The Team at Lake Monroe Sailing Association put on another wonderful event. The fleet agreed to make the two day event into a single day and conclude the event at the end of racing on Saturday due to an approaching front that did not make racing on Sunday look possible. With the approaching front, wind was light on Saturday. The fleet was tight with lots of position changes in the shifty conditions. The first 4 races were won by different teams and the regatta was decided in the last race. Team Hayden prevailed by 1 point to win the regatta.
