould Trophy in the Memorial Day race and John Goldsmith won the Fourth of July Oberst and the Labor Day Beal Trophies.

The Barney Crittenden Trophy, the novice cup, was won by "Doc" Bryner. Chuck Thompson received the James Helme Trophy for being the most improved skipper. Bob Green and Clyde Brasher won the trophy for sportsmanship and the Steve Winn trophy for skipper in the Wakefield Series was won by Kathy Kennedy.

For faithful performance on the Race Committee the Fleet thanks Helen Crittenden, Carter Winn and Harry Williams. Enthusiasm for the Fleet was displayed by Jack Bacsik and his family who traveled five hundred miles every weekend to participate in the races.

Again this year Fleet 31 sponsored the Junior Sailing Program. Under the able direction and instruction of John Goldsmith young sailors participated in the sailing programs of the Junior Lightning and Vixen Fleets.

The 17th annual "This One's For Fun" Regatta, under the chairmanship of Dr. Keith Whitehouse, on September 17-18, was a great success. Herm Nickels again took first place. Fleet 31 showed up well with Girkins, Goldsmith, Whitehouse, and Bryner in the top ten boats.

Through the efforts of Fleet 31 a new flagpole with jackstaff was placed at the Yacht Club. Because of additional boats this year the dock was increased in length and boat moorings were repositioned. More new boats and skippers are anticipated this coming year and it looks like another successful season coming up.

Our season began early on April 30, 1960 and ended October 12, 1960, and was divided into four series: the "Spring" Series, the "First Half Summer" Series, the "Second Half Summer" Series, and the "Fall" Series.

The Corning Family distinguished itself in a father and son act. The father, "Towney", won the "Spring" Series on a perfect record, and was second in the "Fall" Series, with Whisper, the Lightning he had constructed during the winter. Son Tyner not only won the "Summer" Series, but also won the Y. R. A. Championship for Western Long Island Sound to become the Fleet Champion. John Haigney won the "Fall" Series, and Gunner Faulk placed second in the "Spring" Series and "First Half of the Summer" Series, sharing the tiller and honors with Joseph Kelly.

Special prizes were given based on the standings of the boats below 5,000 in number, and our Regatta Chairman, George Bauer, made a clean sweep by winning all four Series for this group of boats.

We were the host Fleet for the Western Long Island District Championships, which were conducted under arrangements efficiently supervised by our former Captain, Willard Brown. Highlights of the events were box lunches provided in midsound for 130 skippers and crew, and concluding with a luncheon that, because of dying winds, had to be timed and coordinated with the chef over our Club Regatta Chairman's newly installed ship-to-shore radio.

At a meeting of the Fleet conducted at the close of the season, all officers were re-elected for the following year.

3461	Patricia Ann	Lynn Nye

Two boats were added to the roster of Fleet #33 this year, but they are not new to the Fleet. #3461 owned by Lynn Nye, was back to sail a full schedule of races and was Fleet runner-up, in spite of the fact, that Lynn sailed half of the races with his right arm in a cast. His crew had to work all the harder, but seemed to enjoy it.

The Fleet Champion was Edwin Duckworth, who put #2395, Duckie II, back in the water after a year's rest. Edwin is the son of the former owner, Dr. H. B. Duckworth, and seems to have inherited all of his father's racing skill, plus adding a few tricks of his own.

Strong southerly winds blowing in from Barnegat Bay kept Metedeconk's Fleet Championship close for the first half of the

season. After four races Charlie Starkey, Sam Hicks and Jim Daley were in a three way tie at the top of the heap. From there Charlie Starkey, with his wife and Elayne Gerbrick wrestling with the spinnaker, vaulted to the top, won the last five races, and was never challenged. Commodore Herm Schmitz again topped the "over 800#" boats after a close battle with Art Nichols. The final low point scores:

6884	Charlie Starkey	1.5
6312	Sam Hicks	2.0
5722	Jim Daley	2.3
1475	Herm Schmitz	4.5
6416	Art Nichols	4.9
6557	Carol Hommer	5.6
4919	Roy Huggins	6.3

Outside our fleet Jim Carson, taking time off from duties as Chief Measurer, retired the Metedeconk River Yacht Club Tune-up Trophy by winning the event for the sixth time in the 11 year history of the event. The Barnegat Bay YRA Championship for the fourth straight year, and the Frigid Digit Regatta at Baltimore for the third year in a row. In addition Jim sailed to sixth in the Internationals, fourth at Quantico Frostbite, and second in the New Jersey State Championship.

We look forward to hosting the District Championship in 1961 and to continued red hot competition within the Fleet and hope to encourage some of our non-racing Fleet to join our Championship races.

White Rock Lake has seldom presented more pleasant sailing conditions than it did this year. There were no extremes of temperature as is usually expected and the water level for the second straight year was much higher than normal. . . . This contributed to the pleasure of sailing. . . .

Many water enthusiasts have been attracted by the sailing art and the increase in the number of sail boats on the lake was evident on every weekend.

The racing season can be characterized by the fine spirit and sportsmanship displayed by all participants. Captain Newman's handling of the schedule and racing events has generated a new enthusiasm among the members.

Expansion of dock facilities, already drawn and approved, should be completed before the beginning of the next racing season. These new proposed facilities will add more to the enjoyment of the sport for all members and their families.

Though at Pymatuning the racing season proper does not start until the end of May, certain "eager beavers", namely the Davis brothers and Chuck Maltbie as usual jump the gun with a few early regattas. Jim Davis took in the southern circuit and highlighted it with a third in one race at St. Pete. Both Davis and Maltbie attended the Great Lakes Championship and Davis picked up fifth place trophy. Later in the season, Maltbie with the Davis brothers as crew attended the Buffalo Canoe Club Regatta and got sixth place.

Leaving regattas for the moment let's take time to welcome two new members, Al Thompson in Gael II and Bob Williams in Rebel 7649 (a brand new Lippincott) were very active in the fleet races and without a doubt will be much higher in the final standings in 1961. With the loss of one member, this brings our fleet up to forty.

The fleet championship this year was based on the best fourteen out of twenty-two races. Competition was tough, especially for third place where Jon Ruhlman finally nosed out Paul Knapp in fourth and Jim Davis in fifth. Chuck Maltbie and Frank Hornby were in first and second place, respectively, after the first race of the season and remained there throughout the whole series.

Probably the real highlight of the season was our Fourth of July regatta, especially the result. With Bill Walker having won this three out of the last four times, one more this year would have retired the trophy. This however, was not to be: Our own Chuck Maltbie came through with a 1, 2, 1, to win the event for the home club for the first time in more than a decade. Bill Walker finished second with George Fisher third. We were very pleased to have Stu Anderson attend this event and hope he will return in 1961 with more of the Erie District skippers.

This year saw seven club boats attend the District Championship Regatta at Cleveland with very gratifying results: four out of the seven placing in the first nine and thereby qualifying for the Internationals. The event was highlighted by Hornby's first in the first race, Knapp's first in the fifth race and third in the regatta and Maltbie's second in the second, third and fifth races

Fleet 36 off to a good start with Chuck Maltbie leading.

and fourth overall. The follow up at Tawas was not so good; Davis and Hornby made the President's Cup and finished about the middle, Maltbie and Knapp placed first and fifth respectively in the Governor's Cup.

Fleet standing for 1960:

		Points
6033	Chuck Maltbie	245
2700	Frank Hornby	237
7320	Jon Ruhlman	221
5048	Paul Knapp	219

6651	Bob Bowen	176
1919	Bill Legstrom	167

The season ended with the annual meeting when Frank Hornby was appointed Fleet Captain and Len Baker, Fleet Secretary.

MENTOR HARBOR FLEET (37)

Ohio-Indiana District

Sailing on Lake Erie, Mentor, Ohio

Fleet Captain (1961)..... Ken Blount

A 100% increase in the number of Lightnings in Fleet #37 made the 1960 Sailing Season one to remember for many years.

The competition was keen with race series standings changing hands nearly every week with the final winner not known until the final race in each series. With most skippers neophytes and considerable rough weather we experienced more than our share of broken tillers, damaged sails and torn spinnakers, etc. The North East River Fleet #192 lost boat #4287 to us during the year and the new skipper Stew Simon, came through with a second in the Fall Series. A jammed spinnaker in the last race kept him from a first place. Simon took second to Blount in the Regatta after bad weather cancelled the third race and Blount called a double-headed coin right.

Luntz in his first full year of sailing made every race count to win the season championship from Blount-Lazo by three-quarter point. The ladies' race was won by Lyn Blount in #6086 with Betty Wells in #3462 second and Pat Wahl in #1642, third.

The Verbsky family boat #4652 deserted the Lightning class for an auxiliary after twenty years of hot competition. #4652 has moved to Pymatuning Yacht Club (36).

The racing season ended with the following results:

Summer Series	Fall Series
1. #3462—Ted Luntz	1. #6086—Ken Blount-Lu Lazo
2. #6086—Ken Blount-Lu Lazo	2. #4287—Stew Simon
3. #1642—Ed Wahl	3. #3462—Ted Luntz
4. #4652—Hank Verbsky, Jr.	4. #4889—Reed Stava

SEASON CHAMPIONSHIP—1. #3462, Ted Luntz; 2. #6086, Ken Blount-Lu Lazo; 3. #1642, Ed. Wahl.

Racing came to life at Chelsea during the 1960 season after many dormant years. Twenty-five scheduled races were well attended with new enthusiasm. To point out the keen competition,

Doc Brockway didn't bag the championship until the last lap of the final race.

Special events for the season were a Memorial Day Regatta, a Long Distance Race, and a Skipper-Crew Race. The crews commented that they will be satisfied for a long time.

Skip Nitchie represented the club at the Districts and won the New Hamburg Yacht Club Invitational.

We finished the year with an eight race Frostbite Series.

TOLEDO FLEET (42)

5678	Four-Deez	Frank H. Keller
6010	Allegro	Bill Stone
7372	"Maria"	Rick Wachter
.....	Bud Nelson

Fleet #42 was as active during this season as was possible for its five members. Keller was able to sail in all Associated Yacht Club Regattas and earn a first place flag for the season. Gallagher didn't sail all the regattas and still earned a second place flag for the season. Nelson just didn't get in enough races—too busy building fiberglass Lightnings. Rick Wachter, who participated in most of the AYC Regattas happened to be the guy just out of third place. Next season, with an experienced crew from this year, Rick will be up there in one of the first three spots.

Bill Stone made about half of the regattas, tied with Rick Wachter for third place trophy in the Bayview Yacht Club Regatta and in the race off at a later regatta lost it to Rick. Tough luck, Bill—but Bill is such a good loser!

One member, Gallagher, took in the Districts and had the distinction of having his boat rammed by a power boat after the first two races. Next season we'll send a couple more to the Districts and hope to place one for the Internationals.

Fleet #43 added three new skippers to its membership this season, namely John Ranft in a new boat, 7515, and Sam Hays, who bought Lil' Angel from Mark Auer. John Schneider joined us in time for the Snowball in Ed Kennedy's 5559.

The first race of the new season was April 30, starting the #1 Spring Series. We scheduled three 3-Race Spring Series with results being:

#1 Spring Series	#2 Spring Series	#3 Spring Series
1. Bob Mann	1. George Fisher	1. George Fisher
2. Jay Limbaugh	2. Jay Limbaugh	2. Bob Mann
3. Ed Ballenger	3. Ed Ballenger	3. Jay Limbaugh
	Bob Mann (tie)	

Ohio's new boating law swooped down on our racing sailors at Buckeye Lake and left only three skippers to finish the first heat in the third series. They were the owners who had taken the precaution to put registration numbers on the bow. Jay Limbaugh hurriedly used his wife's lipstick to remedy the situation until he could properly put them on.

We then packed off to Toledo for the Great Lakes Championship where we encountered the first heavy wind of the new season. Despite heavy wind and seas, only near casualty was when John Ranft, unable to dock because of a power boat in difficulty blocked the way, headed for the shore and crashed into a tree with his mast, breaking only the limb off without damaging his spar. Our own George Fisher won the third place trophy.

Home again we participated in the Earl Williams Memorial Day Trophy with new Lightning skipper John Ranft taking third place honors in this handicap affair. Climaxing the excitement was Sam Hays, who capsized his boat, but only lost a bucket, a sponge, and a spinnaker sheet.

With Memorial Day weekend past we started our Saturday, Wednesday Night Series and Summer Series.

Wednesday Series	Saturday Series
1. John Ranft 16 3/4 points	1. John Ranft 16 3/4 points
2. Tommy Davis 19 3/4 points	2. Jay Limbaugh 19 points
3. George Fisher 32 points	3. Tommy Davis 20 points

Our Summer Series ended the last of June, with trophies going to:

1. George Fisher 5 3/4 points
2. John Ranft 14 3/4 points
3. Jay Limbaugh 15 3/4 points

We spent all of July traveling, with seven of our eight boats (at that time) participating. Sam Hays was the only skipper who was unable to attend a regatta due to his sick father.

On the Fourth of July we left Pymatuning with third place trophy brought home by George Fisher. Buckeye Lake had some bad luck here with Helen Limbaugh being hit the second race, Tommy Davis breaking a rudder in the first race, Tim Fisher hitting a mark the first race, and Ed Ballenger hitting a mark the third race. To top it off, Tom and Jim Davis of PYC broke their spreaders in the first race and were kind enough to lend their rudder to our Tom Davis—but as I said we had a BIG stream of bad luck as Tommy hit a mark the third also.

After all this, we made a complete change, as we all attended the Pow-Wow at Leatherlips Yacht Club and BLYC walked away with all three top places. Bob Mann was first, followed by John Ranft and then George Fisher. Jay Limbaugh was fourth and Ed Ballenger sixth. I'm afraid we came away with pretty big egos.

Off the next weekend to the Ohio-Indiana Districts at CYC. Everyone's ego rose even more when George Fisher copped the Lightning honors of Number one position for the fourth year in a row. We were all busting with pride when George and his crew, Don Wilson and Chris Mykrantz, topped the 31 boat field with 146 points. John Ranft, who formerly sailed exclusively in the Thistle Class, piloted his Vagrant to fourth place. Finals saw George Fisher, John Ranft, Bob Mann and Jay Limbaugh, all from Buckeye, at Tawas Bay for the Internationals.

John Ranft, Ed Ballenger and Jay Limbaugh all stayed for the CYC Regatta the 30-31, but with sad results. A big squall hit the Saturday morning race capsizing Ed Ballenger's boat, losing all his spinnaker sheets, sail bags, foul weather gear, two pair of shoes and a couple of watches. Also damaged was Ed's rudder, and a faithful crew member, Huey Schultz, who came home with a fractured rib from the spill.

Jay Limbaugh fouled out in Sunday Morning's race so the only good thought was John Ranft placing fourth in the regatta.

Home again we started our nine race Fall series. Honors went to:

1. George Fisher 7 3/4 points
2. Bob Mann 11 1/4 points
3. Jay Limbaugh 22 points

At the Internationals, George Fisher placed third in the President's Cup, Jay Limbaugh ninth, his score suffering from hard luck in hitting the mark at the start of the fourth race, which was sailed in 25-35 knot wind. Bob Mann was seventh in the Governor's Cup.

Since these races were over the Labor Day weekend, we held a

special consolation Labor Day Series on the 17 and 18th of September. Trophies went to:

1. George Fisher
2. Bob Mann
3. Jay Limbaugh

Bob Lippencott was one of the more distinguished skippers at the annual Snowball Regatta the 8 and 9th of October. There was fierce competition in the Lightning Class, which saw 25 boats crossing the starting line for each race. Winner was Mark Auer, CYC, sailing Party Girl 7645. Second place went to Jay Limbaugh and third to Bob Mann. The regatta chairman was Dr. Charles Greiner, who did a wonderful job of entertaining the 64 boats entered and all their crews and friends. A big thanks to Doc.

Final series for the club was the Masters Cup, to determine the Grand Champion of BLYC. It was sailed on a round robin with only two of our three fleets participating. Honors were copped by all Lightning Skippers—George Fisher, 1st; John Ranft, 2nd; and Bob Mann, 3rd.

As you can see, we had a terrific season with enthusiastic sailors to the end. Everyone is looking for the new season ahead and hoping to see more of you at our SnowBall next year.

As the host of the OICYA this year, we scored 660 points to win the rotating trophy for the fourth time on the 18 and 19th of June. In the Lightning Class, which had the largest number of entrants, 18, John Mueller of CYC took first place with 51 1/4 points. George Fisher finished second with 47 points and Tommy Davis took third place honors in "Tweedy" with 43 points. Jay Limbaugh deserves a big hand for the splendid job of Regatta Chairman for the 77 boats (10 classes) that were registered. Jay and his committees had a very successful regatta.

7584	Firebird II	Harry L. Brown

Silver Lake Sailing Club's 1960 season under the able direction of Commodore Bill Follendorf (Dinghy Class) saw Joe Eliaz in "Ripple" take the fleet championship with Bill Van Arsdale taking second. The Neal Trophy, our Fourth of July series, was won by Harry Brown in his new "Firebird II"; the Benedict Trophy held on Labor Day weekend was taken by Bill Van Arsdale. Credit should be given to Bill's wife, Georgia, during one of the seasons races she had to be lashed to the automatic-baler to keep her aboard.

Ted Gouinlock, who purchased "Firebird I" from Harry Brown, ran into some tough luck, just prior to the start of a series race, he got in the wake of Doc Humphrey's "Budget Buster" and was swept overboard, (410 always was known as a heavy craft). His light weather crew, Chuck Van Arsdale, age 11, and Billy Neal, age 12, managed to bring Ted's boat about and pick him up, just prior to the starting gun.

The Fleet trailed to Cuba Lake for the Annual Exchange Series in July. Not too many sailing honors were won by the local fleet, however, Hank Page of Joe Eliaz' crew and Sybil (Mrs. Barney Matteson) took high honors at the festivities after Saturday's race.

Carl Lyons and Wales Wasson have prevailed upon neighboring cottage owner, J. Emens and this coming season J. will put some of his aero-dynamic theories to the test in "Bottoms up". Our M. D., Ken Bone, left most of this years sailing to his two

sons, with Pete at the tiller. John Willse concentrated on crew training this season.

Our Harvest Regatta, held in mid September of each year saw the largest number of sailing craft in Silver Lake History. It also saw the most boats capsized. In the 25-35 MPH winds, four boats went over and more turned back (was that you Karl F?). Your writer was falsely accused of never losing the press in his pants until the "Harvest Regatta". Small praise for trying to keep neat and clean in Harry's new "Firebird II". I wonder if the seats have the new alcohol proof varnish? Maybe next year we can tell.

Our social chairman, Julie Ziolkowski, did a grand job, especially with the "Harvest Regatta Dance", many of the visiting sailors got to show us their blazers and we tried to wear out the leaders with wine, dancing, and song, however, Randy Dilliot sailing Stu Andersons "Glockenspiel" took the trophy.

The Lightning sailors are sponsoring a dinghy class for the coming season with weekly instructions to the juniors of our group. This past fall with favorable weather, the club has constructed an extensive lake front improvement program, a new breakwater is already in place and new docking facilities are in the planning stage.

The 1961 season thus shapes up to be even bigger and better, our new Commodore, Charles (Bud) Van Arsdale has big plans and all are looking forward to the 1961 Harvest Regatta to be held the weekend of September 16 and 17. See you all in 1961.

The Washington fleet got off to its usual early start in spite of the interference from over two feet of snow in the month of March. Frank Williams and Lou Borges started a nip and tuck battle for the spring series by trading firsts in the first two races,

but Charlie Marshall and Walt Galvin were not far behind. Frank managed to play the percentages right and ended up with first place silver followed by Borges and Galvin.

Summer brought the wanderlust to several skippers who represented us with varying success at every regatta sailed in the district as well as several in other districts.

The stay at homes had an unusually good turnout for the National Yacht Clubs summer series, so "Doc" Gilbert had no easy time of it when he managed to cop top honors from Galvin and Connie Serotaw who ended up second and third respectively in the first series.

In the second series Galvin capitalized on one of Doc's minor but controversial errors in judgment to end up in first followed by Serata and Gilbert.

The fall series gave Lou Borges the chance to show the boys his transom quite a few times as a result of which he will be awarded the first place trophy followed by Williams and Gilbert.

The grand finale and a perfect end for a wonderful sailing season was the Quantico regatta which was attended by a fantastic fleet of 70 boats. This regatta started as an inter fleet competition between Fleet 50 and Quantico, so we still think of it as partly ours. The marines did their usual job of acting as perfect hosts and sent some 300 people home with a pleasant memory of the largest Lightning regatta outside of the Internationals. You have to see seventy boats crossing a starting line to have any conception of it.

An enthusiastic fleet elected Ken Lawyer fleet captain, and planned several social gatherings at intervals throughout the winter. The first of these was held in Ken's spacious recreation room and was well attended. Next year promises to be a banner one for our fleet.

In spite of a cold April and slow start, Fleet 51 has completed a full and exciting season of sail racing. We sailed 27 races at home, competed in 14 Detroit River Yachting Association regattas, and sailed many out of town.

First started the DRYA member regattas. Coming in with flags, cups, and assorted hardware from these events were Chuck Ellery, Nan Millies, Hank Cawthra, George Grenzke, Dr. John Lesesne, Chuck Grant, Dick Westerman, and Bob Knop.

Our Sunday afternoon "A" Series began next with Cawthra out to an early lead. This lead held through the series leaving Millies, Lesesne, Grenzke, Ellery, and Grant to follow in that order. These series are scored by the Cox-Sprague system, with 60% participation required to qualify a boat in the series.

Then came our Wednesday Nite-Halk Series with 16 boats participating. Here it was Lesesne who finished on top followed by six boats, all within 5% on their scoring. They were Grenzke, Knop, Grant, Ellery, Millies, and Dick Drew.

The Kendal Series, an invitational, was sailed in June at Crescent. This series began with some pretty light breezes but bowed out with 30 mph blasts which capsized two, demasted one, discouraged many, and blew Cawthra in to a first for the series with Wes Wiedrick and Jim Schudel, both of Bayview Y.C., following in that order.

The Michigan District Regatta was next on our list and was attended by eight of our members. In first place we are proud to have our Hank Cawthra, who started out on the wrong end of a wind shift, but recovered and finished the series in good shape. Also in the first ten were Lesesne, Knop, and Grant.

Then on August 6, we had the sad news that our friend and member, Jack Healy had suddenly passed away. Jack was a sincere and friendly person, and a hard and willing worker. He will be missed by all of us. He leaves his two sons to continue the sailing that he so much enjoyed.

Our third home series, the Sunday "B" Series, was again a close one with the first five boats within 5%. They were Lesesne, Knop, Jim Millies, Ellery, and Don Fairchild.

So with a full season behind us, we had our Awards Dinner. Trophies were given to the first three places in each series. The Kerr Trophy was presented to Hank Cawthra for combined Fleet and DRYA scoring. Overall champion of the fleet is Dr. John Lesesne with Jim and Nan Millies the runner-up.

The 1960 sailing season for Fleet #53 was one of enjoyment for all who attended the regular races, moonlight sails ("where's the *** wind"), Sunday picnics and annual award banquet.

We still employed the one class system for all of the Lightnings as we did last season, but with the addition of a new Class 'C' scow fleet into the Lake Fenton Yacht Club, a handicap series between the two classes was established and from this arrangement the competition was greater and much more challenging for the better Lightning skippers.

The honor of upholding the prestige of the Lightning Class went to David Nickels who won the season's handicap trophy, awarded to the top skipper of the two classes.

The season's trophy winners were: First, David Nickels, second, Jim Tomblison and Don Allen; third, Dr. David Freidman. The Tutt trophy went to David Nickels and the Conover trophy was awarded to Jim Tomblison and Don Allen.

Winners of the Yacht Club's annual Labor Day regatta were Jim Tomblison and Don Allen, (we sent the Nickels family off to the Internationals so the rest of the fleet could battle it out for top honors.)

Due to the unfortunate death of Mr. Al Vick, sponsor of the annual Lake Fenton "White Cap" Regatta, the club was unable to hold the regatta and had to postpone it until next year when the facilities again would be made available.

The 1960 Invitational Regatta at Pontiac Yacht Club was the highlight of the Fleet 54 sailing season. A tremendous turnout of 41 boats, twenty-four outsiders and seventeen club boats, made the competition extremely keen. Skippers and crews included, H. Cawthra, W. Weidrick, H. Nichols, Doc Murphy, Al Berg, C. Schreck and many other outsiders as well as our own top representatives of C. Holman, Mac Goodwin, C. Bennett, R. Flack and A. Roualet. Saturday's two races were sailed in medium air and Sunday's race in a small gale. After the excitement of Sunday's whistler which saw "ICE" Berg travel all the way from Chicago to join the club of the up-side-down boys, the final standing was: Herm Nichols, first; Doc Murphy, second; and Mac Goodwin, third. While the three just mentioned picked up the big brass, all skippers were awarded a White Cap Trophy. Saturday's entertainment included a beer bust just across the fence and a dandy dinner and dancing to the Michigan Barefoot Philharmonic in the Clubhouse and adjoining tents.

Racing participation during the summer saw fleets of between twenty and twenty-five boats for each race. As for the weatherman, he was good to the sailors with generally clear skies and light to medium air. Out of a scheduled fifty-eight races, fifty-four were completed with only two skippers qualified to say "bottoms up", C. Marr and J. Seaton no less. Probably the only disappointment of the season was the Snow Ball Series that carried into late fall, which normally produces real whistlers. Only traces of air were to be found and sometimes not even that. A number of new boats, including those of Bob Flack, Mac Goodwin, Andy Roualet, Phil Smith, Al Oberson, Ralph Johnson and Bill Wiggins, brought the club to an all time high for top equipment.

As for the racing season honors, trophies went to the following at the annual banquet:

Sunday Morning: 1. A. Roualet, 2. C. Holman, 3. R. Flack
 Night Owl: 1. Betty Holman, 2. A. Roualet, 3. Teddy Flack
 Championship: 1. C. Holman, 2. R. Flack, 3. C. Bennett
 Commodore: 1. R. Johnson, 2. B. & B., 3. C. Marr
 Challenge: 1. Marty Goodwin, 2. Joan Gray, 3. Don VanDoren
 Inter. Club Regatta: 1. A. Roualet, 2. C. Holman, 3. R. Flack
 Snow Ball: 1. Jerry Gray, 2. Mac Goodwin, 3. Tom VanDoren
 C. Bennett and "The Gizmo" qualified for the Internationals by placing 11th in the Michigan District and took home the

trophy for the top PYC boat in Michigan. C. Holman might have been on that International starting line "if" he hadn't gotten in a starting line tangle during the Michigan Districts. Al Gray was 12th—amazing what a good set of sails will do.

Of a total 17 members, 11 showed some activity while six only may be listed as "hot contenders". We hope to improve this showing next year by awarding two series of trophies, one for boats numbered over 5000, the other for boats numbered under

5000. Performances of our boats plainly show the need for these groupings.

A total of 36 races were scheduled this season in three series of 12 races each. Trophies for first, second and third finishers were awarded for each race series, which we have given the suggestive names of SHAKE-DOWN, NO ALIBI and LAST CHANCE.

The season Championship trophies were awarded to the three high scorers, found by totaling the scores of all race series. Combined scores of the six poorest races of each contestant are deducted from the season's totals to find the adjusted championship score. This permits each contestant to take off three weeks, i.e., six races, for vacation, competition in outside regattas, etc., without jeopardizing his chances in the season championship.

Thirty-two scheduled races were completed; those of June 25, July 3 and 30 were cancelled because of high wind and that of August 6 was incomplete because of calm. Results were as follows:

Shake-Down May 29-July 3		No Alibi July 4-Aug. 13

Hurricane Donna was unusually unkind to our Fleet. All active contestants except one were capsized. Several masts were broken and equipment lost resulted in only three contestants in the race of September 17 and two only turned out for the last race of the season. However, Fleet 55 is not unaccustomed to such blows. It is reported that all are expected to be on the starting line next season and our Fleet Champ CORIOLIS is soon to hit the road for the winter championship regatta at St. Pete.

Trophies were awarded, Lightning movies and colored slides were enjoyed, at a dinner meeting November 26 at the Bayside Yacht Club.

Winter skull sessions are planned. Our lady secretary says the proper name for these are "Seminars on Racing Rules and Tactics". We have a steel blackboard with magnetized boat models which are very useful in demonstrating definitions, rules, tactics and especially knotty problems of the past season. These seminars are not only fun for seniors but an excellent training medium for juniors and seniors alike.

The first race of the season, the "Pest Trophy", proved to be prophetic as Ron Blair sailing "Bon Bon" won followed by Dan Hubbell. Ronnie went on to win the season series. Art Wong finished second and Dan Hubbell third. The annual Red Flannel Regatta was won by Bill Wingard of Fleet #5. Herm Nickels was second and John Burke third after a busy Sunday when two races were sailed back to back. Clarence Holman won the first race on Saturday. There was some confusion over Joe Stueland who didn't let a car breakdown keep him from getting into the water in time to sail out to the finish line and over it. The second race was postponed when the wind built to 30-40 mph. Two races in succession Sunday were won by John Burke and Bill Wingard.

This year we started a turnabout series after the regular season series. The fleet was divided into two sections on the basis of the season standings. Skippers then drew lots for one boat from each section with no one to get his own boat. Everyone thoroughly enjoyed themselves, especially Art Wong, Bernie Yaffe and Ronnie Blair, who finished 1-2-3. Our Annual "Lyanne Handicap" Race was won by Art Appel sailing "Scalare". Jack Friedman and Art Wong finished second and third.

We hope to see many of you at next year's Red Flannel Regatta which will be held at Fleet #5's Montrose Harbor.

Our fleet proudly announces two new boats during 1960. No. 1063 was returned to the fleet by Bob Jones, Fritz Remmlee and

Don Schnacke. No. 4713, purchased by Rosco Brooks, brought our fleet up to 12 fine boats.

The season opened on May 30, and races were scheduled on each weekend with three races scheduled for Memorial Day, July 4th and Labor Day.

Five boats and crews participated in the District Regatta at Ouachita, Arkansas, June 17, 18 and 19 and 20. Bill Schwartz, #7001, proved his sailing ability by winning the District Championship. Gary Stearns and Dr. Greer took the fourth place award. Other skippers attending the Regatta were Bob Jones, Jack Worley, Wendell Ives and their crews and guests.

The social affairs began with a dinner dance in January; and the summer activities included a bar-b-q picnic and moonlight sail in June; a Hawaiian Luau party in July and a "Beatnik" jamboree in August.

The fleet is especially proud of skipper Ralph Pierson and his lovely wife for the fine job on their new boat—a Nichols and Holman kit constructed with loving care to the last coat of paint with a finish that will compare with the best.

The annual fleet meeting was held December 2, and the 1961 officers are: Fleet Captain, Ralph Pierson; Secretary, Wendell Ives. A program and race schedule for the 1961 season was accepted by the skippers, and all Missouri—ODD Winds Fleet #296 are hosts.

Fleet #62 had another successful year in 1960; our racing season opened April 24, and closed October 30. The weatherman was very kind to us and gave us exceptionally good weather throughout the season.

Consistent Tom Allen walked off with most of the Silver by winning the Opening Regatta, Stratton Series, three single trophy races, Capdeville Regatta, the Eager Beaver Championship, our Fleet Championship, and the final Regatta.

Armond Bernius won three trophy races and the Fall Series for his share of the silver, while the Banck family also had their days. Bob Banck won the Spring Series and placed third in the Fleet Championship. Bobby Banck won the Junior Event and Karen Banck took the Crew Championship Series. While we are discussing the girls, Carl Fromherz won the Skipperette Race over Connie Killeen who sailed Alfred Brown's "Spirit V". Alfred sailed a consistent series at the Districts, in Fairhope, Alabama, and finished in third place.

Jack Dane, who has been sailing his Cruiser Class Knarr as well as his Lightning, finished second in the Fleet Championship and the Stratton Series. Bob Kammer won two trophy races and finished second to Bob Banck in the Spring Series, while Fabian Fromherz finished second in the Crew Series and won the trophy race on October 23. Erston Reisch was second in the Fall Series with young, 11 year old, Jimmy Mullally finishing third.

For the second season Fleet #62 sailed the "Black Lace Regatta." It was started as a "Bet" and looks as though it will be an annual affair. The girls take over the boats completely—no men allowed. This year five boats sailed with young Beth Manion winning the event over Natilie Bernius with Peggy Kammer in the third position. It is hoped that next year we will see a larger turnout for this Regatta.

Until now, we have had limited facilities for dry boat storage and because of this have not been able to increase the number in our fleet. Our Club, realizing the need for larger facilities has underway an expansion program, which when completed, will allow the storage of approximately 75 boats of various classes. With this increase in facilities and a growing interest in the Lightning Class, we hope for and expect a bigger and better season in 1961.

The Branford Fleet #63 started planning its summer series at a delightful party given by Al and Dotty Kuehl for both our Lightning Fleet and our new Blue Jay Fleet. We hope that the Blue Jays and sailing lessons for the kids will provide a source of future Lightning Skippers.

We again held three series of races:

A Spinnaker Series in which Al Kuehl and Wayne Brockett tied for first followed by Sam Jennings.

A Non Spinnaker Series won by George Male with Bill Cogger in second place followed by Jack Morgan.

A Handicap Series in which Spinnaker boats and Non Spinnaker boats finished together. Non Spinnakers started first. Boats using spinnakers for the first time this year started a minute later, and boats with regular old time skippers and spinnakers started two minutes after that. This series was won by Sam Jennings followed by George Male and Jack Morgan.

We were the host fleet for the Governor's Cup Series won by Wally Lineburgh from Pequot, followed by Bill Healy from Niantic.

Wayne Brockett did very well in Kewadin representing us in the First Chance Regatta at Milford (first), Early Bird Regatta at Niantic, Pequot Invitational (third), Connecticut-Rhode Island District Championship (second), Governor's Cup (third) and the Internationals. Henry Ludlow, one of Wayne's regular crew, took command at the Last Chance Regatta in Milford (third).

Al Kuehl represented us in the ECYRA at Niantic but his boat was damaged when it went ashore in a bad easterly. This put his Snow Flakes out of commission for a while but she should be as good as new for this coming season.

We are looking forward to another fine year in '61 with an enlarged fleet.

The Milwaukee Yacht Club's Fleet #69 once again had an excellent season series of hotly contested races.

Dave Ashton who is almost becoming the perennial Fleet Champion was hard pressed this year by Dr. John Esser, who ended up a close second, with Jack Luthe finishing third. Again this year there were more boats actively racing than in previous years and the addition of such new skippers as John Penner, Dan Mitchem, and Dr. Don Franklin helped make the season a success.

The 15th annual P&T Regatta was held early in June this year and we were very pleased to have boats from Chicago, Green Bay, and Sheboygan race in the regatta. Winner of the P&T was Al Berg from Chicago with two firsts and a second. Dave Ashton took second place and Jolly Lindemann wound up third for the regatta. Racing conditions were good as was the competition. Hard work was turned out by the entire Fleet to make the P&T a success and their efforts were greatly appreciated by the visiting crews.

Other Lightning Regattas which Fleet #69 participated in were the Brill Series at South Shore Yacht Club and the Invitational Lightning Regatta at Sheboygan Yacht Club. Dave Ashton raced to a first, Jolly Lindemann was second, and Guy Scrivner took third.

We were glad to have Dave Ashton win the "Little Mackinac" which is a 14 mile race open to all classes 21 feet or under and which is usually dominated by the Star Fleet.

Several additions have been made to the Fleet, including Rev. Reisner's new fiberglass "Holy Smoke III", Art Hoernke's new "Debra", Jim Heidner's "Lady Luck", and John Penner's "Half Moon". We are also expecting some more additions to the Fleet when Spring arrives.

The racing season ended with the "Old Sea Dogs" team racing in Lightnings against the "Young Sea Dogs". The results are best described as being a "draw" for it would have taken months to settle all the protests and questionable tactics that were evident. This was the frosting on the cake of a very fine racing season.

Representing one of the oldest sailing boat clubs in the United States, Fleet #70 had one of its most active and successful seasons. Members of the fleet went to the starting line 82 times and this is a LOT OF SAILING. Also under the inspiration of Fleet Captain Virg Vaughan members of the fleet hit the trail to several of the East Coast Regattas.

Our Spring Series struggled out of the freezer and into the refrigerator on April 10. This is an invitational series each year and we were happy to have John Sullivan, George Garracht, Oliver Filippi and Ed Dean from Fleet #75 at Nyack, Sam Knox from Fleet #183 and Howard Mullin from Fleet #196. With this kind of competition our whole fleet was out the next week and everybody was driving hard and this together with the variable winds at Monmouth makes a good series. Howard Mullin won the series, June Methot was second and Ed Dean third. We are hoping that everybody who can will join us in the Spring of '61.

The Summer Series opened on May 29 and the Monmouth Boat Club Point Series was won by June Methot with Roy Knapp second and Virge Vaughan third. On June 18, five Fleet #70 boats trailered to Metedeconck for the New Jersey State Championships. Although we didn't clean up we were in there pitching with Sam Hicks fifth, June Methot eighth, Vaughans ninth, Kelleys tenth, Becks thirteenth, and Sage fifteenth.

The July Fourth weekend brought a Fleet #70 contingent of three boats to the Red Grant Regatta at the Raritan Yacht Club. June Methot was all alone out front, Roy Knapp third and the Vaughans sixth. Two weeks later on July 23 and 24, seven MBC Lightnings traveled to Lake Wallenpaupack in Pennsylvania for the Metropolitan District Championships. In a 33-boat field we got a second, an eighth, a fifteenth, an eighteenth, a twenty-second and a twenty-sixth.

Despite all of this serious racing, in the meantime we had our annual moonlight race. Not to imply that this is not a serious race but all boats finally did come in even with or without their original starting crews, and it was too dark to ever find out who came in first. On Tuesday, August 2, we had the Women's Semi-Final Eliminations for the Adams Cup. The Russell Trophy Race is held once a year and is sailed in Lightnings. Any adult lady member of the club may compete and on August 27 Georgia Kelley won a close and hard-sailed race.

The most outstanding innovation of the 1960 season of Fleet 70 was the introduction of a series of lectures on the fine points of "how to race your boat right." June Methot organized six lectures conducted by some of the most successful racing sailors in the East. Our own MBC Commodore, Bob Wood, who crewed with Harry Sindle in the Olympics at Naples gave us an extremely interesting evening on how to make a better start. The second was very capably handled by Harry Sindle, four times National Champion of the Flying Dutchman Class and skipper representing the United States in the Olympics in Italy this summer. The next was a most interesting evening conducted by Leighton Waters, one of the famous Waters brothers who have been so outstandingly successful in both the Lightning and Comet Classes. On August 3, Jim Carson, our own International Vice President and Chief Measurer, holder of numerous Lightning titles and former National Champion of the Penguin Class, let us in on some of the tactics that you can't learn from books. On August 17 Bill Robinson, Associate Editor of Yachting Magazine, nationally syndicated boating columnist, Commodore of the North Jersey Yacht Racing Association and widely experienced ocean racing and small boat sailor gave us a list of "boo-boos" which can lose a race you have just about won, or lose a race at the starting line. On August 31 we were most fortunate in securing the film "Aerodynamics and Sails." Although a very technical subject the movie very simply depicts what happens to the air that blows against your sails. The lectures brought many members of the club who aren't Fleet 70 members and not only inspired interest in sailing but also in our Fleet.

The National Sweepstakes at Monmouth is one of the popular East Coast regattas. This year we had 120 boats for the two days of racing. Arnold Swartz took Marvin Broder's Magic over first for Lightnings, Chantey was second piloted by June Methot, Virg and Nelson Vaughan were third, Sam Hicks was fourth and Roy Knapp came in sixth. This victory gave Arnold the NJYRA 1960 pennant.

On September 11 we started our Fall Series which closed on November 13 after one of the most beautiful autumns we have had in years. Virg and Nelson Vaughan in Bam were the winners.

Reid Dickerson, one of the best sailors in our area, who had recently bought his old boat back again, came in second and Roy Knapp was third.

Fleet #70 was represented at the President's Cup Regatta in Washington and also at the Frigid Digit Regatta at the Baltimore Yacht Club by June Methot. The Wandering sailors of Fleet 70 closed their away-from-home season at Quantico on November 5 and 6. Seventy-one Lightnings poured into the U. S. Marine Corps base to see the largest number of Lightnings ever to come up to a starting line in the history of the class.

Fleet 70 ended a very successful and enjoyable season with a Fleet dinner on November 12 at the Old Union House. For a Haul Out this was a real Blow Out and everybody was sorry to see the season end. The Atwater Trophy went to June Methot in Chantey, the Miltonberger Trophy was won by Nelson Vaughan in Bam. June Methot was awarded the Herb Cox Memorial Trophy and Elain Engberg took the Jib Tender's Trophy while Lea Cabeen took the Main Sheet Tender's Trophy.

Virg Vaughan has been re-elected Fleet Captain and Sam Hicks Secretary for 1961 and plans are already being formed for another successful season.

INDIAN RIVER YACHT CLUB (72)

The sailing activities of Fleet 72 were very limited this past season with most of the racing being performed on foreign waters. We did have a Regatta in September that was quite a success but ended with a terrible squall just before the finish of the last race. We were very lucky with only one mishap—Joe Corbi capsized.

Most of the traveling to other Regattas was done by Bob Tunnell and Jim Tunnell. They both had very good results with Bob coming out in the lead. Jim was a very hot contender always being right up there among the lead boats but not quite reaching the top. He did win some races and had one Regatta all sewn up till fate hit him and it went down the drain. At Quantico, with a fleet of 68 Lightnings, Jim's final position was eighth. That was quite a feat with the caliber of competition he had to contend with.

Bob Tunnell was one of the top skippers in our district and piled up a right good record. He won the Severn Sailing Association Regatta, the Potapskut Sailing Association Regatta and the Indian River Regatta. He had a third at Miles River and at the President's Cup in Washington, D.C. He also had a fifth at Quantico which was quite an honor. He won the Dixie District Championship which entitled him to enter the LCA Internationals. His wife, Eolyne and Harold Hudson, deserve a big hand for the part they played as a fine crew.

We hope to have more racing activity at our club next season and feel sure that we will for at least one weekend. That will be when the Dixie District Championships are held at the Indian River Yacht Club. We hope to make this one the largest and best ever held. Make sure you don't miss it.

DECATUR LIGHTNING FLEET (74)

Midwest District

Sailing on Lake Decatur, Decatur, Illinois

Fleet Captain.....	Welland Hause
Fleet Secretary.....	Parke Boyer
Fleet Champion.....	Bob Buckles
Runner-Up.....	Roger Grohne

Boat No.	Boat Name	Skipper
212	Twilight	Robert Williams
214	Dangerous	H. W. Albright
297	Blitzen	Dr. Robert D. Miller
3214	Pegasus	Dr. Herbert Fritz

5454	Sac-Dad	Clarence Johnson
6446	Aeolus III	Bob Buckles
7465	Argo III	Welland Hause

Another good season of trying to give our fleet champ some competition, but Bob is pretty tough to catch. Thank goodness he visits some other fleets, and they confirm our opinion. The summer class series ended with Bob Buckles solidly in first place, followed by Roger Grohne and Hawley Albright.

The intercity Regatta was a big event again this year, and was highly successful both for sailing and social activities. Out-of-town skippers seemed to enjoy the free beverage and dinner. The usual fine entertainment was provided at the Regatta Banquet by those sailors of some other class boat.

Oh yes, Bob Buckles got first place in this regatta, as he did also at Springfield, Alton and Crab Orchard Lake.

The fleet was well represented at the Mid-states Regatta sponsored by the Island Bay Yacht Club at Springfield. This Labor Day weekend event is always anticipated and enjoyed. The fleet brought home three trophies.

Welland Hause raced his new Argo III, which is the first fiberglass addition to the fleet. All indications are that there will be more fiberglass additions to the fleet which, it is hoped, may bring about a fleet growth and stimulated racing interests.

This was our fullest and longest season yet. With our dry sailing dock ready to go with the first melting of ice on the Hudson River, we had our first Spring racing season. This was followed by a full summer series and almost a full Fall series. I say almost, because we have not yet figured out a way to sail without wind.

We raced from 15 to 20 Lightnings each weekend. We had heavy air for Spring, almost perfect air for Summer, and disappointingly light air in the Fall. Winds were so heavy during the summer, in fact, that we developed a life preserver program and actually started wearing them when the Race Committee flew one from the committee boat.

Hurricane Donna livened things up too, and were it not for such dedicated souls as George Garrecht, who fought winds and tides and dragged boats away from the rising river, some of us would have had to strain our friendships with the insurance companies a little further. As it was, no dry sail boats were lost but 12 moored boats were lost.

We held our size about the same this year, losing Bob Cassidy to the west coast and Paul Murphy to the Penguins. John Sullivan deserted us for the Summer series for a season of sailing on the Jersey coast. George Garrecht got the only new Lightning, #7545, and did very well with it.

Old Salt, Joe Hoffee, says that the caliber of competition this year was the best yet by a large margin. Some of us felt discouraged by the fact that we did not seem to be doing any better against our neighbors, but our performance at River Regattas and the Districts showed that we were improving the caliber of our racing.

Bill Brandau, our fleet captain, made heroic efforts to improve our racing edge. During the first part of the season Bill prepared a complete analysis of each race, explaining tactics, tides,

and winds through very complete diagrams and analysis. This served the double purpose of making us more conscious of our mistakes and helping us to think more clearly about our races in advance. During the winter period we had a few meetings on rules, tactics and looking at color slides of the races from the previous season.

The Regattas on the Hudson were large, happy and yielded plenty of silverware to Nyack Lightning skippers.

The 1960 season at Newport Yacht Club was the most exciting in many years. The Championship Series developed into an extremely close two-boat match that extended over 17 races. The outcome was not decided until the final race when White Cap II crossed the line a bare two boat lengths ahead of Blue Jacket II, to win the series by a fraction of a point.

John McIntosh was not to be denied however, and went on to win the Summer and Fall Series and, more important, won the Districts in a four-race series against the top boats in the area.

The first six places in the Championship Series were awarded trophies. They were: 1. Bob Jamison; 2. John McIntosh; 3. Warren Duerr; 4. Allen Fields; 5. Arnie Sahs, and 6. Herb Johnson.

The Burns Hanna handicap series was won by Warren Duerr in Spindrift. The Missal Trophy, a handicap series based on position in the Championship series, was won by Paul Jungjohann in Our Gal.

Arnie Sahs sailed his boat, George, to fifth in the Championship Series to win the Gayas Trophy for the most improved boat.

The Ray Hebert Crew Series Trophy was won by Don Forster in Spindrift.

Gene Notz, sailing his first year in any boat, won the Unbehaun Tip-Over Trophy by successfully capsizing in his first race.

Fleet 77 is looking forward to 1961 when all boats in the District are invited to enjoy the unusual winds and water of Irondequoit Bay.

BUFFALO YACHT CLUB (81)

Lake Erie District

Sailing on Lake Erie, Buffalo, New York

Fleet Captain.....	Clement Arrison
Fleet Secretary.....	Art Raszmann
Fleet Champion.....	Jack Sloan
Runner-up.....	Art Raszmann

The feature event of the past summer was the Lake Erie District Lightning Championship Regatta held at Point Abino, August 12-13-14. The Regatta was sponsored jointly by the Buffalo Yacht Club and Fleet 81. The hard work of a large number of club members who volunteered their services, made this the outstanding Lake Erie District Regatta of recent years. The series of five races were sailed in almost perfect weather, and all 38 boats entered in the Regatta sailed and finished all five races. BYC sailors finished as follows:

7716	Bob Dallas 19th
1683	Dick Koegler 33rd
154	Clem Arrison 34th
5676	Art Raszmann 35th

The presence of all these boats generated considerable interest among many club members and several have already purchased Lightnings and joined the fleet.

As a result of the club sponsored races during the summer, Jack Sloan again became Fleet Champion, with Art Raszmann, a newcomer to Fleet 81, as runner-up.

Doc O'Donnell sold his boat at the beginning of the season, but after a few weeks ashore he showed up with a new boat.

Plans were set up to make summer 1961 even more active than the year just past for Lightning skippers and the crews. Specific items in the program include getting information on the racing schedules of other clubs so that by January a start could be made on the list of tentative dates for competition from Point Abino and elsewhere. It was agreed to make associate membership in the Lightning Association available to all members of BYC who are interested in the sailing activities. The possibility of the Lightning group sponsoring a dance during the coming year was under discussion. It was also felt that some mid-winter sessions featuring sailing movies and talks by prominent Lightning sailors would be attended with enthusiasm.

At present it appears that there will be ten boats of the Lightning Class in Fleet 81 for the 1961 season.

To improve starting tactics and sail handling—always a little shabby early in the season—our fleet held a series of tune-up races each Thursday in May. We went once around a short course to give as much starting and spinnaker handling as possible in the time available.

Eleven races were held and all skippers reported improved teamwork as a result. The "tune-ups" will be an annual event from now on, and like this year, the results of the series will be used to determine our fleet champion.

The start of the official racing season in the Detroit area came with the Detroit River Yachting Association "Centerboard Regatta." Normally, the weekly DRYA regattas are keyed to the larger cruising boats while the smaller ones just tag along. But, this three-race series gave the centerboarders a real chance to compete. The event was such a success that it, too, will be held annually.

Wes Wiedrick has won the DRYA Lightning season championship so many times now that it's getting difficult to keep track.

Skippers Wiedrick and Jim Schudel both qualified for the International Eliminations, though Schudel had some anxious moments at the Districts when he failed to qualify—at first. The error in totaling points was discovered when a novice friend of a crew member asked how the points were tallied. Both Wiedrick and Schudel went on to qualify for the International championships.

In the championship races, Schudel had a sure eighth place in the fourth race and looked good for third in the series when he collided with Carl Eichenlaub's "Bull" just before the finish. The foul cost him the fourth race and dropped him to seventh in the series. Wiedrick, plagued by a series of minor mishaps, finished sixteenth.

The Tawas Bay Yacht Club did a terrific job as host for the International, a performance that wouldn't have been complete without the warm hospitality of the Tawas area residents.

Bayview Yacht Club's Lightning Invitational, held October 8 and 9, was slowed by unseasonal light variable winds. The air was so light that only Jim Schudel and Burt Jones were able to round the weather mark of the third race. Schudel went on to take first and this win gave him the Commodore Fuch trophy. Second place in the series went to Herm Nickles and a third-place tie to Warren Jones and Mac Goodwin. The light air didn't slow Saturday night's party, however, as the Michigan Barefoot Philharmonic quickened the pace with unfettered Dixieland.

We want to welcome new fleet members Don Snider with his LuxCraft fiberglass Lightning and Bill Walsh, who brings Wa-Ha back to Bayview. Both men have had wide experience in other classes and we expect big things of them in '61.

Fleet 84 expanded greatly in 1960, including eight new boats, a total of fifteen boats very close to the minimum weight. We had an average of 12 boats racing during our fleet championship and 15 racing in some odd races.

Season began January with an open championship of five races, that was held in Niteroi, at Iate Clube Brasileiro. Renato Augusto da Matta sailing his Dordao won, sailing a very brilliant series, winning the Pan-American Championship, Erik Schmidt placed a very close second.

In February, two members of Fleet 84 represented Brazil in the South American Championship, that was held in Chile. The best placed Brazilian was Erik Schmidt that could not do better than a fourth, out of 16 entries from eight countries. The winner was Isidoro Mellerio, from Chile.

From February to June, we had five separate interclub races, with not very good competition, because most skippers were preparing their boats for the fleet and national championships.

The Fleet Championship began in June and was sailed in stops till September. Eight races were sailed in which two could be crossed out. Erik Schmidt with his Osprey V, won five and took one second, winning without participating in two races which he could not because he was racing in Dragons against the Portuguese in the Luzos—Brazileiros Games, held every second year in Portugal. The second and third honors were bestowed upon Alexandre Levi in Macushla and Renato Augusto da Matta in Dordao. The first five from the fleet 84 were classified for the Brazilian championship that was organized by our fleet.

Not more than ten boats came out for the Nationals that started in October. There were representatives of six different fleets and eight states of Brazil. On the night before the Tune-up Race the annual meeting was held and there was a very good thing decided after lots of discussion about where would be the next Brazilian Championship. Finally they all agreed that it should be held in the newest fleet of the District of Brazil: No. 327, Porto Alegre. The first three races of the series of five were won by Erik Schmidt and the other two first places went to Playboy IV, Oscar Mattoso Maia, and Cavu of Ralph Conrad, from S. Paulo. The final scoring was:

1. Osprey V—Erik Schmidt (84)
2. Playboy IV—Oscar Mattoso Maia (84)
3. Cavu—Ralph Conrad (147)
4. Corisco—Waldemar Bier (327)
5. Dordao—Renato Augusto da Matta (84)

On the end of October, Erik Schmidt and his crew traveled again to Chile for another South American Championship. This extra Championship was a skippers series with six countries and seven boats altogether. Brazil won fairly easy, with three first and three thirds, second was Colombia, third Uruguay, fourth Ecuador, fifth Argentina, sixth and seventh Chile.

In February of 1961 our Fleet has the responsibility of organizing the next South American Championship that for the first time is going to be held in Brazil. Our Fleet Secretary, Oscar Mattoso Maia, is working very hard on this job and we hope it will be as successful as the others.

We are planning some projects for next season to gain more interest in the local Lightning sailors and we are looking forward to a fine season for 1961.

NIANTIC BAY FLEET (85)

The regatta schedule in the Connecticut District now encompasses every weekend of our season and for that reason Fleet #85 spent little time in Niantic Bay this year.

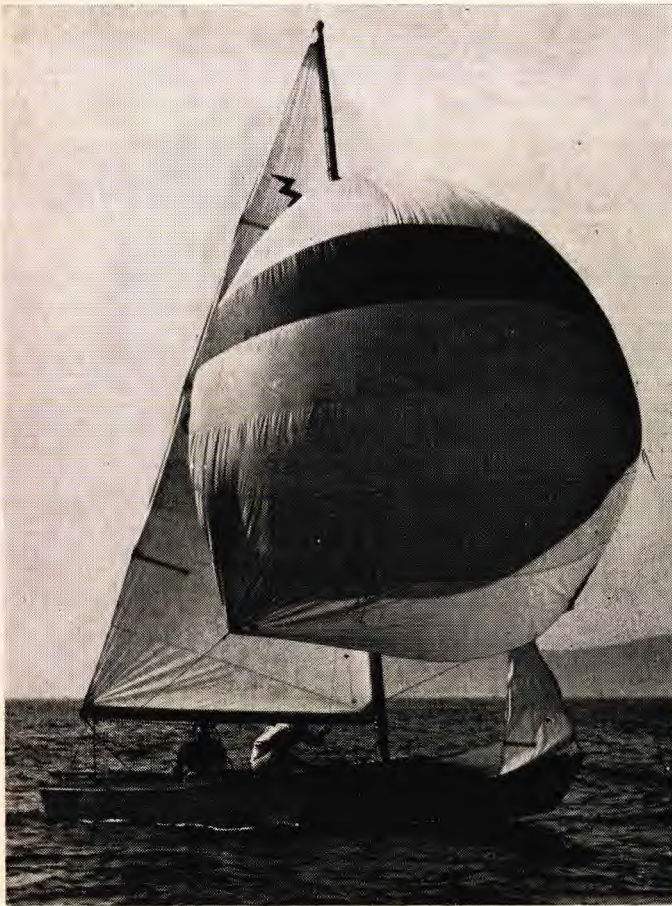

Martin O'Meara, past treasurer and newly elected secretary of the LCA, again journeyed to St. Pete for the Winter Championships and again returned with enviable tales of fun and frolic. In May, both Bill Healy and Martin O'Meara competed in the Milford Spring Tune-up Series which offered an opportunity for an early shake-down and inter-fleet competition.

The annual Early Bird Regatta was again sponsored by Niantic Bay Fleet #85 on the last weekend in June. Races were cancelled on Saturday due to the high winds, but Sunday offered ideal conditions so three races were sailed and Steve Bachman of Pequot won them all. Bud Olsen of Stratford was second and Wayne Brockett of Branford tied for third with Marty O'Meara.

Niantic was also host to the Eastern Connecticut YRA Regatta which was interrupted by Hurricane Donna. Stratford held the District Championships which were a great success. Bill Healy lost the series to Wally Lineburgh by placing sixteenth in the final race, after scoring a second and a first. Several Fleet #85 boats competed in the Long Island Sound and Atlantic Coast Championships, but none fared well.

The Governor's Cup Regatta was held by Branford in fine fashion. Bill Healy tied Wally Lineburgh in point score but Wally took the Cup on the basis of standing ahead in two out of three races. Wayne Brockett was third. Bill Healy also placed third in the Milford Yacht Club "Last Chance" regatta in September.

Ted Storrs added another boat to the fleet and consistent sailing netted him the Fleet Championship, with Martin O'Meara as runner-up.

Fleet #90 champion, Adrian Thomson in his boat "Pastime".

1960 has been a season of considerable activity on the local racing scene. Everyone has their eyes on the rapid growth and keen command of our Fleet Captain, Tom Lironi. No race or cruising event would be quite the same without the presence of Tom and his red-hulled Rana, 4474.

The 1959 season officially ended on January first, when the "frostbiters" sailed in line ahead formation past English Bay beach to watch the "polar bears" take their annual New Year's day swim. The swimmers couldn't understand how anyone would go sailing on such a cold blustery day.

The 1960 season commenced with a Tune-up Series the first weekend in May. This was followed by the Royal Vancouver Yacht Club sail past, highlighted when Adrian Thomson, skipping Pastime, fell overboard. Adrian had some explanation for this incident, of course, and it was a very interesting explanation, but nobody was convinced.

The sail past at the Kitsilano Yacht Club was marred by John Lachance, co-owner with Hart Long of Lola, crushing his hand between his boat and the wharf. This unfortunately took John out of active sailing for a while and it was only some months later, coincidentally at "The Wharf" in Seattle that John came back into his own. Those present will have no difficulty recalling the occasion and the constant bleeping and static from outer space.

The series for fleet championship provided some very close competition this year. Each race seemed to provide a new winner and in fact it was the last race out of what turned out to be a 12 race series that the champion was determined. 1961 will be different, Jim Harrison has been practicing and can set his protest flag as fast as his spinnaker.

The series at the West Vancouver Yacht Club enabled the crews to show who really wins the races—twice around the course, which required spinnakers being set twice, and all boats finished within a half an hour. Don Black, owner of 626 Hardtack, enjoyed his first race so much that he decided the fleet would have another start and go twice around the same course. Don, of course, had an excellent view of the race from his starting position on the beach, while his first mate, Jean, skippered Hard Tack with a substitute crew. The West Van members and their ladies hosted an excellent luncheon for all crew and we are indeed grateful to them.

Congratulations Tom Sturgess on winning the Royal Vancouver Yacht Club's Bird Rock Trophy. I'm sure this is the first time any yacht smaller than a 12 meter has won this coveted (although somewhat tarnished) trophy. Just think Tom, it only took the police boat 10 minutes to rescue you and your crew of three skippers after the Hawk capsized.

Away from home, Thomson and his very able crew trailered Pastime to the Memorial Day Regatta at Eugene, Oregon and came back with second place in the series. Tom Lironi in Rana and Don Byrne in Dolphin cruised the beautiful Gulf Islands in July. Tom showed his color slides to the fleet at our annual meeting. Don crossed the Gulf again in September to race in the Maple Bay Regatta and came away with second place.

Towards the end of October, an unscheduled three race series was hosted by the Seattle Lightning Fleet at the instigation of Tom Jobs. Five of our boats trailered to this most successful International Series. The fine racing competition was only exceeded by the hospitality shown to us by the Executive and members of Fleet 132.

Three new boats have been added to our fleet in 1960. Orrin Parson's Blitzen, John Swerdsfeger's Alados and Les Alfred's 5567. Doug Jewett has been most active as a Lightning class booster. Our new measurer, Geoff Ince, is anxious to get every boat in the fleet with a measurement certificate. Good Luck Geoff!

Officers elected for 1961 are Fleet Captain, Darrell D. Jones RVYC; Fleet Secretary, Orrin Parsons RVYC; Member-at-large, Hart Long KYC; and Member-at-large, John J. Fairly WVYC.

This years Lightning season for Fleet #94 was our last. It was decided by the members of our club this year to replace our Lightning fleet with a more simple, lighter, easier to maintain,

fiberglass craft. A committee produced a variety of demonstrators to sail next to the Lightnings, and race with them occasionally. Already four of these boats listed above have been sold and most of the others are going.

Despite a definite lack of interest, some of the Lightning sailors managed to get together enough people for a series but most races were between three or four boats at the most. Twice for fear of a Hurricane all the boats were removed from the water, and once because of a hurricane all of them were taken out. "Donna" didn't disrupt anything but our late season sailing because all the races are over by Labor Day anyway.

Our boats traveled to a few other regattas finishing in the middle shall we say. No particular skipper or crew stood out among the rest this year.

Our Lightnings have served us well at Prout's since the first ones were purchased in 1945. They are a grand all around boat.

The summer of 1960 was another active and interesting season for the Awosting Yacht Squadron.

A new group of three Rebels were added to our fleet of four type racing. The Lightning Class was in its usual front place with twelve boats and with them were two new boats. Good luck to new and old.

Twenty-three races in five series and the long Labor Day race were scheduled this year and it was a full and good season with only two or three call-offs. John Rusman won the Secretary series after Roy Sengstacken unluckily hit a buoy. Roy won the next series handily and going like his old self of a few years ago. Bill Summerbell was second in this series.

John Rusman took the next two series with Jack Sengstacken second in the Rear Commodore and Roy Sengstacken in the Commodore Series.

After a thrilling see-saw battle with a possible four or five boats in contention after the first four races, John Rusman won the championship with Hank Holterhoff second and Jack Sengstacken third. Chet Howell and Bill Horton sure missed some keen competition this year.

John Rusman won the long Labor Day race with Bill Summerbell breathing down his neck for second.

Good luck to our former champ Jack Sengstacken and his bride!

The Junior skipper crowd was an active lot in Fleet 96 this year. Skip Gailliard added a new Nichols to our Fleet and Jolly Everett has a new Lippincott.

Our "best three out of five" Friday evening Fleet races were great for those who could make it. Janet Lethen's Restless won the Fleet championship by a mere fraction, with Skip Gailliard as runner-up.

Fred Hibberd won the Long Island Sound Championship as an added star in his crown. His "Flash" is now re-named Windy II and will be sailed by Winky Meyer, excellent girl-skipper in the Blue Jay Class. Skip Gailliard and Sam & Bob Barton competed in this event, also.

In the Districts, Fred Hibberd, Skip Gailliard and Janet Lethen represented Fleet 96. Janet came off with a fifth to qualify for the Internationals. Unfortunately, she had to report to the University of Michigan that week so couldn't participate. She has joined the Sailing Club there, sailing Jet 14s.

Several Juniors took home silver from the various LIS events in the Lightning class. Tyler Keyes took first and Janet, second, on Larchmont Junior Day, and the same two tied for first at Eastern Junior Race Week. At Seaclyff Junior Day, Skip Gailliard and Janet took firsts in the two divisions. Manhasset Junior Race Week was fine sailing, Bob Barton in Heffalump won a first, Janet, Jolly Everett, Skip and Derek Miller all placed well.

In the LIS Junior Championship, Tyler Keyes with Jolly and Bob Barton placed third, after a first in the qualifying races.

In the LIS Girl's Championship, Janet Lethen in Restless took a hard second after winning the qualifying races and leading until the final race. She had the same fine crew as last year, Allegra Mertz Jr., and Jean Hitchcock.

Plans for next season are well under way. A three-race series for the Fleet will be held in late June to qualify for LIS events. The Fleet Championship will again be a Friday evening series. It should be a good season, lots of competition.

Fleet 98 enjoyed a very active season in 1960, with 24 boats participating in the 24 races, which made up the local racing season and the intensity of the competition may be seen from the wide distribution of the awards.

The season's starter, the Huntington Yacht Club Memorial Day Regatta, was won by Ed Perry in Princess, with A. O. Powell second, in Rebel. July Fourth saw Perry again first in the Centerport Yacht Club Regatta with Bill Moss III, second, in Holomama and John Greenacre third, in G-Whiz.

While the rest of the fleet sailed a special race, Perry, Powell, Moss, Gebhard, Meehan, and Kelley competed in the Districts at Larchmont, with disappointing results, for only Perry was able to qualify for the Internationals. The stay-at-homes had more fun, with Sherwood, Davison, and Haring taking the honors in a ten-boat race.

The Fleet Championship went right down to the wire and was finally decided in the last race, September 4, when Holomama won over 16 boats on a blowy day and thus eked out a point victory for young Bill Moss, III, over Ed Perry who was in Tawas Bay that weekend. Bob Sherwood, our youngest skipper, finished fast the final weekend with a first and a second to take third place in the fleet standings and to win the "Under 5000" contest. Al Davison was second and Lou Haring third in the older boat contest.

Tri-Club Lightning Championship, which is based on different races and uses different scoring from fleet, went to Jim Meehan in Kittiwake, with Perry second and Moss third, and Tri-Club Ladies Day race was taken again this year by Ardith Perry with the Porterfield twins second in Geminae and Tay Moss third.

The Northport Yacht Club Labor Day Series saw A. O. Powell break into the win column with Bill Moss second, and Jim Meehan third, in the final event of the season, the Lightning Fleet 98 Invitational, on September 17 and 18, for the Wally Ross Trophy, saw tight competition although the winds were light. Ed Perry finally turned back the visitors' challenges and won the trophy for the year by taking a hard-fought first in the rainy final race. Mike Grinnell of Fleet 133, was second and Bill Moss was third.

With Jim Meehan's new boat in the fleet definitely and with rumors of others, it looks as if 1961 should see tighter competition than ever.

Fleet 99 and South Jersey Lightning Champion, 1959 and 1960, William P. Clausen in "The Willies".

With the increase of newer and faster boats in the fleet, 99 continued the system of A and B classes. A class was over No. 5000 and B under 5000.

Some of our A boats got the season going very early this year. On April 23, at Brant Beach, N. J., Dr. Buzby in his new Lip-pincott "Bee Hive" and Bill Clausen in "The Willies," entered the five-week "Early Bird Series." The weather was cold and foggy, the bay was shallow, but enthusiasm was high. Dr. Buzby ended the series on the 22 of May in second place behind Tom Coe of Brant Beach. Clausen finished third. This series labeled Dr. Buzby as the man to beat in 1960.

In June Dr. Buzby traveled to Metedeconk to the tune-up regatta. He finished second in this one, hot on the heels of District Champion, Jim Carson, in "Trident."

In Metedeconk, the following weekend, Dr. Buzby was joined by Brad Linthicum and Dave Thurston in competing for the New Jersey State Championship. Brad paced the Fleet 99 boats in this one, finishing a very respectable fifth in hot competition.

On the 24th of June Fleet 99 held its annual meeting at the home of fleet captain William P. Clausen. We appointed our season committees. We discussed a rule for keeping in the water. Tempers got hot and we reached no decision but discussed this point all summer.

Our annual tune-up race for the Linthicum Cup was won by last year's champion, William P. Clausen, in "The Willies." Dr. Buzby, in Bee Hive, was second and Dave Thurston in Fiji was third.

On July 2 the championship series began. Dr. Buzby won the first five races without being headed.

On July 17, the Clausens broke the charm. By July 31 Clausen and Buzby were even in the standings but in this race Clausen was disqualified. Dr. Buzby was now in first place with Brad Linthicum in Good Grief, third, Bill Fox in Zorrita, fourth and Jim and Len Hirsch in White Cap, fifth.

In the B division Dr. Pfister in Octopus and Ric Galli in Bandit, fought for first position but the end of July saw Dr. Pfister with a substantial lead.

As August went by the tension mounted as the Clausens slowly cut down Buzby's lead. By the last two races they were virtually tied in standings. The Clausens then got some breaks, won them both and thus took the 1960 championship. Dr. Buzby finished as runner-up and Brad Linthicum third.

Meanwhile, in the B fleet, Dr. Pfister ran away from Ric Galli, and got so good he beat some of the A boats. (Next year Pfister will be in A class.)

On July 30 and 31, Fleet 99 traveled to Ocean City Yacht Club for the annual regatta. There were three long races and John Walton of Brigantine won first, Dr. Buzby second, and Brad Linthicum third. The Clausens won the first two races but were disqualified in the third which gave them fifth place.

On August 13 and 14, four of our fleet traveled to the South Jersey Championship race at Brigantine. Clausen, Buzby, Linthicum and Pfister made the trip.

The Clausens successfully defended their championship, and Buzby finished third behind John Walton of the host club.

We held our annual Trophy Banquet on August 28. Prizes were awarded to winners in both A and B fleets and new officers were elected. Our captain for the last five years received an ovation for his services to the fleet. Dr. Pfister accepted the gavel as our new fleet captain.

On September 11 and 12, Dr. Buzby with Bill Clausen as a crew member, won the Surf City Invitation regatta at Surf City, N. J. They defeated Howard Mullen and Tom Coe, two "hot shots" of the CAD.

Last year we predicted substantial gains by Fleet 101. Like lots of forecasts, we will have to say "Wait until next year."

Any season now our Club's Junior Sailing Program should be producing several new Lightning owners.

Once again the Fleet Championship was a two-way fight between Red Witch and Treasure. Although Treasure won all of Fleet 101's races but one, the competition between the two boats was much closer than this would indicate.

The newcomer to the Fleet, Fling, with Dr. Thacher at the tiller did very well considering how important experience is in successful racing. And no one can say the crew wasn't willing—particularly with that spinnaker! But their efforts were not sufficient to beat Dick Winkel's Pecan for third spot.

This was the last season on Taylor Pond for one of our more active skippers, Gardner Brown. A change in jobs has taken him to Western Massachusetts where, we are sure, he is diligently looking for Lightning competition.

Fleet 102 has just completed another year of good sailing with the size of the fleet showing another nice gain. In only two years we have had the very good fortune of watching the number of our active boats just about double.

Our fleet did a goodly amount of traveling this year to participate in meets at other clubs. Over the Fourth of July we went to Santa Barbara for Semana Nautica. Seven of our boats traveled to San Diego for the District Championships which were hosted by the Southwest Yacht Club. Light winds prevailed for these races which were held in the ocean off the Coronado Islands. Al Coha and Carl Eichenlaub led all the way. Unfortunately, Fleet 102 wasn't able to put anyone in the money.

Later in the summer, nine boats from our fleet went to San Diego for the Stanley Andrews Series, sponsored by the Mission Bay Yacht Club. Twenty-five boats participated, and this time Fleet 102 had better success with Dick Benner, Gerry Noll and Ted Saniec in third, fourth and fifth places.

The annual Cabrillo Beach Yacht Club family cruise to Catalina Island was joined by four of our Lightnings plus seven from San Diego. This was an exciting weekend with a treasure hunt, campfire singing, a beer drinking contest; all capped by a twenty-two mile race home. As usual no one got wet on this race till the Los Angeles Lighthouse was rounded for the remaining one mile windward leg back to the clubhouse.

However, the high point of the year for our fleet was the inauguration of the "Hurricane Gulch Lightning Regatta." This will be our event to be held here each year at CBYA. It was a very successful meet; twenty boats participated—one Carl Eichenlaub of San Diego winning all three races. Saturday's races were followed by a steak barbecue and a square dance. Judging from the enthusiasm of all in attendance, we are looking for an even better turnout next year.

LAVALLETTE LIGHTNING FLEET (104)

Fleet Captain.....John J. Bonn
Fleet Secretary.....Fred Slovak
Fleet Champion.....John J. Bonn
Runner-Up.....Fred Slovak

Boat No.	Boat Name	Skipper

The Lavallette Yacht Club started their club racing season on June 25, and ended on Labor Day weekend. We had a very interesting race season with some very stiff competition for the first three boats in the last two races. We wish some of our non-racing skippers in the club would come out for the club races.

Fred and Marie Slovak parted with their old faithful Star Dust, and showed up with a new Olsen Lightning, Star Dust Too. They have still quite a lot to learn about these new light boats.

In the Barnegat Bay Yacht Racing Association Saturday Regattas, we had a strong turnout of Lightnings. We had more "B" Lightnings than the year before. Some of the skippers being from clubs without fleets. Something should be done about these boat owners who do not belong to fleets. A little missionary work should pay off in getting these unattached Lightning Skippers to sign up with nearby fleets and participate in racing.

In our own fleet, our new member Dick Maguire in his Jodie Bee, showed marked improvement towards the end of the season and will be a real hot contender next year.

We finished the season with John Bonn winning the Club Championship and the Barnegat Bay Yacht Racing Ass'n "B" Lightning Championship.

The runner-up was Fred Slovak in Star Dust Too, who threw away the club championship in the last race, by needlessly with a lead fouling a mark. This won him the Barnacle Trophy. This trophy is a silver water pitcher (acquired??) from the Ritch Carlton Hotel in 1939, and has been awarded each year to a top racing skipper pulling the biggest goof of the season.

The Bonn's in Jezibel had quite a good time in practice sailing in the Bay Head Yacht Club Spring and Fall Series. They also won the Seider Cup. The Commodores Cup Race on Labor Day was won by Dick Maguire.

The Star Dusters, Fred and Marie Slovak and Ward Thomas were runners-up in both the Club and the BBYRA Championship series. Finished third in the Central Atlantic District Commodore Cup Regatta. They also sailed in the Metedeconk Yacht Club Tuneups, the New Jersey State Championship Regatta, Little Egg Harbor Yacht Club Invitational and the Surf City Yacht Club Fall Regatta and the President's Cup Regatta at Washington, D.C.

We all had a good sailing season and hope next year that we will have some more active skippers participating.

GROTON LONG POINT FLEET (105)

Connecticut District

Based on Fisher's Island Sound,

Groton Long Point, Conn.

Fleet Captain James Egan
Fleet Secretary Mrs. Barbara Hadlow
Fleet Champion Robert H. Purrington
Runner-up James Egan

Boat No.	Boat Name	Skipper
2130	Southerly	Skip Church
2408	Bugaboo II	Mr. & Mrs. David M. Hadlow, Jr.
2462	Puffin	Bob Murphy
2780	Murex IV	Andy Congdon

5655	Barefoot	Mr. Wilcox & Family
5737	Merriweather	Sue Colgrove
6814	Crewsader	Jim, Jack and Dick Egan
7635	Knotty Maid	Bonny Parizek
7637	Wee Spree	Bob Grugan

Firefly returns! During 1959 Bob Purrington had to learn a few lessons from his ex-crew, Jim Egan, but in 1960 he regained the Championship in a clean sweep of July, August and the Season. Jim was close behind in second while Bobby Grugan in his new boat, Knotty Maid, finishing third.

These results don't show the keenness of the competition. Never was a race clearly won until the final gun had sounded. Excellent crew work on the part of many provided the means for superb tactics and excellent maneuvers. Many times during the season one skipper or another was claiming he had the better spinnaker man. Cliff Esler, Dick Egan, Mrs. Hadlow and many others deserve credit for their contributions both in ability and enthusiasm.

A great amount of competitive spirit was present at the beginning of the season and remained throughout. Bob Grugan and Bonnie Parizek were the proud owners of new boats, while many others had new or recut sails. Many new spinnakers with special designs were also evident in the Tune-up Race.

An ever increasing effort by local sailors to go to regattas was seen as boats or crews were sent to the Early Bird, the Districts, the Sears Cup, the Midgets, and the ECYRA. Several boats received minor damage at Niantic during tropical storm Brenda, but we were extremely lucky in not receiving heavier damage.

In our own races, Bob Purrington won the third leg of the Slater trophy and retired it. The Hadlows showed us what a new boat can do by running away from the pack in the Turnabout race. Jim Egan finished second followed by Bob Grugan.

In an exciting night race, Bob Grugan won Tom and Doug's beautiful mug. Don't use it too much, Bob. He also took home the Commodore's Cup to his father, the Commodore, naturally.

The Saturday series shuffled the deck with last year's champ and this year's runner-up Jim Egan coming out on top.

The only immediate result of an enthusiastic effort to interest more people in Lightnings was Bob Purrington's mast breaking in the New-Crews race. The fleet invited many interested people to its picnic at the end of the season, and it is hoped several new sailors and boats will emerge next year.

Mr. Crolius in Deficit proved to be an extremely cooperative and enthusiastic Race Chairman, whose new ideas and efforts provided an enjoyable and interesting season. We all dip our envids to him and hope he will return next year.

Jim Egan and Mrs. Hadlow will serve the fleet next year as Captain and Secretary, respectively. Next year promises to be one of the best yet.

John Sprague and family in #7535, called "Presto"

GREAT SODUS BAY LIGHTNING FLEET (108)

Central New York District

Sailing at Sodus Bay, Sodus Point, N. Y.

Fleet Captain.....Richard W. Hallagan
Fleet Champion.....John D. Sprague
Runner-Up.....Richard Hallagan

Boat No.	Boat Name	Skipper
2756	North Wind	Lawrence Morley
2792	Nancy Ann	Dr. Stephen R. Pope
3274	High Tail	Bill Croucher
5974	Polaris	Henry W. Fogarty

7529	Hayden Williams
7535	Presto	John D. Sprague
7723	A. Hosford

Summer 1960, at Sodus Bay, saw several new faces starting down the starting line. This, combined with excellent participation of old skippers, found Fleet 108 having one of its best racing seasons since it all started here back in '47. The racing schedule for the season was as follows: A series of 16 one-lap races on Saturday afternoons, a series of 10 two-lap races on Sunday mornings, and a three-race Labor Day series.

Sat. Series	Sun. Series	Labor Day Series
1. John Sprague	1. John Sprague	1. R. W. Hallagan
2. R. W. Hallagan	2. R. W. Hallagan	2. John Sprague
3. Henry Fogarty	3. Henry Fogarty	3. Brown-Bloomer

It was the newcomers that made the season. John Sprague, an ex-Marblehead sailor, picked the Lightning and Sodus to get back into the game. Hayden Williams, with no sailing experience but a new Lightning, chose Sodus. Al Hosford rented an old Lightning for the season to see what it was like, and is now buying a new boat for 1961. An old pro from the Robin Class days, Hank Nesbitt, bought Croucher's boat in mid-season to enter the fleet. Fisk Hayden, just out of the Navy, was back to race a borrowed boat in the Labor Day Series, and hopes to race a boat of his

own next year. This was the way it was this summer, you never knew who would show up next. The competition this summer found no boat running away with firsts. After the season was over, John Sprague emerged as Fleet Champion. Those who did have firsts in individual races worked hard to get them. This sharpened the fleet. In area regattas, R. W. Hallagan was top boat at the Owasco Invitational; Bob Bloomer looked for a while like a sure winner in the Districts but then caught a snag; Harry Fogarty, after two firsts in the Sodus Invitational, also caught a snag; C. W. Hallagan won at Onondaga. Fleet 108 is fortunate to have several excellent boats.

The new look for 1961 is John Sprague as Fleet Captain, more boats, and an electric hoist.

Highlight of the 1960 season was hosting the Michigan District Championships July 22, 23 and 24. Forty-eight of Michigan's finest sailed five races, two Friday, two Saturday and the finale Sunday morning. The LCA's new Race Committee instructions were used throughout. Race course was set up just before the start. Sail measuring was strict and according to the book. Result! Twenty-five percent of all sails measured were rejected. After reworking, some then measured. At 1960 Internationals every single sail of Michigan's ten skippers (nine qualifiers plus defending champ Hermy Nickles) passed with flying colors.

Commodores Bob Benkert and T. A. Davenport of Detroit River Yachting Assn. joined with HLBC's Commodores C. W. McKinley, Clare Ballard and Manlius Perrott and HLBC's Bob Brand, Rollie Burrows and Pat Oppermann to run all races in crackerjack style.

Weatherman did not cooperate 100 per cent. Several races were cursed with light, fluky air. Light or heavy, the same skippers seem to be up there. When the huffing and puffing was all over, results were:

1. Hank Cawthra	Crescent Sail Yacht Club
2. Herm Nickels	Lake Fenton Yacht Club
3. Wes Wiedrick	Bayview Yacht Club
4. Jim Coggan	Gull Lake Yacht Club
5. John Lesesne	Crescent Sail Yacht Club
6. Alec Carlin	Higgins Lake Boat Club
7. Herb Cox	Tawas Bay Yacht Club
8. Bob Knop	Crescent Sail Yacht Club
9. Jim Schudel	Bayview Yacht Club
10. Chuck Grant	Crescent Sail Yacht Club

Seen from the Crow's Nest

1. Two of our better Michigan skippers, Bill McKinley and Doc Murphy missed qualifying for the Big Casino—DSQ'd by a stony hearted Race Committee—tough, but fair . . . may we add.

2. Crescent surprised with four qualifiers of nine. Next best showing Bayview with two. Dynamic Detroit dominates, eh what?

3. Two-way radios on Committee's line and Stake Boats a real help to Race Committee functioning.

4. HLBC's new styrofoam Race Marks a la Otto Scherer wonderfully successful. Easy to set and handle. Hold fast in all airs up to and past 30 mph.

5. Michigan District's famed Barefoot Philharmonic played Dixieland Saturday night. Dixieland lost.

HLBC's season results were:

Lightning Cup—Alec Carlin winner, Mike Dow runner-up

Cal Barry Trophy—Alec Carlin winner, Pete Morley runner-up

Lightning Cruising Trophy—Bob Barstow winner, Ken Clark runner-up

Everybody enjoys dunking winner Carl Manns Jr.

With all but two of our fleet boats being active in the season's program the Green Bay sailors enjoyed some very successful races and cruises during 1960.

Meetings in February and March ironed out the details for the year with an April Banquet held for the previous season's winners of our class and handicap races during the week evenings. It also served as the launcher for committees to prepare race and cruise schedules.

The opening race was on June 6 and ending of regular events was on September 1. A Rendezvous to the Sturgeon Bay, Wis., area was held the latter part of June with Sturgeon Bay Regatta being no task for Fleet 112 sailors. Jim Hopkins, Dick Evans and Bob Shade placing in that order for the trophies. The Pines Resort at the Idlewild area completed the two-day weekend for the group with a fine dinner—games and some leisure sailing.

An average of nine boats turned out for the local Spring-Summer & Fall series races as each series contained at least seven or eight races with best six used for final standings. Newcomers helped add excitement during the season as we had a siege of broken Spars and some other rigging to spice the events. Fred Cross and Mary Campbell were evident in the trophy department along with the ever present placers of Hopkins, Tilleman, Evans, Gagnon, Bielefeldt and Mathys. They divided the season's hardware.

The usually gifted traveling sailors were not so fortunate in this year's Midwest District Championships. Entrants Hopkins and Evans both were the victims of rigging failures in the very first race and were DNF and DNS. The river salts did a little better at the first Sheboygan Yacht Club Regatta with Jim Hopkins and Bob Tilleman placing 1 and 2 after a wild third race and some outstanding sailing, thru the first two races with 24 starters in this regatta in August.

After selling his original boat and being out of Green Bay for a few years, our Carl Manns Jr., kept sailing in Nashville, Tenn. A little power boating for a while and then purchasing his present boat #5952 is now back with local fleet and gave a good account of himself in the fall series.

The climax of our season The Walter Masse Memorial Trophy Race a handicap type had Carl Manns and his crew of Phil Meyer and Jim Masse sailing a superb race and came in the winners and it seems this event produces a different one every year.

*Skipper Wilday, Paul Clark and daughter Sara.
Fleet champion 1960.*

Fleet 115 of the Cuba Lake Yacht Club was off to an early 1960 sailing season. The handicap races started the first week in June.

Ward Wilday, the Commodore of the club, was the Skipper of the year in the handicap races and also the champion of the Lightning fleet. Wilday skippered "Sweet Genevieve" and his crew members were C. Paul Clark, his father-in-law, and his daughter, Sara.

Skipper Wilday is not only proud of his sailing victory but also of his first son (a new skipper) born November 28.

The CLYC was represented at Skaneateles Regatta, sponsored by the NYCRA Association with Skipper Wilday and Fahrner competing. Fahrner placed second and Wilday sixth. Skipper Fahrner sails "See Adler", with Tyke Bly and Bob Smith of Cuba as his crew.

Skipper Fahrner enjoyed several other sailing experiences.

In order to stir up interest and revive Fleet No. 19 of Chautauqua, Fahrner challenged an E-Scow skipper to a 15 mile race, with a handicap of 25 minutes. The Lightning finished within 21 minutes.

It is thought that Fleet 19 will be active with at least 12 Lightnings added to the fleet.

Another sailing trip was at Sheboygan, Wis., to sail in the Brotz Memorial. Two races were sailed, Fahrner placed first and second. All enjoyed the Bratwurst Festival that followed the regatta.

Skipper Wilday and Fahrner entered the Lake Erie District Regatta. Fahrner qualified for the International races, but was unable to take part.

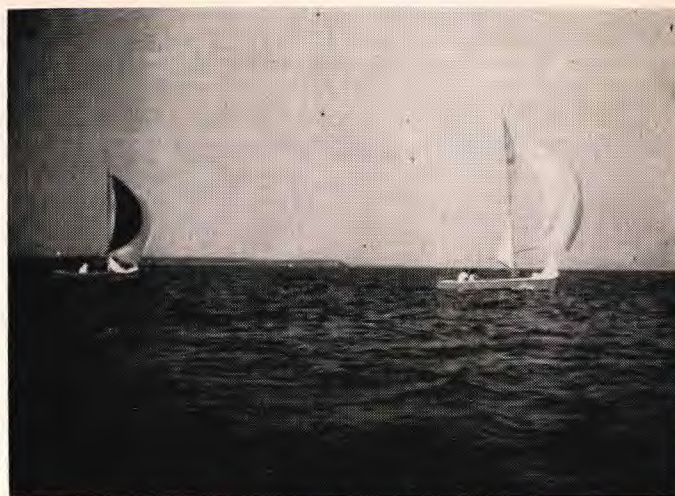

CLYC is hopeful that it shall be represented in the 1961 International race at San Diego, Calif., by some of its qualified Lightning sailors.

Fleet 116 was not very fortunate as far as weather was concerned. Either there was too much wind or not enough.

The Orient Yacht Club ran the usual Wednesday night races divided into a July and August series. Mike Burden took the July and August series. The summer series was won by Art Vandewater.

Shelter Island Yacht Club summer series was won by Jim Holmes, with Pete Dinkel taking second honors.

Southold Yacht Club held its annual summer series with Leroy Raush in top position with Mike Burden and Gary Kohut in second and third spots. Southold held their annual Labor Day Regatta with Mike Burden in first position and Leroy Raush and Tulio Rosetti close behind.

The Eastern Long Island Yacht Racing Association held its annual three day, four race regatta on July 31, August 1 & 2. The first race on July 31 turned out to be a drifter with Art Vandewater first, Mike Burden second, and Tony Dill in third position. On Saturday the two races scheduled for that day were postponed due to high winds. Two races were run on Sunday with Bill Uhl taking first and Tony Dill second in the morning race. The afternoon was won by Mike Burden with Tony Dill second. Mike Burden took the series with a 1-2-3 finish. Tony Dill was second with a 2-2-3 tally. In third spot was Art Vandewater with a record of 1-3-4. As in the past this event has determined the fleet Championship.

During the last few years Lightning interest has started on the upgrade. For next year a season series is being planned solely for the purpose of determining the fleet champion.

This year our fleet welcomed four new boats from the Burlington Yacht Club, which unfortunately lost their property. The club had Lightning representation at many regattas in Toronto, Buffalo and surrounding area. George Hampson with his new boat placed second in the Canadian Championships at Toronto.

Next season there is a possibility of dry sailing the boats, which should improve bottom care. At present it looks like we should improve the fleet with the addition of two or three new boats next year.

The favorable trends which have been in operation for Madison's sailors continued this last summer although enough problems crept in to make life interesting. On balance, competition was a little keener with the racing fleet larger and more consistent in turning out for each event. Outside of the ever increasing enthusiasm within the fleet much should be said for the Sailing Committee who have made such excellent efforts to improve the sport for all of us.

Our racing fleet consisted of 11 boats most of the summer, and we never raced with less than six boats, a signal achievement for the fleet as a whole. The July series started well and the usual flukey breezes were less mysterious than in the past. The races were close and no one boat seemed to have an outstanding advantage although the eventual champion was viewed mainly from the stern. Toby Littell's "Me Too" left excellent impressions until the aftermath of Brenda forced some races to be missed. Another sad story of this storm was the complete loss of Pete Davidson's new boat, but some consolation was achieved when he borrowed Franz Talley's "Talley Ho" and sailed circles around the fleet.

August reminded us that there are such things as tricky wind conditions, but Bob Thorndyke's "Blitzen" just seemed to thrive and went on to capture the championship with a fairly good margin. Throughout the season Mary Lou Stearns made "Chances R" perform well and her consistency earned her the runner-up spot. Not shown on the record was the improvement registered by James Bayliss in "Splash" and the Ketcham girls in "Sea Muffin" both of whom found themselves well up in the fleet on many occasions. Bob Higgons and his spinnaker crew showed continued improvement and next summer should be troubling the fleet leaders.

We are looking forward to another good season during 1961 and are anticipating that many of the old hands will be back and we are particularly looking forward to seeing DeWitt Barlow and Marie Birnbaum back on the water. At this writing the possibi-

ties of new boats remain a little vague, but at least we understand that Pete Davidson will probably be out there again. The grapevine also had it at one point that former champion, Bob Redfern, might even be out attempting to return to his old stand. At the minimum we are anticipating next summer to be better than last.

THE BEST EVER!—we say this in every annual report, but this season, it's more true than ever before. Fleet #132 has had an outstanding year—thirty boats sailing during the season, with 15 to 20 boats on the starting line for almost all of the 32 scheduled races, and only one race cancelled, for lack of wind. The competition was breathless down to the finishing gun of the thirty-second race, with only 1 1/4 points separating Fleet Champion Ken Brostrom and Runner-up Cappy Clarke in their season's standings.

The season opened on April 30 with a parade and race on Lake Washington, and though the races counting toward the season championship were completed on October 17, some of the eager beavers in the fleet are participating in Frostbite and Hot Rum Series continuing until Christmas. The rest of us have stowed the boats and "taken to the hills" for skiing.

We had excellent participation in the six-race Spring and Summer, and three-race Fall and Fleet Champion competitions, sponsored by Corinthian Yacht Club. The Fleet hosted Pre-District and Autumn Leaf Series, as well as an Invitational for all boats which had not won a trophy during the other series. The latter series was won by Bob Clark, a newcomer from Toledo (Fleet 42), sailing the first of what we hope will be many fiberglass boats to come from his workshop. To climax the year, we inaugurated a Canadian Invitational Series in October. Six boats trailed down from Vancouver, B.C., and carried off the second and third place hardware. The races were followed by a cocktail party and dinner, which convinced everyone that this should be an annual affair.

With such a long and full season, most of us found little opportunity to make the long trip to other regattas in the area, but Ken Brostrom took a third at PIYA in Port Townsend, and Bob Clark and Dave Gosse brought home trophies from Tacoma's Labor Day Regatta.

The fleet wives provided encouraging (?) words to their skippers while crewing, lunches between races, hospitality at the meetings each month, and some hot competition of their own in the Battle-Ax series.

We managed to squeeze in a busy social schedule among all the races: a weekend salt water cruise on Pudget Sound, a fresh water race around Mercer Island (in Lake Washington), a fleet picnic, and award banquet.

If you're in doubt about a vacation next year—our combination is irresistible—Lake Washington, Mount Rainier, balmy breezes, great competition, and a warm welcome from Lightning Fleet No. 132.

Fleet #133 enjoyed an unusually successful summer in 1960. Dick and Jim Sykes, Art Buhr, Andy Connell and Mike Grinnell distinguished themselves against the always formidable Long Island Sound competition. Activity in Manhasset Bay increased and our fleet acquired four new Lightnings and seven new members.

Congratulations to Mike Grinnell for winning the fleet Championship, thereby repeating his performance of 1959. It was a close contest all the way with the issue in doubt until the very end of the season.

Tom Pryor was awarded the trophy for the most improved skipper.

No review of 1960 would be complete without mention of the outstanding performance of Dick and Jim Sykes. Their blue-hulled Dixie was first in the Western Long Island Sound District Championship, first in the Atlantic Coast Championship, first in Larchmont Race Week (odd # boats) and third in the Long Island Sound Championship. As a result, 1961 will be a busy summer for the Manhasset Bay Race Committee.

Art and Carl Buhr score a nice win in the Sea Cliff Invitational Regatta, with Andy Connell second. At the end of summer, Andy, the Buhrs and Mike Grinnell headed west to Tawas Bay for the 1960 Internationals. Andy and Mike qualified for the Championship bracket and all three of our contenders enjoyed the top flight competition and challenging sailing conditions with which they were confronted.

The Noroton Yacht Club Lightning Fleet completed another busy and interesting summer of racing. Early in the spring, two brand new boats were purchased by Fleet members, with a third new boat putting in an appearance in August. We were also glad to welcome aboard four new members. One of them, Walter Hanson, was Fleet Champion of Fleet #255, our neighbors across the harbor.

In the first series of 17 races, Bob and Jim Crane won, with Tom and Stephanie Ross second and Harold Scott third. The second half of the racing season was split into two series. The Saturday series of races was won by Harold Scott, while the Sunday series went to Bob and Jim Crane, with John and Lester Abberley coming in second. Our Fleet Championship, which was based on all races during the season, was won by Bob and Jim Crane in JIMLIN IV, with Tom and Stephanie Ross second in LITTLE SLAM and Bill Howe and Wally Crump third in CAPRICE.

Once again, we conducted a fall series of three races, which Walter Hanson won handily. Dave and Sue Sinclair were second and Thomas Ross was third.

Generally speaking, racing conditions on Long Island Sound were quite satisfactory this past summer. Wind and weather combined, for a change, to give us many fine days of racing. The number of "drifting matches" was held to a minimum.

The Long Island Sound Lightning Championship was held at Noroton on August 20 and 21, and after an inauspicious start on Friday when we battened down the hatches in anticipation of an early season hurricane, Saturday dawned without a cloud in the sky and, unfortunately, very little wind. However, by the time the second race was well under way Saturday afternoon, the breeze picked up and continued until Sunday morning's race, with the result that all hands had a fine weekend of sailing. Fred Hibberd won the Championship, with Wally Lineburgh second, Dick Sykes third and our own Bob Crane fourth.

As we look forward to next summer, it is apparent that some of us oldtimers are going to have to look to our laurels. The super-efficient Noroton Yacht Club Junior sailing program has graduated into our ranks a number of excellent young sailors, such as, Jim Crane, Stephanie Ross, Ted King, Harold Scott Jr., and Lester Abberley. Added to these, of course, is Peter Wilson, who came within one-quarter of a point of qualifying for the North American Junior Championship finals.

Fleet 137 champion Jim Harrison and wife Marge.

As usual the Gull Lake sailing season began on Memorial Day with a handicap race sailed by the whole Gull Lake Fleet, comprising of Stars, 210, 110, Lightnings, Snipes, Sail-fishes and a few miscellaneous class boats. Twenty-two boats crossed the finish line with Jim Harrison and his brand new Lightning, Yankee 7580, coming in first. The two other handicap races on Gull Lake were held on the Fourth of July and Labor Day. On the Fourth of July, 37 boats reached the finish and again Jim Harrison showed the Fleet, in particular the fast sailing stars, what a Lightning can accomplish. Jim might have won the Labor Day handicap race had he not left for the Internationals.

The highlight of the 1960 season for the Gull Lake Lightning Fleet was the third Invitational Regatta held Saturday and Sunday, August 20 and 21. Twenty-four boats of which 13 were guests, participated in the races. Our farthest guest, Bob Adams from Barnegat, N. J., Fleet #3, trailed his Lightning #6906, more than 600 miles to enjoy sailing on beautiful Gull Lake. Of the three regatta races held one was won by our fleet, Bud Tholen, 5602. The regatta dinner party was held at Marge and Jim Harrison's, which unfortunately had to take place inside due to thundershowers. However, all felt that it would have been worse if the rain had started that afternoon during the race. Before dinner Les Coleman handed out souvenirs to all skippers present. More than one hundred persons attended the dinner and around ten o'clock the spirit was at its peak; there was dancing, lively discussions on sailing and racing.

At the Labor Day banquet, the 1960 trophies were presented to Jim Harrison, first place; Jim Coggan, second, and Bud Tholen, third. The most improved skipper award was won this year by our fleet captain, Tom Crookston, and the fleet secretary, Dick Strube, put his hands again on our "Transom Trophy". Junior skipper series champion was Bob Harrison followed by Don Coggan.

Other items worth mentioning are: 1) Jim Coggan managed to occupy fourth place in the Michigan District Regatta on Higgins Lake. As a result of this he became the first skipper of our fleet to qualify for sailing in the Internationals. 2) Old "Battle Scars" #5602, skippered by our buddy, Bud Tholen, finally had to be put in dry dock following a series of mishaps. Twice the old veteran was rammed in hotly contested races and then on the trip home from Pontiac Regatta his trailer was struck by a car and the boat was badly damaged. 3) Dan Chappell moved up

from Lightning #1988 to #3436. 4) And just to satisfy a lot of curiosity, "Kilat" translated from the Indonesian language is, you guessed it, "Lightning".

A lady named Donna blew her way up from the Gulf of Mexico on September 12, and brought the sailing season for Lightning Fleet #138 to an exciting finish. Only a few of our skippers were fortunate enough to have their boats "hailed" and our damage was quite extensive. We lost a total of five boats including Telemark 4610, belonging to Fleet Captain Ted Henning, plus serious damage to four others. Our planned September Series was completely "blown out." The remaining boats are now "hailed", equipment stored away and the skippers and crews are engaged in the scuttle-but that usually follows a thrilling racing season. Listening in on the bull sessions we can learn how Walt Scott successfully defended his 1959 Championship in "Spook" 7125. Walt had his greatest year, for in addition to the Fleet Championship he won our Commodore Series, placed third in a thirty-boat regatta hosted by our club, and finished sixth in the Long Island Sound Championships.

This was an exciting season because our champ had plenty of competition with Pete Hannan, George Kelley, and Mike Ryan pushing him to maximum effort all season long.

Extra activities this year consisted of a new Wednesday night race series. This was run to promote racing among our amateur skippers. We feel it was a successful beginning. With the enthusiasm expressed by many of our new skippers we are looking forward to increased weekend competition in 1961. Again as in the past we gave our crews an opportunity to show their stuff by holding three crew races. We know that many of these young people will be moving up to offer our top skippers real competition in the future.

Two brand new boats were added to our fleet—Walt Grosselfinger's "Decibel II"—7622—and Al and Faye Gagliano's "Playmate" 7656.

With sandpaper and varnish in hand we now bid you farewell with best wishes for happy sailing.

Jeff and Decoy battle for second place.

Unfortunately, the quantity of our active Lightning competition was down this year, but the quality was way up, many races being decided by a few seconds. Only one boat failed to take a first and last all summer long.

The season started off with a Fourth of July race of the three sailing classes on Conesus Lake. Then started the keen competition in the Sunday Series, with many "for fun" races on Saturday afternoons with crews, skippers and sails changing boats. Only one week's races were cancelled because of the District Eliminations in which two of our boats were entered. The official season finale came on Labor Day with thirty some boats of all classes on the lake competing for many prizes.

After the final tally of points, Chuck Doerflinger again repeated as fleet champion in Lamb Chop. Frank Gottschalk, returning after a two year absence, sailed Jeff, into the runner-up spot by a scant two points over Bob Henderson in Decoy. Fourth place went to Nelson Bruce's Susan B, skippered by Don Weller.

This past year was an extremely good one for Fleet #143, our sailing began on January 31st and ended on November 27. Nineteen trophies were at stake during the season and despite the results listed below that indicate fleet domination by LCA Vice President Wm. Hole and our Fleet Captain Robert Edmondson, competition was keen and many of the series were very close.

Trophy Distribution

William Hole: Rathborn-Deaton, Say Trophy, International Eliminations, Commodore Hutton, Phil Fisk Novelty, Commodore Mitchell and Al Gillette Trophy.

R. Edmondson: May Placque, Class Champion, Hawaiian Invitational and Seabury Bowl.

G. Gillette: Don Lee Trophy.

M. Todd: Bay Cruise.

Eliz. Kiakona: Wahines Race.

D. Devine: Crews Race.

Cy Gillette: Myhre Miniature, Ray & Alice Buisseret Trophy.

A. Hyde: Charlies Arcade Trophy.

R. Bennett: Barbara Jean Hole Trophy.

While anticipating the 1961 season which is just around the corner most of our skippers are hard at work on their boats in an attempt to insure a more equitable distribution of the trophies in the year ahead.

We are not nearly as fortunate as our sister states on the mainland, in being readily available to outside competition. We were fortunate this year in having Barney Mead from Fleet 87, Mary Wilkinson from Fleet 192 and Jack Beal from Fleet 31 with us. We feel confident that their reports of sailing in Hawaii will be helpful in persuading others of you to come and enjoy our superb sailing conditions.

We are eagerly looking forward to hosting the 1963 World Championship Series here in Kaneohe Bay.

Fleet 145 summer racing program was divided into three important sections: (1) Summer Series May 28 through July 24. (2) Fleet Championship Series July 30 through September 4, and (3) the State of New Hampshire Championship Lightning Regatta July 16 and 17.

The summer series rules were such that new sailors, "would be" Lightning owners, and future skippers had a chance to sail in actual races. This program is Fleet 145 contribution to the overall campaign to increase interest in Lightnings and in sailing in general. Winners for this series were Fred Harris, first, Leonard Pratt second, George Holbrook, third, and Fred Hamblet, fourth.

The Fleet Championship Series was won by Fleet Captain, Leonard Pratt, Fred Harris and Peter VanInderstine took second and third places.

July 16 and 17 were two big days for Fleet 145 and the Spofford Yacht Club. The New Hampshire Championship Lightning Regatta was held, three races scheduled, and 13 boats participated, covering five fleets in the New England District. Sam Stowell won the Championship and also put on an interesting demonstration in using his spinnaker to win this championship. Leonard Pratt was second, and Garner Brown third. Walter Estes and family from Laconia and Fleet 246, will not forget the number "13", and Walter and crew should be congratulated on their good sportsmanship. Their boat was the last entry in the Regatta. In the over-all standing, it came in last, and was the only boat in the three races that turned over. This happened in the second race and the boat was back in action for race number three.

Boats and skippers which traveled and tried their luck this summer on other lakes and against other fleets were as follows: Fred Harris, "Sandy Kay", Portland, Maine, Leonard Pratt, "Bon Joy", Portland, Maine, Winnepesaukee, Marblehead, and Massabesic; Peter VanInderstine, "Witch One", Winnepesaukee and Massabesic.

The fleet was fortunate this summer in having one brand new Lightning, and the proud owner of this was Fred Harris.

Leonard Pratt has been elected District Commodore for the coming season.

The fleet enjoyed a successful season with the outstanding event being the Canadian Open Lightning Championship, held in mid July at the Royal Canadian Yacht Club. Competitors included boats from Hamilton and Ottawa as well as two American boats.

The winds were not outstanding but Gord Russell in Karen, found enough breeze to win with a third, a first and a second. George Hampson in 7472 was second, and Bob Bleasby, third, in 7650.

Bob Bleasby and Gord Russell attended the Lake Erie Districts with Bob placing fifth, including one win. Gord Russell also trailed to Ottawa for the National City Championship.

The results of other events included:

Trade Fair Trophy—Ed Hearn—5223—Seabiscuit
Lou Marsh Trophy—Jack Swann—7070—Cygnat
Gorman Trophy (Team Race)—Queen City Yacht Club

Bob Bleasby in his new featherweight "Serendipity", frequently showed a clean pair of heels, while his former boat, Cosmos, continued to perform well for its new skipper, Dave Millyard. New additions to the fleet included Fred Woodall's "Cindy"; George Crane's "Sea Ren"; and Kent Richardson's "Black Sheep". Les Crocker is planning to build a new boat this winter, and A. Williams is buying 5471.

Each year the fleet is growing and with it, interest in the class.

OWASCO YACHT CLUB (149)

Central New York District

Sailing on Owasco Lake, Auburn, N. Y.

Fleet Captain.....J. Kraft Vorreuter

During the 1960 sailing season at Fleet 149 on Owasco Lake we held a total of twenty races, with an average of six boats sailing in each race. Our season started with the Memorial Day Trophy race, won by Dr. William Simmonds. Dr. Simmonds continued his winning ways by going on to capture the June, July, and August series the latter by only 2/7ths of a point!), and also the Labor Day Trophy race. Bill Merritt chose the winning course for the July Fourth Trophy. The Fleet Champion was, of course, Dr. Simmonds, with second place going to Kraft Vorreuter. Only two points behind Kraft in third place was Craig Lewis, who has improved considerably in this his second season of sailing. Craig Lewis was ably assisted by co-skipper Blair Lewis.

Our big event early in the season was our Second Annual Invitational Lightning Regatta June 18th and 19th. We had a total of 21 boats representing six clubs from the Central and Western New York area. With moderate winds changing to light and spotty, Dick Hallagan of Great Sodus Bay Lightning Fleet barely won first place, just nosing out Dr. John Gentry of Skaneateles in second, and Stu Anderson of the Niagara Sailing Club, in third.

Several of our skippers again took part in regattas at other clubs, enjoying themselves though not bringing home trophies.

The outlook for next year is not as encouraging, as we have lost three boats through illness and other changes, and a couple of more skippers may also have other plans.

ANNISQUAM LIGHTNING FLEET (151)

6707	Nimbus	Brooks & Derwin Stevens
6758	Bluebill III	Peter Bent
6858	Skyrocket II	Joseph M. McNulty
7127	Rogue III	Peter and Ben Hedblom

Fleet Captain.....	W. Wesley Pear
Fleet Secretary.....	R. Russell Smith II
Fleet Champion.....	Benjamin A. Smith II
Runner-up.....	John D. Cunningham

Fleet 151 had a very successful season, held in both home and foreign waters. Since our racing season consists of only 11 weekends, we had an unusually short home season. Annisquam held none of the major regattas in our area (of which there are five), so we sailed at home only six weekends. As it turned out, this was enough to decide rather decisively that the Teaser VIII, sailed by Ben Smith, was the champion for the fifth consecutive year. Commodore Jack Cunningham, who always has trouble rounding up a steady crew, sailed consistently to edge out the Nimbus for the runner-up spot.

The series results for the year were as follows:

Tune-up Series	July 4th
1. Nimbus—Stevens	1. Teaser VIII—Smith
2. Bat—Cunningham	2. Nimbus—Stevens
3. Tedesco—Pear	3. Sabrina—Lordan
July Sunday Series	August Sunday Series
1. Nimbus—Stevens	1. Teaser VIII—Smith
2. Bat—Cunningham	2. Bat—Cunningham
3. Mouette—Peter	3. Rogue III—Hedblom
Saturday Series	Labor Day
1. Teaser VIII—Smith	1. Nimbus—Stevens
2. Nimbus—Stevens	2. Teaser VIII—Smith
3. Bat—Cunningham	3. Bat—Cunningham

Fleet 151 fared very well when sailing away from home.

On the weekend of July 9-10, the entire fleet towed to Eastern Point Yacht Club for the Massachusetts Bay Lightning Championship. The three races were sailed in winds varying from zephyrs to near gales. At the end of the series, the results were as follows:

1. Spook III—Dr. Louis Pocharski (189)
2. Rouge III—Peter Hedblom (151)
3. Suzy Too—Frank Morse (189)

The next weekend was the Cape Ann Regatta, again hosted by Eastern Point. Ben Smith sailed his Teaser VIII to two victories. He was followed by Pete Hedblom in Rogue III and Jack Cunningham who were second and third respectively.

The following week, the Teaser VIII, Mouette, Sabrina, Rogue III, and Bluebill III, towed to Marblehead for the annual race-week. For the fifth consecutive year, Ben Smith won the Larson Trophy for the most outstanding performance in the Championship division. He also won the Corinthian series.

The next weekend, the Districts were held at Marblehead. In the five race series, Ben Smith sailed his Teaser VIII to a 4-1-2-5-2 to annex the district crown. The top finishers were:

1. Teaser VIII—Ben Smith (151)
2. Spook III—Dr. Louis Pocharski (189)
3. Yankee Dandy—Sam Stowell (227)

Squam Day was held on August 25. Ben Smith was away, so his wife, "Sis", consented to sail the Teaser VIII with her two daughters, Barbara (18) and Susan (16). Just before the start of the race, the wind freshened a bit and she was tempted to go ashore. She stayed however, and there was no one more surprised than "Sis" and her crew, when they crossed the finish line the winner. Second was "Sis's" brother, John Mecheon, sailing the Skyrocket II; and third was Rogue III, sailed by Pete Hedblom.

On Sandy Bay Day, Georges Peter caught the Skyrocket II in the last 50 yards to take the winner's gun. Third was Mel Lordan in Sabrina.

Eastern Point Day on September 10, produced what was probably the most exciting finish of the year. Jack Cunningham in Bat II edged Russ Smith in Concordia II, by only one second. Third was Ben Smith III, sailing his father's Teaser VIII.

Best of luck to sailors everywhere and we hope to see all you Northern New Englanders at the 1961 Districts here at Annisquam.

TAWAS BAY YACHT CLUB (152)

Michigan District

Sailing on Tawas Bay, Tawas, Michigan

Fleet Captain.....	Charles Schreck
Fleet Secretary.....	Edward McKinley
Fleet Champion.....	Ed & Bill McKinley
Runner-Up.....	Charlie Schreck

Boat No.	Boat Name	Skipper
5180	Humbag III	Ed & Bill McKinley
6222	Relampago	Dewey King

6283	Trio	Cox, Mallon, Pinkerton
6688	Merri Mac II	Ladd McKay
7207	Joker Too	Herman O. Nickels, Jr.
7272	B.	Dr. Gerald Murphy
7615	War Paint III	Charles Schreck

The past year was a banner one for the Tawas Yacht Club and Lightning Fleet 152, for it was our great privilege and honor to sponsor the 1960 International Lightning Championship. This regatta was possible only through the combined help and effort of the National Lightning Association officers; General Chairman of the regatta and Fleet Captain, Charles Schreck; Race Chairman, Ladd McKay; defending International Champion, Herm Nickels; many Lightning sailors from other Michigan District fleets; and all Tawas Yacht Club members. We wish to thank everyone for their help and hope that all the sailors, friends, and relatives enjoyed their stay in the Tawas.

In addition to the Big Casino, we also sponsored our regular annual July Regatta. Hank Cawthra, 1958 International Champion, finished first in the series; Herm Nickels, the 1959 International Champion, finished second; while Ed and Bill McKinley from the local fleet finished third.

In the Fleet Championship series the McKinley brothers captured first place, and Charlie Schreck in his new boat "War Paint III" was runner-up. The balance of the fleet was close behind as competition in our fleet gets keener each year.

Our pram class was very active in 1960. It looks as though we will have some of these junior sailors in the Lightning class in another couple of years.

Every member of the fleet did some traveling this year. Dr. Murphy finished in second position in both the Toledo and Pontiac regattas. The "Trio", co-skippered by Herb Cox and Marv Mallon, finished in seventh place at the Michigan District Championship at Higgins Lake and represented our district and fleet in the Internationals. The fleet was also represented at the Bay City Regatta and the Bayview Regatta in Detroit.

An enlarged club house and greatly expanded mooring facilities along with our beautiful bay make Tawas one of the finest places to sail. Competition at our annual July Regatta is terrific, so come and join the fun. The 1961 dates will be published in Flashes.

PEQUOT YACHT CLUB FLEET (153)

Three of Pequot Yacht Club's inveterate skippers, Lynn Cunningham, Wally Lineburgh and Steve Bachman dominated the 1960 Lightning racing season. However, although outnumbered by youthful skippers and crews, the adult contingent in the person of Wally Lineburgh recaptured its pre-eminence this season after bowing to the youth movement in 1959.

Steve Bachman started things rolling for Pequot by winning the Early Bird Regatta at Niantic Bay. Wally Lineburgh and his crew of Willie Wheeler and Wheeler Clark put a string of first places together in four important regattas: The Pequot Invitational (Ricky Sharp in Tern took a third), the Fifth Annual Black Rock Regatta, the District Championships at Housatonic and The Connecticut Governor's Cup Regatta hosted by the Bran-

Wally Lineburgh, winner of the beautiful Conn. Governor's cup. Also, Wayne Brockett, third place winner.

ford Yacht Club. Tom Munnell and Steve Bachman against tough competition placed Pequot in the forefront by taking a third and fourth respectively in the Atlantic Coast Championships at Milford Yacht Club. Bachman went on to represent Pequot at the Internationals at Detroit. The Long Island Sound Championships at Noroton Yacht Club found Lineburgh again in the van with a second place while Bachman in this select fleet of 31 boats sailed his Vivo into seventh place.

Racing Lightnings for their first year, young Lynn Cunningham and her crew of Ellen Smythe and Trina Van Dusen were indeed envied by capturing the Long Island Sound Girls' Sailing Championship and keeping the Founder's Trophy at Pequot for another year.

A Sunday Series with our neighboring Cedar Point Yacht Club was inaugurated this year. Racing committees were alternated and the series brought out the best of the combined fleet of some 30 boats. Lineburgh sailed Zig Zagger to a first place in this Sunday series for Pequot boats.

The Saturday Series was won by Steve Bachman with the result that Lineburgh and Bachman shared the honors as Pequot co-champions.

The representation and superior sailing of our Lightning skippers at eight away events this season is further justification for Pequot's well earned reputation as a fleet of winning sailors.

WAWASEE YACHT CLUB (154)

Ohio-Indiana District

Based on Lake Wawasee, Syracuse, Indiana

Fleet Captain.....John Nixon
Fleet Secretary.....Paul O. Penn
Fleet Champion.....Bruce Baiden

The first annual Hoosier Regatta sponsored by the Michigan City Yacht Club, the Indianapolis Sailing Club and the Wawasee Yacht Club was held in June at Lake Wawasee. Each Club will take its turn hosting the regatta. It will be held at the Michigan City Yacht Club in June 1961.

Mr. Eli Lilly of Indianapolis donated a beautiful Sterling Silver bowl as a perpetual trophy. Very few Yacht trophies exceed this one in beauty or value.

The 26 entries found almost no wind for this three race—two day affair. However, the competition was very keen if not fast. Bill Wingard of Chicago finally nosed Bob Spitz of Gary out by inches in the final race to become the first custodian of the Lilly Trophy. Other finishers were J. Doty of Chicago, third; Jim Wellington of Wawasee, fourth; and George Murphy of Michigan City, fifth.

The local season championship went to Bruce Baiden with Jim Wellington, second; Dick Penn, third; Carl Winnebald, fourth; and Berkley Duck, fifth.

The Labor Day Regatta found Bruce Baiden in first; Dick Penn, second; Jim Wellington, third; Berkley Duck, fourth, and Larry Lorentson, fifth.

John Nixon of Peru, Indiana, has been elected commodore for 1961. Other officers are Carl Winnebald, Vice Commodore, Ed Kane, Rear Commodore, Paul Penn, Secretary, George Wright, Treasurer, Joe Plasket and Bruce Baiden, Directors.

SOUTHWESTERN YACHT CLUB (161)

Sailing on San Diego Bay, San Diego, California

Fleet Captain.....Donald T. Tuttle
Fleet Champion.....Donald T. Tuttle
Runner-Up.....Jim Gourley

Boat No.	Boat Name	Skipper
2368	Fanci	Al Ziegenfuss
6000	Six Grand	Dr. James Gourley
6205	What's What?	CDR E. L. Cochrane, Jr.

6432	Wahoo	Bill Weston
6483	Hornet	George Hendry
6597	Charmer	SYWC (Dewitt Cary)
7606	Ponique	Tom Macken

The 1960 season continued to see the fleet grow to a total of ten boats, the largest number of boats in the fleet's history. Al Ziegenfuss joined the fleet with "Fanci", and we welcomed Bill Weston and Bennett Meyers from the Los Angeles area with their recently purchased boats. Late in the season Tom Macken finished up his beautiful new boat and his son, Howard, showed us how fast it is by winning the first series they entered. Ted Cochrane, our Navy skipper, was promoted to full commander and transferred from CO of the Evans to CO of the Phillip, which unfortunately for us is based in Pearl Harbor and not San Diego. So we wish Ted good luck with his new ship, and with his Lightning in new waters. Hawaii's gain is our loss.

Good Start in a Good Breeze.

A full racing schedule was held throughout the year with seven club series, the California Districts, the John Bate Invitational and the two races-around-Point Loma held with Mission Bay Yacht Club. In addition, many of our skippers entered invitationals at Coronado, Cabrillo Beach, Newport, and Mission Bay to round out a very busy year indeed.

The results of the club series were as follows:

Fiore Series—Jim Gourley
 Elliot Pohl Series—Jim Gourley
 Lichty Series—Don Tuttle
 Hazel Doman Series—DeWitt Cary
 Walker Series—Howard Macken
 Sumpster Memorial Series—Don Tuttle
 E. M. Ballas Round Robin—Don Tuttle

At the end of the season George Hendry was elected fleet captain for 1961, and we are looking forward to another good year under his leadership.

Seventeen class races were completed this season, with an average of fourteen boats in each race. We maintained the 2-division scoring system, which has worked out very well. This year we were not only represented in the Skaneateles Invitationals and the CNYRA at Sodus Bay, but also by our Fleet Champ, Dr. Sanford, in the Internationals at Tawas Bay.

Several new names appeared in the winner and runner-up positions at the close of the season:

The Junior Fleet had a little trouble getting enough boats and sailors this year, but managed to race twice a week, with Andy Diefendorf in 5892 winning. Willow Bank was host for the Sears Cup eliminations again this season. Andy Diefendorf, with crew Fred Broberg and Jim Dodd, came out of the competition with a well-deserved first place. They continued on to Henderson Harbor to compete for the same cup and finished second. Another junior club race, the Nate Roberts Memorial Race, was won by a Lightning skipper, Phil Hart, II in 5893.

Something new was added to our Fleet activities this summer. We held two successful moonlight races. Several rules were—minimum of four people per boat, an "honor system" paddle, 2-cell flashlight only, and winning boat had to light bonfire. The moon was perfect, but ski clothes had to be worn, and the winner's bonfire was a welcome sight. First prize was a five pound steak, won in July by Dr. Sanford and crew, and in August by Jack Griffiths and crew. The wind was very light in both races, but strains of ukes and mellow voices were heard around the lake and everyone had fun.

The best weather and breezes of the season were enjoyed in early fall. The participants of one fall race were invited to Delmonico's home for a delightful cocktail party and buffet supper. The crew you see each weekend in sailing togs looked surprisingly different in party clothes!

Big plans are in the offing for next season, and committees have been set up for winter meetings to exchange ideas. A big spring meeting has been planned, at which time we will have a thorough presentation of racing rules and tips on tuning up the boats.

Fleet 166 has again finished a season with many official and training races. We now have 25 boats in our fleet after we have written off some of the old ones. We have only one new boat this season, Marina 7177, built by Aimo Hanninen himself.

In the races held in the Helsinki area R. Aromaa's Kesaheila, 5544, has again been one of the best boats. Also "Speed VI" and "Hurricane" have placed well.

The fleet championship was organized this year by the yacht club Merenkavijat. It was held, as the year before, in two classes, A and B. The final results were:

Class A		
1. Kesaheila	R. Aromaa	24 points
2. Diwa	U. Liimatta	19 "
3. Speed VI	B. O. Owren	16 "
4. Hurricane	L. & S. Haglund	13 "
5. Marina	A. Hanninen	12 "
6. Tuttemuj	J. Koskimies	11 "
7. Eyy-Ann	M. Jokinen	10 "
8. Susanna	E. Lindstrom	3 "
Class B		
1. Heyday	M. Erola	12 points
2. Lotina	R. Roitto	7 "
3. Ghost	K. Isomeri	6 "
4. Donna	P. Taiminen	5 "

The District Championships were held in Loviisa. Eight of our Lightnings took part in this race. "Kesaheila", R. Aromaa, was the best boat of our fleet, placing fourth.

S. Wikman and his crew Pia Wikman and Tapio Paukku took part in the European Championships in Luzern in Switzerland with a loaned boat. They had bad luck in the races but a very good time as guests of Fleet 281, and they will thank all the Lightning sailors in Luzern this way for a this good time.

We are now looking forward to the season 1961, when we will get five new boats.

Early in the 1960 season Fleet 167 became officially registered again after a number of years of inactivity. During this season Dick Duley served as commodore of the Lake Davenport Sailing Club. The club membership includes skippers in both the Lightning and C-Boat classes. Membership is building up steadily and we had a very successful season.

Our regular season started with the Memorial Day race and ended on August 28. A fall series continued up through October 23 with two races held on some weekends.

Competition has been very keen in the Lightning fleet with many of the finishes virtually measured in inches of lead.

We entered three boats in the October Regatta at Alton Lake, Missouri and a very fine showing was made by skippers Dick Duley and Clayton Ebert. At this regatta we sailed against Bob Buckles of Decatur and Bill Schwartz of Wichita, Kansas.

Late in the season, Clayton Ebert moved in with number 107 from the Michigan City club. Clayton is a very fine sailor and a real addition to our membership. Both in the regular season and at the Alton Regatta he proved to be a great competitor in number 107.

We are glad to be aboard again in the Lightning Association and we are planning bigger things for next year in Fleet 167.

Another fine year of sailing and racing has just been completed on Tampa Bay. For the most part we have had light to moderate airs in our races. There were three series held this year with a total of 24 races. Using the high point system, Bob Segars sailing the Whim came out on top. Lewis Hill III, sailing the Zombie, edged Johnny Lee sailing the Linda Marie for second place.

Two regattas were held in Tampa and three more along the west coast of the state, all five of which were attended by at least three boats from our fleet. All five were won by Tampa boats and in four, Tampa boats finished with both first and second places. Bob Segars won four, Lewis Hill won one and took three seconds. Johnny Lee finished up our escapades by remaining in the top three for four of the five regattas.

We regret that we have lost one boat since the last report, but we have gained two, one of which is brand new. Three of our members do not as yet have boats or, are in between boats. This condition will soon be altered with the sight of new Lightning sails on the Bay (we hope).

We can notice with the greatest satisfaction the increase of the boats in our fleet: from 10 in 1956 to 22 in 1960. The participation at regattas was very successful.

The fleet championship has been very well organized by the Cercle de la Voile de Grandson. There was a lot to drink (the Commodore and his crew will never forget their forced bath early in the morning), a strong stream, very, very much wind on Sunday. Excellent demonstration by the 1960 Swiss runner-up Fiamma was given. Ibis proved that older Lightnings can have the best places together with new models. In one word, excellent propaganda for the Lightning.

Here is the classment:

1. Fiamma	J. Beck
2. Ibis	B. Perrenoud
3. Anahita	J. P. Mathez
4. Fripon	R. Grobety
5. Garoupa	C. Lambelet
6. Peruto	T. Grieb
7. Respiro	D. Henriod

At the end of August, 14 Lightnings competed at the invitation of the Cercle de la Voile d'Estavayer-le-Lac (where it is common to hear that there is no longer interest for the Lightning!) Once more the 1960 Swiss runner-up Fiamma showed his ability in taking three first places. The numerous Swiss district Past Champions present (1955, 56, 57, 58, 60) could only congratulate this performance. These are results showing that it is not always the same ones who win and it does encourage our class.

1. Fiamma	J. Beck
2. Anahita	J. P. Mathez
3. Garoupa	C. Lambelet
4. Fripon	R. Grobety
5. Red-Fish	P. Tribolet
6. Respiro	D. Henriod
7. Dorade	P. Gross
8. Plein Vent	P. Dresco
9. Milan	W. Schmid
10. Ibis	B. Perrenoud
11. Ra	M. Mooser
12. Peruto	T. Grieb
13.	M. Perrin
14. Pampero	G. Bosset

Our fleet has been quite successful in international races. Garoupa skippered by Claude Lambelet, with wife, Dina and brother-in-law, Boris Sjostedt, as crew, won the title of Runner-up of the European Championship 1960 in Lucerne. Fiamma owned by R. Fuhlmann and skippered by J. Beck was fourth, Anahita 10, and Baraka 12.

No doubt 1961 will be a continuation of the 1960 success and the competition will be even more interesting.

The trouble with Lightning racing in these waters is that other skippers take it too seriously. In my case (I'm the guy who mishandles the tiller of "Barracuda"). I treat it like the easy-going sport it ought to be. I hardly think of it from the end of one season to the start of the next. Well, of course, I did send my crewman George Harrington to crew with our Club Champ at Quantico, to pick up a few pointers, and I crewed for Surf City Champ Howard Mullin in the Southern Circuit last winter to pick up his secrets, and I had my boat sort of fixed up at the Lippincotts' in the spring, but a guy has to do these things if he hopes to rise from the runner-up spot he has held in the fleet.

But who would have suspected that Club Champ Tom Coe would organize an "Early Bird" series in April at the Club, while I was still in Florida, and get his boat and crew tuned for the season? The guy won the Early Bird Series, too. I only wish

I could say it did him no good in the regular Club series, but I can't. He won the Championship again during the summer, plus the Sunday Series and Shakedown and Fourth of July races, helped by crewmen Fred Spaeth and Tim Slack. So in spite of work and planning I was runner-up again.

However, let's not take this runner-up thing lightly. There is a guy in our fleet named Joe Serrill, who used to be the nicest and most easy-going skipper you'd want to meet. He started getting serious this past summer, and all of a sudden there was the transom of his boat winking at me up ahead in lots of races, and we just inched him out in the series. The guy has a hideously old boat, too—#580—and it's just not right for him to get serious and do so well.

Luckily the Schmit family didn't race much this summer or they'd have been a problem. Bob and Pat Roth began racing for the first time, though, and now they're getting that maybe-we-ought-to-have-a-better-boat gleam in their eyes, so they've gone serious. And those nice O'Briens, who will start racing with us next summer, are already beginning to heat up their boat with racing gadgets. What I mean is, nobody stays a pigeon long enough. Then take the Kelly boat. It didn't cause any great trouble until the very last race, when all of a sudden three Kelly brothers got it moving and won the Labor Day race. Who can you trust to let you beat them, these days?

Then take our up-bay rivals, Surf City Yacht Club. They used to be, in the main, a relaxed bunch of guys, a pleasure to sail against in interclub races. But then Howard Mullin and John Sullivan and Dick O'Donnell bring hot boats into the Surf City fleet, and people like Doc and Helen Sullivan, and Ed Lavery and Jack Elfman turn into men-eating sharks (Sweeney and Stoneback never were easy to handle) and it takes all the lounge-chair ease out of racing against them. Surf City won its four-race series against us, but at least Tom Coe (and this is the one time I'm glad to have him around) upheld Brant Beach prestige by taking individual honors in the series, tying for first in our Spring Regatta against hot Surf City opposition, and taking second in Surf City's Fall Regatta.

The way things are going, this tiller jockey is just going to have to resign himself to being in the tank in a lot of races. I hear a lot of scornful comments about guys going in the tank, but us Powells (my son Steve crews with me) do a lot of sailing in those waters, and you meet a slew of nice boats in the tank and have lovely shouting matches going around markers with them. Whereas those serious guys who are up front with their wind clear and nobody trying to luff them out of the Bay can't be having much fun at all. Might be a favor to them if we took things more seriously next season and got up there to show them how much they've been missing.

Again, we are still low on number of boats in our Fleet, but interest is coming fast due to a new program last summer, of teaching the youngsters. We had two big days of Regattas, visiting Traverse City Yacht Club and a return engagement in our home waters.

The Trophy for Fleet Champion was again won by "Queen Bee" and mostly skippered by Al Cherne, who with his wife, Linda, inaugurated Lightning teaching to the young sailors. Ed Lyon was Runner-up in a very tight finish through the last week of Racing. Our Commodore Robert Morse is an enthusiastic Sailor and so we hope to really get going next year with more fleet and fleet regattas in our area waters.

Our fleet had a very active and very successful racing season. We held one major event at our club and a number of minor races.

The first big event of the racing season was the Shreveport Yacht Club Spring Regatta held the last weekend in May. The regatta was won by Sam Townsend of the Dallas Corinthian Yacht Club of Dallas, Texas.

Our fleet was not able to have a run off for the Fleet Championship this year due to bad weather in the Fall season. An attempt was made to hold this race, but after three races Walter Heiman and Gay Griffith tied for first place—as five races were necessary the run off ended in a tie. Three new members were added to the Fleet, Walt Hackney, W. C. West and Paul Shaugnessey.

Quite a change has come over "The Lightnings" of Great South Bay this year. Narrasketuck Yacht Club and Babylon Yacht Club have both acquired Lightnings to use in their Junior Training Programs. Bob David bought a new Fiberglass boat and retired "24" from active competition. Herb Beurger sold 731 and is now the owner of 6443. Don Skinner is still "a building".

The enthusiasm among the Lightnings has increased this year to such an extent that the season began in May; and only finished after Thanksgiving. This long season provided a variety of weather conditions.

The Spring series starting on May 22 was won decisively by Warren Pulver with six firsts. Our five race Wednesday evening series, with the starting gun at 8 p.m. was held in June. It was annexed by Bob David.

Bob David and his "Mistress" won the Long Island, Babylon, Narrasketuck, Unqua, Corinthian, and Bellport Yacht Club Invitation regattas. Charles O'Malley's Jim III won the Bayshore Invitation.

In the "Ladies Race" Marilyn David sailing "Mistress" just managed to edge out Nancy Thomas at the helm of "Black Orchid".

We had a long distance night race in which Paul Maddox started about 10 minutes late and proceeded to work through the entire fleet to win handily.

In order to vary the sailing thrills, a crew race was planned. The regular crew handled the racing, while the skippers bravely watched and worried from the shore. The race was exciting to all. Many tactics which had been seen were tried by the new skippers for the first time. The regular skippers waited intently as "Mistress" and "Knotso Grande" engaged in a luffing duel. The race was finally won by Bob David's father at the helm with Bob's wife at the jib.

The Narrasketuck Yacht Club, which is the home of the bulk of the Lightning Fleet, held a Summer, Fall and Frostbite Series. These series were won by Bob David.

Great South Bay Race Week, with a race held at a different yacht club on each of the six days, had a little trouble with a girl called "Brenda"; in that the final day at Babylon Y. C. was blown out. Bob David won the Race Week trophy with Bill Thomas as runner-up.

History of Commodore Taylor Memorial Trophy:

To develop interest in Championship Racing Sailing in classes other than the Fish Class Fleet the Gulf Yachting Association determined that it would sanction the Championship Series in several classes. First class to be sanctioned was Lightning Class Sloops. President Eugene Taylor offered to place a trophy for competition on a perpetual basis. The Flag Officers and Board of Directors of G.Y.A. suggested this trophy be for the Championship of the G.Y.A. Lightning Class Sloops. The Deed of Gift stipulated that in the event of a lack of interest in competition in Lightning Class that the Flag Officers and Board of Directors of G.Y.A. would rededicate the trophy to a class where greater interest was exhibited. This change in the Deed of Gift received the concurrence of Commodore Taylor. The trophy was especially built to a suggested design by Commodore Taylor. The first Championship G.Y.A. was held at Pensacola, Fla., home of Commodore Taylor. Since then the annual Championship has been held at St. Petersburg, Panama City, Pensacola, Fairhope, Pass Christian, Biloxi and New Orleans. Recent years it has been determined to hold this Championship at the geographical center comprising the G.Y.A. in order to centralize the travel to boat owners who trail their boats to the Championship location. This was sailed for June 18 and 19, at Pass Christian, Miss., and was won by Ed Overton of the Fairhope Yacht Club. Francis Favaloro of the New Orleans Yacht Club came in second and Jack Dave, Southern Yacht Club, New Orleans, third; and Bob Banck, South Yacht Club, fourth. Trophies were presented by Mrs. Taylor, widow of the donor.

The annual Lightning Frostbite Regatta was held December 3 and 4 at the Pass Christian Yacht Club with ten boats and beautiful weather. Robert A. Banck, Southern Y. C. won the new John Curren Memorial Trophy donated by the Southern District LCA members. Mr. Banck's Lightning 7121, Hi Yala won with 22 points. Second place was won by 5596, Risch (Niki) Southern Y.C. with 21 points, and third was Ed Overton (Marvillion) 7399, Fairhope Y.C. with 20½ points.

An exciting season during July and August, climaxed by a glorious Labor Day weekend, left no doubt that the 1960 champ was Franklin Miller, although he was closely fought each week by runner-up Hollister. All would agree, though, that Dr. John Hanek, our newest skipper, could win if his crew were not so "mute-in-us". Also look out for challenger Shaeffer in '61.

Bob Hollister's sailing classes and his fleet of 12 small-fry Sail Fish who raced thrice weekly have created more sailing enthusiasm than we've seen for years. An excursion of the whole fleet to nearby Pymatuning Lake Yacht Club proved to be a pleasant day for both oldsters and youngsters. (Of course, we'll be disappointed if they don't all grow up to be Lightning skippers!)

"There it goes! Miller's red-and-white spinnaker is up first again!"

And so it went for most of a summer season which began early in July and which provided a great deal of keen competition within both A and B classes. The Lightning fleet at Leiland is divided into these two classes according to sailing ability and experience. Bill Miller took top honors in the A class standings while Dave Workum came in second. Ray Hilsinger won the B class trophy, with Russ and Charlie Vowinkel close behind.

Our annual Marathon, in which the hardier members of the fleet sail around the nine buoys on the lake three times for a total of thirty miles, was again a success. The race began about 8:30 in the morning, and after a day in which the wind was interchangeably quite strong or non-existent, the last boat was finally cheered across the finish line at 4:30. Bill Miller won the cup, followed by John Shoaff, George Bennett, Jon Clark, and Jack Mead.

We were unable to hold a regatta this year due to a conflict in schedules. However, we plan next year to have a regatta the second week of August and to establish this regatta as an annual event.

Our recently-established junior sailing program was continued with good results. A new and extremely successful addition to the season was the first annual "Commodores' Commotion Cruise." The entire yacht club, deciding that motor boats weren't so bad after all, cruised down to the far end of the lower lake for a picnic lunch and games, and then returned in the evening for a fabulous barbeque on the shore of Lake Michigan.

The combined Bill Miller—Labor Day Regatta ended our sailing season on a high point. Bill Miller won the Labor Day trophy, and the B class cup went to Ray Hilsinger. Toby Tyler placed first in the Miller regatta, followed by Jack Mead and Jon Clark.

Trophies were awarded at the annual Yacht Club Dinner. The Commodore's Award, given to the most improved sailor of the year, and elected by the sailors themselves, was presented to Ray Hilsinger. Because of her sportsmanship, interest, and sailing ability, Susie Highstone received the "Linda Sutton Memorial Award".

This was an extremely successful and rewarding season. Many thanks to Jack Mead, our fleet captain, and to Jon Clark, who acted as captain while Jack was away. Commodore Chick Evans, who is retiring this year, deserves special thanks for his hard work and his continuous interest and enthusiasm.

We hope to see you all at our First Annual Lightning Regatta this August.

RARITAN BAY FLEET (185)

Metropolitan District

Sailing on the Raritan Bay out of Perth Amboy, N. J.

Fleet Secretary	Elden Diamond
Fleet Champion	Irv. Lewis
Runner-up	Ellen Diamond
Boat No.	Boat Name	Skipper

Our fleet had a most exciting summer and fall season with a great deal of enthusiasm for every race. Weather never dampened the spirits of our hardy skippers and crews. Those of us who trail behind Irv Lewis are wondering how he does it and why we don't do it.

Several boats participated in the Raritan Bay Yacht Racing Association races and enjoyed some excellent competition from Fleet 295, of the Richmond County Yacht Club. The District Championship was held at the Lake Wallenpaupack Yacht Club. We will always remember the wonderful hospitality and fellowship extended.

The Fall Series proved to be quite rugged with spinnakers wildly flying. Ellen Diamond came in first, Ed Mackevich second, and Bill Jacobson, third. We were sorry that Irv Lewis sold his boat and couldn't participate. He decided to cruise to Europe instead.

Flash—it is rumored that Dr. Leitner will be sailing all winter, practicing with his secret weapon for next season's races—Bill Jacobson has a boat load of mysterious gadgets which only he knows how to juggle—Ed Mackevich is knee high in data on tactics and the study of aerodynamics—everyone is patiently waiting for Bill Cuttings' future crew to grow up—Bill Diamond is still pondering why his compass doesn't help him win races.

1961 should prove to be an even more interesting and competitive season and we are certainly looking forward to it.

Club champion of Fleet 187, Rog Bierman, with crew, son Tom and daughter, Lynn.

SHEBOYGAN LIGHTNING FLEET (187)

Midwest District

Sailing on Lake Michigan, Sheboygan, Wisconsin

Fleet Captain	Dr. Wm. Moir
Fleet Secretary	Dr. J. Kovacic
Fleet Champion	R. J. Bierman
Runner-Up	Art Perry

Boat No.	Boat Name	Skipper

The 1960 season was the most active the Sheboygan Lightning fleet ever had. Starting the first weekend in June with a Tune-up series of six races, then the Piper series—eight races for the club championship, followed by a Fourth of July series of three races.

The Roman C. Brotz Invitational regatta was held the weekend of August 6, during Sheboygan's annual Bratwurst Day celebration. We also had good fellowship races every Wednesday night during June, July and August.

The Tune-up series was won by Vic Radwick sailing Dr. Tasche's Corixa. Second went to Kathy Kuhlman, skippering Jacobson's Islander and third, to Rog Bierman sailing his Tillykke.

Bierman took the Piper trophy with six firsts, one second and a third. Art Perry finished second and Dr. Wm. Moir third.

The Fourth of July series ended in a tie for first place between Bierman and Radwick, the tie was broken by the flip of a coin in favor of Radwick. Kris Jacobson, one of the clubs up and coming youthful girl skippers, finished third.

Our first attempt at an Invitational Regatta was a wonderful success. Lightnings came from Milwaukee, Green Bay and Neenah, Wisconsin. Karl Fahrner of Cuba, N.Y., trailed his boat all the way down here to see what Sheboygan's famous Bratwurst Day was all about and take part in our Bratwurst Day Regatta. We had 24 boats sailing in the two day series August 6 and 7. The two races on Saturday were sailed under ideal conditions, but Sunday morning we were greeted by a howling southwester with puffs up to 35 mph. Most of the boats went out and felt of the weather, one mast was broken and several others were brought in with minor damage. Five finished the race. Jim Hopkins of Green Bay won the Roman C. Brotz trophy, his fellow club member Bob Tillemann finished second, Wayne Schelwat, Sheboygan, third; Dave Ashton, Milwaukee, fourth; Karl Fahrner, Cuba, N.Y., fifth. Plans are being made for the 1961 regatta to be held the first weekend in August during the Bratwurst Day celebration. We're hoping the visiting Lightning skippers will turn out as well as this year.

The annual Sheboygan Yacht Club Junior series sponsored by the Lightning skippers was sailed over the Labor Day weekend. It is a Round Robin series of five races. Ralph Simonsen took first place, Dave Wilson Jr., second, and Jim Kuhlman, third.

In last years report we mentioned that we hoped to have 23 boats in Fleet 188 in 1960. The past year was even better than we had anticipated and we ended up the year with 24 Lightnings, with at least two new boats expected to join the fleet in the spring of 1961.

We added six boats to the fleet in 1960 and only lost one boat when Pip Nation was posted to Winnipeg, Manitoba by the army and took the Maple Leaf with him to sail on Lake Winnipeg.

Dave Quarterman and the Whiting boys both had a big season with their new boats. Dave beat the Whitings out for the Fleet Championship after a see-saw battle all season. Quarterman finished up our four regular championship series with a total of 219½ points and the Whiting boys amassed a total of 221¼ points. A post season sailoff between the two boats ended up with Quarterman on top after five close races sailed in September winds gusting to 25.

During the past season we again split the fleet into "A" and "B" division. The "B" division championship trophy went to Digby McLaren whose total points in the four series was 100. His close rival during the season was Brian Laidlaw who ended the season with a total of 40 points.

On July 23 and 24 we held the fourth annual National Capital Lightning Championships at the BYC. The Rhodes Cup for the regatta champion went to Dave Quarterman, who sailed Bobolink to win over his nearest rival, Gordon Russell of RCYC of Toronto.

The Mistral Trophy for the 20 mile up river race to Pinney's Point and return went to Peter Whiting sailing Whitecap. This was the first race for the Whitings new boat and after the start she almost sailed out of sight, beating the Dragon class boats who started ahead of the Lightning Fleet.

Dave Quarterman made it twice in a row when he finished on top in our Saturday Series and won the Ogilvy trophy for the second straight year.

The annual ladies series again proved to be one of the most interesting when six crews of ladies got out on Wednesday evenings and battled it out for the Lorelei Trophy. Elizabeth Buske sailed John Killicks "Madcap" to victory in this five race series.

Dave Quarterman again made it two in a row when he won The Blue-Belle trophy for the Spring Tune-up series for the second year. This series was sailed as a fall frost-bite series as the flood waters in the spring made it impossible to sail it when scheduled. The floods were so bad this spring that it was impossible to start sailing until the end of June. This made our short season really short this past year.

In August we sailed our overnight race to Constance Bay and return. A distance of some 18 or 20 miles up the Ottawa river on Saturday afternoon with the return leg sailed back to the club on Sunday. After a grueling race sailed mostly on a planing reach both up and down river, Quarterman again came out on top to win the Book Trophy.

After the first leg of the race we beached our boats and during the evening seventeen Lightning sailors and crew climbed aboard Dave Quarterman's boat and sang, drank ginger ale, etc. The only thing that kept the Bobolink from sinking was the fact that she was moored in only six inches of water.

The up-river race to Armitage Wharf for the Corinthian Trophy was won by newcomer Ossie Blouin who sailed his Mug to first place over the whole fleet.

The last up-river race of the season was sailed in September and was won by Peter Whiting who got the Queens Park Trophy for his efforts.

The last series of the season was held on the first weekend in October. This was our annual five race fall series for the Evans & Kert trophy. John Whiting sailed Whitecap to victory in the "A" division while John Reiffenstein brought the Sparrow in first in "B" division.

Last season we really missed the keen competition of Charley Whiten, our B division champion in 1959. Because of Charley's night work he was unable to sail in 1960, except for a few races near the end of the season. He assures us that next season he will be back at the tiller full time and not miss a race.

In November our annual Haul-Out Party was held at the fleet secretary's home where 40 members of the fleet gathered and made excuses for their poor performance over the past season and told us how much better they would all do in 1961.

The fleet planned regular monthly meetings during the winter and spring months. Most of the meetings were scheduled for the first Saturday of each month from January to May, and would be held in a different home each month. In this way the fleet is able to keep together during the off season and discuss plans for the coming sailing season, which we believe will be, by far, better than any in the past.

With Lightning sailor, Lorne Smith, as commodore of the BYC in 1961, how can we go wrong?

The 1960 season of the Marblehead Fleet got off to a flying start with a busy schedule of 60 races starting May 30. Winner of the first race was our fleet champion, Dr. Louis Pocharski. New boats sailed for the first time this year are: The Neirac, owned by the Cariens, Bali II owned by Dr. Robert Liming and Dr. John Ballou, and Cuddles owned by Harold Nagle.

This year our twilight races were broken up into three series, the first of which was won by Dr. Pocharski with Frank Morse and Duncan McInnes finishing second and third, respectively. The second series ended on the same note with the exception of the third position being won by The Gleasons sailing Fouette. Frank Morse sailing Susy-Too took top place in the third series with Henry Ashley in Thirsty placing second and Duncan McInnes in Creeper finishing third.

Sailing down to Eastern Point in Gloucester on July 9 and 10, to participate in the State of Massachusetts Regatta were five boats from our fleet. Top place in this regatta was taken by Dr. Louis Pocharski with runner-up position going to Peter Hedblom from Annisquam.

The Eastern Yacht Club Series of Race Week were won by Louis Pocharski in the odd division and by John Abbott in the even division. On Tuesday evening of race week we held our annual cookout at Goldthwait Beach. More than 100 skippers, crew, relatives, and friends attended to join the festivities. The Boston Yacht Club Race sailed on Wednesday was won by Paul Deschenes, sailing the Sizzler. The Corinthian Yacht Club series at the end of the week was won by Ben Smith from Annisquam and the consolation division was won by Paul Urion from Lake Winnepesaukee, New Hampshire.

On August 5, 6, and 7, Fleet 189 was host to the New England District Regatta. The annual District banquet was held at the Corinthian Yacht Club on August 5, and a buffet supper and cocktail party were held at the home of Matty Bernard on August 6. Winner of the District championship was Ben Smith from Annisquam with Dr. Louis Pocharski, runner-up.

As the season drew to a close we found that Dr. Pocharski was the winner of our Sunday Morning Series with the Caldwell Brothers placing second and Frank Morse in third place.

We finished up our very busy season with our annual banquet held at the Boston Yacht Club on September 17. Trophies were awarded to all winners and placers and an evening of dancing was enjoyed by all.

Posillipo 2nd with Gaetano Pesce, Franco Galante and Antonio Molino entered the European Championship at Lucerne, and finished third, very near the runner-up Lambelet. The indivisible trio is still very active, indivisible Cocco from his trousers, indivisible Molino from the jib, jibbing just a little bit as Coco commands.

In 1960, Fleet 192 had increased representation in the Chesapeake Bay regatta circuit. While Mary Wilkinson and Bob McWhorter kept up their regular attendance record at nearly every regatta in the area, Lee Brown, Dick Heald, Murray Schwartz and Walt Bartoshesky also started logging trailer miles. Meanwhile the fleet maintained a spirited interest in a busy home schedule. The vigorous competition shows up in the fact that only Mary Wilkinson took more than one trophy in the Spring Series, Championship Series, and Fall Series. Graham Hamilton and his family crew held a consistent lead throughout the Spring series. Jim Holzman kept up the pressure and was a close second. Twelve boats participated.

Because of a business transfer, Hamilton left for other waters while Holzman found a ready buyer for the Wind Song leaving the Fall Series wide open. Mary Wilkinson found the home air to her liking and swept the fall contests with four wins and a second. Ed Meyer's win in the final race put him in the runner-up position.

The fine points of competitive racing showed in McWhorter's clean sweep of the Fleet Championship races. Lee Brown and Mary Wilkinson provided the excitement with Mary squeezing out Murray Schwartz in the final race to tie with Brown for second place. It was awarded to Lee for a three out of five lead over Mary. The three H's, Holzman, Holladay, and Hamilton were missed but new skippers are in the making. Murray Schwartz, whose fine sailing in the Championship series earned him the novice trophy, proceeded to take third in the Fall series and seems headed for the front next year, but Ed Meyer, Walt Bartoshesky, and Ed Cox are going to make it tough work.

While waiting for the season starting gun, the fleet enjoyed get-togethers at the Holladays' and at the Holzmanns'. A newly outfitted committee barge added to the race committees' pleasure and convenience while racers found Jim Holzman's new markers easy to locate.

Wow! What a year. From the very beginning, 1960 was destined to be one of the most successful seasons for our fleet. As in the past, our new officers for the fleet were installed in January at the annual dinner dance. It is becoming almost traditional to invite the other fleets in San Diego area to join in the festivities. The Fred Knauer Perpetual Trophies for the skipper earning the most points in Intra and Inter-fleet competition for 1959 was presented to Al Coho.

To encourage active participation and growth of our fleet, our new fleet captain, Glen McPherron announced plans for a series of cruising activities as well as the 1960 racing program. Later in the year, the cruising activity was climaxed by a sail in the ocean to Catalina Islands, 25 miles off the coast of California.

The first club regatta was held at Salton Sea, 147 miles east of San Diego. Carl Eichenlaub Jr., with his new "Bull", carried the honors with Fred Knauer second and Glen McPherron, third.

Al Coho then traveled north to Cabrillo Beach Yacht Club to earn second place in the Southern California Yachting Association Mid-Winter series.

Meanwhile, Carl Eichenlaub Jr. gave a preview of things to come by winning in the Deep South Regatta held at Savannah. He then earned a respectable fifth at the Winter Lightning Championship at St. Petersburg.

Meanwhile, back at the club, the winter series was captured by Al Coho, with Dr. Ed Pletcher in second and Fred Boynton third.

During the Easter Regatta at Balboa, Dave Shay found the blue Pacific to his liking and gathered in a first. Fred Knauer claimed second.

At the spring series, Eichenlaub again showed us how it was done by taking first. Dave Shay followed and Fletcher took third.

The 12 month racing season shifted into high gear with the Memorial Day series. Eichenlaub again showed his transom to the fleet. It is significant to note that Pletcher, a relatively newcomer to our fleet, is consistently in contention and proved this point by taking second. Al Coho followed with a third place.

One of the more pleasant and diversified races of the season is the Pont Loma sail-around. The race starts in the channel at Mission Bay and ends in San Diego Bay in front of the Southwest Yacht Club. The 17 mile course takes from 3 to 5 hours to complete, depending upon tide conditions and winds. Al Coho made the fleet look like it was anchored by leading the fleet all the way. Ed Pletcher took second and Ray Tuttle of Southwest, third.

A real battle took place at the Ken Reynard Regatta held at Coronado Yacht Club. Coho earned a well deserved first with Eichenlaub following and Shay taking third making it a complete sweep for our fleet.

To prove a point Coho claimed the Small Boat Regatta with Eichenlaub and Shay following in that order.

The Fourth of July Firecracker series again found Eichenlaub in first place. New members of our club and fleet, the Barber twins, took second with Coho third.

The Lightning District Championships found 21 boats in contention. Al Coho found the mark with a first, Eichenlaub second and Shay third. Dave Wright followed with a fourth and Trevor Lewis, fifth.

The SCYA Mid-summer regatta held at Balboa was completely captured by our fleet. Dave Shay again took first with John Guinther in second.

The ever popular Stanley Andrews Regatta found 26 Lightnings racing for honors in the deep blue Pacific. Al Coho took a second and two firsts, followed by Shay who carried an overall series second. Dick Benner of Cabrillo Beach followed with a third.

Both Labor Day and the Summer series were carried by Dave Shay followed by Ed Pletcher.

It was during this period that Carl Eichenlaub Jr. was preparing the "Bull" for its eventual win at Tawas Bay Yacht Club. With the keen competition offered by Coxa, Wright, Pletcher, Shay and Knauer, Carl was honed to a sharp competitive condition. Fellow members of his fleet are proud to have such a worthy and fine competitor as Carl to literally "show us the way".

Members of Lightning Fleet 194, supported by the Mission Bay Yacht Club are looking forward to hosting the 1961 Championships in the ocean off Mission Bay.

SURF CITY FLEET (196)

Central Atlantic District

Sailing on Barnegat Bay

Fleet Captain	John Sullivan
Fleet Secretary	Helen Sullivan
Fleet Champion	Howard Mullin
Runner-up	John Sullivan

Boat No.	Boat Name	Skipper
477	Tempest	Frank Temme
780	Sea Nymph	Fred Lorenz

Sailing for the club this year began as early as February, when three of our skippers headed toward warmer climate for the Southern Circuit. They were encouraged in their efforts by a group of spectators from the club who have begun to hit the regatta trail with as much enthusiasm as our skippers.

Later in the year, we were represented in Spring Series races held at Red Bank and Brant Beach.

In June, Howard Mullin won the New Jersey State Championship at Metedeconk. Plans are now being completed to have the Championship race held June 24 and 25, 1961. All eligible boats are invited to attend.

Our entire fleet was represented at the Annual Invitational Regatta at Brant Beach in June. Howard Mullin sailing Tackless brought back a first-place trophy.

We welcomed two new skippers to our club this year. John Sullivan, sailing Alleluia and Dick O'Donnell, sailing Panic. From past reputations we all knew they would offer some stiff competition to the home skippers.

By this time our own Saturday series and Sunday Championship series were due to start. Our well-known "brisk Barnegat Bay breeze" prevailed on most weekends and offered some rather thrilling spinnaker rides. One skipper reported seeing daylight through the scuppers while planing with spinnaker. We had our share of flips this year due to spinnakers and kept our patrol boats in good practice for towing.

The Saturday series was won by John Sullivan with his two children, Mary Jane and Jackie, as crew. Second place went to Jack Elfman, in Scotch-Irish and Ralph Messersmith, sailing Tackless, took third honors.

In our Sunday Championship series, the Julius Christian Hansen Memorial Trophy was won by Howard Mullin, sailing Tackless, with wife Mary Kay and Ralph Messersmith as crew. Second place honors went to John Sullivan and in third place position was Tom Sweeney, in Sinnerella. Congratulations to all our winners for this year.

This was the second year for the Interclub Series with Brant Beach. There are two races held at each club and once again Surf City is able to keep the trophy for the year.

Due to a new scoring system adopted this year, our skippers are able to attend extra regattas during the season. So practically the entire fleet has been bitten by the travel bug. Among some of the regattas we attended are: Susquehanna, Spray Beach, Little Egg Harbor, and Brigantine.

After Labor Day came our Annual Regatta. Each year it is bigger and better, complimented by beautiful weather. There is an open invitation to all Lightning skippers for 1961.

We closed our season with the Annual Banquet at which time Claude Sullivan, sailing Shady Lady, received the Achievement Trophy. This award goes to the skipper showing the most improvement in sailing for the season.

The season was then officially closed, but not all the boats were tucked away for the winter. We still had to attend the President's Cup Regatta in Washington, D. C., the Frigid Digit Regatta in Baltimore, and the Frostbite Regatta in Quantico, Va. Once again our own group of spectators went with us. The highlight of the Quantico trip was the christening of Doc Sullivan's new boat "G.P." Champagne at ten o'clock in the morning will never be forgotten.

Now we can tuck the boats away, make the necessary minor repairs, have our bull sessions, and prepare for an even better season next year.

From early July until September the Chautauqua Lightning Fleet enjoyed one of the most active and successful season of its 14-year history. Fleet 198 started the season with great expectations of keen competition for the fleet championship.

Curt Clark finally won the trophy, close behind in second place was J. P. Jones. Robert Clark and Jack McCredie finished third and fourth respectively. The season trophy for the second division was won by Fred Tim in 1923.

One of the more exciting weekends of the season's sailing was during the annual Lakewood Regatta. The race down the lake started in bright sunshine and light air and finished in a driving rainstorm combined with very heavy winds. The following day the wind was again heavy making the course very exciting. J. P. Jones in "Tina" won the trophy for this weekend of racing.

The five race Labor Day weekend series was won by Jack McCredie. The first four races were sailed in very nice weather and the standings were very close going into the final race. The final race of the series turned out to be a drifter until the boats were about 50 yards from the finish line. Jack McCredie picked up the long awaited wind and crossed the finish line just ahead of Curt Clark who finished second in the series.

A few of the boats again took to the regatta trail. Bob Birmingham and Jack McCredie turned in the most outstanding performances. After sailing very well in the districts, Bob placed second in the Governor's Cup Series. Jack McCredie finished up the year by winning the Harvest Moon Regatta held at Atwood Lake, Ohio.

We of Fleet 198 are looking forward to the coming season with eager anticipation.

After a series of tune-up races, Fleet 205 sailed its first point score race of the Spring series on May 8, 1960. The season was divided into three series, Spring, Summer and Fall, with ten races in each series. The first three boats in each series qualified for the run-off race for the fleet championship at the end of the season.

Unfortunately a number of our most enthusiastic sailors were unable to participate in much of the season; but in spite of this, the competition was keen. Good weather and nice breezes enabled us to complete our racing season with few postponements.

Our Spring series was won by Rod Hall, with Harris Squire second and Phil Caudle-Hereld Coman, third. In the Summer Series it was Squire, Hall and Caudle-Coman. Squire was again first in the Fall series with Hall and Art Murphy bringing up

second and third. Harris Squire cinched the fleet championship in the run-off with two firsts and a third. Murphy was runner-up.

Tulsa Sailing Club sails five annual trophy races in which our commodore, Rod Hall, carried away four firsts. The Paul Reisher Memorial Trophy race, May 30, ended with Rod Hall first, Harris Squire second, and Charles Westgate third. The Tulsa Bronze Works Trophy race, July 2 and 3, went to Hall, Squire, and Caudle-Coman. In the Standard Magnesium Trophy race, August 20, it was again Hall first, and Murphy second, Squire third. Gene Hunt took first place in our Labor Day Handicap series with Frank Zeigler second and Charles Westgate third. Rod Hall was again first in the Zeigler Trophy race, October 22 and 23. He was followed by Squire and Murphy. These coveted cups will be awarded at our annual dinner meeting early next year.

Two members of our club were brought into the fleet when they acquired Lightnings this year. They are Harry Ells and Kent Johnson. Also a new member to the club and the fleet is R. J. Sullivan. Other new members who are owners of other types of boats are Willard Tice and Bob Puchaty. With the 1960 season just behind us, plans are already under way for an even better year in 1961.

Atwood Yacht Club's summer season of 1960 opened with two warm-up races, May 1 and 8. The first official club race was May 15 and the series ended October 9.

Decoration Day saw the traditional Commodore's race to the dam with Karl Rollius leading the fleet followed by Tom McCain and Paul Chenot.

A series of five races made up the Championship Races. September 4 and 5. The winner of these series was again Karl Rollius. In the race for club championship (sailed in Penguins), Karl emerged champion.

The Harvest Moon Regatta, on September 11 and 12, a series of three races was favored with beautiful sailing winds. This series was won by Jack McCready—6660, our own Bob Deetz—5431, second, and D France—7688 was third.

The regular crew race on September 18—a real drifter—was won by Charlotte Deetz with husband Bob as jib jerker, followed by Sophie Rollius and Jack Haushulz skippering Jo Firth's boat.

A series of three races made up the Fleet Captain's fall series starting October 9 and ending October 23. Cliff Whitson was first, followed by Karl Rollius and Howard Whistler.

The annual Sailors Banquet was held November 12. Trophies were awarded and Karl Rollius, known affectionately by the fleet as Mr. Lightning, lived up to his name by receiving the bulk of them. However, he added a new talent by sharing the dunking trophy with Jo Firth and Bob Vredevelde. This was Karl's first dunking in 20 years of sailing. Karl was skippering the first all-fiberglass Lightning on Atwood, owned by Hersh Deal, when he went swimming on a gusty, windy day. Edna Gerrard was voted the most dunkin' crew member, having gone the way three times in three different Lightnings.

The winners of the summer series proved to be Tom McCain, Karl Rollius and Cliff Whitson in order.

Now back to the scraping, painting and refurbishing of the fleet for the season—1961.

We are happy to report that our Lightning Fleet is well on its feet again. The 1961 season will see some enthusiastic sailors and we hope some very keen competition. As a Class, we developed the most interest in our Club which has quite a fleet of Sailboats. After some 50 years, our Club will have a new Building next year and we are expecting this to be a great stimulus for our Lightnings.

Russ Scrim, who joined Fleet 215 last season, has a new boat and new sails, but will have to prove himself against a bunch of good skippers. Fortunately, his previous boat remains in the Fleet and will be sailed by Davidson, who is a newcomer to Lightnings. We were sorry to lose Bill Dunnington, who was always a leader, but his boat is now sailed by Sunton-Brown, another newcomer who is doing well. Bill Clark joined the Fleet with a good boat and expects to do well also, and so it goes—the Fleet getting a good boost for '61.

Although we must have winners, because the sailing ability of our skippers is fairly level, it produces good competition. The leaders only finish just ahead—but of course, that's to their credit.

Ted Wilson in Jane Ann, with his daughters Jane and Ann, as crew was our top skipper winning the Class Championship and several of the local Regattas, including the SLV Lightning event, which is the largest in this sailing area. He was followed by Al Greenman, our Fleet Captain as runner-up of the Class Championship and winner of our Evening Series. Jenolyn, skippered by young Jenny Laurie was well up in the standings, winning the Lightnings in the Ish Koodah Regatta.

The weather was good all summer, with one memorable storm for the SLV Regatta, when some 25 boats of all classes dunked, but not one Lightning! Prospects indicate that next season quite a few intend to trail to distant points and try their luck. The Sears Juniors who again brought the Trophy to Canada were weaned on Lightnings, so the interest in the Class among growing Canadian youngsters is here to stay.

This year Fleet #216 tried racing in two fleets: boats numbering from #5000 upward in Fleet A and all others in Fleet B. It was strictly experimental but proved very satisfactory with fine competition in both fleets.

Our season started May 28, with our annual Memorial Day Regatta sponsored by the Saginaw Bay Yacht Club. After three races were found our 1959 Michigan District Champions, Bill and Ed McKinley first in the A Fleet with Harry Hooker's Mermaid taking top honors in the B Fleet.

Races continued through June with much tuning and bottom-polishing. The July Fourth Regatta sponsored by the Bay City Yacht Club had good sailing on the first day. The second day's race was cancelled due to heavy winds. July Fourth found the winds somewhat moderated but the white water in the bay forced us to sail the two races in the river. Final results for the A Fleet: Phil Patterson, first; Chuck Requadt, second; Joe Dissette, third. Reinbold had a commanding lead in the B Fleet when his jib halyard broke but he finished well enough to take a third place. Harry Hooker took first and Dembowski—Raeck second in the B Fleet.

The July 30th Invitational Regatta was a hard-fought three-race series that saw Hooker capsize while reaching with his spinnaker in the river—claims he'll learn to use it come next season. The last race found Phillip Patterson and Wes Weidrick fighting for first place with Doc Murphy, Joe Dissette and Chuck Requadt in a tie for the third spot. But Herb Cox, although two points down, sailed a brilliant race to earn third place. Final tally: Patterson, Weidrick and Cox for the A Fleet; Dembowski-Raeck, Reinbold and Johnson for the B Fleet.

Probably the most exciting race of the season was on August 4; the race started in light air but winds picked up so that the third leg was too dangerous for spinnakers. At the start of the second windward leg, gale-like winds caused the B Fleet and part of the A Fleet to call it quits. That leg was really a fight for survival, but the reach on the next leg was a real thrill. All boats began planing immediately after rounding the mark and remained so the mile-and-a-quarter leg. Joe Dissette was out in front and sailing toward a well-deserved victory when, 100 yards from the finish, he broke his mast. The race ended with Patterson, first; Jim Ault, second; and Requadt third; these were the only boats to finish the race.

A scheduled August 28 race was cancelled because of heavy winds so that all boats would be in good shape for the Labor Day Regatta. But Thursday night tornado-like winds hit the Bay City area causing heavy damage. Our three "dry" sailors were almost eliminated from competition when the winds lifted their boats from the trailers, dropped Bob Drew's boat in the brush, and turning Patterson's and Requadt's boats completely over, resulting in broken spars. But with an assist from Nickels & Holman and a borrowed spar, all were ready for the first race. After three days of beautiful sailing weather, the hardware went to Requadt, Patterson and Ault in the A Fleet and Dembowski-Raeck, Reinbold and Dave Beardsley in the B Fleet. These were the first races Beardsley had entered, and with Shirley at the tiller, they won the last race.

The last race of the series on September 25 found Gordon Wing with his first win of the season. We were very pleased with the results of our Challenge race with the 110 Racing Fleet this season; the first four boats were Lightnings with Requadt leading the pack.

We were happy to read in the Lightning Flashes that the Lightning Class has voted to promote the Jr. Sailing in the Optimist Prams; our Fleet has done so for the past several years and we feel it is a very stable, ideal boat for teaching youngsters. The highlight of our Pram-racing program this year was when the mothers raced in the Prams; it was the first time, I'm sure, that anyone has ever seen a port-tack boat foul a starboard tack boat while going backwards.

Our season was completed with a dinner and a trophy presentation at the Saginaw Bay Yacht Club. Final results of the 1960 season: Phil Patterson, first; Joe Dissette, second; Chuck Requadt, third in the A Fleet; Harry Hooker, first; Dembowski-Raeck, second; and Fred Reinbold, third in the B Fleet.

1960 was one of the finest sailing seasons Brigantine Yacht Club and Lightning Fleet #217 ever enjoyed, under the able leadership of Commodore Bob Harley.

Our summer point series races which were sailed each Sunday were even more interesting with the addition of two new boats in the fleet.

Ed Hance took delivery of his new Thunderbird II so late that he hardly had time for tuning and shakedown, but in spite of this was able to take the club series. Our other addition was Dave Thurston with Fiji, who formerly sailed with Fleet #99 of Ocean City. Dave placed second in summer point series.

The Tenth Annual South Jersey Championship Regatta was sailed on Brigantine Bay August 13-14. Possibly the wet and blustery weather held down the number of entries but it certainly didn't take away from the excitement and festivities.

John Walton sailing Starlight, the host club's oldest competing boat, won the initial race the first day of the regatta. Bill Clausen III in The Willies, #7195, of Fleet #99 placed second.

The following day amid the same stiff competition, Bill Clausen sailed The Willies to two straight victories and took the championship. Second place went to John Walton in Starlight.

Twice during the summer the Lightning skippers made their boats available to all club members for an evening sail. One was a twilight and the other a moonlight sail.

On Labor Day the annual "Around the Island" Race was held with perfect wind and weather. With roughly a fifteen mile course we had one spinnaker run for nearly one third the distance. Ed Hance in Thunderbird II lead the fleet home, followed by Ken Walton in Starlight.

The Brigantine Yacht Club again extends a most cordial invitation to sail in the Annual South Jersey Lightning Championship Regatta. It will be held sometime in August and the dates publicized when they have been determined.

The big event of the season was the European Championship at Lucerne, Switzerland, won by Fandango with Franco Cavallo, Franco Valentio and Mario Cavallo.

Many races during the season were won by Fandango 2nd, among them the San VENERIO Cup, at La Spezia, during the races held by La Spezia Fleet.

The fleet was not very active during the season because of many of the members having a job in the Olympics.

During the games the Lightning sailor E. Walet from the States met with some of the members of the fleet at CRV Italia.

The year's events got off with a bang in February with a record turnout for the Miami Regatta of the Southern Circuit. There were 29 boats on hand at the starting gun and when all was over our own Charlie Kehoe was the winner. Tom Fallon was second and Jack Price was third. We look forward to even a greater turnout for this race in 1961.

In April the Annual Sunburn Regatta was held by the Biscayne Bay Yacht Club with Alex Carlin first, Charlie Kehoe second, and Oscar Nelson third, going home with the hardware.

The Yacht Clubs of South Biscayne Bay combine to sponsor three series regattas yearly. The Spring Series of five races in May was won by Howard Foht with Bill Loughlin and Alex Carlin second and third, respectively.

During June our top skippers journeyed to Jacksonville, Fla., for the Southeastern Districts, Oscar Nelson and Jack Price of our fleet were second and third, behind the winner, Johnny McIntosh of Savannah.

The Summer Series Races got underway in July and the eventual winners were George Crawford, first; Jim Vensel, second; and Buddy Culbertson, third.

The Fall Series was won also by George Crawford with Jim Vensel, second and Howard Foht, third.

Our local Coconut Grove Sailing Club has a wonderful annual All Class Regatta with races for more than 14 classes. This year's Regatta in December was sailed in wind with gusts to 28 mph, as a high pressure area moved over. The winners were Earl Ross, first; George Crawford, second, with a three way tie for third between Oscar Nelson, Gene Carpenter and Glen Garry.

We're fortunate indeed to be able to sail all year round in our area, and if the past year is an indication we'll be having bigger turnouts for a long time to come.

Left to right: Oscar Nelson, Jim Vensel, George Crawford, Charlie Kehoe, Bill Brimson and Al Tibbetts.

6278	Susie Q	Dr. Ralph Seeley, Jr.
6695	Gambit	Robinson Keyes

Our 1960 season got off to an early start with a three race Memorial Day series, sailed under ideal conditions. Dr. A. H. Bellerose had his boat tuned early and won the series, followed by Sam Stowell and Ed Ellis.

Following this weekend series Sam Stowell, in his latest Yankee Dandee, 7, took charge and handily won the Summer Sunday Series, with Bedeke Bellerose second and Roger Keyes and Ralph Seeley tied for third.

Sam continued his winning ways taking the Fourth of July series with Dave Stagg second and Dr. Bellerose third. The last race was delayed due to high winds, with one boat going over as it left its mooring.

Due to a conflict in dates, the State of Vermont Championship was held August 27-28, rather than in September. We were happy to have four visiting boats from Lake Champlain and Lake Dunmore. Sam Stowell again showed us the way, followed by Bedeke Bellerose in second place and Dr. Seeley Estabrook, of Lake Dunmore, closing fast to take third and thereby taking the "Vermonts" to Lake Dunmore next season.

Our fleet championship climaxed the season over Labor Day weekend. Bedeke Bellerose and Sam Stowell were all tied up going into the final race which was a seat squirmer all the way. Dr. Bellerose passed Sam on the final spinnaker run to take his first fleet championship. Robinson Keyes, up with the leaders all the way in the final race, was third.

Sam Stowell represented the fleet well throughout New England, for in addition to winning the Vermont Championship; he was first in the New Hampshire regatta at Lake Spafford; third in the State of Maine, and third in the New England Championship.

Fleet #228 Champion Dale Allen leads the pack over the starting line.

7564	2nd Lollipop	John Parker
7605	Quo Carake	Don Mount
7705	Ugliest	Marcy Lippincott
.....	Gamma	Dale & Betty Allen

The shape was raised, the gun sounded and the first race of the season was underway. Just minutes away from the first mark, Don Mount capsize his Quo Carake. About two thirds of the way to the second mark, with the spinnaker up and reaching, John Parker flipped the 2nd Lollipop. Thus the two brand new boats in our fleet this year received their royal christening.

Thanks to the combined efforts of Marcy Lippincott and Dale Allen, the fleet now has a perpetual trophy for the club championship series in the form of a miniature naval canon. This series was won by Dale Allen in Jade, second was Don Mount and third was Charles Highsmith in Apple.

Our Annual Governor's Cup Regatta was held the end of June with 14 Lightnings participating. Saturday the wind was 35-40 and the races were cancelled. Sunday was a typical light air day and only one race was sailed. The Sidney Lopatin Perpetual trophy went to Dale Allen, Don Mount was second and Marcy Lippincott, third.

Our Summer Series ended up in an interesting tie for first place between Dale Allen and Nelson Hoffman. John Parker was second and Charles Highsmith was third.

Over Labor Day weekend, four boats from here went to the Red Dragon Regatta nine miles up the River. Three races were sailed in heavy air. Just after the start of the first race John Parker capsized and Nelson Hoffman broke rigging. They got themselves shipshape and sailed the last two races. Dale Allen took first place, John Parker second and Roy Doerre, third.

In spite of all the out of town regattas this fall, that were attended by our members, a Fall series was completed. Don Mount took first, Nelson Hoffman second, and Roy Doerre, third.

During the sailing season starting in April and ending in November, our boats traveled to Regattas at Brant Beach, Perth Amboy, Bay Head, Spray Beach, Surf City, Internationals at Tawas Bay, Washington D. C. and Quantico, Virginia. Two boats also attended the Southern Circuit in February.

Fleet meetings were held every other month during the winter to discuss racing rules, to make plans for the coming racing season and to socialize. Plans are now in the making for a Fall Lightning Regatta. Hope to see lots of you then.

The wide open water and good winds of Fern Ridge Lake were well used by Fleet 229 last summer. From May thru August we sailed 22 races. Sixteen races sailed in two series of eight races each, and six miscellaneous races were held. Some were unusual races such as the "Skippers only" race. This makes setting and dropping a spinnaker difficult, but there were some used nevertheless. This was a new race this year and it was so much fun that it probably will be a traditional race from now on. This one was won by Floyd Dickson. There was a ladies skipper race won by Lorraine Dickson and a junior skipper race won by Larry Dickson. The Dickson family is getting so skilled at racing that they will probably have to add a trophy room to their house. We have two other traditional races: the trade winds race in which skippers trade boats, won by Bob Brooks in Floyd Dickson's 6211, and the Richards Trophy race which starts from the dock with sail bags in hand, won by our ever-winnin' champion, Tye Campbell.

Six of our Lightnings went to the Pacific Northwest District and Pacific Coast championship races held at the Columbia River Fleet in Portland. They all enjoyed the wonderful hospitality and the good racing series provided by Commodore Harry Brault and Fleet 283.

We have four new Lightning owners this year, Fran Kelly who

Champion Tye Campbell, right, and Runner-up, Larry Dickson, wishing for wind.

has a beautiful new Holland built boat, Frank Lacy who bought 6657 from Foster Anderson, Mike Strahon who is building 7695 and will have it ready for the 61 season, Oscar Rolfness who now has 5019 formerly owned by Dr. Slocum. Foster Anderson and Dr. Slocum will probably show up with shiny new boats this Spring.

Something new will show up for getting races started next year. We have an electronic starting machine which will automatically, start the races with precise timing accuracy. All it takes is the push of a button to start the race. It will start up to five different classes in succession if so needed. This device will make more accurate starts and require less manpower to get the races started.

The Chinook Lightning Fleet did a lot of sailing that wasn't competitive, moonlight sailing cruises for example. These are scheduled when the moon is full. The night winds on the lake are usually ideal for lazy cruising.

Our new North West District Commodore, George Britton, welcomes everyone to our Memorial Day Regatta series and of course, to the Pacific Northwest District championship series which will be held on Fern Ridge Lake next year. So all you West Coast sailors, grease up those trailer wheels and get the Lightnings on the road to Fern Ridge Lake next summer.

This year, 1960, we had 34 scheduled Lightning races at Milford making us one of the most active fleets in the area. We started May 7, with the "First Chance Regatta" which ran for three weekends and was open to all Lightnings in the area. First prize was donated and won by Wayne Brockett of Branford.

The feature of our season was "The Atlantic Coast Championship" which was a great success with 36 boats from 20 fleets participating.

We ended our season with our annual "Last Chance Regatta" on September 25.

The competitive quest for "hardware" was extended throughout the fleet with the establishment of a second flight which was comprised of the older boats and the newer skippers. While the entire fleet raced together the scores of this second group were separate and proved to be quite competitive with Don Young winning the perpetual trophy which has been donated by Ken Ireland.

The competition for the top spots in the fleet was very keen with Ken Ireland, Warren Hyde, Bill Donovan, Charles Echeverria and the Flynn brothers always fighting for the places. Ken Ireland won out by 1 3/4 points at the end of the season.

In races outside the club our fleet participated in the "ECYRA", Governor's Cup, Long Island Championship, Atlantic Coast Championship, Cedar Point Invitation, Nyatic Early Bird Series and The Conn-RI Districts. A fair amount of hardware was brought home from these various events.

On the domestic side, we constructed a third hoist (electric) which will reduce the mad rush of getting boats in and out before and after races. We made a donation as a fleet to the Coast Guard Auxiliary which patrols all the boating activity at Milford and adds much to everyone's peace of mind during rough weather races.

This year we had 12 boats in regular competition and are looking forward to greater participation next year with everyone keeping an eye on Harrie Patrick and his new boat—#7520—which finished third in the 1960 Internationals.

All members of the Kentucky Lake Sailing Club were saddened by the death of our Fleet Captain, R. M. Watkins in May, 1960. Mr. Watkins was the organizer and coordinator of all sailing activity on Kentucky Lake. His passing was a great loss to all of us personally and we will surely miss his friendly encouragement and interest.

The boat house which we have used as a club house has been disposed of. Presently the Department of State Parks is furnishing the Fleet with a nice building for club headquarters. This building is located close to the beach and is ideal for our purpose.

The club project now is to secure a hoist. We hope to have this ready by the spring of 1961.

One-hundred percent attendance at a dinner meeting at the Knotty Pine in Pittsford, June 25, started off another season of fun and sailing for Fleet #243.

Races, beginning July 2, were held every Saturday afternoon through Labor Day weekend, with an average of seven Lightnings on the starting line.

This 1960 season was unusual in that the fleet championship was won by two junior members. Tom and Bill Brown alternated as skippers of the Touche, and with the very competent help of their sister, Caroline, as crew member, defeated all senior skippers by a sizeable margin of points. Second place was captured by Bob Holden with his Quo Vadis.

Lightnings also competed every Sunday afternoon in a series of Handicap Races, with as many as 18 boats participating on some weekends. Bob Holden won this series, and the Brown boys were runners-up.

Although this is only the third summer that we have been using spinnakers, weekly practice and grim determination have brought about improvement in all the sailors' technique in handling this tricky sail.

September 4, a final picnic was held, at which time we awarded the "loot", and then looked at colored pictures of our summer's races.

HARRASEEKET FLEET (244)

In the nine fleet races of Fleet #244, the Burwell brothers maintained their stranglehold on the fleet championship, extending their winning streak to the third consecutive year. The rest of us were in there sailing hard, though, and the "Sandpiper's" efforts earned the Henshaws second honors (for the fifth time), followed by Miles Weaver in "Encore".

This summer saw some big changes in Fleet #244, as John Henshaw passed over the reins of fleet command to Jack Burwell. An unmentionable fiberglass class of daysailors of questionable descent has had the effrontery to challenge Lightning domination of the Harraseeket River, thus winning several converts among some of our malcontents. Harraseeket Yacht Club saw the true light, however, and joined the ranks of the Lightning fleet with the purchase of two redoubtable craft for their excellent junior sailing program. At summer's end the Rhoades family traded the

old "Skip-it" for Miles Weaver's "Encore"; they have big plans for the next racing season.

On the big-time Maine racing circuits Fleet #244 scored heavily. Brian Burwell masterfully piloted his Sears Cup crew of the Parker brothers to first place in the Maine finals, and finished 1½ points out of second place in the New Englands. The Mallory Cuppers, skippered by Harry Parker with Jack Burwell and Stu MacDonald as crew, tied for Maine honors until narrowly squeezed out in the match-race sail-off. The distaff sailors, Dalene Henshaw, Carolyn Rhoades and Woffie Parker, were fourth in the New England Adams Cup races. With major assists from a Burwell first-place Lightning Class finish, the Harraseeket Yacht Club maintained their possession of the Gannett Trophy, emblematic of Casco Bay Interclub first honors.

In our own intramural events, the round-robin skipper's race was a tense affair, with ¼ point separating perennial first-place Harry Parker from second-place, won by his wife, Woffie, and third place Jack Burwell. The Junior Regatta honors fell in order to Ann Gordon, Hank Parker, and Barbara Fulle.

The sailing was smooth, the racing was rigorous, and the summer a success—not only for the Burwells!

Our season opened with the traditional bang on the Fourth of July. It was a fine season with a good turnout and a variety of weather.

The Winnepesaukee Annual Regatta was held in August and won as usual, by Dr. Lou Pocharski of Marblehead. It was attended by boats from the New England District as well as New York. The best the local fleet could do was sixth place but we are moving up each year.

The season championship, scored on the best 70% of our races, was won by Bill Loughlin, sailing Ken Taylor's Kilsatu, as a borrowed boat all summer. He ended up with five first and four seconds.

On Labor Day we had our usual change around races. Everyone sails in a different boat with a different crew in each race. Ed Michels a newcomer to our fleet, won the best skipper trophy while Walt Estes' Lippincott won all three races, irregardless of who was sailing it.

The summer of 1960 was a good year for the Sandy Bay Lightning Fleet. The season started with two weekends of tune-up races. These were followed by the regular Founders Day, Fourth of July, and August and Labor Day Series.

Most of the regulars were back for another season. Yacht 3571 changed owners and Phil Kaminsky and Lem Kohli changed the number of their boat from 6111 to 6721.

The Stevens, new owners of 3571, were off to a flying start by winning the Founders Series with Phil Rand in Surf II in second position.

Yacht 6721, Blue Marlin, made her initial appearance for the Fourth of July Series. During her first race in Rockport with Lem Kohli at the tiller, the yacht was capsized near the finish line. Phil Rand won the Fourth of July series with Roland Glenn in second place.

The Labor Day Series was the closest of all races during the season. Phil Rand and Phil Kaminsky were the winners of the first two races with Roland Glenn in his customary second position. For the start of the third race, 1/2 point separated the first three boats. During the third race, Phil Rand out maneuvered the fleet by flying his spinnaker perfectly on a close reach on the second leg. At the second marker it was Surf II, Blue Marlin, Rollie, Getaway, and Blaze in that order. Rounding the third mark, Rollie maneuvered inside of the Blue Marlin during the jibing of the spinnakers. Surf II was the first across the finish line followed by Rollie and Blue Marlin.

Two of our boats participated in outside races. Phil Rand finished 12 in the State of Massachusetts Championship. Lem Kohli took the Blue Marlin to Marblehead where he placed in the consolation fleet.

We had two gay buffet suppers for the skippers, their crew, and families. Needless to say, the conversation of the men turned to boats and related subjects. The women talked of their plight as sailing widows. A good time was had by all, and we are looking forward to 1961.

This secretary has had the pleasure to see in the 1960 season many Lightnings, aided by very good winds, sailing on our lake. All the new Lightning sailors have spent many hours in handling the spinnaker.

Our 1960 season started out with the baptism of the two lovely new Henrick Lightning "Chraby" and "Kairos". After this event a two race series held on our lake decided the fleet champion. This year the championship was won by Fleet Secretary Hans Luthy, the runner-up being last year's champion, Fleet Captain Paul Zurlinden, followed by Dr. Bisegger in Kairos and Dr. C. Klemm in Mistral.

The summer regattas, held on the 16th and 18th of July, were again successful. Besides the boats from our lake, five Lightnings from the Lucerne fleet and Zurich fleet participated in this competition. The final standings were: Quand-Meme (250), Chraby (250), Tabue (219), Kon-Tiki (281), Miaulis (281), and Bounty (250).

The boats Quand-Meme and Chraby participated in the 1960 European Championship at Lucerne, placing 6th and 9th. Skippers and crews were very glad.

The last IYRU news telling that finally the Lightning Class has become of international status made our heart beat harder and gave us and every Lightning sailor in Europe more hope for the coming seasons.

During the 1960 season, Fleet 252, experienced a "Young Year", with Hank Young sweeping all the honors. As a matter of fact, the "Jem" zipped around the course so fast in one race that May lost her new hat, but Skipper Hank decreed that this was small price to pay for winning the race.

Although the fleet suffered from racing apathy early in the season, interest picked up during August. We especially welcomed competition from Bill Brown, who promises to be a ring-leader in the "Get Those Youngs" movement of 1961.

After the Labor Day series, we concluded the season with a picnic at Young's cottage. Officers were elected for the 1961 season, including Pete and Dona Everson as Chairman of our social committee.

The Youngs may have had a runaway season in 1960, but many vows were made over the summer, and they can be assured of plenty of rabid competition in 1961.

The 1960 sailing season brought sailing in light air for the most part but conditions did not discourage Fleet 253 members. We had large turn-outs for races.

Our sailing was divided into Spring Series with: Starling Mikell, first; Donald Dallmeyer, second, and Jonathan Owen, third; and the Fall Series with: Starling Mikell, first; Jonathan Owen, second, and Donald Dallmeyer, third.

The Fleet members took boats to the Dixie Districts at Baltimore Y.C., the President's Cup at Washington and the Quantico Regatta of the U.S. Marine Corps.

We regret the loss of Walter J. Gordon, who is turning to motor cruising, as he has been a spark plug in the Fleet.

We are happy to welcome Col. and Mrs. Charles Collins and family to our Fleet and hope they'll enjoy racing with the group.

This past summer the Burt Lake Yacht Club was quite active. In July we had a sail-a-day, in which it was seen which sailor could go through an obstacle course in the fastest time. We had two shortened course races which were held in July and August.

In July we had a tennis tournament on the Columbus Beach tennis courts and on August 7, we had a watermelon hunt in power boats. The object was to see how many watermelons you could find floating in the water, in a certain period of time. We also had inter-lake races with Walloon Lake and Crooked Lake.

In conclusion I can say that the Burt Lake Yacht Club had a very successful year.

The 1960 season saw Fleet 255 lose two skippers and gain two. Walt Hanson, our '59 champion, transferred to neighboring Noroton Yacht Club, Fleet 134, and Henry Kreider moved to Michigan at the end of our racing season. Incoming were Jack and Mary Hammel, well known Lightning sailors from Fleet #1 Skaneateles, N. Y., and Hooper White from Evanston, Ill., a former Penguin sailor.

Our winter season was given an organizational impetus in our first February meeting by Walt Hanson, our Fleet Captain. Thereafter, meetings were held each month till the racing season started with Jim Snowden taking over in able fashion as succeeding Fleet Captain.

We had generally good sailing weather on Long Island Sound during July, comfortably cool and good breezes with one race called off due to a 30-knot wind. Even though our first series of Sunday races, started off slowly, the seven race series ended with seven boats qualifying. Luin Fitch and his 17-year-old son, Luin, Jr., our perennial champions, sailed through to first place, with Jack Armstrong second and Jack Hammel third. Our August series with light breezes and fluky airs prevailing, was sailed with our good friends and neighbors, Noroton Yacht Club, who again had invited us to join them in their August series and also in

their three race September series. It is always a pleasure for we Fleet 255 skippers to pit our racing skill and seamanship against these superior sailors even though we usually cross the finish line in the lower half of the fleet. It has in the past and again this year given us the best racing experience we could have, and been the most enjoyable of our series. We maintained separate standings for our fleet in the August races which ended with Labor Day. Luin Fitch and Luin Jr. in Zephyr, living up to their boat's name, and showing again their combined prowess at the tiller and spinnaker finished in first place with Jack Hammel second, and Jack Armstrong, third. Standings for our two series showed at the end of the season that the Fitches had annexed the coveted trophy, with the Hammels second and Jack Armstrong third. We culminated our season with a successful annual dinner in October at which time the awards were presented.

Our Fleet was represented in the Districts held at Housatonic Boat Club this year by Luin Fitch, Jack Hammel and Ginny Straub. The Fitches and Hammels represented us at the Atlantic Coast Championship at Milford Yacht Club, and the same skippers represented us at the Long Island Sound Championship races held at Noroton Yacht Club, August 20 and 21.

We are looking forward to greater activity in 1961, with interest in "special" races as well as our regular series, and hopes always for new members.

The 1960 season saw many changes in our fleet. Jim Robertson and Hale Barrett sold their boats and at the present time are semi-retired. We are sorry to lose these experienced sailors. Three new sailors joined our ranks, Hugh Gilbert, Larry Annis and Wayland Lamar.

The past season was a very successful one in which 28 races were held. The success of our racing season was largely due to the efforts of Phil and Esther Dow. To them we say thanks a million.

On May 21 and 22 Tobin and Kelker entered the Midlands Regatta at Columbia, S. C. and finished second and third, respectively.

On October 22 and 23 we held our annual Halloween Regatta. Porter of Savannah finished first followed by Kelker, Tobin and Gilbert. Tobin sailed Gil Klemann's completely rebuilt boat and he was doing great until he chose an overland route in the last race of the series. Gil's boat is back in the shop being rebuilt.

Most of our fleet's boats were refinished this year and we expect a highly competitive racing fleet. Tobin's boat should be here by the start of our first race? Hugh Connolly and Wayland Lamar, it is understood, are going into the fiberglassing business!

This year we plan to divide our racing schedule into three seasons and race from March through November. All are looking forward to the start of our Spring Series.

We are working out a training program for new skippers and hope to start a junior program in the Spring if plans for our Yacht Club can materialize.

We want to thank everyone in the District for the fine regattas we attended and hope you will all come back for our Tennessee Regatta in the Spring where we eagerly look forward to the pleasure of seeing our good friends again.

Many races, keener competition, new winners, fresh interest and more regatta participation resulted in a sparkling 1960 season which also provided capsized, collisions, general mayhem and one wife overboard.

It all started in February when Cully Cobb uncatered his new 7499 and was off to St. Pete for the Mid-Winters. Ross Bryan and Bill Hail also trailed their boats over blizzard whipped roads and our loyal Fleet Captain, Wes Dyer, flew down to give moral support. Although this was the only regatta (other than the Internationals) that one of our boats failed to score, we all agreed that this classic is really the most. Hospitality and fun flowed like wine—and so did the wine.

Next on the circuit was the Memphis Cotton Carnival Regatta in May, where Cully Cobb sailed a grand slam for a first. He did it again at our own Nashville Tennessee Regatta, this time winning the over-all class performance trophy as well.

Meanwhile—(back at the ranch)—his perennial competitor, Ross Bryan, applied more slickum' on his bottom to take first place at Kentucky Lake's Governors Cup Regatta. Ross loves that lake, and proved it by racing an especially fine series again in the fall to win a hard fought first place at the Watkins Cup Regatta. Bob Llovet in his new 7498 sneaked up by himself to a wonderful Egyptian Cup Regatta at Carbondale to take a second place and win his first trophy.

In July, Cobb, Bryan and Llovet Chicagoed up to the Midwest Districts to take a third, twelfth and sixteenth respectively and a berth for Cully at the Internationals where he placed seventh

We have lost one of the more enthusiastic members of our class, Carlos Gandolfo G., who died at the beginning of this season. He was only 23 years old. At the time of his death he was secretary of the Peruvian Lightning Class Association. We are very sorry for the loss of this member.

Fleet activities for the 1959-1960 season started on November 1, 1959 and ended on May 15, 1960. We were very active in this season which consisted of 67 races.

In May 1960, six races were held for the Peruvian Lightning Championship. The winner was Carlos Navarro, Jr., who retained the title for the sixth consecutive year. The runner-up was Jost Kursell.

Fleet champ, L. M. Bohnenkamp, sailing 1191 with new sails.

Spring floods by the Ol Man held up action until late June, Lost time was made up, however, with two scheduled races every Sunday.

Mitch Bohnenkamp 1191 was again fleet champ. Constant threats to his throne were Auggie Paoli 2589 and John Norris 609. Many regattas were attended by fleet members. While most of us brought back tired bodies, Bohnenkamp took hardware at Carbondale, Illinois, Kansas City, Missouri, Decatur, Illinois and Springfield, Illinois. Paoli moving very well the latter part of the season took second at Springfield over Labor Day.

Competition continues to get keener. Bohnenkamp has a new boat on order. One of the better boats in the territory, #6446, from Decatur joins our fleet for 1961.

Bill Palm—2591, a first year man in Lightnings, did quite well and is expected to be up front next year.

Paul Jones 5174, and Bert Sawley 6080, are in the process of reworking. Both have a lot of experience and will have to be watched.

Fleet growth and cooperation have been very good and prospects for 1961 are quite pleasing.

Our 1960 season extending from July through November brought us a full summer of exciting racing and new members. Monthly series were raced with an accumulation of points for the yearly championship.

The July, August, and September series were won by Enrique Plaza and the October series by Francisco Sola Medina. On October 19, Commodore Wright gave a wonderful "Sailors Banquet" commemorating the Club's anniversary at which time the hard earned trophies were presented.

In February 1960, our country was represented in the Sixth South American L. C. Championship held in Algarrobo, Chile by a crew formed by Francisco Sola Medina, skipper, Edward Wright and Enrique Loo.

In October 1960, Chile again extended an invitation and our fleet sent a crew formed by Enrique, Francisco Solaand and Santiago Maspons. This young crew dangerously threatened last year's winner.

Our country will be represented in the 1961 L. C. South American Championship to be held in Brazil.

This has been our most active racing season to date. Starting on April 16, at McKellar Lake and finishing on November 20, we completed a total of 50 races.

The Spring Series was won by Lloyd Lovitt, closely followed by Crit Currie and Frank Abbott. The Fall Series was won by Lloyd Lovitt with Crit Currie second; Jim Humphries and McNeil Ayers were a very close third, sailing their new Lippincott #7719.

Next season promises to be more competitive than ever. The new boats are finally getting in tune and it is readily apparent that their skippers will be winning races come Spring.

John and Dan Poag are building a Nickels and Holman Kit boat which will be ready in April. This is lucky seven for our fleet.

Crit Currie and Lloyd Lovitt made the St. Petersburg "junket" for the third time; and later, on Memorial Day, along with Dick Lightman went to the Kentucky Lake Regatta. Crit Currie lost his boat in a cotton field while trailing it to Nashville for the Old Hickory Regatta. With the help of a mule he retrieved the boat and made the starting gun.

Our own Cotton Carnival Regatta in May attracted good competitive skippers. We expect even more to attend next year.

Crit Currie of our fleet is the new Commodore of the Delta Sailing Club so we can look forward to a strong Racing Program for next season.

The season for the Clearwater Bay Yacht Club was a full one, consisting of many individual events and seasonal activities. Of the individual races, the Club held a Handicap Race, the Annual Picnic and Long Distance Race and took part in the Handicap Regatta at Kenora, Ontario.

Of the events consisting of total points for races held over the season, the members of the club competed for the Commodore's Cup, the Vice-Commodore's Cup and the Trophy for the Ladder Competition.

The results of these events were as follows:

Commodore's Cup—	Keith Campbell
Vice-Commodore's Cup—	Fred Davis
Ladder Competition—	Robert Leaper

An event of a series of weekly races was also held for juniors, the result of total points of this competition was the triumph of the Moss Brothers.

The highlight of this summer's activity, was the Annual Clearwater Bay Regatta. This is the main event for Lightning Sailing Craft in this area and is held on the basis of total points over three races.

One of the races during the Regatta is a handicap race including the Lightnings and this Bonnycastle Trophy was awarded to William Moss.

The Regatta had Lightnings represented from Kenora, Fort William and Port Arthur, Ontario, with the result that a total of 26 Lightnings competed. The conclusion of the two day meet saw Keith Campbell, of Clearwater Bay Yacht Club win the Harris Trophy emblematic of this Regatta.

The Clearwater Bay Yacht Club has now 15 active Lightnings in continuous competition.

Fleet 280 enjoyed a busy summer with eight new members added this year giving us a dozen boats.

The Provincetown fleet of Lightnings raced with us for two weekends, and were the winners. In August we held our first interclub regatta with two other clubs represented. We sailed Sailfishes, Blue Jays, Puffins, Weasels as well as Lightnings. We hope to make this an annual event.

A July and an August Series were sailed for separate trophies, for the first time in the history of the club. Competition was close and the champion was not determined until well along in each series. Fleet 280 is up and running and welcomes any skippers who may be on Cape Cod for any period during the summer. Races are held Saturday and Sunday; the time varying with the tide.

The summer of 1960 was the fifth season of the fleet 281 which shows an increase with the addition of boat 5572 Passat owned by Josef Lauber. We now have seven boats and the fleet counts thirteen members.

The most important event was of course, the 1960 European Championships. The following nations took part: Finland, 2 crews and 1 boat. Italy, 4 crews and boats. Greece, 1 crew and

Old "sea dog" and champ, Walter Wenger.

boat. Switzerland, 11 crews and boats. The weather and winds left much to be desired, but of course, nobody can lay this fault at the door of the organization's committee. There were, too, some difficulties about by-laws and especially concerning the number of miles to be sailed. According to the rules of the LCA six miles have to be sailed, but our foreign guests insisted on seven miles. In this way, about the half of all courses had to be cancelled. Dear LCA: How do we treat this point in the future?

F. Cavallo, Italy won the 1960 European Championships. Second was C. Lambelet, Switzerland. The best man of fleet 281 was F. Engelberger on the seventh place.

C. Lambelet, Neuchatel won the 1960 Swiss District Championships. Second was J. Beck, Faoug. The best man of fleet 281 was F. Engelberger in the fourth position.

Three boats took part in the summer races of the Sempachersee (Kon-Tiki; W. Wenger, Miaoulis: Dr. O. Meyer and Dardo: R. Peter.)

Also this season, we made some nice trips and had much fun on these occasions. And here we present you our Fleet Champion and "Old" sea-dog—Walter Wenger who sailed this season 1600 miles in KON-TIKI. Three cheers for him!

Our 1960 season opened with three boats making the trip to Shreveport for their regatta where Sam Townsend won, Dan Kamperman second, and Art Nazro third (too bad more of our boats couldn't make it!) Then came our own Regatta with Sam Townsend winning, Conrad Lau second, and Dan Kamperman third. At the Fort Worth Boat Club Annual Regatta, six of our boats competed and it was Neil Hutson first, Art Nazro second, and Leslie Nissen third.

The annual team race against the Corpus Christi Yacht Club saw our team with Sam Townsend, Neil Hutson and Conrad Lau skippering, win all three races held in Lightnings on our lake in June. In December three races will be held in Highlanders at Corpus.

Neil Hutson won the Round Robin Series held over the Fourth of July weekend and represented our club in the State Championships.

The Texas Districts were held at our lake in mid-July with eight boats competing. After three races, it was Dan Kamperman first with 22¼ points, Neil Hutson second with 19¼ and Art Nazro third with 19¼.

Our season championship series wound up with ten races being held on our own Lake Dallas. With a strong finish, 1, 2, 1, 1, Dan Kamperman emerged the Club champion by 3/100ths of a point over Art Nazro; Sam Townsend placed third.

We as host fleet for the Pacific Northwest Districts and West Coast Championships, had a very busy and interesting season. The Districts were blessed with fair wind and weather even if the start of the first race was delayed by a loose log raft drifting through the line, (alocal hazard).

The Rose City Yacht Club regatta was loaded with wind and fun and won by Jack Gainer followed closely by Harry Brault, and then we had the Portland Yacht Club Regatta which ended in a three way tie for first place no matter how you scored it, between Gainer, Brault and Tauscher. Flip the coin! No, because of the unusual situation the trophy-plaques were changed to read 1/3 of First.

Not much more but we are all getting ready to go to the Internationals on the Pacific Coast this year.

Two of Ouachita's top crewmen, Bob Gierow and Dick Wootton, turned skipper this year with the result that the Fleet not only acquired two additional boats but a new fleet champion in Wootton with Gierow a close runner-up in the championship series of three races sailed in mid-October.

Bob started sailing at the beginning of the season with Dick entering competition at the start of the summer racing series. Bob began by developing George, D'Ann and Stella—son, daughter and wife—into proficient crewmen, whereas Dick fortunately could start with Jo, his wife, two-time winner of the Lady Skipper Series and co-crew with Dick for the past several years on "Little Dearie".

Gaines Houston won the Spring series of six races with Cecil and Bud Gingerich in the runner-up spot. The Memorial Day race went to Cecil Gingerich in a close finish by seconds over Houston and Dierks who were second and third respectively.

The Lightning Fleet, the Power Squadron and the entire membership of Lake Ouachita Yacht Club worked long and hard the early part of June in preparation for the Central States District Championship Regatta which was sailed on the Lake Ouachita race course near Brady Mountain Lodge on June 17, 18 and 19, with 27 Lightnings from the four-state area participating.

Jack Galbraith, veteran inland scow sailor, won the Fourth of July race by outsailing the fleet handily on the seventh and final leg of the course after a nip and tuck battle in a ten knot breeze with Gierow, Gingerich and Houston during the six previous legs. Jack has long deserved special mention for his untiring work in the development and training of new crewmen and skippers as well as his willing service along with Wallace Collins as judge.

The Summer series of eight races, six of which were permitted to count, went to Bob Gierow by virtue of consistent sailing and good crew work. Cecil Gingerich was runner-up; Fred Dierks was third. Bob went on to repeat his performance in the Fall series of seven races with one throwout mandatory. In this latter series Dick Wootton was runner-up despite the fact that he only participated in three races. As mentioned at the outset, Wootton took the Fleet Championship series by nailing down two first places and one second place to outpoint Bob Gierow in the runner-up position with a first, a second and a third place.

Joan Wootton successfully defended her crown, won last year, in the Lady Skipper series of three races which were sailed under widely varying conditions of wind and weather thus proving a good test of skill. D'Ann Gierow was runner-up; Carol Gingerich third and Louise Dierks fourth.

Gaines Houston in fluky winds over a shortened course edged Wootton by 19 seconds in the Labor Day Race for a leg on the perpetual Little Dearie Memorial Trophy. Gierow was only a few seconds back in third place.

Truly the new skippers showed the way this year and have been an outstanding challenge over the entire season. There is nothing more gratifying than to see a crewman who delights in competition get his own boat and step out as a skipper. If it's our crew, it means we have been successful. It also means traveling again the long road of acquiring and shaping new crew into a smooth functioning team but that too, when accomplished, is equally rewarding. It's this process, repeated at the fleet level, that increases our numbers and adds to our strength.

Jim Fitter and Lynn Bailey were elected Fleet Captain and Fleet Secretary respectively by unanimous vote.

Sailing weather was good through most of the season, after a late start because of poor fitting out weather (a very rainy Spring). The season series, consisting of regular fleet starts each Saturday augmented by Yacht Racing Association of Western Long Island Sound Sunday Regattas, featured a close contest for first place, with only 51 percentage points separating the winner, Grant Thompson, and George Brown, Jr. This same "down-to-the-wire" contest occurred for third and fourth positions, with Salty Symmers edging out Jim Fitter by only 29 percentage points.

In the Fleet Championship Regatta, George Brown, Jr., reversed the season's standings and became Fleet Champion, after an equally hard-fought, if abbreviated contest of three races. Grant Thompson was second, Lynn Bailey third, and Luis Gallop, doing a very creditable job in his first year with the fleet, was fourth. Lou and his Fandango went on to be awarded two cherished prizes at the windup party, the "Objet D' Art" symbolizing the skipper with the most room for improvement, and the "Turnover Thompson Memorial", a can of specially-prepared **Inside** Anti-fouling Paint which is retained for one year by the skipper who capsized most often during the season.

In the traditional Allen Trophy Race, a post-season single-handed event in which no crew may be brought along, (spinners may be used, but they haven't been as yet), Grant Thompson preserved his "alibi rating" by repeating his win of the previous year, with George Brown, Jr., second and Lynn Bailey, third. This race closed what all participants agreed was a good season on the Sound.

After two consecutive years of holding the districts on our Fort Gibson Lake, the year of 1960 was rather quiet. However, the whole fleet moved to Lake Ouachita, Arkansas in June for the Central States District regatta to help make a total of 29 boats attending Arkansas' first major regatta.

A greater number of fleet races were held this year with the consistent winner being the oldest boat in the fleet.

All the things that could happen to a fleet happened: a mast grazed the under-part of a bridge; the problem of marks moving during a race; the crew member that fell overboard during the dash for the finish line; and the discovery by one of the members that the distillation made from juniper berries is indeed one of America's better beverages!

Several boats in our fleet changed hands as the season closed and one of our group was on the market for a new boat. It looks like a banner year coming up in 1961.

Again this year, no change was made in the Fleet Officers, and an attempt was made to stimulate interest in our two sailing classes, the Lightnings and the Sailing Prams. The club has enjoyed a year of growth, development, and improvement. More property was purchased by the club, and plans for improved facilities are well under way to provide various additional activities for our members.

Our Pram class for the younger members up to high school age enables them to get the feel and desire for sailing, and thus acts as a stepping stone for graduation into the Lightnings. Sailing instructions for Prams and crewing in Lightnings have been offered for the last six years, thus enthusiasm is high. Next year promises additions to both fleets.

1960 was another exciting year for racing. The Saturday Series was extremely close until the last few races when, again for the second year in a row, Kathy Kindred in Passsem pulled out ahead to win. Runner-up Skip Martens in Phfft was just slightly ahead of third place Trim, sailed by Pete Hansman. The Wednesday was won by Skip Martens, followed by Sky Suydam in Skydammit and Gary Reynolds' Mor-Fun. The last race of this series was a surprise to every member as Suydam and Martens exchanged boats, since a change in the final standings was impossible. Needless to say, boys will be boys, and these two in each others boats were seen to be chasing each other all over the lake until all the other boats had finished, then finished in a tie for last place. They were disqualified from that race by the Regatta Committee for reasons still unknown. The time limit hadn't ended when they finally finished, but the committee had already closed up shop.

Skip Martens was again tossed in the muddy waters of Lake Kalamazoo for winning the traditional Commodores' Regatta, a three race series sailed the last day of the season. This regatta consists of drawing for three different boats, and was characterized by hot competition and close results.

It's been a big year for this fleet—our best yet! Not only did we move to new Jacomo Lake, but we added five new boats, bringing us to a total of 23 at seasons end. With the growing enthusiasm here for sailing and the Lightning we expect to start the '61 season with close to 30 boats, and we all feel this is only a beginning.

Our new larger lake gave us greater opportunities to learn and we took full advantage of them by setting up the biggest race schedule we could manage. Memorial Day we opened the season with a free-for-all against all other classes in the Jacomo Sailing Club of which our fleet is a very active part. Lightning skipper Paul Vardeman outdrifted the other 24 entries to win top honors. The following Sunday began the first of our fleet races which totaled 24 before we reluctantly gave up November 6. These were divided into three series during which we all tried to catch Gordon Reabe in his new Nickels & Holman but had to settle instead for a good battle over second and third. Series results:

Tune up: 1st Reabe, 2nd Cambron, 3rd Vardeman

Summer: 1st Cambron, 2nd Reabe, 3rd Arnold

Fall: 1st Reabe, 2nd Vardeman, 3rd Collett

Reabe had a lead of 26.2 points for the entire series while second and third were only 3.4 points apart. The first five places were:

Reabe 162.4, Cambron 136.2, Vardeman 132.8, Norquist 116, and Collett 113.8

Because we feel so much of a fleet's strength lies in its new skippers and their enthusiasm we instigated a new revolving cup to be awarded each season to the first year racing skipper accumulating the highest number of points. This year's winner, Jim Nicol, shows real promise.

We had good representation at the districts with Cambron, Nicol, Vardeman and Reabe but other than getting Cambron elected District Commodore and Reabe District Secretary, our only accomplishment was the seventh place that Reabe captured. Who can remember when there was so little air?

What wind was missing at the districts turned up at the Jacomo Sailing Club's July Fourth Invitational Regatta which promises to be a popular annual event. We registered all 98 boats in 35-40 mile breezes that only calmed a little all weekend. Even those who capsized, broke masts and other equipment proclaimed it a smashing success. Eighteen of the entries were Lightnings with Mitch Bohenkamp from St. Louis taking first, Reabe second, Vardeman third, and Cambron fourth in our class.

Many of our social activities are held with the Jacomo Sailing Club but we did have monthly fleet meetings last winter to familiarize ourselves with rules and tactics and to just enjoy each others good company.

We've learned a lot this year—about sailing and the many pleasures it offers—about boats—and about the people who share our enthusiasm for the sport that has become a way of life for many of us.

KOKKOLA FLEET (297)

Finland District

Fleet Captain.....Leopold Ronnholm
Fleet Secretary.....Ingmar Bjorndahl
Fleet Champion.....Eero Savolainen
Runner-Up.....Leif Moller

Boat No.	Boat Name	Skipper
3924	Pluto	Eero Savolainen
4331	Albatross	I. Bjorndahl
5055	Vekkuli	Leo Kilponen
5059	Virva	Rauno Polso
7159	Hula	Leopold Ronnholm
7160	Delfin	Leo Wewar
7161	Flamingo	Leif Moller

Boats of the Kokkola Fleet have participated actively in the races at home waters during last season. Several of our boats have also participated successfully in the Gulf of Bothnia Regatta in Pietarsaari and Oulu Regatta in Oulu.

Winners in the season races have been:

12.6 Kokkolan Purjehtijat, open Spring race: "Pluto", Eero Savolainen.

19.6 Pietarsaari Yacht Club, open Spring race: "Pluto", Eero Savolainen.

9.7 Kokkolan Purjehtijat, Annual Race: "Flamingo", Leif Moller.

10.7 GSF, Annual Race: "Flamingo", Leif Moller.

21.8 GSF, open Autumn race: "Flamingo", Leif Moller.

Pietarsaari Yacht Club organized this year three days Gulf of Bothnia Regatta. Winners in Lightning class were:

15.7 "Pluto", Eero Savolainen and 16 and 17.7 "Flamingo", Leif Moller.

Leif Moller with his "Flamingo" has won also the three races series about the "Silver Cup" presented to Kokkola Fleet by our former District Commodore Raimo-R. Norstrom.

Eero Savolainen with his "Pluto" won Leopold Ronnholms Trophy which was also raced in three races. "Pluto" has also won the Crew race and Long Distance race, and she collected also most points in the Kokkolan Purehtijat weekly series.

Members of Kokkola Fleet participated also at the Oulu Regatta in Oulu and the winners in every three races of regatta were from our fleet: "Flamingo", Leif Moller skippering, won two races and "Pluto", Eero Savolainen, one.

KOTKA FLEET (298)

Fleet Captain.....Urpo Kurki
Fleet Secretary.....Heikki Lehtoranta
Fleet Champion.....Urpo Kurki

Boat No.	Boat Name	Skipper
5058	Santa Clara	Martti Romberg
5541	Sacramento	Reijo Rusi
6837	Suit Sait	Urpo Kurki
7175	Johannes Lehtonen

Kotka Fleet suffers yet of the small amount of boats. We have only four Lightnings and one of these did not get to the water at all last summer.

The season began with the Spring Race and at the same time started the "Thursday Series". Highlighting the season was "Eastern Finland Regatta" which was held this year in Kotka. Our only participating fleet member, Urpo Kurki with "Suit-Sait" participated also in the District Championships in Loviisa, finishing ninth, which was better than expected from the first-timer. In August fleet members visited nearby town Hamina, where they participated in Hamina Yacht Club's "Ulkonuokko Race". After that there were Kotka Yacht Club's Autumn Race and the season's ending with Kotka Round—race.

We have added to our fleet, boat No. 7175, from Hamina, and one of our skippers will probably have a new boat to sail next season.

LOVIISA FLEET (299)

Finland District

Fleet Captain.....Veikko Larmia
Fleet Secretary.....Ilmari Elo
Fleet Champion.....Raimo R. Nordstrom
Runner-Up.....Veikko Larmia

Boat No.	Boat Name	Skipper
4130	Pepi-a	V. Larmia
4138	Vesijehu	W. Mosaleff
4139	Dinorah	A. Hyrsky
4308	Cinderella	P. Helpio
4334	Pinocchio	H. Wasenius
6831	Riita	K. Blomster
6832	Sea-Hawk	B. Nyberg
6833	Sill-da Capo	V. R. Nordstrom
6838	Katrina	R. R. Nordstrom

Though it is regrettable that new boats have not been built or bought in Loviisa we cannot say that the interest of Lightning sailing and racing should have decreased. Especially Raimo-Ragnar Nordstrom has shown continuous interest and proved this by taking part with his "Katrina" in the European Championship races in Luzern, finishing fifth. As we remember last year he also took the trouble to go to Italy, trailing his boat, and now he has done the same to Switzerland.

The Finnish Championship races were held this year in Loviisa, the results of which were as good as the year before.

Raimo-Ragnar Nordstrom won the title with a maximum of points, his brother Veli-Ragnar Nordstrom was runner-up and V. Larmia came in third. The best Helsinki boat was "Kesaheila", R. Aromaa, who placed fourth. Nineteen boats from four fleets took part in the races.

The Fleet Championship races were a copy of those of last year. Raimo-Ragnar Nordstrom won with two first places, V. Larmia was runner-up and P. Helpio came in third. This year too only two starts could be approved as in the third the wind died out and the time limit was overridden.

The boats of the Fleet took part, also, in the Regatta of Eastern Finland, where the best boat was "Pepita" since "Katrina's" rudder broke in one start. In the home waters the usual six races about "Tuesday Cup", were sailed.

Part of Fleet 301 in "Waterama" Race 1960.

CHAMPLAIN FLEET (301)

Sailing on Lake Champlain, Burlington, Vt.

Fleet Captain.....	R. G. Sidle
Fleet Secretary.....	Vernon Emerson
Fleet Champion.....	R. G. Sidle
Runner-up.....	Vernon Emerson

Boat No.	Boat Name	Skipper
582	Bali Hi	Stuart Hall
2821	Gypsy	Harvey Butterfield
3245	Mach One	Vernon Emerson
3952	Tellam	Barbara and Lansing Mallett
6021	Spitfire	Fred Koerner
6459	Duchess	R. G. Sidle

Fleet #301 had a considerable loss of membership due to several things such as sale of boats, moving of members from the area, etc. With the result that we were unable to run our regular series races.

Two good races were held, however, with eight boats showing up for the "Waterama" Race at Burlington, sailed in moderate breeze over a six mile triangle. Warren McLores new boat, 7216, close reached his spinnaker beautifully to overtake Vern Emerson, 3245, near the finish line with 6459, Bob Sidle, a close third.

The Malletts Bay Boat Club Race Week, three race series, drew seven boats for the Lightning Class. Each race had a different winner and the top three boats were only separated by one point in the scoring totals. Order of finish was, R. G. Sidle 6459, Vernon Emerson 3245, and Warren McClure 7216.

We look forward to renewed activity next year. Everyone is planning to get in early and tune up for the combined State of Vermont and New Hampshire championship, which will be sailed on our waters on July 15 and 16, 1961. We cordially invite all who read this to join us for this race.

Fleet #303, affiliated with the Cowan Lake Sailing Association, and based on Lake Cowan, one of the State's recreation facilities, enjoyed a very active racing season. A total of 24 races were on the schedule, and all were entered by at least three Lightnings. A total of eleven Lightnings participated in the racing season.

In addition both Barnes and Pfefferle participated in the Hoosier Regatta at Lake Wawasee and at the District meeting at Cleveland. And Betty Beedle, the captain's consort, demonstrated her versatility by winning the Powder Puff Regatta, staged by the Sailing Association for any of its feminine members, and sailed this year in Optimist Prams, a class in which some 15 or 20 boats are available.

Our Fleet hasn't increased during the year, but the sailing activities have been very lively. The great joy during the summer was the cooperation with other Fleets. Kokkola Fleet took part with two boats and Raahe Fleet with three boats in Oulu Regatta July 29-31. With the guests there were eight boats together in the Lightning Class. It was a beautiful sight in our waters.

Kokkola boats were the best ones, Flamingo being the winner on the first day, second day being won by Pluto, while the third day was Flamingo again. Ramona was second on the first day and second day while Kikka was second on the third day. Kikka got hold of the "Unica Record Cup".

In the sailing of Raahe 70-Year Jubilee Regatta, Kikka won the second prize, Ramona being fourth. There were four boats from Raahe.

Kikka took part in Finnish Championship Race in Lovisa 3-7 August and proved to be a very good sailor with 54 points in sixth place. The transport of Kikka, 1400 km, to the sailing harbor and back succeeded very well.

The race about the "Electric Cup II" on the 11-12 of August was won by Ramona. In addition our boats took part in all races arranged by Oulu Yachting Club and Oulu Seagoers Club.

We just hope that the fruitful cooperation with Raahe and Kokkola Fleet will be carried on. Oulu Fleet will next year increase with three mahogany Lightning boats, which are under work in Lovisa boat yard.

RAAHE FLEET (308)

Finland District

Sailing at Raahe, Finland

Fleet Captain.....Aaro Heikkila

7174	Kajava	Erkki Nyman

Our fleet has held several races in the home waters during last summer. Arvo and Aaro Heikkila; very active sailing brothers, and their sons, have won practically every race. Three boats from our fleet participated in the three day Oulu Regatta at Oulu, and brought home quite a lot of silverware. (Not the first places, however!)

We haven't any new boats to Raahe Fleet yet, but next Spring we probably will see at least one new Lightning in our waters.

KEMI FLEET (310)

Finland District

Fleet Captain.....Pentti Leskio
Fleet Secretary.....Pentti Lehto
Fleet Champion.....Pentti Lehto
Runner-Up.....Juhani Hedberg

Boat No.	Boat Name	Skipper
4012	Leena	Lars Hansen
4136	Rea	A. Saarinen
4324	Vire	Velj. Nylander
4326	Lokki	Teemu Ulen
4328	Irene	Velj. Hedberg
5062	Rose-Marie	Pentti Lehto

The activity in the Kemi Fleet has decreased during this season. Only four of our boats have participated in the races; "Vire" #4324 didn't get to the water at all and "Marjaana" No. 4325 has been sold to another area. However, we are going to get two new Lightnings next spring, so that our future doesn't look so bad.

Seasons first races were held in mid-June. The weather was warm, sunny and the wind was light. Results: 1) 4012 "Leena", Lars Hansen; 2) 5062 "Rose-Marie" II, Pentti Lehto; 3) 4328 "Irene", Pentti Hedberg; 4) 4326 "Lokki", Heikki Ulen.

Next was the "Long-distance Race", which started early one Sunday morning in almost total calm. Only two boats participated in the Lightning Class. "Irene", skipper Juhani Hedberg, won and "Leena", Lars Hansen was second.

Only two Lightnings participated also in the KPS Annual race. A severe thunderstorm broke when the boats had sailed half of the race. Both Lightnings lowered their sails, but nevertheless both capsized.

"Selkasaari-Round" race was held next. All the boats of the Yacht Club participated and Lightnings took four first positions, then came the other classes. Results: 1) Irene, Pentti Hedberg; 2) Rose-Marie II, Pentti Lehto; 3) Leena, Lars Hansen; and 4) Lokki, Heikki Ulen.

In the fleet Championships the boats were drawn by lot, because the age and condition of the boats differed quite a lot and we wanted to know who was the best skipper of the fleet. Pentti Lehto renewed his championship overwhelmingly, with three first places and one second. Runner-up was Juhani Hedberg, third Esko Hukka and fourth Heikki Ulen.

The Fleet organized a crew-race for the junior-crews, 15-year-old Aulis Naykki won this race. We must say that our junior crew members have participated very actively and enthusiastically in all races and other events of the fleet.

DUNKIRK HARBOR FLEET (311)

Based on Southeast shore of Lake Erie, New York

Fleet Captain.....Donald W. Greve
Fleet Secretary.....Sherry Foster
Fleet Champion.....John Foster (Madam Zaji)
Runner-Up....."Cork" Greve

Boat No.	Boat Name	Skipper
613	Jerome Lewis
1823	Donald Greve
1910	Mme Zaji	John Foster
2801	Mystic	John W. King
3574	Onaire	John Baran

L. to r.: Fleet 311 Captain, John Baran, Jux Weinberg, Sherry Foster, Lester Graf, and 1959 Captain John Foster.

The 1960 season started with an awards party serving Fish House Punch, and an attempt to get racing started in June. Neither was too successful—we had one race in June, and we had enough ingredients for Fish House Punch left over for another party!

The Dunkirk Yacht Club doubled its docking space which was completed early in June. After the Fourth of July series sailed Sunday and Monday, we finished the Fish House Punch at the end of the dock. Other cruisers docked there helped to consume this also. Need I say more?

For the rest of July the races were held at 11 a.m. This proved to be very popular with the sailors and the non-sailors.

Early in August, the Lake Erie Districts were attended by a composit group from Fleet 311. They used John Foster and his sails, John King and his hull, and Jerry Lewis and his trailer. We hear that the boat was sailed in a constant blue haze! While the three men continue to be very good friends, each has said that next year they will sail with their own crew!

After the Labor Day series, we held a family picnic on the lawn near the Yacht Club Dock—a successful event.

In the meantime, the JayCees of the Dunkirk-Fredonia area voted to buy six "El Toros" for training sailboats for the youth. This would be connected with their water safety program. The Lightning Fleet, however, would have complete charge of the boats and the program. While we were all talking and planning the aspects of this program, some land lubber J.C.'s called for a revote, and it was voted down. However, the spark is there and maybe we will get the "El Toros" yet. Other service clubs were ready with additional funds for safety devices, insurance coverage, etc.

On October 29 the awards supper was held. In keeping with the nautical theme Fish House Punch (again) was served first, then Fish Chowder in the New England fashion at a sit down supper. Some 35 people attended.

Fleet Champion, John R. Foster, received a scale half-model of #1910. Miniature naval cannons attached to wood plaques were awarded to boat owners and others who consistently served as race committees. These included Lester Graf, Julius Weinberg, Nathan Lake, Leftheris Kourelis, Lester Gloff, and Michael Sam.

The July Fourth series (2 races) was won by John Foster. The July series (4 races) was won by "Cork" Greve. The August series (3 races) was won by John Baran in "Onaire", the Labor Day series (2 races) by John Foster in "Madam Zajj". Of the total 12 races Foster won eight, Greve won three and Baran one.

We have had a wonderful summer under the leadership of John Baran, ably assisted by his wife, Fran. We are looking forward to an equally good 1961 with Don Greve and, as ever, hopeful for more Lightnings.

1651	Gayle	Glen W. Green
1658	Marcia B.	John H. Beddoes
1661		Lawrence A. Haigh
3765	Pot of Gold	William A. Beckham

Fleet No. 313 is located at the Jolly Roger Sailing Club, 5961 Edgewater Drive, on the Ottawa River, in Toledo, Ohio.

The Thursday evening regatta series, starting in June and running through October, weather permitting, was won by Bill Beckham, with Virge Secrest as runner-up.

This was a year of firsts for the Club. A new clubhouse was built following a successful bond drive. On Labor Day weekend the Club sponsored its first invitational regatta. This is to be an annual event and will be known as the "Cattail Regatta". The first two places went to boats from Toledo Yacht Club, with our fleet champion Bill Beckham picking up the third place hardware.

Fleet standings for the season, figuring the Thursday night races and the regular Associated Yacht Club events placed Bill Beckham first, Virge Secrest, second, and Glen Green, third.

Fleet 313 sends its best wishes to all fellow Lightning sailors and looks to a bigger, better 1961 season.

Fleet 314 started the season off with an invitation to the Great Oaks Regatta handicap, sailed on Fairlee Creek, in May. Duke Miller, 545, brought home the third place trophy.

June 26 started off the first series of two races each Sunday, for six weeks, a total of 12 races, scoring the best eight out of 12. Finishing in the first three places were: Miller, 545, Walbert, 2737 and Short, 2187.

The August 20th Bay Race found the sea calm and weather good, with the winds five to 10 mph in the S.W. The course was nine and one-half miles out the Sassafras River to Chesapeake Bay and return. Taking first place was Mast, 590, with Miller, 545, and Pierson, 89, bringing up second and third.

Saturday, September 3, the Civic Association of Kentmore Park held an annual regatta, divided into two classes, 16 foot and under and 16 foot and over handicap, for members and their families. The race was for all classes of sail boats and a \$35 donation cup and first, second and third place trophies were awarded.

Fifteen boats sailed one race on a five mile course, of which five were Lightnings. Duke Miller, 545, sailing "unofficial" with a guest as crew, was the first Lightning to finish. Nancy Louis, a 15 year old girl, having sailed about six times in her life, skippered the 2737 with Doc Walbert as crew. Nancy, in her first race was the first official Lightning over the finish line, taking the third place trophy. The result gave the sailing club a new member and I hope, another Lightning to our fleet next spring.

August 7th started off the second and final series with Walbert, Miller and Short finishing in first, second and third place.

Gordon Short, 2187, will be a member of the LCA and our fleet 314 next year, and we have prospects of more Lightnings and expect to sail as a class.

This is it for the 1960 season, which has been a very delightful one, with Duke Miller in his old trusty "Tar Baby" and Doc Walbert in his faithful "Marian Rose" battling it out all season, hitting the finish line time after time only one or two seconds apart.

MUSKEGON LAKE LIGHTNING (316)

Michigan District

Sailing on Muskegon Lake, Muskegon, Michigan

Fleet Captain..... Erhard H. Steins
Fleet Secretary..... Georg A. Johnson
Fleet Champion..... E. H. Steins
Runner-Up..... S. G. Peliotes

Boat No.	Boat Name	Skipper

7167	Chiquita	Erhard H. Steins
7315	Notus	Jim Chvala
7570	Windrider II	C. William Smith

The first year for our fleet was marked by an increase of members and we have great hopes to become the biggest class within the Muskegon Yacht Club.

We participated in the season trophy races of the MYC., and furthermore placed very well in the handicap events of our club as the Commodore's Trophy, Muskegon Chronicle Trophy and WMUS Radio Trophy.

Ed Steins took part in the Michigan District Championship on Higgins Lake, but did not do so well; better luck next year.

Bill Smith finally launched his new creation in August and gave the champion a hard time. His boat is a fast one.

For the coming season we plan to diversify our program a bit by races in Lake Michigan and night races.

Good sailing and good luck in the coming season!

ROYAL LAKE OF THE WOODS Y. C. FLEET (320)

On Sunday morning July 31st, the Royal Lake of the Woods Yacht Club was host to its own Lightning Fleet No. 320, assorted Dinghys, X's, 20' and 28' Scows; plus the Clearwater Bay Lightning Fleet No. 277 and some Y-Flyers from West Hawk Lake—in all, a total of some thirty boats. The Annual Race was a Handicap one in pursuit of the Kenora Cup.

A light breeze was blowing and spinnakers were flown during the first half. Keith Campbell of Fleet 277 and Hugh McDonald of Fleet 320 battled all the way to the finish, with Keith going over first and Bill Moss of Fleet 277 in third place.

It was a most enjoyable sunny day and a buffet luncheon was served after the race.

On August 6th and 7th, the Clearwater Bay Fleet No. 277 was host to the Royal Lake of the Woods Fleet and the Thunder Bay Fleet No. 279. The Annual event was for the Clearwater Bay Trophy for Lightnings. Some thirty-two Lightnings were in attendance. A series of three races were held over the two day period. Points were given to all boats finishing each race. 40 1/4 points for first; 39 points for second; 38 points for third; and so on down to the last Lightning to finish.

The fleet is building new boats for the next season. We have been very active and entered races at Anzio, local races, and probably we will enter the Christmas Regatta in Naples.

A young boy crew was third in the Coppa Giovannetti at Anzio.

The fleet organized the Porto Venero Regatta, with many boats entering many class races, and was third in the Coppa S. Venerio.

The fleet probably will organize next year the District Championship.

CHAPARRAL LIGHTNING FLEET (322)

Texas District

Sailing on Lake Travis, at Austin, Texas

The first anniversary of our fleet is at hand. We have had more than our share of growing pains. Two boats and the frame of a third were destroyed by two separate fires. Things looked bleak for a while, until Jack Downs and Jack Jackson appeared on the scene with both their Lightnings in tow. Fleet 322 has a new lease on life.

"Hey Skipper, how do you get the crew to help?"

Winter haulout has just finished as a fleet effort. Now the work starts. Two boats need to be measured, and all the skippers are planning work that should lead to victory for each of their boats.

Our fleet sent out two boats to regattas this year. The two skippers and crews were disappointed with the results, but the experience gained was great. We hope that next year we will be able to send at least three boats to the out of town regattas that we can attend.

Our growth potential for the coming year is bright. One new member is thinking of buying a boat. We are all on the lookout for a boat for him. The usual optimism prevails as far as new boats and skippers are concerned. Perhaps our greatest anticipation is the fact that we are the hosts for the Texas District regatta this coming summer. In this regard, Y'all come!

Organized in time for the 1960 sailing season in association with the Setauket Sailing Club, Fleet 323, and the newly established sailing club had a great time with their first summer of racing with all of us learning together.

Fleet 323 sails on Long Island Sound, just outside beautiful Port Jefferson Harbor. The often time rough waters plus strong tides caused rapid development of racing tactics among the participants.

We have high hopes of enlarging the fleet next summer with 12 to 14 eligible boats in the area.

PENSACOLA LIGHTNING FLEET (324)

Southern District

Located at Pensacola, Florida

Fleet Captain.....Robert L. Crongeyer

4058	Black Flash	William Soule, Jr.
4477	Apache	Robert L. Crongeyer
4705	Bomasusa	John R. Magee
4739	C. W. Ruckel

Fleet #324 was organized this year by a small but enthusiastic group of sailors. This enthusiasm has increased the fleet from four to six boats and indications are that we will have at least ten boats next year.

Our season started with an Invitational Regatta on May 28 and 29. The old master Ed Overton from Fairhope with his new boat 7121 that had never been in the water until the day of the first race, won this series followed by Stanley Butts from Biloxi with his new boat 7501. Our Fleet Captain, Bob Crongeyer, finished third.

The Fiesta Regatta sponsored by the Pensacola Yacht Club furnished our next contest. Because of a conflict our local boats were the only ones entered. Bill Soule, Jr., took this one followed by Ski Visnage and Wayne Lee.

The highlight of the year was the fleet championship which was a six race series. Bob Crongeyer and Bill Soule Jr., were tied at the end of four races but Bob won the final two races and really demonstrated his right to be champion. Wayne Lee finished third in this series.

The Lightning Fleet of Grand Traverse Yacht Club at Traverse City, Michigan, successfully completed its first year of scheduled racing. The fleet began in 1958, although without membership in the association until 1961, has been growing by leaps and bounds. The groups started with two boats in 1958 and has ended the 1960 season with seven boats.

Eleven scheduled races were sailed, with some of the Omena group joining in the fun. The inter-club races were held with the Omena sailors at Omena, Michigan, and it looks like it might become an annual event.

Everyone has learned much about racing this year in anticipation of next season. The future of this Northern Michigan clan looks even brighter with a sure start of 11 boats in 1961. A regatta, open to all, is planned for August 19 and 20th in 1961. It is hoped that those who participate at Higgins Lake and Leland regattas will be able to attend our first attempt in presenting such an affair.

This season ended with dinner and dancing and the presentation of the season trophies. Season results found Gordon Cornwell first, Warren Cline second, Chuck Van Horn third, Le DeVoss fourth, Buell White fifth and Bud Sweeney sixth.

We will always welcome any Lightning skippers and hope to see and meet some of you this coming season.

We are proudly introducing the first Lightning Fleet to be situated in Finland's lake area. Here in Finland we have about 60,000 lakes and thousands of them are suitable for sailing, but people there have "found" the Lightnings only now, and we are the first fleet to get official status.

Three of our four boats have been built last winter and our fleet has been established since last summer. On account of that we had only eight races during the season, starting at the end of July. Most important of them was the Annual Race and Night Race, the other six were practice races, which were held on Wednesday evenings. "Sami" and her skipper, Veikko Miettinen, proved to be a class of their own, winning seven of the races. M. Nurminen, with "Mary" had luck with him once and crossed the finish line 12 seconds before "Sami".

Lightnings have won many admirers here in Jyväskylä area, and we are expecting several new boats to our fleet for next season.

SEVERN RIVER FLEET (329)

There was no organized Lightning fleet in the Severn River area until October of this past year. In fact, as recently as the fall of 1959 there was only one active racing Lightning in the area. However, in the spring of 1960 Frank Mullins induced Franz Schneider to join him and sail from the Severn Sailing Association in Annapolis. By fall a third racing boat owned by

Fleet 329 Runner-up Franz Schneider trying his best in light going at Annapolis.

Dr. Robert Boudreau appeared on the scene completing the necessary nucleus for a fleet.

In spite of there being no organized fleet in the area there was plenty of class activity. The season began in May with the Annapolis Yacht Club's spring series. Three races, held over one weekend, were sailed on their inside course which runs out into the bay from a start near the club house. An old timer, Barney Mead, with his two teenage sons, Biff and Jimmy, sailed their O'Hooligan home in first place. They represented the very hot and active fleet #87 based at the Baltimore Yacht Club.

Next in line was the Severn Sailing Associations spring series. This was the first time for Lightnings to enter this event. Sailing Aldebran, Frank Mullins made a clean sweep of three closely contested races. Close behind were Franz Schneider, in Woosle, and Walter Flynn in a borrowed boat.

A rapidly growing event is the Severn Sailing Associations Summer Regatta, which this year had a turnout of over twenty Lightnings. Bob Tunnell representing the fleet at Indian River Delaware, showed the style which later won him the Dixie District Championship. His Challenger literally trounced the field with a clean sweep.

A favorite of most people is the Annapolis Yacht Club Summer Regatta. This is sailed on one of the best courses in the district. Course "J", as it is called, is actually in the Chesapeake Bay where there is ample room for long windward legs in good clear air. Bob McWorter of the Northeast River fleet proved that his Simbi, #3704, still had quite a bit of life in her as he won this regatta handily. In third place was one of our boats, Woosle, with Franz Schneider at the helm.

Races were held several Sundays in midsummer on the Round Bay portion of the river. These were sponsored by the Sherwood Forrest Community Association and started at their pier. Dr. Richard Ross, a new member of the class, led the fleet with his Diastole.

Late August saw the women take over. Mrs. Penny Sayler sailing Aldebran and Mrs. Sheila Schneider in Woosle took the leading two positions in the Indian Landing Regatta held on Round Bay at Lindstead. The only visiting boat in the fleet was the third place Quantico Marine boat, Leatherneck.

The Annapolis Yacht Club Fall Series, held on the first three Sundays in October closed the official season on the river. It was sailed on their course "J" under conditions which varied from a 30 mph. howler to a drifting match. Fielding a fleet made up completely of local boats, this was the first time Lightnings had been represented in this event. Frank Mullins sailing Aldebran won the series which was not decided until the last race when he nipped Franz Schneider's Woosle at the finish line. In third place was Bob Boudreau in his new Emmons built Lightning #6860.

Our boats not only sailed in local events but some also traveled the regatta circuit. This consisted primarily of events held in the north end of the bay, on the eastern and western shores, and within an hour's drive from Annapolis. While none of our boats won any of these, their presence was felt by the leaders, and our record as a group was quite respectable. This record was highlighted with Franz Schneider's second place standings at Glenmar

Regatta, Little Egg Harbor Regatta, and Susquehanna Regatta.

For next season we are making plans for more organized fleet activity. This should include some racing and cruising on Round Bay as well as on the preferred and superior courses at Annapolis. Since many of our members own wet and heavy boats it appears highly desirable to offer special racing awards to those using this type of equipment. Definite steps are being taken in this direction. Depending on the results obtained on the fleet level, action will be taken to have some of the local regattas offer separate trophies for wet and heavy Lightnings. This idea we take from our older brothers of Fleet #3, with the hopes that it will become a growing trend.

The Severn River Lightning Fleet has all prospects of growing into a large, strong, and active organization. We are located at the hub of the Dixie District, with excellent sailing waters and good club facilities. Yes, if enthusiasm continues to grow at the present rate, you may expect to hear much more from this fleet located in the heart of sailing country, on the Severn River, near the Chesapeake Bay at Annapolis, Maryland.

CRAB ORCHARD FLEET (330)

Midwest District

Sailing on Crab Orchard Lake, Carbondale, Illinois

Fleet Captain	W. R. Scott
Fleet Secretary	G. M. Buys
Fleet Champion	W. R. Scott
Runner-up	E. Limpus

Boat No.	Boat Name	Skipper
2064	Yo-Ho	David Cook
5217	Theodore East
5226	Manta Sea	Ernie Limpus
5228	Sassy Gal	W. R. Scott

A new fleet for a mighty class, a new club within the realm of recognized sport—this is the Crab Orchard Sailing Club and its newly formed Lightning Fleet 330, chartered in October 1960.

COSC was originated in January of 1959 with a grand total membership of eight persons. Due to the experienced guidance and exuberant leadership of Wilson Scott, Commodore, COSC has rapidly become somewhat of a power-competitor in the mid-west areas.

With two seasons of active competition behind us we are now a 40 member, 28 boat club with a small recognized Lightning fleet. We have several miscellaneous craft, and four skippers trailing to distant regattas.

Active racing by the LCA fleet at our club was limited this past season. Due to lack of steady crew and that almighty spinnaker, Ted East only competed in inter-club activities. Dave Cook is our newest member, joining the fleet in late August. Ernie Limpus started the season with all sorts of enthusiasm, taking seventh place in COSC's second annual Egyptian Cup Regatta; then Ernie developed (of all things) an allergy to Sun-exposure. What a frustrating plight for an anxious sailor! This leaves us with that two boat man, our Fleet Captain, Club Series Champion, and Commodore, Wilson "Scotty" Scott. This past season Scotty crewed at the St. Petersburg Championships, at the Midwest District Championships in Chicago (14th place), and at Memphis in the Cotton Carnival Regatta (third place) with Tom Brizendine of the Kentucky Lake Sailing Club. Also, Scotty and his ambitious crew, "Mac" Scott (wife) and George Buys, trailed to Nashville and the Tennessee Regatta, Kentucky Lake and the Governors Cup Regatta, Decatur, Ill. and the Inter-City Regatta (4th place), Springfield, Ill., and the Mid-States Championships Regatta (4th place), Kentucky Lake again for the Watkins Cup Regatta, and then closed the season with a third place at the St. Louis Valley Sailing Association's Governor's Cup Regatta. A round of applause for the sailor willing to trail.

Nine Lightnings participated in COSC's second annual Egyptian Cup Regatta. They were skippered by Bob Buckles of Decatur, Ill., Bob Llovet of Nashville, Tenn., Mitch Bohenkamp of St. Louis, Mo., Tom Brizendine of Kentucky Lake, Ky., August Paoli of St. Louis, Mo., Wilson Scott of Carbondale, Ill., Greer George of Kentucky Lake, Ky., Ernie Limpus of Carbondale, Ill., and Ted East also of Carbondale. The place standings are as they appear above.

YOU may be interested in knowing—during the past season we ran a club series of races. We usually had 10 to 15 participants in a race and almost an equal number of different classes. The outcome of each race was based on principles of adjusted time and handicaps and of course the winner of the series was a Lightning, #5228.

There is nothing more vigorous than youth, watch Fleet 330 in forthcoming seasons!

SQUAM LAKE LIGHTNING FLEET (332)

New England District

Sailing on Squam Lake at Holderness, New Hampshire

Fleet Captain..... Robert Custance
Fleet Secretary..... Howard O. Wood

Boat No.	Boat Name	Skipper
1721	Avenger	Robert Custance
3220	Havoc	Howard Wood
3279	Richardson Blair

Fleet #332 was formed in the fall of 1960, so there were no fleet activities this past summer. However, seven Lightnings participated in informal races on the lake. A strong fleet with regular series racing is planned for 1961.

PALM BEACH FLEET (333)

Southeastern District

Sailing at Palm Beach, Fla. on Lake Worth

3437	Graham-Eckes School
4499	Graham-Eckes School
6615	John Craft
6667	Graham-Eckes School
7808	Susan & Elliott Brown

This fleet was organized this fall and a series of races was sailed on four alternate Sundays, beginning October 23, and finishing December 4. The races were conducted by the Sailing squadron of the Sailfish Club of Florida on Lake Worth. The winner for the fall series was Bob Tylander, sailing boat No. 1155.

Two new Lippincott Lightnings were added to the fleet during the Christmas Holidays and a two day series was sailed off the Sailfish Club over the New Year's weekend. The winner was boat No. 7808, owned by the Misses Susan and Elliott Brown and sailed by Bill Cudahy.

Representatives of the fleet will participate in the Miami Yacht Club Regatta on January 14-15, 1961 and other Lightning association sanctioned regattas during the winter. Also a winter series is planned for the fleet at the Sailfish Club. We are all indebted to Graham-Eckes School for providing most of the boats in the fleet as well as very able skippers and crewmen.

Start of the "Skippers Only" Race of Fleet 229, Fern Ridge Lake. Some of the more brave skippers used spinnakers.

Fleet 10 newest, 7528, owner, Dick Jensen.

Registry of Lightning Owners

(Corrected to January 1, 1960)

You will note that the address of the owner is omitted. This you will find under the alphabetical listing. Fleet affiliation is denoted by the figure in parenthesis following the owner's name. If the name is followed by (U), this signifies the owner is unaffiliated.

Where boat number is followed by an asterisk (*), it means that there is an approved measurement certificate on file for this boat. All boats not so marked do not have measurement certificates on file.

THE EDITOR'S PAGE

It has been my pleasure to edit the Lightning Class Association Yearbook. I believe that you as readers would like to at least meet by pictures the people who have assembled the information, typed it, proof read it, and set it into type twice before this book takes it's final form. I am pleased to introduce:

Margaret Teske, Executive Secretary of the Lightning Class Association.

Margaret proof reads and types all of the fleet reports, district reports, and all other statistical information. When this information is collected, eighty percent of the Yearbook is at hand. (Margaret, I hope the LCA will purchase you a new typewriter so that the shift key puts the caps on the same line as the small type.)

Thank you, Margaret, for your excellent assistance.

Louis F. Madden, Production Manager for the Spencer-Walker Press, Inc.

Lou is responsible for two phases of our yearbook. He solicits all the advertising for our yearbook. Also, Lou takes all of the copy submitted by Margaret and myself and has it set in type or mat form and submits galley proofs for editing. After editing, Lou looks after the printing and mailing to each member.

Thank you, Lou, for the excellent help and direction.

Editing the LCA Yearbook is a very interesting insight on the association. In case I walk up to you and say hello, it is because I have read your reports and seen your pictures and I feel that I know you from this experience. I regret that each of our fleets did not send in their report. I would suggest that your fleet report be written at the last regatta and sent in to Margaret in September of each year so that it would appear in your Yearbook.

In addition to expressing my appreciation to the above two people, I would like to thank each author of the articles that appear in this book. Do not feel that you have to be invited to write such an article. Several of our most interesting instruction articles were submitted, unsolicited. Interesting facts of activities or equipment are always in demand. You can always say that your article was included with such distinguished authors as Richard Powell of "Philadelphian Fame" who also wrote Fleet #173 report in this Yearbook.

Finally, I would like to thank each of the advertisers for their financial assistance in making this book possible. I feel sure that our members will support your product with their purchases.

To our members outside The United States, I wish to state that this book, though printed in U.S.A., is also your book and all of your reports on major Lightning Regattas will be published if you give us a full account

of such Regattas. I look forward to our first truly World International Regatta in 1961 and hope it can be attended by all Countries where Lightnings are sailed.

Good sailing to all in 1961.

Editor Al Bernel shuffling fleet reports.
