This Yearbook is dedicated to the members of Fleet #405 of Salinas Ecuador. The members of this Fleet and the Salinas Yacht Club worked for close to ten years to bring the Lightning World Championship to their beautiful country and sailing site.

There were many people responsible for the overwhelming success of this event. The number of people that were working very hard was evident. There were also many people working behind the scenes that were not as evident but every bit as important. Thank you to Santiago Romero Barst, Salinas Yacht Club Commodore and Lightning sailor; Eduardo Vedani for his time and commitment as Race Committee chair and especially Lightning Class Secretary Paco Sola Tanca for your vision, dedication and many, many committee members that spent so much time and energy to make us feel so welcome and ensure that we had such a wonderful time.

The Salinas Fleet exemplifies the beauty of the Lightning Class. Many ILCA members, their spouses, children and other family members sacrificed much to bring this event to us. It was fabulous, and we are grateful to you Salinas. You proved that the Lightning Class truly is worldwide and "world class".

## The ILCA Fund

The International Lightning Class Association has been granted status as a 501(c)3 charity by the Internal Revenue Service. Just like gifts to the United Fund and the Olympic Committee, gifts to the I.L.C.A. can be deducted from income in computing your taxes. You can make a gift and the I.L.C.A., of course, gets the full value of your gift to use for many worthy projects. A donor may specify a particular use for the donation or allow it to go to the general operating budget. Stock may also be transferred to the I.L.C.A. with added tax advantages.

The I.L.C.A. Fund was formed in 1982 to give some direction and impetus to the solicitation of charitable gifts. The I.L.C.A. Fund is directed by a committee of five I.L.C.A. members who serve staggered three year terms. Each year members send gifts along with their I.L.C.A. dues. Several large gifts have been received, including a 30 acre farm in Mississippi and the funds to purchase the beautiful Masters' Trophy awarded each year at the St. Petersburg Regatta. Income from the I.L.C.A. farm is earmarked for use in promotion of Lightning sailing. Other uses of the fund change each year as the requirements of the Class and office vary.

The long term objective of the Fund is to build an endowment equal to two hundred percent of the I.L.C.A.'s annual budget. This should help guarantee that the Class will remain solvent and to ensure future sailors the opportunity to enjoy the excitement and fellowship of sailing Lightning Class sailboats.

Most sailors who have been members of the I.L.C.A. for several years come to realize that the value they receive from participation in the sport of racing and sailing Lightning Class yachts is much greater than the \$45.00 annual dues. Gifts to the Fund provide a means, with help of the tax deduction, to pay the I.L.C.A. back.

When you pay your membership dues, include something extra as a gift to the Fund.

The following members contributed to the ILCA Fund in 1999. We want to thank them publicly for their generous support.

Sixty years + two and now the start of a new Century....

We all wish to thank Cal and the many volunteers for their contributions to the Class over the years .

It is all of you who have helped make the Lightning Class so great. It is the generosity of the membership that makes us what we are today and will be in the future. From those who serve as Officers, Race Committee people, Regatta Chairmen, make the telephone calls, coach the kids, or serve in any capacity to make us successful... Yes, even those of us who do the dishes or get up early to put the coffee on at the crack of dawn make our Class, THE BEST. In our fleets, districts, National Championships and Worlds we sail forward proudly into the 21<sup>st</sup> Century.

As we enter the new millennium with increased technology, it will still be the special interests, contributions, and support of our membership that will move us forward on the race course and in the world.

Thank you,

*Mary*

Mary Huntsman  
President 2000

*President Huntsman crewing for husband Sandy with Jim Carson in Ecuador*

## Officers

### President - Calvin H. Schmiede

Cal began sailing as a boy in Wisconsin in Class E skeeter ice boats. He started sailing Lightnings in 1952, and bought his first one, #7604, in 1960. His home club is the Niagara Sailing Club, seven miles above Niagara Falls. This is where his daughter, Larissa Higgins Cox joined her dad in a love of sailing. They presently sail in Cal's sixth Lightning, #14580. His other daughter and two sons have also sailed with him in various regattas, including North Americans and World Championships. He thanks his "land-lubber" wife, Judy, for her encouragement and patience. Cal was Editor of the 25th Anniversary ILCA Yearbook in 1964. He was Assistant Measurer from 1977-1982 and 1991-1995. He was Chief Measurer from 1996 to 1998, and President of the Class in 1999. He is a self-employed chemical engineering consultant, with a sideline of computerized personal income tax preparation. Lewiston, New York, USA

### Secretary-Francisco Sola Tanca - "Paco"

Paco has sailed Lightnings for as long as he can remember. He started crewing for his father and now drives "Zorro Loco". His achievements in the lighting class include successfully organizing both the 1998 Youth Worlds and the 1999 World Championship at his home club, Salinas Yacht Club.

He is very proud of his lovely wife Daniela and their two future skippers, Paquito and Eduardito.

Paco is the General Manager of the family's advertising agency in Guayaquil.

The most noticeable thing missing from Paco's life is more time to spend at international Lightning events! "You can never have too much sailing in your life!"

Guayaquil, Ecuador

### Treasurer - Mary Huntsman

Mary and her husband Sandy started sailing at Monmouth Boat Club (crewing) in 1959 and bought Lightning #1239 with a friend who was the skipper. At Quantico in 1961 we bought Olsen #8101, it was time for Sandy to skipper. We have owned at least 30 boats and our latest is 14852. We sailed our son Jack's #13922 in the Master's worlds in Salinas.

Our children Karin and Jack have raced thru the years. Karin as crew and Jack began as crew and owns his own boat now. My joy has been Photography when not racing, looking for the unusual and exciting shots -

Our family has and continues to enjoy the Class and it's special people. Luv you all!

Red Bank, New Jersey, USA

### Chief Measurer - Colin N. Park

Colin began his racing career at the age of 10 years in a small pram type boat called a Sabot in Vancouver, British Columbia. He participated in the 1976 Olympics, skippering 470's for the Canadian team. He first crewed on Lightnings in 1970 and bought his first Lightning in 1982 and has been a member ever since. Colin races with his wife Karen as forward crew- they met in the Michigan District racing against each other.

Colin retired from The Dow Chemical Company in 1998. He spends winters in Florida and summers in Michigan.

St. Petersburg, Florida/ Midland, Michigan, USA

### Honorary Commodore—William G. Faude

Chicago, Illinois, USA

### Executive Secretary - Karen P. Johnson

Karen began sailing with her father when she was a child at Delta Sailing Association in Memphis Tennessee. Mom and Dad are still sailing in California. It won't be too long before her son, Evan is ready to start crewing!

Karen lived in Chicago after college where she was active in the fleet at Corinthian. She now participates with the fleet at Leatherlips Yacht Club.

Lucky for us as a class she still loves her job!

Worthington, Ohio USA

# Vice Presidents

*Assistant Measurer & V.P.*  
**JAMES ALMAN**  
St. Petersburg, FL USA  
Member since 1977  
Wife, Karrin

# North American CHAMPIONS

The first National Championship was held when the first boat was publicly less than eight months old. Nineteen boats participated, and John Barnes won with three firsts.

In 1945, the Championship was renamed International, there being thirty some boats in "foreign" countries.

In 1961, the first Lightning World Championship was held and that year the Internationals were renamed once again, this time to the North American Championships.

Midwinter Championship sailed at Coral Reef Yacht Club, Miami, Florida

Trophies: Regal Cup, deeded to I.L.C.A. by a Miami Company.

Alex Carlin Trophies, presented by Alex Carlin for the Miami-St. Petersburg (Special Formula).

Retired to top skippers' yacht club after nine years.

Buffalo Canoe Club received the trophy in 1969. The second Trophy was retired, after the 1978 Regatta, to Tom Allen for the Buffalo Canoe Club. The third and last trophy was retired in 1988 to the Buffalo Canoe Club, donated by Alex's wife Ethel in his memory.

I.L.C.A. Southern Circuit Champion, presented by I.L.C.A. for the winner of combined Savannah, St. Petersburg, and Miami. No retirement.

# 1999

## 1999 Lightning Winter Championship

Brian Hayes

St. Petersburg, FL, March 19-21

The first two legs of the Lightning Southern were a lot of fun for the crew of *Mouette*, our soon to be beloved borrowed boat, owned by Dr. Georges Peter. I was fortunate to have secured the crewing services of Nick Mercier, the 1998 Jr. NA Champion, for the entire circuit and had pieced together Dr. Charlie Usher to crew in Savannah, Dave Adams, to crew in Miami and my friend Laura Jeffers for St. Pete. Savannah didn't go very well for us as I found that a 6-month layoff between races is a bit to long against some of the world's best sailors. Miami was not going well either until we were t-boned by a port tackler before the start of race #2. With a gaping hole in the racing yacht *Mouette* we found, begged and borrowed duct tape and patched her up. The collision must have begun to knock some sense into me and although not a thing of beauty the temporary repair held throughout the regatta and we managed a far more respectable 7th overall. So as Nick, his dad Marcel and I drove across Alligator Alley on Wednesday night our spirits were high. We began to feel that we were sailing well together and with Laura joining the team in St. Petersburg we were hopeful for a good finish. I have sailed the Winter Championships for the better part of the last 12 years or so and, never having had a finish in the top 10, our goal was to try and break into that group.

The first day of sailing was on Friday. The Race Committee attempted a morning race but the possibilities looked bleak. A dying northerly breeze tempted all 71 boats out to the course and we managed to get 1.5 legs in before there was no wind at all. The race was abandoned and we were towed in for lunch. Now the real trouble began. Laura had to be at work at 5pm. Things didn't look good. Around 1pm the seabreeze began to come in and all 71 boats headed out again.

Our happy winning skipper-Brian Hayes

### Race #1

This race was certainly a sign of good things to come. Make no mistake about it. We were very lucky!! The RC set a 4 leg W/L course and set the mark at 220. We were still getting organized when the 6-5-1 sequence started. The breeze was light, around 4- 6mph and kind of hinting right. We got to the line a little late near the committee boat and were buried at the start. A quick tack to port to clear our air was met by our not being able to cross the committee boat. We tacked again and waved 5 or 6 port tackers across, including Jack Elfman and Morgan Reeser. As soon as these boats crossed we had a clear lane and read the compass- 215. Hmm! What is that orange thing on our bow? Looks like the weather mark.. After that we just put the pedal to the metal and went fast. It took 3-4 minutes to work over everyone to leeward of us and Nick kept an eye out to weather to see when the group we ducked was going to look for the mark!! Half way up the beat we were very far ahead and our only concern was would we have to tack again. Just as I was about to tack to get in line we got lifted another 5 and I was able to pinch around the mark. We set right away and gybed at the offset and sailed what was now a fairly tight reach to the leeward mark. At this point Larry MacDonald, David Starck, Morgan Reeser and Tom Allen Jr. were all fighting it out for the top 5. The RC moved the weather mark to 260 for the next windward leg, but right was still the way to go. We drag raced out on port until Larry tacked and then loose covered him and the group to the mark. Another set and quick gybe at the offset and the parade to the finish was on. We were 1st, followed by Larry, Tommy, David and Morgan.

Our joy was a bit diminished by the fact that the RC was going to race another and it was 3:30. Laura had to be at work in 1-1/2 hours. The RC was going with a 5 leg W/L. We sailed over to a powerboater watching the races and asked if he was staying until the end. He said he would and as soon as we finished he would blast over and pick Laura up and bring her in. This was a huge thing. As it turns out she was only an hour or so late and she didn't get in trouble! Another break was going our way!

### Race #2

The seabreeze was in and had almost settled at 260-270. The breeze built all race up to 14mph or so. My thoughts were that since the breeze had settled, playing the shifts was important so we started somewhat near the pin. Good theory but 20 minutes too early. The breeze continued to work all the way to 270 before stopping and the boats that went right, once again, were well ahead. The leaders included Phil Grotheer, Charlie Hess, Andy Horton, David Starck and Hank

Hodgson. We managed to round between 45-50th. But we were in good company with Larry and Ched Proctor and a few other hotshots. We managed to get by a few on the first run and really gained by working the shifts on the left the 2nd beat to get back in the high 20's. By this time, Phil had the race well in hand for his 2nd race win during the circuit. David Starck was the envy of the world with a 2nd to go along with his first race 4th. Andy Horton picked up after a bad first race to finish 3rd. Hank Hodgson followed in 4th with Charlie Hess, sailing very well, in 5th. We managed to continue to grind and caught a few just before the finish for a respectable 17th.

By the end of racing Friday everyone seemed cured. It was a very long day and had been a long circuit for many. Laura had darted out to work and Nick and I were tired. Marcel, Nick and I went to a Mexican Seafood Restaurant for dinner and called it a night.

Saturday morning brought fog and NO wind. The RC postponed at the dock and told everyone to be back at 1pm. Many sailors took off and headed for the beach and a few started a game of Ultimate Frisbee. After lunch at the club the RC got reports of the seabreeze building and we all started sailing out for race #3.

### Race #3

With the breeze building a little later than yesterday it began to settle right much earlier. Everyone knew right was the way to go but we settled for a middle to leeward end start for the 4 leg W/L course. As predicted, right was the way to go and Jack Elfman and Jeff Linton got to the right first and they were gone. We worked the middle right fairly well and got to the top mark around 12th. We were not able to get in the passing lane up high on the run and lost a few boats by the leeward mark. At this point the wind had filled to 270 and the course became much squarer. We worked the right hard on the next beat only to lose a few from the left. We got 1 or 2 back for a 14th while Jack held off Jeff for the win. Ched Proctor was beginning to get loosened up and was 3rd followed by Brian Taboada and "Super" Dave Starck.

At this point of the regatta everyone has had a bad race except David. Steve Hayden has stayed consistent and is in 2nd while our team is in the mix with a very fast Bob Wardwell, Andy Horton, Tom Allen Jr., Larry MacDonald and Jeff Linton. After 3 races these are the only teams that have under 40pts!!!!

### Race #4

Just like race #2, but the wind is truly settled at 270. No surprises in this race as new names once again dot the leader board. Matt Burrige finally managed to shake the Lake Carlyle effect snow off and jumped out to a lead that

(as he told me) try as he might he could not lose. Andy Horton passed us 3 times this race (we only passed him twice) to finish 2nd. Larry was very fast up the last beat to take 3rd and we nipped Brian Taboada, as he was doing a 720 on the finish line for 4th. Brian got straightened out in time to beat Dick Hallagan for 5th. Steve Hayden continued his consistency with a 7th. We looked for David after we finished. Being buried at the start and missing a few shifts put the Starck/Starck/White team back in the mid 20's. All of this led up to what was to be an exciting last race at St. Pete that would not only determine the Winter Champion but the Overall Circuit crown.

Going into Sunday's final race a lot is up for grabs. David's 24th in race 4 brought a large group of boats into contention for the Bishop Trophy. Steve Hayden is leading after 3 races with David 1 point behind him and our team 1 point behind David's. Any of the top 6 can reasonably win the regatta with only an 8-point difference between 1st and 6th. Also, Andy now has a 1-point lead on David for the circuit crown and he holds the tiebreaker. Very exciting stuff.

The banquet was held on Saturday night and, as usual, the food was great. Jack Elfman ran a very success full 50/50 raffle for the class and raised over \$900. The regatta organizing committee also ran a game of "Lightning Jeopardy", complete with a "Pat Sajak" and several "Vanna's". Everyone had a great time.

Dan Dressel, Bill Fastiggi and Rick Villamil in a round of "Lightning Jeopardy".

### Race #5

The breeze is blowing from the SW on Sunday morning but this is a different breeze than the one we have been sailing in for the past 2 days. A cool front is passing over Florida north of Tampa and this is a pure system breeze. We sail out at 8:15 for our 9:30 start and the breeze continues to build. By 9:30 it is a steady 14mph. Once again, luck is on our teams side as all 5 general recalls have us buried at the start. Everyone wants to work right and Nick,

Laura and I discuss our options. I'm not convinced banging right is the thing to do and both Nick and Laura agree that they don't really care which way I drive the boat as long as I get it somewhere NEAR the line when the gun goes off this time!!!! The RC has the "Black Flag" flying for restart #5 and the start goes. The RC got 7 or 8 over earlys and we won't know who until they post the results.

We get a very good start near the pin with Morgan and Bill Faude a bit bow out to weather of us and Tom Allen Sr. going well to leeward. We sail on starboard for a while and Nick tells me we are lifted a few degrees. We continue to work hard and begin to sail out from under Bill and Morgan. Tom is hanging in well off our leeward bow. Bill tacks and Nick says we are now down 5. We can cross Morgan and we tack and he tacks at the same time. We are now lifted 8-10 and it's blowing 18mph and very choppy. It was beautiful! After about 4-5 minutes we have worked out ahead of Morgan and the crowd on the right is coming back at us. We are clearly crossing everyone as we near the starboard layline. We cross David and Andy. As we get closer to the starboard layline Nick says the magic words, "We're back down 5". I'm not sure if he was making it up but we tacked. David was coming back across on port and we tacked on him for the last 100yds of port tack. David tacked again to clear and we planted on him. This forced him to tack back again and we (barely) managed to squeeze around the mark. Having to tack 2 extra times put David clearly behind but still in 2<sup>nd</sup>. Larry, Ched, Tom Jr., Tom Sr., and Brian Taboada were all in the mix. Steve was back in the teens and Andy was just in the top 10. Nick and Laura did a great job with puffs and wind on the run and we opened up a bit on everyone but Ched who rounded the mark and held for longer on starboard than everyone else. This allowed him to gybe outside of everyone and ride the waves at a much better and faster angle towards the lee-

ward mark while the rest of us had to try to work low on every wave and went a fair bit slower. At the drop we were still 1st, Ched had moved to 2nd and Larry was 3rd. This was much better for us. Having Ched and Larry as a buffer is a very good thing.

We stayed on port and kept an eye on David. Our strategy was to stay on the same tack as him. Ched was moving very well, as was Larry. 2/3rd of the way up the beat we tacked to port and, although we may have been able to cross, opted to duck Ched. He tacked on our hip and road us out to layline (+ a little). A discussion ensued as to whether Ched was going to tack to the mark that was behind us. We tacked at the same time and rounded overlapped. Ched set first and took off on a wave while we were cautious and followed behind. We were able to surf to the inside and the two of us took off on a plane and left Larry and everyone else 100+ yds behind. At this point the breeze was in the low 20's and Nick, Laura and I had a discussion about being conservative. With Ched 1 boat length to leeward in this wild stuff and nothing to be gained by pressing out of control we bridled in the horses a bit, choked down the spinnaker and made a point of keeping the mast in the boat and the boat right side up. Ched was able to catch a wave to leeward and surf across our bow smiling.

At the leeward mark we dropped early and were able to stay high and hold a tiny lane just above Ched's hip. We all held on port to nearly the layline as storm clouds were building over St. Pete and we wanted to sail towards them. Ched tacked and Larry and our team followed suit. Now it was just a matter of keeping upright and watch the battle between David and Andy. David was ahead of Andy and covering him tightly. David needed one boat between him and Andy to win the circuit and felt fairly comfortable as he had Peter Hall, Bill Faude and Morgan Reeser between them going into the finish. As they approached the finish line David was neck and neck with Peter. Both boats shot the line and David beat Peter by 6". These 6" were critical for when Bill and Morgan crossed they didn't get horns. Both had been OCS at the start. So after 9 days, 12 races, 3 regattas and nearly 3000 miles the Southern Circuit was decided by 6". It was fun to watch. In the end we held our 2nd place in the race to win St. Pete by 2 points over David.

I have to thank my teammates Laura Jeffers and Nick Mercier. They were great all weekend and a lot of fun to have on the boat. I also need to thank Dr. Georges Peter for the use of the rocketship "Mouette" and Tom Allen Jr. for fixing the hole in "Mouette". The St. Petersburg Yacht Club did their usual outstanding job hosting this event.

The last stop on the Circuit is St. Petersburg Yacht Club for the grand finale, the Winter Championship Regatta. After sailing consistently in both Savannah and Miami, we were excited to have an opportunity to compete for both St. Pete and the Circuit overall. With seventy-two teams vying for the Winter Championship, it wasn't going to be easy.

Our game plan in St. Pete was no different than it was when we first set out in Savannah - sail conservatively - fast - avoid big mistakes - we knew that if these objectives were met, we would be sailing for first place. Other than one poor start which led to a twenty-fourth place, consistency paid off.

It was a great feeling to win the Overall Circuit. It was even better to win it as a co-skipper with Tommy and with Maria (she deserves it - she puts up with a lot .... ).

## 1999 SOUTHERN CIRCUIT

**David Starck,**

**Co-skipper Overall Southern Circuit Champion**

The 1999 Lightning Southern Circuit presented another tremendous competitor turnout. With just under forty teams participating in the overall circuit, the ten-day, three regatta event proved to be one of the best ever. Due to adverse weather conditions, sailors witnessed an abbreviated two-race regatta in Savannah. Biscayne Bay, Miami treated us to near-perfect winds and weather and a five race series; and the seventy-two boat fleet in St. Petersburg enjoyed tough competition, a variety of wind conditions and lots of fun in the sun.

As is the case with many teams, our aspirations were to sail fast, conservatively, avoid the big mistakes and try to be in a position in St. Pete to win overall honors. Co-skippering with my brother, Tom, as well as having crew guru Maria White onboard, I knew the weakest link in our team would be me crewing in Savannah. We managed to get through Savannah without anyone getting hurt. I'm sure Tommy would have preferred a better middle crew.

The Coral Reef Yacht Club in Miami was a welcome sight after spending the weekend in Savannah. Not only was there an improvement in the weather, I was no longer crewing. Biscayne Bay is a terrific place to race sailboats. The optimum sailing conditions, coupled with 50 boats and a top-notch RC, made for a fun five-race series.

## 1999 California Circuit

The 1999 California Circuit once again managed to get in 14 races: 5 at Coronado Bay, the Marathon, 3 "Ocean-in-the-Bay" races, and 5 races in the Mission Bay series. Fourteen teams from California, Oregon, Washington, and New Jersey completed the 6-day series. Jerry Neuburger won the Overall Circuit with 53 points, followed closely by Scott Finkboner with 55.

I tried to list every crew but it was almost impossible. Finkboner used 6 different crew, McBurney used 5, and Molina and Brewer each used 4.

Sue Arnold came down just to sail on Friday (with Mike Molina), thus making this the 25th consecutive Circuit she's sailed! In 1989 the San Francisco Fleet, urged by Mike Molina and Mark Patty, dedicated a beautiful trophy to be given to the woman skipper or crew who sails every race and places highest in the Circuit. It's called the Susan M. Arnold trophy, and Sue has been here every year to present it. This year it went to Sandy Neuburger.

The Parshleys showed up en masse as you'll be able to tell by the crew names. What you may not know is that Lois is only 10 and is already a great crew. She was not happy about being replaced just because the wind was heavy! Phil, Phil, and Lisa took turns skippering. I'm not totally sure who did what except Lisa did the Ocean-in-the-Bay series, and Phil Sr. sailed the Marathon - leading almost all the way (and to the right mark).

We have been blown out of the Marathon before, but never the Ocean series. This year, however, those of us in the rear during the Marathon watched Molina's boat catch a rogue wave breaking in the channel, ride it up about 9 feet and then disappear. John Lyon, who was crewing, admitted he'd never been so scared, or gone so fast, in a Lightning, so when the Lifeguards closed the channel 2 days later, no one complained. We sailed the Ocean races in the Bay in the rain, which made it seem

like somewhere else (some wit said Portland).

We have a Bowling Trophy no one really wants; Wendell won it again for falling out of his boat on the Marathon. Somebody seems to fall out every year, but it's usually the crew. The last time Wendell won it was 1995 when he hit the finish boat on the last tack when his tiller got caught in his coat.

Mark Breen was a close second for the Bowling Trophy. Mark showed up with a 1000 lb. boat, totally unrigged, and spent all night at Coronado Yacht Club trying to put it together. He and his crew were using the motion sensor lights to see and when they'd go out the whole crew would start jumping up and down to make them come on again. He only sailed 4 of the 14 races because his boat started taking on water. He ended up crewing for McBurney at Mission Bay.

Mark and Dawn Zimmer hosted a great party at their house on the hill overlooking the bay. These 2 architects are planning on totally remodeling this rather oddly assembled house; everybody checked out their plans and we hope they'll have a party next year so we can see how the house is developing.

*Kirk Johnson...enjoying!!*

## THE 1999 PAN AM GAMES - THE PAN AM EXPERIENCE

*Bill Fastiggi, Middle Crew*

The actual trip to Gimli started for us in Madison, CT where we just finished sailing in the CT/RI Districts. We really wanted to sail this event, but it made us a little pressed for time. Andy left Madison at about 4pm Sunday with a double deck rig, heading for Grand Forks, ND where we had to report by 8am Tuesday. On the way he stopped in Rochester, NY and picked up Scott Ikle, one of the US team coaches, who would help drive the rig.

Heather and I drove back up to VT, went to work the following morning and then boarded a plane for Fargo, ND that evening. When we arrived in Fargo, we (along with a few other US team members) were met by a van and driver to take us up to Grand Forks.

What's so special about Grand Forks, ND? It has a University campus, and it is about a three hour drive from there to Winnipeg, host city of the Pan Am games. The ENTIRE US team assembled there over the course of about 10 days to get fitted with team uniforms, gear, credentials, tickets to events, medical screening, team photos, etc. Talk about organization. The sailing team was there overnight, and then from 9am to 2pm. We each left with matching duffel bags filled to the brim with more stuff than you could imagine. The same for all 700+ U.S. athletes and 400+ coaches, team leaders, etc. Our Team Leader was Hal Haenel, and our coaches were Gary Bodie and Scott Ikle. Our Boatwright was Carl Eichenlaub.

Gimli is a small town about 60 miles north of Winnipeg on the western shore of Lake Winnipeg. The Gimli Yacht Club was built to host the Pan Am sailing event in 1967, and the members were very gra-

cious hosts. Security was tight enough that the host club members had to get special day passes to get on to the grounds of the club! Some of the non-sailing highlights for us were: seeing Princess Anne touring the sailing site on Friday, a very professionally run measurement process (Dave Sprague), and the opening ceremonies.

We all agreed that marching in the opening ceremonies was one of the most incredible events we'd ever participated in. Words cannot describe just how spectacular it was - a stadium filled with people. Highlights for us were seeing two sailors carry their countries flags (A HUGE honor) into the stadium: Robert Scheidt of Brazil (the Laser World Champion and 1996 Olympic Gold Medalist) and our very good friend Tito Gonzalez of Chile (1995 and 1999 Lightning World Champion and 1995 Pan Am Gold Medalist).

The other teams competing in the event were: Argentina (Hector Longarela), Brazil (Claudio Biekarek), Canada (Larry MacDonald), Chile (Tito Gonzalez), Columbia (Camilo Salcedo), Ecuador (Gaston Vedani), and Peru (Renzo Brissolete). Eight teams was the most ever for the Lightning.

We had three days of practicing, speed testing, brushing, and finally the practice race, sailed in light air, which was won easily by Gaston Vedani of Ecuador. We were 5th after our only really bad start of the series. Best not to peak too early.

This kind of racing is really fun. Just imagine fleet racing against 7 of the top boats in the world - 2 races a day, 11 races, excellent race committee, good winds. Everyone has good speed, good crew work and good equipment. The courses we sailed were Olympic trapezoids - which are basically windward/leewards

with an extra reach thrown in at the end. A very challenging course.

The event had 11 races scheduled. If we had all 11 races we would have two throwouts. After four races were completed we would have one throw out. For lack of time/space I won't go through the individual races (results at beginning of article), but Brazil and USA worked out to an early lead in the series that proved to be too big for the other teams to overcome.

We won the first day (wind 15-20) with a 1,2. Brazil had a 2,4. Day two was the 2nd windiest day (20-25) and Brazil won both races. We had a 2,4. After two days we were down a point with a drop 1,2,2 to Brazil 1,1,2. Day three we had a 1,3 to Brazil's 2,2-, we were now tied but they would win the tie break.

*Team Ecuador leading Team Brazil into mark.*

Day four the breeze was still up; 15-18 and very shifty. We had a 6,1 to Brazil's 5,2 and that still had us tied but now the tie would break in our favor. With 3 races to go we had 14 points, Brazil had 14 points, Chile 24 points, Argentina 29, Canada 30 points, Columbia a few points back but still had a remote medal chance. The teams from Ecuador and Peru had each shown a few moments of brilliance but generally struggled in the big breeze. Day five - finally a rest for my legs and back. Breeze was lighter 5-8 knots dropping down to 3 for the end of the second race. The Canadian team and we showed very solid speed and pulled away from the fleet with each of us having a 1,2 for the day. With the Brazilians finishing with a 6,3, we had won the regatta! Brazil wrapped up second. The question is: Do we sail or not sail the final race?

Both Brazil and we decide to sail in fairness to the other teams. The bronze medal was still up for grabs, and the other teams needed us out there so that they could try to get points on each other and so on. We didn't want our not sailing to mathematically eliminate another team from contention. Definitely the windiest race. 23-36 with bigger gusts. We won the race by pulling away on the second beat. Chile was second, Argentina 3rd, and Canada 4th, so Canada ended up with the bronze.

Congratulations to Claudio Biekarek, Gunnar Ficker, and Marcelo Silva of Brazil. They sailed an outstanding series. Larry MacDonald, Julie-Marie Innes-MacDonald, and Trevor Born finished strong to end up third.

Our head coach Gary Bodie made a very astute observation. "In these conditions with fairly small fleets, every one always can find a lane and sail in phase and in clear air. So over the course of the week the fastest boat in each class will gradually pull out in front." Looking at the results in each class, this was true. In all ten classes, all the Gold medal winners won at least 5 of their 11 races.

In the sailing medal count - the US won 6 medals out of the 10 classes, 2 gold, 2 silver, and 2 bronze. Canada also won 6 medals in 10 classes, 3 gold, one silver and 2 bronze. Most impressive was Brazil who medaled in 9 classes of the 9 they entered - 1 Gold, 7 silver, and 1 bronze. Laser Gold medalist Robert Scheidt was the most impressive counting 9 firsts in 11 races!

### **How We Won**

The games really started for us after Andy, Heather and I won the US Trials last October. We won, but realized that we had a lot of work to do in order to be able to compete with some of the top Lightning sailors in the world. We tried to set up a program that would give us the best chance of winning a medal. We tried to break this down into a few distinct categories: Equipment (boat, gear, sails) Team (conditioning, boatspeed, crew work).

We started out by ordering a new boat from Dave Nickels. We had won the Trials in Andy's boat which was two years old, and my boat was only a year old, but we wanted to have two nearly identical boats. One, brand new for the Games, and one for regattas and practice. We wanted to get the new boat tuned up and then put it away so it wouldn't get scratched, dinged, bounced around on the highway, etc.

*Team Brazil and Team Argentina on a wild reach.*

Sailing Schedule - We agreed that our first target should be the Southern Circuit. We wanted to kick off the season with the full set of Lightning regattas to lay out the groundwork for the season. We would use this series to practice our teamwork, and see where our boatspeed fit in. We were strong, but nothing special. We won Savannah, and finished 2<sup>nd</sup> overall by 1 point.

After the Pan Am trials and the Southern Circuit we were able to fully assess our program and see where we needed to improve. Our crew work was good but still could be better. Our medium air 8-18 speed was great - probably as fast or faster than -anyone we sailed against in

these conditions. Light air was OK. Very heavy air was terrible! We were slow. Running in moderate and heavy winds we were very fast, but in big really heavy air we needed to work a little more on technique.

Andy is sailing almost full time. In addition to the Lightning, he is trying to win the Soling US Olympic trials. Because of this he can't sail any Lightning regattas again until July – just a few short weeks before the games. He does manage to finish 2<sup>nd</sup> in the Soling NA's, 4<sup>th</sup> in the Soling Pretrials, sails in Kiel in Germany and Spa in the Netherlands all against world class guys, but we needed to figure out how to get our program up a few notches without our skipper!

We devise a plan to try to give us the best shot at winning. Heather and I are fully committed to making sure that we can do all we can so that when Andy returns, we are ready to go. First is to line up some "guest" skippers to come sail our boat with us crewing in a few regattas so that we can continue to work on our crew work.

We enlisted Bill Faude, Colin Park, and Nick Mercier to each sail a regatta with us. Our crew work improved tremendously during these events as we started to get more comfortable in our positions.

We concluded that our heavy air speed problems were due to bad technique or set up. Tim Healy had been one of the fastest US boats in these conditions over the past few years, and we were using the exact same boat and sails as he had been. So when the second day of our home spring regatta was blown out, we enlisted the help of our good friend and noted heavy air speedster Don Brush. He set our boat up and we went out crewing for him. Our boat tuning had been fine. Our

*Team USA and Team Argentina on converging course*

problem was so simple. We were trimming our jib with the lead too far forward and the slot was too closed off between the main and jib! When Andy returned from Europe we were ready to go sailing. We sailed for 3 hours every night after work and worked on the basics. Roll tacks, spinnaker sets, gybes, and takedowns. We also practiced little things like doing 720's, changing course rapidly from sailing by the lee with windward heel to pole on the headstay with leeward heel. We wanted to be prepared for any possible boathandling

maneuver. I can't emphasize enough just how much of a difference this made. We were already a good team, but this practice made us that much better and gave us a lot of confidence.

Probably the most important skill that we worked on were our spinnaker sets. We felt that it would be very important to be able to set the spinnaker with or without the pole from either side of the boat and being able to exit the windward mark on either gybe with the chute full. This proved to be a very important skill because we could wait until the last minute to decide if we wanted to execute a bear away set or gybe set depending on the final windshift at the weather mark.

*Team Brazil readying for a gybe*

Our crew work was so good that many of the other teams' coaches complimented our coach Scott on how good we were. In 11 races Heather never missed the pole once on a gybe, we made the right call about gybe setting or bear away setting every time but 2 – not a bad average out of 33 total windward mark roundings, and we only got passed downwind 3 times in 11 races.

We also went to work on optimizing our sails for the courses we would sail and the conditions we anticipated in Gimli. Bill Shore and I focused on trying to better our light air speed. We developed a light air jib that is very close to our regular jib. We wanted a similar flying shape with slightly more overall depth for light air and chop.

We also wanted to develop a good second runner. We have really only been using the runner over the past few years anyway. Our courses are all windward/leeward and when we do triangles, the reaches are never too tight. For the Pan Am games our courses would all be windward-leeward or trapezoids, which are essentially windward/leewards with a long offset leg at the top and bottom of the run.

Our downwind speed was great in a breeze, but we decided to work on a "light air runner". Remember that in light air, you don't actually run dead downwind, but put the pole forward and reach back and forth. We finally settled in on two runners. Our fuller, "heavy air" runner, and our flatter "light air" runner.

Both of these sails proved to be extremely successful, but we still lacked a little confidence knowing which conditions to use the sails in. Fortunately, we sailed two district championships (NE and CT/RI) before leaving for the Pan Ams and then three days of practice in Gimli before racing.

*The Pan Am Medalists -- Team Brazil, Silver medals, Marcelo Silva, Gunnar Ficker and skipper- Claudio Biekarck  
Team USA, Gold medals, Bill Fastiggi, Heather Rowe and skipper- Andy Horton  
Team Canada, Bronze medals, Trevor Born, Julie-Marie Innes-MacDonald and skipper- Larry MacDonald, Jr.*

When racing finally got underway we tried to stick to a very consistent daily routine. The first race start was at 11 each day. We were always among the first teams to arrive, showing up at 8am. First, Heather and I would clean yesterdays trash out of the boat, rig the sails, fill water bottles, attach the compass and check the rig tuning. Andy washed and polished the bottom every morning. By 9 am when most teams were showing up, we were ready to launch.

We'd then check the daily weather report and discuss it with our coaches, change and spend a few minutes with our families before heading out. If it was light air we left the dock at 9:30, heavy air, 10 am.

Once we got out on the water we spent a lot of time watching the wind. From the time we left the harbor right up until the start we would take and record our head to wind readings, establish our

highs and lows on each tack, calculate our tacking angle, and watch the other boats. By the time the start rolled around, we had a pretty good idea of what we thought the wind would do and what our game plan was for the conditions.

Between races and on the way in I would always steer to give Andy a break. We also paid attention to the seemingly simple things. We made sure we drank plenty of fluids, reapplied sunscreen, and wore the proper gear.

When we were sailing, we tried to really focus on the shifts and boat-speed. We always knew where the marks were, where our competition was and what the breeze was doing. It sounds so simple.

*Team Argentina just ahead of Team Peru at a finish*

## European Championship

The 47. European Championship happened on the lake of Murtensee Switzerland from the 29th of July to the 4th of August. There were 22 boats that participated, 7 from Finland, 3 from Italy, 1 from Greece and 11 from Switzerland.

For all of July we have had very good wind conditions. But when the Europeans started the weather looked very nice but we missed the wind. On Saturday the race committee decided to make 3 races because the outlook for the next days was not good. Urs Wyler won the first race ahead of Mario Noto in second. The winner of the second race was Mario Noto, Wyler finished 3rd behind the young crew of Huter Etienne. The third race finished with a third winner. It was Nikos Vazakas from Greece, 2nd Wyler, 3rd Noto.

The next day no race could be held. On Monday in the evening we made the 4th race with light wind too.

Noto started very well with a big advantage against Urs Wyler, but Urs went the better way on this first leg and rounded the first mark at first. He defended this position until the finish line. Noto finished 2nd.

Thursday and Wednesday there was no wind so we had no race. So, the old and new European Champion is Urs Wyler, Walter Dürr, Gilbert Dürr, runner up Mario Noto, 3rd Huter Etienne. The best Finland crew was Kari Husko on the 4th place.

At this championship we did not have a lot of wind but we had other high lights. One of these high lights was for our national day on the 1st of August. We had a barbecue in the garden of the crew from Urs Wyler, with sea sight to the big fireworks on the lake in memorial of our national day. All participants enjoyed this event.

Mit freundlichem Gruss / With kind regards  
*Walter Dürr*

## **2nd MASTER'S EUROPEAN CHAMPIONSHIP 1999 INTERNATIONAL LIGHTNING CLASS AUGUST 5-8, 1999 NEUCHÂTEL, SWITZERLAND**

When we heard, in February, that the Murten Sailing Club would not be able to organize the Masters after the European Championship, we first renounced.

At the beginning of June, Claude, my old friend, came to me and asked once again, if we could not find the way to organize this championship under our own responsibility in Neuchâtel, with the help of the Cercle de la Voile for the infrastructures. I told him "O.K. if you can find a team to make it possible".

One week later, Claude came back and announced that he had found his crew to organize the Masters in Neuchâtel and we decided to go ahead.

In the name of the I.L.C.A. Swiss District I will thank here all the people who helped to organize this Championship at the last minute, particularly the following people:

Philippe Marc-Martin, who was working for the first time as President of a race committee.

Gilles de Coulon on the committee boat and results.

Jean-Claude Vuithier marks and security boat.

Renaud Langer marks and security boat.

Claude Lambelet and Jean-Pierre Monnier organizing committee.

After the European Championship seven boats moved from Murten to Neuchâtel to participate at the European Masters Championship. Only one crew didn't sail the European, that is the crew of the triple European Champion Jean-Claude DuPasquier who joined us in Neuchâtel to sail with the boat of the new European Champion Urs Wyler. Because of the late decision to organize this Championship, the participation was lower than expected, but three of the four European Districts were represented: FIN 2, ITA 1, SUI 4

Swiss District Commodore Jacques Perret with wife Yvonne

### **Friday, August 6th**

After a short briefing, we sailed out of the "Port du Nid-du-Crô" at 10.30 am to join the racing area. The wind was light and the water flat. We can start the first race with a light west air. In these conditions, DuPasquier felt at ease right away and found the full speed of Meltemi. At the first mark he was leading the fleet with a substantial advance and will never be rejoined before crossing the finishing line. Lüthy with his old Euro-Lightning also has good speed, he sail better than I and finish second.

The wind fall down completely after the race and the committee decide to stop the races for the day.

At night we have a visit and wine degustation in the "Caves du Château d'Auvernier". The wines are served in the garden under the sun of this splendid summer day. Our foreigner guests are very pleased to follow our guide in-and outside the castle to learn how our noble beverage is brought up.

After the visit some foreigner crews followed us for a dinner in a land tavern.

President of Race Committee-  
Philippe Marc-Martin

### **Saturday, August 7th**

A violent thunder-storm broke out during the night and all our boats are filled with water. The weather is unstable and it is difficult to know what will happen today. We are leaving the port to start the second race with a light wind from the northwest.

Paloma chose a good option in the first leg and is leading at the wind mark. DuPasquier has always had good speed and seems to be invincible. During the last leg of the race, the sky cleared up and the wind fell completely down just for the line. DuPasquier crossed the line first, and we are finishing second ten minutes later!

No race more today!!

In the middle of the afternoon, the committee tried to start a race with the thermal wind, but without success.

At night we have had the official dinner served in the "Restaurant du Cercle de la Voile".

*Markhu, Heidi and Marja-Kaarina Paloma*

### **Sunday, August 8th**

This morning, the situation was completely different. The wind was blowing very strong from the southwest during the night and the water is now very choppy with big waves. That is the first windy day since the beginning of the European Championship. At nine the wind is always blowing 4-5 Beaufort.

My crew Peter (72 years old), who is sailing on a Lightning for the first time will have to ride out!! All right he likes it and is very fit and in good health !! We are well prepared for the third race.

The start is given in a wind of 4 Beaufort. DuPasquier has some difficulties in finding the good speed in this kind of conditions and we are sailing faster now. Falagno with his heavy young crew is very fast upwind, but he made some mistakes and we are crossing the finishing line first before him.

For the first time the title is now open for us !!

*Claude Lambelet, President of the organizing committee, with Big Cheese watch prize for the Masters Veteran*

The fourth race started with the same wind conditions as the third. The match-racing with DuPasquier is beginning! At the first mark we are leading, but now DuPasquier has more speed and is following us at a short distance. After the second mark the wind is changing. We stayed too long on port tack and fell in a hole. After to bad small legs we are now in the fourth position. But the race is fortunately not finished and after good downwind sailing we can come back to the top and catch the first boat after the mark. We are finishing first before DuPasquier and are now in leading position.

The wind is falling down and the committee is waiting to find the best moment to start the last race before the time limit of 2 pm. The wind is coming again and the committee decide to start the fifth and last race. To win the title we have now to beat DuPasquier!

We are sailing side to side during all the up wind and down wind legs but at the last down wind mark I have to give him water. After the mark we tack before him and begin a long leg in the direction of the fresh wind. We tack at the last moment on the lay line of the finishing mark and when we are crossing him we have not the free way to sail before him. At this time he doesn't tack to stay in favorable position and goes over us to tack and he definitely opened the door for us to go to the finishing line. We are first and win the championship.

This day was very exciting for us. No offense Jean-Claude!!

I would like to thank, first my crew who did a really good job, and all the senior competitors who have participated at this second European Masters.

I give you "rendez-vous" for the next Masters as soon as possible.

SUI 14530 Gaston

*Jacques Perret*

*Martti, Marja and Olli Lahteinen receiving awards*

# JUNIOR'S NORTH AMERICAN CHAMPIONSHIP

*John Boxberger*  
**Carlyle Sailing Association**

I sit here in front of the laptop and am filled with thoughts and yet I don't know where to start in describing the week of the junior North Americans at Lake Carlyle. Should we start with the 25+ breeze we encountered on the last day of racing or the intense card games that filled in when the wind didn't. Or should we just jump right to the go-kart track.

I guess I might as well start at the very beginning. A few weeks prior to our departure for the mountainous terrain of Illinois we encountered the problem of a lack of a middle crew, and so began the task of finding a replacement. Allison Stevens, who is now infamous among Lightning sailors, and I were faced with a difficult task. The two of us had to replace an excellent middle in Scott Matarese with someone who we would just click with right away. We didn't have much time to prepare for the races so we started searching immediately. Boy did we do a great job of choosing!! We ended up snatching up Hunt Treadwell, a fourteen year old 100 pounder who had sailed with us in Junior Districts. Hunt and I took the boat out twice before our venture and figured out our plan of attack.

*Ryan Ruhlman crossing the line on port*

The day before we were to leave for Illinois, my father and I drove up 5 hours from Henderson Harbor to Malletts Bay to pick up the ship we would be sailing for the next week. A big thank you goes out to Dick Fastiggi for loaning us his boat (which is a marvelous vessel) and to Bill Fastiggi for putting all of the go fasts on the boat for us. THANK YOU! So at about 12 in the morning dad and I arrived back in Henderson and crashed down for about 4 hours of sleep before we were to leave on our 14-hour trip to Carlyle.

crossing the finish line* photos by Mary Huntsman

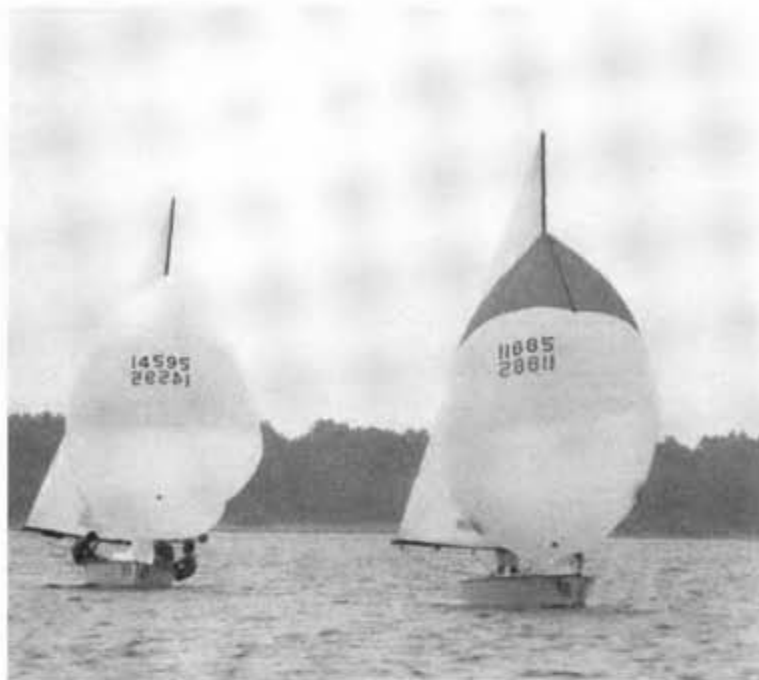

Carlyle Here We Come. So, my dad, Hunt, Allison, and I packed into the van and set out on our way. We arrived in Carlyle to find absolutely no wind but a nice welcoming party in the parking lot. We left the boat at the club and headed to our hotel in Greenville to get some Z's.

Tuesday turned into a very long day for us. We uncovered the boat for the first time and worked on tuning and cleaning for what seemed all day. Finally we left the dock for a quick sail and figured out exactly how we would divvy up the jobs on the boat. We knew our sails were fast since our main and kite finished fourth in the Youth Worlds earlier that year and our jib had just won the Pan Am Games (congrats to Andy, Bill, and Heather) so we had no excuse for going slow. We simply had to figure out what each of us was going to do to make us go faster.

Day One. Wow. With extremely light breeze only one race ended up being sailed. In this race, being on the correct side of the course at the correct instant (being lucky) was the biggest key. We had a far from great start at the wrong end of the line when the luck factor kicked in. We ended up second at the windward mark to Ryan Bradley. Then came some great downwind sailing as everyone passed us (note to self: watch the holes). Logan McReynolds ended up sailing a great second upwind beat to take the gun on the shortened course. He was followed by Ryan Bradley and Jim Ward.

Day Two. Plan B. Just stay fast. The winds were much better on the second day as they started light but slowly built throughout the day to end up at about 10 knots. We ended up squeezing three races that day. Great job by the RC. In race 2 it was Dave Adams jumping out in front and holding onto his lead for the race. He was followed at the finish by Jim Ward and then us with Ryan Bradley in fourth. Race three saw Ryan Bradley have another great race as he took the gun. We followed in second with Ryan

*Dave Adams, Kurstin Munson and Pyke Severance leading Ryan Bradley, Ryan Stagaard and Matt Glowacki into leeward mark.*

Ruhlman in third. Race four was sailed with enough breeze to even hike in. What a great feeling - at that time anyway. We jumped out to an early lead and were soon passed by Ryan Ruhlman in a tacking dual. Great sailing Ryan. We continued with the backwards trend after having to do a 720 but still managed a fourth. Ryan Bradley placed second to take the lead in the regatta and Kevin Stravers was third. After four races it was Ryan Bradley in the lead with Jim Ward and our boat tied for second. We knew we needed a great day on Friday to have a shot at the championship and what better way to get ready than go-karting! A good mix of all age groups hit the go-karts that night with amazingly only one of the group members getting kicked out. Way to go Allison! Time to get some sleep.

Day Three. Hold on for the ride of your life!! What a great day for sailing. Race five was sailed in a good 15 knot breeze. We knew we needed a great race to have a shot at the top spot. And that we did! Al, Hunt, and I jumped out to the early lead on the only Olympic course and never let go. We steadily built our lead and ended up racing against ourselves. We crossed first followed by Ryan Bradley, Jim Ward, and Dave Adams. On shore we learned of a protest in which Ryan Bradley was disqualified for an altercation at the jibe mark. This meant that Ryan Bradley was up one point on us if we had both had our throw out already. During lunch the wind built to 25+ and after a postponement they sent us out. Al and I thought that our choice of crew was not the greatest at this point as Ryan Bradley and Jim Ward (who was in third) each had our boat in weight by a good 100 pounds. Boy were we wrong. We sailed fast upwind to find ourselves in second to Ryan Bradley. We thought he might have been OCS but we weren't sure so we went for it all. And

here come the chutes. Ryan had their chute up and set and the next we saw of them was their mast in the water. We managed to jibe and plane away downwind.

We just wanted to be careful and make it to the leeward gate so no dumb mistakes!! Oh well, so we lost Hunt overboard for a few seconds. Other than that we were safe. When we rounded the leeward gate with a huge lead we started to feel the regatta was ours. We also felt lucky as we saw many masts missing and centerboards sticking in the air. We sailed conservatively the rest of the race just trying to stay flat and ended up taking a bullet and the regatta. What an experience. This was the most wind I had ever raced in and I would have never dreamed of doing it with a 100 lb middle flying our kite. Jim Ward ended up second in the regatta with Dave Adams in third. Ryan Bradley dropped back to fifth because of his DSQ and capsize but sailed a great regatta.

I can't say enough about how great of a job my crew did in all extremes. Thanks to both of you. I would also like to congratulate the members of all the boats on a regatta well sailed. The race committee did an amazing job at getting all of the races in. Job well done. I look forward to seeing everyone next year and hopefully I will get the privilege of writing this article again. Only time will tell.

*Our Junior Champions! John Boxberger, Allison Stevens and Hunt Treadwell*

# MASTER'S NORTH AMERICAN CHAMPIONSHIP

*Colin Park*

Adrian Irving, my wife Karen and I showed up at Carlyle for our first Masters. Adrian and I sailed against each other in Lasers a (very) long time ago but had never sailed together so we were looking forward to it. Having done it once, I will say, the Masters is a fun regatta and it is a great way to segue into the North Americans.

The usual cast of characters was there; Goldsmith, Carson, Allen, Burrige, Dissette, Mathers, Cotton and others as well as a couple of newcomers, ourselves, Bill Shore (with Tito and Betsy Altman), and Matt Burrige crewing with Lal. The competition looked tough.

In race one the wind was quite light and stronger on the left, but the forecast was to go right. Bill Shore led the majority up the left as we opted for the right. We felt good that Lal was among the boats coming with us, but the wind became lighter and they bailed out. Fortunately we did get a "rightie" at the top and rounded in a little puff. We elected to jibe set to stay in the puff, which caused considerable discussion on Jack Jones boat. The problem was that the course was to be a triangle. As I understand it, Jack wanted to jibe with us to stay in the puff but JoAnn thought we had gone brain dead and forgotten the course (as I did one race in Henderson Harbor). Anyway, we sailed two high angles and ended up with a nice lead on a shortened course. Bob Mathers was second, followed by Kirk Johnson with Dan Moriarity and Karen Johnson on board, Tom Allen fourth and Joe Dissette fifth.

*Masters Team Johnson-*

*Dan Moriarty, Karen Johnson, Kirk Johnson*

*above- Heavy air jibe mark*

*below- Lal Burrige and The Bruin downwind*

The next day (one per day for the old guys), we were out early checking the wind and thought we had a good plan. The wind was tracking right as expected, so we started near the boat and tacked after a couple of minutes. We led up the right along with The Bruin and Lal. As with the last race, Bill was fast up the left. We looked good for a while, but then the wind started to die left and we couldn't find an opportunity to get back. In retrospect we needed to bite the bullet earlier. We were about fifteenth at the first mark, then picked up a couple of boats per leg until the last leg. Far ahead we could see Allen and Shore fighting it out on the right for the lead. The wind was still going left so we got ourselves on the left hip of a pack of boats and pulled out a fifth, just nipping Tom Allen at the finish. Bill won the race.

On the last day the breeze was up and it looked like a fun day in store. Kirk Johnson was ahead by one point

and we had four points on Allen and Shore, who were tied. True to our pattern for this series we wanted the right and got a good start up near the boat. Bill was over early and Tom didn't get off the line very well. We were now in the lead and covering our competition in good breeze. For the next few legs the lead traded around between Lal, Bruce, Jack and ourselves. Around the last leeward mark Kirk was well back in the fleet and we had about 100 yards on Tom Allen and Bill Shore. Life looked good. At the last mark, however, TA went left and Bill went right. We tried going up the middle for a while, but that wasn't working so we went right with Bill. All was well until a couple of boats came out of the far left on a big leftie. They were so far over on that side that we couldn't tell if they were women or juniors or TA. It turned out that one of the boats was TA, so we tried to get over closer to him but were getting glomped on by a couple of the boats in front of us. In the end, we went from a very comfortable situation to winning the series by a narrow margin. Lal Burridge won the race but TA pulled off a second while we got knocked back to fifth to win by one point.

In the series, Kirk Johnson was third, Bill Shore fourth and The Bruin fifth. It was a lot of fun and we plan on doing it many more times.

## 1999 NORTH AMERICAN CHAMPIONS

Andy Horton

A year ago in October, I was fortunate enough to sail in a regatta on a small lake in Illinois. The lake happened to be Lake Carlyle; the regatta was the qualifier for the Pan Am games. Over the course of that series we saw a variety of wind conditions. Each day the breeze was from a different direction. My notes on the regatta read as follows:

*"Southeasterly-5-20+ no heating." "Unstable velocity/large shifts (30+) southwesterly -5-30+ no heating." "Unstable velocity/ shifty (20) northwesterly - 0-12 ?????" "Very unstable/ slow, big shifts (40 +). "Golden Rule: It is never over until it is over on Lake Carlyle.*

As you can see, a common thread lay among the concern over the different wind directions. This regatta was held without the temperature ever getting over 70. How unstable would the wind get in August when it was 95 and all the surrounding cornfields started heating up? I wondered how I would ever talk a crew into going to middle Illinois the second week of August. Luckily I was able to trick my best friend, Kate Sheahan, and my college coach, Scott Ikle, into committing to sail. I asked them to sail but did not tell them where until they promised they would not back out.

I was certain it would take a special type of team to come out on top at Carlyle. We needed to keep our heads out of the boat, and have good crew work and be able to bounce back when things didn't go our way. Both Kate and Scott would have no problem with the crew work. Kate has a great attitude that is always positive, and she is always smiling. I knew she would keep us working together as a team when it got tough. Scott is very observant and excellent at explaining exactly what is happening. He has also watched me sail through college in over 1,500 races and was our coach at the 1999 Pan Am Games. From the start, therefore, I knew our team had what it would take to win on Lake Carlyle. A dose of good luck would be nice to have, too!

My trip from Boston to Carlyle was possibly the longest, most indirect ever taken. I began in Boston Wednesday night, picked up Scott in Rochester (NY), picked up two Soling masts in Detroit, found Kate at the Toledo airport and finally arrived in Illinois. No problem! It was 4:30am the day before the qualifying series, and we had only been traveling for three days! We decided to get a little rest on the park benches outside the club. After falling asleep we were woken by

Our Happy Champions!- Andy Horton, Kate Sheahan and Scott Ikle.

Kate screaming at the top of her lungs "wolves!!" I investigated the situation and found Kate in the fetal position clenching her sleeping bag over her head with a small baby raccoon nearby. Apparently Kate woke when something tried to climb over her head and into her bed, and since at that moment she had been dreaming of wolves ... well, you know the rest.

This was just the beginning of our welcome to Carlyle.

The sun soon came up, and a small breeze filled in as we rigged the boat. Measurement was quick and easy and soon it was time practice race. I'm sure we were all thinking alike as we dipped the boat into the water. Kate has been sailing Lightnings for a year. Scott has sailed in two Lightning regattas. Kate and Scott had met once, briefly. Yet, here we are at the North Americans and we think we can win!?!?. How is this possible?

By the time the practice race began, we had a moderate (10-15 knot) northerly. The breeze had been pretty stable before the race, and the line was ever so slightly pin-favored. Two minutes before the start, we decided to start at the pin and play the left side of the beat because more pressure seemed to be on that side, and nothing else interesting seemed to be obvious. The gun went off, and, within 30 seconds the first autotack of the week was upon us. The whole drive to Illinois I tried to express how random the wind would be, and now the disbelief was over. Once we tacked and we all tried to figure out where that puff came from, I knew I was back on Lake Carlyle!

The qualifying series was quickly over with four races in two days, and we were still alive (just a little more frustrated). Before I knew it, Tuesday morning

dawned, and it was Championship time. We were out early and had done our homework. The wind was oscillating through 15 degrees every ten minutes. The breeze was on median at five minutes but shifting to the right, therefore we would start in a clean lane near the boat and be patient. At the start we were already slightly lifted and looking good for a few seconds until we realized everyone to leeward at the pin had our same angle to the weather mark on the other tack! EEEYAAHHHH! Where did we go wrong with our game plan?

We quickly tacked and sailed lifted 20 degrees under the fleet for what seemed to be an eternity. Slowly the breeze shifted back to the right. We were scared by our near death experience and decided to dig back to the middle while we could cross a few boats. Luckily, every time we tried to get to the middle we were forced back to the right. After this happened three times, we knew we must be in better pressure on the right side because we gained significantly on the pack coming out of the left corner.

We rounded the weather mark 8th knowing there was more wind on the right up the beat. Quietly, we worked low, out of the lane of boats on starboard, and we gybed as soon as we could clear our air. When we arrived at the leeward mark we were third; Phil Grotheer was leading. We had a good beat and ended up winning the race; Phil was second.

The wind soon died and racing was postponed. We went ashore and began waiting. In the early evening, the race committee realized how much of their free beer was missing, and, in an attempt to slow the consumption, they posted an amendment. The race on Wednesday would start at 8:00am! We were fortunate to be camping near the club. We not only got to meet the local "wolf pack" but also were able to sleep an extra half-hour.

One race was almost scored Wednesday morning, but the wind became too random as the temperature went into the 90's. The fleet went ashore for the second afternoon. So since we were still winning the regatta (after 1 race.), we decided to try our luck on the nearby par-three golf course.

Same scenario occurred Thursday morning, except this time there was wind. The first race was started promptly at 8:00, and immediately the positions started changing. The wind was as shifty as in the earlier races and increased enough for us to change to a different jib after lunch (15 knots). After two races in the morning, a nice on-shore lunch break and two more in the afternoon, we were all pretty tired.

The race committee's plan for Friday was to have the sixth race of the series, which would give us a drop race. The forecast was for breeze, and the points were close. Tom Allen Jr. was leading the series, we were second, Jim Allen was third and Phil Grotheer was fourth. We needed to put two boats between Tom and us to win. Jim needed to win the race to beat us and in that case, we would have to be fifth. Phil would have to win to beat us, and we would have to be eleventh or lower in the standings.

We decided not to match-race Tom on the starting line, Jim was too close in points for us be driving a boat away from the line and potential lose track of him. But, with eight minutes until the start, we had a good opportunity to get Tom into a tailing situation, and I could not resist. So much for a gameplan! After a few circles and a little interference from an interested party, Tom got free, and we sailed away to the committee boat end of the line.

We had a good start right at the boat with Jim on our weather hip and Tom a few boats to leeward. Jim was soon pinched off, and Tom was rolled by another boat. Normally, we would tack with these two, as they were the main competition; but at that moment, we were lifted almost 15 degrees in an oscillating breeze. We kept sailing until we had a little header and tacked to cover.

In hindsight, we should have kept sailing because a large left shift soon arrived, but we were conservative. The stage was set for anything to happen, as it had been all week. Phil came out of the far left corner, Jim from the right side, we were in the middle and Tom was deep to the right. With the final shift of the beat going back right, Tom Allen Sr. was first, Jim second, Phil third, and we were fourth at the weather mark. Over the next few legs we were able to pass Phil. Jim won the race, Tom was second, and we were third.

Once the breeze arrived, Lake Carlyle turned out to be a great place for the North Americans. I'll admit I was a little skeptical going into the series, but you know it's a good regatta when the committee will start races at 8:00am to make sure a full series will be sailed! The six continuous days of free beer also didn't hurt.

The event organizers, committees and volunteers all did a great job hosting the event. The class had the entire facility to itself, and everyone worked hard to please the competitors. Kate and Scott did a great job to get our boat around the marks as fast as it would go and kept me relaxed when things went against us. Who could ask for more?!

## REPORT FROM "THE RED BOAT" ANTIL DI X

*Paco Sola T.*

So what did that name on the red boat mean anyway? And what was the red-boat thing all about? To start with, no one wins the contest of guessing what "Antil di x" means because some people cheated and asked Tito Gonzalez (who made a good educated guess!).

From the moment we learned we would be sailing Dave Nickels' red boat we knew this trip to Carlyle would be something worthwhile, and thanks to lots of people whom we met there, it greatly exceeded our expectations.

So what was the red boat all about? Well, if you missed the long hours at the pavillion, we were some sort of reference out there on the race course. You'd hear people saying "we started leeward of the red boat," or "I couldn't be over early, I was overlapped with the red boat," or "I rounded the windward mark ahead of the red boat," etc, etc. So in a way this great boat gave us a lot of visibility.

My skipper Carlos Luis Lecaro is what we could call a veteran of these North Americans. He's made it five times. Together with Jimmy Pazmino they make a

*Team Ecuador heading out to the races.*

*Carlos, Jimmie and Paco enjoying free cervaza!*

great team and sail together quite often. This was only my second NAs. My first one was in Buffalo some six years ago. I crewed for Carlos, too, but at that time he was much more nervous and ate lots of gloves during races and I was too young and scared of anything over 14 knots of wind, so qualifying to the blue fleet then seemed, at least to me, impossible. This time we teamed together and we felt confident that we could actually make it to the blue fleet: we had been training, we expected that "light wind of Carlyle," the "Red Boat," brand-new sails and all.

It turns out we barely made it to the champs fleet! But we made it, and since it was the first time for all of us, it felt like a great accomplishment ...a good time to apply the good meaning of our coined expression "ANTIL DI X". From then on, we felt we could actually win this thing!

The first qualifying race saw us turn the first mark in the top five, and then unexplainably dropping to about twenty at the finish line. At least we were learning something. The other two were quite uneventful, but we also savored being in the top ten spots at some point in the races. When it was over, we were four boats over the cut, but we felt we had speed and confidence, and we could have had better finishes with a little more luck. Sure, always!

The first race of the regatta was not a good one for us. Again, we turned in the top ten at the windward mark but we seemed to be risking too much in the downwind legs and lost too many boats. We had a race "ANTIL DI X", to use a bad meaning of our term.

The second race attempted, we turned the first mark third, but close to two very aggressive teams. There was little wind but the reach leg was very tight. We

decided to delay hoisting the spinnaker (Carlos still won't give me credit for this wise call) and we were able to pass the two boats, who were caught by the rest of the fleet. By the end of the second reach we were leading by a huge margin and all we could think of was that the red boat could actually win this thing, with that "light air of Carlyle" and all. Next thing we know the race gets cancelled! We could not believe it, so that was the day we christened the Red Boat "ANTIL DI X" in the meanest way one could think of. At least the red boat was getting noticed, and, rest assured, we will dream of the sight of having thirty six spinnakers behind us or years to come.

I will not explain in detail each of our races, partly because you don't really care and partly because I don't remember! In any case, the next four races happened all too quickly in what unmistakably and unbelievably seemed like a breeze. That single day we had tons of fun, two top ten finishes and two around-twenty's. We can still remember talking about that "Allen Kid" (referring to Tom Sr.) and seeing Anne Allen hiking harder than us, and that "Fisher-Guy" (jokingly referring to George Fisher) who always managed to get in front of us. It was a fun day that definitely made the whole trip pay off.

As I said in the beginning, there were a lot of people who went out of their way to help us in any way possible. We'd like to thank all of them for their hospitality. Especially to Matt Burrige, Colin and Karen Park, Mary Huntsman, Brian Hayes, Carolyn Burke, and of course, the owners of the now world-famous "Red Boat," Marianne and Dave Nickels.

One last thing to mention about Carlyle is how impressed we were at the Race Committee work. You are always taught to thank the RC after the race is over, and you do it sometimes without meaning it. This time I'd like to not only thank them for their patience but also congratulate them on an excellent job that had to be carried out in terrible weather conditions.

We are looking forward to seeing some of our Lightning friends back in Salinas for the Worlds, and hope to live up to expectations. I have to get back to work because Karen will kill me if I don't send in the notes from the annual meeting, if I can still translate them!

And now, for those of you who were either patient or curious, ANTIL DI X could be translated, though not literally, as SHIT HAPPENS!

*International Masters  
Champions-  
Mike Holly,  
Cindy Lister  
and skipper  
Jack Elfman*

## *First International Masters*

Thirteen boats participated in the first International Masters Championships preceeding the World Championships at Salinas. It looked like there were going to be 12 boats, as Bill Mauk was without a crew, but Tito Gonzalez's boat had not arrived so he and Pablo Amuntegi crewed with Bill. It later proved to be a good tune up for Tito and Pablo. Paco Sola (senior) was talked out of sailing retirement by his son, Paco Jr., who loaned him his boat and arranged an all star crew of Juan Santos and Arturo Iturralde. It was obvious from the outset it would be a good series. Bill had his "pick-up" All Star crew. Dick Hallagan arrived with steady standards. Colin Park had strong local knowledge. Paco Senior had some of the best on board. Sandy with Mary and Jim Carson had a lot of brain power on board. Tom Sr. would be tough with Anne and Jr.'s regular John Humphrey. Jack Elfman has been sailing tough for quite a while. There was also a very large local contingent who are all fine sailors. It was a series that would have been hard to put money on!

*Dieter Dyck of Ecuador and Tom Allen, Sr.-USA  
reestablishing old friendships at the Masters*

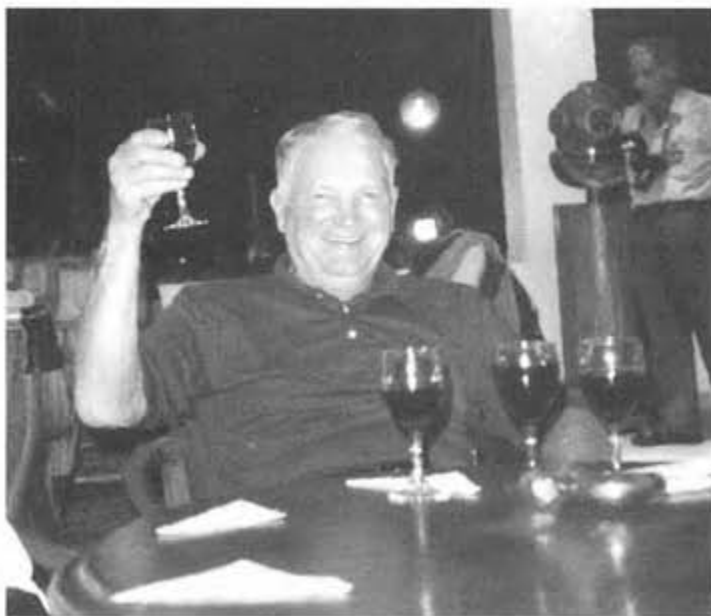

The first day's racing belonged to Paco with a 1-2, followed by Tom Allen with a 4-1. The next day's sailing tightened the series up as Jack Elfman and Colin Park had a 1-3, Tom Allen dropped back a bit with a 4-4 and Paco used up his throwout with an OCS and a second.

*Bill Mauk-USA and Paco Sola- Ecuador*

Tom won the next race, so going into the final race Tom, Paco and Jack all had 10 points, discarding their throwout. At the last leeward mark, Tom was ahead of Paco and Elfman was behind both of them. Tom closely covered Paco on the right and let Jack go left. Right at the end of the race the wind went left a little and Jack beat Tom in a very close finish to win the series.

Congratulations to Jack and crew Cindy Lister and Mike Holly.

*Jim Carson achieving the right frame of mind for  
tomorrow's racing.*

## La Historia de Ecuador

*Tito Gonzalez, 1999 Lightning World Champion*

Antes de empezar quiero en primer lugar destacar el espíritu y el corazón de nuestros amigos ecuatorianos. Simplemente la hospitalidad y el cariño que nos han brindado a todos los que fuimos a navegar a su casa, es digno de destacar, desde el comodoro Santiago Romero; pasando por los mozos y terminando en los marineros del club. Gracias a todos ustedes estas regatas fueron un éxito como han sido una costumbre en el Salinas Yacht Club. Pero no puedo dejar de mencionar con especial saludo a Paco Sota J. R. y Carlos Luis Lecaro. Ambos fueron pilares importantes en la organización del campeonato. Por último es imposible no mencionar al hombre que al fin y al cabo tuvo en sus manos la tremenda responsabilidad de colocar la cancha de regatas en el master y el mundial. Gracias Señor Vedani; buen trabajo.

Después de un año de haber tenido la oportunidad de navegar varias competencias fuera de Chile en donde en general por una razón u otra los resultados no fueron de la mano con las expectativas, Pablo Barahona (táctico) y yo estábamos un poco desalentados para ir a Salinas. Estábamos pensando que era mejor dejar pasar el año, para empezar de nuevo el próximo con nuevas fuerzas. Pero no contábamos que cuando Claus Engell volvió del mundial de Italia él simplemente nos empujó con tanta energía y entusiasmo que debo reconocer que fue el motor que finalmente nos llevó a embarcar nuestro bote al contenedor en el último minuto. Gracias Claus, hombres como tú son indispensables, sigue empujando.

*Tito and Team-CHILE  
showing one of their large leads*

Muchos años atrás yo solía hacer la táctica y la estrategia sin mucha ayuda de mi tripulación, pero los años me enseñaron que para poder ganar en los campeonatos grandes era necesario tener a lo menos un tripulante que me apoyara en esto. Entonces 5 años atrás empecé a navegar nuevamente con Pablo Barahona, siempre

pensando en que él sería con el tiempo mi futuro táctico. Navegamos juntos cuanto campeonato de J-24 hubo en Chile y afuera y también Lightning, bote que navega desde los 12 años. Todo este entrenamiento acompañado de una actitud mental positiva en todo sentido, fue la clave en la manera como navegamos en Ecuador. Pablo te voy a echar mucho de menos en los próximos dos años (se fue a trabajar a Caracas, Venezuela).

*Pablo Barahona-spinnaker and tactician*

Fuimos los últimos en embarcar el bote, pero los primeros en llegar a Salinas el 16 de noviembre en la mañana. Algunos equipos master habían recién llegado el día anterior. Navegamos el 16 y el 17 en un bote prestado gracias a nuestro amigo Paco Sola JR quien nos prestó un bote para entrenar.

El día 17 en la noche mi buen amigo Bill Mauk nos invitó a correr el master. Después de una breve conversación con mi equipo decidimos el plan. Pablo y yo le tripuláramos el mundial master a Bill (3 días con 6 regatas).

Gracias por la gran fiesta de clausura, el ambiente, la comida, la música y el baile estuvieron sensacionales. Una gran fiesta donde la reina fue la Sra. Lister-Elfman, dueña de la suerte y la fortuna en la noche del 27 de noviembre, noche donde se ganó el tan apreciado bote 15000.

## 1999 Worlds- The Road to Salinas

The following article depicts in diary form the entire process of the "Worlds Experience". Written by Mark Taylor, middle crew on the second place Linton Team.

### Packing of the boats.

**Tampa, Sunday, August 28:**

We are starting the mental preparations. Bill Mauk brings his Lightning up to Tampa from Miami. He's the only other Florida boat heading to the Worlds. We are double-decking with Bill next weekend. Meanwhile, we have a few practice races scheduled.

**Tampa - Jacksonville, Thursday, September 2. 9:00 pm:**

Headed to Charleston, SC. This is the disembarkation of the North American boats. My wife Shannon and our two children, Stewart and Drew, and I take off for Jacksonville pulling Mauk's and our boat. Jeff and Amy will be taking the train out of Tampa on Friday. We plan to rendezvous Saturday morning in Charleston.

We arrived in Jacksonville around 1:00 am and check into a hotel. The boys had slept the past 4 hours, so they decided to play an endless game of peek-a-boo while Shannon and I tried to sleep.

**Jacksonville - Charleston, Friday, September 3:**

We arrived in Savannah at noon, killed a few hours wandering the boardwalk. Our goal is to wear out the kids. The boys finally showed signs of slowing down, so we drove to Charleston meeting Dave Hood at 5:30. Dave (also known as "Red") put us up at his folk's place, a beautiful four-story house overlooking Charleston Harbor. Had dinner with the Hoods and the Haydens (Steve, Angie and baby Jeffery).

**Charleston, Saturday, September 4:**

Dave picked up Jeff and Amy at the train station and hustled us all down to the packing area.

For those that have never packed their boats in a container here are some highlights:

Human Horsepower at work.

Dave Hood climbing out of the container.

Four boats can fit in a container. There is about 2 inches of clearance between the tire hubs and the container wall (Thank goodness we packed a hack saw, since we had to trim some fenders). Masts are suspended from the ceiling by a spider web of lines. Industrial-strength straps are used to hold the trailers in place.

Many thanks to Dave Hood and Steve Hayden for arranging the shipping of our boats. Without them we never would have made it to Salinas.

*Amy's Note: Packing the boats into the container is a little worse than Mark describes. Crawling around between the scalding hot walls and the grimy double-decked boats, working upside-down to secure the straps and lines, creeping over and under trailers. I had bruises and scrapes as if we'd been racing the Southern Circuit. It WAS satisfying to know that we had wrapped up the North American contingent's boats as best as possible, but still. I must salute Steve and Red, especially. They worked harder than anyone, and they weren't even GOING to the Worlds.*

Saturday night Dave cooks up a feast for kings. Beer, wine and fresh caught seafood. Stewart, Drew and lil' Jeffery run amok until they pass out.

**Charleston - Orlando, Sunday, September 5:**

We get up early to catch the train. Jeff and Amy are driving, while Shannon, the boys and I are taking the train to Orlando where we will meet up with Grandpa and Grandma Taylor (Mark's parents) for a day at Sea World.

On her last trip down, Shannon stumbles on the steps at the Hood's house. Broken? Sprained? She is a real trooper, she rides 8 hours on the train with ice on her foot. The boys love the trip, although they sleep most of the way. Gathering their strength for another midnight game of peek-a-boo, no doubt. In Orlando our fears are confirmed: an X-ray reveals a talis fracture.

**Orlando, Monday, September 6:**

We visit Sea World. Shannon toughs it out riding around in a wheelchair.

## The Trip to Salinas.

### Tampa, Thursday, November 18:

Got up early and finished packing. I must have had some nervous energy; killed time vacuuming and washing the cars while Shannon cleaned the rugs in the house. Took all of the boys clothes to MomMom's (Shannon's mom) house around 11:00 (Shannon packed them like they were going to be gone for ages). Got to the airport around 1:00, MomMom and Poppie Figley (Shannon's parents) took the boys to get something to eat while we checked in our bags. There was an Ecuadorian family in front of us at baggage check-in, they each had 3 bags big enough for Shannon and I to get into. Now that's power shopping!

GrandMa and GrandPa Taylor (Mark's parents) met us at the terminal. Found Jeff, Amy and Joe just before boarding. Hugs and kisses all around and off we went. Surprised that Shannon did not cry.

Landed in Miami, waited an hour and boarded our next plane. The flight was not bad, but wished the pilot had told us when we crossed the equator. Arrived at 10:00pm, not many lights on in Guayaquil, temperature was mild with low humidity. Got our passports stamped. They checked Shannon's picture closely — not sure why, apparently her passport is different than mine. Picked up our baggage and braced ourselves to get through Customs. Somehow Jeff got them to wave us on through. They never even checked our bags.

*Amy's note: I figured that the airport experience would be pretty shocking, like going to Cartahena or Dominican Republic, where there's a mass of people pulling on your bag, wanting to be your bag boy, trying to sell you Chicklets, all that. Instead, it was very calm. We got out of Customs and almost immediately spotted the driver from the hotel: he was carrying a big sign with our names. What a relief!*

Made our way to the Ramada, had a few beers with Dan Moriarty and Rick Bernstein (Matt Fisher's crew). Called home to tell them we made it.

*Amy's note: We all took scientific theory to a new low, testing whether the toilets really DO flush the other way around. Results inconclusive and disappointing. Later, in Salinas, we got a reliable clockwise flow.*

### Guayaquil - Salinas, Friday, November 19:

7:00am, me being a dumb American, I have an icy cold shower. Nobody told me that C means Hot in Spanish. (I wondered why it was on the wrong side.)

8:30am, met for the bus ride to Salinas. Weather was cool (warmer than the shower), dry and overcast. The bus was really two overgrown mini vans. One for luggage the other for people. Two hours on the road. The roads are all under repair, apparently El Nino washed the road out in many spots. The ride was brutal, but Shannon found a way to sleep.

The countryside was barren with few trees and arid landscape. Have not seen a lake or river. Amy claims she saw a llama, but no one else saw it. *Amy's note: it was a brown llama, very attractive. Also spotted lots of farm animals and some exotic birds of prey.*

## Salinas:

The beach is lined with multi-story condos. It is the off season now and most are empty. Buildings and streets are under repair as they are putting in potable water/sewer lines. Currently water is trucked in and stored in underground tanks. There is dust and dirt everywhere from the construction. We notice that there are very few phones.

After minimal fuss (we have no reservations, somehow), we checked into our hotel, a three-story building on the beach six blocks from the club. Our room is large with a double bed, full bed, bunk beds and a fold out couch.

The Yacht Club is nice, a compound of buildings, including, a two story building with several bars and food serving stations. This club hosted the Lightning Worlds 25 years ago, when it had a single building and one pier. Now it has an enclosed harbor, lots of facilities, and lots of dock space for both fishing and sailboats.

A view of the club from the dock

Yellow-shirted club employees ("marinieras") put in and take out the boats for us. A person could get used to this much help at a regatta!

We ended the day with a delicious dinner at the Club with Bill Mauk, Cameron Carlin and April Richards. *Amy's note: The Ecuadorian currency took a downturn — thanks in part to the volcanoes blowing up in Quito, the country's capital. (Did Mom ever enjoy reading the news that week!) So exchange rates dropped from 13K sucres per dollar to 20K sucres to the dollar.*

*This made our money go far. At the yacht club, for instance, a filet mignon went for about \$2 U.S. Biela, Club and Pilsener, the local beers, went for 4K sucres a bottle — a real bargain. (You do the math.)*

## Measurement, Practice Race and Opening Ceremonies

### Salinas, Saturday, November 20:

We get the boat measured, no problem. Around the corner at the yacht club's "Hard Work" cafe, we measure sails. Had some problems with our sails. The chute is a little big and our jib misses on the top girth measurement. The sun shrinks our chute enough to measure in. We decide that without a sewing machine, we cannot fix the jib. We measure in our second jib, the Shore. This should be fun, at the worlds with a jib we have only used twice.

*Sail measurement at the HardWork Cafe.*

After lunch we went sailing. We sailed behind the master's with some Colombians and Peter Hall. We had no pointing ability! Tried changing a few things on the water, helped a bit. On shore we checked our rig. The forestay was short. We must have shortened it at the Pan Ams trials and forgot to put it back. How did we go up wind at the Districts? The wind was 8-10 knots and the water was choppy.

Today is Shannon's Birthday; so the two of us get dressed up and go to eat at the Italian place down the street.

Food was good but very hard to order. They spoke no English and our phrase book had few Italian food words. Basically Shannon got a three pasta meal and I had a cheese pizza, we swapped. We had ice cream on the way back to the hotel. Shannon's tummy has been bothering her for the last couple of days. Hope this doesn't mean she'll be struck down with what Joe calls "tourista".

### Salinas, Sunday, November 21:

Practice race at 2:00. First beat 5-7 knots. We have good speed and point. Downwind was fast. After second beat we rounded in fourth and dropped out (bad luck to finish the practice race). Did some upwind work with Bill Mauk, and we both found a little something.

### Opening Ceremonies:

Pomp and Circumstance! The yacht club has rolled out the red carpet for the opening ceremonies. Each country is honored with a flag and a little parade, in which the competitors follow their country sign as the band plays patriotic music. The Navy performs a marching routine. We had watched them practice the last few days.

Today I had a major break through, I was able to order all of our drinks in Spanish. The bar staff applauded for me. After the festivities, we changed and hit some back street bar for cervasas (beer) and pinchos (a kind of shish-kebob, cooked on the grill).

### Things we noticed on the race course:

When it is cloudy - puffs come from the left (land side) and the wind wants to shift left. When it is sunny - puffs come from the right (sea side) and the wind will go right. Even small breaks in the clouds will cause the wind to go right. The later in the afternoon the better chance of the wind going right

### Day One.

### Salinas, Monday, November 22:

Day one of racing. Skipper's meeting — in both Spanish and English — lasted forever. Waiting until 2:00 to race is going to kill me.

*TA jr., a pair of Parks, Cam, Dan, Ric, Cindy, Jack & Matt at opening Ceremonies*

*Successful start at the Worlds*

#### Race one:

Wind was about 6-10 knots, building as the day went on. We got a clear air start mid-pin (middle of the line toward the pin side) under Tito Gonzalez (two-time World champ in the class).

We pinched off Tito five minutes into the race, and headed left. Our plan was to favor the right side, but it looked like more wind to the left. We tacked just shy of a pack of boats coming out of the left. Puff and lift helped us climb over the boats to the right (this was a surprise to the locals, they all favored the right). Tim Healy (past North American champion) was on our hip before the lift; after the lift he was abeam of us. We rounded the mark in second with Huntsman then Hallagan in 3rd and 4th.

On the second beat, we gained on Healy and extend on Huntsman. Last beat, the race committee shifted the course to the left. Huntsman got left of us and made a big gain, fortunately we are able to lee bow him and pinch him off.

Finish: Healy, Linton, Huntsman, Fisher, Rodrigo

For dinner the race organizers have a treat for us. They load us onto navy buses and take us to the Farallon Dillon, a restaurant down the beach up on a bluff. It's full of nautical stuff, collected by the owner when he was in the Merchant Marine service. Great view, good food, plentiful drinks. We had jumbo shrimp. The bus ride back and forth was scary, what with the detours and washed out roads, the steep cliffs and no guard rails.

## Day Two.

### Salinas, Tuesday, November 23:

Another 2:00 start, agh!

Shannon, Joe (Jeff's father), and I went the mall in the next town over, La Libertad. By U.S. standards, there's not much at the mall. I guess that's the deal with the Ecuadorian ladies and their huge shopping bags coming down. Joe did find a coffee maker — apparently, he just can't wait until 9 a.m. for his first cup — and some chocolate for Amy. *Amy's note: It was excellent chocolate, and I didn't share any of it.*

#### Race two:

Wind 6 building to 15 knots. Got a clear air start mid-boat between Healy and Fisher.

Healy pinched us off about 5 minutes into the race. Found a lane to go right. We worked left middle but worried about right.

Our strategy looked okay until the last 200 yards to the mark, when we got a right shift and puff. We rounded the mark in 12th. Held our own down wind closing the gap. The next beat we worked up the middle, same thing happened 200 yards from the mark a right puff came in and buried us. Good thing these races are long!

Rounded 11th, brought puff along with us up to lead pack down wind. Around the leeward mark, the difference between 2nd and 12th was two boat lengths. Played right middle, made big gains and finished 5th, overlapped with 4th.

Finish: Tito, Fisher, Healy, Ruhlman, Linton.

## Day three.

### Salinas, Wednesday November 24:

1:00 Start, 2 races planned for today.

#### Race 3:

Wind 6 building to 18 by the last beat. Jeff gets a great start mid-pin under the Argentina twin team of Hector and Hugo. We pinch them off quickly - to their very vocal disgust. We play the 5-degree shifts up the left middle. Jump out to a 10-boat length lead at the weather mark. We have point and speed in the light air. Hold our own downwind, with Colin Park in second.

We lead the pack out left for the second beat as the wind builds to 18. Tito comes storming through the fleet. We watch as Tito sails up our transom, cutting our lead to five boat lengths by the weather mark. We extend downwind, and round the leeward mark 10 boat lengths ahead. Wind is 18 puffing to 20.

Half way up the beat, Tito is only three boat lengths behind, we take a 5-degree lift on port from up 15 to up 20, Tito tacks. We decide to hold the up 20 (mistake) and split tacks with Tito. Tito is now left of us, we come back on starboard on an even heading (in sunshine), looks like we are ahead. When we get within 10 boat lengths of Tito, we get a 10-degree knock (clouds), Tito will cross us so we tack. The wind holds on the left shift, Tito beats us by 3 boat lengths.

Finish: Tito, Linton, Reid, Fisher, Healy.

*This is how a race looks from the front!*

## **Right now, WE ARE WINNING THE WORLDS!**

Race 4:

Wind at 18, it will die to 6 by the last beat. We take 2 turns on our lowers before the start.

We are looking to start mid-pin, but the Argentina team is determined not to let us start under them again. We never find a good hole and are buried at the start.

We favor the left looking for clear air. Round the 1st mark in 12th. We notice that the race committee has posted Matt Fisher's bow number as an OCS. Bad luck for him. We try to go low on the run, but the boats high and outside crush us. Must be 15th at the leeward mark. We work up the right middle playing the shifts, while everyone else goes left (the clouds are breaking up). We round the windward mark in 8th.

Down wind we talked about how we can catch the 3 boats in front of us. We round the leeward mark in 8th, but we have gained ground. The wind has dropped to 6 knots. Again the top group bangs left. We work the right middle with Huntsman. He is 10 boat lengths ahead of us, but we are gaining fast. By the middle of the beat we duck Huntsman to go right on a lift (we are smoking upwind). We are more right than we would like and are worried that we may not be able to consolidate back to the middle of the course for the finish. We see daylight in front of us (literally), the wind shifts right 10 degrees which allows us to cross the boats to our left 50 yards from the finish. We finish 4th, which becomes 3rd because of Matt's OCS.

Finish: Tito, Healy, Linton, Huntsman, Reid

## **TITO AND HEALY ARE TIED, WE ARE ONE POINT BACK**

Really tired after two races. We ate pinchos and empananas (sort of a grilled mashed potato) out on the street at Restaurant Joel.

*Restaurant Joel-the Best Pinchos in town!*

## **Day Four.**

**Salinas, Thanksgiving Day, Thursday, November 25:**

2:00 Start

Race 5:

We discuss on the way out how the person that wins this race has a leg up on the competition. *(Amy's note: As I recall, the discussion turned briefly to cartoon characters. We ARE the only team laughing, I think.)*

Start mid-pin on the lee bow of Huntsman. He almost drives over us, we foot to keep our lane clear toward the left. We tack in the first good header. The boats on the right look to be out front. We play the left middle with Huntsman, he is able to cross a group of boats coming out of the right to take the lead. We are 8th at first mark (right side paid off). Jibe down wind to clear our wave line and wind. Rounded leeward mark in 10th. We played left middle up the beat, leaders bang left. Round windward mark in 5th behind Tito but on a 15-degree starboard lift, lead boat is only 7 boat lengths ahead.

We jibe first and work the wind and waves to the lead by the leeward mark. Tito is right behind us with Huntsman and Fisher. Huntsman and Fisher tack left, Tito can not tack, his chute is stuck about 4 feet above the deck. We cover Tito, keeping him in bad air as long as possible. Finally, we hear Tito yell "CUT IT!!" (in English, no less) and he is able to tack out of our bad air. About a quarter of the way up the beat, we are first and extending (wind has dropped to 10 knots), we are all playing the left middle. There is one boat way out right, Jeff says "must be Healy, he's got nothing to lose". We look out right and Healy is up 50 degrees on starboard.

Huntsman decided to go right, and since Huntsman couldn't catch us in points, we decided to stay and cover Tito and Fisher on left middle. Half way up the beat, we are happy to see that Huntsman crosses Healy. 200 yards from the finish, we are leading the left middle group and Huntsman is trying to find a shift to come back at us from the right. It's melt down time. The line is very badly skewed to favor the pin, only we are looking at the wrong pin. We try to finish at the swing mark, NO HORN. We realize our mistake and reach down to the weather mark (fortunately the wind had shifted right and puffed up allowing us to surf over to the real finish line). We round and get the gun just in front of Huntsman.

Tito makes the same mistake, drops from 3rd to 5th. The screaming from Shannon on the spectator boat is drowned out by our own hoots and hollers

Finish: Linton, Huntsman, Fisher, Allen Jr., Tito

## **WE ARE WINNING THE WORLDS!!!!!!**

We drink a "few" cervezas to our good luck at the dock. Shannon and I ate turkey dinner with Bill Mauk, Cameron Carlin and April Richards at the yacht club. Jeff, Amy and Joe head into town to eat.

## **Day Five.**

**Salinas, Friday, November 26:**

4:00 am:

Shannon and I met Jeff, Amy and Joe on the sidewalk outside the hotel. We are going Marlin fishing.

As I stepped on the boat, I told Shannon that I didn't feel good. As we headed out the harbor I was laying down.

By the time we cleared land, I was ready to puke. Basically it was the start of 6 hours of violent illness. Shannon didn't feel to well either, and kept herself distracted on the boat by reading. Around 10 a.m., we finally got back to the dock. OH yeah, Jeff didn't catch anything.

After taking a shower I still felt ill. During my last stomach upheaval, I passed out hitting my head on the soap dish and falling on Shannon as I crashed to the floor. THANKS FOR SAVING ME, HONEY!!! I had just enough strength to walk the 6 blocks to the club. Shannon had to guide me or I would have fallen in one of the potholes.

#### Race 6:

Shannon dumped me in the boat with Jeff and Amy. *(Amy's note: She only dumped him after making sure we weren't going to misplace him or let him come to harm.)* I laid in the bottom of the boat until 5 minutes before the start eating ice chips and sipping water. Luckily we had a 30-minute postponement, 30 more minutes to try and recover. *(Amy's note: Mark was still a paler shade of green. Jeff and I figured we could double-hand the boat if the air stayed light. I'm not saying it's easy to tack over Markie, but it is possible. But the breeze came up a little, Mark revived enough to sit up and talk, although his math skills were impaired the first leg — are we up, Mark? Yeah, up 10, 20, no, wait, we're down 15, wait, up 5.)*

Jeff got a nice start mid-pin. 5 minutes into the race, Healy was buried to the right and we had Tito 10 boat lengths below us abeam. We favored the left. Took a 10-degree knock, saw Matt pinch Tito off so we tacked. Came back to the left 10 minutes later on a 5-degree lift. During this time Tito cracked off, sailed below Matt, footing to the left. We covered to the left and watched the wind shift until we pointed at Tito's stern. We tacked to the right, Tito tacked on our left hip 5 boat lengths to windward, 5 boat lengths back. We were lifted to lay line and watched as Tito used the lift to foot over us. We rounded the mark in 7th, jibed in, rounded the leeward mark in 8th.

#### Options:

If we are in the Top 5 we must beat Tito. If Tito finishes out of the Top 5 we beat him. Healy was now too far behind to worry about.

We decide to sail up the right side, thinking that maybe Tito will follow us to the unfavored side. Tito did not cover. We tacked on several shifts and rounded the weather mark overlapped with 3rd. We made big gains (cut the lead by half) but knew there was not enough real-estate left to catch Tito. Sailed

Our World Champions!- Great sailing guys!

even with the competition down wind. Went up the right side of the course again. Tito half covered us, the second fleet banded left. At the end of the beat we had gained on Tito but a big lefty came in, allowing 4 more boats to get between us. Game over. This was our throw out race.

Congratulations to Tito, he sailed a great regatta.

Thanks Jeff and Amy for putting up with my illness. Throughout the day they kept offering to go in, "the race is not that important."

We sailed in and put the boat away. Jeff, Amy and Joe went out. Shannon dragged me to the hotel. There was a dinner party on a Navy frigate that night. The way I felt, there was no way you could get me on another big boat. Drank water and Gatorade all-night and felt much better. Must have been dehydration.

### Packing and the Awards Ceremony.

#### Salinas, Saturday, November 27:

Shannon and I wandered over to the club for breakfast. Having only about a cup of noodles in the past 48 hours, I was feeling quite hungry. We then started packing the boat up and got it ready to put in the container.

Shannon and I toured the city one last time looking for places to spend some money. Shannon bought a hammock, a jade elephant for her charm bracelet and a necklace for the boys. Early in the week she picked up several Black Coral necklaces from a street vendor.

*Amy's note: While Shannon and Mark were still recovering, Jeff and I hung around the yacht club, waiting to put the boats away. A fishing tournament — for Ecuadorians only — was going on during our wait, so we got to see some of the fish that we DIDN'T catch: big marlin, big wahoo, mahi-mahi. Wish we had had time to stay and hunt fish for a week or so. Packing the boats into the containers on the way home was about twice as time con-*

We did very well in the Hardware Haul. Three 2<sup>nd</sup> place keepers, three 2<sup>nd</sup> place perpetual trophies (skipper and crew), best finish for a 1<sup>st</sup> time worlds skipper, and Amy brought home the inaugural Audrey Matteson award for the best female finisher.

*Yes, that is Tim Healy dancing.. don't let his shy demeanor fool you — he's a party animal.*

*suming and — hard to believe — even hotter. Good news for us, we only ended up packing our own container, crossing our fingers that the boats will get home as safely as they got here.*

We ate and drank until midnight, then took our loot and went home. A very nice local woman gave us a ride back to the hotel. It would have been a pain carrying Amy's trophy home.

## **The Trip Home.**

**Salinas - Orlando, Sunday, November 28:**

4:00 am:

Didn't sleep. I stayed up, since three hours of sleep was not going to help. Dragged our bags to the curb and waited for the bus. It's a half-hour late, but that doesn't seem too bad, yet. A bus came along to get us driving the wrong way up the street. Since Jack Elfman was on board, we threw in our luggage and climbed on. The driver did not speak English. They started hauling butt for Guyaquil. We tried to explain to him that several

teams had not yet boarded. Jack put his foot down. Really loudly, and really forcefully. The bus driver, recognizing that he was beat, took us back to Jack's hotel. At the Hotel we found the correct bus. THANKS JACK!!!!

The correct bus could not hold all of the luggage — we had to stack it up and down the aisle. The bus driver knew we had people on an 8:00 flight. Basically he made 2.5 hour ride in 1.75, close your eyes and hang on! I hope Jack and the others made their flight.

Stood in line for an hour trying to check our luggage. Shannon managed to spend more money at the airport. A coat for mom, and T-shirts. While boarding the plane they asked Jeff if they could open Amy's trophy case. It has 42 screws and all they had was a Leatherman tool! They decided to only take off the top.

In Miami, we gathered all of our bags and braced ourselves to get through US Customs. Some how, again, Jeff got us waved through Customs. I'm taking Jeff on all my overseas trips.

After Customs we parted ways, Shannon and I decided not to wait 4 hours for our connecting flight to Tampa. The boys were in Orlando with my parents so we decided to rent a car and drive 2.5 hours to Orlando. We arrived in Orlando before Jeff, Amy and Joe took off. *Amy's note: yep, we stayed in the Miami airport for a solid six hours. Luckily, I had one mystery novel left in my backpack and there was a football game on the tube.*

As you can guess Stewart and Drew were excited to see us. We spent the next 2 days touring Disney and Animal Kingdom. It was a shock going from a country where \$4 US would feed/drink five people to a place where \$4 US would barely buy a bottle of water and a small popcorn.

It's great to be home!

*Below-Author Mark Taylor with his lovely wife Shannon.*

*Amy being presented the Audrey Matteson trophy by Audrey's son Jay who was on hand to give a very touching dedication What an honor!*

*photo credits-Shannon Taylor*

## Knocking Lightly at Death's Door

Nick Wood

After sailing around race buoys all summer in the near-shore safety of lower Green Bay, it was time for an adventure. Our plan for Labor Day Weekend was to sail our 19-foot Lightning sailboat out to the harbor entrance light - some 16 miles off the mouth of the Fox River - and keep going. Fair winds would carry us 80-or-so miles to the northern tip of Door County, where we'd turn around and sail home on a northwesterly breeze scheduled to fill in sometime Sunday. We had three days, a favorable forecast...and no motor. Our only hedge against fate was a cell phone wrapped in a plastic sandwich bag...

"That has to be Riley's Point," I said, peering into the darkness toward shore. A campfire burned orange near a cottage on the dark point of land. The night wind carried the sound of voices and the smell of wood smoke across the water. Our sailboat slipped quietly through deep water 50 yards from shore.

"Snake Island should be straight across." Bill pointed ahead into the darkness across Riley's Bay. Jim turned the flashlight off the chart. Our eyes adjusted to the darkness again.

A quarter moon was rising in the Northeast sky, behind red lights from a group of radio towers on a hill beyond Sturgeon Bay. Closer in, a little over a mile away, a dark point of land jutted into the shining water, then a small gap of more water, then another dark spot that had to be Snake Island, where we planned to camp.

We had taken off at dusk from Windjammer's Sailing Club in Suamico. When we passed the harbor entrance light six miles out, it was already dark. Channel buoys flashed red and green in a double line back to the mouth of the Fox River and Green Bay, some 16 miles distant.

Our navigation system consisted of a nautical chart of the bay and a good compass. We had plotted a course at about 60 degrees, then turned the light off the compass and chose a triangle of stars to keep the boat on course through the night. If we held the speed we had made to the entrance light, roughly seven miles per hour, we figured we'd cross open water and hit land somewhere near Snake Island around midnight. It was now 11:30 p.m.

Rounding the dark island to a deserted sand beach we were told lay on the north side, the stainless steel centerboard dinged hard against one rock, then another, as the fiberglass hull passed just three feet above.

"Drop the sails," I said, turning the boat into the wind. The sails flapped lightly in the lee of the island, and the boat slowed. Jim threw the anchor onto the rocky bottom and lowered the sails. Bill waded to shore. A lengthy reconnaissance revealed rocks everywhere. And "No Trespassing" signs, too.

"Now what?" someone asked. It was nearing 1 a.m., and we were all tired. We had a number of options - including backtracking to a friend's cottage at Little Sturgeon and sailing downtown to the

yacht club in Sturgeon Bay - but both were contrary to our goal of making way up the coast of Door County.

Option three was to continue north to Horseshoe Bay, just south of Egg Harbor. There was a county park there, so we could at least anchor the boat offshore and sneak up on the grass to sleep.

"Do you know how to find it?"

"Sure," I said. "It's a county park. All county parks have big yellow lights. You can see them a mile away."

Bill hoisted the sails. He and Jim paddled the boat out of the lee of Snake Island and then sat back. Clear of land the wind loaded a deep curve into the main sail and pushed the boat north toward Sturgeon Bay.

After more than an hour the rotating beam from the Sherwood Point Light at Sturgeon Bay was receding behind the boat. Ahead, each little point of land with a light had potential.

"I think that's a county park light," I said, two hours and three false sightings later.

"Yeah, sure."

"I'm telling you guys, county parks have those orange-yellow lights. You can see them a mile away."

The wind was gusty and we approached the "county park" light on shore at a good clip.

"Is it the park?" I asked, a little frantically as we approached.

"I can't tell." Jim shined the little beam of light toward shore.

"Well?"

"I don't know. It looks like....it could be rocks."

The boat was fast running out of water.

"Yes or no?" I said.

"I don't know! Wait...No, it's a cottage."

"A cottage? Abort! Tack!"

We all ducked as the boom swung across the cockpit. The boat curved hard away from the light and glided along parallel to the dark, rocky shoreline.

"Well, I guess we can keep going up to...hey, what the...LOOK OUT!"

Bill popped the main sheet loose and I turned the boat hard, away from shore again. Not more than 30 yards away was a huge, unlit, concrete pier jutting more than 100 feet into the darkness.

It was our county park. Dark, deserted, and not a yellow-orange light within a quarter mile. Now, because there are likely ordi-

nances prohibiting overnight camping at this county park, it is necessary to deny that we next pulled the boat up to shore, pitched the anchor 30 feet up on the soft sand, and rolled our sleeping bags out on the beach next to a picnic table where we stretched out, said a quick thank-you to the powers that brought us safely here, and fell asleep under a sky full of stars.

## Day Two

Dozens of buzzing flies woke us from our sleeping bags early Saturday morning. The sky was light. Three fishermen were sitting on pails out at the end of the wide concrete pier. They obviously weren't too concerned about three sleeping bags and a sailboat on the beach behind them.

"How about breakfast in Egg Harbor?" I asked.

"Sounds good."

We stuffed our sleeping bags and stowed our gear, then pushed the boat off the sand and paddled out beyond the pier where the wind filled in from the southeast again.

We hoisted the spinnaker. The big blue and orange sail billowed full and tight in the morning breeze and began pulling. The bow dipped and cleaved through the light chop. Drops of spray splashed out from either side of the hull, and the water gurgled as it left in a rolling path of bubbles behind the rudder.

Bill reached for the weather radio. The automated voice promised sunshine and southeast winds at 10 to 15 knots all day and into Sunday, then a cold front would push across the state Sunday afternoon bringing northwest winds and a chance of isolated thunderstorms. It was a motorless sailor's dream: The wind switch was our ticket home; without it the three-day round trip would be impossible. The storm chance was a concern, but we had to write that off as the cost of doing business with Mother Nature. Besides, it was more than 24 hours from now and the storm chance was only 30 percent. We'd watch the weather closely and cross that bridge later.

We made good time with the spinnaker, and decided to push past Egg Harbor to Fish Creek for lunch. In the meantime, Bill cut slices of sausage and cheese, and Jim mixed three bloody Mary's. We were like Tom, Huck and Jim floating down the river. We made Fish Creek by 11 a.m. and tied up at the municipal dock. We walked up to town and found a deli counter in the back of a little grocery store. Waiting for our sandwiches, we bought chips, refreshments, and a block of ice for the cooler. On the way back to the dock we stopped at a pay phone to check in with family, then cast off again.

Rounding Peninsula State Park, the rest of Door County unfolded before us; Horseshoe Island stood dark green just ahead. Farther ahead and slightly faded in the distance was Eagle Bluff, its observation tower poking up through the treetops. Then there was Eagle Harbor and Ephraim, then another bluff before the water tower at Sister Bay, and so on up the county. Each successive bluff was a little hazier in the distance until off at the end rose Death's Door Bluff some 20 miles away.

"Let's check the weather," Bill said four hours later as we round-

ed Death's Door Bluff. The signal on the weather band was now coming from a Michigan station. Washington Island was off to our left, and the car ferry was crossing ahead, returning to Gill's Rock.

It was time for a decision. We hadn't expected to get here so fast. In fact, variations on our plan had us turning around at Sturgeon Bay, getting picked up at Fish Creek, or getting a tow from some friends who would be fishing in the area and carrying a cell phone.

But here we were at 3:30 Saturday afternoon, contemplating a slam dunk - actually sailing through Death's Door Passage and down the Lake Michigan side back to Sturgeon Bay.

We continued to sail as we talked about our options. The chart showed that the passage narrowed quite a bit more before it entered Lake Michigan, and there was at least one reef we had to worry about on the south side. The wind as it funneled through would be blowing right at us, and we'd have to tack back and forth to get through....and then the waves on the other side would have been building all the way up the lake...

For perhaps the first time, as we contemplated sailing through the passage, the gravity of what we were doing began to set in. Dozens of 100-year-old shipwrecks litter the depths of this passage, victims of unpredictable bluff winds, hidden reefs and strange currents. I noticed that Death's Door was labeled on the nautical chart as Port Des Morts - French for "passage of death." Ever since the fur traders of the 1600s, and probably long before that, this narrow passage between Green Bay and Lake Michigan, has been claiming lives - some, no doubt, on days as nice as today, totally unsuspecting. And come to think of it, most were sailors with no motors.

It sounded good when we told people we were going to sail through Death's Door with no motor. And it feels good looking back on a trip like that, knowing you can handle whatever fate throws at you. But a lot can go wrong. One bad gust, one tangled line, and in the blink of an eye a boat this size can go over. We've capsized that Lightning four or five times in the lower bay, and know all too well how quickly it can happen. It builds character, but more importantly it builds respect for the wind and the water, and it instills in you an appreciation for the fact that it's really not you who is in charge.

So, after some discussion, the decision was made. Instead of pounding irreverently at Death's Door, we'd knock lightly, raise a toast, then turn around and head for home.

It was dusk when we sailed back through the maze of moored boats in the Fish Creek harbor to the municipal dock. After securing the boat on the outside wall and making arrangements with the dockmaster, we walked, a little wobbly from being on the water all day, up to the Bayside Tavern. Over three beers and a large pizza we decided our best option was to sail back to the sand beach where we stayed the night before. It was a tough decision: All three of us were tired of sailing, but the prospect of sleeping on that little fiberglass boat at the end of the dock was even less appealing. It was a good call. The wind was warm, the night sky

was filled with stars, and the sand was soft as we zipped up in our sleeping bags two hours later and slept like three logs on the beach.

#### Racing with the wind

Instead of flies, we were awakened the next morning by a dozen Canada geese honking and waddling around our sleeping bags. I fell back asleep. When I woke up two hours later - around 7:30 - the wind had subsided, the sky was clear and the water was blue in the morning light.

Again, we were underway. The wind was still out of the southeast at about 8 to 10 knots, but getting steadily lighter. We were running out of gas. Our supplies had dwindled to a bag of sunflower seeds, cheese and crackers, a handful of cold beers, and a box of strawberry toaster pastries. It would be a long day, but we were all more interested in getting home than in stopping who-knows-where for breakfast.

Four hours later, we were becalmed. Across the water off our left quarter, Door County was still visible as a hazy line of land; the Peshtigo lighthouse was barely in view to our right.

We had been sailing west/southwest - a little farther off the wind than our shortest course home - in order to make time across this wide open stretch of water. The front we were waiting for had moved through Minnesota overnight and, according to the latest report, had pushed halfway across Wisconsin by noon. We wanted to be on the lee side of the bay - in flat water - when it hit. It would be a race home.

But now all we could do was wait. The sun was hot. Jim was the first one to jump in with a splash. The boat drifted slowly away and a few minutes later he swam to catch up, then climbed back in dripping wet. I went next with a bar of soap. The water was cool and the soap suds smelled good after two days without a shower.

Shortly after Bill jumped in, a patch of ripples ahead signaled a new wind building from the southwest. He climbed back on the boat, the sails filled and the boat pushed away. That wind - some sort of localized land effect - lasted more than an hour and got us within a couple miles of shore south of Oconto before it, too, died out. Our front was still 60 miles away, moving toward us at 30 mph. Again, we sat windless and waited.

I took a snooze on the front deck; Bill and Jim were talking in the back, playing cribbage. Nearly two hours later, a patch of ripples appeared behind the boat to the right. This was our wind switch. We hoisted the spinnaker. It dangled empty behind the main, then slowly filled with the gentle breeze when it hit us. The boat was moving again. Farther back the water and sky grew darker as ripples, then wavelets, began to form. Within 10 minutes the sails were fully pressurized and the hull was slapping fast over the water. Visibility had dropped to a couple of miles, but there were no black clouds and no lightning.

The wind picked up steadily over the next 15 minutes until it was blowing 15 mph with gusts over 20. It was amazing how quickly this water turned violent. Our angle toward home was loading too much force in the spinnaker, and the boat heeled wildly in a

gust. After making it this far, I began worry our luck was running out.

We broadened our angle to run more downwind. The boat flattened but all three of us still hiked out over the windward rail to counter the force of the wind in the sails. We were flying. The bow was riding high with spray flying out where the hull met the water a quarter of the way back. Bill, in front, was drenched. We were heading due south - not exactly straight home - but making good time.

After 45 minutes we were out near the middle of the bay again, but a lot closer to home. The waves had built to three feet. From the chart and compass, Bill figured we could drop the spinnaker and turn up to a beam reach - 90 degrees to the wind - and just about hit home.

We sailed for two hours, all three of us hiked off the windward rail as we pounded our way back across the bay, eagerly waiting for the first glimpse of the channel entrance light off Suamico. Unlike the last two days when we could see 20 miles or more into the distance, visibility now was down to about two miles. Finally, the white tower of the entrance light seemed to appear, then disappear, like a ghost off in the fog.

"Is that it?"

"I don't see anything."

"There, about 10 o'clock."

"I still don't...oh, I don't know...I think you're right."

We were almost home, and just in time. The wind faded steadily over the next hour, finally giving out completely as we entered the race buoys inside Little Tail Point. There we sat, in full view of the club, with no wind, no motor no intention of getting towed in by a powerboat. We paddled the last 500 yards home.

Nick Wood, 836 Riverside Drive, Suamico, WI 54173

## ON THE ROAD IN ECUADOR

by Craig Thayer – Fleet 10

At about the time when most Lightning sailors have put their boats to bed for the winter, my wife, Susan, and I were preparing for our trip to Ecuador where I would be participating as a crew for Dick Hallagan in the Lightning World Masters Championship, hosted by the Salinas Yacht Club. The arrival of our departure date of November 12, 1999 was eagerly awaited, as this was another opportunity to renew friendships with several of my South American friends. Prior to our departure, I had been in contact with Paco Sola, the regatta organizer regarding accommodations and places to see during our short stay. I had first met Paco several years ago when he was attending Syracuse University, and stopped by to see me. I was also in "e" contact with Carlos Le Caro, Roberto Laignelet, and Juan Meira, as all were expected to be in attendance.

Our flight arrangements were to take Continental from Syracuse, NY to Newark, NJ, then on to Guayaquil, with a short stop in Panama City. We would be arriving several days before the regatta, during which time we planned to take a trip to the southern highlands and the city of Cuenca, the third largest in Ecuador, known for its colonial architecture, and as the center of the panama hat industry. Originally we had also entertained the idea of a day or so in Quito, the capital, but as luck would have it, the volcanic eruptions of nearby Pichincha that intermittently covered the city in ash and cancelled air travel caused us to opt for any extra time to be spent elsewhere. While this route offered the best connections and price, it also meant we would be arriving at 1AM- oh well! At Newark we discovered that Karen and Colin Park would be on the same flight, as Colin was going to Salinas a few days in advance to get the measuring process organized.

Our travel went without a hitch, and we were whisked through customs without having to go through a search of our bags because we were Americanos. I soon recouped most of the money I had "lost" on the lousy exchange rate when I purchased some sucres in Newark, by paying for the taxi in local currency. At 1AM the equatorial heat and humidity were down to an almost comfortable level, so the 15 or so minute ride to our hotel in the heart of the city was rather pleasant. Our driver handed over our bags to the bellman and left us with a hearty "Welcome" in English. Thanks to the efforts of Paco and Carlos, our accommodations had been made at the Hotel Ramada, at a special rate for the competitors.

My wife and I were also very pleasantly surprised to find that we had been given a very nice suite for our first night, complete with a beautifully arranged complimentary fruit salad and a bottle of wine, as my earlier comments to Paco that this trip was somewhat of a delayed honeymoon had apparently been passed on to the hotel management. It wasn't too many hours later that we awoke to bright equatorial sunlight trying to get past the draperies in our room which when pulled, afforded us a bird's eye view of the Rio Guayas, and a long park-like strip of statues and monuments to Ecuador's past leaders called the Malecon, located just across the street in front of the hotel on a portion of the west bank. The river had been named for a Puna Indian chief who had

fought the Incas and later the Spanish. The capital of the province, Guayaquil, was established in the early 1500's, and was named for the chief and his wife, "Quill". With a population of 3.5 – 4 million, it is the largest city in the country. Heavily industrialized, it is also by far the most important port.

As we entered the dining room for breakfast, we ran into Paco and his son, and the Parks, who had just finished and were preparing to leave for Salinas. After a nice complimentary meal, we took a quick stroll down the Malecon, then over to exchange some money before we inquired at the desk about the various options to get to Cuenca. We learned that we can take a taxi to the Terminal Terrestre (bus terminal) near the airport for 30,000 sucres, and then take a bus which will cost another 55,000 sucres each for the 5 1/2 hour trip. At the then current exchange rate of 15,000 S/\$1, this equates to a total cost of 140,000S, or a little over \$9 for the both of us. We leave sailing gear and extra baggage with the hotel, and grab a taxi for the bus terminal.

*Sailors Monument-Located on the banks of the Rio Guayas across from our hotel on the parklike strip called the Malecon.*

Before continuing, I must mention that in my previous trip to Antofagosta, Chile two years earlier, I had no knowledge of Spanish, and was determined that on this trip I would attempt to have at least a rudimentary knowledge of the language in order to convey and comprehend the basic issues that travelers

face. To accomplish this, I had purchased a set of cassette tapes which I had listened to repeatedly during the previous 3-4 weeks. While still unable to carry on a dialogue of any length or substance, I at least felt I could make my wishes known and be able to understand enough of what others were saying to get by. I soon discovered that I needed tape #5 in the four tape set (that would be the one that explains the "system" of luggage handling and buying bus tickets at the terminal). In this particular instance, young boys hang out at the curb wanting to carry your bags- if you refuse, they follow you because you will shortly realize that you have to carry them quite a distance upstairs to a specific ticket window in a place that appears to have as many different bus companies as Grand Central Station has train tracks and then back downstairs to another window where you buy another ticket for who knows what for less than a dollar, and then to a departure area - not an easily understood routine. By being able to speak a few words to the taxi driver in Spanish, he attempts to tell you where to go and what to do, but most of this is not understood, leaving you learn the system the "dumb gringo" way.

Anyway...we get to the proper bus, and it has a reasonably clean toilet according to my wife, so we settle into our seats for the start of our journey. The bus is scheduled to leave in about ten minutes (1:00), so we figure we'll just relax in peace and quiet until departure. WRONG! Where Americans have cable TV's home shopping clubs, Ecuadorians have the bus shopping club! Just prior to departure several individuals boarded the bus hawking everything from food, drinks, jewelry, and even medicinal cures all where the spiels lasted ten minutes or so, and included pictures and literature. This process was repeated again and again throughout the trip, with some local townspeople selling food and drinks who would get on and off at the same stop, while others would ride one or more stops handing out samples for people to look at before disembarking at another location to most likely catch the next bus going back the other way. You could have fruit, chicken, corn, drinks, or ice cream delivered right to your very seat without having to pickup your phone to call an 800- SPEND MONEY number. One young fellow selling candy was dressed in costume and clown face with a marionette

Food was cooked in a large wok type pot over an open fire. She would walk across the road to sell her food to bus passengers.

puppet. In another instance on our return, we were serenaded by two reasonably good guitarists who "passed the hat" after singing nice melodies for about 15 -20 minutes.

A temperature in the 80's combined with high humidity caused the first part of the trip to best be described as hot and muggy. Windows were pretty much wide open to let a breeze in despite the rather loud accompaniment of the diesel exhaust stack running vertically up the side rather near our window. We were now across the river Guayas where the topography changed to a flat wetland, with most of the small houses built up on stilts (reportedly to escape the snakes, bugs, and other critters indigenous to the area). This was followed by mile after mile of banana plantations. At one of the stops a Canari Indian family of a mother and three girls gets on and takes the seats across from us. All are dressed in their native costume of brightly colored woolen clothes, wearing felt hats and shawls. At this point the road is no longer flat as the bus starts its climb into the Andean foothills that will eventually take us over 10,000 feet. For approximately the next two and one-half hours, we will be climbing through the clouds, with water droplets streaming horizontally on the windows and visibility near zero. Fortunately our bus had an excellent synchro in its manual transmission, as our driver was constantly shifting gears going up the mountainous road and around sharp corners.

As we got higher up the mountains, the people started dressing warmer and warmer.

While the road to Cuenca is paved (the first paved roads were completed in the 1960's), there are many areas where the pavement has been replaced with packed stone. The two lanes serpentine through lush green vegetation, continuously climbing with steep peaks on one side, and similar drop offs on the other - and of course- no guard rails. In many locations the roads were now crossed by mini rivers of mud from runoff from the nearby hillside. At one point everyone lurched forward as the bus came to a sudden stop and then backed up to let a truck pass coming the other way. A hundred feet or so ahead we discovered that

a portion of the opposite lane had slid down the hillside. My wife and I decided then and there that daylight travel was the only way to go. The fact that the roads were wet and covered with slippery mud didn't appear to lessen our driver's enthusiasm to get to Cuenca. From my aisle seat, I could watch his cross which was hanging from a silver chain on the bus's mirror carve an arc like a clock pendulum as we went from left to right hand curve and back again. We were constantly passing slower moving trucks on dangerous curves with several honks of the horn as their warning (and I guess for anyone coming the other way!). People on the bus began to look at each other as it was obvious that our driver's rate of speed was not appropriate for the conditions. At about the time I had decided that this was going to be either the most memorable ride of my life, or the last, one of the passengers sprang from his seat, yanked open the driver's door and delivered what must have been one of the better ass chewing speeches of the decade, as for the remainder of the trip our driver proceeded like a little old lady going to church on Sunday.

*A view from the bus window of the rugged yet beautiful terrain.*

Shortly after this episode we emerged from the clouds and could see the beauty of the countryside. We were now at an elevation where the woolen dress of the Canari became appropriate. The landscape was populated with more Canari villages where they survived by raising pigs and cattle, and cultivating crops on amazingly steep hillsides. At one of these small villages my little 9-year-old Indian girl Angelita and her family got off the bus to go home. The bus winds its way through Biblian and Azogues with darkness now setting in. We arrive in Cuenca after dark where we stop at the information booth to ask about hotel reservations (since we had none). I had seen two hotels on the internet which looked ok, so asked if the attendant could call for us. The Hotel Inca Real was in reality an old two-storied house in the heart of the city which had recently been renovated into a charming hotel. The pictures on the internet web page looked very appealing. They had a habitacion matrimonial (room with one double bed) so we took a cab for 10,000 S and off we went.

In about five minutes we stop in front of about a two-foot high mound of dirt. The street has been torn up and closed, as are the shops. With no lighted sign in sight (not to mention that there are no lights anywhere on the street), our driver assures us that the hotel is very close, but we must walk there carrying our bags.

Over the dirt mound we go, and sure enough about fifty feet down this very dark street is the entrance, announced by a small wooden sign over the heavy wooden door. Once through a narrow hallway we are separated from a combination courtyard and dining area by a wrought iron gate. We are shown to a small, spartan, but clean room, where we will spend the next two nights. We are directed by the young man at the desk to try "Las Capulies" for dinner. It is located only a few short blocks away, which was welcome exercise after our bus ride. Along the way we pass several beautiful churches illuminated with floodlights. As we are now at an altitude of approximately 8200 ft, the night air is crisp and dry. The restaurant is very nice with excellent food, complete with a group of college age lads who do a good job playing Peruvian pipe music. The bill for a multi course dinner with drinks and desert for two comes to around \$10. We are beat from our previous two days of traveling and hit the sack early.

*One of the beautiful churches of Cuenca*

Morning arrives with plenty of sunshine, and we decide to go out and get a few photos in the golden morning light before breakfast. It is now Sunday and people are going to church or one of the many markets that take place on Sundays. Cuenca is the third largest city with between 200,000-300,000 inhabitants, and dates from the mid 1500's. It boasts numerous beautiful churches with many built in the sixteenth century. With no paved roads until

the twentieth century, it makes them even more impressive when you realize the effort it must have taken to get all the stone (much of it imported marble) to this location. Across the street from one of the cathedrals is the flower market, where beautiful fresh cut flowers can be purchased for next to nothing. I bought Sue a long stemmed rose for 1,000S (about 6.7cents). We continue our walk through the stone paved streets viewing more beautiful churches, and people in native costumes going to or from church. We notice that the native women now for the most part have switched from the felt hats, to those made of straw- all of the identical shape with a black ribbon hat band. A handful of women wear a different style, also of straw, but round, more like a derby. I can only guess that this signifies their belonging to a different group, as I didn't encounter any mention of this in my reading.

*Handmade, vibrantly colored woven goods for sale.*

Back at the hotel for breakfast, we feast on fresh fruits and breads, and again get a taste of the fresh fruit drinks that are available nearly everywhere. Pineapple, orange, melon, guava, naranjilla – they were all outstanding. The rest of the day is spent exploring the local markets and shops in the city. There is a huge outdoor market for fruits and vegetables where I try to take several pictures. It is apparent that many of these women do not want to be photographed as they look away or hide behind something if they spot my camera. Another market offered primarily woven goods- colorful shirts, sweaters, handbags. All items are very inexpensive by US standards. Slightly off the beaten path, we stumble on an open doorway where several people are working on Panama hats. During the time the markets are open after church, the city is bustling. Diminutive Canari Indian women, some less than five feet tall, tote large sacks of vegetables on their backs. People are in the streets, buses and taxis are running- it seems like a workday. Sometime within an hour or so of noon, the markets close, and at that point it appears that the city goes to sleep. Nothing is open and streets are once again deserted as they are after dark. Very few restaurants are open on Sundays, and we delay eating until a fairly late hour where we pick an outdoor place where the food and service was terrible, but we had a most interesting conversation with a couple from Ireland who had been traveling in other areas of Ecuador. Once again another perfect day weather wise- a sunny, low humidity day in the low 80's followed by cool air perfect for sleeping- it's amazing what a little altitude will do- even on the equator.

*A woman dressed in traditional costume selling her wares outside one of Cuenca's churches.*

*Typical city view of tile roofs, mountains and blue sky*

It's Monday and our last full day in the Cuenca area. In our previous day's walking about we decided to upscale our accommodations slightly by transferring to the Hotel Crespo on the banks of the Tomebamba River for our last night's stay. We

check out after breakfast and hail a cab to transfer our bags to our new hotel before more shopping. We have decided to check out a few more places which were closed, and then look into going to the town of Chordeleg, a small village less than an hour's bus ride away that is known for its filigree silver and gold jewelry, and ceramics. We take a cab to the bus terminal and very shortly are winding our way along a small river where I notice a couple of ferries which are for the most part small rafts hooked to a cable from which they can be pulled manually back and forth across the river. We arrive in Chordeleg (pronounced "shordalay") in mid afternoon, and appear to be the only people on the street. Several shops are closed and we are told that Sunday is the big market day. Nevertheless, we do find some nice items at unbelievable prices, both jewelry and ceramics and within two hours are on the return bus. Back in Cuenca we encounter a short rain shower- the only one on the trip. We end our day with a fabulous meal at our hotel's dining room before cashing in our chips.

*Tires holding down the metal roofs, an example of the typical storefronts in the smaller villages along our route*

*Children in their uniforms on their way to school*

The next morning we went back to an artisan's shop we had scoped out the day before for some last minute gift buying. Just as we were within about fifty feet from its entrance, several cars

filled with uniformed men with high-powered rifles showed up blocking the street. As we quickly ducked inside, the storekeeper let us know that this was nothing to be alarmed about. This was how they transferred money from the nearby bank. Our shopping now concluded, we checked out of the hotel and headed to the bus terminal so we would arrive back at the Ramada in Guayaquil in time to meet Juan Meira and his wife Janet for dinner. Our trip back was fortunately less thrilling, and treated us to more of the spectacular views we had witnessed on our prior trip. We also saw many groups of children dressed in their school uniforms of the various colors of their respective schools walking in groups along the side of the road on another beautiful, sunny day. This was also our last evening before leaving for Salinas in the morning, and we were looking forward to a relaxing evening.

*Craig and Sue Thayer with Janet and Juan Meira.*

Juan Meira is the brother of Federico Meira - my friend and fellow Lightning sailor here in Syracuse, NY. He and Janet picked us up at our hotel and took us to a very nice Italian restaurant where we had a truly enjoyable evening. We returned not too long before my skipper and fellow crew, Rick TenEyck appeared in the lobby. A quick beer and we all headed for the rack.

Pedro and David, two young men who were employees of the hotel, would drive us to Salinas this morning in the hotel van. On the way out of the city we received a mini tour of downtown Guayaquil and made a special stop at "Iguana Park", where these large lizards and some turtles are allowed to roam. Many of the iguanas could be seen lounging in the trees, so you had to be careful where you were standing (for obvious reasons).

The approximately two and a half hour trip to Salinas (which is the westernmost point of the Ecuadorian mainland) would see the landscape change from lush tropical foliage to desert. Located at the tip of the Santa Elena Peninsula, Salinas is a resort town of approximately 20,000 inhabitants, with the Salinas Yacht Club situated on the Bay of Santa Elena. It is a popular place for sport fishermen, with many beautiful boats tied up at the club's docks. The club itself is comprised of several buildings, with the beauti-

*Cathedral Park was one of our stops on our way out of Guayaquil.*

ful two-story clubhouse proper being the main structure with several dining rooms and bars. We would be staying at the Hotel El Carraje (the carriage), which was a spotless three story structure located on the beach amongst the numerous high rises. It was convenient (less than a ten minute walk to the club) and was staffed by a very friendly crew.

*One of the club bars, it is an actual Lightning hull. Every year it gets renamed after the fleet champions boat.*

*The clubhouse with outdoor dining and the vibrant red Bouganvillea trimmed to hedges surrounding the grounds.*

I have no intention of discussing the racing during the Masters as I'm sure that will be more than adequately covered elsewhere. I will just say that we were treated to excellent committee work and generally light, but fantastic sailing conditions. The fact that it was cloudy for most of the time I was in Salinas is perhaps why this fair skinned boy from upstate New York survived without the hint of a sunburn.

Our hosts are to be thanked again for their organization for the event, and assisting us with our questions and needs. I only hope that I am able to return the favor should any of them ever come to "my neck of the woods". I would like to mention also the excellent meals and service that our group received at the yacht club. The attitude of the staff was excellent, and would especially like to say hi and thanks to Kent, for his excellent service and helpfulness to myself and my wife when I was out sailing. The cocktail parties, the barbeques with the musical accompaniment, and the friendliness of the competitors, all served to make this a truly enjoyable experience- one which I hope I can repeat at some time in the future.

Kudos also go to the staff at the Ramada who did their best to see that our needs were met. As the organizer of a small regatta at my own sailing club, I know the amount of work that went into coordinating an event of this size. All I can say to all who contributed in this effort- Well Done, and Muchas Gracias mis amigos! Finally, I hope that I may have the opportunity to continue to report my travels in other lands where Lightnings are sailed. For those of you who have never ventured off your native shore to participate in something like this, please give it a try- you'll be glad you did!

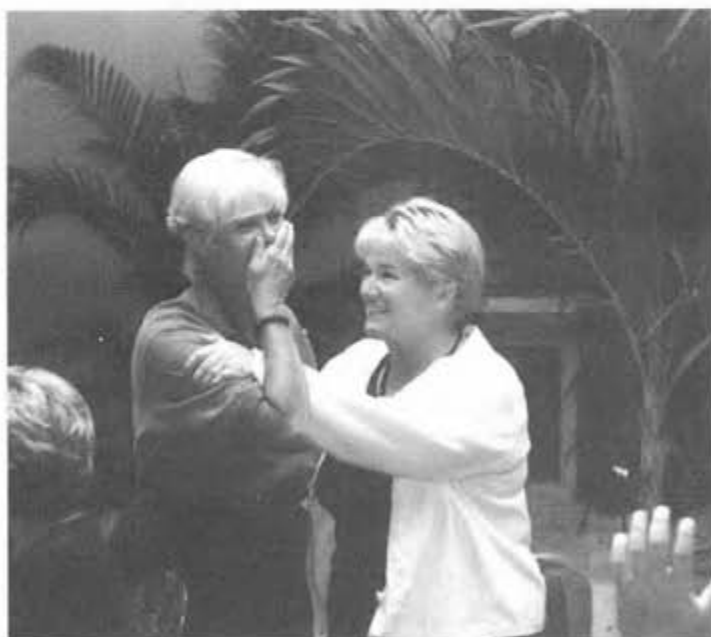

## An Idea, A Raffle, A Winner

On a chilly Michigan day a fellow lightning owner/sailor/racer, Matt Princning, was contemplating the spring to come. He realized the boat he wanted to order was going to have a number over 14900. He had probably just heard another plea for funds from the Class Organization. "Why not a raffle for hull #15000?" This quiet timid man from Saginaw began to wonder. A quick call to then President Cal Schmiede got the ball rolling and the idea became a Raffle.

Cal place the project in the extremely capable, talented hands of Laura Jeffers (Vice President of Development) and off we go. After some details were decided; \$50 tickets or \$100, one central sales office or a network of ticket hawkers- Laura had everything set. She designed and printed the tickets and had them in the hands of different sales people in time for summer District Regattas and Championships. It had been decided that it would be a climactic caper to both the year and the Worlds and so the ticket would be pulled in Ecuador.

There was a better chance that the winner would not be present than would be but it was a chance the Class decided to take. The tickets were flown to Ecuador and were counted by two Class officers, all 400 were there. The Commodore of Salinas Yacht Club, and Lightning sailor, Santiago Romero Barst was asked to pull the winning ticket and he was honored to do so. The following pictures give you an idea of how shocked and happy Cindy Lister was for having won! The Lightning Class earned \$8000 from this raffle.

*Cindy being congratulated by Jonette Werley*

*Cindy still in disbelief of her fortune*

*Cindy being presented with proof by President Mary Huntsman*

*A happy Cindy and Smiling Jack!*

## CALIFORNIA DISTRICT

District Commodore . . . . . Open  
District Secretary . . . . . Mike Boswell  
District Measurer . . . . . Bruce Arnold  
District Champion . . . . . Scott Finkboner  
District Runner-Up . . . . . Mike Molina

Fleets: Santa Monica Bay 102; Mission Bay 194;  
San Francisco Bay 372

During the week preceding Easter, the Mission Bay Fleet again hosted the California Circuit which consisted of 14 races held over four different San Diego area venues (Coronado Series, the Marathon, Ocean Series and the Mission Bay Series). The Ocean Series was actually sailed in Mission Bay due to a freak Pacific storm; otherwise, the weather was perfect for Lightnings for the entire week. Fourteen boats raced the entire circuit. There were eight from California, five from the Pacific Northwest and one from the East (John Faus). Jerry Newburger, from Vancouver Lake Fleet, won the overall Circuit.

Consistency was the key to Jerry's victory; he won the Ocean Series and placed third at Coronado, the Marathon, and the Mission Bay Series. Scott Finkboner, Mission Bay Fleet, placed

second by winning the Coronado Series, placing fourth in the Marathon, third in the Ocean Series, and second in the Mission Bay Series. Third overall was the Parsley family from Vancouver lake Fleet who were second in both the Marathon and Ocean Series. Fourth and fifth overall respectively were Mike Molina and Scott McBurney both from the San Francisco Bay Fleet. Mike won the Marathon which is a 26 mile race in both San Diego Bay and the Ocean starting at the Coronado Bridge and ending in Mission Bay. Scott won the Mission Bay Series.

In June the Santa Monica Bay Fleet hosted the Districts at King Harbor Yacht Club in Redondo Beach. Medium winds and Pacific Ocean swells prevailed. Scott Finkboner took the District Championship with victories in races 1 and 4. Second overall was Mike Molina who won race 5. He was closely followed in third place by Al Poindexter, Mission Bay Fleet, who won race 3. Scott McBurney came in fourth; he won race 2. Fifth place went to Wendell Harter of the host Santa Monica Bay Fleet.

Scott McBurney was elected District Commodore at the California Circuit; however, in August he changed jobs and moved to the Boston area. On his way back East he stopped at Carlyle to sail in the NA's. Good luck Scott; we will miss you!

The San Francisco Bay Fleet hosted the Pacific Coast Championships at Richmond Yacht Club in September. Eight Lightnings from California were joined by three from the Northwest. Winds gusted to over 18 knots on Saturday which caused three boats to break masts and two others to capsize. On Sunday calmer weather prevailed allowing three races to be completed. Roger Hicks, Vancouver Lake Fleet, is the new Pacific Coast Champion followed by Ashley Tobin, San Francisco Bay Fleet. Third place was won by Dave Weber, Vancouver Lake Fleet.

In November, Scott Finkboner and his crew, Tom Davies and Paul Kreidler, traveled all the way from San Diego to Nashville to sail in the Bluenose Regatta. They placed 11th out of 40 boats.

### CALIFORNIA DISTRICT SCHEDULE

June 10-11 . . . . . DISTRICTS  
September 9-10 . . . . . Pacific Coast  
Championship  
Eugene, OR

For the year 2000, there will be a slight change in the California Circuit. The two day Coronado Series venue will be replaced by a two day series at King Harbor starting on April 9th. Then the fleet will travel to Coronado for the Marathon.

The Districts will take place at Richmond Yacht Club on San Francisco Bay on June 10th and 11th.

The Pacific Coast Championship will be hosted by the Northwest District at Eugene, OR in September.

Mike Boswell

## CENTRAL ATLANTIC DISTRICT

District Commodore ..... Bob Bush  
 District Secretary ..... Bill Bogardus  
 District Measurer ..... Jim Carson  
 District Treasurer ..... Jack Elfman  
 District Champion ..... Jack Elfman  
 District Runner-Up ..... Mitch Hnatt

Fleets: Bay Head 3; Metedeconk 34; Lavallette 104;  
 Little Egg Harbor 26; Brant Beach 173; Surf  
 City 196; Riverton 228; Barnegat Light 335;  
 Ocean City 430; Tohickon Creek 491

Jack Elfman led the way in 1999, scoring major victories in the inaugural Master's International Championship, St. Petersburg Master's and also the Central Atlantic Districts in a season that was marked by achievement and a high level of participation by Central Atlantic District competitors.

The Southern Circuit kicked off the 1999 season, with four boats from our District travelling to Savannah. Jack Elfman wound up 7th, Paul Gelenitis 17th, Mitch Hnatt 23rd and Caroline Hoedemaker 26th. In Miami, six of our boats made it to the starting line with Jack Elfman finishing 12th, Matt Reiser 25th, Mitch Hnatt 33rd, Greg Kinzel 34th, Caroline Hoedemaker 35th, and Dave Kunz 48th. In St. Pete, 8 boats competed (notice the steady increase, we need a longer circuit) with Jack Elfman 12th, Brian Taboada finishing 28th, Jim Carson 32nd, Mitch Hnatt 34th, Bob Bush 37th, Matt Reiser 39th, Caroline Hoedemaker 44th and Alfred Morton 71st. Elfman, Carson and Morton qualified for the Master's as well. Their finals were 1st, 6th and 13th respectively.

Overall for the circuit, Jack Elfman was 9th, Mitch Hnatt 22nd, Team Fuzzy Carson 23rd, and Caroline Hoedemaker 27th. If you can sail the Circuit in 2000 (2001), I strongly recommend it. Not only is it the most fun you can have in one week (I speak from 7 circuits experience), as you will see below in the District results, the boats that went to the circuit did better in the summer. John Faus continued to take the road less traveled by sailing the California Circuit once again, ending up 6th overall.

In the spring, the regional regattas were dominated by CAD boats (I sound like a cheesy sail ad!). In Red Bank, Brian Taboada mastered the difficult light air on Sunday and scored a come from behind victory, with 9 CAD boats making the short trip. In Nyack, Jack Elfman proved the best, with CAD taking 4 of the top 5 positions- thanks to Jack and Team Riverton.

All of these regattas were just a tune-up for the Districts, held on July 17th and 18th in Surf City. Saturday brought a building westerly which provided shifty conditions for the 20 competitors. Race 1 was won by Jack Elfman playing the left hand shore. As the wind continued to build, Mitch Hnatt, in his boat "M squared", showed his usual heavy air speed, going away with the second race. At the end of the day, Mark Schneider was the most consistent, as he was home with 5 points total. We tapped the keg early (1:30 to be exact) and started a truly legendary party. Surf City put on a great show, and I think everyone who went to the party would agree!

## CENTRAL ATLANTIC DISTRICT SCHEDULE

June 10-11 ..... DISTRICT CHAMPIONSHIP  
 Riverton  
 June 17-18 ..... Governor's Cup Regatta  
 Riverton  
 July 16 ..... Junior States  
 Metedeconk  
 July 22 ..... New Jersey State  
 Championship  
 Barnagat Light  
 July 29-30 ..... ATLANTIC COAST  
 CHAMPIONSHIP  
 Cedar Point YC  
 September 9-10 ..... Surf City Regatta  
 September 23 ..... Manahawkin Bay Cup  
 Surf City

In addition, Saturday before the races, Bob Bush was elected District Commodore and Bill Bogardus District Secretary. Bob has done a great job as District Secretary over the last two years, and his selfless service to the Class and to the District is greatly appreciated.

Sunday brought slight hangovers and a cooler northeasterly breeze. Mitch Hnatt won the pin end of the start and led race 3 wire to wire, taking the regatta lead in the process. Jack Elfman finished 3rd, and was now tied in points but behind after tie-breaker with one race to go. The final race was quite a battle with Hnatt and Elfman 1,2 at the weather mark, but Elfman showed superior downwind speed to take the lead for good. The final results were:

Jack Elfman/Surf City with Cindy Lister and Mike Holly  
 Mitch Hnatt/Metedeconk with Mike Maroney and  
 Ginger Cutaio  
 Bob Bush/Riverton with Sterling Bush and  
 Allister Thompson  
 Glenn Reitingier/Brant Beach with Beth Reitingier and  
 Carl Reitingier  
 Caroline Hoedemaker/Riverton with Bob Hoedemaker  
 and Parry Barkley

I'm sure I speak for all the district members in extending our thanks and gratitude to Surf City Yacht Club, their race committee, their social committee and especially Jack Elfman and Cindy Lister for putting together a great event. The windward/leeward courses were square, the party was fun, and for a lot of us, the housing was free. Thank you.

At the end of July, 9 boats went to the ACCs in Annapolis, no doubt tuning up for next years NAs. Bob Bush led the way, finishing 7th. With next year's NAs only three hours away for some of us, despite the meager wind predictions, our district championship should be an all out war for our 8-10 slots the CAD is allowed. You should get out early since the Districts are scheduled for the second week in June in Riverton.

At the North Americans in Lake Carlyle, Ryan Bradley took 5th in the Junior Championship and Sterling Bush took 3rd in the Women's Championship. Three boats from the District made the 16 hour trip to St. Louis. All three made the blue fleet, with Jim Carson finishing 24th, Bob Bush 30th, and Gary Swangler 34th. Whoever qualifies for the last spot for the NAs next year at the districts has those three competitors to thank. Their good sailing earned CAD an extra qualifying spot for the 2000 NAs.

In October, 8 boats went back to Annapolis for the Frigid Digit, with Bob Bush proving again he has a handle on the light air and strong current of the Chesapeake, coming home in 5th.

This year was capped off by the World Championship in Salinas Ecuador. The first week was the inaugural Master International Championship. Jack Elfman took top honors with his crew Cindy Lister and Mike Holly. Congratulations Jack! (I think you get a flash with a golden tombstone on it!). In addition, Jim Carson crewed for Sandy Huntsman with new Class President Mary Huntsman, in what I believe may have been the oldest Lightning crew ever assembled (combined age over 200?).

In the Worlds, 3 of the 15 USA representatives were from the CAD, quite an accomplishment. Paul Gelenitis sailed a strong regatta to come away 8th. Jack Elfman had another fine series to finish 13th and Jim Carson was 35th. The real winner was Cindy Lister, as she is now the proud new owner of Lightning #15000! Could we be seeing her on the water sailing against Jack? Team Elfman had quite a trip.

1999 was a great season, but 2000 should be even better. Longtime CAD sailor Joe Buczkowski is getting married in January, the circuit still rocks, the CADs are a month early, and the NAs are only three hours away. In addition, there are usually 10 to 13 different regattas throughout NJ and PA from April to October. You can check the March and April Flashes, or the Lightning website for more details on scheduling. So even if your bottom is not faired, your sails were made by Murpy Nye, or your boat is older than mine (29 years and counting), come out to one of the regattas and join the racing fun.

## CENTRAL CANADA DISTRICT

District Commodore ..... Ross Bailey  
District Secretary ..... Malcolm Crooks  
District Measurer ..... Innes Martin

Fleets: ZigZag Zeroes at Clearwater Bay 277;  
Temple Reef Sailing Club 279

No Report.

## CENTRAL NEW YORK DISTRICT

District Commodore ..... Jean Palm  
District Secretary ..... Daniel Koretz  
District Measurer ..... Ed Seyerlein  
Assistant Measurer ..... Chad Atkins

## CENTRAL NEW YORK DISTRICT SCHEDULE

June 3-4 ..... Celebration of Spring  
Newport  
June 10-11 ..... DISTRICT  
CHAMPIONSHIP  
Cazenovia  
June 24-25 ..... Champaign, Keuka  
July 15-16 ..... Centrals  
Skaneateles  
July 22 ..... Women's/Juniors/Master's  
Henderson  
August 4-6 ..... LYRA Regatta  
Sodus Bay YC  
August 5-6 ..... Ithaca

The Colombian District season started with the South American Championship. Out of 19 competitors of 4 Countries, Sebastian Higuera of Colombia took first place honors.

During the weekends of September 11th -12th, and 18th- 19th The Club Nautico El Muno and Club Nautico El Portillo hosted the Colombian District Championship. This event was also held to select the six Crews which were going to represent our county in the World Championship in Salinas, Ecuador.

The weather was quite good with winds between eight and ten knots. At the end the results were: (Top 10)

- 1.- Juan Carlos Uscategui, Jochen Raute, Paula Douat (19) Muno
- 2.- Loreana Jacob, Phillipe Jacob, Jessica Jacob (26) Muno
- 3.- Mauricio Valenzuela, Alberto Valenzuela, Tomas Valenzuela (28) Muno
- 4.- Sebastian Higuera, Camilo Salcedo, Nicolas Deeb (29) Muno
- 5.- Felipe Castillo, Juan Pablo Castillo, A. Montes (30) Muno
- 6.- Roberto Laignelet, Rodrigo Mora, Maritza Vargas (39) Portillo
- 7.- Gustavo Tamayo, Rafael Tamayo, Antonio Tamayo (39) Portillo
- 8.- Alvaro Bustos, Ana Maria Bustos, Susana Salcedo (41) Portillo
- 9.- Solmar Bermudez, Danny delGado, Nevardo Guerrero (43) Portillo
- 10.- Hernando Ramirez, Orlando Lopez, Nestor Parra (60) Hansa

The Colombian National Championship was hosted by Club Nautico Muno, during October 16th-18th. We managed to sail 8 races in a very light wind especially in the last day of racing.

Our winners was Juan Carlos Uscategui and his crew Jochen Raute and Paula Douat from Club Nautico Muno. Second Place from Club Nautico El Portillo was Rafael Tamayo with Gustavo and Antonio Tamayo. Third place also from El Portillo, Solmar Bermudez with Pedro Londono and Michele Vidulich. See Results.

Congratulations to our new District and National Champions.

I look forward to see everybody in the next years events, starting with the Colombian Districts in April, 2000.

*Mauricio Valenzuela*

## CONNECTICUT/RHODE ISLAND DISTRICT

|                    |               |
|--------------------|---------------|
| District Commodore | Gianni Cuccio |
| District Champion  | Bill Healy    |
| District Runner-Up | Brian Hayes   |

Fleets: Housatonic 6; Niantic Bay Yacht Club 85;  
Cedar Point 126; Madison Beach Club 129

The CT-RI District had another active year. Participation was good at all our district regattas and, like always, the competition was very high. The first stop was Cedar Point Yacht Club's Early Bird Invitational. This has consistently been a great regatta that always has attracted a large number of boats and a lot of top sailors. This year was no exception as Bill Healy won, followed by Jed Dodge and Brian Hayes for third.

Next was the CT Governors Cup which is hosted annually by Niantic Bay Yacht Club. Another popular regatta, this one was won by Gianni Cuccio, with Bill Healy in second and Don Barrett third. In July, Madison Beach Club hosted the CT-RI District Championships and did a great job getting off 5 good races. Bill Healy took the top spot in a deep, good sized fleet. Andy Horton, Brian Hayes, Ned Roseberry and Gianni Cuccio rounded out the top five.

Many boats from our district did some traveling, placing well at various regattas. At the Southern Circuit, Tim Healy won the Miami Midwinters and was third overall. Brian Hayes was fifth overall and Ched Proctor was sixth. Ned Roseberry won the Atlantic Coast Championships (60 boats!) at the SSA in Annapolis, Brian Hayes was second, Bill Healy was fifth. The SSA continued to be hot, as many are anticipating an exciting N.A.'s there in August, 2000. Their October "Frigid Digit" regatta attracted 44 boats and Gianni Cuccio was the top CT-RI finisher with a third overall. Also, congratulations go out to Tim Healy, Bill Healy and Anthony Kotoun for a fine third overall at the Worlds in Salinas!

Thanks, *Gianni*

| October 21-22   | Frigid Digit, SSA           |

## DIXIE DISTRICT

Fleets: Washington DC 50; Susquehanna 253; Sassafras River 314; Rehoboth 325; Severn River 329; Swift Creek 496; Fishing Bay 509

The ILCA Dixie District had an excellent year in 1999. The growth trend of recent years continued and the district was privileged to host the 1999 Atlantic Coast Championships and be selected to host the 2000 North American Championships.

Most of our constituent fleets are holding steady or growing. Fleet 50 continues to be a strong fleet, if not the strongest fleet, in the Potomac River Sailing Association. Fleet 508 of Solomon's Island, at the mouth of the Patuxent River Chesapeake continues to grow and enjoys one of the prettier places to sail on the Bay. Fleet 509 at Fishing Bay, also on the Chesapeake, enjoys the smaller town atmosphere of Deltaville, and hosted the 1999 Dixie Districts. Fishing Bay and Fleet 509 will be the host site for the 2000 North American Master's, Junior's and Women's Championships.

Fleet 253 on the Susquehanna River initiated the "Sweet Corn" regatta this summer with a good draw of boats. Fleet 329 located in Annapolis continues remarkable growth and is quickly becoming the larger multi-crew boat fleet at Severn Sailing Association. Fleet 329 hosted this year's ACC's and will provide an excellent sailing venue, race management and sight-seeing opportunities for the 2000 North American Championships. Fleets 314 on the Sassafras River, Fleet 496 at Swift Creek outside Richmond, and Fleet 325 on Rehoboth Bay had a quiet year.

The racing schedule in Dixie District was full and well distributed over the area. The results were somewhat less distributed. This was Phil's year. Phil Grotheer of fleet 329, at Severn Sailing Association in Annapolis, collected some serious silver this year. In addition, he submitted the elegant design for the Phil-lever, or Grotheer-lever as an alternative for aft mast blocks. *(However, don't change your boat yet. The class has not approved the design, elegance notwithstanding, at this time).*

The Southern Circuit provided early opportunity to go up against the best. Bob Wardwell and Phil Grotheer superbly represented Dixie District. Bob finished in the top 10 in both Miami and St. Pete and also for the overall circuit. Phil joined an elite group of three skippers, each of whom won multiple races during the circuit.

The local Spring season started with the Doc Gilbert Memorial Potomac Cup. Phil unseated last year's winner by total domination (4 bullets), Dick Hallagan, to take the win over 21 other boats with Dick close behind in second. SSA's opener drew a light turnout of 6 boats where Phil claimed first place, with Mike Beaver and Joe Freible in second and third, respectively. The Dixie Districts followed with Bob Wardwell of Fishing Bay winning over 15 other boats with Phil coming in second.

The Maryland Governor's Cup was special this year as the women's Adams Cup qualifiers were sailed concurrently. Cap Pin won the qualifier and went onto New Jersey for the area "C's". Phil Grotheer won the Governor's Cup with Peter Lauria/Jon Guth in second and Jamie Brickell in third; 11 boats competed. The Maryland Governor's Cup was followed by the Delaware version of the same championship. Conditions on Rehoboth Bay were incredible, with Phil Grotheer winning and Mike Beaver second. Did I mention Phil was having a good year?

Fleet 329 at SSA hosted the 1999 ACC's on July 24 -25. This year's ACC featured an incredible array of talent, 60 boats, a terrific party on Saturday night, warm nights and the sights, drinks and eats of Annapolis a short walk or water taxi away. Ned Roseberry prevailed for first place with crew Ched Proctor and Dorsey Roseberry, followed by Brian Hayes sailing with Carter Utzig and Lesley Frymier, with third place going to Phil Grotheer sailing with Sean Carroll and Nat Coughlin.

SSA's Summer Series was held on August 28-29, drawing 9 boats. Joe Freible won the 8 race series, followed by Jon Guth and Harry Keith. The Leukemia Cup hosted by the Potomac River Sailing Association and Lightning Fleet 50 followed the SSA series. Fourteen Lightnings participated and partied and partied some more. Phil Grotheer came in first on his original "home turf". Fleet 508 hosted their Invitational, drawing 11 Lightnings from the Bay area. Bob Wardwell won the 4 race event followed by Jack Jones (one of our frequent and favorite guests) and Stuart White of fleet 50.

Dixie District closes out its season with the Frigid Digit, sailed out of SSA. As you read in an issue of Flashes, the turnout was terrific with 44 Lightnings and 24 Snipes participating in the 48th edition of this classic. Phil wrote the splendid article for Flashes that described the racing. We were privileged to host sailors from all over the East Coast and from as far west as Illinois

and Canada to the North. We were also thrilled to have a Dixie District sailor, Phil Grotheer, win the event. Phil has sailed in this regatta for years and put a lot of effort into making the regatta a success. As Cully pointed out after winning this year's Bluenose, it is special when one of the home team wins a major regatta at home. Have a great 2000 and see you at the NA's.

## ECUADOR DISTRICT

Class Secretary . . . . . Francisco Sola Tanca  
Ecuador Vice President . . . . . Carlos LeCaro  
District Champion . . . . . Jaime SantaCruz  
Runner-Up . . . . . Juan Santos

Fleets: Salinas Yacht Club 405; San Pablo 447

In May we made the trip to Lago San Pablo (Fleet 447) for the District Championships. District Champions: Jaime Santacruz con Enrique Granja y Gabriela Vela; Runner-ups: Juan Santos con Rafael Lecaro y Ernesto Escobar.

In July Ecuador went to Winnipeg for the PANAM Games. Our Lightning team was Gastón Vedani skippering, Juan Santos and Rafael Lecaro, they finished 7 after a very tough and competitive series.

The intensive training program finished with the National Championships which saw a fleet of 19 boats, a record showing since at least 15 years. After a very tough series of 10 races Miguel Plaza Jr. with Jose Manuel Gonzales and Juan Baquerizo became the new champions. Runner-ups: Juan Santos, Rafael Lecaro, Arturo Iturralde. Third place: Juan Carlos Plaza, Eduardo Arosemena, Chalo Vargas.

And finally what we had all been waiting for arrived: Salinas was the host of the First International Masters Regatta and the Twentieth World Championships. The masters saw great competition and a strong local fleet led by Paco Sola Sr. who came back to sailing Lightnings after a five year break. The winner had to come out ahead in the last race of the series, and after a nerve racking showdown, it was Jack Elfman who got the gun, Tom Allen Sr. came in second and Paco Sola third.

The Worlds was next. We had teams from Argentina, Canada, Colombia, Chile, United States, Switzerland and Ecuador for a total of 45 teams. Results and comments about the regatta can be found elsewhere in this book. Suffice it to say that Tito

Gonzales, Claus Engels and Pablo Barahona came up with the well deserved first place after a tight series in which they sailed almost flawlessly. The other winner was the Salinas Yacht Club which was on top of the event and ran like clockwork to bring us a regatta that will be hard to forget. Thanks to the Board of Directors and to all the personnel of the club for their hard work. A special mention to Diners Club and American Airlines who were our official sponsors and who have been supporting the Lightning Class for quite some time.

## FINLAND DISTRICT

District Vice President . . . . . Pentti Laitinen  
District Commodore . . . . . Martti Lahtinen  
District Secretary . . . . . Maija Karhusaari  
District Measurer . . . . . Jari Aromaa  
District Champion . . . . . Kari Huusko  
District Runner-up . . . . . Kimmo Aromaa

Fleets: Helsinki 166; Oulu 307; Kemi 310;  
Jyvaskyla 328; Tuusulanjarvi 456;  
Valkeakoski 468

Sailing season 1999 was quite good for the Finnish District. The trend of getting more people involved in the class is still continuing, as we once again saw a slight increase in the membership numbers. I must here recognize Matti Leppanen, who has recruited most of the new members. Good job, Matti! Of course we did other recruiting as well: we took part in the Helsinki International Boat Show and the Turku Boat Show, where we got new contacts.

One important contact from the Helsinki show was Jan Forsbom from Santer Yachts, a boat builder from the west coast of Finland. After the show he has taken on the building of Lightnings in Finland. Having a local boat builder is very important for the future of the class here in Europe.

Our ranking series consisted of five ranking series regattas and our District Championship regatta, which was held in Kemi this year. Kemi is way up north, which unfortunately limited the number of participating boats. I'm sorry for all those who could not attend, as this was a great regatta. We had competitive races combined with lots of "extracurricular activities", such as a reception held by the City of Kemi, ad-hoc parties by Mamma Tuusula's camper, dancing under the midnight sun. We even had an accordion player backing our sing-along. The local police checking whether we had a "huvilupa", kind of a party permit for holding parties at a public place, describes the event perfectly. All fellow sailors and race organizers from Kemi; thank you for a fun regatta!

The Finnish championship was won by a local crew: Kari Huusko, Mika Viide, and Tommi Ahonen. Kimmo Aromaa's crew placed second and Olli Lahtinen's crew placed third.

The entire ranking series was won by Kimmo Aromaa, Niko Lappalainen was second and Samppa Salminen third. We were happy to see a new skipper - Sakari Pesola - on a brand new Finnish boat taking active part in the series.

## FINLAND DISTRICT SCHEDULE

June 10-11 . . . . . Helsinki Regatta  
July 22-23 . . . . . Oulu Lightning Ranking  
August 5-6 . . . . . Nasijarvi Regatta  
August 24-27 . . . . . DISTRICT  
CHAMPIONSHIP  
Jyvaskyla  
September 23-24 . . . . . Autumn Regatta  
Tuusula

We had crews taking part in international events as well. A total of seven boats made the trip to Switzerland for the Europeans. The championship was won by Urs Wyler from Switzerland. The best Finnish crew was Kari Huusko's crew, who finished fifth. Judging by the photos and good stories, it was once again a great lightning event and definitely an excellent way to spend the summer holidays. We are sorry that none of the crews could make it to Ecuador, as the most of the crews spent all their travel budgets on the Europeans.

It is dark and cold in Finland at the time I'm writing this. Still, we gathered together a few weeks ago to plan the coming season. The question, as always, was how to keep the class active and alive in Finland. One of the ideas presented was "taking Lightnings to work", i.e. organizing sailing courses for our fellow employees for a nominal cost. The target is to hold two or three crash courses next summer. In the next report we'll tell you how that turns out.

*Maija Karhusaari*

*District Secretary*

Savio 476; Roma 479

The 1999 Italian Championship was held in Bracciano, the last week of June, at the "Centro Sportivo Aeronautica Militare", which hosted the race and gave a tribute to its success. The weather was good and we had all kind of air conditions. Noto won the Italian Championship due his consistency, Marino was 2nd and Reina was 3rd.

We had two crews, Noto-Alagna-Alagna and Marino-Prinzivalli-Rallo, at the European Championship in Murten (Switzerland) where, without wind, Noto was 2nd and Marino was 11th.

At the class meeting, held in October 1999, it was discussed how to organize the 2000 Italian District Championship and about the bid from Circolo Velico Marsala for the 2001 World Championship. All Italian members hope that Italy will organize this championship because it could be an opportunity to increase boats and members.

The Regatta Site for the 2000 Italian Championship will be the Trasimeno Lake, near Perugia, the first week of September 2000, where we could have a lot of participants.

*Antonio Marino*

## METROPOLITAN DISTRICT

District Commodore ..... Gary Hurban  
District Secretary / Treasurer ..... J. P. Mann  
District Champion ..... Judy Hanlon  
District Runner - Up ..... Robert Sengstacken

Fleets: North Shrewsbury River 11, Paupack 16, Lake  
Mohawk Yacht Club 25, Chelsea Yacht  
Club 39; Monmouth Boat Club 70, Nyack 75,  
Awosting Yacht Squadron 95

1999 was a very successful year for the Metropolitan District. Nyack Boat Club, Fleet 75, hosted the Districts on the Hudson River. The competitors arrived for a great weekend of competition but the wind did not cooperate. An unusually slow moving high controlled the weather and forced the race committee and the competitors to be very patient. The weekend had many attempts at close racing but ended with only one completed race, Judy Hanlon sailed a very tactful race to lead the fleet home followed closely by Robert Sengstacken and Jack Huntsman.

The Metropolitan District is a hot bed of lightning activity. Things began early with an appearance at the Atlantic City Boat Show. Members of the district assisted the Huntsman's in discussing *Lightnings* with many show goers and handed out material provided by the ILCA.

*Metropolitan District Championship Trophy winners at Nyack Boat Club.*

With the coming of spring, our boats were competing in the popular Long John Regatta hosted by Fleet 70 on the Shrewsbury River. This event attracted a large competitive crowd. After a full weekend of racing Brian Taboada held top honors. Dave Watts and Dick Hallagan were first and second runners - up respectively. The event signaled to all that a close season of racing was at hand.

Early June brought many skippers and crews together on the Hudson River for the annual Magnus Pederson regatta hosted by the Nyack Boat Club in honor of a former active Lightning skipper. The event attracted a sizable fleet comprised of boats from our district and the surrounding districts. Jack Elfman claimed the top prize followed by Bob Bush and Gianni Cuccio.

September found many sailing on Lake Wallenpaupack in the Governor's Cup Regatta. This majestic setting in the Pocono Mountains of Pennsylvania provided some terrific racing. Caroline Hoedemaker moved through the fleet to claim first place. Mark Schnieder finished second followed by Jack Huntsman in third.

As the season began to wind down, we again headed back to the Nyack Boat Club for the Last Blast Regatta. This one day event saw light air and river current that tested both skippers and crews. In the end Bob Bush took home the hardware followed by Dick Hallagan and Mark Schnieder.

The Metropolitan District would like to extend congratulations to our own Joan Hurban and her crew Judy Hanlon and Cindy Cox on winning the Adams Cup. Also to Kathy Connell for winning the Women's North American Championship, and to Jack Huntsman for his fifth place finish at the World Championship. The District would also like to thank George McDonnell for his service as secretary treasurer of the district over the past several years.

Fleets: Devils Lake 31; Western Lake Erie 42;  
Crescent Sail Yacht Club 51; Lake Fenton  
Sailing Club 53; Pontiac Yacht Club 54;  
Higgins Lake 110; Gull Lake Yacht Club 137;  
Macatawa Bay Yacht Club 204, Saginaw  
Bay 216; Burt Lake 254; Grand Traverse  
Yacht Club 326; Douglas Lake 374; Lansing  
Sailing Club 387

The Michigan District starts the year at North Cape Yacht Club sailing the Great Lakes Championship in Monroe, MI. Out of 27 competitors, Bill Faude with crew Ernie Dieball and Jared Drake took home first place honors. This coming year North Cape is hoping to host one of the "Road Show" regattas and one of the newly created Lightning Labs.

In early June the Lansing Sailing Club hosts it's annual regatta. This year's regatta featured good breeze and the infamous chicken dinner. Mike Thomas and crew Matt Selan and Bill Thomas ran the table with 6 bullets to claim the victory.

The Michigan District Championship was held at Macatawa Bay Yacht Club in Holland, MI. Macatawa is usually one of the best Michigan regattas because of the beautiful rolling sand dunes background and the consistent breeze from the westerly thermal. Unfortunately the wind gods let us down! After waiting for the breeze all day Friday and half of Saturday, we completed one race on Saturday and three on Sunday in 0-4 knots. Colin Park with crew Karen Park and Bill Thomas sailed a consistent series to win over John McCree with crew Dave Corcoran and Dave Decker. Jim Allen with crew Jane Allen and John Morley was third. The Macatawa members promised better racing next year.

The Team Races were held at the Lake Fenton Sailing Club in Fenton, MI. Again this year, the teams were seeded to perpetuate tighter competition. The team of Dave Nickels, Mike Thomas and Bob Ruffli played the tactical games right and took home first place.

This year was the return of the Tawas Bay Yacht Club to the Michigan summer circuit. Tawas Bay Yacht Club, a four-time host of the Lightning North Americans, made a spectacular comeback with 6 races on the crystal blue water of Tawas Bay. All of us in Michigan owe great thanks to the Prining Brothers and crew for reviving one of Michigan's great sailing areas for Michigan sailors. Colin Park with Karen Park and Bill Thomas took home first honors.

The next regatta on the schedule was the 45th annual regatta at Bay City Yacht Club. A wicked squall with 60 mph winds and golf ball sized hail blew through the course after the last race on Saturday capsizing twelve boats and breaking three masts. After the storm passed, crews from all boats helped recover the wreckage. Luckily the only injuries were a few people with welts from the hail. Jim Allen showed everyone the correct way around the course (and out of the way of the storm) to claim first prize.

Higgins Lake hosted their annual regatta the first weekend in August. Higgins has a very unique setting with the Yacht Club on an island in the middle of the lake. The boats are left in the water overnight at the yacht club and a water taxi run by club members delivers participants to and from the club. Colin Park with crew Karen Park and Kyle Militzer took home the gold.

After North Americans, the fall series starts the week after Labor Day at the Whitecap Regatta at Pontiac Yacht Club in Pontiac, MI. Saturday proved to be a "whitecap" type of day as the wind built to full on hiking. Sunday proved to be a crazy Pontiac type of day with the wind filling from all directions. Sean Fidler, with crew Shelly Rothenbuehler and Eric Westin proved good through all conditions and won first prize.

Devils Lake's "This One's For Fun" was the next regatta on the schedule and this year was on of the prized Lightning Class Intersectional regattas. Again crazy breeze plagued another Michigan regatta. The breeze filled from both sides of the course and never settled in from one direction on Saturday. Sunday, light but consistent breeze filled the course. Jim Allen with crew Jane Allen and Craig Koschaulk took home top honors.

The Icebreaker at Crescent Sail Yacht Club held true to form with chilly temperatures but solid breeze on Lake St. Clair. David Decker and his crew, Faye Decker and Jerry Decker stayed warm enough to win.

The year ends where we started, at North Cape Yacht Club's Fall Blowout. The one-day event allows us to finish the regatta season in Michigan plus leave us time to travel over to Frosty's at Put-In-Bay for one more, frosty challis. This year Peter Wenzler won the final regatta of the season.

As for Michigan District special trophies, the Traveling Trophy goes to Colin Park for sailing a consistent season and the Fall Series Trophy goes to Diana Fernando for finishing the best in the fall regatta circuit.

Finally, congratulation to Colin Park and crew Karen Park and Bill Thomas for representing the Michigan District at the Worlds in Ecuador.

*Bill Thomas*

Fleets: Chicago Corinthian 5; Milwaukee Yacht Club 69; Green Bay Sailing Club 112; Lake Davenport 167; Sheboygan 187; Fond du Lac 442

This year's District events again started out with the annual winter meeting held at Milwaukee Yacht Club. Plenty of pizza and good time was had by all. Skip Dieball concluded the meeting with a presentation on Lightning sail trim.

The first regatta of the season was the annual Light House Regatta held in Fond Du Lac, WI on Lake Winnebago and hosted by Fleet 442. The winds were strong and puffy and temperatures were in the low 90's for this spring opener. This year's regatta included an additional start for the I-20 class; these boats carry an asymmetrical spinnaker. This new class of scows proved to be a bit tippy in the puffy conditions. Kudo's again to Elmo & the Fond Du Lac Yacht Club who provided a great regatta along with a delicious dinner at the club. First place went to Skip Dieball, followed by Bill Faude in second, and Ric Larson in third. Dave Stix was fourth, followed by Pauly Wurtzbach in fifth. Thanks also to Greg Fischer of North sails for providing the on water coaching and video commentary.

Chicago Corinthian Yacht Club's Lightning Fleet 5 hosted the Midwest District Regatta in Chicago, IL with 15 boats in attendance. The winds & weather cooperated to provide for some fine sailing. New comer Ed Coleman sailing with crew Paul Coleman & Gerald Coleman prevailed to win the regatta. Bill

Faude with crew Jared Drake and John Strassman were second along with David Stix with his familiar crew of Karl Erickson and Robert Alexander finishing third. Ric Larson with his son Eric & Amy Lundeen arrived late (what's new) to the regatta and discovered during measurement that their mast had just cracked in two. They were able to borrow Bill's Faude's extra mast & switch stays to finish fourth. Bob Franke with Bonnie Hawkins & Barb McBairty rounded out the top five. Thanks again David Stix, Doug Steffenson and the entire Fleet 5 for a well run regatta.

The Evans regatta hosted by fleet 112, which is normally sailed at the University of Wisconsin Green Bay, WI, was not only rescheduled but relocated as well. It appears that someone forgot to leave the hose running and Green Bay's water level had dropped some 30" since last year. Due to the Great Lake's fall, this year's regatta was sailed at the Windjammers Yacht Club on the other side of Green Bay. The winds were light & shifty. The annual party at Bill Dean's home right on the bay went on as planned. Jim Gagnon finished first. Terry Phelan was second and Ric Larson finished third. Green Bay locals Mike Faugust & Kip Hart rounded out the top five.

Lightning sailors Danny and Michou along with the gang on Cynosure figured if the Milwaukee Brewers could bring down the house so could they. On Wednesday July 7th, 1999, "Big Blue", the 525' tall, 1.5 million ton Lambson crane at the new Miller Park - Milwaukee with it's 410 ton roof section came crashing down on the new baseball stadium. On Saturday July 17th, shortly after a tack, the carbon fiber rig on Cynosure, a Santa Cruz70, came crashing down. Experts say that "wind" played a part in both situations.

The Brotz regatta was hosted by Sheboygan Yacht Club, Sheboygan, WI. Both race days were dominated by the Westerly winds battling the Southeaster on Lake Michigan. Rich Reicheldorfer did an outstanding job of Race Committee work while chasing the ever-changing winds. David Stix won the regatta. Jason Bemis, Martha Cushman, Ric Larson and Bob Franke rounded out the top five. Other news in Fleet 187 includes; Michou & Danny Reicheldorfer getting married in

May and as of this writing have skipped town to New Zealand to sail in "BIG" boats.

This year's P&T Regatta hosted by Fleet 69 of Milwaukee, WI, was scheduled in conjunction with the Milwaukee Yacht Club Grand Prix weekend. This allowed the Lightning sailors to participate in the social activities of the offshore fleet. The winds of the Brotz regatta on Lake Michigan followed the fleet on Saturday. Sunday's winds went Northeast and continued to shift and lighten as the day went on. MYC native Bill Faude won the regatta with Pauly Wurtzbach and Martha Cushman taking second & third respectively. David Stix & Milwaukee Yacht Club's Dennis Bersch finished fourth and fifth respectively. The Hobelman regatta hosted by Chicago Corinthian Yacht Club was sailed in great weather below the City of Chicago skyline. Winners were Doug Steffenson, David Stix, Martha Cushman, Bill Gibson & Dennis Burke.

This year's North American Championship was so close to home it is no wonder the Midwest District had the most participants. Congratulations to Pauly Wurtzbach and crew Doug Nickel & Paul Hinze for their fourth place finish in Blue Fleet. Other boats making into the blue fleet were David Stix and Ric Larson. Thanks also to district sailors Irving, Cushman, Ehrenberg, Adamski and Franke for attending the North American's. Arising each morning to view Carlyle Lake from the cabin windows was quite the splendor.

Congratulations are in order to Michou Reicheldorfer and crew who finished second at Adams Cup Finals. Also to Bill Faude and crew who finished third at Mallory Cup both of which were sailed at the Milwaukee Yacht Club. Thanks to all the Lightning boat owners who generously donated boats for the Adams Cup event.

The annual Red Flannels regatta hosted by Fleet 5 out of Chicago, IL was sailed in perfect conditions on Saturday with four races completed. Sunday's racing started out normal; however, by the second race, the winds had increased to what normally is expected at this regatta, 25-30mph. Matt Fischer of Westerville, Ohio won the regatta, Bill Faude of Chicago was second. David Stix and Pauly Wurtzbach both from Chicago

### NEW ENGLAND DISTRICT

District Champion . . . . . Andy Horton

Fleets: Centerboard Yacht Club 14; Merrimac  
River 121; Spofford Lake 145; Annisquam

Yacht Club 151; Marblehead 189; Lake  
Massabesic 273; Chequesset 280; Lake  
Champlain 301; Squam Lake 332; Bow  
Lake 493

The season opener for New England was a clinic directed at some of our newer lightning sailors held at Lake Massabesic in mid May. Sessions included boat tuning, sail trim and crew work plus on the water starting practice. Some of the more experienced sailors in the district graciously shared their knowledge and experience. Ken Deyett gets kudos for organizing the event and a big thanks goes to Bill Fastiggi who conducted most of the sessions. Reaction from participants was very positive.

The Districts were sailed at Mallets Bay in Burlington, VT, always a favorite spot. The Women's, Juniors and Masters were held on Friday, July 9th. The Women's has had spotty participation in the last few years but, was a hotly contested event with 5 competitors. The women spent several weeks prior to the regatta practicing, contributing to the excitement. Congratulations to Joan Shannon, Kika Bongor and Marci Milton for their win. Masters Champion is Fritz Horton with Stu Nickerson and Lisa Brauer as crew besting a 6 boat fleet. Fritz was a last minute stand-in for John Hughes who had to cancel at the last minute. Dave Adams with Pike Serverance and N. Kotsatos captured the Junior title.

The District Championship was to be sailed on Saturday and Sunday but after several squalls forced the cancellation of Saturday's races the event was contested on Sunday in the inner harbor. The mid-year meeting was held in lieu of Saturday's races as well as a seminar on boat handling conducted by John Singen utilizing the class video featuring Matt and Greg Fisher and Joyce Ferguson. John Singen was able to video Sunday's races and the tape is being circulated around the District by Pat Zachary. District Champions are Andy Horton, Bill Fastiggi and Heather Rowe. Congratulations to all!

New England is particularly proud of Andy Horton and his many accomplishments in 1999. In addition to District Champion he was first in both the Pan Americans and the North Americans. We wish him luck with his Soling Olympic campaign and will hold him to his promise to return to Lightnings in the future. Congratulations to Andy, Heather Rowe and Bill Fastiggi on their Pan American win.

A report by the New England fleets at the winter meeting demonstrated that some fleets are strong and growing while others are struggling to maintain membership. I would like to extend a hearty welcome to some of our new members: Art Cunningham, Mark Dieselman, Scott McBurney and Ben, Karen and Triss Wallace. There are rumors afloat that Heather Rowe and Tim Ambrose, long time lightning crew from Mallets Bay are purchasing a boat. We look forward to competing with them and all the new and old sailors in the coming year.

*Lisa Brauer*

## NORTHERN IRELAND DISTRICT

District Contact . . . . . Raymond Killops

Fleet: Killyleagh 427

No Report.

## OHIO DISTRICT

District Commodore . . . . . Kay Varley  
District Secretary/Treasurer . . . . . Don Schregardus  
District Champion . . . . . George Fisher  
Ohio Governors Cup . . . . . Kurt Andrews

Fleets: Indian Lake 23; Leatherlips 27;  
Turkeyfoot 33; Pymatuning 36; Rocky  
River 71; Mansfield Sailing Club 150;  
Atwood Yacht Club 212; Cowan Lake 303;  
Hoover 353; St. Mary's 400

The Ohio District kicked off its activities with its planning meeting in February at the "Elephant Bar" in Columbus Ohio. The meeting was well attended with Matt Fisher talking about the North Americans and providing tips for making the Lightning go fast.

The racing season started off great with the PYC Spring Classic. This regatta is always one of the best with many out of District boats showing up to do battle with the Ohio fleet. This year 38 boats participated in the regatta. The winds started out light but by the end of the first day gusts were over 20 mph and crew work was critical. On Sunday the winds were a more

steady 10 to 15 mph. The races were very close with different boats at the top of the fleet each race. The winner of the 99 Spring Classic was Bill Faude, with George Fisher in second, and Jody Swanson in third. A special thanks goes to Anheuser Busch for sponsoring the regatta this year, their donations helped fuel the Party Friday night and kept spirits high throughout the weekend.

The enthusiasm from the Spring Classic carried over to our next regatta the Windshift Regatta at Leatherlips Yacht Club in Columbus Ohio. With 16 boats, this was the largest turnout for this regatta in recent memory. As the name indicates, winds were light and shifty with success dependent on finding the best wind. On Saturday two races were held but racing ended somewhat prematurely when a lightning storm moved through the area in the late afternoon. The party and dinner on the deck Saturday evening was unaffected by the weather with everyone having a good time. On Sunday, the race committee was able to get in three more races in the light conditions. Tom Varley, Dave Gall and Kurt Andrews took the top three places.

The Independence Day Regatta at Pymatuning Yacht Club was the next District event this year. Saturday morning brought light and shifty breezes for the 18 boats that participated. Matt Frymier got out to an early lead and was able to maintain it throughout the race. Two more races followed with thunderstorms moving into the area in the afternoon. Saturday night brought the famous cocktail party and dance, spiced up with thunderstorms and fireworks. Sunday brought similar shifty conditions. In the end Matt Frymier won the regatta with Dave Werley in second and John Werley 1 point behind in third.

The Ohio District Championship was hosted by Cowan Lake Sailing Association this year. Tom Varley received his new Allen hull and new sails less than a week before the regatta so he was still adding gear the morning of the regatta. With 24 boats participating, racing was very close with many boats grouped closely together. The starts were especially competitive, with several general recalls on Saturday as several boats were over the starting line early. The Saturday races were videotaped by Matt Fisher and there was a very helpful discussion of boat trim and tactics after the days racing by Matt. Of particular note was the extraordinary gymnastics of Tom Varley to avoid capsizing at the crowded gybe mark when a strong puff came across the course. This clip was of course replayed many times for the benefit of the crowd. A total of five races were sailed for the regatta with George Fisher beating James Taylor on a tie breaker. Dave Gall finished third. A short district meeting was held before awards were presented. Kay Varley was elected Commodore and Don Schregardus elected Secretary/Treasurer.

Indian Lake held their Stumpbuster regatta August 7 and 8. Twelve boats enjoyed the nearly ideal conditions with winds 5 to 18 knots on both Saturday and Sunday. Jim Taylor sailed this regatta liked he owned it, winning all 4 races. Kurt Andrews took second and Tom Glaven and Dave Gall tied for third. The winner was given the customary dunking for new champs. It was a beautiful weekend with good food, good weather and good friends.

Atwood Yacht Club hosted the Harvest Moon Regatta for multiple fleets in it's customary fine style. The wind was light and shifty (as usual) but the competition was excellent and the party was great. The top three boats Kurt Andrews, David Gall, and Tom Varley, battled back and forth throughout each race and the regatta. In the end Kurt Andrews won by a tie breaker, Dave Gall was second, and Tom Varley was only one point behind in third. Sailing in light conditions takes patience and focus and these three teams did a great job. Atwood Yacht Club again did a great job hosting the regatta.

Mansfield Sailing Club hosted its forth annual Bare Bones Regatta at Clearfork Reservoir on September 18 and 19. Twelve sailboats participated in the two-day regatta which was won by Tom Varley and crew from the Mansfield Sailing Club. The weather was beautiful, but the very light winds delayed some of the races while the Race Committee waited for the wind velocity to increase. Kurt Andrews took second place while Jim Stone was third. For those that arrived on Friday, a pre-race party was hosted in Varley Valley, in Beliville, Ohio complete with bonfire, hot dogs, roasted marshmallows and lots of sailing stories. Many of the skippers camped out in the valley, so the party made them feel right at home. Saturday's dinner was cook-it yourself steak and chicken, with side dishes and desserts provided by the members of the host club. The Bare Bones Regatta is held on a beautiful lake, but is aptly named because of the Spartan nature of the physical comforts on shore. This year the Club put in a new driveway and extended the launching ramp, which greatly facilitated getting the boats in and out of the water.

The Buckeye Lake Snowball Regatta was held the following weekend. Fifteen sailboats participated on this gray but windy weekend. The racing was close with Rob Ruhlman taking first, George Fisher second and Jim Taylor third. Buckeye Yacht Club did an excellent job hosting the regatta. It was great to see many of the fine sailors from Pymatuning Yacht Club make the trip for this enjoyable event.

The last regatta of the 1999 season was the Fall-In Regatta at Cowan Lake. This regatta was especially important this year because the Ohio District Governor's Cup Trophy was still up for grabs. Unfortunately one of the leading skippers, Kurt Andrews, was unable to sail because of a broken foot suffered just two weeks earlier. Thirteen boats participated in this years event which was sailed in warm and pleasant conditions. Mike Thomas from North Cape dominated the regatta, however the final standings were uncertain until the final race. Mike Thomas took first followed by Dan Hertzner and Bill Young.

The Ohio District Governor's Cup was won by Kurt Andrews sailing with Zac Austin and Mike Mirachi. Tom Varley was second by one point and Jim Taylor was third.

The Ohio District was well represented at Lake Carlyle in the 1999 North Americans. Two of the ten juniors boats were from Ohio. Ryan Ruhlman from Pymatuning Yacht Club skippered one boat while Jon Varley from Mansfield Sailing Club skippered the other. We should give these young skippers and their crews a pat on the back as they sailed in more wind, with rougher water than those in the Championship the following week. In the North American Championship Series the Ohio

| October 21-22   | Fall-In<br>Cowan Lake              |

District was represented in the Blue Fleet (Championship) by 4 boats, Matt Fisher, George Fisher, James Taylor, and Tom Varley. In the Green Fleet were Mike Brock and Kurt Andrews. James Taylor, Alicia Kemp, and Mike Kemp won the Thermos Trophy for the best finish of a boat sailing for the first time in the series. Congratulations to all of these fine sailors!

With the sailing season now over, we are already looking forward to sailing in the new "millennium".

| District Secretary/Treasurer . . . . . | Cindy Boone   |
| District Measurer . . . . .            | John Pelosi   |
| District Champion . . . . .            | Bob Harkrider |
| District Runner-Up . . . . .           | Jim Harris    |

Fleets: Savannah 127; Clarks Hill 257; Lake Lanier 348; Catawba 365; High Rock 415; Greater Charleston 429; Palmetto 440; Lake Waccamaw 463; Wake 481; Tennessee Valley 500

This year we had eight district regattas throughout North and South Carolina and Georgia. Overall series results were tabulated by Bill Sloger using the Cox-Sprague scoring system. The overall champion receives the coveted traveling trophy. Then after the last regatta of the season, a drawing for all those who qualify for the overall series (must sail at least half of the regattas) is held and the lucky winner receives a new North jib. The "Spinnaker Sheet" is our district newsletter and Cindy Boone is our editor/treasurer.

*Jim Harris screaming at Catawba*

The first regatta was at Catawba Yacht Club, sailing on Lake Wylie, just south of Charlotte. This is an active fleet with enthusiasts Ron Wright, Richard Johnson and Bill Wiggins to name a few. Jim Harris repeated as champion, with Sam Boone a close second. Next was the High Rock Regatta, north of Charlotte. Always a fun regatta with Cindy and Sam hosting Saturday night's barbeque. Bob Harkrider won the regatta as Jim Harris sailed out of bounds the last race and finished second.

The District Championship was sailed in Augusta, GA this year with six great races over three days. It came down to the last leg of the last race when Harkrider picked right and Harris left. Harkrider finished first, Harris second, Pearce Barden third, Sam Boone fourth with junior sailor Josh Putnam fifth.

The Low Country Regatta in Beaufort, SC was sailed in late June. Harkrider repeated as champion and Richard Waldkirch was second. The Wilmington regatta is sailed in the ocean off the coast of North Carolina. CYC Commodore John Sawyer hosted the welcoming party on Friday night and Saturday night was spent relaxing on the porches of the yacht club overlooking the ocean and the sunset. Windy conditions both days created plenty of wipe outs as Carter Utzig tasted the salty water. Lenny Krawcheck is top notch in heavy air and sailed easily to first, Barden was second and local sailor Steve Johnson third.

Five SELD boats attended the North American Championships in Lake Carlyle, IL. Lenny and Bob qualified for the Championship fleet and finished 19th and 31st. The Presidents Cup was sailed by Harris (6th), Sloger (10th) and Barden (11th).

## SOUTHEASTERN DISTRICT SCHEDULE

|                           |                                     |
|---------------------------|-------------------------------------|
| June 2-4 . . . . .        | DISTRICT CHAMPIONSHIP<br>Wilmington |
| June 24-25 . . . . .      | Low Country Regatta<br>Beaufort, SC |
| July 8-9 . . . . .        | Oriental Sailing Social             |
| July 29-30 . . . . .      | CYC Open<br>Charleston, SC          |
| September 9-10 . . . . .  | Augusta Invitational                |
| September 23-24 . . . . . | Lake Waccamaw                       |
| October 7-8 . . . . .     | Atlanta Cup<br>Lake Lanier          |
| October 28-29 . . . . .   | Borderline<br>Kerr Lake, NC         |

Next came Waccamaw, an inland lake just west of Wilmington. Jim Harris finally got the best of Harkrider and was first, with Bob second.

The Atlanta Cup is sailed at Lake Lanier, just north of the city. Some close racing brought Lenny to first, Harris in second and Bill Hofmeister in third. The last regatta was the popular Borderline, sailed on Kerr Lake on the border of North Carolina and Virginia, just north of Raleigh. John Pelosi, Ed Michels, Michael Rees and Ned Nutt are a few sailors from the Kerr Lake Fleet and they do a great job of hosting this regatta. Cold and windy, but fantastic racing and stiff competition. Tom Allen, Jr finished on top with George Sipel and Brian Hayes second and third. Harkrider was the first SELD sailor in sixth followed by Harris in seventh, Barden (8th), John Pelosi (9th), Waldkirch (10th) and promising junior sailor Stan Hashinger (15th).

The race for overall district series champion came down to the last race of the last regatta, but as it seemed all season, Bob Harkrider pulled it out in the end. Overall results using the C-S scoring were as follows: 1. Harkrider (0.935), 2. Harris (0.929), 3. Barden (0.869), 4. Pelosi (0.807), 5. Waldkirch (0.788), 6. John Sawyer, 7. Tom Wynn, 8. Bill Sloger, and 9. Avis Bridgers. John Pelosi won the drawing for the new North jib. All in all it was a great season here in the Southeast! We look forward to seeing everyone in 2000!

Visit the Southeast Lightning District (SELD) Website at <http://members.aol.com/jahcsh/index.htm> for the district schedule, results, newsletters and more. This year was the first for our website, created and maintained by our webmaster Connie Harris.

Fleets: Lac de Neuchâtel 169; Sempacher/Hallwiler/  
Vierwaldstätter/Greifensee 250;  
Murtensee 358

1999: End of the Millennium.

The Swiss District's turn for the European Championship.

This year, the Europeans have been organized by the Sailing Club of Murten. The first preparations began under the snow and all was perfectly done. Many thanks to the organizers who did a really great job. Good participation with 11 Swiss boats! The attraction of the Europeans in Switzerland has drawn five new crews to join the class for this event, welcome to the Lightning Class and we hope to see you again next year!

The old bastion of the Swiss Lightning sailors did accept the challenge to organize and participate at the second European Masters Championship. A masterpiece of efficiency organized in one month and managed on the water with a reduced staff of 5 people !!

Bravo et merci à Claude, Jean-Pierre, Philippe, Gilles, Jean-Claude, Renaud and Pierre-André.

### National activity:

As last year, our spring regatta was held in Sempach. A good participation of 7 boats to race on the 8 of May. This year, the wind was a little better and we could sail two races. Maybe three or four next year ?!

Two crews have participated in Neuchâtel at the "Semaine du Joran"-Regatta to train crews for the international regattas.

Neuchâtel 16/17 October

Six boats at our District Championship in Neuchâtel held by our traditional "Fondue" regatta with an appreciated come-back of the Milan crew.

We have regretted the absence of our Vice-President Gilbert Despland during all the season because of a long illness. Our best wishes of recovery and hope to rendezvous next year on the water again.

A very good season 00, welcome in the next millennium !

*Jacques Perret*

Following the 60<sup>th</sup> Anniversary Regatta hosted by Lightning Fleet #1 in 1998, we all took a year off from planning and supervising regattas. We saw increased participation from several fleet members in local sailing events, including perfect attendance by Bent Thomsen (#10679) in our biweekly interclub series on Skaneateles Lake.

The 1999 season got off to an inauspicious beginning as a line of severe thunderstorms forced cancellation of the July Fourth weekend's sailing activities. That makes two July Fourth weekends interrupted by rain. Who knows what the summer of 2000 has in store?

We hosted a very successful First Annual Invitational One-Day Regatta in September, which saw 19 CNY District boats participating in fresh fall breezes and all Fleet #1 entries finishing in a tight cluster (#11-14). Enthusiasm was high for continuing the event in 2000.

Unfortunately, Fleet #1's Elder Seaman, Frank Haas (#11154) suffered a dismasting which cut short his racing. He has already repaired his mast and is looking forward to next year's regatta. Frank will be 88 next year.

In June, Mike Yates (#378) represented Fleet #1 in the annual Champaign Regatta at Keuka Lake. In August, Mick Barnes (#10705) traveled to Onondaga Yacht Club for their annual one-day invitational.

The Junior Sailing program at Skaneateles has been rebuilding over the past three seasons. This year, our instructors (each of them not much older than the students) were a great resource for Race Committee and crew member support for Fleet #1. We hope to get them each a turn at the helm and introduce them to the exciting side of Lightning sailing next year. Look for a new crop of Skaneateles Lightning sailors on the race course in the new millennium!

Fleet #5 local racing was a little light in 1999 with a couple of skippers distracted by growing families and others by changing jobs. Our perennial top finishers took the fleet trophies again this year. Detailed race results are available at:  
[www.corinthian.org/lightning](http://www.corinthian.org/lightning).

The season finished with 24 boats racing for a two day Red Flannels event. This year the regatta offered a variety of moderate to heavy winds, offering a thrill to those eager for an end of the season event to challenge them one more time! Even our winner, Matt Fisher was glad to take cover in the club when a race in 28kts was shortened to 3 legs.

Competing beyond the confines of our little pond, Dave Stix, Martha Cushman, Adrian Irving and 4th place finisher Paul Wurtzebach took their show on the road to the North American Championships. Congratulations to Paul and his crew Doug Nickel and Paul Hinze! Wurtzebach and Stix took a second shot at the big time with a trip to the PanAm Game Trials as well.

photos by Bonnie Hawkins

The lake is not frozen yet, but Fleet 5 has cleared the deck for winter bowling. What better way to keep up the camaraderie than to put back a few cold ones over some gently competitive bowling! For the bowling junkies, we're on the web.

## HOUSATONIC BOAT CLUB FLEET 6

Connecticut/Rhode Island District  
Sailing on Long Island Sound  
Stratford, Connecticut

|                      |                    |       |
|----------------------|--------------------|-------|
| * R. Neil Hayes      | WOODY              |       |

| * Brian Hayes        | Mutant Black Sheep | 14947 |
| * Edward "Bud" Olsen |                    | Life  |

Fleet 6 was one of the first Lightning fleets activated and, although we have no fleet races, we are active throughout the region and country representing the HBC and the CT/RI District. Neil got "Woody" sailing a few times this year including the Districts at Madison Beach Club where, after missing the 1st 2 races (the seams opened on the hull from heat and the boat was actually sinking!!) they managed a couple of good races including a top 5 in race 3.

Brian found time to sail the Southern Circuit (5th overall, 1st at St. Pete), Districts (3rd), ACC's (2nd), North American's (9th) and Borderline (3rd). Our fleet will most likely continue to be small but our families are growing. R. Neil III and Claire want to start sailing with their dad on "Woody" real soon and Olivia is expecting a baby sibling in December 99. We hope everyone has a great sailing season in 2000.

Brian Hayes

Photos- Onondaga 1 Day Regatta

above- Jerry Dodge (Sodus, NY) leads Jesse Miller (Ithaca)

below left- We'll convert 'em to Lightnings yet! Gary Klink at the helm with Commodore Ron Barry and fellow Laser sailor Ron Higgins crewing.

This was a second "building year" for Lightning sailing on Onondaga Lake in Central New York. An added bonus is the continuing effort by local officials to clean up long standing pollution in these once beautiful waters. Our one day Lightning Invitational Regatta was held on August 28th with a turnout of 12 boats. Several other skippers had planned to come but were swept away with vacation or back-to-school plans. We also managed to shoehorn two local Laser sailors and the club commodore into one of our Lightnings. With three stubborn skippers in the boat, we guessed that tacks occurred only after rounds of "rock, paper, scissors"!

The weather was perfect with sunny blue skies and winds of 6-10 in the morning building to 12-18 in the afternoon. Dick Hallagan wrested the win from Jed Dodge during the final race. It was a great event and we look forward to a larger turn out next year. Next year's regatta will be held on Saturday, August 26th, 2000 with six races planned; come join us!

The fleet added two boats this year. Chip and Alice Melvin bought Gorton Cook's #13684 right after the one day regatta, and Craig Thayer picked up #13154 from North Carolina for use as a fleet boat. The fleet ran a successful campaign to recruit people interested in crewing and hope some of them choose to become

Lightning owners next season. The fleet is planning to organize a summer sail school to assist in promoting junior and Lightning sailing. As with many clubs, we had some difficulty getting a regular turnout for weekend races, but the Lightning fleet also rounded out many a handicap race with other classes of boats. A weeknight series is definitely on the books for next season. It was a great year for the fleet and we look forward to more fun in 2000.  
*Len Phillips*

| * George Madel   | Byken       | 14722 |

Fleet 16 races every Saturday from Memorial Day weekend through Labor Day weekend, with two races scheduled most Saturdays. The 'COLD DUCK' trophy is sailed for on Memorial Day Saturday and this year Andy Hayward came in from central Pennsylvania and easily won the trophy.

The regular season is split into three series and the fleet championship is based on the total season results. The first series is the Folwell series. Only four of the scheduled eight races were sailed due to lack of wind and Heinz Kornmann with crew Kathy Schneider and Ash Scache won all four races to easily win the series. George Madel was second and Sandi Scull was third.

The second series was the Miller series which was closely contested with George barely beating Heinz. George's crew was his two 14 year old grandsons Bill and Matt Madel. In third place was Brian Williams with crew Jason Parsegian and Christy Roulston.

The final series was the Baron series which was won by George with Brian second and Sandi third. Sandi's crew consisted of regular Deni Morgan and either Jeane Bice or Al Thomas. The total season results had George first, Heinz a close second and Brian third.

The Saturday of Labor Day weekend is for crew races where the crew gets to steer. Three races were run and the final results had Bill Madel first, Ash Scache second, and Al Thomas third.

On September 18 and 19 we hosted the Pennsylvania Governor's Cup regatta. 21 boats showed up for a good weekend of racing. The results were reported in the Flashes.

Jeane Bice and Ash Scache bought boats at summer's end and we expect to see both of them on the starting line next summer. We hope Andy Hayward will also find time to join our Fleet.

George Madel

| * Richard T. Miner | Hawkeye | 14607 |

The Lake Mohawk Yacht Club ended the millennium with it's 61st season of racing. Tune up races were scheduled for May 9, 1999 followed by our first two races on May 16, 1999. Unfortunately, a severe rain out on May 23rd and lack of wind on May 28th resulted in abandonments but June brought better weather and good air which allowed the Anderson, Jelinek, Miner and Okner boats to compete. There was a severe thunder and lightning storm which came up suddenly on June 13th, however, we were able to get in one race before the downpour came.

The Fourth of July heralded in the combined Gabor Cup and Marine Base Regatta, followed by our second annual family barbecue. The day's events concluded with a terrific view of the fireworks from our own docks. The regatta seemed more of a Laser event, but the ever faithful Tomato Sloop capably represented Lightning fleet in the races. The Spring series ended on June 25th with Rich Miner in first place and Don Okner in second place.

The Fall series commenced on August 1st and welcomed back some familiar faces. Monika Holbein, who has been living in Germany for the past year, crewed for John Marx and Tomato Sloop welcomed back last year's "Crew of the Year" Jim McMahon, who has had been on assignment in Anchorage, Alaska for the better part of the season. The beginning of the month was slow, due to vacations, etc., but things picked up later in August. The Lightning fleet welcomed the return of Bill Warren and Perry Anderson.

On September 5th, the Commodore's Cup Regatta took place in light to moderate rain. The wind was 5-10 out of the NNE and among the trophy winners was Perry Anderson. During the evening hours after the regatta, Commodore Hank Hitpas and his wife Joan hosted a cocktail party at their home. This was a terrific event and a great way to end the day.

Our official sailing season ended on October 10th with the

Fleet Champion Rick Miner with his winning crew;  
Lorraine Oeters (left) and Gail Miner (right)

Lightnings squeezing in two final races in light rain and good wind. Despite the drizzle, Sub Lime and Tomato Sloop went head to head with Rich and Gail Miner graciously serving as race committee. Hank Jelinek and his crew, Ditti Holbein and Rick Brown were all smiles after winning a tacking duel at the finish of the first race. This only served to spark on Tomato Sloop with crew Jim McMahon and Bob Snowflack, for revenge in the second race.

The Fall series ended with Rich Miner taking first place, Perry Anderson in second place, Don Okner third and Hank Jelinek fourth. As a result of his outstanding performance in the season, Rich Miner earned the title of Fleet Champion for the third, consecutive year. Congratulations go to Rich and to his steady crew, Gail Miner as well as his newest crew member, Lorraine Oeters.

Our year concluded with our awards ceremony which, for the first time, took place at a brunch which was held at the Lafayette House on November 21st. At that time, trophies were awarded to all who placed in the final standings. One of our very special awards, the Ed Syracuse Sportsmanship trophy, went to Gail Miner, for her efforts as the instructor in our first women's sailing program.

We look forward to our first race in Y2K in which Rich Miner will serve as our first commodore of the new millennium.

*Don Okner*

## **LITTLE EGG HARBOR FLEET 26**

| * Caroline Hoedemaker | Phantom         | 14634 |
| * Mark Schneider      | Redemption      | 14840 |

There was a full program of club, inter-club, and regatta sailing for the Lightnings based at the Little Egg Harbor Yacht Club this past summer.

In addition to this, a special effort was made to interest the teen-aged sailors graduating from our Optimist Pram program in the Lightning. On several Saturdays, these young people raced Lightnings on our senior course. They had their own start with the E Scows and Cat Boats. One strong adult went in each boat to help in case of an emergency. The kids really managed quite well, even in winds well over 15mph.

There were twelve boats from five different clubs at our Invitational Regatta on the weekend of August 14th. The weather was clear and sunny with winds between 10 and 15 mph. Jack Elfman, representing the Surf City Yacht Club, won the series

*Little Egg Juniors prepare for start.*

with three first place finishes. There was a three way tie for the second, third, and fourth place positions which was broken in favor of Caroline Hoedemaker, Mark Schneider, and Hugh Hutchison.

In addition to the racing program Lightnings were also used for the youth cruise to Tuckers Island and the ladies Thursday evening sailing program.

A family oriented club, the Little Egg Harbor Yacht Club has a strong dedication to sportsmanship as well as sailing excellence. Based on the southern tip of Long Beach Island we are blessed with an excellent deep water course, and a strong prevailing southerly breeze. Come and sail with us sometime.

| * Kurt Andrews          |              | 14897 |

1999 was a great year, but first let me start out by apologizing to Eric Brandt for leaving his name out as being our Club Champion in 1998. Eric's crew were father and daughter team, Jim and Stephanie Thompson. Congrats Eric and team! And congratulations to Kurt Andrew and team for 1999!

Fleet member, Dan Hertzner served as Commodore of our rustic yacht club for the 1999 sailing season. Once again Dan and the Lightning fleet were instrumental in accomplishing many clubhouse and dock improvements around Leatherlips. Because of our fleets' hard work, the wind god's and goddesses blessed Leatherlips, and 1999 proved to be a memorable year for wind. We did however, miss our spring rains and by the end of the sailing season central Ohio was suffering a serious drought with water levels lower than many members had ever seen. Hopefully the situation will improve for 2000.

The Leatherlips sailing season started with the Windshift Regatta the 2<sup>nd</sup> weekend of June. We had a record number of boats with 16 participants. The Varleys took 1st place with 17 points. Dave Gall with crew Dan Gall and Julie Moore came in 2<sup>nd</sup> at 23 points and Kurt Andrews came in third with crew Zach Austin and Mike Mararchi with 26 points. It was one of our better Windshifts because we actually had a little wind for a change! The last race Saturday afternoon was abandoned when lightning started flashing around the Lightnings! Jeff Pugh reported sparks flying out of his shoes while he was holding the boom, so thanks to the race committee for abandoning the race just in the nick of time! Thanks to fleet members for working

Eric Brandt with crew Stephanie and Jim Thompson rounding weather mark at Windshift Regatta.

hard to host a nice regatta and thanks particularly to Don Schregardus for giving up his last race on Sunday to pay for the delivered pizza's for lunch. That is a nice guy! Everyone is invited to attend the Windshift the 2<sup>nd</sup> weekend of June in 2000. Leatherlips may not be the greatest of sailing waters but you will have challenging competitors, challenging conditions and a lot of great racing talk after the races.

Tom, Kay and Jon Varley at the Windshift Regatta  
photos by Jeffrey Janney

Information regarding which fleet members attended which regatta's was not easily forthcoming for the 1999 sailing season. I guess our fleet members are too humble to keep track of their achievements, so I will do the best I can to mention their achievements for them and I hope I do not leave out too many people!

The Ohio Districts were hosted by Cowen Lake Sailing Association in Wilmington Ohio on July 9 - 11<sup>th</sup>, 1999. It was a beautiful sailing weekend with 24 boats competing. Leatherlips participants were: Kurt Andrews, Zach Austin & Mike Mirarchi placing 8<sup>th</sup>, Dan Hertzner, Don Schregardus & Karla Varley placing 11<sup>th</sup>, & Dave Racine, Christina Hedrick & Karen Johnson placing 20<sup>th</sup>. Dave was skippering Christina's old boat and he took home hardware for placing highest in his first Ohio District Championship. We are still trying to get Dave to officially join Leatherlips, he thinks he is our fleet mascot or something! Come on Dave! The Ohio District Sportsmanship Trophy was presented to Zach Austin for his never ending and tireless contributions to the Ohio District events. I really don't know what we would do without him!

The Harvest Moon Regatta hosted by Atwood Yacht Club was in August. Leatherlips racers were: Kurt Andrews placing 1<sup>st</sup>, Dan Hertzner placing 4<sup>th</sup> and Don Schregardus placing 7<sup>th</sup> out of 8 boats. Crew names were not available which is sad because without them the skippers could not have competed.

The Bare Bones Regatta hosted by the Mansfield Sailing Club took place on September 18-19, 1999. Leatherlips racers were: Kurt Andrews, Zach Austin & Mike Mirarchi placing 2<sup>nd</sup>, Eric Brandt, Stephanie Thomson & Josh Lehman placing 4<sup>th</sup>, and Don Schregardus, Stan Fuller & Kathy Fuller placing 7<sup>th</sup>, out of 12 boats.

Fleet 27-  
Leatherlips

Annual Lobster  
& Clambake

Skippers,  
Crew,  
Family,  
&  
Guests

The Snowball Regatta hosted by Buckeye Yacht Club was the first weekend of October. Dan Hertzner, with crew Marti Hertzner and Karla Varley attended. I do not have results. New Leatherlips member, Chris Varvarosky sailed his boat which he had just purchased from Georgia the week before. Christina Hedrick and Karen Johnson crewed for him after talking him into racing this regatta. They officially welcomed him into the Lightning Class by helping him capsize in the second race going upwind! Chris Varvarosky, or Norm as the Pymatuning group calls him, was heard repeating while racing, with all heck breaking loose "This is exciting". He really likes his new boat and Lightning racing.

The Fall-In-Regatta hosted by Cowen Lake Sailing Association was October 16-17, 1999 in Wilmington Ohio. Dan Hertzner, Karla Varley and Cathy Hendricks placed 2<sup>nd</sup> and Eric Brandt, George Auer & Josh Lehman placed 7<sup>th</sup> out of 13 boats. This race was a nail biting event for Kurt Andrews, Tom Varley and James Taylor, as they were all very close in points to winning the Ohio Governors cup. Kurt Andrews ended up winning the Governors Cup for the 1999 sailing season even though he could not compete at Cowen because he broke his foot while dirt biking at the Mansfield Regatta in September. Kurt swears he was not nipping too much brew when he broke his foot, but it was the end of the regatta after all so that is a little hard to believe!

Kurt Andrews, Zach Austin and Mike Mirarchi attended the North Americans at Lake Carlyle in August. I think they were disappointed in their standings due to a lot of equipment failure but hey, they went and had fun. I also believe Eric Brandt's crew, Stephanie Thompson crewed on a boat for the Junior-racing event. Stephanie is becoming a great sailor and had a lot of fun at the North Americans.

Christina Hedrick was the only Leatherlips sailor to make it to the Bluenose in November. As usual the Nashville group threw a good party but for the first time in five years there was little to no wind which made racing very difficult. Hopefully more Leatherlips sailors can attend in 2000. As usual the Leatherlips group were quite the road warriors in 1999.

Almost all of our skippers sailed locally this year. This group includes: Kurt Andrews, Eric Brandt, Carl Clipp, Christina Hedrick, Dan Hertzner, George Hodge, Paul Howald, Don Schregardus, Ralph Zimmer, and Rick Ward. Chris Varvarosky, or Norm was one of our new members and Fleet 27 also welcomed John Haney as a new member with an old wooden Lightning, number 7502. Bill Wetley rejoined Leatherlips after being absent for awhile and joined the Lightning fleet again. Welcome Bill.

Eric Brandt and his wife Cindy had a baby boy, Nicholas, in 1999 and Marti and Dan Hertzner's boy, Aaron, turned two. We are expecting these two guys to be competing against each other some day! We are hoping we get to see more of Jamie, Judy and Joey Diamond, Charles Mathews and Harry Minck in 2000.

And FINALLY! The most important members of the boat! Our crew for 1999 were: Zach Austin, Mike Mararchi, Jim Thompson and daughter Stephanie Thompson, George Auer, Dave Norse, Mike Cohen, Charitta Clipp, Paul Howald, Cathy & Scott Hendricks, John Haney, Lightning Class Secretary - Karen Johnson, Ken Hartlaub, Sandy Gill, Debbie Cook, JP Clowes, David Racine, Bruce Goodwin, Chris Varvarosky, Josh Lehman, Stan Fuller, Marti Hertzner, Karla Varley, Don Schregardus and daughter Kathy Schregardus, Christina Hedrick, Hillary Kissel, and Ralph Zimmer. I apologize if I left anyone out.

Thanks to all for a great 1999 sailing season!

*Christina Hedrick*

Lightning Fleet 31 and the Sunfish Fleet 331 are the representatives of the Devils Lake Yacht Club to the other yacht clubs in the state and country. The existence of the fleets is to promote the adventure of sailing to all that aspire and to compete among those who are sailing and among clubs. Respect for the club and recognition among the clubs is through their fleets' competing and award of trophies.

The fleets finished the year with a great regatta held the weekend of the 18th of September. The Lightning fleet had 26 participants and the Sunfish fleet had 35. Jim Allen was the leader and our own Dan Norton was 4th and Hank Hodgson was 8th. Dave Laidlaw and Jeff Clemes, J.R. Smith, Richard Foster and Harry Teets and crew members also represented DLYC. John Morse headed up Fleet 331 Sunfish Regatta, but we do not have any active Sunfish sailors at this time.

The year for the Lightning fleet is broken up into several series of sailing meets. The year's series began with Memorial Day. Hank Hodgson was the winner of that trophy. July 4th was the next series to finish and Hank Hodgson again won the trophy. Stay-at-Home series was the third to finish. It is held for the members who stay at the club while the others are at the Michigan District Championship and the North Americans. The Stay-at-Home trophy went to Dave Laidlaw. Commodore and Captain races series ended with David Laidlaw receiving the Commodore trophy and J.R. Smith the Captain trophy. Hank Hodgson won the Labor Day series. The overall fleet champion was Hank Hodgson, and Richard Elwell was the second fleet champion.

Other trophies were awarded to: Joan Baumgart, Women's Sailing Trophy; Elissa Hodgson, First Mate Trophy; J.R. Smith, Novice Trophy; Tim Ganun, Best Crew Trophy; Most Improved Skipper Richard Foster; Round the Lake Trophy to Larry Niswander; Night Race Trophy to Walter McGee and Gary Marzolf; Wednesday Evening Series went to Richard Foster; Sportsmanship Trophy to Larry Niswander; and the Board of Governor's Trophy to Dave Chambers.

We wish you a fond farewell and hope for your support next spring for the new sailing season. We are planning educational programs for the adults in sailing as well as a junior program. So, keep in mind next spring and sailing.

*Richard Foster*

## TURKEYFOOT LAKE FLEET 33

Ohio District

Sailing on Turkeyfoot Lake

Akron, Ohio

Fleet Captain .....Greg Gray  
Fleet Secretary ..... Jerry Seppelt  
Fleet Champion .....Dale Jackson

|                   |                   |       |
|-------------------|-------------------|-------|
| Dave Mendenhall   | Wood Work         | 8586  |
| Jamie McCleaster  | Limelight         | 10425 |
| * Clem B. Shriver | Red III           | 11123 |
| Carol Mendenhall  | MeMa's Folly      | 11904 |
| * Gregory Gray    | Windebeast        | 13594 |
| * Jerome Seppelt  | Nittany Lightning | 13989 |
| * Dale Jackson    | White Lightning   | 14075 |

The Summer of '99 will always be remembered as the summer the Turkeyfoot Lightning Fleet went day sailing. Many races took place but at any one time most of the boats were sailing in different directions. Once, not planned, we even started a race in two directions, marks to port, marks to starboard, upwind, downwind, the finish was anything but kind....

Dale Jackson day-sailed to Spain, Greg Gray and Jerry Seppelt were the offshore sightseers, Dave Mendenhall had a baby boy, that left Jamie McCleaster and Grandma Carol keeping their Lightnings in race mode. Clem Shriver, the true Lightning Godfather, as usual circled the outside of the race course waiting for the fleet to appear over his transom. It was a season that we all enjoyed, with picnics, dances, fireworks, and formal dinners, but best of all the many days of just enjoying the sail of the day.

| * Joe Buczkowski, Jr. | Hakuna Matata          | 14550 |
| * Brian Taboada       | Jesus Built My Hot Rod | 14589 |
| * James G. Carson     | Fuzzy Logic            | 14595 |
| * Frank Conway        | Crusader               | 14642 |
| * Paul F. Gelenitis   |                        | 14684 |
| * Donald Brennan      | Serai                  | 14692 |
| Keith Taboada         | Country Squire         | 14957 |
| * James G. Carson     |                        | 14960 |

The asterisk (^) above is to denote that George Francis had assistance from Paul Gelenitis, Joe Buczkowski and Rich Eytel, all of whom sailed one or more races in order for Paul's boat to qualify in the series. The Fleet/Club Championship at Metedeconk is not only a test of speed and sailing ability, but how best to cope with recreational sailboats, Bay Head Yacht Club races, power boat chop, and even large commercial sightseeing boats. The Metedeconk River is crowded on Sunday afternoons and all these distractions enter into the tactics required to win races. George and company did an outstanding job to beat a highly competitive fleet. Mitch Hnatt, who was runner-up, had an outstanding local season, also winning the Barnegat Bay Spring and Fall Series, and sailing to a third in the Barnegat Bay Championship series behind Paul Gelenitis and Jim Carson, who combined have won more than half the BBYRA Championships in the last fifty years.

On the regatta scene, Mitch Hnatt and co-skippers Paul Gelenitis, Jim Carson and Greg Kinzel sailed the Southern Circuit, finishing mid-fleet. Brian Taboada, making a rare appearance, won the Long John. Brian, we need to see more of you. Jim Carson had three bullets to win the Metedeconk/Bay Head Tuneup. Mitch Hnatt had an outstanding Districts, winding up second. Mike Hnatt won the Manahawkin Bay Cup. Ryan Bradley traveled to Carlyle for the Junior North American's and finished fifth. Jim Carson, who has not missed a NA's since 1956, was our only representative in Carlyle and managed to make the blue fleet for the first time in five years. Paul Gelenitis and Jim Carson traveled to Ecuador for the Worlds, with Paul sailing to seventh place. Congratulations! In addition, our fleet was represented at Cedar Point Spring Regatta, the Atlantic Coast Championship, the Little Egg Harbor Invitational and the Frigid Digit.

Fleet 34 continues to support the Metedeconk River Yacht Club advanced sailing program by providing instructors and boats. This is an important source of new Lightning sailors and crews with almost half of our fleet made up of former students. We have an enthusiastic core of veterans, more juniors on the way and several other club members interested in getting into Lightnings. Even so, in today's climate of many competing pursuits and conflicts of interest, it is difficult to maintain a high level of participation, particularly in local sailing. Nevertheless, we will keep doing the things that have made our Fleet a visible force in the Lightning Class throughout the years.

*Jim Carson*

The 1999 sailing season at Pymatuning Lake was extremely busy due to the abundance of wind, even during the usually windless months of July and August. Only a few races were cancelled for lack of wind - a sailor's dream. We may have had one "drifter" day. Many of us took advantage of the great wind as we had an average of 10.5 boats on the line each race. The Championship trophy this year went to the David Werley/Rob Ruhlman team with crew members Greg Maras, Jonette Werley and Abby Ruhlman. Second place went to John, Bertie and Tim Werley, with third going to Don Courtsal and crew Carolyn Werley and Debbie Powell. Fourth place went to Vic Maras, John Woodall and Keith Patrick with fifth going to Jack Borland, Anne Borland and Bridget Frymier.

Anne Borland, Bridget Frymier and Jack Borland before a race.

The season kicked off with our annual Spring Classic on Mother's Day weekend. We had 38 boats participate in the five race regatta. Spring is always exciting on Pymatuning Lake - high, shifty winds and 2-3' waves had everyone on their toes. This year's winners were 1st Bill Faude, 2nd George Fisher, and 3rd Jody Swanson.

In Fourth of July tradition, we had our open multi-fleet regatta in which 15 Lightnings participated and sailed five races. Matt Frymier came all the way from San Francisco to sail and win with his sister, Lesley, and PYC junior crew-duo Maegan Ruhlman and Bridget Boyle. Matt was so thrilled to receive the PYC perpetual award, aka the Big Ugly, as was evident by his write-up in the Flashes! If you're curious, come on by PYC next Fourth of July and sail the regatta and maybe you, too, can get a glimpse of the Big Ugly.

Sarah Woodall, Abby Ruhlman, Anne Borland and Rob Ruhlman enjoying a good sailor's tale.

Our club members get together every year on this same weekend and wipe the cobwebs off their Lasers and put them all in the water for our Laser Day. We have a round robin race and have several awards for the participants: Old Salt, Heavyweight, Junior, and Ladies. We have a lot of fun and give the Juniors a chance to make some money by selling lunch.

For the first time in a long time we got together with the Thistle Fleet for a Lightning/Thistle Family Day. We had a mini regatta in which the #1 Rule was "There are no rules" (except the starboard one, of course). We mixed up the races too by fetching balloons worth points, rotating positions within the boat on each leg and other unique sailing antics. We ended the day with games for the kids, a family cookout, and a party in the usual Fleet #36 style.

Members of our fleet traveled to both Cowan for Districts, and Buckeye Lake for the Snowball Regatta. Rob and Abby Ruhlman and Dave Werley held up their end by bringing home trophies from both regattas. And, congratulations go to our fleet members Terry Patrick with crew members Irena Patrick and Martin Powell for winning the First Place Trophy for the B Fleet at Cowan Lake for the Ohio Lightning Districts. The travelling award goes to the Ruhlman's and Dave Werley for making the journey to Ecuador for the Worlds.

*Award winners at the 1999 Spring Classic.*

Labor Day weekend was sparked by the return of our own Trailer Trash Band. This year, the Tonguejacks, Greg and Vic Maras, joined Rob Ruhlman, Gerry Condon, John Dunne, Jerry Balestrino and Lenny Ciccone for a night of musical adventure. They performed after the Commodore's party in front of the entire club and showed us that it is possible to put several Lightning sailors together who have musical talent and have it all sound great! But it was the practice session the night before at Lenny's trailer that brought out the raw talent due to the lack of an organized audience. Talent, apparently, runs rampant in our fleet on many levels. Rumor has it that the Trailer Trash Band featuring the Tonguejacks may make an onstage appearance at our Spring Classic in 2000. This would be something you don't want to miss - and of course, the sailing is great here at PYC in the spring!

North Cape Yacht Club is home to Lightning Fleet #42. We race our Lightnings on Tuesday night as Wednesday is dedicated to big boat sailing. Most of the Lightning sailors participate in both evenings.

*Fleet #42-  
Party to plan our bid  
for the 2002 NA's*

Our big Lightning regatta is held in May and draws sailors from Illinois, Ohio, Indiana, Canada and all over Michigan. It really is wonderful sailing out of this site.

Our fleet is young in years since reactivation as well as the age of its active sailors! We also have two Michigan District Officers in the fleet.

We had another great sailing season on Silver Lake, although most Sundays this summer we would have liked to have had more wind. We are consistently seeing a good turnout and competitive racing and hope to have a couple of new members next year. We also have many young crew and hope to get them involved in a youth sailing program next summer.

Results from our 1999 summer racing schedule:

|                      |   |                |

|                      | 3 | Mark Dadd      |

We hosted 18 Lightnings at our annual Harvest Regatta in September. We finally got our wind (did we ever!) on Saturday. Ten of the 18 capsized at some point that day - some more than

once. Being the good hosts that we are, Silver Lake boats accounted for most of the capsizes. It blew around 20 with stronger gusts and monster wind shifts - made for great spectating! The dinner Saturday night was great fun as always. Sunday things were a little tamer, and to no one's surprise, Tom Allen Jr. won the regatta again, this year with Larissa Cox and Dave Copestick as crew. Matt Simpson from Toronto finished 2nd with his hot-shot crew of Trevor Wallace and Dan Sprague. Skip Wilday from Cuba Lake (another perennial trophy winner here) finished 3rd with Greg Buckley and Jamie Phillips.

And finally, our congratulations to our commodore, Dave Nasca, and his bride, Gail Hoffman, on their wedding this summer. All the best to them!

*Lora Grinder*

Fleet 50 experienced another great year of Lightning sailing on the Potomac River just south of the Reagan National Airport at the Washington Sailing Marina. This year's program was especially diverse. Activities ranged from informal fun racing on Wednesday evenings during the summer to more serious competition on Sundays during the spring and fall. Pleasure sailing, cruising - yes, on a Lightning - and more were also mixed in.

The well oiled racing team of Stuart White, Sondra White, and Kurt Raidy clinched the coveted 1999 Fleet 50 Championship on the last day of racing edging out Frank Gallagher and his irregular crew - Helen Morris and Steve Dutcher toward the end of the season - were Runner-Up. Nabeel Alsalam's team of Michael Gildea, Brian Hung, and Scott Bradford stole third from Jim Dillard/ Nelson Pemberton with Dave Thompson on the last day, also. John Butler who is always fast but could not sail as regularly as the others was 5th.

Before summarizing our diverse activities this season, several people deserve special mention. Nelson Pemberton, who normally is crew for Jim Dillard, took over the helm when Jim jumped ship, and did extremely well. Not only did he sail well, he came out for almost every fleet 50 race. This year also saw three almost new skippers really jump into our racing activities with gusto. They were Pat McGee, Paul Maher, and Jeff Storck. Joe Warren did a great deal to bring in new crew by working the alumni list from the J-World Sailing School. Some of the new members this year who crewed regularly for our skippers were Kay Vakerics, Michael Gildea, Brian Hung, and Scott Bradford. John Hart and Susan Kaufman could always be counted on to help run race committee.

**FLEET 50 ANNUAL MEETING:** The season began in February with a winter social and short business meeting hosted by Sandra and Stuart White at their home in Arlington, Virginia. Over thirty skippers, crew and family members enjoyed a delicious meal coordinated by Linda Pyle and Sondra White.

**"DOC" GILBERT POTOMAC CUP REGATTA (May 1-2, 1999)** attracted stiff competition from our East Coast fleets. Twenty-two boats participated in heavy, boat busting winds on both days. Phil Grotheer from Severn Sailing won the event with Dick Hallagan of Newport, NY, second. The Riverton fleet brought five boats and provided tough competition. Others who travelled a long way to come were Jack Jones who came from Henderson Harbor, NY and Chandler Owen from Nashville, TN. Chandler was sailing 11737, Doc Gilbert's boat. Frank Gallagher managed the best Fleet 50 performance with a 10th place finish. Nabeel

Alsalam started the first year of a planned 3-year stint as Regatta Chairman.

*Nabeel Alsalam, Michael Gildea and Brian Hung get ready to douse the spinnaker at the Potomac Cup.*

**SPRING SERIES:** The Potomac River Sailing Association, our home club, conducted fifteen races over a six-week period. Participation was sporadic with the exception of Dillard, Alsalam, and Gallagher. Team Dillard, Pemberton and Thompson won the series with team Alsalam, Gildea, and Hung second.

**PRSA SUMMER:** On Wednesday evenings in July and August we had informal short races in the lagoon-as many as 6 or 7 each evening. The races put a premium on good starts and staying clear of the 20+ Albacores, Interlakes and Hamptons who joined us. The weather was beautiful and the winds light. Paul Maher, Nabeel Alsalam, Jeff Stork, and Dave Pyle were frequent participants.

**ATLANTIC COAST CHAMPIONSHIP (ACC):** Eleven Fleet 50 skippers competed among the 59 Lightnings that came to Annapolis, Maryland. Jim Dressel had two 2nds and ended up 6th. John Butler started off slowly but had a 5th on the second day.

**SPECIAL OLYMPICS:** Frank Gallagher, Nabeel Alsalam, and Dave Pyle coached Special Olympics sailors in fun races on six Tuesdays in July and August. These sailors are truly special. One blind sailor learned to steer the boat by the feel of the wind on his cheek-a skill that would make us all better sailors.

**DILLARD INVITATIONAL CRUISE:** Jim Dillard continued his long-standing tradition of overnight cruising and exploring rivers around the Virginia and Maryland area. During the last three days of August three Lightnings cruised from Lewisetta, VA near the mouth of the Potomac River 40 miles up-river to the Route 301 Bridge. The boats pulled out a few days before hurricane Cindy passed through.

**LEUKEMIA/PRESIDENT'S CUP:** Team John Butler, Skip Hirsch, and Tom Mack turned in the best Fleet performance and

ended up third, losing the tie-breaker for 2nd place overall. Team Stuart White, Sondra White, and Kurt Raidy were 3rd in the Leukemia Cup after the first day of racing. Phil Grotheer from Severn Fleet won both Regattas. Fleet 50 was proud to participate in this large fleet sailing event, which raised in excess of \$30,000 for the Leukemia Society.

**RACING SEMINARS:** This year several racing seminars were held under the leadership of our Fleet Secretary, Nabeel Alsalam. The first one was a dry land demonstration of spinnaker technique, the second a video tape discussion of starting techniques followed by an on-the-water practice session. The third was a leeward mark rounding discussion followed by on-the-water practice. Handouts were provided and new skippers Paul Maher, Jeff Storck and Pat McGee participated regularly. Improvements in boat speed were evident in the fall series.

*New skipper, Pat McGee, went for a cold swim in early May at the Potomac Cup and he kept coming back for more!*

#### **PRSA FALL SERIES:**

Nineteen races were held on six Sundays from September to October. Great warm and sunny weather with relatively light winds surprised us all. Participation gradually increased during series ending with 8 boats in the final race. Stuart White had great boat speed throughout the series and won most of the races. Nelson Pemberton didn't miss a race and finished second. The competition was fierce with Frank Gallagher and Nabeel Alsalam tied for third place on points.

**SOLOMAN'S INVITATIONAL:** Team Dave Pyle, Kay Vackerics and Susan Kaufman, team Stuart White, Sondra White, and Kurt Raidy, and team Nabeel Alsalam, Michael Gildea, and Scott Bradford took time out for a weekend of racing in the wide open waters at the mouth of the Pautuxent River on the third weekend in September. At the end of Saturday's racing Stuart White was tied for first place. Stuart received a trophy for fourth place for the series.

**BORDERLINE REGATTA:** Three skippers without crew- Gallagher, Alsalam, and Maher-got together to form a syndicate

*Jim Dillard, Justin Morris, and Nelson Pemberton at the Potomac Cup.*

*Taking turns at the helm they sailed almost every Fleet 50 race over the 1999 season.*

especially for this regatta. Also, traveling were the Stuart White, Sondra White, and Kurt Raidy team. Pat McGee brought his boat and a couple of rookie sailors. After a season of light air regattas, this heavy air regatta was a test of endurance.

**BLUE NOSE REGATTA:** Dave Pyle with crew, John Hart and Robert Franke from Green Bay, Wisconsin traveled to Lake Hancock in Nashville, Tennessee the first weekend in November. New challenges on how to race in very light and patchy breezes very close into shore were experienced. Dave's 11th place finish on Sunday boosted him to 24th out of 40 boats.

**SAILORS FOR DILLARD:** One of our members took some time off from racing to get reelected as one of Northern Virginia's State Delegates. Eight of our Fleet members manned the phones one evening in October to spread the word on how much Jim had done to improve the environment and schools. He won another two-year term.

*Nabeel Alsalam*

1999 was an interestingly transitional year for Fleet 51. Larry bought Jeff's boat from Bill. Paul married Elena (the weekend of Districts - now she's the skipper). Joe got engaged to Bonnie (is Rick or Renee the skipper now?). Peter sailed his new boat, and Bob ordered his. And through all this, Vice Commodore Tom sailed all of the races. And won a lot of 'em.

There were Lightning starts at the local keel boat regattas, there were drifts, close finishes, and this year no one turtled (that is, no Lightnings turtled). And, now there is a red boat to go along with the yellow one.

The October Lobster Roast set new (higher) attendance records. Our club regattas saw a very good mix of finishes. No one boat truly dominated the others. And although some crews usually finished at the top, there were few blow outs. Fleet 51 is getting tough on the race course.

Lake Fenton is a unique little lake due to its shape. Although the lake is three miles long there is a large island that separates the wide, top one third of the lake from the rest of the area. This does hinder our ability to run really large regattas. What LFSC has done to answer this is to develop a Team Race event. Our record is 40 boats-ten four boat teams. Although we have not seen numbers like that since the seventies we are still at it and putting on a great event. We have changed the format. It used to be that the various fleets in the region would put there best teams forward through intraclub qualifying. We now have people wanting to join in that do not have enough fleet members for a team. We ask everyone to come on over and we seed the teams upon arrival based on last years performance at Districts and regattas. People seem to enjoy the new format- you are no longer sure ahead who is going to win! A challenge was put out to all participants to try and bring one boat with them in 2000.

We have a new addition to the club this winter. We now have a lifting hoist. No more wear on the Bearing Buddies! Our fleet is picking up a few here and there and we try to keep them going. We've started getting some of the newer ones to travel to some regattas and they now know how much fun that can be! Right Bob?

We are happy to have David Nickels back in the boat for last season and look forward to the new boats that are joining next summer. Every time we get Hermie Nickels out is a treat for all. He still is the fastest boat in the lightest air!

The 1999 Sailing Season was another fantastic season at Pontiac Yacht Club. Even the dog days of summer had satisfactory winds the entire summer and almost all race days were completed with ease.

The racing program at Pontiac includes a weekly Wednesday and Sunday Series for the spring, summer, and fall. This year we enjoyed record numbers of sailors on the line, frequently with over 30 boats at the Wednesday series. Thirty one boats qualified to be scored for the Summer Series. Twenty one boats qualified for scoring on the overall Wednesday series. The fall series had a record 41 boats qualify for scoring in the Wednesday series.

The competition is tough, and a big congratulations to the series winners. The overall Wednesday series winner is Charlie Hess. The overall Sunday series winner is Mark Whatley. Congratulations also go to the mini series winners Charlie Hess (Spring Wednesday), Mark Whatley (Spring Sunday), Joel Humphrey (Summer Wednesday), Bob Shaw (Summer Sunday), Bill Ziegler (Fall Wednesday) and Bob Mathers (Fall Sunday).

Every year the Commodore holds the Commodore's Challenge club regatta where the crew and skippers change positions. This year's winner is Rachel Ziegler. Second place position was taken by Elizabeth Sabotka.

The Fleet Championship was held September 26. Second runner up is John Garrison (14870), runner up Jim Allen (14807) and the 1999 Fleet Champion Mark Whatley (14220).

**Fleet Champion Mark Whatley (Left)  
Commodore Bill Ziegler (right)**

**White Cap Trophy Winners**

The annual invitational Whitecap Regatta is always held the weekend following Labor Day. This year the winds and weather cooperated to produce 2 great days of racing for the 39 boats. The racing was tight, but in the end 1998 winner Sean Fidler defended his title.

This year Pontiac Yacht Club is in its third year of rebuilding the instructional sailing program. In the summer months, an adult sailing class is held over two 4 week periods on Tuesday nights, offering a beginner and intermediate sailing class. Lightning sailors donate their time and boats, crewing in their boats for the student skippers. The beginner class teaches basic sailing techniques and concepts. The intermediate class begins teaching advanced sail handling and some racing concepts. This has proven an excellent opportunity for local people to learn about sailing, and some even join the club and purchase boats. For the younger skipper, the club has purchased 8 Optimist prams for teaching junior sailors. Two US Sailing certified instructors were hired to run a summer long series of weekly classes. This year's program was a great success, and plans are underway for the year 2000 instructional sailing program.

The club enjoys having a large dock to support the sailing program at PYC. The dock serves to berth the race committee boats and 46 Lightnings on boatlifts (the other 25 Lightnings in our fleet are stored in a drysail land area). The last rebuild of the dock was in 1971, making the wood decking nearly 30 years old. This fall we started a three year program to rebuild the dock decking with a plastic decking, eliminating the need for painting and board repair. Nearly 200 feet of the main dock decking has been built for next spring's dock in day. We are very excited about no longer needing to paint the dock. Further reports will follow on the durability of the new decking.

The Sunday racing series at PYC usually fields fewer boats as some sailors prefer to attend the many invitational regatta's held throughout the season at the Michigan District Fleets. Some of us even made it to the Pymatuning Spring regatta in Pennsylvania (another "PYC", this regatta is now on my must go list). Ten boats attended the Michigan Districts (Jim Allen, Diana Fernando, Mark Whatley, Bob Shaw, Jerry Engelman, Ryan Flack, Richard Bukowsky, Jon Bennett, Charlie Hess, and Tom Klaban). Five went on to the North Americans (Jim Allen, Diana Fernando, Charlie Hess, Bob Shaw, and Richard Bukowsky). We were very proud of the hardware we brought home this year, and are already making plans for Annapolis. See ya' there.

*Mike Roualet, Fleet Captain*

The 1999 sailing season started early with several boats traveling to District regattas. Others took the opportunity afforded by the gorgeous spring weather to get out on Lake Michigan early in May and do some tuning and get some helm time in before the official racing season began.

Fleet 69 again sailed our season series on Wednesday evenings inside the breakwater in Milwaukee Harbor. Milwaukee Yacht Club race committee did an outstanding job of setting up competitive windward-leeward courses and were ready to go when we got out there each week. The weather cooperated beautifully this season, and we rarely missed a week of racing due to conditions. Fleet participation, on the other hand, was a different story.

Early in the season we saw good fleets of boats out on Wednesday evenings, but by August we were lucky to have enough boats to race. We had the usual rash of reasons, which we will work on steadfastly this winter to resolve. Participation showed in the results listed below.

We ran the 52nd (or was it the 53rd?) annual P&T Regatta this year in conjunction with the Milwaukee Grand Prix Regatta. What a blast! Here were fifteen Lightnings going out to their race circle, sailing through the fair weather gap, vying for space with 65 other boats from 30 to 70 feet. The racing was intense, the wind cooperated, the lead changed after each race, and we got all the races in. What could be better. Oh yeah - the party. By being part of the Grand Prix regatta, we also enjoyed the benefits that only a party of 300 or more can muster (Beer, rum-punch, great bands, and an awesome cookout). The out-of-town boats that sailed this year had a great time and promised to bring more of their compatriots next year. We'll see.

Winter now brings fleet building time again, we are actively looking for boats for three skippers, and one or more fleet members are buying new boats for next season.

The season started out with a bang at the Long John regatta. Thirty-four boats came from as far away as Montreal Canada. The wind was great and the water was cold (I can vouch for that). It came down to the last race with Brian Taboada taking first, Dave Watts second and Dick Hallagan third. As usual there was a great dinner and party after the racing on Saturday.

It was a quiet year for the traveling boats, although Jack Huntsman made it to the North Americans and the Worlds in

Ecuador. Jack sailed with his son John all year with great results. They teamed up with Stacey Worely to finish 13th in the North Americans and with Bill Fastiggi of Shore sails to finish 5th in the Worlds.

The Districts were sailed at Nyack Yacht Club this summer and as was typical for many weekends this summer on the east coast, there was no wind. One very light air race was run over the two day event and local sailor Judy Hanlon emerged victorious. The Atlantic Coast Championship was the next major regatta of the summer, and it was held in Annapolis at Severn Sailing Association. Unfortunately I missed it. I'm told it was a great time with good sailing and an even better party. Jack Huntsman made it down there with his son John and Greg White to finish fourth.

Back at the club it was a long hot summer with big brother rationing out the water and Mother Nature rationing out the wind. Ralph Wilson prevailed in the light air summer series. The lightning sailors also had a strong showing in the bridge race series with Ralph finishing first and Sandy Huntsman in second. This year the Lightning fleet won the Monmouth Museum Trophy for the largest fleet in the Fall Series. The fall series was closely contested with Sandy beating out Ralph in the last two races. Our fleet also hosted a great barbecue and the Labor Day cocktail party. Thanks to the fleet members who volunteered to help out with the parties and the regattas. See you next year.

Fleet Captain for 2000 is David Watts.

The 1999 season contained three series, three local regattas and three open regattas. Remarkably, top honors were won by six different skippers: Paul Connell, Judy Hanlon, Gary Hurban, Joan Hurban, Paul LoGerfo, and Bob Sengstacken. And we had fun, even if it wasn't all smooth sailing! Here are some highlights.

The Beck Family took up sailing in a big way, deserving an award for the most people on a Lightning. They became a great source for spare crew. It required the efforts of none other than Bill Cook to lure a Carman into a Lightning, and the one in question was Bobbie Carman. Every once in a while, Will Donnellan's travel schedule allowed him to finish very near the top. Kathy Connell repeated her domination of the Women's NA's, plus took second in our Summer Series. Her hubby Paul won the Fall Series, and between them they kept the Munns involved, on the way to a third for the season.

*Fleet Co-Champion Bob Sengstacken sailing with the big Dogs on Lake Carlyle.*

Gary Hurban ran his boat up on some abandoned pilings, and very nearly sank - good thing it was the power boat! He did better in "His" boat, coming on strong at the end, closing to just two points from the Championship. For our Fleet Captain Joan Hurban, it was a year of Big Cups. She won our Club's coveted Guy Moulton Cup at the July 4th Regatta, and she won the US

SAILING Women's Championship, the Adam's Cup. Then, she wore eye-catching augmentation to her physique in the Halloween race! George McDonnell seems to have retired to the more mellow pace of our Sonar Fleet. JP Mann upped his rating to: "Contender." He won Most Improved; watch out for him, especially when he has Art Spielvogel crewing.

Mark Keane resigned from the Club after being accused of abandoning Larry Decker ashore, during an otherwise friendly cruise. We miss Mark, but we think we've kept his boat in the Club, perhaps as a substitute for Larry's bionic arm. In our scoring system, attendance counts, and Stephanie Mayo paid heavily. But, she still finished third overall in the "B" Fleet. Paul LoGerfo did an outstanding job on the barbecue, in addition to repeating as co-Champion. Maybe this is like brain surgery, after all. Speaking of co-Champs, didn't we see Bob

Sengstacken doing spinnaker drills as his fleet left the starting line? More than once?

We were glad to see Howie Rinehart's daughters Jolie and Ellen join him so often. When Judy Hanlon could attend, she made her mark. She is our District Champion, and she and Ron McCormack co-skipped to first in the "B" Fleet again this year. Art Stahl produced and directed another fine Awards Brunch, now moves to new challenges. We hate to see Chris Kelly leave, but we applaud Dan Parietti's perseverance: Still going- Also, Dan was deeply involved in hosting our regattas. Rod Johnson completed eight years of work on "The Endurance" to make it to the starting line - in the last race! Welcome back, Rod, hope to see more of you next year.

We host two fun regattas that have been running over 25 boats each: please join us for the Magnus Pederson in early June, and the Last Blast in mid-October. We sail on the widest part of the river, the Tappan Zee.

Fleet 77, sailing on Irondequoit Bay, started racing the second weekend of May with an average of 6 boats on the line. Of the 17 Lightnings in the Club, 11 raced at least one race during the Spring Series. The Spring Series consisted of ten races during the months of May and June. Dick Hallagan won the Series with 6 first place finishes. Logan McReynolds with his sister Erin and Billy Stewart as crew took second in the Series. John Atkins with son Matt and Paul Moszak as steady crew took third. Intermixed in with the Spring Series were not only Fleet 77's annual Celebration of Spring Regatta but also two other District Regattas. It seems when the District Regattas were held that there were insufficient boats left at the club for fleet racing.

Fleet 77's Celebration of Spring Regatta was won by fleet member Mark Sertl. Chad Atkins led most of the regatta until the last race when he not only hit a mark but also had one of his crew fall out of the boat. My thanks go out to all the club and fleet members that pitched in and made the regatta a class event. My special thanks to Al McReynolds, Regatta Chairman, Eva Smith for coordinating the dinner while we were on the water and Marcia Mephram for having breakfast set out each morning before anyone arrived.

*Toby, Gunner and Chad picking up their hardware-2nd Place Newport Regatta.*

The Summer Series averaged 5 boats per race over an eleven race series, with 12 different Lightnings participating. Bob Jamison with his crew of 40 years (at least that's what he said) Marcia Mephram and Ray Schmidt won the Summer Series. Landy Atkinson sailing with his wife Debbie and son Ryan took second. Neal Smith took third in the Summer Series. It was great to see both Neal and his brother Andy participate on regular bases through out the year.

*Logan McReynolds with crew Brittani Lashaway and Erin McReynolds with their First Race flag at Junior North Americans.*

During the summer, Fleet 77 again hosted a Junior Clinic with 11 juniors participating. The Junior sailing programs throughout the district look forward to this each year, as this is the only one of its kind that introduces juniors to one design boats that are actively raced in the district. My thanks go to all those who have so generously donated the use of their Lightnings for the past three years, without which this event would not take place. Speaking of juniors, Logan McReynolds (age 13) continues to improve, as witnessed by his 2nd place Spring Series finish. Logan skippered many of the District Regattas with his crew of Erin, Billy Stewart and at times Billy Healy and Brittani Lashaway (Fleet 42). They finished 3rd in the District Junior Championships, 3rd in the Sears Cup Area Quarterfinals and 7th at the Junior North Americans.

*Marcia Mephram, Bob Jamison and Ray Schmidt receiving their Summer Series awards from John Atkins*

After winning the first race Bob Jamison won the Fall Series, with some of the best sailing of the year. Of course credit has to go Marcia and Ray for keeping Bob on course. John Atkins took second place and Al McReynolds took third.

The Championship Series, encompassing the 32 races of the Spring, Summer and Fall Series, was won by Bob, Marcia and Ray. Congratulations to the three for the most consistent finishes throughout the three series. John Atkins with his assorted crew (Matt being back to college for the Fall series) was the fleet Runner-Up. The McReynolds Family (extended) of Al, Logan, Erin and Billy took third in the Championship series.

I again wish to thank Howard Stickney, Fleet 77's treasurer, for keeping the Fleet Captain (me) inline, the finances of the fleet solvent and especially the weekly updates of the racing scores, no easy task with the high point scoring system that we use.

*John Atkins*

The Niantic Bay Yacht Club season started in March at the Southern Circuit. We were well represented with three boats and seven Fleet 85 members: Chris Vann with Norm Peck and Franz Edson, Tim Healy sailing with Brother Bill, Dave Peck crewing for Ched Proctor, and Tom Emch crewing for George Fisher. Tim and Bill finished third overall (winning Miami), Ched and Dave finished sixth overall (with a second in Miami). Chris only sailed in St. Pete, where he would have done much better had he not missed two races harassing the nurses at the St. Pete Hospital. Chris recovered quickly, however, and won the Lightning 50-50 that evening!

Next on the agenda was the Early Bird, which was won by Bill Healy sailing with Dave Peck. Chris Vann, sailing with brother Lenny, came in seventh. The Governors Cup was held in early

June. The top Niantic Bay boat, finishing second, was the team of Bill Healy (skippered Saturday) and Dave Peck (skippered Sunday). The Districts in Madison were well represented by Niantic Bay sailors: Chris Vann sailing with wife Barbara and son Mike, Franz Edson, Don Barrett sailing with wife Donna and long-time friend George Weidemann, Bill Healy sailing with Dave Peck, Tom Emch sailing with his son Spencer, and Bill Sebestyn. The top NBYC finishers were Bill Healy 1st, Tom Emch 6th, and Don Barrett 10th.

Bill and Dave then went on to the Atlantic Coast Championship in Annapolis, where they finished fifth. Tom Emch also attended the ACCs crewing for George Fisher. Bill Healy and Dave Peck continued on to the North Americans where they finished 7th. As part of his tune-up for the Worlds, Don, Donna and George Weidemann went to the Fall Classic at Cedar Point and came in first. The Worlds showcased the talents of NBYC sailors: Tim Healy sailing with brother Bill in third, and Don Barrett sailing with Donna and George in 21st.

Back in Niantic, the Memorial Day series was won by Bill Healy, 2nd was Don Barrett, and Franz Edson finished third. Don Barrett won the Independence Day series, Chris Vann finished second. Chris Vann went on to win the Labor Day series, with Don Barrett a close second and Franz Edson third.

Local Rock Star Dave Peck has rejoined the fold and bought another Lightning, so we are all looking forward to an even more competitive 2000. See you at the Governors Cup in June.

**SANTA MONICA BAY LIGHTNING FLEET 102**  
**California District**  
**Sailing on Santa Monica Bay at King Harbor**  
**Redondo Beach, California**

Fleet Captain ..... Wendell Harter  
 Fleet Secretary ..... Mike Boswell

|                |          |       |
|----------------|----------|-------|
| * Mike Boswell | Seafever | 11373 |
| * Bert Winther |          | 13117 |

|                  |                     |       |
|------------------|---------------------|-------|
| * Mike Boswell   | Ferrel Bogen        | 13467 |
| * Bruce Yaeger   |                     | 14206 |
| * Wendell Harter | Paddlin' Madelyn IV | 14263 |

This year's racing season began with the traditional California Lightning Circuit hosted by the Mission Bay Lightning Fleet in San Diego Waters; March 28 - April 2, 1999. Fleet 102 was again represented by Wendell Harter, whose performance was less than spectacular. He is still working on getting familiar with his new boat.

Our fleet hosted the California District Championships this year. It had the local benefit of capturing the interest of King Harbor Yacht Club members in the Lightning Class.

Regarding activities of other Fleet 102 members, Mike Boswell shares ownership of a boat with Fred Chandler, who is active in the San Francisco Lightning Fleet. The result is that Mike has been crewing with Bert Winther. Bert has shown much improvement in the later races of the 1999 season. Bruce Yaeger plans to be more active in the coming year. Our race schedule has been relatively light during this year. Mike and Dick Brewer of MBYC participate in most of our races; this has made it possible for Lightnings to race as a class in several of the local regattas.

The fleet's annual Christmas party was held at the home of Madelyn and Wendell Harter.

The enthusiasm of our sailors continues to run high as reflected in the good fellowship, cooperation and high spirits seen on the water as well as in the yard before and after racing. A bit disappointing this year were the number of qualifiers for the summer championship series, our premier series. A potpourri of circumstances, among them family obligations and the like, kept a number of our sailors from competing in a sufficient number of races to qualify. Although boasting a 13 boat fleet only 6 boats were able to make the qualifying cutoff and only 2 others were among the nonqualifiers. At the time of this writing we are also bracing for several losses of boats over the winter season. A number of boats will or have already been sold out of the fleet and a couple of the previous owners are planning to make the transition to other classes.

Curt Morton was the clear winner of this years championship series. Curt sailed brilliantly during the summer and deservedly captured the fleet championship. Way to go Curt!! The lead was hotly contested throughout the 10 weeks of the series which led to some very interesting and enthusiastic racing. The wind gods smiled on us again this season with only one race having to be canceled due to extremely heavy wind conditions. YES sometimes there is too much wind even for the Lightning! But the afternoon was salvaged with warm fellowship and cold beer! The competition for the second spot was even more keen with Dr. Anthony Ventimiglia going toe-to-toe with Ron Kiss. The two of these sailors duked it out on the water all summer. Anthony ultimately prevailed in securing the runner up spot. Ron finished third overall on the series. Joining in each week were Bob Morrow, a past fleet champ three times over who finished in the fourth spot. Chris Larsen finished the season in the number five berth. Bill "Mr. Lightning" Dacosta closed the summer season in the number six berth. Gary Gerrold and Bob Hoffman sailed as well but were non-qualifiers.

The sailors were on the water and the wind gods smiled favorably but of course without the enthusiasm of our great race committee each week we sailors would be "...all dressed up with no where to go!" Our terrific race committee headed by Vice Commodore Harold "Hotch" Miller set some great courses and ran a smooth and exciting series. Of course Hotch could not have done it alone and as always we Lightning sailors at LYC owe a significant debt of gratitude to those who worked with Hotch including Barbara Jost, Trudy DiFrancesco, Peg Larsen, Joyce Johnson, Joyce Rodgers and Janet Malzone. Good radio communication between the race committee and the club house as well as with the patrol boats is of critical importance for the safety and smooth running of the whole show and again our hats are off to the folks who run the radios from the club house including Mary Ann Ziegler, Joan Sauvigne, Vivian Fertakos and Penny Hahn.

Our racing program would not function as well as it does if it were not for the folks who also give of their time and effort to patrol the courses so we racing sailors can do our thing in safety. The lightning sailors of this fleet say a special "THANKS" to Andy Johnson, Jack Henderson and Ray DiFrancesco.

On September 26th Fleet 104 held its annual picnic. The event was begun early with a two race series held prior to the picnic itself. The weather was super for sailing on Barnegat Bay - gone

were the heavy winds so characteristic of our typical summer afternoons. They were replaced by gentler breezes and flat water. Past Commodore and active Lightning sailor George Schreyer set a great course keeping the fleet closely packed and making for some exciting roundings! Both races were won by yours truly. The 55 sailors and family who attended all went away well fed and warmed by the fellowship of this wonderful group of folks who comprise Fleet 104. Special thanks go out to all who planned, organized and prepared for the event!

As 1999 goes into the history books we look back on another great year of Lightning racing and look forward to another perhaps even better year in 2000. If you are ever down this way come sail with us on Barnegat Bay. Please join us!  
*Bob Morrow*

The Higgins Lake Boat Club opened the 1999 season July 3rd with our Firecracker party. Live music, good food, plenty of games, and beautiful weather made this a great day for all. Sailing and swimming lessons were held over the next two weeks in order to prepare our youngest members for fun on the water in the years ahead. Pirates' Day was July 24th. A gold

*The weather leg of the Higgins Lake Invitational Regatta*

nugget hunt and costume contest highlighted this fun filled afternoon. Also, radio controlled, model sailboat racing was introduced to our members for the first time. This could grow into something big.

The weekend of July 31st and August 1st we hosted our annual Invitational Regatta. Nine boats traveled to Higgins Lake that weekend which was pretty good, considering the number of casualties suffered at Bay City the weekend before. A building wind on Saturday and cool but clear conditions on Sunday offered sailors near perfect sailing weather. Chris Jacobson from Bay City eventually wound up with the fifth place trophy. A tiebreaker was needed to separate Tom Klaban from Pontiac and George Nickels from Lake Fenton in fourth and third place, respectively. George Peet from Bay City sailed to second place overall, while Colin Park with his crew, Karen Park and Kyle Miltzer from Bay City took home first place honors overall.

The HLBC season continued on August 14th with our Hawaiian Luau party. This was a catered affair with hula contests and prizes for best costume. This one went long into the night. Our season concluded on Labor Day weekend with a single-handed regatta on Saturday and annual banquet on Sunday. While our club racing season was pretty light, our Invitational Regatta was well attended as always. We hope to increase our own racing schedule next year, and look forward to seeing many of you at our Invitational Regatta next year.

*John Dent*

Greetings from the Green Bay Sailing Club on the WEST shore of the Bay!

This year proved to be another landmark year for the fleet. With the water level dropping 16+ inches our facilities at UW-Green Bay closed and the 1999 sailing season was in serious jeopardy. Aware of our plight, the Windjammer's Sailing Club offered us the opportunity to become members and sail with them on the west shore of the lower bay. It has been a great partnership of sailors and has sparked new interest in Lightning fleet racing. They also have a kid's sailing program that will help nurture and bring along the next generation of sailors.

As you can imagine, local knowledge of currents and wind patterns became a major factor in the races. Last year's champs Bill Dean and Mike Faugust started out very well, but the persistence of Terry Phelan, Mari Martin and Rick Evans (13817) paid off, and the last few races allowed them to take back the championship they had defended for many years.

We are looking forward to hosting the 2000 Midwest Districts and hope to see you next year at our new "home".

Good Sailing...

*Fleet Captain*

| * Mike LaFrate     | Patriot Missile | 14108 |
| * Skip Wilday      | Windwards       | 14725 |

Our season started off in May with most Lightning members participating in the weekend sailing. As the season progressed, we added some new boats to our fleet. In an effort to encourage these new sailors, we instituted a Wednesday night practice series. The turnout was excellent and these new boat owners developed enough confidence to join the weekend races. We are looking forward to seeing the Lafrates, the Quist-Chaffees, and the Griffins on the race course next year.

The weekend of July 24th and 25th was the weekend that we hosted the Lake Erie District Championship. Eighteen boats competed for the title in relatively steady breezes - for Cuba Lake, Tom Allen Jr. won with his crew Anne Allen and Bill Neal. They were followed by Skip Wilday in second and Mike Vahlman in third. Local Mike Kane followed a close fourth.

The year 2000 marks the 50th anniversary of the founding of the Cuba Lake Yacht Club. We are looking forward to many events, both sailing and social, to commemorate the milestone.

*Valerie Kane*

Fleet 121 had a fun and delightful year!!! Welcomes go out to two new boats, Nadine Lavender and Mark Dieselman. Nadine did an excellent job graduating from the crew to the helm, and should be a force in the near future. Mark dazzled us with his skill and seamanship early in the season, however he must have been too forthcoming with tips and tricks because by the end Mark had a crowd with him at the finish line, finishing as the runner up for the Fleet Championship.

As for myself, we seem to getting a little better each time, once we figured out that the pointy end goes forward, or was that backward... And I certainly can not forget John Hughes, he always seems to make it look so easy! Gliding his way around the course with all of that, as he puts it, "Go Fast" ability, he was able to capture the Fleet Championship!!! Congratulations John!

The whole fleet was thrilled with the turnout for the Brian Hughes Regatta. Twenty-three boats is more than we expected and we

Lon Sherman and Al Lavender head for the jyb mark during the Chet Young Memorial Regatta.

*photos by Susanne Gallagher*

could not have been happier. Everyone that came had a great time, both on the course and off. The racing was very competitive and yet so friendly. The party after featured great food, plenty of beverages, and so many terrific people. I can think of no better tribute to Brian. Thank you one and all for your contribution!

Finishing up with some well deserved awards earned throughout the year, John Hughes took first place in the Chet Young Memorial Regatta and Amy Puleo was awarded the Bartlett Cup by the AYC. Congratulations to everyone who sailed this year! It was so nice to see so many new faces mixed in with the familiar faces. We will be looking for all of you and more next year!

Mark Dieselman and Patrick McCormack race to the gybe mark during the Brian Hughes Regatta

The Lightning Fleet at Cedar Point Yacht Club had another great season of competitive racing during 1999. The sailing season started off in May with eighteen boats competing in the Early Bird Regatta, which Bill Healey from the Niantic Bay Yacht Club won. However, the season started out a little earlier for fleet members Chris Miller, Gianni Cuccio, and Ched Proctor who traveled South to race in the Southern Circuit. Ched took the silver with a second place finish at the Miami Midwinter Regatta. In addition, Gianni competed in the Long John Regatta hosted in April by the Monmouth Boat Club. Gianni Cuccio and Chris Miller both attended the Magnus Pederson Regatta hosted in June by the Nyack Boat Club. Gianni took third in the regatta, which had twenty competitors.

The regular season began after the Early Bird with the fleet sailing two races each Saturday afternoon from Memorial Day to Labor Day. In addition, we sail three-day regattas on the holiday weekends of Memorial Day, Fourth of July and Labor Day. Our new fleet members, Steve and Maud Purcell sailing "Upstart", Dave Marseli sailing "Personal Issues" and Paul Kuranko diligently worked on their boats and competed as often as possible. This helped to spread out the competition among the fleet with Dick Price and Rod Ratcliffe exchanging positions in many races. Gianni Cuccio won each of the three day regattas while Chris Miller took second on Memorial Day and Richard Thackaberry took second for Fourth of July and Labor Day. Greg Titsworth finished third for the Memorial Day and Fourth of July, while Bob Martin took third for the Labor Day weekend.

The fleet held a buddy day during the season on which some of the more experienced sailors raced with some of the other fleet member. Dr. Thackaberry monitored the boats and gave helpful suggestions.

We were able to get five races off and everyone was able to bring something away from the event. We hosted the Area B Adams Cup, raced in four fleet boats that the teams rotated. Joan Hurban not only won the Area B Regatta, but went on to win the Adams Cup as well. Thanks go out to Bob Martin, Dick Thackaberry, Terry Frimmet, and Christopher Miller for lending their boats for the regatta.

Chris Miller with crew Chris Howard and Trip Kolkmeier  
at the Midwinter Championship

photo by Dennis Kelly

In July, Dr. Thackaberry, Greg Titsworth, Gianni Cuccio, and Bob Martin headed East to race in the highly competitive twenty-five boat fleet at the CT/RI District Championship hosted by the Madison Boat Club. This was the first Lightning regatta that Greg Titsworth skippered in away from the Club. Gianni Cuccio, Ched Proctor and Dr. Wexler accompanied by Bob Martin and Greg Titsworth then traveled South to attend the Atlantic Coast Championships. Gianni Cuccio came charging out of the gate against the other 59 boats in the first race and took a bullet, but the regatta ended up being won by Ned Roseberry sailing with Ched Proctor in Ched's boat.

Even though the Fall Classic marked the end of the sailing season for the fleet, Gianni Cuccio and Chris Miller pressed on into the season for more competition by attending the Last Gasp regatta held in October by the Nyack Boat Club. The good thing about the light air that they experienced on the Hudson, which was a change from the strong breezes associated with that regatta, was that it set Chris and Gianni up for the conditions that they would experience racing the following weekend at the Frigid Digit. However, it did not set them up for the consistent chop of Annapolis. The regatta ended up being won by hometown hero Phil Grotheer with Gianni Cuccio taking third place. Chris Miller accompanied by Greg Titsworth raced his best regatta by finishing in 16th place out of 44 boats.

Rumors have it that a few members are already making plans to ensure that their boats are Y2K compliant so that they can compete in the upcoming Southern Circuit. Once they come back, we look forward to the rest of the Lightning members joining us at the Early Bird Regatta held the weekend before Memorial Day weekend. The Fleet also anticipates hosting the Atlantic Coast Championship and its Fall Classic regatta. Please visit our web page at:

<http://users.ntplx.net/~rhm/lightning/> for more information.

## MADISON BEACH CLUB FLEET 129

Connecticut/Rhode Island District  
Sailing on Long Island Sound  
Madison, Connecticut

Fleet Captain . . . . . Jim Deephouse  
Fleet Champion . . . . . John Sulzbach

|                       |                |       |
|-----------------------|----------------|-------|
| * James R. Deephouse  | Early Times    | 11207 |
| * Steven M. Adkins    |                | 11773 |
| * J. Michael Sulzbach | Rosie          | 11933 |
| * Timothy Millhiser   | S.S. Oshpoodle | 14342 |
| * Katherine Lee       | Challenge      | 14441 |
| * Terry Zanes         |                | 14765 |
| * Erin Riley          |                | 14765 |

1999 was another good year for Fleet 129. We hosted the

Connecticut/Rhode Island District Championship under light and tricky conditions that proved to be a good warm-up for this year's North American Champion, Andy Horton, who sailed as a visitor.

John Sulzbach won the Fleet Championship which was based on nine days of racing over the course of the summer. He was followed closely by Tim Millhiser and Steve Adkins. Steve and his beautiful and talented crew have been getting faster and faster, and 200 may be their year.

Tim Millhiser edged out John Sulzbach in the Baylis Series and Fisher Race. Winning the Fisher is a mixed blessing since the winner is obliged to fill the very large silver bowl with champagne. For the second year in a row, Erin Reilly was runner-up in the Pape Race (skippers change boats). Tom Davidson was the winner.

With nine or so boats regularly on the line, Madison's fleet continues to strengthen without losing the warm spirit and camaraderie on club racing. Participation by very talented junior sailors makes us think that things will only get better.  
J. Michael Sulzbach

## LAKE WASHINGTON FLEET 132

## MOBILE BAY FLEET 135

Southern District  
Sailing on Mobile Bay  
Mobile, Alabama

Fleet Secretary . . . . . L.M. Bohnenkamp

|                             |                |       |
|-----------------------------|----------------|-------|
| Denis Hermecz               | Robt. Jeffcott | 8365  |
| Paul Porter                 |                | 9893  |
| Thomas Perrine              | Sunday's Child | 10980 |
| Tony Chavers                |                | 11085 |
| * Dr. E. Russell March, Jr. |                |       |
| * & Barney March            | Bigeminy III   | 13060 |
| Joe Wacker                  |                | 13158 |
| Nick Blakeney               | Dulcinea       | 13200 |
| * L.M. (Mitch) Bohnenkamp   |                |       |
| * & John Bohnenkamp         | Bohdacious     | 14136 |
| * Robert E. Bernhardt, Jr.  | Enigma         | 14736 |

We had a rather slow year on Mobile Bay. We were unable to attract out-of-town participation for our regattas, as the New Orleans fleets are also at a low point. We held the Southern Districts at Buccaneer Yacht Club on Mobile Bay in June. Robert Bernhardt was District Champion and John Bohnenkamp was runner-up, one point out of first. We are pleased to have Paul Porter of Birmingham sailing on the Bay and look forward to his participation in the racing.

## GULL LAKE YACHT CLUB FLEET 137

Michigan District  
Sailing on Gull Lake  
Richland, Michigan

Fleet Secretary ..... Thomas Hudson

|                 |        |       |
|-----------------|--------|-------|
| * David Decker  |        | 14474 |
| * Thomas Hudson | BeCalm | 14712 |

Lightning activities on Gull Lake have been quiet. Though a few of the vessels from Gull Lake do find their way to Michigan's numerous regattas.

1ST Place- 1999 Bare Bones Regatta  
Tom, Kay and Jon Varley

- \* Augustus Bales      A Smooth Emergence    14875
- \* Thomas Varley      X Stream
- & Jon Varley      14952
- \* Mrs. Thomas J. McDermott      (Life)

The 1999 season presented Fleet 150 with very good winds and our competitive club racing program continued to improve. Our fleet sailed 64 club races, equating to 254 boat-starts.

Fleet 150 was represented at most Ohio District Regattas, as well as the District Regatta at Cowan Lake. Our Fleet Captain, Tom Varley, in his new boat, X Stream, competed in the North American Championship, and his son, Jon, sailed in the Junior North American Championship at Carlyle, Illinois.

Our Fourth Annual "Bare Bones" Regatta was held on September 18-19. 12 boats competed for the coveted "Bare Bones" Trophy pitting skippers from four Ohio District Lightning Fleets (Leatherlips Fleet #27, Atwood Lake Fleet #212, Cowan Lake Fleet #303, and our Fleet #150) against each other. Tom and Kay Varley hosted their now traditional Friday night "blaster" in "Varley Valley" to kick off the weekend festivities. Several "tired" looking sailors showed up for the racing Saturday morning.

After enjoying an entire summer of great wind, it was unfortunate that the breezes we had for the regatta were marginal at best. However, everyone enjoyed the pleasant weather, Saturday evenings' great steak cook out, and the fellowship, even if the sailing was not as spectacular as in previous years. Fleet #150's Tom Varley won the regatta for the first time, with Kurt Andrews of Fleet #27 in second and Jim Stone of Fleet #150 finishing third.

The Overall Championship of the Mansfield Sailing Club was again won by Tom Varley, with Dr. Bill Schamadan as Runner

Up. These two Lightning skippers dominated the Championship Series by handily defeating the two top skippers in our Flying Scot Fleet in a four race series on September 25-26.

On October 9 our Sailing Cub hosted the Mohican Sailing Club for the traditional "Little Brown Jug" Regatta. 12 boats started out and eight finished the three very cold and wet races that were sailed. The Mohican Club sailed 1 Thistle, 2 Interlakes, and 2 Jet 14's against 7 of our Lightnings. Unfortunately, our team lost by a slim margin of 1.5 points. But the food and drink was good and the bad weather and regatta result was soon forgotten.

A summary of various Lightning Fleet Club Race Champions are as follows:

Memorial Day Weekend Series - Jim Stone  
 Founders Memorial Trophy - Jim Stone  
 Fourth of July Weekend Series - Tom Varley  
 Labor Day Weekend Series - Bill Woodrow  
 Sunday Morning Series - Augie Bales  
 Fall Series - Tom Varley  
 Lightning Principal Series - Tom Varley  
 Mansfield Sailing Club Overall Champion - Tom Varley

Other awards for 1999 presented to Lightning Fleet sailors at our Annual Mansfield Sailing Club Trophy Dinner were:

"Best Lightning Crew" - David Ireland  
 "Butts-On-The-Line" Award (for Lightning skipper sailing the most (57) club races) - William Schamadan, M.D.  
 "Tom McDermott Most Improved Skipper Award" - Augie Bales

Special Mansfield Sailing Club awards were presented to Lightning Fleet sailors as follows:

"The Bernie Dillon" Award (to the skipper who most

*All A-Fleet and B-Fleet winners at the 1999 Bare Bones Regatta*

personifies the Spirit of Sailboat Racing) -  
Jon Varley  
"The Bob Preston" Award (for Distinguished Service to  
the Mansfield Sailing Club) -  
Lynda Fox & Maureen Kuiper

Our Fleet and Sailing Club sadly bids farewell to Augie Bales, one of our very best members. Augie's profession has called for his move from our area and next year he will be sailing with Cowan Lake Fleet #303. Augie has been one of our most enthusiastic and active skippers, besides being a person of fine personal character. Our loss is definitely Fleet 303's big time gain.

Next year we plan to continue our pursuit of a Junior Sailing Program and Adult Instructional Program. We also have some prospects for new Lightning skippers to join our Fleet, in the meantime, and as we stare another winter in the face, we look ahead to a bigger and better Y2K for Fleet #150.

*William W. Woodrow*

|                         |              |       |
|-------------------------|--------------|-------|
| * Edward Bradley Wagnon | Wolf Cookies | 14600 |
| * Martin Kaplan         | 3 Bald Men   | 14647 |
| * Alan Fox              | El Zorro     | 14835 |
| * John R. Nixon         | Last Leg     |       |
| * Craig Cobbum          |              | 14940 |

The winds did not favor us in the Midwest this year. The weather pattern this year gave everyone in our fleet the opportunity to work on light air sailing skills. Once again the racing was very tight throughout the season. The team of John Nixon and Craig Cobbum started the season fast but several teams were in striking distance with about a month to go. The close competition at the top of the fleet included Brad Wagnon, Jeff Schmahl, and Bill Allen. In the end, the Nixon/Cobbum duo along with steady crew Jim Wellington Jr. extended their lead to secure the coveted Season Championship. Brad Wagnon sailed fast all season to finish second. Jeff Schmahl finished a strong third. Steve Miller won the Commodores Cup, which is given to the top boat in the second half of our fleet.

Our season Championship Series includes three holiday regattas, which are also scored as separate regattas. The Memorial Day Regatta was won by co-skippers John Nixon and Craig Cobbum followed by Jeff Schmahl, and Brad Wagnon. The Independence Day Series winner was Jeff Schmahl, Brad Wagnon was second, Nixon/Cobbum finished third. Brad Wagnon topped the Labor Day Regatta, followed by the Nixon/Cobbum team in second, and Alan Fox in third.

It was a very exciting sailing season for our fleet this year. As always the racing was competitive and well participated. Our fleet consistently averages 7-9 boats on the line for Sunday racing. Mike Knox joined our fleet this year. Mike is a great addition to our fleet and sailed very well at times this past summer. Our fleet also sent four boats to the Lightning NA's at Carlyle. Bill Allen, Brad Wagnon, Jeff Schmahl, and Craig Cobbum all made the trip.

Jeff Schmahl will take over as fleet captain as we head into next year. Our new fleet captain is rumored to have purchased a boat for the upcoming season. This may leave Brandywine II available for the possible full time return of long time tender Doug Schmahl.

This years Hoosier Regatta was sailed the second weekend in October. Eighteen teams enjoyed ideal temperatures but little wind. Three light air races were sailed on Saturday. Unfortunately the wind was nonexistent on Sunday. The team of Sean Fidler, Jeff Hagman, and Billy Thomas skippered one race each on their way to victory. Not even lack of sleep or the Captain could get in the way of this dynamic team. They finished with three firsts in the challenging conditions. Diana Fernando (11) finished a strong second. Chad Herdrich (15), a local E-Scow sailor finished third. Martha Cushman (15) finished tied with Chad Herdrich but won the important tie breaker. Craig Cobbum (16) finished one point back in fifth place. We hope to see many old faces and new teams at the Hoosier next year. Wawasee is a great lake to sail on and the Hoosier is truly one of the best kept secrets on the Lightning regatta trail.

## HELSINKI FLEET 166

Finland District  
Sailing on the Gulf of Finland  
Helsinki, Finland

Fleet Captain ..... Kimmo Aromaa  
Fleet Secretary ..... Jari Aromaa

|                  |        |        |
|------------------|--------|--------|
| * Tuomas Ollila  |        |        |
| * Raimo Aromaa   |        | (Life) |
| * Kimmo Aromaa   | Masi V |        |
| * & Terho Aromaa |        | 14534  |
| * Kari Koskinen  |        | 14559  |

Merkkivuoden jälkeen vuosi 1999 toi mukanaan uuden veneenrakentajan ja uutta aktiivisuutta kansainvälisiin kilpailuihin. Euroopan Mestaruuksiin Sveitsissä osallistui kuusi suomalaista venekuntaa. Helsingin laivue, eli alunperin Nylands Lightning Fleet, ensimmäisenä Eurooppaan rekisteröitynä laivueena on edelleen hengissä. Laivueen aktiivisten purjehtijoiden määrä pysyi ennallaan. Aromaan veljesten Masi V osallistui lahes kaikkiin kauden kilpailuihin ja tulosta tuli kiitettävästi. Toinen sija Suomen Mestaruuskisoissa ja ranking-sarjan voitto ovat ihan hyviä saavutuksia. Ensimmäinen ranking-kilpailu Kuopiossa jai Masilta ajamatta, mutta muista kisoista tulikin sitten kaksi voittoa, kaksi kakkossijaa ja yksi kolmosija. Ensi vuosi on varmasti taas tynna toimintaa kun karsimme vuoden 2001 MM-kisoihin.

After the special year of 1998 the season of 1999 brought a new boat builder and renewed international activity. Six Finnish boats participated in the European Championships in Switzerland. The Helsinki Fleet, originally Nylands Lightning Fleet, is the first registered Fleet in Europe and still alive. The most active boat was again Masi V. The boat is sailed by Aromaa brothers Kimmo, Mika, and Jari who participated in most of the main events with good results. They were runner-up in the District Championship and won the District ranking series. Masi was not in the first ranking regatta in Kuopio. In other regattas they scored two first, two second, and one third place. Next year is going to be an active one as we have to run qualifying series for Worlds 2001.

## LAKE DAVENPORT FLEET 167

Midwest District  
Sailing on the Mississippi River  
Davenport, Iowa

Fleet Captain ..... Rick Kuebler  
Fleet Secretary ..... Jean Steffenson

|                     |                       |       |
|---------------------|-----------------------|-------|
| * Henry L. Strieder | Moxie                 | 0     |
| * Wesley L. Johnson | Kasara                | 6033  |
| * Brandon Holton    | Off Like A Prom Dress | 11456 |
| * Bill Paulsen      | Webejammin            | 13202 |
| * William Ganoe     |                       | 13611 |
| * Donald L. Johnson | Stinger               | 14720 |

|                      |                       |       |
|----------------------|-----------------------|-------|
| * Chuck White        | Irrational Exuberance | 14831 |
| * Michael Steffenson | Mermaid               | 14857 |
| * Rick Kuebler       |                       | 14885 |

Fleet 167 only managed to race over Labor Day weekend in 1999. Various summer and fall activities kept our fleet members off the race course this season. We're hopeful that we'll have more activity in 2000.

## LAC DE NEUCHÂTEL FLEET 169

Switzerland District  
Sailing on Lac de Neuchâtel  
Neuchâtel, Switzerland

Fleet Captain . . . . . Jean-Pierre Monnier  
Fleet Secretary . . . . . Claude Lambelet

|                         |              |       |
|-------------------------|--------------|-------|
| * Claude Lambelet       | Garoupa      | 12860 |

| Jean-Pierre Comtesse    |              |       |
| Jean-Claude Du Pasquier |              |       |
| Yann Du Pasquier        |              |       |
| Jean-Claude Fluckiger   |              |       |
| Pierre Grandguillaume   |              |       |
| Jean-Pierre Monnier     |              |       |
| Anne-Lise Paul          |              |       |
| Patrick Sandoz          |              |       |
| Joel Von Allmen         |              |       |
| Anika Vuithier-Lambelet |              |       |
| Jean-Christophe Zesiger |              |       |

During summer 1999, the Swiss District organised the 47th European on Lac de Morat.

Fleet 169 was represented by Garoupa Z 12860 (Lambelet, Monnier, Comtesse) and by Chiloe Z 13840 (Flückiger, Sandoz, Zesiger).

The weather was beautiful, the sky was blue, the temperature was light, the throats were dry, the wind was missing, the waiting was difficult, the championship was well organized and we did finish 4 races.

Two days after these races, the second Master was sailed on Lac de Neuchâtel with 7 Lightnings. The weather was again beautiful, the wind was light and the masters had good fun.

### MASTER RESULT

|       |                                |   |   |   |   |     |    |

As usual, the Regate Fondue was sailed in October with good winds and on Saturday night we had our annual meeting and traditional fondue.

### REGATE FONDUE RESULT

Samedi 16 et dimanche 17 octobre 1999

32me "REGATE FONDUE"

### CHAMPIONNAT DE FLOTTE DES "LIGHTNING"

Avec une haute pression barometrique dans la semaine qui a precede cette rencontre d'automne, on pouvait craindre que le vent ne soit pas de la partie; mais il n'en a rien ete et c'est avec une bise de force 1 a 3 Beaufort que, pendant ces deux jours, nous avons pu naviguer dans des conditions tres agreables. Nous avons beneficie d'une participation habituelle puisque nous avons accueilli 6 LIGHTNING.

Apres les indications donnees par notre chef de course Jean-Claude duPasquier l'ensemble de la flotte a suivi le bateau start au large du Nid-du-Cro pour participer aux premieres regates. Les departes ont ete donnees au centre du plan d'eau pour monter au pres puis redescendre en vent-arriere sur environ 3 km. et refaire encore une fois ce parcours, puis remonter au centre ou se trouve l'arrivee. Cette maniere de faire nous a permis de refaire les departes suivants tres rapidement puisque l'arrivee se situe au meme emplacement que le depart.

Apres les trois manches de samedi, nous avons deja pu voir "l'insolente" superiorite de l'equipage du champion d'Europe Urs Wylar tandis que Jacques Perret et Peter Graf se trouvaient avec le meme nombre de points. Le lendemain, Hans-Peter Schmid tente de jouer les trouble-fete, mais en vain, et notre champion d'Europe "Master" Perret a pris la mesure de Peter Graf. L'equipage veteran Lambelet n'a pas trouve ses marques et s'est contentee de la cinquieme place. Relevons avec plaisir l'arrivee dans cette competition de la famille With, qui avec papa, maman et leur fille se sont bien debrouilles et n'ont pas concede beaucoup de temps sur les precedents.

### RESULTATS COMPLETS

|        |       |                            |   |   |   |   |   |    |

Le samedi soir, comme depuis quelques annees, la "LIGHTNING CLASS" a organise son assemblee generale au Club-House qui s'est poursuivie par une fondue bien appreciee apres les efforts de l'apres-midi.

Beaucoup de monde a remercié l'organisation:

|------------------------|-----------------------|
| Jean-Claude duPasquier | Corinne duPasquier    |
| Pierre-Andre Giroud    | Jean-Claude Fluckiger |
| Pierre Tamarcaz        | Patrick Sandoz        |
| Alain Berset           | Dimitri Jeanneret     |
| Alexandre Weygold      |                       |

Sans oublier notre tenancier Yves Pelletier et toute son équipe !...  
Jean-Pierre Monnier

|                          |                 |       |
|--------------------------|-----------------|-------|
| * Joseph J. Turecamo     | Mardi Gras      | 10690 |
| * Teresa Bouchard        | Partners Choice | 11219 |
| * Alan Pearlman          | Alevai          | 11774 |
| * Malcolm B. Hendry, III |                 | 14917 |

1999 was a slow year for the fleet, consigned to racing handicap for lack of boats on the line. With a new boat registration in the area, we are hoping for more activity in 2000.

Bill Weiss, Fleet Secretary

| * Jody Bunting                |                     | 14763 |

Plans for the 1999 season were made at the annual spring banquet, this year held at the Conneaut Lake Hotel. Included in the thirty people who attended, two new captains, Jeff Taylor and Jon Dearment were inducted. Racing with a fleet of eight, the club

canceled only two of twenty-four races in the championship series. This season was blessed with the best inland winds since any of our captains can remember. In September, the awards banquet was a success with fine dining, socializing, and racing memories. We are all looking forward to racing into the twenty-first century with the Conneaut Lake Yacht Club.

Still enjoying beautiful sailing conditions on Mission Bay, San Diego Bay and Southern California. For the first time in many years, our premier sailing event, the California Circuit (the 33rd consecutive) was won by an out-of-towner. Jerry Neuberger came down from Portland, OR and sailed a very consistent regatta to capture the prize. The District Championships were held at King Harbor Yacht Club in Los Angeles, and Scott Finkboner was victorious.

Although several of our boats have migrated north to King Harbor and San Francisco, the good news is we will once again be able to travel to our sister fleets and enjoy great sailing. Fred Chandler managed to get two of our boats to San Francisco, where he destroyed one and dismasted the other in heavy air. It looks like we will be traveling north in the year 2000 to see what surprises Fred has in store for us.

Kirk Jonson went to the NAs and placed 3rd in the Masters' Regatta with Karen Johnson and Dan Moriarty crewing in Dan's boat. If you missed this NAs, you missed a great time.

Our end of year trophies went to:

Club Races Trophy - Al Poindexter  
Regattas Trophy - Scott Finkboner  
TNT (Thursday Night Thing) - Al Poindexter

We sail all year because the weather is always perfect. Visitors welcome.

### ROYAL ST. LAWRENCE YACHT CLUB FLEET 215

St. Lawrence Valley District  
Sailing on Lake St. Louis  
Montreal, Quebec, Canada

Fleet Captain . . . . . Tony Staples  
Fleet Secretary . . . . . Valerie Tardif

|                        |  |        |
|------------------------|--|--------|
| * Jean-Francois Simard |  |        |
| * Anthony Staples      |  | 14176  |
| * Jacques Trottier     |  | 14354  |
| * Alain Boucher        |  | 14591  |
| * Russel C. Scrim      |  | (Life) |

1999 will go down as the year of the drought on Lake St. Louis! Water levels reached levels that many old timers have never seen! We bumped along the bottom all summer with the weed level rising to unprecedented levels to top off the less than ideal water condition. However, wind wise, we had a great year.

At the Royal St. Lawrence, we had a small but active fleet. David Gorman and Valerie Tardif logged more miles than anyone this

summer participating in every event from the Southern Circuit to the North Americans. Peter Hall and crew from Pointe Claire (Jay Deakin and Jamie Allen) were equally active with their eyes set on the World's in Ecuador. Valerie Tardif will be attending as well with the Spragues from Toronto. Good luck to all.

Alain Boucher and Chantal Leger were very active attending all the regional events and the Canadian Open. Tony Staples, Valerie Lavigne and Scott Collins stayed close to home, with some notable travels mainly to Vermont and to the Canadians (top Canadian). Mark Osterman and crew (Jane Lalonde and Michel Richard and Christian Deserres) were locally active when Mark was not in China(!).

We are hosting the Canadian Open 2000 July 1-2nd. We invite all sailors and families to attend and promise lots of cold Canadian beer and warm French Canadian hospitality. Come to Montreal and experience a wonderful event! Our districts are tentatively scheduled for the weekend of June 24th. Please come to both events and stay the week (especially those from Thunder Bay and beyond!)

Our Web site is up and running: <http://rstlyc.qc.ca/lightning/> and will be updated frequently this winter.

Congratulations to Peter Hall for winning the St. Lawrence Districts and thanks to all those "out of district" who attended our events. Chantal Leger was the fleet's "Crew of the Year."

Peter Hall and crew practicing for Ecuador

## SAGINAW BAY FLEET 216

| * Matthew D. Princing | Scars & Scrapes | 14937 |

Fleet champion John McCree

The 1999 sailing season on Saginaw Bay can only be described as a big success. Fleet 216 not only hosted their own successful regatta, but we were responsible for bringing Lightning racing back to the beautiful Tawas Bay area. Along with two great regattas's Fleet 216 welcomed new members and four new boats.

Fleet racing is held every Wednesday night from mid-May to mid-September, weather permitting. Racing was again close this year with the fleet racing 35+ races. First place went to John Mcree and crew sailing *Sleeper*, second to Matt Princing and crew sailing *Scars & Scrapes* (16 bullets), and third went to Chris Jacobson and crew sailing *Fastidiots*. Following are the annual fleet awards:

Einstein Award - Joe Dissette  
 1+1=2 Award - Chris Princing  
 M\*A\*S\*H Award - Terry Hart  
 Welcome Back - Jim Peters  
 Duct Tape Award - Ryan Little  
 Crew Award - Hart Beat II  
 Most Improved - Scars & Scrapes.

Close finish at Fleet 216's Tawas regatta.

For the first time in 12 years a Lightning Regatta was run out of the Tawas Bay Yacht Club. Thanks to the help of Fleet 216 it went off without a hitch. This former site of the Lightning North American's is one of the most beautiful places in the world to sail. The racing was held in early July with winds in the 10-knot range. Fourteen boats showed up to sail (there are no local boats anymore, or fleet). Colin Park, Karen Park, and Bill Thomas were this year's winners followed by John McCree, Dave Corcoran and Gus Dey in second and Dave Decker, Jerry Decker and Allison Decker (1st regatta) placing third.

Two weeks later we held the Bay City Lightning Regatta. We had 17 boats, winds for 5 to 60 knots, 12 boats capsized in the river on the way in and did I mention the STORM. On the way in from racing on Saturday the US Coast Guard came to our rescue as 12 out of 17 boats capsized in winds gusting over 60 knots. Then came the hail, gumball size! It took about 2 1/2 hours after the storm to retrieve all the boats and equipment strewn about and make sure everyone was all right. Amazingly no one was hurt. Racing did continue for the boats still in one piece. First place went to Jim Allen, second to Chris Princing, and third to Colin

Park. Unfortunately Terry Hart, who had to replace his boat after the tornado the year before got a whole in the new one!

With 1999 winding down, Fleet 216 is looking forward to the summer of 2000. I am sure we will see more close racing, gain more close friends and over all enjoy our boats more than ever. Smooth Sailing.

Matt Princing

Fleet member dealing with the carnage after the Saturday storm at Bay City Regatta. Notice the confusion in the cockpit plus the lack of a mast (broken) and only part of the boom (broken too).

## HENDERSON HARBOR FLEET 225

Central New York District  
 Sailing on Lake Ontario, Henderson Bay  
 Henderson Harbor, New York

Fleet Captain ..... Jack Jones  
 Fleet Secretary ..... Richard Matarese

| * Leonard Phillips   |                     | 14411 |

Fleet #225 enjoyed another fun-filled summer, which combined exciting Sunday afternoon racing on beautiful Henderson Harbor, with laid back Tuesday evening family dinners at a number of cottages along the Harbor shore. Some of the more successful skippers this past season included Jack Jones, winner of the Spring and Summer Series; John Treadwell, winner of the Fall Series; Canaan Leonard, winner of the Appleblossom race; John

1999 Junior Champion Team from Henderson Harbor  
Fleet #225

Allison Stevens, Hunt Treadwell and skipper John Boxberger

Boxberger, winner of the Barnes Memorial race; and Dick Grissinger, winner of the Frostbite race.

A major highlight of the season was the winning of the 1999 Junior North American Championships by three fleet members—John Boxberger, skipper with Allison Stevens and Hunt Treadwell as crew. We (I) am hopeful they'll be giving lessons to the rest of us this season!

Richard Matarese

What a fantastic year of sailing here on beautiful Biscayne Bay. As Fleet #226 soars into the new millennium we have new members, new boats, a new champion and new enthusiasm.

And it's no secret that this place is one of the best sailing grounds in the whole world — just ask World Champ Peter Hall, or Argentina's Hector & Hugo Longarela or any of the Southern Circuit Pros who dropped in on us.

Yes, everyone wants to sail Biscayne Bay. Take our latest guest Joe Buczowski who drives down from St Mary's, Georgia or Peter Wenzler, who just happened to park his boat here for the winter, from Grosse Pointe Farms, Michigan.

There's only one problem. . . . that makes it tough to win one especially when Jeff Linton and his crew drop by to capture the Florida Districts in June from a Fleet of 21. Jeff, of course went on to second place in The World's. Or how about the ILCA V.P. and Assistant Measurer Jim Alman who whipped into town and stole off with the CGSC Annual Regatta and Chris Young Memorial Trophy. Jim, from St Petersburg is the only skipper to have won this one four times.

However, it's not just the visiting competition that makes Biscayne Bay such a raging place to sail, and it's not just the weather. We have a bunch of sailing stars of our own.

Bill Mauk finished fourth in the World Masters Championship, second behind NA Champion and Pan Am Games gold medallist Andy Horton in the New England Districts and 18th in the NA's. Not bad!

Dave Helmick with son Davey & young Daniel Gross finished 5th in the President's Fleet at the NA's and has looked strong all year. Dave is back with his fourth Lightning.

Eamonn DeLisser took the Fleet Championship in convincing fashion and led the charge "on the road again" with victory at the Davis Island, Tampa Thanksgiving Regatta and finished a close runner-up to Linton in the Florida Triple Crown (a four-event series). Eamonn sails with wife Heidi and insurance agent Kim Kolisch. Always handy to have one of those around. Oh, and an insurance agent!

And talking of wives, Dominic Marsden found the best way to keep your foredeck crew is to marry her. So now Karol is pregnant with their newest crew member sometime in May!

John Gochberg returned to the scene for a few races during a

break from his Olympic Soling campaign. Welcome back John - it's tougher in the Lightning Class!

And young Kelly Bayer is boatless again after co-owner and skipper Michele Duplaga married an island man and took off to the Abacos in the Bahamas. Life's tough.

One of our other women skipper's Danielle Septembre starred in her own movie "Hunt for Red Septembre" when she took her boat submarining early in the season. Up periscope Danielle! And finally Fay Regan and Carol Ewing found themselves on top with a stunning one-two finish in Race I of the Chris Young Memorial.

So while the century winds down a new millennium of Lightning sailing dawns and suddenly up like a lark pops Randy Clee. You see "Skillet" is never one to miss a party and having spent the summer in Michigan he's back to party on through our hardy winter on the bay.

Which reminds me. Did anyone else see Fay Regan steal that "super-soaker" prize from our Sandbar Party? Lady Lightning needs a lesson from Lady Manners in that department.

Dave Kurtz with his blue "Mullet" together with Jim Bigham, Steve Horowitz, Steve Perry and Andy Waks all made the giant leap up to Lightning sailing this year from PHRF and Steve Witherspoon is back with son "Spike" (something to do with that hairstyle!).

By keeping everything up and running Stuart DeLisser has become the Fleet 226 Fixer-Upper. Which is probably a good PR move since brother Eamonn seems to bust'em as fast as Stu can fix 'em!

It's been said that Stu's next project will be a full-size bar in Larry Ames' 11702. And we always wondered why Larry kept such regular crew?

#### Fleet Finishes:

|                |                 |
|----------------|-----------------|
| Fleet Champion | Eamonn DeLisser |
| Runner-Up      | John Rouse      |
| Third Place:   | Bill Mauk       |
| Fourth Place:  | Dominic Marsden |
| Fifth Place:   | Jon Ewing       |

Our CORINTHIAN TROPHY (You know, the big Lightning in the display case) went to Jon Ewing. Of course, Jon needs to rent a Ryder truck to take it from the party to the engraver's and back to Coconut Grove Sailing Club. Congratulations Jon!

MOST VALUABLE CREW was awarded to Kim Kolish - as we all know she made every decision for the Master Rasta since he's completely incapable.

MOST IMPROVED SKIPPER went to Larry Ames whose sailing has not changed much but he's not spilling his drinks like he used to.

Dave Helmick won our SPORTSMANSHIP award. Now he just has to fix it after I snapped off the base while shaking up raffle tickets!

It must be pointed out that although Dave Kurtz and the crew of "Mullet" carry off our GOLDEN BUCKET award this year, Dave did not in fact capsize the most times — he just stayed down longer!!!! (That must be a bumper sticker?)

And last but not least the DROWNED RAT TROPHY was awarded posthumously to Suzette Cruz (actually, she's still alive somewhere and in hiding). You see Suzette jumped out of John Rouse's boat no less than four times last year. Twice in one race, and once before the start). She even beat John who fell in once. But then no one noticed that one DID THEY?!!!!!!?

So now you can wipe the slate clean of all those misdeeds and inappropriate maneuvers and get ready for a new year of Y2K Lightning Sailing — Biscayne Bay Style.

Our special thanks go to Heidi and Eamonn DeLisser for hosting such a wonderful party and to all our fleet members who participated. By the way, has anyone seen Skillet today? The "Beer Warbler" was last seen perched on one of our coolers looking very guilty.

So come on down to Biscayne Bay for a visit. And while you're here why not sail the Southern Circuit. You never know, you might run into Tom Allen Jr at the BBQ grill or Bill Faude dancing topless to an African Beat! Or you might meet someone really famous.

*Mary McCullough & Dominic Marsden*

## RIVERTON YACHT CLUB FLEET 228

Central Atlantic District  
Sailing on the Delaware River  
Riverton, New Jersey

Fleet Captain ..... John Haiges  
Fleet Secretary ..... Caroline Hoedemaker

| * Richard Moyer      | 14942                      |

Our 1999 sailing year started with an impromptu meeting at Mark and Cindi's home (thanks for the hospitality), where to our delight we found that John Haiges and Lisa had gotten engaged! This of course started the year out with a buzz of excitement. I believe they are to be married in 2000. We had a successful meeting and planned for an exciting year: Wednesday night sailing, Sunday Clinics and regatta travelling.

We still emphasized our Wednesday series, but added some "Sunday sailing" in a "clinic" type format to work on raising the level of all of the sailors in the fleet. It seemed to help promote the fleet's "togetherness" as people enjoyed helping one another. But of course this made our Wednesday night racing all the more intense. Since Riverton is located in an urban area right outside Philadelphia, sailing during the week is very popular. Mark took the first series (consistency pays!), followed by Bob and then Peter.

Hugh won the second series followed by Allan and then John. John H. and Peter ended up with 1 and 2 overall with Hugh close in third. All in all it was a very successful series with 12 active boats participating.

The fleet traveled all up and down the East Coast again this year, and as usual could be found in bunches together at the local regattas. Caroline went down to the Southern Circuit again, but didn't come back with quite as many stories or a new boat this time.

Seven boats went to the districts and two went to the NA's (both were in the Blue series-congratulations to Bob and Gary S.). Sterling took a shot at the Women's. Six boats went to the ACC's etc. etc. etc.

We had two home regattas: Governor's cup (Caroline won this one), and then the Fall Windup (Mark took that one). We look forward to hosting the districts in the spring.

It seems to becoming a feature of the local regattas to have a match against Nyack since they also travel in large bunches. I am pleased to say we ended up 4-2 this year. Nyack won the NA's and Nockamixon regattas, but we took the 2 Nyack regattas, the ACC's and Barnegat Light regatta. We will miss Bob Bush's participation and assistance in these challenges but wish him the best in Rochester.

Come join us if you are in the area. The club is located on the New Jersey shore of the Delaware River, and is housed in an old passenger steamer station sitting out in the river just north of the Tacony Palmyra Bridge.

## SALAMIS FLEET 251

Greece District  
Sailing on Phaleron Bay  
Piraeus, Greece

Fleet Captain . . . . . N. Carageorgiou  
Fleet Secretary . . . . . T. Bonas

|                 |        |       |
|-----------------|--------|-------|
| A. Lagathas     | Mesis  | 4636  |
| * Stelios Bonas | Cloack | 10996 |
| * A. Dimou      | Renata | 13968 |

Our fleet members participated in the Pastrikakia race organized by the Naval Cadet Academy.

The members of our fleet will participate in the 2000 Europeans and in the World Youth Championship to be held in Greece.

We expect to add two new boats to the force of our fleet.

## KEUKA LAKE FLEET 252

Central New York District  
Sailing on Keuka Lake  
Hammondsport, New York

Fleet Captain . . . . . Brent Gillette  
Fleet Secretary . . . . . Eileen Loh-Fontier  
Fleet Champion . . . . . Brent Gillette  
Runner-Up . . . . . Pete Cunningham

|                         |                 |       |
|-------------------------|-----------------|-------|
| * Rowland Stebbins, III | 7-11            | 12711 |
| Paul Schnipelsky        | The Other Woman | 13816 |
| * Brent Gillette        |                 | 14119 |
| * Peter M. Cunningham   | Ballyhoo        | 14221 |
| * James E. Staunton     | Mangy Moose     | 14256 |
| * Mike Kalinich         |                 | 14368 |
| * Debbie Koop           |                 | 14416 |
| * Leon Fontier          | Electric Lady   | 14431 |

1999 . . . another terrific sailing season on Keuka Lake. Like the prior year, it was hot and sunny, but this time we almost always had enough wind for club races on Sunday. The majority of the time it was light wind conditions, but as long as it's enough to move a Lightning, we're happy. This season also brought the reappearance of some dear old faces to the fleet. Barry Brogan's work is keeping him year round in Lake Saranac, so you no longer see him on our fleet roster, but he did join us for the Champagne Regatta and a couple of club races later on in the season. It reminded us how much we miss him the rest of the year.

Paul Schnipelsky returned from a 10-year stint in England. His "Other Woman" had been waiting faithfully for him all those years in the KYC boatyard, and Paul dusted her off and jumped back into club races. Jim Staunton returned with Mangy

Moose, and apparently his year off didn't cause him to miss a beat; he placed third overall for the season, just behind Pete Cunningham. Brent Gillette, meanwhile, ended up the season as Fleet Champion. This was Brent's third season in our fleet, and he has moved steadily from third place, to runner-up, to first. He apparently doesn't believe in regressing, or even keeping the status quo, so we're all wondering what he's going to do in the year 2000. His placing sixth at the Districts in Ithaca may be a hint of what's to come.

*Fleet #252 Skippers (left to right) Leon Fontier, Jim Staunton, Brent Gillette, and Debbie Koop relax after packing up the boats.*

We also have a first for Fleet 252: a female skipper. Debbie Koop from Branchport purchased Bob Cole's boat and joined us this year. Over the last few years, you may have met her at regattas when she crewed for Jim Staunton. She must have learned a lot from Jim, as she placed well in club races. Debbie also was the area "E" qualifier for the 75th Adams Cup race. The qualifier was held at the Buffalo Canoe Club, and then Debbie and crew traveled to Milwaukee for the race, from whence she returned with the Sportsmanship trophy. We're proud to have Debbie as part of our fleet.

We hope some of you will join us next year for the Champagne Regatta. Participation has been growing steadily over the years (this year we had 21 Lightnings here), which made for great competition, and an even better party. Leon Fontier is still part of our fleet, so the likelihood that we'll have handcrafted pewter trophies again is good.

## SUSQUEHANNA YACHT CLUB FLEET 253

Dixie District

Sailing on the Susquehanna River  
Long Level, Pennsylvania

Fleet Secretary . . . . . Fred Bush

|                           |               |       |
|---------------------------|---------------|-------|
| * Carol Park              |               | 0     |
| * Holly Miller            |               | 11582 |
| * Starling H. Mikell, III | Debstar       | 12941 |
| * Kenneth C. Kuzdro       | Sneak Attack  | 13218 |
| * Frederick S. Bush       | Double Whammy | 13813 |
| * Charles F. Noble        | Starthrower   | 14156 |

Fleet 253 had another year of growth in 1999, adding two new skippers. And we hosted our first open competition in several years — a "first annual" Susquehanna Yacht Club Sweet Corn Regatta.

We began the year as usual with a delegation manning the Lightning "booth" for a day at Atlantic City's Sail Expo, and then aided the U.S. Coast Guard Auxiliary in presenting a springtime Learn to Sail course at the clubhouse for the 26th year in a row. And to cap the start of our 45th year as a fleet, we joined in a gala party to celebrate the 50th anniversary of our club. Our Wednesday night racing began at the end of May and, for a change, we were blessed with decent wind almost every week. We were able to get in lots of races with a variety of skippers enjoying wins over the course of the season. We don't keep records very well, but the consensus is that Fleet Captain Star Mikell probably won the most.

Early in the year Tom Dexter and Anita Blackaby and sons showed up with Lightning Bug and Tom proved that he had been paying attention while crewing as a youngster in Nyack on the Hudson. He was competitive in our fleet from the get go and even won a few races before the end of the season.

In July, Pete Pundt dropped by, said he had done a lot of Lightning sailing in an earlier life in Rochester, N.Y., and showed his experience whenever he could borrow a boat for the evening. He announced at the end of the season that he was definitely buying a boat, and the latest report is that he somehow has purchased two. Talk about enthusiasm.

After some goading from our Dixie District about lack of hospitality, we scheduled an open regatta to coincide with the club's annual August corn roast, and delightedly welcomed seven visiting boats to add competition to the fourteen-boat regatta. We had lots of sweet corn and just enough wind for three races. Locals and visitors alike agreed the Sweet Corn Regatta was a success worth repeating. The racing trophies went to:

1. Allen Crew of Riverton, N.J.
2. Carl Muska of Elk Neck, MD
3. Charlie Noble of our fleet. (Way to go, Charlie!)

For now, the docks are out, the hoists down and the boats tucked away, but Fleet 253 is looking forward to even better racing and fellowship in the new Millennium!

*Fred Bush*

## BURT LAKE FLEET 254

Michigan District  
Sailing on Burt Lake  
Cheboygan County, Michigan

Commodore . . . . . Stan Smith  
Vice-Commodore . . . . . Craig Bickley  
Secretary/Treasurer . . . . . Ann Swayze  
Fleet Champion . . . . . Clark Swayze  
Runner-Up . . . . . Gary Street

|                |       |
|----------------|-------|
| Sally Fraser   | 12890 |
| John Beery     | 13909 |
| Gary Street    | 13969 |
| * Jeff Leland  | 14023 |
| Stu Cheney     | 14505 |
| * Clark Swayze | 14770 |

(We do try to get our members to pay ICLA dues!)

Lightning racing in Fleet 254 in the summer of 1999 was very competitive with virtually all of the races being decided by only seconds. Stu and Guy Cheney in 14505 and John Beery in 13909 both had outstanding performances on the days they were able to compete, but sadly both were unable to compete in several races. That left defending champion Gary Street in 13969 battling Clark Swayze in 14770 for the 1999 trophy. In the final analysis three close races with a total differential of 41 seconds made the difference between for these two closely matched boats.

In the club's annual 4th of July Holiday Daggerboard Regatta Sunfish racing is getting more competitive every year. This year honors went to Eric Kennedy; Guy Cheney was second and Stan Smith took third. But experienced skippers were put on alert—Kennedy's young son Marc was only a few boat lengths behind for a 4th place finish over-all.

*Ann Swayze*

## CLARKS HILL LIGHTNING FLEET 257

Southeastern District  
Sailing on Strom Thurmond Lake  
Augusta, Georgia

Fleet Captain . . . . . Robert E. Harkrider Jr.

\* Robert E. Harkrider, Jr. 14889

The Clark's Hill Fleet # 257 hosted the Southeast District Championships May 21, 22, and 23, this year. The turnout was small for a Districts, but a good time was had by all. We started out Thursday night with the traditional Hamburger cook-out for early arrivers at Bob and Sharon Harkriders.

Early Friday, we did the weigh in and rigged for the racing. We were able to get Six races in over the three days, giving us a throwout. Bob Harkrider beat out Jim Harris by two points with Pierce Barden third, followed by Sam Booke. The junior boat skippered by Josh Putnan was fifth.

Teams headed by Bob Harkrider and Jim Harris/Connie Harris went to the North American's, at Lake Carlyle.

It is hard to believe that 1999 is over, looking back now, the year seems like a blur. This year was Fleet 266's biggest year ever. The Fleet's successful hosting of all the North American Championship events was the result of efforts of many people within and outside of the fleet . . . but we are getting ahead of ourselves, lets first start at the beginning.

Fleet 266's season started out with our annual Mid-Continent Regatta held on the first weekend of May. This year, the regatta attracted 28 Lightnings. Good times were had by all on this unusually warm weekend. Three good races were sailed on Saturday, but the winds never came out of the barn on Sunday. Matt Fisher with own Dan Moriarty and Rick Bernstein crewing won the event. Skip Dieball out of Chicago followed by Matt BurrIDGE, David Stix, and Bill Faude rounded out the top 5 finishers.

This year, the fleet broke the Carlyle Sailing Association tradition for scheduling the Spring, Summer, Fall and Fleet Championship series. Previously, each and every Sunday would include a Spring/Summer/Fall race in the morning followed by the Championship race in the afternoon. This year, the Spring/Summer/Fall series were scheduled for both Sunday races when the fleet had RC duty or when major regattas occurred.

The Championship series was scheduled to attract the greatest

amount of fleet participation and to avoid racing this series in the dog days of summer. The number of scheduled races for each series remained about the same; however, as expected participation in the championship series was stronger than normal and less than normal for the other. Part of the lack of racing in the non-championship series was do to the fact we were good at choosing the Sundays with wind for the championship races where as the other series lost many races due to lack of wind. The fleet also experimented with a handicapping system to provide a more level playing field for racing. Details about this handicapping system can be found at our web page (<http://home.earthlink.net/~topflash/>). The handicap results were not official, but they were interesting.

Dan Moriarty once again was on top of his racing skills and is the Fleet 266 Champ. The main contest was between Gerry Paoli and Terry Burke for 2nd and 3rd place. Terry was in second for most of the season, but Gerry had a very strong finish and surpassed Terry on the last Sunday scheduled for championship races. Gerry also won the Spring and Summer series followed by John Folwell in both series. John returned to Fleet 266 this year after he was banished for several years to Devils Lake Michigan.

Fleet members attended numerous regattas this year. Dan and Rick crewed with Matt Fisher at several regattas including the Ohio districts, Annapolis's Frigid Digit, Chicago's Red Flannels and are with Matt at the Worlds as I am typing this report. Numerous fleet members attended the Districts sailed on Lake Arkabutla in Mississippi which was won by fleet member, Matt BurrIDGE. Tobi Heisler crewed at several regattas but took her own boat to sail at the Red Flannels and the Bluenose (where she won a race! 17th overall)...she let her dad Denny borrow the boat to race the districts and the NA's. Also at the Bluenose was Arthur Merdinian 7th, Schillebeeckx 19th and John Sepanski (from the CSA Snipe fleet) 25th.

Fleet 266 fleet member had good showing at the North American's events. Felicia Bamer (from CSA's FS fleet) was second in the women's event. Ronn Frerker crewing on Jim Ward's boat finished 2nd followed by Adam Beckman in 9th and Titou in 10th. Lal BurrIDGE with his son Matt and Jim Carson were 6th in the tightly contested Master's Fleet. Matt BurrIDGE tore his Achilles tendon after the last race of the Masters. Such an injury would put most people out of action, but not Matt who finished 8th in the NA's in spite of being over the line in Race 1.

Matt paid dearly for sailing, with post regatta surgery, and is now on the mend to start sailing again next season. Gerry Paoli made his first appearance in the Blue Fleet along with former fleet member Ken Kniepman (with his brother Mark and sister Kathy). In the President Cup were Terry Burke (8th), Marc Schillebeeckx (9th), John Huhn (20th) and Denny Heisler (24th).

Lightning Fleet 266 would like to thank all the members of Fleet 266, CSA, and the Mississippi Valley District who volunteered at the NA's. The fleet would especially like to thank those helpers who came from out of town just to help out running this event. These people include Hank and Esther Callahan, Bill

Cabrall, Marty Mulhern, Jay Limbaugh, Dean Cady, and Sandy Huntsman.

Fleet 266 is now waiting out the winter month and look forward to seeing all of its friends on the first weekend of May (the 6th and 7th) for the 2000 Mid-Continent Regatta.

## INDIANAPOLIS SAILING CLUB FLEET 270

Indiana District  
Sailing on Geist Reservoir  
Indianapolis, Indiana

Fleet Captain ..... Kenneth McGinity  
Fleet Secretary ..... John Leath

| * Kenneth D. Woods           |                | 14610 |

This year, our Fleet experienced a mild resurgence as some younger sailors got more active and started to challenge the old timers. It was a dry season throughout the Midwest and Indianapolis was not spared. Our lake dropped almost eight feet below the pool level as water was drawn off to satisfy water needs for the City.

This didn't stop our racing programs though! With a good bit of yankee ingenuity, the Fleet and other Indianapolis Sailing Club boat owners adapted to continue racing on schedule.

Attendance was down again this year for our annual Burl Harmon Memorial Indy Open on the first weekend in May with 12 boats. With the North Americans scheduled for Lake Carlyle, Illinois in August, many top Lightning sailors opted to attend their Spring Regatta as a tune-up. We were able to get four races in on Saturday in a 10 knot breeze but had no wind on Sunday morning. Jim Davis with crew Chris Davis and John Heagy from Fleet #42 on western Lake Erie won with four firsts. Second place went to Jeanne Ehrenberg with crew Tim Shambrook and Jim Hagen from Fleet #5 in Chicago. Joe Lassaux from the home Fleet #270 with daughter Michelle and Frank Wilder as crew took 3rd place for the highest finish ever by a local boat. Joe and crew again this year have the honor of being Fleet Champion for 1999.

Three local boats, John Leath, Mike Franceschini and Pete McGinity, traveled 100 miles north to Lake Wawasee for the

Indiana Districts in June, and Mike returned again in early October for the Hoosier Fall Regatta. John Leath, his crew daughter Jennifer Leath, and Scott Jeffers made their way to Carlyle Lake for a little experience at the big time, the NA's. Early results in the qualifying races were encouraging. When the wind picked up, things changed.

All during the season, Fleet members enjoyed the Fleet deck at the Club for socials after the Sunday races and participated in all the Club Regattas and socials ending with a Christmas Dinner-Dance at the prestigious Columbia Club in downtown Indy which the Fleet hosted.

Now that the North Americans are moving to Annapolis MD in 2000, we look forward to many more Lightning sailors for our 2000 Indy Open on May 6th & 7th, 2000. Again for the Year 2000 season we hope to encourage more Fleet 270 members to travel to the multitude of away Regattas available to us in the great Midwest.

*John Leath*

*Fleet #270 Champion Joe Lassaux with daughter Michelle in Sundance II*

Fresh out of the Lightning Sailing School of our Yacht Club (which now numbers 60 people), the following members of our fleet trailed their boat to Murten, Switzerland; Vazakas Nikos, age 20, Paraskevas Marios, age 20, and Hatzilakos Giorgis, age 18. They finished fourth in the event and they enjoyed traditional fine Swiss hospitality.

Our fleet, together with the Yacht Racing Club of Athens will organize both the 2000 European Lightning Championship from 25-30th of June and the 2000 Youth World Championship from 3-8 of July.

We look forward to meeting Lightning sailors from all over the world. We hope to ensure that they will have both a good sailing and social time!

Wow what a year!!! We had some great sailing, great fleet accomplishments, and great individual accomplishments of some of our fleet members.

Our season got off to an early start for 3 boats from our fleet. Andy Horton, Heather Rowe, and Bill Fastiggi, Don Brush, Tim Ambrose, and Paul Gutwin, and Dave Gorman, Rick Villamil, and Valerie Tardif all headed south for the Southern Circuit. The Horton/Fastiggi/Rowe team led off the year by winning the Deep South Regatta and finishing second overall for the circuit.

We began the local season by hosting a series of three sailing clinics for the local sailing community, organized by Pat Zachary. Don Brush, Bill Fastiggi, and local weatherman Gib Brown each spoke about different aspects of weather, strategy, and tactics.

Our fleet racing got off to a strong start on Memorial Day and continued on through the season. The scoring was difficult this year with so much close racing, a lot of skipper and boat changes, extra boats from other fleets, and great competition. Guests who visited our fleet races included Nick Mercier, Peter Hall, Ray Harrington, and Al Boucher.

Our Spring regatta was won by Peter Hall, followed by Tony Staples, Don Brush, Colin Park, and Al Boucher. We had 18 boats, and some perfect early season sailing with 5 great races on Saturday. Sunday saw winds in the 20-35 knot range so racing was cancelled for the day. For almost as long we can remember, we only ended up with one day of sailing at the spring regatta.

We also hosted the New England Districts this year, along with the District Women, Junior and Masters Championships. The womens championship had great competition with 5 boats and incredibly tight racing. Joan Shannon, Kika Bronger, and Marcy Milton edged out Ann and Kate Brush, and Lea Ann Smith on a tie breaker with Heather Rowe's team and Chantal Leger's teams tied for third one point behind the leaders. The Masters Champion was Fritz Horton sailing with Stu Nickerson and Lisa Brauer, edging out Dick Fastiggi, Rick Fastiggi, and Kurt Kling. Dave Adams of Massabesic won the Juniors with Bretton Gardner in second place.

For the Districts, the local team of Andy Horton (with Heather and Bill) defended his district title, followed by Bill Mauk and his visiting Florida team, then Don Brush, Stu Nickerson, and Peter Coleman.

Andy, Bill and Heather won the gold medal at the Pan Am Games. Andy then followed that up by winning the NAs at Lake Carlyle. Bill tried his hand at the tiller for a change and finished 2nd in the qualifiers and 10th in the Blue Fleet, Don with his team of Rick Fastiggi and Lea Ann Smith finished 20, and Dave Gorman made the blue fleet and finished 26. Dave is certainly the fleets most improved skipper this year.

This fall we hosted our first annual "Leaf Peeper" regatta in early October. The final regatta on the NED schedule, it drew 15 boats and was won by Alain Boucher of Montreal. It was a sweep for the Canadians as Peter Hall/Jamie Allen finished second and Dave Sprague was third. Heather Rowe borrowed a boat and teamed up with Lea Ann Smith and Kika Bronger finishing fourth (top local boat), followed by Dave Gorman in fifth.

Other Fleet Highlights were Mark Gardner and Patrick Zachary finishing 1,2 at the Bow Lake one day. Ed Ziemer won the Thursday night series again this year, having won every time this decade! Pat Zachary also won the New England District Circuit Championship.

The fleet championship was very hard to figure out this year with so many different skippers sailing different boats, etc. In the end, Dave Gorman won the fleet championship with Patrick Zachary in second. Congrats Doc! All in all it's been a fantastic few years for our fleet. Next year promises to be even better with a few more new boats and continued activity. If you are in the Lake Champlain Region - come sail with us.  
*Bill Fastiggi*

A different format was tried this year, with much success. Instead of sailing one series of sixteen races (as last year) or two series of eight races each (as in 95% of previous seasons), we decided to sail four series of four races each. Each series winner would be awarded one of the four perpetual Lightning trophies. What a cost conscience idea; as a side benefit was reduced award expenses at the end of the season.

Jim Hopkins won the first series and took home the Doc Walbert Cup followed by Jim Ganley and Bob Horne in second and third. Al Mast won the Buss Neff Cup, with Jim Ganley again in second and Howard Edson in third. Al won the Skippers Cup for the third series with Jim Hopkins and Ted Ganley in close pursuit. Al and Jim both finished with 81/2 points and Ted had 9. We had to go to the fourth level tie breaker to declare Al the winner. The final series was again won by Al (Commodores Cup) with Ted Ganley and Jim Hopkins placing second and third.

The Summer Bay Race was won by Howard Edson, followed by Ted Ganley and Tom Hopkins in second and third respectively. The Fall Bay Race was won by Ted Ganley with Al Mast in second and Tom Hopkins again in third.

The James V. Ganley Fleet Champion Trophy went to brothers Ted and Jim Ganley, Jr. Although they didn't win any of the four series, they shared skippering duties well enough to earn the Champion Trophy with consistent top-three finishes the entire season. In the seven seasons since the inception of this Trophy, the Ganley boat has won it four times.

The fun award of the season is the BUTT Award (named after the business end of an old mast, not of an old Skipper). Only one remarkable feat occurred this year that warranted consideration. Al Mast asked his wife, Lynne, to hold the painter while he prepared the boat for the morning races. Unfortunately, Lynne grabbed the wrong line, allowing Al to drift away. (Hey Al.....maybe it wasn't an accident!) Fortunately for Lynne, this occurred out of view of the rest of the fleet. Unfortunately, Al couldn't resist sharing this with the rest of the fleet, assuring once again that no one is protected from earning the "Butt".

This season's annual Banquet was once again held (close to) the water at the Chester River Yacht & Country Club. This year's Banquet included a special theme, "Night of the Commodores" in honor of our 40th Anniversary. Although the Kentmore Park Sailing Club was founded in 1958 and the Sassafras Lightning Fleet 314 was chartered in 1959, the first actual sailing season began in 1960. The night included a recap of the founding members and former Commodores, and then concluded with the inaugural presentation of the Forrest R. Schussler Award for Outstanding Service to the Kentmore Park Sailing Club. This award was donated by Marie Schussler in honor of Forrest, a founding member and our first Commodore. The award, to be presented each year by the

Commodore, was presented to Chuck Voorhees, our dedicated Race Committee Chairman for his many years of reliable service to our Sailing Club.

## REHOBOTH BAY SAILING ASSOCIATION

### FLEET 325

#### Dixie District

#### Sailing on Rehoboth Bay Rehoboth Beach, Delaware

Fleet Captain/Secretary . . . . . Dave Racine

|                        |              |       |
|------------------------|--------------|-------|
| * Rehoboth Bay Sailing | Bobo         | 9527  |

| Christopher Raubacher  |              | 14566 |

For the past several years, Fleet 325 has had only minimal Lightning activity. We have held the Delaware Governors Cup Invitational regatta in June each year, but sometimes without any fleet member participation. However, sailing at RBSA is not dead. It has just shifted to our other fleets. The Sunfish fleet continues to be quite active and the Hobie fleet has supported two major, 40 to 60 boat, regattas each year. We also have a newly formed Catalina 25 fleet of 7 boats, that are enjoying cruising and racing activities together.

The happy news is that we are showing signs of growing Lightning activity. RBSA owns one good competitive Lightning that is being sailed by John and Jamie Dolan, and Jim Greenwell has expanded his sailing into the competitive arena. I have just procured an older, but once excellent boat, and hope to have it in competitive condition by spring. Chris Raubacher and Barry Pierce have both purchased very competitive boats and expect to be active in our fleet.

We look forward to next year with hope that our increased activity will interest even more sailors to join us, and Lightning Fleet 325 will once again be a real competitive force.

*Dave Racine*

## SEVERN RIVER FLEET 329

Dixie District  
Sailing on the Chesapeake Bay  
Annapolis, Maryland

Fleet Captain ..... Phil Grotheer

Fleet Secretary ..... Jonathan Guth

1999 was another memorable year for Annapolis-based Fleet 329. Sailing out of Severn Sailing Association (SSA) on the scenic Severn River and Chesapeake Bay. Fleet 329's annual schedule of regattas, including the ever-popular TESOD (Tuesday Evening Summer One-Design), was punctuated this year with the 60-boat Atlantic Coast Championships July 24th -25th, and the 44-boat Frigid Digit October 16th and 17th. Those who attended the ACC's will no doubt remember the great dinner and party held at the SSA clubhouse, just a small precursor to the festivities being planned for next year's NA's.

Local John Guth amidst a pack downwind at 1999 ACC held at Severn.

And speaking of NA's, the planning has indeed been underway, spearheaded by Fleet-Captain Phil Grotheer. Fleet 329 will be ready to host a week to remember next August! So start making plans now to qualify and attend one of the biggest and best NA's held in this millennium.

In addition to the club schedule, several Fleet 329 skippers and crew hit the road a good bit this year, travelling to many different regattas both in and out of the Dixie District. These included the

Southern Circuit, the Potomac Cup, District's at Deltaville's Fishing Bay YC, the Delaware Governor's Cup at RBSA in Dewey Beach, the Solomon's Island Invitational, Washington's President's/Leukemia Cup, the Borderline, and NA's, among others.

As for the Fleet itself, 329 currently has about 20 active and semi-active members, including several new additions this past season, and numerous Annapolis-area hotshots thinking about jumping into the class for next year's busy season. If you want to find out more about Fleet 329, see photos and results of the big regattas we held this year, or find information about the 2000 NA's, please visit the Fleet web site at:

<http://www.clark.net/pub/ssa/Classes/Lightning.htm>.

above- 60 boats came to SSA for the ACCs in July to pick up some local knowledge for the 2000NA's.

below- ACC winner, Ned Roseberry in 14821 and SSA's own Phil Grotheer in 14881 lead the pack downwind.

The following are several articles written by Phil Grotheer during the season about several of our more notable regattas.

**ADAM'S CUP QUALIFIER'S:** This past weekend was one of the best two days of sailing we've had in a long time. The format for Lightnings was a little different with the women's qualifiers being sailed at the same time. Two women's teams ended up competing for the CBYRA region. Cap Pin with crew Jen Norwood and Gwen sailing Sean Carroll's boat and Joanna

Byron and crew sailing Mike Beaver's boat 14566. They sailed five races on Saturday and four Sunday. They were tied for points going into the last race which ended up being the tiebreaker. Our regular fleet of 11 boats kept a close eye on the women because it was such a great match race. Cap (or Capucine) and team went on for the win and will be representing CBYRA in the area C's in New Jersey in a month or two from now. Congratulations to both teams for some great sailing. Neither one of the teams have had much time steering Lightnings and did a great job sailing fast.

**MD GOVERNORS CUP:** The regular fleet had 11 boats. 5 races Saturday and 3 Sunday were sailed. Several DC boats showed up (Gallagher, Anderson, Alsalam) and Chris Raubacher showed up Sunday with his new boat. I'm telling you - watch out for Chris and team! They will be fast this season. We used to chase him around the race course a few years back before he sold 14156. Grotheer came out on top this weekend with Jon Guth second and Jamie Brickell third. The breeze held from the N to NE all weekend at about 10 to 15 knots. Everyone thought the breeze would poop out on Saturday but it never subsided. The cloud cover kept all the motorboats away and we didn't have to worry about sunscreen all weekend. What a great time. Oh yeah - the party was great too. We cooked burgers and dogs on the grill after the races Sunday and hung out until dark.

**ACCs:** The Annapolis Lightning Fleet out of Severn Sailing Association put on a wonderful regatta the weekend of July 24th and 25th - the Lightning Atlantic Coast Championships. The Lightning is one of the worlds most competitive one design classes, and also attracts some of the nicest people you will ever meet. The ACC's this year went down as legendary status, with a fleet of 60 boats and one killer after-race party on Saturday night. The ACC's is usually one of the biggest mid-season travelling regatta for Lightning sailors. It is also a great tune-up for the North American's which usually follows by about two to three weeks. Ned Roseberry with crew Ched Proctor and Dorsey Roseberry from New York won the event with 16 points (2 bullets included). Second went to Connecticut's own Brian Hayes with crew Carter Utzig and Annapolitan Lesley Frymier. Third went to SSA's own Phil Grotheer with crew Sean Carroll and Nat Coughlin. Sean Carroll holds the current Lightning Junior World Championship title which he won in Salinas, Ecuador last fall. Lightning regattas of this magnitude are always a who's who in competitive sailing. There are always a bunch of sailmakers, pro's and high ranking amateurs that travel the circuit each year.

| * Dwight Gertz              | Jumbo II       | TBA   |

Fleet 332 had its busiest season in 20 years. Although our backwoods operation still looks pretty primitive compared to life in the great yachting centers of the world, we now have a "home base," for the first time in our history, an encouraging influx of new blood, and a blossoming relationship with our hosts at the Squam Lakes Association.

Our "wilderness renaissance" was recognized early in 1999 when the United States Sailing Association included a chapter describing our somewhat laissez faire management style in the new edition of the Class Management Handbook. It was flattering to see our slow growth from three boats to 14 over the last 15 years attributed to our "fun first - rules second" credo.

The sailing season is spread over 10 Sundays from the 4th of July weekend through Labor Day. We suffered from two rain-outs but managed to complete enjoyable July and August series. Attendance ranged from 4 or 5 boats early in the season to 8-10 in August when the vacation season was in full swing. Although the father and son Whatley team was clearly the best on the lake, a scan of the fleet roster reveals that nearly everyone had at least one really good race.

Particularly pleasing to all of us was the performance of new members and old members sailing new boats. Art Cunningham, an experienced Snipe sailor, imported #9829 from Massabesic and immediately began to sail the boat t upwind very well. As soon as he gets some more exposure to the uses of that big, third sail in the front of the boat, he will be a threat to all of us. Art is also traveling to regattas which most of us don't have the time to do. We appreciate his efforts to support our neighbor fleets. Doug DeCluitt, a veteran Thistle racer back home in Texas, kicked off a wave of newer boat buying when he appeared with #14247 and promptly showed us that Texans know how to sail. Wally Ackley imported #14814 and proved that a boat that is 100 pounds lighter can really help a skipper. Finally, Ed Michels

appeared for his annual vacation visit from North Carolina with the first really new, just out of the box, Lightning seen in this fleet since forever.

Ed was so fast with this boat that he left vapor trails in his slip stream. As the first snow fell on the White Mountains in October, we gained another new member as long time local super crew Will Abbott bought #10555 from Dwight Gertz.. Will is the Executive Director of the Science Center of New Hampshire at the Squam Lakes which leads us all to worry that his staff 's continuing research out on the lake will provide him with some secret local knowledge that will leave the rest of us in his wake. This forces Dwight to look for a new boat and requires Jack Russell to train another crew member. The cycle continues.

The highlight of our season was a 16 boat turn-out, in spite of a gruesome weather forecast, for our annual regatta. The threatened deluge held off until after Saturday's races and was gone by Sunday morning. Allen Whatley worked with visiting hot shot race committee chair Harry Mattison to squeeze five races out of some typically squirrely Squam conditions. The lake looked beautiful full of spinnakers. Georges Peter from Annisquam MA, warming up for the World's in Ecuador, won the regatta while locals Christian Whatley and Dwight Gertz took 2nd and 3rd.

The second best sight of the year was the Around the Lake Race, sponsored by the Squam Lakes Association. A colorful menagerie ranging from Windsurfers to a Prindle Cat flew to the other end of the lake and back in record time with beam winds of 15 knots. The Whatley crew came in 9 minutes behind a first-to-finish Hobie Cat and upheld the Lightning fleet's honor by taking first place on corrected time by 14 seconds.

We finished our season with the traditional awards dinner at Jack and Betty Russell's beautiful new home on the lake. Allen and Christian Whatley received the Fleet Championship, the award for best Lightning in the Around the Lake Race, and the July series. Dave Closson was second for the season, just nosing out new member Art Cunningham. Dwight Gertz sneaked past the Whatleys for the August series and also won the Closson Cup for the best score in the last three races of the season. The Fleet Spirit award was given to Bobby "Hollywood" Sengstaken.

Everyone went home filled with the realization that we have a good thing going on our little mountain lake and that we will want to work to preserve it.

## BARNEGAT LIGHT YACHT CLUB FLEET 335

Central Atlantic District  
Sailing at Barnegat Light Yacht Club  
Sailing Waters include the southern end of the  
Barnegat Bay  
Harvey Cedars, New Jersey

Fleet Captain ..... John Demming  
Fleet Secretary ..... Bill Clarke

Start of a summer "heavy air" race at Barnegat Bay

| * Hal Pote          | Rastamohican      | 13876 |
| * John Faus         | Dalai-Rasta       | 14350 |
| * William S. Clarke | Hot Pepper        | 14489 |
| * Paul B. Wood      |                   | 14650 |
| * John Demming      |                   | 14787 |
| * David P. Kunz     | Latitude Attitude | 14850 |

Lightning Fleet 335 started the year early with its now traditional mid-winter meeting held this year at the home of our new Fleet Captain, John Demming and his wife, Stephanie. With the presence of a large number of the sailors and crew from the Fleet, plans were made for an extensive sailing season both at home and at regattas away from our home Club.

Sailing began on June 12 and continued through September 4 with a total of 27 races sailed. Again this year John Faus took

Close finish.-Fleet #335

away the first place prize for the summer series with John Demming second and Bill Clarke third. The Faus' boat crew included Mac DeTuro and Clay Shaner while Stephanie Demming and Andy Demming were in the second place boat. Joe McGinnis and Jeff Alvino were the crew in the Clarke boat.

The Annual Regatta was held on August 28. The members of Fleet 335 awarded prizes were Clay Shaner, first (sailing the Faus boat), John Demming, second and Bill Clarke, third. Fleet 335 welcomed the participation of Lightning sailors from the other three Lightning fleets on Long Beach Island.

September 3 was the Lightning Fleet cookout and bash. With better than 25 people attending, everyone pitched in and all had a good time. John Demming was reelected Fleet Captain for 2000. The Pumpkin Bowl on October 30 set an attendance record with 13 boats from six fleets participating. First place was taken by Jack Elfman (winning the tie breaker), second by John Faus and third by Hugh Hutchison.

Planning is underway for another really great season of Lightning sailing in the year 2000. Another mid-winter party is scheduled for early 2000 and we expect increased sailor participation to result from more advance planning.

### **GALWAY LAKE FLEET 338**

**Central New York District  
Sailing on Galway Lake  
Galway, New York**

Fleet Captain ..... Jim Dickson  
Fleet Secretary ..... Jim Millard  
Fleet Champion ..... John Korkosz  
Runner-Up ..... Jim Millard

|                    |               |       |
|--------------------|---------------|-------|
| * James Dickson    | Baby Doll     | 12115 |
| * John S. Orton    | www.chaos.com | 12130 |
| * Dale H. Brown    |               | 12636 |
| * R. James Millard | Huggie        | 13655 |
| * John Korkosz     | Dead Meat     | 14328 |

The 1999 season saw long time fleet champion Jim Millard dethroned by John Korkosz. John was only able to make a little more than half the races since he also races a Snipe off the lake at regattas. But, he was able to win a majority of head to head matches when on the lake.

Willard Kohler bested Maury Gardner for third place. New member John Orton and octogenarian Jim Dickson battled it out for fifth.

The summer was marked by unusually heavy air races in July with August bringing a softening change to our small no motor boat pond. Jim would like to thank John's wife, Laurie, for her cool head in helping rescue the crew when he managed to flip his boat prior to a July race. Downwind jibes should not be done in 25-knot gusts when you aren't paying attention. The Dunkin

Doughnut, awarded to those who most unintentionally wash the inside of their boats, was returned to its home on Jim's camp wall.

### **LAKE LANIER FLEET 348**

Die Saison 1999 stand ganz im Zeichen eines Grossanlasses. Der Segelclub Murten und die Lightningflotte 358 Murtensee fuhren vom 29. Juli bis 4. August 1999 die 47. Europameisterschaft der Lightningklasse durch. Es nahmen 22 Boote aus Finnland, Italien, Griechenland und der Schweiz

teil. Nachdem der Wind den ganzen Juli hindurch recht stark geblasen hatte, so kam das grosse Hochdruckgebiet gegen Ende Juli genau über der Schweiz zu liegen, legte hier eine Pause ein und verharrte bis zum Ende der Meisterschaft. Dies hatte zur Folge, dass wir mit wenig und relativ schwierigen Windverhältnissen zu kämpfen hatten. Trotzdem konnten dank der zielstrebigsten Arbeit der Wettfahrtleitung genügend Laufe durchgeführt werden, um eine gultige Meisterschaft zu

*Happy trophy winners!*

absolvieren. Dank der tatkräftigen Unterstützung unserer Landcrew konnten alle Teilnehmer und Gäste am Schweizer-Nationalfeiertag zu einem unvergesslichen Abend in den Garten der Familien Durr zu einem köstlichen Nachtessen mit anschließendem Feuerwerk eingeladen werden. Die Meisterschaft musste nach 4 gesegelten Läufen beendet werden. Europameister wurde zur Freude aller Murtener wie im Vorjahr die einheimische Mannschaft Wyler, Durr, Durr mit nur einem Punkt Vorsprung auf das italienische Boot mit Noto, Alagna, Alagna und einem weiteren Murtenerboot mit der erstmals auf einem Lightning segelnden Mannschaft Huter, Pfister, Di Biase. Die Medaillengewinner  
Der Europameister 1999 Wyler, Durr Durr

Fleet 365 had an active 1999 season.

The club's annual Spring Series was won by Bill Campbell, III. Bill and his dependable crew of Bill Campbell, II sailed such a great program, that by the end of the series they were able to forego the final race day.

Also in the spring, the fleet sponsored the fourth annual Catawba Regatta, the season kick-off race for the Southeastern Lightning District. Jim Harris, of Augusta, sailed a great come-from-behind race four on the second day to edge out Sam Booke for first place. Richard Johnson won the fourth race to take the highest club finish. The regatta was featured on the front page of the June "Flashes".

In 1999, Fleet 365 ventured out onto the road for the first time in several years as Ron Wright, Richard Johnson, and Tom Martin sailed in the District Championships at Augusta in May. Later in the summer, Wright, Martin and Mike Prater traveled to Wilmington, NC and participated in the Carolina Yacht Club's Southeastern Regatta.

Fall brought the second Lightning series of the year at the fleet's home course on Lake Wylie. Wayne Ingersoll who joined the fleet in late spring, sailed his first full series. Ingersoll, Ron Wright, and Bill Campbell battled neck and neck all season until Ron finally broke through for good to win the series. The fall series was dubbed the "hurricane series" as Hurricanes Floyd and Irene affected two of our race weekends.

The fleet hit the road again in the fall as Wayne Ingersoll traveled to Kerr Lake for the Borderline Regatta.

The fleet's goals for 2000 are continued growth, an active club series, and increased participation in the Southeastern District series.

*Ron Wright, Fleet Captain*

As much as Paul Cayard and Dawn Riley solicited our Fleet to help them race those funny boats down in New Zealand, we had to say no, we preferred to sail our favorite square dinghies in "the best place on earth".

It's no secret, San Francisco Bay provides us with a variety of sailing conditions, there is never a day you can't go sailing. You want 20+, you sail on the circle; you want 15-18, you sail in South Hampton; you want 10-15 you sail in Keller's Cove, get the picture. Don't know the places, come visit.

First and foremost, we welcome aboard four new skippers, Dave Anderson, Peter Beecher, Fred Chandler, and Ashley Tobin. Four of the five new boats, (yes, I mean four of the five, Fred had two), were purchased from our sister fleet in San Diego. While we don't like "stealing" boats, they were crying to go sailing. Dave inherited his boat from his father and is learning the joys(?) of boat ownership. He has two of his nephews, Chris and Sam crewing/learning with him and what the crew lacks in weight they make up for in antics.

Peter purchased Elissa's new boat, and hasn't spent a weekend away from it yet, sort of. Peter timed his triple bypass with the boat repair and they were back out sailing in five weeks. I think the boat took longer to recover than Peter. Fred, well you all know Fred, has been sailing forever. Originally from the Santa Monica Fleet, he relocated to the Bay Area for a job and is great addition to our fleet. Ashley is an accomplished 505 sailor and wanted a more family friendly boat and fell in love with the Lightning during Adam Cup Semi-Finals in 1997. Can anyone blame her? Ashley, husband Jim Watters, daughter Lindsey and the newest addition son Toby, were out sailing in every Beer Can Race.

While most of the other fleets have their boats tucked away for the winter, our season is just starting again. Richmond Yacht Club hosts the Small Boat Midwinters for San Francisco Bay from December through March and the turnout is rarely less than 130 small boats, ranging from El Toro and Optimists, up to the 49er. We managed to get seven of our nine boats out during the 1998-1999 series. The winds were characteristically light for the time of year and the current strong, so it allows us to work on our luck. February's races were blown out, but the other three months provided us with fun races. Overall - Mike won, Elissa was second and Scott was third.

Our next fun event is the Circuit in San Diego during Easter break. While I am unable to participate in this incredible event,

I need a different career or we could get April 15th moved, I am told it is a wonderful week of sailing. I believe them, they keep going back year after year after year. For the full report see May's Flashes.

Back on the Bay, after April 15th, we didn't have a lot of regattas, but sure did get a lot of sailing in. The fleet rallied behind Elissa, Janice and Amy (aka Whale Whacker, Hummingbird and Chick) and their Adams Cup campaign, and were out there every weekend drilling them. While we didn't keep the cup in San Francisco, we felt we had a successful event. We finished seventh overall and had a wonderful time. We can't thank the fleet enough for all that they did.

The nicknames? Whale Whacker-story too long for this column. Suffice it to say the Whale won, the boat, an Express 27 DIDN'T sink, but was in for substantial repairs for three months and I still sail on the boat and got invited back to do the Coastal Cup in 2000. Hummingbird-ask Bill Faude, but it is beyond appropriate. Chick-well, is just fits.

We headed up to Klamath Falls for the Fourth of July Regatta. The boys come down from Portland and we have a blast. It is always a well-run regatta and we get to sail in all conditions, from 0 to 25 in a matter of the lunch break. Fred was sans bateau, so he sailed with Peter. Peter blew-up his spinnaker and for a brief moment, it was "on-fire". The babes whimped out of the second 25 knotter, and decided for hot showers instead. Mike sailed flawlessly and brought home the honors.

Our finale was the PCC's at Richmond. For the first time in years, the local boats outnumbered the visitors. We tried to wear down our out of town guests with the party but to no avail. Our own Ashley gracefully accepted the second place trophy after the committee originally awarded her the first. She corrected them on their scoring. Outstanding sportsmanship.

In conjunction with the PCC's we celebrate our anniversary. Our fleet is 35 years young. While we have yet to experience the 20 to 30 boat fleet that the East Coast fleets savor, we have survived overwhelming challenges of hot new fast boats that are introduced each year. But as any avid Lightning sailor will tell you, those are just fads.

On a sad note, Scott, Michele and Taylor moved to Boston for a new job. Scott pumped an incredible amount of energy into our fleet and his companionship will be sorely missed. We know they are doing well, and wish them the best of luck. Don't forget about the reunion at Annapolis, guys.

We had our share of bad luck this year, the details of which I am deliberately leaving out of this report, but we are a much stronger fleet for it.

Our officers for the year are Fred, Elissa and Mike, Captain, Secretary and Treasurer.

LSC Commodore Pat Dolan won the first race on April 25th to open the 1999 sailing season. He was the fleet's most active skipper and sailed in 37 races.

The Spring - Fall series is two sessions: Spring is April 25th through May 30, Fall begins after Labor Day through October 10th, with 22 races total. Throwouts begin after 9 races are sailed. The "Fastidiots" with Matt and Andrea Dahline, crew Frank Northrup, took first place honors at 86 points. They had six 1st places finishes in 12 races. Ron and Jane Marshall, with Bob Hill, aboard "Ohm" sailed 17 races, four 1sts, for 77 points. In 3rd place, one point behind, we find George and Ann Siegle with Gil Chesbro on "A1A". They had four 1st place results in 14 races.

*Great racing in the center of the Michigan mitten!  
Our 34th Annual Lake Lansing Regatta (below) featured active starts and close contests, good wind, our famous barbecue lunch and a huge crowd at Buddy's Grill for dinner and pitchers.*

*More fleet racing with Neil Harrison, the club's treasurer (above) and Pat Dolan and crew in "Imagine" below.*

*Larry, the fuzzy faced guy in FUBAR shows us all how it's done in summer fleet racing (below, left).*

*Above, George Siegle and crew, in the lead aboard A1A, plane on a screaming reach in an early fall fleet race.*

*Visit our website at [www.msu.edu/user/spicadan/](http://www.msu.edu/user/spicadan/)*

Skipper Pat Dolan with "Imagine" placed 1st three times in 17 races for 72 points and 4th for the series. "FUBAR's" fuzzy faced skipper, most times with Rachel Mills and Tom Rasmussen, sailed 13 races, with four 1sts and 60 points for 5th place overall.

It is tough to beat 7 wins in 12 races plus three 2nd place finishes in June, July and August for the Summer Series. The "Fastidiots", Matt Dahline, Andrea Schmidt (now Dahline) and Frank Northrup, finish at 108 points. "Imagine", the boat that sailed 20 races with LSC Commodore Pat Dolan aboard, took six 1st place finishes for 98 points. In third for the summer with 94 points and four 1sts in 12 races, we find Ron and Jane Marshall, their crew Bob Hill. A newcomer to the fleet, Mike Moody, sailing "Omits", placed 4th for the Summer Series at 70 points, having sailed in 13 races. Fifth place finds Larry Koster, with Rachel Mills, Tom Rasmussen or John LeFevre, at 44 points in 9 races.

Fleet 387's Annual regatta was held June 5 & 6. The Happy Boat (14148) from North Cape Yacht Club on Lake Erie, just north of Toledo, Ohio, scored a 1st in all six races. Skipper Mike Thomas, with brother Bill and Matt Selan were the very happy crew. I can hear Mike telling his dad Stever, "We threw out a 1st place finish!"

Lansing's Matt Dahline, fiancée Andrea Schmidt and Frank Northrup sailing Fastidiots (14133) received 2nd place honors. They also won the "Ye Olde Silver Platter" the second year in a row for being the top finishing local boat. Saginaw Bay's John Johnson with daughter Jennifer and Tom Reinike returned to Midland with Teko (14022) and 3rd place.

Lansing's FUBAR (14267) with Larry Koster, Rachel Mills and Tom Rasmussen placed 4th. Gull Lake's Be Calm (14712) with Tom Hudson, Barb Gillespie and Paul Karl take the tie breaker for 5th place. Also tied for 5th is Lansing's A1A (11205) George and Ann Siegle with Gil Chesbro.

Five Lansing skippers attended six out-of-town regattas in 1999. Pat Dolan sailed at the Indy Open and at Pontiac's White Cap regatta. Matt Dahline and George Siegle headed north to Tawas Bay Yacht Club's regatta. Matt Dahline and Larry Koster were among the 12 of 17 boats that capsized at Saginaw Bay's "luv" regatta STRIKES AGAIN. Two Lansing boats, Koster and Siegle, were at Higgins Lake Boat Club's invitational regatta. George and Ann Siegle were at the Pontiac White Cap regatta. Mike Moody sailed at Devils Lake the following weekend.

Lightning sailing interest is still strong at Lake Lansing. Roger Anderson joined LSC and the fleet this fall with 14024, (it had been idle for a couple years). George and Ann Siegle bought 14760 from Pontiac Yacht Club's Bob Shaw. Commodore Pat Dolan sold his 14511 at the Pontiac White Cap regatta. Terry Kleiman sold his 14468 to LSC's Blaine Severin. Mike Moody, also of LSC, recently purchased Fred Hull's 14147.

Watch out for Blaine, Mike, George and Ann in 2000. Also, keep an eye on Pat Dolan and Terry Kleiman, as each has a new boat on order.

Make plans to attend Fleet 387's regatta Saturday, June 3 and Sunday, June 4, 2000. The first of two races begin at noon on Saturday. The sailors come in for a delicious barbecue chicken lunch break following the 2nd race. Winds and weather permitting, we will have two more short races. At 10 AM Sunday morning, we schedule two more back-to-back races. If 6 races in total are sailed, we have a throwout. Mike and Bill Thomas, the Happy Boat brothers from North Cape Yacht Club, say that they will be back in 2000.

1999 was a spectacular year for our fleet and our club. After twenty four years Fleet 405 hosted the Lightning Worlds and this caused great excitement among all members.

The sailing season started early in January with weekend regattas and attendance of 8 boats on average. In May we made the trip to Lago San Pablo (Fleet 447) for the District Championships, in which our fleet members had a great performance finishing 1, 2, 4 and 7. Results follow:

District Champions: Jaime Santacruz con Enrique Granja y Gabriela Vela;

Runner-ups: Juan Santos con Rafael Lecaro y Ernesto Escobar;

Fourth: Paco Solá Jr. con Roberto Campoverde y Juan Carlos Casal;

Seventh: Juan Santos Jr. con Santiago Romero y Miguel Mardonez.

In July Ecuador went to Winnipeg for the PANAM Games. Our Lightning team was Gastón Vedani skippering, Juan Santos and Rafael Lecaro, they finished 7 after a very tough and competitive series.

In August our fleet traveled again, this time to the North Americans in Lake Carlyle. Carlos Luis Lecaro skippered, Paco Solá and Jimmy Pazmiño crewed. It was a major accomplishment to have qualified to the Blue Fleet, in which we finished 17.

From June to November we never stopped sailing/training in Salinas in preparation for the Worlds. Regattas were run every weekend with trophies to the top three. We also organized the "Copa del Recuerdo" (local Masters), which rejoined a very competitive and friendly group of veteran Lightning sailors who, for two days, relived all their anecdotes and great times spent in the Lightning class.

The winners of the regatta were Aparicio "Curro" Plaza with Miguel Plaza Jr. and Jose Manuel Gonzales. Runner-ups: Alberto "Polvora" Maspons with Paco Sola and Juan Carlos Casal. Third place: Lacho Plaza with Juan Carlos Plaza and Eduardo Arosemena. The consensus of the participants is that this should be a yearly event.

The intensive training program finished with the National Championships which saw a fleet of 19 boats, a record showing since at least 15 years. After a very tough series of 10 races Miguel Plaza Jr. with Jose Manuel Gonzales and Juan Baquerizo became the new champions. Runner-ups: Juan Santos, Rafael Lecaro, Arturo Iturralde. Third place: Juan Carlos Plaza, Eduardo Arosemena, Chalo Vargas.

The sum of all regattas was also valid for the Copa Francisco Sola Franco. This year Juan Santos, Arturo Iturralde and Rafael Lecaro became the winners, showing excellent consistency in what was a very long program.

And finally what we had all been waiting for arrived: Salinas was the host of the First International Masters Regatta and the Twentieth World Championships.

The Masters saw great competition and a strong local fleet led by Paco Sola Sr. who came back to sailing Lightnings after a five year break. The winner had to come out ahead in the last race of the series, and after a nerve wrecking showdown, it was Jack Elfman who got the gun, Tom Allen Sr. came in second and Paco Sola third.

The Worlds was next. We had teams from Argentina, Canada, Colombia, Chile, United States, Switzerland and Ecuador for a total of 45 teams. Suffice it to say that Tito Gonzales, Claus Engels and Pablo Barahona came up with the well deserved first place after a tight series in which they sailed almost flawlessly.

The other winner was the Salinas Yacht Club which was on top of the event and ran like clockwork to bring us a regatta that will be hard to forget. Thanks to the Board of Directors and to all the personnel of the club for their hard work. A special mention to

Diners Club and American Airlines who were our official sponsors who have been supporting the Lightning Class for quite some time.

And finally the year came to an end. Our fleet is ready for new challenges, the first of which will be the South American Championships in April, in Salinas. Again! We'll see you there.

Have a great year 2000.

Fleet 435 is in a virtual state of remission. Our once mighty fleet, numbering over 40 boats as recently as the mid-80's, is now reduced to only four members. The ravages of a transient society, old age, and the relatively high cost of the Lightning, have served to deplete our ranks to only the oldest and stoutest of hearts. However, we are actively soliciting new - and younger - members and hope to provide a more upbeat report next year.

Fond du Lac, Wisconsin

Fleet Captain . . . . . Mike Elmergreen  
Fleet Champion . . . . . Sue Dorscheid

\* Sue Dorscheid Escape  
\* & Michael Elmergreen 13617

This year started off with an exciting new twist. The Lighthouse Regatta, which is always held the first weekend of June, joined forces with a neat new scow class called the I20. This is an M20 with a carbon sprit and an asymmetrical chute. The combined class regatta was a great success and it seems to have a good future.

Seventeen Lightnings participated along with 14 of the brand new I20's. Each class had its own start on a weekend that had lots of wind with a few thrills and spills. The veteran Lightning sailors faired well in the heavy air with only a few mishaps while the scows had several spectacular capsize as their owners got used to the new rig. Skip Dieball won the regatta easily with 2 firsts and 2 seconds. Bill Faude was second followed by Ric Larson.

The summer series featured a great shoot out between Big Sue Dorscheid's Lightning and a hot I20 sailor that joined our Tuesday night mongrel fleet which races under Portsmouth handicap. The pair traded firsts all season long as they handily out-sailed the rest of the fleet. The I20 won the early season while Big Sue took the late season. The overall championship had to be decided by a committee because it fell into a gray area of the local rules. The I20 ended up the winner by a tiny fraction of a point.

We had a good turnout this year as we averaged nine boats per race. We always had 2 and sometimes 3 Lightnings on the line. There are a ton of 16 foot M and MC Scows that are having some great battles. We seem to be on a little upswing in the daysailor racing fleet while the big boat fleet is waning. Come and sail on the largest inland lake in Wisconsin. Bring your Lightning to race or to cruise. It's the perfect size lake for adventurous cruising in a Lightning with many fun destinations. Please come and join us.

regatta was won by Jaime SantaCruz, runner-up was Juan Santos. Ernesto Martinez saved the honors for San Pablo with a third place. We are sure that everyone had a good time.

Carlos Ramsauer imported a new Nickels boat #14910. Later in the year the Dyck brothers traded 2 lasers and the old Lightning #11365 for an almost new one, #14675, from Andres Cardenas.

For the Worlds qualifying races we sent 3 boats to Salinas: Ernesto Martinez, his brother Jaime, and Lars Dyck. All qualified. Our Swiss member, Carlos Ramsauer, in our fleet will enter the Worlds for Switzerland.

1999 will end as a very interesting year, with the most important event still to come - the World Championships in Salinas.

CNSP Fleet 447 did the best to be ready for all events. We started to do something for our club. A new covered barbecue site, with a new bar, built out of a half of an old wooden Lightning, was ready for the district regatta we were happy to host in May.

4 boats from Salinas made the long trip to San Pablo: Jaime SantaCruz, Juan Santos, Carlos Luis Lecaro and Paco Sola Jr.; and 6 boats from our own fleet completed the field of 10 boats. The wind was as unstable as it normally is on a mountain lake. You could be first and last within one leg. All this happened but it also makes it so interesting sailing in San Pablo. The

1999 was a year to remember and one to be glad it's over! The SE North Carolina weathered three hurricanes. We survived almost unscathed. The lessons learned from two in '96, one in '98 and now three in '99 we have the preparations well learned. Boats out of the water, covers and all canvas works packed away AND small boat's masts down, boats cinched to their trailers and parked away from possible falling trees.

The Waccamaw Invitational was held two weeks after Hurricane Floyd: with fast cleanup and a 3' higher lake level,

the regatta went off without a hitch. Steady 6-12 wind and lots of sun, beer, wine and eats made for a picture perfect weekend. In order to catch the early morning breezes an 8:30am starting sequence was set with all but one hard partier making the line. Jim Harris of Clarks Hill Fleet 257, "Driving Blind, Deaf and Dumb" made all the right moves and took the hardware home to Augusta. A good fleet of 13 made the line on Saturday.

Lake Waccamaw is a great place to sail with a 3 mile by 5-mile area of smooth fresh water and a minimum of small power-boats even on the holiday weekends. Now if the hurricanes can give us a few years of rest the sailing season would be perfect. See you all in the new millennium.

| * Jesse W. Miller     |              | 14799 |

Plain and simple Fleet 484 had one active season. We held 2 regattas, sponsored quarterfinals of the Sears Championship for our region plus maintained a fleet racing schedule that started in the first week in June and ended in mid September.

For the third year in a row we held our fleet race schedule on Thursday nights, starting on June 3rd and finishing on September 9th. Long time members of the fleet Jesse and Virginia Miller won the fleet championship in 1998 and they prepared themselves for a solid defense in 1999 by acquiring boat 14799.

*Tight racing on Thursday nights- coming into the leeward mark after a long run.*

Couple that new boat with retirement after a long service to the New York State Parks and it seems the Millers were spending a suspicious amount of time acquainting themselves with their new boat. As the year went on and 14799 seemed a far distant vision on race night no single competitor could get an exact read on how much extra sailing the Millers were doing. The only response was a smile from cheek-to-cheek and a reflection on how good the sailing has been.

When mid summer sailing rolled around it was becoming quite evident that their defense strategy was becoming reality and they finished the season with another fleet championship. As with the Yankees or Broncos they went "Back-to-Back." Congratulations Millers, nice sailing.

The Central New York District Championships held at the Ithaca Yacht Club on July 24th and 25th was a huge success. This was a result of the diligent efforts of Fleet 484 and gracious cooperation of the Ithaca Yacht Club Board and members. Twenty-three boats participated in the event. Jed Dodge won the regatta from the Sodus Bay Fleet. Ed Seyerlein with crew of Tom Carson and Casey Stevenson managed a 4th, Glenn and Anca Trandafirescu with Hans Roser as crew won the Commodores Cup for the best finish in the second fleet.

The regatta provided something for everyone with the support of Fleet Bank each boat received 3 regatta t-shirts that were designed by Glenn and Anca. Fleet members John Rudd and Bev Chin coordinated support from the local Finger Lakes Wineries (Frontenac, Hazlitt, Hosmer, Lucas and Six Mile Creek) which allowed participants to have a wine tasting on Saturday evening. The support of the Yacht Club was terrific. Participants were very impressed with the facility, the good food, fun time and gra-

ciousness of the club in general. The race courses were set-up with good viewing in mind from the club and it seemed a number of members took advantage of the opportunity to spectate. Members of the Yacht club were also wonderfully supportive in serving as race committee.

On July 14th and 15th the Ithaca Lightning Fleet sponsored the quarterfinals for Area B Sears Cup Challenge. We had five junior teams participate from all over New York State. Sponsoring a Junior event with donated boats has made a tremendous impact on many yacht club families on the versatility of boat and gracious skippers who lent their boats to the junior teams. Fleet 484 had three boats in the event and two of the boats were made within the last four years!

It was a great year for Lightning sailing at the Ithaca Yacht Club. There were three regattas and a full season of Thursday night sailing throughout the summer that had as many as nine Lightnings starting a race. Hopefully with all the hard work, enthusiasm put forth by each fleet member this will attract new members. It will be hard to replace what we did lose this year, as professionals search for that perfect opportunity. Fleet 484 lost a critical part with Glenn and Anca moving to Michigan. Glenn and Anca - thanks for your enthusiasm and spirit. You will be missed.

*Soon after the start of a Fleet #484 Thursday night race.*

Fleet 486 started off slowly again this year with a flood, but finished with a bang! Our two regattas had the best combined wind since 1984, and offered excitement aplenty. Our Wednesday Night racing generated as many as 15 boats, racing in PHRF classes. A new feature this fall was the addition of a Wednesday Cookout after the races, with brats and weiners. This generated a lot of great socializing, instead of car doors slamming as people headed home.

#### **Muddy Rudder Lightning Regatta Sept. 11-12, 1999, 7 Boats:** *by Steve Wyers*

The real losers at the Muddy Rudder were the ones who stayed home! The weather was warm, with no rain, with a good Southeast wind 12 mph to 25 mph gave us all day excitement.

After coffee and doughnuts for a jump-start, boatloads of hardy souls headed for the starting line across the Mississippi. Mark and Lynn Nash were doing race duty for us, and had set a big course from the Illinois side across and downstream, then back and up for a big two-lap triangle. We knew this was going to be special when we jumped onto a short plane on the way out.

Jerry Wnorowski showed great consistency, taking bullets in the first three races, followed by Rick Conaway and the rest of us bringing up the rear.

1999 Muddy Rudder Winners- John Curtin, Norma Wnorowski, and Jerry Wnorowski

*photo by Brian Uhlmanseik*

Wind was in the high teens when we broke for lunch. After lunch the wind was about 20, as Jerry W. won race 3, but we managed to dial it in for race 4, taking the gun as wind went over 25 and the Committee cancelled racing for the day.

Sunday, the mark was set close to the Missouri shore in the wind shadow of the land. Winds were still about 15 and variable. There was a big cluster at the mark with much shouting and bumping, followed by turns from half the fleet. Jerry Chapman came out best, and took the gun. Linus Portman, who had been competitive up to now, had a collision with damage and withdrew. Race 6 had the same gaggle at the mark, but Linda Coleman took advantage of it, rounding wide to avoid the mess and taking off on the reach, rounding the jibe mark as we broke loose. She led for the next 3 legs, being passed only by Chapman and Conaway just before the finish. A good showing for a class newcomer. Jerry Wnorowski took the overall honors. Jerry Chapman took two bullets on Sunday, making a run from behind to take 2nd. Rick Conaway was 3rd.

#### **50th Annual Governor's Cup, Oct 2-4, 1998, 44 Boats, All Classes, 7 Lightnings:**

*by Steve Wyers*

The weather for the Governor's Cup was much better than forecasted. We had 12 to 18 mph NE winds on Saturday, and Sunday, allowing a good mile-long windward leg with an upriver reach. The classes entered were Mutineers, Comets, Lightnings, Misc. Catamarans, Cruising Class Big Boats, and Racing Class Big Boats, sailing on the same course, with seven starts. It really was a great sight to see so many sails at once. There were no major collisions, no capsizes, and only one protest, in the Cabin Boats, of course! The courses set were a triangle for everyone on Saturday and Sunday.

Jerry Wnorowski (14233) dominated the action with five bullets. Linus Portman showed great consistency with three 2nds and two 4ths followed closely by Rick Conaway. We had 3rds and 4ths but not enough for the silver. On Saturday and Sunday, following the races we had a barbecue for all, and lots of soda and suds. I think we had the best socializing after the races since I have been sailing.

| * Bob Stoller North Star |            | 14769 |
| * William F. Cabrall     |            | TBD   |

It's exciting to be a part of a fleet that is growing, and to help it grow! We're still a small fleet but during 1999 we saw the number of boats routinely present on the start line double with the addition of new fleet members and return of a few whose work schedules eased. The Colorado State Park Department and Cherry Creek Marina have plans for significant capital investment in our "home port" at Cherry Creek Lake near Denver, including a new building, hoist, and a secure dry-storage area.

One new boat is on order (Bill Cabrall) and several boats have been significantly upgraded. Rocky Mountain fleet stalwart Bob

Stoller completed a 2 year tour as Commodore of the Denver Sailing Association (DSA), and we expect to have a Lightning displayed in the mid-winter Denver boat show. Perhaps best of all is the addition of great new crew members to join the already strong base of crew in the fleet.

The turnout throughout the year has been really good. The fleet's season is anchored by the Thursday night weekly regattas run by DSA at Cherry Creek Lake from April through August, periodic weekend regattas at Cherry Creek during the year, and regattas "on the road" at Carter Lake, a front-range lake about 40 miles northwest of Denver in May, and at Union Reservoir near Longmont, Colorado in July.

Bob Stoller and Bill Cabrall - saddled up and headed for Wyoming  
photo by Bill Cabrall

Other selected regattas which we sail when the schedule works out are at the Casper Boat Club at Lake Alcova near Casper Wyoming in June (site of the 1999 Santana 20 Nationals), the Aspen Boat Club at Reudi Reservoir in July, the Nebraska Governors Cup on Labor Day Weekend at Lake McConaghy, Nebraska (a 20 mile long lake with great winds), and Dillon Reservoir high in the Rockies on Interstate 70 between Keystone, Breckenridge and Copper Mountain Ski areas. This year the fleet was represented at the Nebraska Governors Cup, Dillon Open, and Casper Wyoming regattas. A new fleet tradition may have been born after two boats (Bob Stoller and Bill Cabrall) participated in the Mid-Continent Regatta at Lake Carlyle in May. After discovering how excellent the Mid-Continent regatta is it's probable a couple boats will make that trip annually.

Two new Lightning racers with collegiate racing backgrounds, Steve and Sue Holowell, chartered a Lightning for the Nebraska Governors Cup and proceeded to win the regatta with their two preschool children as crew. Puzzlement over why they failed to set the chute on one fairly heavy-air leg was cleared up ashore when it was learned the younger child had been asleep on the spinnaker at the time. If they acquire a Lightning they'll be great additions to the fleet!

The fleet is continually improving and adding boats in the area. An informal fleet project grew out of Bob Stoller discovering Lightning 12574 abandoned with major hull damage. After he acquired the boat, the hull was destroyed but the deck was

Bob Stoller in #14769 and Tom McNish in #12871 sailing on Cherry Creek Reservoir, Denver, Colorado  
photo by Marty Mulhern

removed and is being used to replace a delaminated deck on 11815, which otherwise is a solid, competitive boat. During the year Bob Stoller also purchased two boats from "back east" and brought them into the area.

At the NAs at Lake Carlyle this summer Bill Cabrall volunteered to help with boat measurement and Marty Mulhern with sail measurement. While measuring, Bill also "inspected" every single boat and returned with information for the fleet about new rigging and upgrades. The boat builders, sailmakers, and boat owners who were there were extraordinarily helpful with information about recent changes.

Our fleet is also growing as I write. Just last week we picked up a new boat as Kyle Jermyn moved into town with #10767. Tonight I made contact with Earl Harris. For the last 30 years he's had #584 in a barn in Fort Lupton, Colorado. The boat was built in 1941 by the Skaneateles Boats Company. Earl hopes to restore it to near original condition someday. In the meantime, it's sitting safely inside (the mast is in his basement).

The consensus in the fleet for the coming year is to consolidate the growth, get the fleet out on the starting line on Thursday nights, and have fun!

## BOW LAKE FLEET 493

New England District  
Sailing on Bow Lake  
Strafford, New Hampshire

Fleet Champion . . . . . Bob Shapiro  
Fleet Runner-Up . . . . . Ned Hinds

|                        |           |       |
|------------------------|-----------|-------|
| * Arthur J Cunningham  |           | 9829  |
| * Edward E. Hinds, III |           | 11440 |
| * Michael S. Aversa    |           | 11579 |
| * Robert D. Shapiro    | Hours Too | 14111 |
| * Edward E. Hinds, III | Naut!     | 14296 |

The Bow Lake Fleet 493 was active all summer. We had representation at Massebecic, Bomoseen and Lake Champlain. Bow Lake sailors did their fleet proud with top performances by Bob Shapiro, Mike Aversa and Ned Hinds.

Our fleet series was hot and heavy with the lead for Fleet Champion see-sawing all year between Bob Shapiro and Ned Hinds. The final day decided this years champ with Bob Shapiro taking two firsts in the last day's races to win overall top sailor on Bow Lake. Ned Hinds was second and Mike Aversa third.

The season culminated in a great finale to the season on a beautiful day for our famous Bow Lake One-Day "Lightning Flash". Boats from Massabesic and Burlington participated. Mark Gardner with crew Bretton Gardner and Scott Thiebault took the Championship, followed by Patrick Zachary with Bill Fastiggi and Suzie Coburn as crew were second and "Mighty Mike" Aversa with crew "Jumpin Jillian" Aversa and David Stiles landed third.

Three Cheers for Merrill Steward, Ed Hinds and Charlie Thorne  
Bow Lake Race Committee

A wonderful feast was prepared to wind down the curtain on our 1999 season thanks to the fleet members, their wives and kids at the local grange hall. A beautiful fall day in New England with good breezes, nice foliage and a great setting—Paradise.

The Martha Comstock perpetual trophy, an award presented to the person who exemplifies the spirit of sailing on Bow Lake, was awarded this year to Ed Hinds. Ed is a founding member of the Bow Lake Fleet #493 and has served on the race committee for 22 years. He's been out there for us every Saturday at noon, rain or shine, to give us a start and finish. He's hosted and organized the season kickoff and end of the season awards functions and has helped make the sailing on Bow Lake what it has grown to today. This year Ed announced his retirement from the committee in order to become an avid spectator. We'll miss you out there and we'll try to keep it interesting for you. Three cheers for the race committee and deepest thanks from all of us.

Fleet 502 had an active racing year beginning with several Saturdays worth of practice sessions in anticipation of the Southern Circuit. For even more practice, two enthusiastic members of the fleet, Johnny Ward and Jeff Linton, hit the road for the George Washington Regatta on Lake Eustis, Florida. Jeff's team, including Amy Linton and middle man Mark Taylor, won the two-race event, and while the regatta was eventually blown out by tornadoes and high winds, Fleet 502 made an excellent showing on land with the bowling event

Jeff Linton, "Rock Star", bowling star and beer star  
George Washington Regatta

At the Southern Circuit, Hans Birkholz placed 17th overall, and Johnny Ward — after breaking a mast in Savannah — finished in the mid 30's. Other fleet members joined the circuit for the Winter Championships in St. Petersburg: Jim Alman, Rod Koch, Bill Meyer and Don Sherburne all raced; Jeff Linton placed 7th at the regatta and Colin Park finished in 25th.

Five teams headed south to Coconut Grove for the Florida Districts. The usual Linton crew brought home the gold, squeezing out Steve Hayden by two points. Jim Alman, taking time from his busy freelance schedule, took fourth place, while Johnny Ward came in tenth. Don Sherburne, slipping away from his Little Theater duties, finished 14th. Thanks again to Fleet 226 for housing so many of your Tampa competitors!

Davis Island Yacht Club holds a summer series on Thursday nights, and the 1999 series had Lightnings sharing starts with the J-24 fleet until August. We are guessing the J-boats got frustrated with our superior speed, so we ended the summer

with Portsmouth starts, sharing the line with Lasers and the occasional windsurfer. An average of four Lightnings made the races, with Johnny Ward, Rod Koch's boat (masterfully skippered by collegiate sailor Genoa Griffin), Bill Meyer, and Jeff Linton the usual players.

Johnny Ward, with Team Bazooka regulars Nate Villardebardo and Dan Borer kept up Fleet 502's presence at the Biscayne Bay Fleet 226 events over the summer and fall. In October, Jim Alman put his name on the beautiful Chris Young Memorial perpetual trophy in Coconut Grove.

Marriage bells sounded around our fleet this year — happy events that had a deleterious effect on fleet numbers. Sandy Scheda married Will Klaus, Johnny Ward married Peggy, Dave Marsciano married Tammy. We hope to see the newlyweds back on the water after the honeymoons.

Team Linton was on a mission to go to the worlds, and go they did. After doing some fix-up work on their nameless Allen, the team tackled the Florida Triple Crown regattas. Thanks go to Arthur "The Raging Russian" Anasov for taking over skipper duties for the Thanksgiving regatta!

In getting ready for the Worlds, some special thanks are due. Bill Mauk flew to Tampa several times for practice sessions, which was great, and Fleet 502 generosity is to be saluted and high-fived. With the Linton boat en route to Ecuador, Bill Meyer and Hans Birkholz generously lent boats and support while the team gybed across the bay and did start after start. A heartfelt thanks, guys! We finished second at the Worlds, and we couldn't have done it, really, without your help.

Happy Team Linton in Salinas having a celebratory Biela upon realizing they are in first place.

photo by Shannon Taylor

In the sad news department, we lost one of our most active and contributing sailing couples, Andy and Lisa Hayward, who moved to Pennsylvania. They are sailing in the Annapolis area but they are much missed here. Additionally, it looks as if Hans Birkholz, who's been very busy with work this year, will be selling his boat, too.

The Fleet is excited about the addition of active enthusiastic new owner Dave Bell. Dave is something of a convert, having

Future foredeck, Drew Taylor learning the ropes.  
photos by Amy Smith Linton

raced a number of other one-designs, and we hope his move to Lightnings will encourage others. We know that because the Davis Island Yacht Club hosts the J-24 Midwinters, we've lost some participation in the Lightning fleet in the past months. We are optimistic that we'll regain these sailors for next year's Southern Circuit. Another bright spot: Bill Mauk's talented middle crew, Cameron Carlin recently moved to the area.

Fleet 502 is hosting the Florida Districts on April 29-30th, 2000. We are plotting some special activities in conjunction with the regatta. Please plan to join us.

*William Meyer and Amy Smith Linton*

| Rachel Sorenson  | Spirit 14455   |

Along with the traditional Saturday races, the Lightnings participated in the club's Thursday evening races of Lasers and Optimists. George Koch dominated the racing and won both the Thursday and Saturday series of racing.

Fleet 506 of Orient Yacht Club will host the 2000 Long Island Districts on the waters of beautiful Orient Harbor.

We lost two or three regular sailing teams over the past three years and our emphasis for this winter is to find a few more Lightning sailors to add to our fleet. Anyone interested please let us know.

### **THE PRAIRIE FLEET 507**

**Pacific Northwest District  
Sailing on Chestermere Lake and Lake Newell  
in Alberta Canada and on Canyon Lake and  
Flathead Lake in Montana**

Fleet Captain . . . . . Karsten Dahlberg

|                   |                |       |

Our little fleet is still gong strong. We have had a lot of interest around the boat created by its performance and usability both as a racer and also as a "family boat". The "Lightnings" have been the boats to beat in both club races and regattas. We are working hard on getting more boats on the local waters over the coming years so we can see more class racing.

### **SOLOMONS FLEET 508**

**Dixie District  
Sailing on the Patuxent River  
and Chesapeake Bay  
Solomons, Maryland**

|                   |              |       |

| * David H. Meiser | Girlfriend   | 10406 |
| * Jeff Kumke      |              | 11983 |

Year two of sailing Lightnings in Solomons, MD continued with anywhere from 2 to 5 lightnings on the start line for each Thursday nite race. The summer series winner goes to Dave Meiser as the boat to have the most wins over the course of the summer. We had several members travel to other local regattas, and we hope as a fleet to do more travelling next year. We are finding that the travelling fun-factor is increasing as several of us 'newby' Lightning sailors are starting to feel more comfortable in our boats and are starting to get the 'old' gals fixed up.

Our 2nd annual fleet gathering, unfortunately didn't occur, due to a bunch of scheduling issues. So, a note for next year is to work harder and plan earlier for the fleet "Sunday Fun-Day" event, as this event was one of the best low key events in our first year.

Fleet 508 hosted a Lightning start in Southern Maryland Sailing Association's 3rd Annual Small Boat Invitational regatta. This regatta which is run in late September by SMSA, has 50 boats and 7 separate class starts. The regatta is part of the ILCA Dixie District's travelling award series, the Purnell Trophy. Twelve lightnings were on the start line and represented numerous nearby Dixie district fleets: 329 (SSA/Annapolis), 509 (FBYC), 50 (PRSA/Washington DC) and our own local 508. In addition, several boats from further away attended, thanks to ALL who attended. A good two days of sailing and loads of fun were had by everyone in attendance. Bob Wardwell is proving very tough to beat in Solomons as he again took regatta honors. Top five finishers were as follows: (1) B. Wardwell 14825 (2) J. Jones 14321 (3) S. White 14479 (4) R. Buchanan 14485 (5) D. Meiser 10406.

Fleet member of the year, although not an official award, goes hands-down to Jeff Kumke. He loaned his boat to another interested Lightning sailor for our spring regatta and then volunteered to assist with RC duties. Unfortunately, a bridge-meets-mast accident occurred that left him with a multi-piece spar. Who knew that Lightning masts folded at the spreaders – oh, they aren't supposed to? Anyway, Jeff continued to show up on the water each week and made the job of finding RC real easy. Thanks Jeff ... now lets fix that spar and get sailing again! What did Jeff win you ask? When he reads this he will be notified that he has won his favorite selection of beer from each fleet member.

*Don Behrens - Fleet 508*

We started the season off with 4 races May 30, 1999 sailing for the Stagg-Potter Cup which was donated by 2 previous fleet members, David T Stagg and William Potter. This year turned out to be especially important for this Cup as one of the individual's, David T Stagg, a long time Lightning sailor, passed away in October 1999. Ray Harrington managed to squeek by for the win with Ethan Abatiell second and Dale Phillips skippering the Charles Freeman boat rounding out the series in third place.

We next sailed the 14th annual Maple Leaf Classic on beautiful Lake Bomoseen, June 12, 13, 1999. We hosted a total of 14 boats, 11 of which were visiting from other fleets. Tony Staples visiting from Montreal Canada took first place, with fellow countryman Peter Hall second, local sailor Ray Harrington third, Heather Rowe from Burlington Vermont fourth, and Mark Gardner from Burlington Vermont fifth.

The weather and other time constraints conspired against us for the next couple of months, and we next sailed Labor Day weekend competing for both the Stowell Cup and the Bedeke Bellrose Cup. The first cup (Stowell) was won by James Leamy, with Ray Harrington second, Dale Phillips/Charles Freeman third, Ethan Abatiell fourth, and Fred Bagley/Jennifer Bagley fifth. The Bedeke Bellrose Cup was taken by Ray Harrington, with Fred Bagley/Jennifer Bagley second, James Leamy third, Ethan Abatiell fourth, and Dale Phillips/Charles Freeman fifth.

We are looking forward to hosting the 15th annual Maple Leaf Classic in 2000.

*Fleet Commodore, Ray Harrington*

**JUNIOR NA'S  
MASTERS NA'S  
PRESIDENTS CUP  
NORTH AMERICANS  
PAN AMERICAN GAMES**

**Winning is no accident !  
It requires planning, practice,  
and good old fashioned hard work!  
It can also be made easier by sailing the  
fastest, highest quality most durable Lightning!**

# The North Perspective:

When the view is this good from the top we love looking down on ourselves.
